Chapter 101

She thought of what Alyssa had just done here with “Luther”, and her eyes flashed jealously: “Why are you still with Luther? Don’t you know that you are married? You deserve to be admired. Karl ignores you!”

Isabel’s words hit Alyssa’s seven inches.

Alyssa’s complexion changed slightly, but she was not to be outdone: “Even if he doesn’t care about me, I’m still Adams’ daughter-in-law, and you? If Hunt’s bankruptcy, what are you?”

Alyssa’s face turned pale, and pointed at her sharply: “Shut up!”

Although Isabel was pampered with lawlessness at home, she also knew that she could play unscrupulously outside because of Hunt’s family behind her.

Although Hunt’s is not a big company in Rostenvel, it has been founded for many years and has a solid foundation. There are also many old companies with fixed cooperation, and it has some reputation in the industry.

Mr. Hunt founded the Hunt’s Company back then, and he has a very good relationship with people. Even if he had gone abroad for retirement ten years ago, most of the companies in the Rostenvel would still give Colin some face.

The Hunt’s family also had some foundation, but compared with the Adams’ family, it seemed trivial.

Isabel was used to squandering, naturally, she didn’t dare to imagine what kind of life she would lead after Hunt’s bankruptcy.

“If you have time to quarrel with me here, you might as well think of a way to solve the Hunt’s crisis.” Alyssa knew that although Hunt’s would be severely injured this time, it would not go bankrupt. She just said to scare Isabel. That’s it.

Isabel and Colin had a quarrel, and they were in a bad mood. After hearing Alyssa’s words, she cursed directly: “When will it be your turn to teach me b!tch!”

On the contrary, Alyssa was not angry at all, turned her head slightly, and asked her with a smile: “My sister, don’t you know that we have the same blood? I’m a b!tch, what are you?”

“Alyssa!” In addition to being arrogant and domineering, Isabel can be said to be useless, and even quarrels can’t quarrel with Alyssa.

With a daughter like Isabel, Alyssa began to sympathize with Colin a little.

Alyssa turned and walked a few steps before being pulled by Isabel: “You stop me!”

Isabel was wearing a coat that seemed not cheap.

Alyssa glanced, and involuntarily gathered her coat, she really admired Isabel’s perseverance.

Isabel was actually quite cold, but she couldn't lose her momentum. She was a bit taller than Alyssa in eight-centimeter high heels, but it was not obvious.

She lifted her chin and gave a natural command tone: "Give me the phone number of 'Luther'."

Alyssa frowned slightly, suspecting that she had heard it wrong: "Whose phone number?"

This woman just scolded her as a Sl*t, and now she is so arrogantly looking for her phone number called "Luther", who is giving her face?

"Of course it's Luther!" Isabel repeated it again, her tone already impatient: "You are useless and can't let Karl go out. Of course, I have to find a way by myself!"

So, what she thought of was to find "Luther"?

Alyssa sneered: "Go and ask him for it yourself."

"What's your attitude? Even if you don't help Hunt's ruthlessly and unjustly, you don't even want to give a number. Don't forget that your surname is Hunt too!"

Isabel's remarks were righteous, and there was no guilt on her face.

The smile on Alyssa's face deepened, but her expression became colder and colder, and her soft voice became a little colder: "Of course I will not forget my surname."

All the disasters in the young half of her life were due to her surname, and they were all contributed to by this surname.

"How could I forget my surname Hunt?" Alyssa's voice became softer again: "Sister, you want the phone number of 'Luther', I can't tell you, but I know he often Go to Best Day."

Even if she hates "Luther" for such privacy issues as her phone number, she cannot easily tell Isabel.

However, she can reveal to Isabel that "Luther" often goes to Best Day.

Isabel will not necessarily meet "Luther", even if she does meet him, the probability of success is too low.

In fact, to put it plainly, Alyssa just wanted to make "Luther" some trouble.

Who made him so shameless!

â€¦

After work at night, "Luther" did not come to pick her up.

But the night came.

It started to rain in the evening, and it was already dark in the rainy weather.

Alyssa got into the car and said, "It's not that you have already said that, you don't need to pick me up and down."

"It was Sir who asked me to pick up Madam. He said that it is not easy to take a taxi on rainy days.

Smith was a little anxious lately, he didn't dare to come to pick up Madam, for fear that he would say something wrong in front of her, and show his feet, and it would not be easy to explain to the boss.

Alyssa looked suspicious: "Are you talking about Luther?"

Could it be that "Luther" said before that he would come to pick her up in the evening because he knew it would rain tonight?

Smith reacted a bit before responding: "Yes."

Alyssa's heart is actually quite soft. She thought of telling Isabel his whereabouts in the afternoon, and asked with some guilty conscience: "What about others?"

"Sir has something to do and went to Best Day. He said he won't go home for dinner at night." If Sir is not busy with anything, it is estimated that he will pick up Madam himself.

Alyssa felt a little in her heart.

Wouldn't it be such a coincidence that he would be met by Isabel?

Smith saw Alyssa's anxious face from the rearview, thinking she was caring about the Sir, so he said, "Boss is going to deal with some business affairs, and he won't be home late."

Alyssa nodded absent-mindedly and didn't notice what Smith called "Luther".

After Smith reacted, she was shocked and sweated.

Back home, the villa was empty.

As soon as Alyssa entered the door, she looked around subconsciously, not knowing what she was looking for.

She went upstairs and changed her clothes a little irritably, and went into the kitchen to cook.

"Luther" was not at home, and Karl's whereabouts became a mystery like an invisible person, so she could just cook her own meal.

During the meal, she didn't know what was wrong, so she called Rachel to find out if Isabel had gone to Best Day.

"Mom, have you eaten yet?" Alyssa tried to hide the eagerness in her tone.

Rachel's tone sounded a little bit of surprise: "No, I'm about to eat. Your father and your sister are still talking in the study, waiting for them."

"Oh! this way, I'm just asking, you eat first, and goodbye." Alyssa hung up the phone, and she was relieved.

On the other hand, even though Rachel felt that Alyssa's call was a bit sudden, but when she thought that Alyssa still cared about her so much, her mood improved involuntarily.

At this moment, Colin and Isabel just came down from the stairs.

She hurriedly walked over: "Come and eat, the dishes will be cold."

Isabel glanced at her: "Stop eating, I want to go out."

Rachel only noticed that Isabel changed her clothes and put on delicate makeup.

"Where are you going, it's the night!"

"Don't worry about it, of course, I am going out to do business." Isabel glanced at Rachel, took out the mirror, and took a photo, satisfied with her makeup.

She didn't believe that "Luther" could refuse her sexual advances.

Chapter 102

Best Day Senior Club.

Karl came out of the box and took out his cell phone to call Smith.

"Received her?"

Smith: "The young lady has been safely sent back to the villa."

"Ok."

Karl hung up the phone and planned to go to the bathroom, but when he turned around, he was hit by a waiter carrying curry rice.

The curry rice soup was all spilled on Karl's clothes.

Upon seeing this, the waiter was shocked, shaking his body, and quickly apologized: "Sir, sorry, sorry!"

Karl's eyebrows were twisted into a knot, but he didn't scold the waiter, so he turned and left.

As Best Day's behind-the-scenes boss, Karl also left a room here. When he was not married before, he came here to deal with things and sometimes lived here directly when it was too late.

However, after getting married, he basically never lived here.

Toiletries and change of clothes in the room.

He entered the room, took off his shirt, and turned to look for clothes in the closet.

