Chapter 1101

Alyssa looked up, staring at Anya with a cold look.

Facts proved that her idea was correct.

After so many years, Anya was still as uneasy and unkind as before.

Anya didn't know what happened to Alyssa, she just didn't want to make her happy.

There is a kind of person who just makes unreasonable trouble and annoys people.

Anya in front of her was just such a person.

Seeing her doing this, Alyssa closed the door with her backhand.

Alvin's people had come to check before, if she went back, wouldn't it be worth the loss that she was here?

She couldn't leave anyway, so she simply closed the door and faced Anya.

Maybe it happened to be able to escape those people and just escaped.

"I'm not in a hurry, let's sit down and talk." After Alyssa said, she looked up and looked inside: "There is a waiter inside, you can let her go, we can talk here."

After Alyssa finished speaking, she walked to the sofa by the floor-to-ceiling window and sat down, as if she wanted to have a long conversation with Anya.

Anya stopped Alyssa from letting her go, but actually just took a look at her anxiously begging her.

But Alyssa was not at all anxious now, and even seemed to have a long conversation with her, which made Anya very uncomfortable.

This is not the result she wants to see.

But Alyssa said so, if she didn't sit down and chat with Alyssa, she would lose face.

At this moment, the waiter who was cleaning the bedroom inside just came out.

She saw Anya and Alyssa outside and was stunned: "Two young ladies!"

Anya took out Best Day's membership card and threw it to the waiter: "You go out first and I will renew the room."

"but!"

The waiter wanted to say something more, but Anya yelled back coldly: "If I let you go out, then go out!"

The waiter didn't dare to say anything, and walked out after receiving the membership card.

As soon as the waiter left the room, he met Peter who came over.

The waiter nodded slightly and called out: "Mr Grant."

Peter also heard that there were guests looking for someone here, and there was a lot of noise, so he came to take a look.

Looking at the cleaning cart being pushed by the waiter, he asked, "Is the room cleaned?"

The waiter shook his head: "No, the guest has to renew the room temporarily."

"She wants to renew room after retiring?" Peter frowned slightly, and suddenly came back after he had retired and said that he would renew the house. This actually did not meet the requirements.

"Yes." The waiter handed Anya's membership card to Peter: "This is the guest's card."

Peter took it and saw Anya's signature on it.

Peter sneered: "People from Adams' family."

"Go ahead." Peter waved his hand at the waiter: "I'll take care of this."

The waiter left in a hurry as if he was getting amnesty.

"Anya!" Peter tapped his forehead lightly with a membership card, curled his eyebrows and muttered to himself: "Who is it!"

Basically, the Adams' family was supported by Karl alone. Except for Karl's father and grandfather, he was not familiar with the rest of the Adams' family.

However, this Anya had a bit of an impression, as if she was a host, and also from the entertainment industry.

Peter knocked on the door after remembering who Anya was.

If it's normal, this matter is fine, but he happened to be here today, of course he has to come and see the situation.

After Peter knocked on the door twice, he stood at the door and waited for the people inside to open the door.

Chapter 1102

The waiter in the room had just left, and the door was knocked again.

Hearing the knock on the door, Alyssa was shocked. Could it be that the waiter found out that she was the person Alvin was looking for, so he went to find someone as soon as he went out?

Once this idea came out, Alyssa felt that the possibility was great.

She could even imagine that Alvin was already guarding the door with a group of people.

The more she thinks about it, the more she thinks it is possible.

Anya was already in a bad mood sitting by Alyssa, and when she heard a knock on the door, she became even more annoyed: "Knock on the door again and complain to you!"

Nothing goes well all day.

After Anya roared, she looked back at Alyssa, her tone was extremely awkward: "Looking at your current state, you must have a bad life."

"It's okay." Alyssa looked at Anya up and down, and said kindly, "It's not as good as yours."

Although Anya was born in a side branch of the Adams' family, she was far from Karl, but she was also far richer than ordinary people.

Besides, Anya is a well-known host, and the money she has earned is enough for her to spend lavishly.

