

## **Poor Husband 301**

### **C301 Zhan Lianchen's Care**

Put the phone back in her pocket, and the woman leaned against the tree and exhaled, feeling that no matter how tired she had been, she had never been so nervous before.

Her life seemed to be getting better, as if it was filled with fog.

But she was Hsu Yan. Because of this name, she would not be a woman who was at the mercy of others.

This was Zhan Shishen forcing her to do so

### **C302 Get out of the Hotel**

Hsu Yan could only say, "Alright. I was just worrying that I wouldn't be able to find a suitable place, so I'll have to trouble Second Young Master. Just find me an ordinary room."

Zhan Lianchen was very happy that Hsu Yan accepted her help and personally opened the car door for her. He also reminded her, "Sister-in-law, be careful and get in the car

### **C303 Zhan Shishen Is Lord Jiu**

The hotel etiquette stopped her. "Miss, where are you going? The gentleman just now booked a room for you for a month!"

"I'm sorry I dropped something on the road. I'm going to get it back!"

After Hsu Yan left the house, she took a taxi to the vicinity of Auspicious Gold Hospital and rented a new room.

Taking Hsu Zhi away was her real strategy

### **C304 Knowing That She Was Pregnant**

It's been a scam all along.

She could forgive Ninth Master Zhan for marrying her for the sake of benefits, but she would never forgive Ninth Master Zhan for pretending to be Zhan Shishen's driver in order to obtain the Hsu family's Medicinal Ceremony.

She had long known why she could marry into Zhan family and become the target of so many famous girls

### **C305 So It Turns out to be a Swindler**

I wish I could lift her up and spin around happily, but the man's emotions were all suppressed.

He was not the driver of the rented house, Zhan Shishen...

Hsu Yan's emotions were obviously not normal pregnant women.

She looked at Ninth Master Zhan, who was still wearing a mask but could walk on the ground. He was as cold and deep as always

### **C306 It Was Obviously His Favorite**

Nan Yun had personally called him out in front of the media. It was impossible to reverse the situation.

However, no one had expected that the man in front of the bed would block the camera in front of Hsu Yan.

He turned around and took off the mask in front of everyone. Finally, he revealed a face full of amazement

### **C307 I Won't Forgive Him**

The doctor revealed this big news again, shocking everyone.

Other than the others, Nan Yun's tone changed the fastest. She looked at Hsu Yan's abdomen in shock, "What, she... She is pregnant? Ah Zhan, why didn't you tell me such an important thing?"

When Zhan Shishen heard that Hsu Yan's health was not good, his tone suddenly became cold. "You heard it? Those idlers

### **C308 Let's Just Live a Good Life from Now on**

Zhan Shishen left the room, as if he cared about the fact that women had a criminal record of running away. In less than a minute, Lan came in to accompany Hsu Yan.

Hsu Yan leaned on the bed tiredly.

She actually knew nothing about the future at this moment.

Lan was very careful with Hsu Yan now, "Madam

### **C309 I Don't Want to be Obedient**

But being a step late is also a step too late for other people's delusions to ever get. In Hsu Yan's eyes now, it was like dust that she did not want.

She suddenly asked, "I won't tell you anything else. Mr. Zhan, I just want to ask you a question. After I caused the fire in the kitchen, you disappeared. Did you go to America's Luo Foya Library?"

Her hands were clenched tightly

### **C310 He Was Looking for Zhan Lianchen to Vent His Anger**

After a week passed, Hsu Yan no longer paid attention to Zhan Shishen and insisted on returning to the guest house. Zhan Shishen also followed her.

Every day, when a man went to get off work, he would come to see her twice every day. He did not care if Hsu Yan was talking to him or not. Every time, he would wait until she fell asleep before leaving. Sometimes, when it was late at night