His gaze fell on a Navy blue shirt, and he was about to reach out for it, but he felt someone approaching behind him. He paused slightly, turned his head violently, and strangled the neck of the man behind him as soon as he reached out.

"Who!"

The slender touch under his hands proved to be a woman.

Karl lowered his head and saw a familiar face.

Isabel's makeup is charming, even if he pinches her neck fiercely, she resists her face without changing it, but she looks at him like a silky eye: "Mr. Adams doesn't know that girls are very weak, so should you pity this lady? I'm almost out of breath!"

After she finished speaking, she snorted coquettishly.

Because the next moment, "Luther" threw her out of the room directly, he looked at her with disgust, his expression gloomy: "Get out of here."

This time, Isabel was determined to win and seduce "Luther". Naturally, she would not give up so easily. She got up from the ground and wanted to get closer to "Luther".

But "Luther" had been prepared for a long time, and when she drew aside lightly, Isabel fell to the ground.

Karl took out his mobile phone and dialed the number in the security room: "There is a crazy woman here, come up and drag her out"

After he finished speaking, he closed the door and quickly changed his clothes.

Of course, Isabel was unwilling to be dragged out like this. When the security came, she had been struggling: "He is my boyfriend, let me go!"

Karl had changed his clothes and came out. He looked at the security guard coldly: "Why is this woman still here? This little can't be dealt with, Best Day needs to change the security."

Although the security guards did not know that Karl was the boss of Best Day, but they also knew that those who could open a room in Best Day for a long time were either rich or expensive. Such distinguished guests could give advice to Best Day's management and fire them.

The security guard no longer relented and dragged Isabel away. Before leaving, he respectfully bent over to apologize to Karl: "Sorry, sir, for your inconvenience."

Karl didn't speak. The security guard was about to leave, and he was suddenly stopped by him: "Send her to the police station, just say she is a harasser."

Security: "!"

He has been working on Best Day for several years. This is the first time he has seen a male guest who is serious about telling a woman who has harassed him!

But this distinguished male guest took it for granted.

"Okay, I understand."

Isabel had never been trampled by a man so ignorantly. She was unwilling to pull Alyssa into the water: "It was Alyssa who told me that you would be here tonight. She asked me to stop you here. You treat her so well. , She didn't take you seriously!"

The security belt quickly covered Isabel's mouth and hurriedly led her away.

Karl narrowed his eyes with a gloomy expression, and said softly, "Alyssa!"

Back in the box, Peter saw his ugly face and asked him aloud, "What happened?"

Karl said solemnly: "There should be a new group of people in the club."

The waiter who bumped into him before must have been bought by Isabel with money, and Isabel would know his room, so she thought of ways to buy it with money.

The characteristic of Best Day Club is to pay attention to privacy, but now it seems that many employees in the club have lost their basic professionalism and need to be corrected and eliminated.

At the end of the meal, Peter found that Karl was still sitting still.

Didn't Karl want to go home impatiently after work? Even if there are other things to do, they will go back directly after they are done.

Peter felt a little puzzled: "Why are you not leaving?"

"You go first, I won't go back today." After Karl finished speaking, he stood up, picked up the jacket on the back of the chair, and walked out.

Peter scratched his own hair and guessed to himself: "Is this a quarrel?"

â€¦

After Alyssa had eaten, she went back to the room and lay on the bed, tossing about and couldn't sleep.

Although it has been confirmed that Isabel has not gone to Best Day, for the time being, she can't completely relax her mind if "Luther" does not return.

She always involuntarily pays attention to the sound of car engines.

But until twelve o'clock, she did not hear the sound.

In other words, "Luther" has not returned yet.

She took out her mobile phone irritably, trying to make a call to him, and hesitantly swiping her finger on the screen, but finally, she didn't dial out.

She thought of "Luther", and the more she thought about it, the more she felt a little guilty.

She couldn't hold back and fell asleep until midnight.

The next day.

Alyssa didn't sleep well all night but got up in the morning like a ghost.

She went downstairs and couldn't help but ask the bodyguard who guarded the door: "Did Luther come back last night?"

The bodyguard shook his head: "No."

Alyssa's heart sank slightly.

On the way to work, she still mustered up her courage and took out her mobile phone and called "Luther".

The phone rang several times before "Luther" answered.

"What's the matter?" His voice was hoarse as if he had just woken up.

Combined with the usual wake-up time of “Luther”, Alyssa knew that he had no habit of lying in bed.

“No, nothing, accidentally pressed the wrong button, you continue to sleep!” Alyssa hurriedly hung up the phone.

Biting her lip and thinking, she won’t really be succeeded by Isabel, right?

Thinking that “Luther” might have been asleep by the side of Isabel, Alyssa felt badly deserved and even felt a little regretful.

On the other side, Karl hung up and smiled slightly.

Can’t help but call him?

Then make her nervous for a while.

Karl was in a good mood and hit the inside line: “Get me a cup of hot water.”

He didn’t turn on the heating in Best Day last night and had a cold.

Chapter 103

When Alyssa arrived at the company, the first thing she did was to find Isabel.

However, when she went, there was no one in Isabel’s office.

Alyssa asked her assistant: “Manager Hunt hasn’t come yet?”

The assistant shook his head.

Alyssa’s mood became more complicated.

How should I put it, if “Luther” really had something to do with Isabel, she would feel like flowers stuck in cow dung.

“Luther” looks arrogant, but after spending the past two months together, Alyssa feels that his private life is still quite simple, not as chaotic as Isabel’s.

â€¦

Because of the exposure of the factory, Hunt’s reputation in the market plummeted, and online discussions were fierce. When others mentioned Hunt’s, it was a scolding.

It has been forty-eight hours since it was exposed. If you don’t want to solve it, things will only get worse.

The public relations department came forward and did not suppress this matter. Perhaps because the movement was too loud, the company came forward to negotiate with the platform, and the platform did not agree to collect money to suppress the hot topic.

Hunt family is now in a very passive state.

At noon, Alyssa heard the news that Hunt’s had already announced that a press conference would be held in the afternoon.

But Isabel never came to the company, Colin called her to his office.

Colin has been very anxious for the past few days. He looks like he is ten years old, with a lot of gray hair.

As soon as he saw Alyssa, he hurriedly greeted her: “Alyssa, I have sent someone to help you find the black card. The company decided to hold a press conference in the afternoon, and then you ask Karl to come forward and help us. As time passes, this matter will be resolved smoothly.”

Alyssa ignored the later words: “Did you find it?”

It was in Colin’s hands, but he was unwilling to hand it over at this time, and even lied to her that he sent someone to look for it. This was obviously because he wanted to empty the glove white wolf.

Of course, Alyssa would not be fooled.

“Isn’t this looking for? I should be able to find it. The most important thing is to solve Hunt’s urgent need first.” Colin sank his face, not satisfied with Alyssa’s reaction.

Alyssa didn’t have the patience to spend any more time with Colin. She smiled slightly: “That black card is the secondary card from Karl’s hand. He knows every purchase. Yesterday he asked me what I spent recently. If I bought something with too much money, let me return the card to him, otherwise, he would directly freeze the bank account.”

In the face of the person surnamed Hunt, Alyssa now tells all lies.

Colin paled immediately. They had indeed been using the money on that card recently. If Karl wanted to check the accounts, he would be easy to find out once he got to the bottom of it.

Although Alyssa was still kept in the dark, Karl might not be that easy to deceive.

And what’s happening right now is not just a question of funding, but of course, the most important thing is to solve the problem of the factory.

He was too anxious before, and he was moved by Isabel, and when he turned his head, he completely forgot about Karl.

He was finally getting scared now.