If you want to say, Anya's life is already a height that many people can't reach in a lifetime.

Besides, Alyssa felt that she had indeed been doing badly recently.

She was taken to do experiments, she was used and threatened, her freedom was restricted, her body was so bad!

Everything went wrong.

Still extremely bumpy.

Anya didn't expect Alyssa to just follow her words and admit that she did not live as well as her.

Alyssa said this straightforwardly. Not only did Anya lose her superiority, she felt that Alyssa was laughing at her.

Anya looked at her with a bad expression: "Alyssa, I didn't expect that after so many years, you still talk like this."

Alyssa asked, "How?"

"There is a knife in the words." After Anya finished speaking, she added: "It makes people sick."

Alyssa was not surprised by Anya's description.

Anya had a bad attitude towards her from the very beginning. Later, she didn't give her something to express kindness, but to please Karl.

She is very clear about Anya's personality.

Therefore, when Alyssa heard her, not only was she not angry, but she said, "Me too."

After listening to Alyssa's words, Anya didn't react for a while, with a trace of doubt in her eyes, but she didn't bluntly ask what Alyssa meant.

Alyssa explained to her kindly: "The feeling I see you with is the same as the feeling you see me with. You feel disgusting to see me, and I am not happy to see you."

"You!" Anya was so angry that she couldn't speak.

Alyssa just watched her with a quiet smile, calm and stable.

Anya got angry and went around the room twice.

She couldn't speak to Alyssa, so she didn't talk with her swords and knives. After a round, she walked to Alyssa and stood still.

Alyssa raised her head to look at Anya, with a very generous "say it if you want" appearance.

Anya was angry, she was obviously standing and Alyssa sitting, but she didn't have the feeling that she could overwhelm Alyssa from her aura.

When Alyssa looked at it so generously, she didn't feel confident.

She hated this feeling and decided to fight with her quickly.

Anya asked straightforwardly: "You really divorced the third brother?"

The smile on Alyssa's lips deepened a bit, and finally started to talk business with her.

She responded slowly: "Yes."

Chapter 1103

Legally speaking, Alyssa did divorce Karl and was no longer a legal couple.

Over the years, whether it is the relationship between her and Karl, it has been divided and combined.

Suddenly looking back, she discovered that she and Karl hadn't had many days of real peace and stability in these years.

"Then why did my third brother entrust Adams' to you? Since you have divorced my third brother, you must have a little self-knowledge in your heart. You are no longer a member of the Adams family. You still have the face to hold the Adams' group in your hand?"

Anya spoke righteously, as if Alyssa had done such a rebellious thing.

If it weren't for Anya's reminder, Alyssa would have forgotten, Karl disappeared before playing, and gave Adams's to her with great fanfare.

She took over Adams passively, but she didn't know anything about company management, so she was basically dealing with these things with the help of Smith.

When she was tired and annoying, she would find Karl sneering.

"This matter!" Alyssa said lazily, "It's been so long before you came to me? It seems that you are not so caring about Adams' family."

"If I could find you then, I'll wait until now,!" Anya seemed to realize that what she said was a bit shameless, so she gave Alyssa a look and fell silent.

Everything was a mess at the time, and Alyssa didn't think why the other people in the Adams' family didn't come to her to trouble her.

Now it seems that Karl had made arrangements to keep the so-called Adams' family members out of the door, so that they had no chance to trouble Alyssa.

“It’s not impossible now, isn’t Karl already back, can you just go find him?” Alyssa looked at Anya with a smile, she expected that Anya would not dare to look for Karl.

In Adams’ house, no one was afraid of Karl except for the dead father.

To deceive the good and fear the evil, the persimmon picks softly.

This is human nature.

Therefore, after finally meeting Alyssa, Anya would naturally not give up this opportunity.

“What’s the use of looking for him, he is not Adams’ big boss now, you are.” When Anya said this, she felt a little lack of confidence.

Alyssa didn’t bother to expose her, and said in a serious manner: “That’s right, what do you mean now, what do you want to do?”

