Novel Chapter 451

451 Chapter 451: Going **Crazy**

Caleb Mamet spent his childhood in darkness, listening to the mockery, enduring **the pain brought by** his illness, like a demon struggling to survive in hell.

He became mad, feared by others, and finally gained control over the entire Mamet family. He could finally escape this pain, but the shadow of his childhood would always haunt him.

Only the Drew and Mamet families knew the stories from his youth, often discussing them **over** coffee with meals, as if Caleb was still that young boy trampled underfoot.

But he was no longer who he used to be, now he was Mr. Caleb Mamet, able to influence and command, demanding respect from the Mamet and Drew families alike,

The Mamet family felt he was too ambitious, overpowering, and now standing in the way of Boyd Drew's path to power. So they aimed to drive him completely mad.

At that moment, Caleb felt a dull pain in his forehead, and his vision blurred. He could feel the demon inside him waking up. The voice kept repeating-

'Kill them! Kill those who cause you pain!'

"Caleb?" Xaviera Evans saw his body trembling slightly, and the blood in his eyes, and tried to comfort him.

He turned his head slightly, and seeing Xaviera's face, he paused for a few seconds. The demon within his body vanished in an instant, and he finally regained his sanity.

Caleb's voice sounded hoarse, "Are you afraid of me, too?"

The two of them had now entered the room, the light gradually dimmed. Xaviera could still see their surroundings, but she knew that even the weak glow was barely enough for Caleb.

However, when she met Caleb's eyes, she was astonished to find that they were not empty as she had expected, but seemed to burn with an intense stare.

And he had even avoided tripping over the obstacles on the ground. This indicated that he could see clearly even in darkness. But how could this be possible?

Caleb's eyes were bloodshot, and an icy glare flashed within them, as if a demon had descended upon the earth. "Xaviera, tell me, are you afraid of me?"

Seeing that Xaviera did not answer, Caleb smirked coldly, sadness filled his heart, igniting the madness hidden within. "So you're just like them, thinking I'm a madman! Fine, that's right! I am a

madman!"

Fury burned in his eyes; the usually calm and collected Caleb had disappeared, ready to explode at

any moment.

As he finished speaking, he grabbed a cup from the table and threw it hard at the ground. The shattered pieces scattered, echoing sharply in the silent hall.

Xaviera wanted to rush over and kill Jenny Green immediately because she knew it was her intention to provoke Caleb with these people, to drive him insane.

451 Chapter 451 Going Crazy

Thinking about it, **she** suddenly trembled. The Mamet family had **been** hosting a banquet recently, attended **by** many distant relatives and descendants. They did not know that **Caleb** could go **mad**, so Jenny Green's true intention was **to let everyone** witness his madness.

In this way, **she could** rally everyone against Caleb's **position** as the head of the Mamet family with justifiable cause.

Even though Caleb was powerful, how could the Mamet family tolerate a madman as their head? **If** the news got out, where would the Mamet family's reputation go?

As Xaviera pondered, her body was already pressed against the wall by Caleb.

Caleb lowered his head, his hands gripping her sides to control her movements, his lips turning pale.

“You saw it.”

“Caleb, I...

The man’s mouth lifted in a bitter smile, “So when I’m mad, I’m truly terrifying, even scaring you and making you hate **me?**”

Caleb’s reason was gradually consumed by anger; he knew that the woman before him was his beloved, yet he could not control himself. It was precisely because she was Xaviera that Caleb found it harder to control his rage. So Xaviera also hated him!

His heated palm landed on Xaviera’s cheek, slid slowly down her body, and stroked her delicate, fair neck. Then, it gradually tightened...

Xaviera did not resist; instead, she calmly reached up, wrapped her arms around his strong waist, and gently closed her eyes.

Caleb’s fiery eyes flashed coldly, “Xaviera, I won’t let you leave me!”

452 Chapter **452**: Xaviera Evans, don't leave me

mpulse surged in Caleb Mamet's heart, Without Xaviera Evans, his life would be plunged into darkness once more.

Xaviera insisted on leaving, then they might as well fall into hell together!

Those people were right; he really was crazy!

"Mrs. Manet, why don't you answer me? Huh?" The man's voice was gentle, close to her ear, but the cold breath that entered Xaviera's ears made her body shiver.

Caleb released his hand from her neck, gently placed it on her back, and let her lean into his embrace. However, coldness still filled his eyes, as he asked again, "Tell me, are you leaving me?"

She didn't say a word and couldn't hear the voice in her heart either. It seemed she was genuinely afraid of him now.

Indeed! He was a madman, even though Xaviera had known him for ten years, she still couldn't accept that fact. Seeing his crazed appearance, it was normal for her to want to escape.

No! He couldn't hurt her.

She was Xaviera Evans and also the Black Tide. He couldn't possibly....

He had already lost his sanity, almost crushing her neck just now, but he only wanted to know Xaviera's thoughts, so he kept questioning her.

Every second of silence made Caleb more flustered and even desperate as his grip tightened.