“I will definitely send someone to help you retrieve the black card as soon as possible.”

“Thank you, Dad.”

Not long after Alyssa left, Colin called and told her that the black card had been found.

Acting for the full set, Alyssa looked grateful, and then asked: “How did you find it, where are the two kidnappers?”

Colin was vague: “Arrested by the police.”

“I will definitely beg Karl. The Hunt family’s affairs are my own business.” That’s strange.

Colin believed that it was true, and said with satisfaction: “It’s all up to you.”

â€¦

In the afternoon, Hunt's held a press conference.

Alyssa hid in the pantry to watch the live broadcast of the press conference.

"Hunt's is an old company in the Rostenvel. It has been in business for so many years and has been trusted by consumers. It was discovered that this kind of thing, as the chairman of Hunt's, what do you want to say now?"

Colin looked haggard and guilty: "This is my dereliction of duty. We have failed everyone's trustâ€¦"

Probably because Colin arrived in advance, the first half of the press conference was normal.

In the second half, a reporter suddenly asked: "Some people on the Internet say that Hunt's is a mud pit, making fake and shoddy products. The current chairman's ability is not as good as your father, and your two daughters have a chaotic private life. An enthusiastic hype, and your son who is studying abroad, drag racing, and taking drugsâ€¦ Do you have anything to say about these things?"

"puffâ€¦â€¦"

Alyssa just drank the water from the mouth, and it spewed out.

Passionate about hype, is she talking aboutâ€¦?

She remembered that the last time she let the paparazzi sneak a photo, Colin asked her to admit that she was hyping in front of the mediaâ€¦

These reporters are really pervasive.

During the live broadcast, Colin's complexion suddenly became very ugly, and she could feel his embarrassment across the screen.

Self-inflicted, it is probably Colin.

As for the hype, she has a clear conscience.

â€¦

When she got off work, Alyssa finally saw Isabel.

Isabel's complexion was terrifying. When she saw Alyssa, she gave Alyssa a fierce look: "b!tch!"

"Everyone knows that the Hunt family has a Miss Isabel who has a messy private life and has s3x everywhere, who is cheap?" Alyssa said with a sneer.

Isabel was detained in the police station for one night under the name of "s3x-harassment". She was just released. She accumulated all the grievances and spilled on Alyssa.

"You deliberately, right? You must have told Luther in advance what I was going to do, so he humiliated me like that!" Isabel's eyes were full of viciousness, as if she wanted to kill her.

Although Alyssa didn't know what Isabel was talking about, she also heard from Isabel's words that "Luther" was not successfully s3duced by her, but instead humiliated her.

However, Isabel would even count this kind of thing on her head?

Alyssa approached her and whispered to her ears and said, "Crazy? Take medicine if you are crazy, don't bite everywhere."

This scene fell in the eyes of others, as if Alyssa was talking to her gently.

"Alyssa, you S!t!" Isabel became angry all of a sudden, and she raised her hand to hit Alyssa.

Alyssa backed away defensively, letting her hands fall.

When employees come and go during work hours, this scene falls in the eyes of passing employees, and it becomes Isabel's fierce bullying of Alyssa.

People in the company have long been uncomfortable with Isabel.

Someone whispered: "She dares to come to the company after all this!"

"Isn't it! If she is still a department manager in the company, I will resign and I will be annoyed to see her."

"It just so happens that my contract has expired."

Isabel also heard what they said, and walked over to stop them aggressively: "What do you mean, this is my company, why don't I dare to come!"

Chapter 104

When the few employees saw Isabel doing this, they detoured to avoid her and hurried out.

One of them seemed to be displeasing to Isabel a long time ago, and when she left, she pretended to inadvertently lift her foot to block her in front of Isabel.

Seeing that they were leaving, Isabel wanted to pull them, but she didn't notice her feet.

So she just fell to the ground in public and gorgeously.

Isabel fell heavily to the ground, her whole body hurts, she stretched out her hand and tried two times without getting up, and exclaimed in a hurry, "I want to fire you all!"

Didn't you hear those people who just said they wanted to resign? I'm afraid I won't wait for her to be fired.

Alyssa swept away, and saw Colin coming here from the elevator entrance, turning his steps, and walking to Isabel: "Why is my sister so careless? It hurts because of the fall, how cold the ground is, I will help you stand up."

Isabel shook her hand away and pushed her a bit, with little force: "Don't be kind."

Alyssa took the opportunity to fall to the ground, and then stood up silently.

Colin had already walked over and said in a deep voice, "What's the matter?"

“Dad!” Isabel was favored by Colin. She was detained in the police station for a day and night. She was so aggrieved that she started crying when she saw Colin.

Colin had been annoying enough in the past few days. Isabel said that she would seduce “Luther” to ask him to help, but she got herself to the police station.

Only then did he realize that it is impossible to rely on Isabel to help the Hunt’s family, and Alyssa may be more useful.

“Get up by yourself, look at yourself, what does this look like!” Colin glanced at her, then looked away, he felt too embarrassed.

Alyssa reached out to help Isabel again at the right time, and said pleasingly, “Sister, get up!”

“Get out of the way, don’t touch me with your dirty hands!” Isabel waved her hand away without even thinking about it.

Alyssa retracted her hands calmly.

I don’t know whose hands are dirty.

Colin now has to rely on Alyssa to help the Hunt’s family. It is too late to please her. Hearing Isabel’s words, he immediately scolded her: “How do you talk to your sister!”

“Dad!” Isabel already got up from the ground: “What’s wrong with you?”

She remembered that Colin didn’t like Alyssa before, but he actually scolded her for Alyssa now.

“Well, let’s go back first.” Colin didn’t want to say more here.

He used to think that his daughter should be pampered, and she can do whatever she wants, but a series of things that happened recently made him feel that Isabel has indulged too much.

Alyssa said aloud: “Then I will go back first.”

Colin looked at Alyssa, his expression softened suddenly: “Okay, you go back, go back and have a good talk with Karl.”

“It is good.”

Alyssa came out of the Hunt’s family, and the expression on her face constricted, and the area between her eyebrows became a bit tired.

It wouldn’t be a big deal if Colin could be so cruel to her all the time, but it would be even more chilling to think of using her when he needed.

Alyssa came home and saw “Luther” sitting on the sofa in the lobby.

Alyssa was a little surprised: “Are you back?”

“Yeah.” Karl looked up at her and noticed that her expression was not different, and her mood suddenly became very bad.

Alyssa didn’t realize this: “Then I’m going to cook.”

She went to the kitchen with her forefoot, and then sent documents to the villa later in the evening.

Seeing Karl on the sofa, asked Smith, "Boss, I will put these documents in your study?"

Karl didn't say anything, and turned around consciously Smith to take the file up.

As a result, Karl said quietly at this moment: "Smith, if you don't go home one night, won't your wife lose her temper at you?"

When Smith heard this, he paused and said, "Sir, I'm already divorced."

Karl raised his eyes to look at him: "When did it happen?"

Smith and his wife have a very good relationship. In the past, he would bring his wife a lot of things every time he went abroad for business.

"Half a year ago." Smith obviously wouldn't say much about this kind of thing.

He remembered that he had heard from Peter before that boss did not go home last night, and combined with Karl's question, he naturally understood.

He hesitated for a while, and decided to remind his boss: "Sir, your current identity is 'Master', and if the 'Master' returns home at night, it seems that it has nothing to do with the young lady."

Only when his words fell, he saw Karl's face suddenly sink.

When he bowed his head, what he said was the truth.

Karl sullen his face and looked at him coldly: "You can go now."