“Separate from Adams’ shares and return it to us.” Anya waited for her to say this, speaking with confidence.

Alyssa repeated her words: “Give you back?”

“Yeah.” Anya raised her chin slightly, making herself look confident.

Alyssa smiled, and in Anya’s confident expression, she slowly said two words: “Dreaming.”

“Youâ€¦!” Anya’s eyes widened: “don’t toast or eat fine wine!”

“My health is not good, I don’t eat toast or fine wine.” Alyssa watched Anya madly calmly.

It even added fuel to the fire.

“At first, when Adams’ was in Karl’s hands, you couldn’t get anything. Now that Adams’ is in my hands, do you think you can get oily water from my hands?”

“Dreaming, I am more stingy than Karl, don’t dare to take away the things in my hand.”

“Alyssa, people can’t be too arrogant, things will happen sooner or later.” Anya’s gaze swept across Alyssa’s body: “Why are you here alone? You still look so weakâ€¦! Are you terminally ill?”

Chapter 1104

Alyssa looked at Anya calmly.

In fact, Anya was half right.

Although her physical condition seems to be getting better now, there is too much uncertainty.

Wilfred has given up on experimenting with her, which shows that there is indeed a big problem with her body.

“Care about me for a while, and Adams’ for a while, are you sick?” Alyssa realized that she has been able to gain the upper hand in her tongue over the years.

Maybe it was trained by Karl.

She hadn't seen Karl for a long time.

Anya was probably too numb by Alyssa. She didn't get angry after hearing Alyssa's words. Instead, she said solemnly: "Alyssa, I think you are really weird. I don't want to care about you, and I stayed here and chatted with you for so long, what are you drawing from this?"

Alyssa lowered her eyes slightly when she heard the words.

What is the picture?

Of course, Anya can help her delay time, so that she can just stay here for a while, so that she will not be discovered by Alvin's people.

Anya wasn't completely brainless, she understood it all in her heart.

"It's nothing, I think it's fun." Alyssa turned her head and looked out the window, thinking about it: "You have been calling the 'third brother' on the left and the 'third brother' on the right. In fact, you haven't seen it for a long time. Karl, right? You may want to meet but never see."

The tone seemed casual, as if just saying casually.

Anya didn't bother to pretend: "You are both weird. The third brother gave Adams' to an outsider, and he is nowhere to be seen all day long, and there is no one in Adams's House. You can see it if you want?"

Alyssa stretched out her hand.

"What?" Anya felt baffled.

"Mobile phone." Alyssa glanced at her, her tone a little impatient.

Although Anya had doubts, she handed the phone to Alyssa.

Watching Alyssa take her mobile phone, she skillfully dialed a series of numbers on it and asked, "You want to call the third brother?"

Alyssa followed her ending and answered: "You don't even have the phone number of your third brother."

Anya glared at her, but didn't say much.

On the surface, Alyssa had been staring at the phone screen, but the corner of her eye had been watching Anya's reaction.

Judging from Anya's reaction, Anya did not see that Alyssa was actually just wanting to borrow a mobile phone to make a call.

Not only that, Anya stared at Alyssa nervously: "Is it connected? You turn on the speakerphone."

Alyssa glanced at her, leaving her alone.

Anya had to sit next to Alyssa and listen to the phone.

Anya looked a little nervous, but only Alyssa knew that she was more nervous than Anya.

Karl.

You must answer the phone.

“Do you remember the number? Hang up, use your cell phone to call.” Anya was already a little impatient seeing that no one answered the call, and urged her to hang up and call with her own cell phone.

Where did Alyssa get the phone?

She can only hold it until the second when the phone is automatically hung up.

Probably because of the conscience, before the phone was automatically hung up, the phone that no one responded was actually connected.

“Hello!” a polite and serious voice.

Alyssa knew who this voice was from all at once.

“Smith?”

Hearing Alyssa’s voice at the other end, he paused and asked tentatively, “Madam?”

