Chapter 1601

Seeing that she did not move at all, Tommy said, "It won't be good for you if you don't eat."

Anne thought that he made sense. If she did not eat, she would go hungry and would have no strength later. How could she fight with Tommy then? It was because she refused to eat and only drank water while hiding in her room that Tommy drugged her.

After a while, she seemed to have figured it out.

She picked up the fork and started eating the fish.

Tommy saw her eating and asked, 'How was it?'

"Could it be that you're the one who made it?" Anne looked up and shot a glance at him lazily.

"That's correct. I am the one who made it."

Anne thought, 'Is this something worthy to be praised?'

"It must be tough for you to do such a thing on top of everything else."

"If you're worried that it's tough for me, why don't you make it with me?"

"I don't know how to cook."

"How great. You just have to enjoy being served." Tommy clicked his tongue, but he was looking at Anne with a dotting gaze.