Heavy murderous intent emanated from Caleb as a voice whispered in his ear—
she is afraid of you, Just kill her! Fall into hell with her!

Just as he was about to lose his sanity, a faint female voice came through.

—"Wow! Caleb Mamet's abs are amazing!"

Excitement filled this voice, and those weak, boneless fingers were still wandering around his waist.

“These abs are so nice to touch, I must take advantage of them!”

Then Caleb felt the hand on his waist becoming increasingly bolder, causing waves of shivers in him. When he heard those words, his anger and murderous intent seemed to solidify; Caleb even doubted if he heard it correctly, his facial expression stiff.

Xaviera was drooling.

Caleb’s abs were so great that they were even better than a model’s. Was this the legendary “look skinny in clothes, but muscular underneath”? It must be amazing to have a husband like this! Eight clearly defined abs, even through clothes one could feel the muscular texture. If only... XiMen shook her head, she was disgusted by her thoughts, but she couldn’t control it. Being so close to each other, she couldn’t help having such thoughts.

Listened to the voice in her heart, Caleb’s mouth twitched slightly, with a helpless **sigh**:

152 Chapter 452 Xaviera Evans, don’t leave me

Mrs Mamet only touched **his** waist, but had **already thought of so** many things, it was **really** unexpected,

The man’s **Adam’s apple** moved, “Mrs. Mamet.”

Xaviera Immediately looked up, **feeling a** little guilty: “Huh?”

How embarrassing! What was she thinking at this time! But she genuinely couldn’t control herself!

Caleb’s gentle voice carried a hint of seduction, “Mrs. Mamet, do you know that casually touching a Inan comes at **a cost!**”

Xaviera’s eyes were full **of** confusion. Then, her world suddenly spun, and she was picked up by **Caleb**.

“What are you doing?”

“What do you think?”

A moment later, Xaviera was lying on the bed, looking at the almost crazy man in front of her, hesitating whether it was too rush or whether to refuse.

But she had always wanted to sleep with Caleb, and this time was a perfect opportunity. Besides, this time it was Caleb’s initiative, and it wouldn’t be interesting if she held back.

However...

Caleb clearly heard her conflicting thoughts in her mind. He smirked, not giving her the chance to change her mind, and with a wave of his large palm, her clothes turned into shreds.

“Ca–Caleb...”

Xaviera swallowed her saliva. Was it starting?

The frantic man didn’t give her any time to think, and eagerly went straight to the main course, tightly hugging her soft body, unable to contain himself like a lifesaving medicine.

“Xaviera, don’t leave me.”

Just before she passed out, a trace of regret flashed through Xaviera’s mind. If she had known that taking advantage would come at such a great cost, she would never dare to provoke this man. He was simply terrifying.

After an unknown period, Caleb finally got up, and the first thing he did was to fetch some ointment. So, Mrs. Mamet’s fragility wasn’t just an act. She was truly fragile.

453 Chapter 453: This **young** man really has an extraordinary talent!

He had tried to restrahy himself just now, but he still hurt her. Caleb’s eyes were full of heartache at h carefully carried her into the bathroom, first helping her cloms her burly and then change into a healt set of clothes, before hesitantly applying inedieine to her wounds with blushing cheeks.

It was the **first** time Xaviera had ever begged for mercy, and although his heart ached for her, he **hadn't** let her go. He had lost control by then, driven wild by lust.

Mrs. Mamet would likely wake up sore all over.

Early morning.

Xaviera opened her sleepy eyes and reached for the phone beside her.

Yesterday, they had entered the Maple House at around 2 In the afternoon, so she never expected that she would sleep straight through till the next morning ?

As she struggled to get up, she realized that her entire body was sore and weak, and various parts were aching. She couldn't help but feel miserable.

It hurt like hell!

Seeing the scattered fragments on the floor, the messy bed, and feeling the pain in her body, her cheeks blushed.

Who said Caleb was no good?

That bastard really had a gift!

At that moment, footsteps were heard from the doorway, and Caleb slowly walked in.

The outside world had just started to brighten, and with only a dim table lamp lit inside the room to not disturb Xaviera's sleep, Caleb's eyes looked hollow and lifeless. Then, she suddenly realized that he was blind at the moment. However, he had been living here since he was a child and was very familiar with the surroundings, which allowed him to move freely.

Upon seeing Caleb, Xaviera became furious.

This shameless man!

Caleb turned on the light, and his eyes gradually cleared. Seeing Xaviera's vivid expression, he knew that she must be cursing him in her heart.

Xhvic

But strangely, he couldn't hear Xaviera's thoughts anymore.

His face remained unchanged, and he gently asked, "Is your body...alright?"

Xaviera had been cursing in her heart, but upon hearing Caleb's voice, anger flared up within her.

How dare he ask? She had begged him repeatedly yesterday, but Caleb would not listen. He just

Xaviera nutmured under her breath, "Wow! Sweet milk must be very delicious!"

Caleb leaned down, "What did you say?"

Xaviera raised her head proudly and snorted coldly.

She wouldn't easily forgive this shameless man. She decided not to speak to Caleb for an entire day.