Chapter 1105

“It’s me, I’m in Best Day, Where’s Karl?” Alyssa tried her best to speak this sentence in a calm voice, while her other hand on her side was already tightly clenched.

Seeing that the phone was connected, Anya pushed Alyssa: “Turn on the handsfree.”

Smith also heard Anya’s voice and asked very cautiously: “Who is the young lady with?”

Alyssa followed Anya and turned on the handsfree.

“I ran into your Sir’s sister, Miss Anya by chance, and she said she wanted to reminisce with your Sir.”

Alyssa’s words provoke Anya’s eyes.

Alyssa didn’t care, she seemed to say a few words of no use, but he was a wise man at the time, and she quickly understood what Alyssa meant.

Although don’t know why Alyssa was in Best Day, she must be in trouble, and Peter has not been contacted yet.

As long as she can contact Peter, she will not use Anya’s cell phone to call Karl.

“Boss has been very busy lately, and I don’t have time to talk about the old. I will convey Miss Anya’s meaning to Boss.” Smith’s tone: “Is there anything else?”

Alyssa glanced at Anya.

Anya looked at Alyssa with contempt.

Smith’s voice came from the phone again: “Since there is nothing else, I will hang up, goodbye.”

Then came the sound of the phone being hung up.

Alyssa handed the phone to Anya.

Anya took the phone and snorted coldly: "I thought you could really let me see the third brother. It seems that you are nothing but that in the eyes of the third brother."

Anya really thought that she could invite Karl out to meet her this time.

As a result, Karl didn't even answer the phone, let alone make an appointment.

Seeing Anya's face was only a little disappointed, she didn't realize her true purpose, so she was relieved.

Acting in a style of Smith will definitely react quickly and make a response.

He will definitely contact Peter first, let Peter come to her first, and then he himself will arrange for someone to come in.

The uneasy heart finally settled down at this moment.

Alyssa now needs to wait quietly for Peter to find her, and there is no need to conflict with Anya.

Anya felt boring, she couldn't really do anything to Alyssa, and she had Karl's call on her mobile phone, so she got up and left with her bag.

At this moment, there was a knock on the door outside.

"What's the matter? I just continued the room. As for keeping knocking on the door, what do you want?" Anya walked towards the door angrily, still muttering: "I must complain today!"

Alyssa didn't walk as fast as Anya, and slowly stood up and looked at the door.

It should be Peter, right?

At this time, Anya had already opened the door.

Standing outside was a group of people who looked like bodyguards, who were not Best Day staff at all.

Anya frowned: "Who are you?"

The leading bodyguard handed her a photo: "Have you seen this woman?"

The bodyguard who spoke was full of anger, even Alyssa, who had not yet come out from inside, heard his voice.

Find someone with a photo.

It was a woman who he was looking for.

It must be her.

Alyssa's expression changed, and she turned around and hid silently in the bedroom.

Anya looked at the person in the photo and exclaimed, "This is not!"

Thinking of something, she turned around and looked on the sofa by the window, where there was Alyssa's figure.

Chapter 1106

The bodyguards paid attention to Anya's reaction. Without giving Anya time to react, they pushed her away and rushed in.

Anya has never suffered such treatment under the aura of Adams' family.

She exclaimed with anger: "What are you doing!"

But she was completely ignored.

She was angry and didn't spread it anywhere. Seeing the look of these people's faces, Is Alyssa in trouble?

It's no wonder that Alyssa clearly didn't want to talk to her just now, and she stayed here for so long because she was hiding.

Although she didn't know what happened to Alyssa or who else she provoked, but when she thought of Alyssa using her to avoid trouble, and she didn't know anything, she was foolishly used by Alyssa like this. She felt especially depressed.

There is a feeling of being fooled.

Thinking of this, Anya also walked towards the room.

Those bodyguards who were looking for someone were searching for Alyssa in the room.

Although the suite is very spacious, there are not many places to hide.

Anya was puzzled. After looking around, she pointed to the bedroom and said to them: "Go to the bedroom and have a look. Maybe she hid in the bedroom."