Don't let people tell the truth?

Karl really couldn't hear such words the most now.

While eating, Alyssa found that "Luther" rarely used his chopsticks, and was always looking at her.

Alyssa touched her face: "What's wrong with you?"

As a result, "Luther" just glanced at her coldly, turned around and went upstairs, not even eating food.

Alyssa looked inexplicable.

After she had eaten, she suddenly received a call from the landlord's wife.

The landlord is a middle-aged woman who speaks harshly: "It's time to pay the utility bill. When will you come over?"

"I haven't lived there this month. There is no utility bill, right?" She has been living in the villa recently. The house there is rented in advance and cannot be returned before it expires. It has been empty.

When the landlord heard what she said, she was not happy: "Nonsense, your house was still lit last night!"

Alyssa was shocked, could it be a thief?

She stopped arguing with the landlord, and just said: "Okay, I'll be here tomorrow."

Early the next morning, she took a leave of absence and went to the place where she rented a house.

When she reached the door, she tentatively stuck to the door and listened for a while, and found that there was no movement inside, so she opened the door and went in.

As soon as she entered, she was stunned, and the room was in a mess.

There are various instant noodle boxes and snack pockets on the floor, and there are game consoles on the table.

Where is the thief? This is something weird invaded. She doesn't even have a place to go!

At this moment, a slightly immature voice came from behind her: "Who are you?"

Alyssa turned her head and saw a thin young man standing at the door. His small curly hair looked messy, but the long white hair was very delicate. It was so beautiful. Because she had been with "Luther" for a long time, she glanced at it. It can be seen that the clothes on this boy are the same brand as the one that "Luther" often wears.

"I'm the tenant of this house, who are you?" The boy looked like he was about fourteen or fifteen, and Alyssa dropped his guard.

"Oh." The boy walked in, naturally put the things in his hand on the coffee table, and sat down on the sofa, as if there was no one else in his own house.

As if feeling Alyssa's gaze, he looked up at her: "You are pretty, do you have a boyfriend?"

"Iâ€¦!" Alyssa was about to speak, only to realize that the problem now was to figure out who this little boy was.

Alyssa saw that he was so exquisitely dressed, and guessed that he might be a child who ran away from home, and asked concerned: "Why do you live here? Where are your parents?"

The boy ignored her words: "My name is Luther, what is your name?"

"?????"What?

Luther?

Seeing Alyssa's shocked face, the boy showed a bit of distress: "Hey, I have something to do with the Adams' family in Rostenvel, but you don't need to be so surprised!"

Chapter 105

Alyssa was more than surprised at this time, she was shocked.

She walked up to the boy and asked him seriously, "What is your relationship with the Adams' family?"

"Relationships." The boy looked indifferent, and then added very vigilantly: "But if I don't kiss the Adams' family, I have no money!"

This kid moved into her house without permission, but now he is on the alert. Is she afraid that she will kidnap him and ask Adams' for money?

"Are you really called Luther?" Alyssa warmly complimented him: "How many of you in Adams' family is called Luther?"

"What are you doing?" The vigilance in the young man's eyes was deeper, but because of his young age, his immature appearance did not seem to be deterrent.

Although she doesn't know how the child entered her room and lived in grandiose, but I can feel that it is not a foolish child.

When he spoke, he carried a unique accent. It was obvious that this child should have lived abroad for a long time.

All signs indicate that he may be running away from home!

Alyssa smiled: "Kid, you ran away from home? You are not used to living in this kind of place, right? I'll go to Adams' family to find someone to pick you up? How about it?"

He stared, and was anxious: "No! I finally came out!"

Sure enough, guessed right with her.

"You know that there is a crime in the Criminal Law called the crime of illegal invading a house?" Alyssa couldn't deal with the big "Luther" at home. This little Luther was more than enough to deal with.

Mr. Luther's face changed when he heard the words, a flash of panic flashed in his eyes, and he said loudly: "Luther is the only one in our Adams' family!"

He lives abroad most of the time, and occasionally returns to the country for vacation, but he is unfamiliar with the country where he lives in the country, and he is a little afraid of Alyssa's threat.

After Alyssa heard his words, the expression on her face became a little dazed.

If there is only one in Adams' family, then who is the big "Luther" in the family?

She stared at Mr. Luther in front of her for a while, Mr. Luther was so hairy by her: "What's wrong with you?"

Alyssa was about to speak when the sudden "coo" sound interrupted Alyssa's thoughts.

Mr. Luther glanced at her awkwardly, and then pretended to be ferocious and said loudly, "What are you looking at? You haven't heard the sound of being hungry!"

The person named "Luther" has a really bad temper.

â€¦

In the restaurant, Alyssa watched Mr. Luther eat three bowls of beef noodles.

The place where she rented a house was a slum in Rostenvel, so there were no decent restaurants nearby, but there were quite a few small flies.

Mr. Luther was a bit disgusted at first, but maybe he came in with her because he was too hungry.

As soon as he sat down and took a sip, his eyes lit up.

As the saying goes, taking shorthands can eat people's mouth softly. After Mr. Luther ate three bowls of noodles, Alyssa asked him what he basically said.

"I lived in Australia before, and I wanted to play professional e-sports. My mother wouldn't let me go, and didn't give me money, so I ran away! You can't tell the people from Adams' family that I am here. Otherwise, they will catch me back!"

"Playing games? Shouldn't you study hard at your age?"

Mr. Luther corrected her: "What is playing games, is that not a career? E-sports industry! This is my dream!"

Alyssa poured cold water on him: "But you are only fourteen years old."

Although she doesn't know much about the people who play games in the e-sports industry, she knows that if Mr. Luther really wants to do this, she will at least get the legal working age.

Mr. Luther snorted and raised his chin while holding his arms, looking very arrogant.

Alyssa wanted to laugh a little, she thought this kid was quite funny.

Alyssa tapped her fingers on the dining table twice, and said casually, "Who is Karl?"

"My cousin, isn't he famous among you?" After he finished speaking, he suddenly thought of something, and said in a tone of 'I'm good for you': "Although he is rich and handsome it's okay, but he's already married, so don't make your mind."

Alyssa noticed the keyword in his tone: It looks okay.

The rumored Karl was disfigured and impotent. How could he look good?

Seeing Alyssa's suspicious face, Mr. Luther's expression suddenly changed: "You forget what I just said!"

The family told him that he could not talk about his cousin in front of outsiders.

But he just said it without paying attention! But this woman looks very cheating, should she be okay?

But Alyssa didn't have the mind to pay attention to what Mr. Luther said.

All the things that puzzled her after she married into Adams' house during this period of time could be explained reasonably.

"Luther" has never appeared at the same time as Karl.

"Luther" lives in the master bedroom.

Smith often spends time with "Luther".

At that time in the restaurant, he was only surprised when she fell in the arms of "Luther" and then retreated.

Black card, that expensive car!

“Luther” unscrupulously frivolous her again and again!

Being able to enter and exit Karl’s villa freely, and not Karl’s cousin “Luther”, then he could only be – Karl himself!

This thought shocked Alyssa and couldn’t recover for a long time.

She couldn’t sit still anymore, got up, and ran out.

Seeing that she was leaving, Mr. Luther quickly got up and followed up: “Where are you going, you!”

Before he finished speaking, Alyssa’s figure had disappeared.

He touched his full belly contentedly, scratched his little curly hair and muttered to himself: “At least lend me some money before leaving!”

!

Alyssa directly took a taxi back to the villa.

She entered the door aggressively, caught a bodyguard and asked, “Is Luther there!”