Caleb frowned, wondering in his heart has she regained her sense of taste?]

Xaviera suddenly widened her eyes. She seemed to have just heard Caleb's voice, but she clearly saw that he hadn't opened his mouth!

What the hell was going on?

Meanwhile, at another location, Page Uland looked helpless.

"Previously, Caleb could hear Xaviera's thoughts, but this was only temporary. The next time he detoxifies, if Xaviera doesn't use her blood to help him, then Mr. Caleb Mamet will lose the ability to hear her thoughts."

"But...well, Xaviera has already used her blood to help him detoxify, so their blood now has a connection. If they become intimate, Xaviera will be able to hear Caleb's thoughts for a short period due to their shared blood."

Page Uland laughed, "This is not bad either. It will let Xaviera know about Caleb's thoughts. If he has any ill intentions, they would instantly be exposed."

Just as Xaviera was perplexed and trying to figure things out, she received a message from Mr. Uland. Master Uland explicitly told her that if she saved someone with her blood and still had intimate contact with the person she saved, she would be able to hear their thoughts for a short period.

What?!

Xaviera looked up in astonishment. So, she could now hear Caleb's thoughts?

What a supernatural ability this was! It was too cool! However, wasn't it a little unfair to Caleb?

454 Chapter 454, Let's Eat Instant Noodles Together!

So the voice she just heard was Caleb's inner thoughts?

Xaviera smiled slyly moving closer, trying to hear what else Caleb was thinking

But

I've already controlled myself, but she still fainted]

Xaviera's expression suddenly froze.

[Still need more exercise.]

Xaviera:..."

[But she really smells so good, her body is so soft, feels so comfortable to touch, even the way she cats is so beautiful.]

Xaviera: "... So Caleb, who has always been a gentleman and avoids women, actually has these unhealthy thoughts?

Previously, Caleb had pretended to be above it all, even rejecting her when she voluntarily offered her body to him. So it was all an act, right? Deep down, he also longed for it, right?

Xaviera maintained her calm and cleared her throat: "How come there is only one sandwich? I've already eaten it, what are you going to eat?"

After

all, it was early morning, the Mamet family ate at eight o'clock, the servants were not even up yet, and there was nothing left to eat in the kitchen. Moreover, Maple House was too far from the front hall, so it was really inconvenient to go there.

Caleb pressed his lips together.

[I don't care if I'm hungry, but I can't let her go hungry. Is she... not full? Asking Steve Price to deliver something is fine, but Xaviera spent too much energy last night. Waiting for Steve Price would be too slow.]

[Mrs. Mamet does have a big appetite.]

[Or should I ask Steve Price anyway...]

Caleb calmly said, "I'll call Steve Price now and ask him to bring something to eat. What do you

want?"

Xaviera slyly smiled: "No, don't! Steve Price may not even be awake yet. We don't need him for such a small matter. You wait a moment."

After saying that, she hurried upstairs, took out two tubs of instant noodles from her bag, and quickly went downstairs.

Caleb looked at the items in her hands and couldn't help but frown.

Xaviera smiled brightly, "Caleb, fancy eating some instant noodles together?"

Before he turned five, Jenny Green had always forced Caleb to wander outside. Let alone eating instant noodles, he was even deprived of leftovers.

Once he turned to the Manet family, he had been locked in Maple House **with** leftovers. At **least** he didn't starve, but he'd never eaten instant noodles.

On the other side, Xaviera had already boiled water, poured it into the noodle **cup**, and brought **it to** Caleb

As soon as she sat down, she heard

She also eats instant noodles? The Evans family must have mistreated her; I won't let them **off.**]

Although I have never eaten Instant noodles, I know they have no nutrients and are only popular because they are cheap and convenient.]

[Could it be that the Evans family didn't feed her well, and she had no choice but to buy instant noodles to satisfy her hunger? That must be it, Evans family, I've got my eye on you!]

[But she looks so cute eating instant noodles; suddenly they seem really delicious.]

Xaviera swallowed the instant noodles in her mouth, her eyes filled with surprise. Mr. Mamet, your Imagination sure is strong!

Caleb frowned, immediately sent a message to Steve Price to notify him. Steve Price, heeding the notification, rushed to Maple House immediately.

As Xaviera finished the last bite of her noodles, she suddenly heard a loud ‘bang

Steve Price rushed in with various dishes, sweat on his forehead, panting, “Boss, I’ve brought everything you asked for. You said you would give me a raise, please... keep your word!”

Then, Steve Price saw the cup of instant noodles Xaviera was holding.

His face changed, filled with anger.

“Mrs. Mamet! What are you eating? This is too much from the Mamet family! Boss, you are the head of the Mamet family! How can they treat you like this? Is Will thinking that because he’s your father, he can control everything? This is a humiliation and provocation to you! They must want to fight you to

the end!”

Xaviera: “...”

Steve Price, you’ve made a big deal out of it; I bought these instant noodles myself.

Who knew Caleb would nod: “Indeed, the Mamet family has gone too far.”

Xaviera: “?”

