Chapter 651

There was a knock on the door. Hayden thought to himself, who else would be coming here so late?

The person who came in was Bianca. When she saw the children who had not slept inside, she had a gentle smile on her face. 'I thought they had already slept! Chloe, how are you feeling? The rash on your face has disappeared a lot. Can you be discharged from the hospital tomorrow?'

Hayden said, "Yes, she will be discharged from the hospital tomorrow if everything goes as planned."

"That's great," Bianca said. Her eyes were suddenly drawn to the ring on Chloe's hand. The smile on her lips froze, and she looked at Anthony's empty fingers.

Anthony gave Chloe the engagement ring to play with.

How could he give it up that easily?

Chloe must have wanted to play with it, and Anthony had to take it down for her.

"Ah!" The ring accidentally slipped from her hand and fell to the ground with a clear sound.

Bianca felt as if she had been hit in the face. She could not take out her anger on Chloe here, so she stood still.

Charlie picked up the ring and gave it to Chloe.

Anne went to freshen herself up.

When she came out, breakfast was already on the table.

It was the food that she loved to eat.

Sarah did not usually eat so early, so she accompanied Anne at breakfast.

'You don't look very well. Did you not sleep well last night?" Sarah asked.

'I was scrolling through my phone."

"You're still young, but you still have to take care of your health!" Sarah told her.

"I know, I don't do this very often."

Just as Sarah was about to speak, the phone in her bag rang.

She got up and went to get her mobile phone. She felt a little familiar when she saw a series of numbers on it, and answered, 'Who is it?"

Anne's body was slightly tense, and her expression was painful.

How did Bianca know about her relationship with Tommy?

She did not dare to look at Anthony's face.

"Anne cared about the child very much and did not sleep well last night because she was thinking about the child. No one loves the child more than her! Easy for you to say when you're not Chloe's mother!" Sarah explained to her.

As long as Anthony was by her side, Bianca had the nerve to do anything she wanted. She said gently to Anthony next to her, "Anthony, I'm sorry, it was I who called Sarah. I thought that since Anne did not have time to see the child, Sarah could come instead. I did not expect Anne to come too. I hope you understand!"

This meant that Anthony did not want to see Anne.

"I'll just take a look. It won't be long," Anne said nervously.

She stayed up all night, and now she was at the door of the hospital. She was only one door away from her kids, and she missed them so much.

Anthony's expression was cold, and his low voice ruthless. "Since you don't have time, don't visit then!" After speaking, he turned around and entered the hospital door, and disappeared.

"Go back? You don't want to see the child anymore?" "Anthony won't let me see her. He looks pretty
determined. He won't even allow it even though Chloe told him she wanted to see me." Anne was very
depressed.

'Go to your father then!'

"Don't bother Dad. He has enough problems on his plate already. Besides, can you guarantee that I can
see the children if we go to Dad? Anthony usually gets what he wants," Anne said.

"So, are you going to find Anthony and beg him?" Sarah was unwilling to do this.

Who knew what Anthony would want Anne to do in exchange?

After getting in the car, Sarah said, "Go back to the mansion with me first. You are not allowed to stay at
home alone. If you don't eat or sleep, you are going to ruin your body and your chances of seeing the
child."

"Mom, wait a minute," Anne said as soon as the car started.

"What?"

"You drive the car away. HI hide here and wait for them to come out. I will take a look at her secretly,"

She ran out of the parking lot, but she could not see the Rolls Royce.

It had passed through the traffic and disappeared long ago.

Anne's eyes were full of tears. She could not take it anymore as she looked at the road.

Why did she have to endure this?

If Anthony wanted the children, then he should take care of them! Why let Bianca bully them?

"Anne, how was it? Did you see the children? Did you say anything?" Sarah had yet to go to the coffee shop.

When the car was parked outside, she saw the Rolls Royce come out first and then saw Anne chasing it.

Anne shook her head helplessly.

"Let's go. I will take you to the Royal Mansion!" Sarah pulled at her hands.

"Don't worry. There will surely be other ways. I don't believe that Dorothy and her daughter could get away with it forever!" Sarah said defiantly.

After dinner, Anne returned to her room.

When Sarah entered, Anne was already fast asleep.

Sarah was feeling unhappy, seeing Anne depressed.

When would this end?

The guard was not afraid. He made a swift movement, and the knife immediately dropped to the floor. Sarah lost her balance and fell to the ground.

"Ah!" Sarah looked at her palm, which was scratched, and was even more triggered by it. "Darn it, I am the kids' grandmother! Anthony, you beast, kill me if you dare to!"

Then, she grabbed the knife from the ground and placed it on her neck.

The guard did not dare to go forward. After all, the instruction was only to get rid of her. It would be bad if she were harmed.

Hayden saw the scene from the balcony and thought things had gone out of control.

He then looked to the bedroom.

If Anne came here, would it be easier to resolve?

"Why are you hesitating? If you slit your throat open, Anne will be able to see the kids. Aren't you concerned about Anne? Let her see your love for herself!" Bianca challenged her. She desperately wished to see Sarah's blood spurting out.

She loved to see the mistress being ended!

Sarah's hand holding the knife was trembling, still enraged. "Bianca, you will be punished!"

"A mistress telling a legitimate wife that she will be punished? You really are thick-skinned. Not sure who is being punished now. I am waiting to see how you die," Bianca said sarcastically.

"So you wish to see me dead? Fine! Ask Anthony to come out now! If he allows Anne to see the kids, I will die right away," Sarah said.

'It's funny how you are trying to play the psychology card with a smart person. What about this? I promise, as long as you are dead, I will plead with Anthony to allow Anne to see the kids?' Bianca despised her.

Sarah laughed and replied, "Do you really wish to see me dead? Then I will not! I will not let your wish be fulfilled! You call yourself a legitimate wife, but you are just a gold digger who does not even have dignity! Your mother had a past of sleeping with men for money. Stop being a hypocrite! You will be abandoned by Anthony eventually!"

"Anthony listens to me all the time. I just need to say the word, and Anthony will give in." Bianca was
even excitedly anticipating the barking from Sarah.

That must be music to her ears!

Sarah took a deep breath and was about to sacrifice herself.

"I think there will be a big problem!"

Sarah turned around and was shocked to see Anne. A hint of shame flashed through her face, as she did
not want her own daughter to see this scene. "Why are you here? Go back!"

Bianca's eyes were menacing. How dare she kill her fun!

'What else can she do here other than bark with you... Ah!" Bianca was pushed away by Anne before she
could finish her sentence.

Her body fell backward, and she lost her balance in her high heels shoes, making her look extremely bad.

'Get up." Anne pulled Sarah from the ground. She checked the injury on the back of her palm. Her skin
was scratched. Even her face was red and swollen because of the slap. Anne's heart was cold, and her
blood was boiling, so much so it burnt her last bit of rationale away.

He did not expect things to turn out this way!

He thought Anne would be here to bring Sarah away, and that was it.

He could feel that this was the end of the world for Anne.

He looked at Mr. Marwood subconsciously. Under the overcast sky, he exerted such intimidating pressure.

"Anne, you are saying that..." Bianca wanted to stand up for Anthony but was interjected harshly by Anne.

"Shut up!"

Bianca was shocked. Her eyes were glaring with fire, her fists clenched by the sides of her body, and she did not even realize that her fingernails were digging into her flesh.

Anne did not even take one look at Bianca. "Is your woman more important than your children? Why have I not noticed that you are such a lovesick boy? Do you really not know how evil Bianca is? Really,

you think that the kids' allergy reaction was an accident? Had I given birth to the triplets for you to ruin them?"