The bodyguard stammered: “! not here.”

Alyssa went to the study and bedroom, but there was no “Luther” as expected.

Karl was “ugly and impotent.” This is something that the entire Rostenvel knew. Everyone thought that, even Isabel pushed Alyssa into the Adams’ family in order to escape the marriage contract.

And Alyssa naturally believed that Karl was an “ugly and impotent” man, and did not doubt the truth or falsehood of the rumors.

So when she saw “Luther”, she never thought that he might be Karl himself!

She preconceived that Karl was not a healthy person. Even if she felt a little suspicious for the past two or three months, she had never thought about it.

Until she met “Little Luther”, although the child looked strange, it didn’t seem to be a lie.

She has gradually calmed down now, instead of rushing to confront “Luther”.

She must first confirm whether “Luther” is Karl, if it is!

Then play slowly with him.

Chapter 106

AdamPic Media.

Karl was in a meeting when the phone on the conference table suddenly vibrated.

He lowered his eyes to look at the phone, and with a single glance, the cold expression on his face eased.

Immediately, he picked up the phone and walked out of the conference room.

As soon as he left, the high-level people underneath who hadn't dared to make a splash became active and asked Peter: "Mr. Grant, who called the president?"

"Who could it be? His wife!" Peter could guess that Alyssa was calling him without looking at Karl's cell phone.

"The president also has a wife?"

"That's not true. People with a temper like him can also find a wife. I haven't even"

"

Closing the door of the meeting room, Karl answered the phone.

Before he could say anything, Alyssa's voice rang: "Where are you going to work? I'll give you lunch at noon."

Her voice was originally soft, but at this time she deliberately slowed down her tone, which seemed a little gentle.

Does Alyssa want to give him a lunch box?

Did he hear it wrong, or did she take the wrong medicine today?

"You are at home?"

"Yes."

"Then I'll come back to eat."

"It's okay." Anyway, her purpose is not to give him food.

"

At noon, "Luther" came back on time

Alyssa brought the soup to the table and saw him enter the restaurant.

"It's just time to come back, you can eat." Alyssa had not taken off her apron, she stood at the other end of the dining table and looked at him with a smile.

Karl was slightly stunned, he felt that Alyssa today was a bit weird.

But he didn't show it. He glanced at her calmly, then sat down and started eating.

Alyssa found that "Luther" was very attentive when doing anything, even eating, as if only the dishes in front of him were in his eyes, and he would not look at other things.

Alyssa took out her mobile phone from her pocket and took a clear profile photo of "Luther".

"Luther" seemed to turn his head to look at her, her eyes as deep as ink seemed to be able to see through.

Alyssa was worried, he probably didn't realize that she shot him!

As a result, "Luther" just asked: "You don't want to eat?"

"I'm not too hungry yet, you can eat first," Alyssa said as she took off her apron and went out.

After Luther left after eating, Alyssa also went out.

She took the bus to the rental house, and when she left, she brought a lot of food at home.

Mr. Luther was spreading out on the sofa to play a game, with a bag of torn potato chips on hand, and the potato chips were scattered everywhere.

"Have you had lunch?" Alyssa picked up things on the floor as she walked towards him.

Mr. Luther raised her eyes and glanced at her: "No."

Alyssa felt that the child was too naughty, and because of playing games, he ran away from home across the ocean.

"What do you plan to do if I don't come? Don't contact family, plan to starve to death here?"

Without raising his head, he said: "It's impossible to starve to death. The big deal is to rob the bank."

The tone is still very serious.

Alyssa: "â€!"

Finally, after playing a game, he opened the meal that Alyssa brought him and started to eat. After taking two bites, he suddenly raised his head with a look of surprise: "I will eat at this restaurant next time!"

Alyssa pointed to the corner of his mouth and motioned to the rice grains there, "I made it myself."

He reached out his hand and touched the corner of his mouth, and then said astonishingly: "Be my girlfriend!"

Alyssa: "â€!"

Seeing that Alyssa didn't speak, he took the initiative to say: "Although I am very poor now, when I play professional games, I can make money to buy you bags, clothes and cosmetics. Think about it."

Women like to buy these things, his mother is like that, buying and buying every day.

That serious tone made Alyssa dumbfounded.

"Don't talk nonsense, I'm already married." Alyssa said, turning the phone to the picture of "Luther" taken earlier and showing him: "Do you know this man?"

Mr. Luther only took a look and said, "My cousin, where did you sneak a photo of him?"

After speaking, he said in a panic: "Where is he? I treat you as a friend, and you let him arrest me and take me back!"

"No!" Alyssa felt that the child responded very quickly: "Which cousin of yours?"

“Karl! My mother and his dad are brothers and sisters, and he is just my cousin!” After he finished speaking, he lowered his head to pick up rice, and said vaguely: “It’s delicious, you divorce your husband and be my girlfriend. Your husband asked you to live in this kind of place. He must have taken the money to raise a mistress. You divorce him early. I am young and handsome with unlimited potential”

The shock and anger in Alyssa’s heart broke her strength instantly after hearing what Mr. Luther said.

“What do you know child!”

He continued to speak for himself: “Although my cousin looks okay, he has a bad temper and is very terrible. People like him can’t find a girlfriend. I heard that his wife is an ugly monster, hahaha”

Alyssa’s face turned black all at once, and she said blankly: “Are you going to keep going like this? When will you contact your parents?”

“I won’t contact them unless they let me play the game.”

“They will be anxious!”

“No, they are used to it, so I will go a little longer this time, and take a longer time to attract their attention and response.”

“” Alyssa didn’t know what to say.

Turned out to be a habitual offender running away from home.

His parents are also casual.

He is only a half her age child, and she is not good at telling “Luther” about him now, and she can’t really leave him alone, so she can just look after him temporarily.

On the way back, Alyssa received a call from Colin.

“Alyssa, how are you talking with Karl? When will he come forward to help us?”

Alyssa sighed and said, “There was so much money missing on the black card. He thought I had spent too much money, so he took the black card back, and he didn’t want to see me all day.”

“This is not good, you must let him help us.”

“I will try my best, Dad, don’t worry.”

“Of course I can rest assured. After all, you are a filial child, especially to your mother! She has been used to an easy life these years. If the Hunt’s family fails to recover, I don’t care, but I can’t bear to let your mother live on that kind of diet every day!”

Colin, like Rachel, thought that Alyssa cared about Rachel, so he deliberately said this so that Alyssa could help him with all his heart.

Alyssa paused, her tone sounded a little moved: “Well, I understand.”

After hanging up the phone, Alyssa snorted and put the phone back into her bag.

Want her to ask Karl to help the Hunt family? impossible.

Chapter 107

After returning to the villa, Alyssa sat by the window holding the computer, while writing a manuscript, watching whether there was a car coming back outside.

It was not until nightfall that she saw a black car approaching.

The driver got out of the car, opened the door of the back seat, and "Luther" walked out of it.

Alyssa had good eyesight, and she recognized Smith who was driving at a glance.

Smith was Karl's assistant, but he often helped "Luther" drive.

"Luther" got out of the car and confessed a few words with Smith, and Smith nodded respectfully and listened.

Taking advantage of this gap, Alyssa took out her mobile phone and sent a text message to the "Karl" number.

After sending the text message, she noticed that "Luther" raised his head and looked towards her. Fortunately, her curtains had been closed and only a slit was exposed.

After he glanced here, he said something to Smith, then lowered his head and took out the mobile phone from his pocket

The distance is too far, Alyssa can't figure out what he is looking at.

However, her hearts suddenly accelerated, jumping extremely hard.