She had some doubt whether Caleb was doing this to tease Steve Price.

After breakfast, daylight had completely come, but the windows of Maple House were still boarded up, and the room was still dim.

Caleb raised his hand to rub the top of her head, “There’s some soup on your hair, let me help you wipe it off.”

455 Chapter 455: Mrs. Mamet is So Dominating

“[She is beautiful and her hair is like silk, **so** smooth.]”

[She **even let** me touch her, **innocently** thinking there was something **in** her hair. She’s as cute as a kitten.]”

Xaviera Evans looked horrified.

Totally shattered her worldview! The thoughts in Caleb Mamet's mind were unexpectedly... amazing!

Who knew this cold-looking scoundrel could have such an improper inner nature! You really **can't** judge a book by its cover!

“[Why is she trembling? Is she feeling cold? She should go back to her room and rest after the meal, she should take care of herself, after all...]”

Xaviera shivered.

“[After all, our passion last night might have been a little bit too much, but she seemed to like it. She kept calling my name. Maybe I should just hold her and go to sleep together later.]”

Xaviera was left speechless.

Caleb's expression became indifferent: “It's still early, you should go back to your room and rest.” Following that, Xaviera heard what was in the man's heart -

“[I should also take a break. Cuddling against Mrs. Mamet's soft body gives me a sense of happiness. But Mrs. Mamet still seems to be in pain, even though Steve Price said...]”

Steve Price?

Xaviera widened her eyes, but because Caleb had walked away, she couldn't hear the rest of his thought.

What a flaw in the superpower. The moment he walked a bit farther, she couldn't hear anything. Xaviera had no choice but to follow him.

“[Next time when Mrs. Mamet tries to seduce me, I must remind her not to do so. Girls should be reserved. Otherwise, I won't be able to control myself.]”

“[But I like this.]”

A tender look appeared on Caleb's face: "Maple House is secluded, no one will disturb your sleep. But grandmother will wake up today. We will accompany her for lunch, and also..."

He was about to say something, but he froze, looked at Steve Price standing next to him, and swallowed his words.

"[I was indeed a little too forceful last night. Fortunately, I prepared some ointment and applied it to her while she was asleep. She definitely wouldn't have allowed it if she was awake.]"

"I nearly forgot Steve is here. If I say these things in front of him, Mrs. Mamet will surely throw a fit. If that happened, I'd have to ask Steve to keep his mouth shut forever.]"

Xaviera bit her lip and didn't say anything

Looking at Caleb, his expressions and **demeanor** were still indifferent and **calm**. Steve would have probably never guessed what **was going through** their CEO's mind!

Caleb accused **her of** acting, **but** he himself was the one keeping **up appearances!**

Xaviera turned around and **went** back to her room. The moment she lay down, she heard Caleb's

voice

The doors and windows of Maple House..."

What? **She** couldn't hear what he said next.

Lying in bed, even though she was tired, Xaviera couldn't fall asleep.

Did anything happen to Caleb after his flare-up last night?

Thinking about last night, how he looked when his affliction flared up, Xaviera couldn't help but feel a chill. But she didn't find Caleb scary. Instead, she felt a deep concern for him and worried about his health.

It was not as terrible as what the others said, labeling him as crazy. He was just suffering from an illness, like any other sick person. He just had a different way of venting his frustrations.

Xaviera closed her eyes, fatigue setting in.

Clatter clang...

The sudden noise made her wide awake. She got up from her bed, walked to the door, and listened carefully.

Those people from yesterday were back. How relentless!

With a darkened face, she went back into her room, pulled out a hammer from her bag, and stormed downstairs angrily.

These people were like persistent pests, disturbing her peace early in the morning. Did they think she was an easy target?

What time was it? They were here to nail the windows shut. Did they think she couldn't hear that? Both Caleb and Steve heard the noise outside. Before they could go out, they saw Xaviera charging out with a hammer in her hand, the anger clear on her face.

Steve exclaimed, "Holy shit!"

Mrs. Mamet is so badass, I love it!

Xaviera was truly enraged.

The moment she heard the noise, she knew they were back to nail the windows shut. They wanted to keep Caleb in darkness, which could result in more frequent flare-ups of his affliction.

His disease was not originally that severe, if he had family accompanying and caring for him, his emotions could be controlled. But those people not only failed to give him guidance, they tried to **provoke** Caleb, causing his flare-ups to be crazed outbursts.

456 Chapter 456: Sending You to See the King of Hell!

456 Chapter 456: Sending **You** to See the King of Hell!

Jenny **Green and** those from the Mamet **family certainly** hope **that** Caleb Mamet would **lose** his mind. By **the n, he** would have no **right to** be the head of the Mamet family, let alone qualify to be the president **of** the Mamet Corporation.

When **Caleb** learned **of** his true identity, he went to the Drew family, but they refused to recognize him. **They** probably knew that he would be poisoned and like the Drew family, they were looking forward to him dying, so as not to disgrace their own family.

Now Jenny Green wants to use people from the Mamet family branches?

