

"Skyla, Mr. Warren already has his own plans, and I work for him. All I can do is execute his orders. I can't butt my nose into something that doesn't concern me," Dario said to his daughter. "Listen, Skyla, as my only daughter, you are going to inherit the family business in the future. You have to start learning how things around here run, so that you'll know what to do and say after I retire."

Dario had always kept Skyla in a little cocoon. She was grown up now, but to him, she was still a little girl. Because of this, he didn't know how strong she was, or how she would react faced with a particular situation.

"Come on, Dad, you are still very young. Retirement shouldn't even be on your mind. Actually Dad, I don't

want to become a public figure yet. I understand what you are saying, but you still have a lot of time to work before we think of me taking over."

Chapter 392 Does She Have To Report To You

"Boyfriend?" the man exclaimed in disbelief.

He had expected anything but that. How could such a beautiful girl be with a man like Horace?

Looking at Horace, the man thought that he didn't need magic to know that Horace was just a rural boy from a village that wasn't even recognized. Dressed like that, he certainly didn't look like an ambitious

man. Laila, on the other hand, didn't look very rich, but she was smart. He could tell just by looking at her beautiful face. Even if she wasn't from a powerful family, many men would still want her for themselves.

Standing on the fact that Horace couldn't be Laila's boyfriend, he looked at the young girl and asked worriedly, "Miss, is this man holding you hostage? That's the only reason you would call such a man your boyfriend, right?"

"I may not know if this train belongs to my family or not, but I still have the power to kick you out!" Horace

said to the man in front of him with a smile.

"Anyway, I'll give you a last chance. Get out of my face!"

"Dude, you're going to pay for your arrogance! People need to have a clear estimation of themselves. If they don't, then they might offend someone they can't afford to make an enemy of, and that could cost them their life. Do you understand?" the man retorted sulkily.

He made sure to emphasize that Horace would really die if he offended him.

"Are you talking about me?" Horace asked, pointing to himself.

Chapter 394 The Most Powerful Young Master In Rinas

"I actually come from the countryside, but I don't think it's any of your business whether I live in a rural area or in an ordinary neighborhood. Also, there's something wrong with your mindset. It's you who disturbed my girlfriend and me first, so why would I apologize to you?"

As he looked Waldo straight in the eye, Horace continued, "If anything, you should be the one apologizing to me."

Chapter 395 | Almost Believed You

Stewart was still watching the fuss in front of him, unaware of the commotion happening in the group chat. He was about to persuade Horace again to stop being wilful and throw in the towel already, but Lowell suddenly grabbed his arm and showed him the post about Horace.

He glanced at the photo, then at Horace. Finally, his mind connected the dots, and his eyes grew wide as a saucer.

"W-wait a minute. This person is actually the wealthiest young master in Rinas?" Stewart stammered.

"The wealthiest young master in Rinas?"

Waldo was stunned for a while, and then he burst into laughter. He turned to Steward while guffawing.

Chapter 396 I'm Sorry

"Are you getting angry because of the embarrassment? Sadly for you, no matter how furious you get, there is no use. Poor people can only find a sense of existence by saying harsh words! I'm calling my dad, you punk! When he gets here, you won't even be able to run. Are you sure you don't want to kneel and beg for forgiveness while I am still willing?"

Waldo asked with a scornful laugh.

"Hey, why are you such a nag? If you're so confident, then just make the call!" Horace retorted with a scoff.

Chapter 397 This Voice Sounds A Little Familiar

"Dad, someone bumped into me just now and didn't even bother apologizing to me. He also claimed that he was the most powerful young master in Rinas and told me to apologize to him. Dad, do you think he behaved appropriately?" Waldo whined to his father.

"But Dad, in my opinion, this man is not what he claims to be. He is just a broke loser from the

countryside."

"Son, you can't even handle a poor loser. How dare you call your father with such a complaint? Shame on you!"

Wesson scolded his son in a disappointed voice.

"Son, I have to get back to work. Tell me which train you're on. I'll call someone in the Railway Ministry and ask the chief guard on the train to help you. How does that sound?"

Chapter 398 Are You Talking Nonsense

"Dad, are you sure that you had a firm grip on your phone? You dropped it on the floor by accident!"

Even though Waldo was on a video call with his father, he could guess from what just happened that his phone fell to the floor.

"You son of a bitch!"

Wesson's voice came through the phone. Waldo could tell by his tone and the swear words he used that he was angry.

"Dad, what's wrong? Why are you suddenly so angry?"

Waldo was stunned to hear his father's infuriated voice. He then asked, "Dad, are you angry because I was bullied? It's fine! I'm alright, don't get mad!"

Chapter 399 How About You Make Me Your Subordinate

"Oh my God! I did not expect a train journey to be so annoying! If I had known before, I would have asked Uncle Raul to prepare a private jet for us!" Horace sighed, looking at the passengers, who were bowing to him.

He only took the train because he did not want to seem too high-profile. However, before he had left the city, his identity had been exposed, causing everyone in the carriage to salute him. How was he supposed to keep a low-profile now?

He waved to the crowd and announced, "Hey, just treat me like a normal passenger. Please, just ignore me, okay? All of you, please sit down. Don't stand or bow! You'll only confuse everyone here!"

Chapter 400 Are You Satisfied

Laila looked at Waldo disdainfully as he sulked. She then reprimanded him, "I can't believe you insulted my boyfriend! As punishment, I want you to slap yourself in the face one hundred times."

"Slap myself one hundred times?"

When he heard her command, he sighed. He then

stretched out his hand and slapped his own face.

Even though he didn't use all of his strength, the slap was still pretty hard. He knew that to survive her fury, he had to show himself no mercy. If he ever slapped himself too softly, she would make him do it again. After all, she wanted him to suffer so he had to endure it. He simply prepared himself to get the punishment over with!