Mr. Luther's words and various signs indicated that "Luther" might be Karl, but Alyssa still couldn't believe it was true.

She didn't even dare to confront "Luther".

This thing is ridiculous!

"Luther" is a very cautious person. If he is really Karl, he will receive her text message just now. In this way, it is normal for him to subconsciously look in the direction of her room after receiving the text message. Up.

In order not to arouse his suspicion, Alyssa changed into home clothes, messed up her hair, and lay on the bed pretending to sleep.

Before long, someone knocked on the door.

"Alyssa."

Alyssa's mood fluctuated all day long, and her nerves were tense. She was groggy and about to fall asleep when she lay down on the bed. She heard someone call her.

Not so clear in her mind, she walked over and opened the door in a daze, "Who?"

As soon as the door opened, "Luther" stood at the door.

Karl looked at her up and down, watching her squinted and lacking energy, frowned and asked, "What's the matter? Are you not feeling well?"

Alyssa woke up all at once, and the voice she talked with was hoarse when she first woke up: "No, I am sleeping."

She was wearing a pink house suit with a kitten pattern. Her long hair was a bit messy, and her white face was blushing. She looked a little soft and cute.

Karl thought again that she had specifically called to give him a lunch at noon, and his expression became even more relaxed. Even the deep voice was mixed with an inexplicable gentleness: "Then you sleep for a while, I will let someone do it. I'm ready to call you."

"â€¦ Hmm." Alyssa stared at him blankly. It was the first time she saw such a gentle "Luther" without a sense of sharpness.

Karl looked at her dazedly, and couldn't help it. He stretched out his hand and rubbed her head indiscriminately, pushing her in: "Go on to sleep."

Until Alyssa lay back on the bed, she still didn't react.

She abruptly sat up from the bed and scratched her hair a little irritably.

Why did "Luther" say something softly, so she really went back to bed and lay down?

She felt she was sick!

Out of an inexplicable mentality that "must face 'Luther' in order to be normal", Alyssa got out of bed, opened the door and went out.

As she passed the study, she reached out and knocked on the door: "Karl, are you there?"

The next moment, her phone vibrated.

It was the text message sent to her by Karl: something?

Alyssa texted him back: Are you in the study?

There was an "um" word back.

Alyssa stared at the simple "um" word, her hand holding the phone was suddenly tight, her lips tightly pressed, and then she sneered.

All afternoon, she stayed by the window, until at night, except for "Luther"'s car, no other cars drove into the villa.

How did Karl come back?

Flying?

Got in from under the ground?

Alyssa had an impulse, she wanted to rush into the study and tear up the mask of "Luther".

No wonder Karl, who never shows up in front of outsiders, can be so close to a "cousin", not only allows this "cousin" to live in his house, but can also tolerate this "cousin" taking possession of his wife under his cheap nose.

"Luther" would take the initiative to provoke her who was so "ugly" at the time, and there was a reasonable explanation.

Marrying a wife who he has never met before, most men will go to see what this newlywed wife looks like, only to find that the newlywed wife doesn't know him, so she will be wrong and let her admit her mistake.

Having nothing to do, he teased her as a "cousin" and saw her jumping with anger. He was very proud, right?

Alyssa bit her lip to see who is proud to the end!

â€¦!

While eating, Alyssa sat opposite to "Luther" and looked at him from time to time while eating.

When she felt that he was looking at her, she flew back and took her gaze back, picking food for him: "It's so hard at work, you eat more."

"Luther" ate the meal quietly, without saying anything.

Alyssa knows that the most beautiful place on her body is her eyes. Tina once said that when she looks at a person intently, she seduces them immediately.

He is very happy to tease her as a "cousin"!

If his wife really likes "cousin", she should cuckold him, don't know if he will feel happy.

However, "Luther" is quite determined.

Usually everything is fine to tease her, give her a kiss, and now she takes the initiative to attack, but he is as stable as a mountain, without giving her an extra look.

This made Alyssa a little discouraged.

Until the meal was over, "Luther" slowly wiped his hands with a towel, and slowly said, "My cousin has been staring at me like this? Has she finally figured out and want to follow me?"

"Yeah." Alyssa was waiting for his words, and continued with kindness: "You are so good-looking and you are so good to me. You are much better than your cousin. Even fools know who to choose. I was too stupid before, but fortunately I figured it out now."

After Alyssa finished speaking, she got up and walked behind "Luther", tilted her head and kissed him on the cheek, feeling that he was stiff, she curled her lips and exhaled in his ear. : "I'll go back to the room and take a shower!"

She said the word "bath" very lightly, and the ending sound was lingering, expressing an invitation.

Alyssa is not very good at this kind of thing, she can't say anything like "I'll wait for you at night".

When the voice fell, she felt the air pressure around her suddenly became very low, which made people feel suffocating.

Are you angry? The angry is still behind!

Alyssa quickly withdrew and walked out, and when she walked to the door, she turned her head back to "Luther" and showed a wistful look in her eyes.

"Luther"'s face suddenly changed.

Chapter 108

As soon as Alyssa came out of the restaurant, she ran upstairs quickly like a ghost chasing her, and returned to the room.

Closing the door, she leaned on the door and reached out and patted her chest.

It's no wonder that "Luther" always likes to tease her if nothing is wrong, and run away for excitement!

After calming down, Alyssa carefully locked the door before going into the bathroom to take a shower.

She didn't really want to do something with "Luther".

Even if he is Karl, so what?

â€¦

At night, "Luther" did not find Alyssa.

The next day was Saturday, and Alyssa was still thinking about Mr. Luther. She couldn't take him food in the morning, so she ordered breakfast takeaway for him.

Don't know how he solved it during the dinner yesterday.

The child's idea was too big, if it were her own son, she would definitely break his leg.

However, on the other hand, this child is also quite courageous.

After Alyssa ordered him takeout, she opened the door like a thief and went out.

She walked to the side of the guardrail in the corridor on the second floor, turning her head around, looking for the figure of "Luther" in the living room.

After confirming that "Luther" was not in the living room, she breathed a sigh of relief and was about to turn around. She could not help hearing the faint voice of "Luther" behind her: "What are you looking at sneakily?"

Alyssa was so frightened that she took two steps back subconsciously, but behind her was the guardrail, she had nowhere to go back.

“Luther” is also just getting up, and may not have any plans to go out today, so he wears home clothes. The texture of the home clothes is soft-the soft style is loose, which reduces the sharpness of his body a lot, and the whole person looks elegant And expensive.

Of course, the question is that he does not speak.

“Luther” took another step forward, the distance between the two of them was less than five centimeters: “What have you done wrong, afraid who will find out?”

Alyssa could even feel the temperature of his skin.

Alyssa pursed her lips, and involuntarily grasped the guardrail behind her, seeking a sense of security.

When she raised her head again, the expression on her face could not find a trace of panic. In the beautiful cat’s eyes, there was a fascinating smile-a human smile, and the tone was light: “What have I done wrong, I am afraid of being discovered. Don’t you know it best?”

Karl’s eyes darkened and his tone was bitter: “You were still stubborn with Karl before, come to me now, you women are really fickle!”

Although Alyssa is not used to being held by a man like this, her current identity is a woman who has fallen in love with “Luther” and wants to find him, so naturally she can’t take her hand back.

She looked at him with a smile: “How can this be fickle? As long as a woman with a clear mind, she will make the same choice as me.”

After a pause, Alyssa stood on tiptoe and leaned into his ear and said: “I think you men are more fickle. You always came to provoke me before, but now you send me to the door, but you say I am fickle. Are you all so cheap? Don’t send me to the door, but the more you can’t get them, the more you want to provoke them?”