As soon as Xaviera Evans stepped out, she smelled a strange scent. After a moment of thought, her **eyes** suddenly flashed with coldness.

This scent is a hallucinogenic drug that induces hallucinations when inhaled excessively, causing one to go mad.

Can Jenny Green even get this type of drug?

Xaviera took a small bottle out of her pocket, poured out three small pills, took one herself, and turned around and handed one each to Caleb Mamet and Steve Price.

She stormed out in anger, coldly sneering at them: "Whose dog is this, disturbing people's dreams early in the morning?"

The men were momentarily stunned.

Xaviera's icy gaze surveyed them, they were about to start with the remaining two windows, and one of them was holding a censer, emitting wisps of smoke, which was the hallucinating scent.

"Are you guys out of your minds, breaking into the head of the Mamet family's yard to seal up windows early in the morning? Don't you want to live?" Xaviera bellowed.

Steve Price stood next to Caleb Mamet. Since it was still somewhat dark, Steve Price, concerned about his eyes, didn't dare stray too far from him.

The men looked at each other, and couldn't help but laugh.

Was Caleb Mamet scared? Letting a woman stand up for him? What if they were exposed? Were they afraid of a weak woman?

Moreover, Mrs. Mamet had already said that the surveillance around Maple House had been removed. They could simply knock Xaviera out. Anyhow, there's no evidence, they won't admit it afterward, with Mrs. Mamet protecting them, what could Caleb Mamet do to them?

The men whispered to each other, and then charged over with menacing faces, "Mrs. Mamet, don't blame us for being ruthless!"

Bang!

Xaviera raised her foot, and directly kicked the man several meters away.

"Ruthless?" Xaviera sneered coldly: "If I don't show you some color, do you really think I'm easy to mess with? I'll send you **to** meet the King of Hell today!"

458 Chapter 456: Sending You to See the King of Hell!

Xaviera walked **up to** that man, her face full of disgust, viciously stepping on his head, **raising** the hammer **in** her hand high, scaring the man tremble all over, "You, what do you want to do?"

"What **do** you think? What did you want to do to me just **now**?"

Xaviera waved the hammer in her hand, "How much did Jenny Green give you?"

I, I **don't** know what you're talking about!"

"Yo!

Pretty loyal, huh!" Xaviera gave a laugh, ruthlessly stepped on his hand. The man screamed in **agony**, his fingers clearly broken.

Steve Price watched this scene in terror.

Caleb Mamet was rather calm, "Don't be afraid, she won't do this to you."

Deputy officer Price is certainly regressing. It's just dealing with a few wastes, is there a need to be so afraid?

Steve Price trembled, "President, are you sure? The madam is so terrifying!"

"President, look at the stance of the madam. One foot can break a person's bone. Look, how painful those people are! If she puts that hammer down, they might not have a skull left!"

"The madam always says she's weak, but she doesn't look weak at all!"

Caleb Mamet gave a nonchalant smile, "Hmm."

Steve Price thought the President shared his opinion, and also thought the madam was terrifying.

Who knew the next sentence—

Caleb Mamet: "I like it."

Steve Price: "?"

Jesus! These two are both perverts!

Xaviera picked up the hammer and slammed it down hard on the man's arm, breaking his arm. He shrieked in pain, trembled violently due to pain and fear.

Then her gaze fell on the other three.

One of them trembled, his face full of terror, "I, I don't know..."

"Well done, you're all quite professional! But I just want to know if it was Jenny Green who sent you!" Xaviera took a folding knife from her waist, skillfully flicked out the blade, and asked dominantly, "How much did Jenny Green give you? There's no way you're this stubborn, going through all this pain and not talking?"

Xaviera Evans **pretended to** be gentle: “Don’t **worry, I won’t** kill you guys, after all, killing is against **the** law! How could **a weak** woman like me **do** something **illegal?**”

A few men couldn’t help but **back** away a few **steps**.

I can **consider** myself **as** someone who knows some medical knowledge, so I’ll **spare** your lives. But **I don’t know if you** guys can bear the pain of slow torture!”

As soon as the cold blade touched his skin, the man shuddered in fear, “No! I’ll talk!”

Xaviera nodded in satisfaction: “If you had cooperated earlier, you wouldn’t have had to suffer. Jenny Green instructed you guys to use hallucinogens, that counts as evidence.”

The man stammered, “The...the one who sent us isn’t...isn’t Mrs. Mamet, it’s ...it’s her brother, W...Wade

Green.”

Xaviera’s eyes narrowed slightly.

So, it was Wade Green?

It must be because of Jenny Green. As long as she’s involved, it’s enough.

Xaviera nodded, “Alright, I got it. Wade Green dared to act against me and Caleb, what a fearless person. It seems I was too kind yesterday, not teaching him a lesson. He didn’t learn his lesson, so don’t blame me now. You guys come with me!”

The men: “. ”

You’re kind? Can a kind woman beat us like this? Don’t you feel embarrassed saying that?

Steve Price’s eyes widened, his face full of disbelief: “President, do you still like this kind of...wife?”

Kind my ass!

Caleb Mamet hooked his lips: "How can I not like a woman who tries her best to protect me? Even being angry looks so good!"

Steve Price: "

After Xaviera left, she took out her cell phone and sent a message, "Steve Price, go to the entrance in 10 minutes to pick up my Brother Albert."

Steve Price looked puzzled. Albert Sullivan, the disciple of the miracle doctor Saint Hand, was coming, but what was he coming for?

At this time, in the main house.

Mrs. Mamet hadn't slept well all night, feeling uneasy in her heart. She glanced at the time; those people should have succeeded by now.

The windows of Maple House were sealed, and Caleb had inhaled the poisonous scent. Combined with the toxins in his body, the poison should take effect pretty soon.

457 Chapter 457 Mrs, Quooks Gorgeous Even Whot Andrz

But why hasn't **Wade sent a message? She had** previously agreed that regardless of success or not would inform her. It's already **past** six o'clock, so why hasn't there been any news?

What **are you** doing early in the morning?" Will Mamet was awakened by the restless Lenny Ciren irritably, **he asked**.

Jenny Green's face was eager to please, saying gently: "I'm just worried about Caleb, although he's not **my** biological child, we have shared a mother and son bond for over twenty years. How could I not have feelings for him when I heard his condition was not optimistic..."

Once dawn broke and the members of the Mamet family gathered, when Caleb lost his sanity, everyone would know he had gone mad, and the position of the Mamet heir could only be Boyd Drew's, without any further opposition.

There had been no news for so long, they must have succeeded. Just inhaling a little of that hallucinogen would cause Caleb to lose his sanity.

Suddenly, there was a strange noise outside the door.

Will Mamet opened his eyes Irritably, “What’s that noise?”

Following that, another disturbance came from the outside. It sounded like someone was smashing the door, and the noise was becoming more and more urgent.

Will Mamet got up and put on his coat, leaving the bedroom angrily, shouting, “Who’s there?”

There was a moment of silence outside, followed by a more eerie atmosphere. Will felt something was wrong and got up to put on his coat and leave the bedroom.

Before he could even reach the front door, he heard a loud noise – the villa’s door was kicked open. A few black figures were thrown inside, rolling on the floor and crashing into the coffee table, which buzzed loudly.

Jenny Green poked her head out to see, these weren’t the men she had sent out to deal with Caleb, were they? She was suddenly terrified, her fingers trembling slightly as she asked, “You...you guys...” Will Mamet’s face was full of fury, “Who are you guys? What are you doing breaking in here so early in the morning? Come on, everyone!”

However, the villa remained quiet, and there was no trace of the usual guards at the entrance.

At that moment, a slender figure and a cold voice appeared at the door: “Mr. Mamet, I’m really sorry” “Xaviera?”

Mrs. Mainet was surprised, but Will was furious.

What did this woman mean by coming and throwing beaten up men into his home early in the morning?

Kadera Evans said meaningfully with a smile, “Mr. Mamet, don’t be angry! it must be annoying to **be disturbed from** your sleep. I’m also very angry now, with nowhere to vent my anger, **so** I’ve come to talk **to** you

Will Mamet shivered with anger and roared, “What the hell do you want to do

Xaviera walked into the living room with an indifferent look, glanced coldly at Jenny Green, and then

grabbed the man’s collar, leaving Jenny with a panicked expression.

“**Mr.** Mamet, don’t be so fierce! If you scare me, I can’t guarantee what I’ll do. Mrs. Mamet, I suppose **you** know these people

She walked to the door and threw in another person, stomping on him viciously.

Jenny Green’s face changed instantly, “Xaviera! What are you trying to do! You should call my brother uncle, how dare you assault an elder! Let go of him immediately! Xaviera, I thought you were just a bit mischievous, but I didn’t expect you to be so cruel! You dare to hit my brother? You’re really crazy!”

Will Mamet’s face darkened, “This is Caleb’s uncle, and you beat him up like this. Have you lost all

your manners?”

Xaviera looked disgustedly at Wade Green on the ground and snorted coldly, “So he’s Mrs. Mamet’s brother? I never knew! Oh, dear! This is a bit troublesome!”

Meanwhile, Albert Sullivan arrived at the Mamet family with several doctors from the Medical

Association.

Steve Price looked astonished.

Albert Sullivan respectfully said, “Deputy Officer Price, hello! My little sister Xaviera told me that Mr. Caleb Mamet has been poisoned. My grandfather treated him before, but now he has disappeared. I am the descendant of the miracle doctor Saint Hand. I can’t stand to see Mr. Caleb Mamet die of poisoning. Please take me to see him.”

Everyone followed Steve Price to Maple House. Before Albert could speak, the doctors' expressions changed, "Why does Maple House smell like this? Seductive fragrance can worsen a patient's condition and accelerate the poisoning! Where did this seductive fragrance come from?"

Steve Price was a bit nervous, but Xaviera had already told him how to respond, "It was...Mrs. Mamet's brother. He threw the seductive fragrance in through the window in the early morning. I've cleaned it up, but there's still a smell."