Alyssa wanted to scold him a long time ago, she had never had such a joy before!

Karl hadn’t heard that this woman had cursed him in a different way, but what he could not figure out was that this woman was not normal these past few days.

She seemed to want to find him on purpose, but when he approached, she clearly felt her whole body tense and stiff.

Could it be that she wanted to help him to help Hunt family?

As soon as this idea came out, he denied it.

Last time she was kidnapped because of Rachel, she had completely given up on that family.

Seeing “Luther” kept silent, just staring at herself with a deep complexion, Alyssa’s heart retreated, and when she was about to pull her hand out, she heard “Luther” said in a low tone: “It seems you are right there is a deep misunderstanding about the three words “send to the door”. I will go to Best Day tonight and let you see what the real “send to the door” is.”

After he finished speaking, he held her hand to his lips and kissed lightly, gently curling his lips, revealing a meaningful smile.

Since this woman wants to play, play a big one.

Alyssa was stunned.

This is different from what she had imagined. He was quite angry just now. Why did he suddenly change his s3x?

“Luther” this man is too deep in his mind, and most people can’t figure it out.

Alyssa started to regret it a bit, she always felt that she might steal the chicken and lose the rice.

â€¦

“Luther” did not stay at home long before leaving.

She was too lazy to cook at home, so she bought ingredients and went to the rental house.

Mr. Luther was playing games again. He was half lying on the sofa with a pile of rubbish on the table in front of him. He was completely an internet addict.

Alyssa patiently took the trash can and collected half of the garbage, and then stood before him with her hips akimbo: “Aren’t you out of money? Why can you eat so many snacks every day?”

“I bought it when I came, and all the money is used to buy snacks.” He said, and sighed: “I lived with my mother before. She didn’t let me eat snacks or play games. Of course I have to eat enough now!”

It’s a bear kid.

Alyssa put the dishes she brought on the counter, and asked him while choosing the dishes: “What did you eat last night?”

“Beef noodles.” After he finished speaking, he added: “The noodle restaurant you took me to yesterday.”

“How can you eat if you have no money?”

He took it for granted: “Keep the bill, remember to give it to me when you go back.”

“Does the boss know you well? Give you credit back?” Alyssa felt that she was an eye-opener.

“What’s the matter? He even told me to eat at noon today.”

“â€¦” Alyssa didn’t know what to say.

The Adams family’s genes are good. Whether it is the big “Luther” in the family or the little Luther, the bear child in front of her, they all look good. The other children who are still half-old will sell a cute outfit with this face. Poor is too deceptive.

However, he asked her to pay him back so naturally, is it too arrogant?

“Luther, I am not obligated to pay you back.”

“Anyway, you will be my girlfriend in the future, I spend your money now, and I will spend all the money I earn from playing professional e-sports in the future.”

Three sentences are not separated from playing games.

"I'm married!" Alyssa was a little dumbfounded.

Mr. Luther stood up and stretched, and said, "I'm so handsome, you will definitely get divorced because of me and leave your husband."

After speaking, he took a picture in the mirror next to him, exclaimed and said, "I am so handsome."

Alyssa: "â€!"

Chapter 109

Alyssa and Mr. Luther left after eating.

But before leaving, she made a three-chapter agreement with Mr. Luther, not to mess up the room, not to go on credit, and not to run around.

Mr. Luther disagreed at first, and Alyssa smiled coldly: "Believe it or not, I will tell Karl you are here?"

"No one can see him."

Alyssa's smile deepened: "I can take pictures of him."

Mr. Luther nodded with humiliation, and then asked curiously: "Who are you?"

"I won't tell you."

Mr. Luther: "â€!"

â€!

In the evening, Alyssa received a call from "Luther".

As soon as she opened her mouth, he said, "Dare to come?"

Only then did Alyssa remember what he said this morning.

Alyssa gritted her teeth and said, "I'll be there soon."

She went back to the room and changed her clothes, and set off for Best Day.

When Alyssa arrived at the gate of Best Day, she met Peter.

Peter saw Alyssa with a happy expression, his small eyes cast straight behind her: "Alyssa, why are you here? You came alone."

"Don't look, I'm here alone." Alyssa certainly knew that Peter was watching if Tina came with her.

The smile on Peter's face became somewhat reluctant.

Of course he knew that Tina was already promoting the new movie, and that Tina and Alyssa had a good relationship, so after seeing Alyssa, he couldn't help but think of Tina.

Peter walked in with her side by side: "Are you here to eat or find someone?"

After changing her mind, Alyssa said in a natural tone: "I'm here to find Karl, he asked me to come."

"Karl? I know which box he is in, I'll take you!" Peter realized that something was wrong when he said this.

His complexion became stiff, and he explained to Alyssa unnaturally: "I mean!"

"I know, 'Luther' is Karl. I know everything, and he has told me everything. You won't have to cover it for him anymore."

Alyssa's expression and tone were so natural that Peter believed her words without too much doubt.

After all, he also felt that Karl still cared about Alyssa, and it was a matter of time before the two confessed to each other.

Thinking about this, Peter still felt a little envious: "This is also pretty good!"

The last trace of doubt in Alyssa's heart was also completely removed. "Luther" was Karl.

Karl was not disfigured, was not impotent, and was not as cruel as the rumors told about him.

The rumors are all false.

The Karl who she thought was innocent and victimized but has been ridiculed and despised by people does not exist.

There is only one Karl in this world. He is healthy and handsome. He is a wealthy boy standing at the top of the Pagoda of Gold.

He didn't need her pity at all, he could even play with her and laugh and applause.

"Yes, it's good."

Alyssa's tone remained the same, but her heart was cold.

Karl played a dual role, deceiving her round and round, treating her wanton and frivolous when she got up, then quickly pulled away and sat on the wall.

He even threatened her with "Karl" again and again.

If she was not the one who was deceived, she really couldn't help but admire his methods.

"Karl is right here." Peter took her to the door of the box, and said that he would push the door.

Alyssa stopped him in time: "Peter, others don't know about Karl and I, don't tell me!"

Peter was puzzled at first, and then he showed a clear expression: "I understand, what about the fun of husband and wife, Karl usually has a bad temper and a cold face. In fact, his heart is quite hot-hot, he is stuffy-Sao.!"

Alyssa didn't speak, but could only use a smile to cover up the stormy waves in her heart.

She turned and pushed the door into the box.

The box was very large and there were a lot of people in it. The light was dim. Alyssa stood by the door and looked around, but could not find Karl.

Until a man came up to talk to her: "Beauty, do you want someone to play with?"

Alyssa didn't speak, and walked straight in.

The people here are all rich brothers, who were so neglected by Alyssa and lost face. Naturally, they felt unhappy. They reached out to pull her, but were stopped by a hand that came out of thin air.

The man is tall and straight, his face is solemn, and his eyebrows are sharp like unsheathed swords, as if he would be pricked in a hole when he saw it.

Karl looked at the man in front of him blankly, with a gloomy voice: "This woman has a man."

At first sight, Karl was a nasty person, and the person yelled "I'm sorry" and ran aside.

"You are usually not at home, so come to such a place to be happy?" Alyssa just took a cursory look, and has seen several pairs of male and female cats touching each other in the corner, and just put them on the ground.

"How come?" Karl said quietly, "I have been thinking about my cousin."

Go to his mother's cousin!

Alyssa gritted her teeth and resisted the urge to curse, and softened her voice: "It's really touching."

"If you feel moved, remember to study hard later."