The doctors from the Medical Association were immediately filled with righteous indignation. "Knowing that Mr. Caleb Mamet has been poisoned, and still throwing this seductive fragrance into Maple House, what's the difference between this and murder? Mr. Sullivan, rest assured, as doctors, besides healing the sick, we can't stand to see them treating a patient like this!"

Albert also nodded, "You're right. For Mr. Caleb Mamet's sake, we must confront Mrs. Mamet and get

to the bottom of this.

"Yes! **We** need to ask her what she's thinking, throwing this kind of seductive fragrance into Mr. **Caleb** Mamet's residence, trying to kill him!"

At this moment.

The Mamet Main Mansion.

Wade Green lay on the ground with a bruised and swollen face, missing a few teeth, and slurred, "Sister! Save me! This woman is too scary! She's going to kill me..."

Will Mamet's face turned livid. Xaviera was so outrageous that she openly acted violently in the Mamet family. She was the daughter-in-law of the Mamet family, and her actions represented the family's face.

"Xaviera! Are you even qualified to be the daughter-in-law of the Mamet family as a shrew like this? I advise you to divorce Caleb right away and get out of the Mamet family before things get more embarrassing!"

Xaviera blinked innocently, “Mr. Mamet, you want me and Caleb to divorce just because I beat up Wade Green?”

“What else do you expect? You assaulted your elder, which is unfilial and disloyal. Is it too much to ask you to leave the Mamet family?”

Xaviera sneered, “Mr. Mamet, am I disloyal and unfilial just because I beat up Wade Green? Ah! I’m really stupid

for coming to you for justice. It seems that it was also Mr. Mamet who instigated the poisoning of Caleb? I thought that no matter what, you were still his father; even tigers don’t eat their young, you couldn’t really want to harm him, right? I didn’t expect this!”

At the same time, Madam Mamet woke up.

Good news about her awakening quickly spread from her courtyard, and the kitchen hurriedly prepared breakfast for her. Madam Mamet hadn’t woken up so early in a long time and was in good spirits.

As soon as she woke up, Madam Mamet wanted to see Caleb. However, she found that Maple House was empty, and everyone had gone to the main house, so she went there as well.

Madam Mamet had a bunch of people around her, including doctors and nurses who were almost

separable, Malta were also constantly taking care of her, fearing any mishaps. The housekeeper and bodyguards were never far away, and some family members of the Mamet family had heard **the** news and come over.

Just as everyone approached the main house, they heard Will Mamet’s roar: “Xaviera Evans! Get lost!”

Then came Xaviera's sobbing: "Mr. Mamet, Wade Green almost killed Caleb! He is your biological son! Even if you want Boyd Drew to inherit the Mamet family, you can't kill Caleb!"

Everyone was shocked and widened their eyes, Madam Mamet squinted her eyes slightly.

Will Mamet was furious: "Xaviera! Be quiet! How could I..."

up and

"This early morning Wade went to Maple House to poison Caleb. If I hadn't happened to wake and catch him, and had invited the descendant of the miracle doctor, Albert Sullivan, to treat Caleb, perhaps Caleb would've been... *sob sob sob* ..."

"I thought you would stand up for Caleb since your son was almost killed, so I brought the culprit here only to find out that you..."

Xaviera cried uncontrollably, and when she got emotional, her weak body swayed.

"Didn't know that Mr. Mamet would scold me, thinking that I shouldn't hit Wade. I ask, why shouldn't I hit someone who almost killed my husband? I really don't understand why Mr. Mamet is covering up for Wade, does this all happen with your and Jenny Green's intention?"

Bang-

Will Mamet suddenly widened his eyes.

Jenny Green's body stiffened, and she quickly refuted: "You... You're talking nonsense!"

"Mrs. Mamet, you'll know in a moment if my words are unfounded or not. How would I have come to confront you without any evidence? You said you didn't know anything about this. Does that mean Wade did it all by himself?"

"But I remember Mrs. Mamet sent someone to Maple House last night to nail all the window shutters with wooden boards, forcing Caleb to

live in darkness. And then early in the morning, someone came to poison him, so I suspect it was Mrs. Manet...”

“Xaviera! Shut up! Why don’t you just die!” After being exposed, Jenny Green yelled furiously.

Xaviera was calm and collected: Mrs. Mamet, is this your upbringing? I have never offended you from the beginning, but you curse me to die. It seems that you really had a part in poisoning Caleb! Do you think you can be so blatant since you have someone backing you up?”

Jenny Green trembled with anger all over her body.

“Indeed, I did beat up Wade, but he almost killed Caleb. What’s wrong with me giving him a beating? And being a weak woman, I can’t do much more than cause him some bruises. Even if you sue me, I’ll

Just pay **some** medical **expenses**. **But** you all, **this** is **attempted** murder!”

Both their faces were pale.

If things **got** really blown up...

Will Mamet knew in his heart that this was indeed Jenny Green’s intention. He gave her a fierce **glare** and spoke coldly: “Xaviera, I think you misunderstood. How could Wade have poisoned Caleb?” Jenny Green also put on an elder’s demeanor: “Xaviera, how could my brother harm Caleb? Caleb is my child, he wouldn’t do that. It’s your fault for beating him so badly for no reason! You better apologize immediately! Kneel down!”

At this point, only a few of them knew about the situation. **As** long as Will Mamet sided with her, Xaviera would have no way out.

Jenny Green was about to scold Xaviera when a furious roar came from outside.

“The one who should kneel down and apologize is you!”

Jenny Green didn’t hesitate and blurted out: “Pah! Who dares to talk to me like that...”

Madam Mamet walked in slowly with the help of a cane, Albert Sullivan assisting her. Her eyes were clear, her voice strong, and her gaze full of anger.

Jenny Green was stunned for a few seconds. Terrified, her face turned pale and her mind went blank. Madam Mamet walked up to her with icy eyes, “Jenny Green, you tried to poison my precious grandson, and you also want my granddaughter-in-law to kneel down for you? Is it now you who is in charge of the Mamet family?”

At this time, everyone had followed Madam Mamet into the main house. It wasn't easy for the old lady to wake up, and everyone wanted to curry favor with her, not daring to make her angry.

But now that Madam Mamet had just woken up this morning, she was already furious in the main house.

Jenny Green's lips trembled, “Mom, **no**, it's not... I...”

“Kneel down!

Madam Mamet **didn't** want to hear her explanation at all. She raised her walking stick and struck Jenny's leg hard. Jenny's knee felt a sharp pain, and her body uncontrollably knelt on the ground.

□

Xaviera Evans saw Madam Mamet getting angry for the first time, her face full of shock: Although the old lady was advanced in age, she had a lot of strength. Her strike was enough to make Jenny kneel. No wonder she gave her a lethal weapon at their first meeting.

Madam Mamet spoke forcefully, “Jenny Green, do you think this old lady is so sick that I won't live long, and that's why you think it's your turn to take charge of the Mamet family?”

Jenny was in pain but still spoke gently, “No... that's not true, Mom, I really...”

“Not true? Although I am often unconscious, I am not deaf or blind. I am very clear about how to treat Caleb. What kind of place is Maple House, and is it suitable

le for the head of the Mamet family to live? Not only did you drive him there, but you also sent someone to seal the windows. Do you even deserve to be the wife of the Mamet family?"

you

Jenny tried to explain weakly, "Mom, I had no ill intention. Maple House is where Caleb has been living since he was a child, and I... I was worried he wouldn't adapt, so... I let him stay there. As for the windows... I didn't know about that! It was Xaviera, she framed me! I really... didn't know!"

Madam Mamet glanced at her coldly, raised her cane, and struck her hard on the back, roaring, "You dare to spill dirty water on my daughter-in-law? I may be old, but my eyes are still bright! I know your little thoughts clearly. If you don't like Caleb, let it be. He has already established his career, and you still won't let him go. Don't forget, everything in the Mamet family now is earned by my grandson. If you don't want to stay here, then get out!"

Upon hearing these words, Jenny fell to the ground.

Will Mamet was embarrassed and spoke in a low voice, "Mom, calm down, this is actually Xaviera's... Madam Mamet looked at him with disgust, not giving him a chance to speak, and struck his knee with her walking stick.

He hadn't finished speaking when he felt a sharp pain in his knee and, out of inertia, knelt in front of

Xaviera.

Madam Mamet

looked down and regarded Will with disdain, "How did I give birth to such a fool like

you! Seeing you makes me angry. From now on, you need to kneel when you talk to me!" Xaviera looked at Will kneeling in front of her, stepped back awkwardly, and walked to Caleb's side, amazed, "Your grandma is really... a heroic woman! She's truly an impressive Madam Mamet!" Will's face was pale, but he dared not argue.

Even though he was proud, he didn't dare to resist the old lady, because the old lady was the real controller of the Mamet family. She once tried to transfer her power to Caleb, but he

accept it.

Now the power **of** the Mamet **family** was **in** Madam Mamet's hands, and Will could only speak when the old lady **was** unconscious.

Will clenched his teeth, "Mom, don't just believe Xaviera's side **of the** story. T his woman is **very** cunning. Jenny is Caleb's biological mother, so there's no r eason for her to poison him!"

Madam Mamet looked down on him from above, glaring at him fiercely.

Will suddenly felt panicked, fearing that Madam Mamet would reveal their secret in the next second. He quickly spoke up, "I think this..."

Jenny's face was also full of terror, and she cried with grievance, "Mom, I didn' t mistreat Xaviera. She's too much! She accused me of poisoning Caleb, but I' m his mother! How could I poison him? As soon as she met my brother, Xavie ra beat him up. As his sister, shouldn't I ask what happened?"

Jenny sobbed, "I never asked anything of Xaviera. But she, as a daughter-in-law, rushed to her parents-in-law's residence to challenge them early in the morning! How can I not be angr y with such a shrewish daughter-in-law?"

Xaviera almost laughed in anger, still acting even at this point!

Madam Mamet impatiently snorted coldly, about to scold her, but Caleb spoke