When the voice fell, Alyssa felt a solid arm wrapped around her waist.

Karl took her to his arms, hugged her directly, and sat down in a dim corner behind the box.

This corner happens to avoid the light. If other people don't pay attention, they won't even know that there is someone sitting here.

Alyssa didn't know what trick Karl was going to play, but she soon knew.

Not long after they sat down, someone entered the box again, and they were still acquaintancesâ€”Norris.

As soon as Norris came in, he was dragged to sit down.

Then someone sent a woman in.

As soon as the woman came in, she sat next to Norris, and then she sat closer, and finally sat directly in Norris's arms.

Norris pushed the woman halfway, and didn't push the woman away, and put his hand into the woman's clothesâ€”!

Alyssa turned her head to the side, and she felt hot after another glance.

The Karl on the side suddenly said at this moment: "What? Is it sad to see the person you like holding another woman?"

Alyssa was in a bad mood. When Karl asked her this way, she naturally replied: "Yes, I am very sad."

She understood Karl's purpose in looking for her. He thought she had some connection with Norris, so he let her see Norris doing this with other women.

nausea!

Norris made her feel sick, as did Karl!

After she finished speaking, she felt the chill radiating from the man beside her.

She curled her lips, leaned forward and hugged him, with a soft tone: "Just kidding, you are the one I like now."

Alyssa said as she stretched out her hand and slid down his chest!

Until, her hand slid under his belly.

She pressed it lightly, held the mass through the cloth, and said softly: "It seems that you also like me very much, but just touch it to get such a big reaction."

Chapter 110

Alyssa clearly felt Karl's body froze, and even his breathing became heavier.

When he kissed her before! it seemed to have had this reaction.

Did he react at that time?

! This man is simply a hooligan!

Fortunately, the lights in the corner were dim, and Karl couldn't see her blushing face, otherwise he would laugh at her.

Suddenly, with a big hand covering her hand, Karl's low and dull voice sounded in her ears: "Don't shake, hold on."

When she took the initiative, she just wanted to show Karl a good look. Now that Karl said that, the shame came up from the bottom all at once, and she wanted to withdraw her hand.

Karl didn't give her this opportunity. He held her hand, and the other free hand hugged her slender waist. The two people hugged each other intimately like a couple.

As if he didn't feel her retreat, he said complimentingly: "Your learning ability is very strong."

Alyssa bit her lip, couldn't pull her hand back, she squeezed hard in a panic.

Karl snorted, tilted his head and kissed her neck. His voice was hoarse, and the vagueness was a little bit intolerable: "Be lighter!"

His voice didn't sound uncomfortable at all, on the contrary, it was full of enjoyment.

Alyssa was in a dilemma at the moment, her heart was abrupt, and she moved her dexterous fingers twice before directly unzipping the zipper of his suit pants!

Then she stretched her hand in.

This may be the boldest and most extraordinary thing she has ever done in her 22 years of life.

Karl originally wanted to tease her, but he didn't expect her to be so bold.

Through the pants, he can bear it.

But now he might not be able to help it.

"Alyssa." Karl called out her name, expressing a warning, but it was difficult to conceal his desire.

Know you are afraid?

Alyssa is now completely guilty of evil, and she is willing to go out without fear.

"Mr. Adams, is it irritating to do this kind of thing with the cousin in the box?" Alyssa's hand movement was very rusty, and the malicious provocation in her tone was not concealed.

After knowing the existence of Mr. Luther, when she faced Karl, she couldn't call out the word "Luther", especially at this time.

Before Karl married Alyssa, he hadn't been close to a female body. When he played with Alyssa, it was a man's instinct. This was the first time!

The woman's hand was too soft, and the fire in his heart grew stronger and stronger, and he jumped straight up, realizing that he was on the verge of an outbreak, and he snorted Alyssa coldly: "Take your hands out."

His voice was so calm that he didn't feel like a man immersed in desire.

Isn't it said that when men are controlled by desire, they don't think about other things at all?

But he can actually suppress himself and withdraw so quickly!

"Oh." Alyssa responded and let go of her hand.

However, when she took out her hand, she suddenly reached out and touched and squeezed the top.

She didn't believe that he really didn't feel at all!

The next moment, Alyssa's hands were stained with hot and humid sticky liquid!

Alyssa froze, her voice could no longer remain calm, with a noticeable trill: "What's thing?"

Karl's tone was terribly calm: "What you want."

Alyssa was so stiff that she didn't dare to move.

Karl helped her take out her hand.

With the dim light, Alyssa saw the white liquid in her hands.

Karl lowered his eyes, took his coat from the side and put it on his lap without saying a word, leaning over to get the tissue box.

At this moment, Alyssa had already recovered, her lips pressed tightly, and she vigorously wiped the liquid from her hand onto Karl's suit jacket.

Adhering to the idea of "Don't make her sick by yourself", she gritted her teeth and rubbed Karl's customized suit everywhere.

She knew that when Karl went out later, he wanted to cover it with a coat before going out.

She won't let him do what he wants!

This bastard man!

Karl watched her finish this before slowly saying, "Satisfied?"

Alyssa grabbed the paper towel and wiped her hands severely, and said while wiping, "I am not very satisfied with Mr. Adams' performance."

After a pause, she gently spit out four words: "Time is too short."

As soon as the voice fell, Alyssa stood up quickly, and quickly avoided Karl to grab her hand.

She smiled triumphantly at Karl, and she showed her hand hidden behind her, with a mobile phone in her hand.

She just took out the mobile phone from Karl's pocket.

"Mr. Adams previously praised me for my strong learning ability, I guess you won't mind if you give it a hand as a reward." Alyssa smiled like a sly fox.

Without a cell phone, Karl would not have the opportunity to ask someone for help, let's see how he goes out like this!

Karl's face was dark, watching Alyssa walk out triumphantly.

Looking down at the situation on his body, his complexion became even more gloomy.

He had never been so embarrassed before, and he did not expect to fall into the hands of a woman.

With a calm face, he took out a cell phone from the other pocket and called Smith: "Bring a coat here."

It's impossible for a person like Karl to have only one mobile phone. What Alyssa took was his personal mobile phone.

!

Alyssa left the box and ran to the bathroom quickly.

She washed half a bottle of hand sanitizer before leaving the bathroom. If it weren't for the fear that Karl would find her, she could wash it for a while.

After all, that man Karl was very capable.

She didn't dare to return to the villa after leaving Best Day, but there was no other place to go.

The rental house was occupied by Mr. Luther, and she could only live outside.

Alyssa walked aimlessly outside. When passing an Internet cafe, she saw Mr. Luther at the door.

Alyssa took a closer look and found that it was indeed him: "Why are you here?"

"I'm here to play games." Mr. Luther was very happy to see her: "Where are you going, let's play games together."

Alyssa shook her head repeatedly: "I don't."

"Come, you were kicked out of the house by your husband anyway."

"Huh?" Where does she look like she was kicked out of the house by her husband?

"Otherwise, you wander around the street at night, walk-in."

This kid has a strong logical ability.

Alyssa finally followed Mr. Luther into the Internet cafe, and watched him flicker the boss to open a double room.

One watched a movie, the other played a game, and the two spent the night like this.

Early the next morning, both of them walked out with thick dark circles under their eyes.

Mr. Luther was a child, and it was when he was full of energy, he was still very energetic to talk to Alyssa.

But Alyssa couldn't do it anymore and yawned without much energy at all.

However, when she went out of the Internet cafe and saw Karl waiting at the door with Smith and a group of bodyguards, her mind instantly became sober.