The bodyguard heard her and ran to the bedroom immediately.

The leading bodyguard turned the doorknob and found that it couldn't move, so he turned his head and said: "The door is locked from the inside and it cannot be opened."

A strong desire for revenge-looking from the bottom of her heart, Anya pointed to the bedroom door and said, "Alyssa is inside. When you knocked on the door just now, she was still in the living room. She has no chance to escape. She is inside!"

The bodyguards looked at each other, and finally someone said: "I'll call Mr. Mann."

Although they were looking for her everywhere, Alvin ordered them early in the morning and asked them not to hurt Alyssa.

If they forcibly break-in at this time, they may hurt the people inside, so they have to explain the situation to Alvin before making a decision.

In the bedroom, Alyssa stood leaning on the door, listening to the movement outside.

She heard Anya's dialogue with them clearly.

This was also expected. She hadn't expected Anya to help her in the morning, so when she found out that the person who came was not Peter, she immediately ran into the bedroom and hid.

Peter may be on the way here, and the thing she needs to do most now is to delay time.

After Peter comes over, everything is resolved.

However, they are already calling Alvin. What if Alvin arrives before Peter?

Suddenly, there was a sound of footsteps outside.

The footsteps rose and fell, and it was obvious that a large number of people came and were gradually approaching.

Alyssa's body started to shake. Could it be Peter?

"You, so many people? It's very lively!"

A male voice sounded from outside.

Alyssa's face was happy, Peter's voice.

He deliberately raised the volume to let Alyssa know that he is coming, so that Alyssa could feel relieved.

Alyssa breathed a sigh of relief, and raised her hand to open the door, but heard another voice from far and near: "It's very lively, what's the good thing in this room?"

The hand that was about to open the door froze.

It was Alvin's voice.

The worst happened when Alvin and Peter's people collided.

However, on the bright side, this is Peter's site, and Alvin should not have the opportunity to take her under Peter's eyelids.

unless—

Alvin will take her away even if it makes a big mess and makes the city full of storms.

Chapter 1107

Alyssa's heart touched her throat.

Listening nervously to the movement outside.

Alvin entered the door and said: "It turns out to be CEO Grant."

Peter didn't let it go and sang with him: "It turns out to be Mr. Mann."

Alvin stretched out his hand: "Long time no see."

“Isn’t this just seen at the front desk before?” Peter stretched out his hand and shook his hand with a smile.

He knew what kind of banquet Alvin was here to host today, but how did he not know that Alvin’s shameless banquet was not a serious banquet at all, but an engagement banquet.

And still be engaged to Alyssa!

If Alvin succeeded in organizing the banquet, wouldn’t Peter’s sign be broken?

In the future, there is no face to see Alyssa and Karl.

Tina would definitely not let him go.

Thinking of this, Peter made his teeth tickled with anger, and the more he thought about it, the more mad.

Peter, who was thinking about it more and more angry, seemed to have a grudge when shaking hands with Alvin, and he couldn’t help clenching his hands tightly again.

Alvin is no better than him.

Peter held it tightly, and Alvin also held it tightly.

Moreover, Alvin was still chatting with Peter: “Didn’t you just see me? I didn’t expect to see you again so soon. I didn’t expect CEO Grant to be so concerned about my affairs. I am really moved.”

“Since you’re so moved, let’s have a drink together. It’s a rare opportunity. Mr. Mann should give me this face, right?” Peter said with a smile.

Alvin would have believed Peter’s words if he could not feel how painful his hand was pinched.

“The other day, I think this day is not suitable for drinking, or suitable for marriage.” Alvin’s expression was serious, and he wanted to get rid of Peter’s hand.

Peter is a sleek person. If you spend it here with him, Alvin’s good deeds will probably be ruined.

Alvin knew this better than anyone else.

Therefore, he does not intend to consume it anymore.

If you continue to consume it, he won’t be able to ask for it.

Peter naturally understood that Alvin didn’t plan to spend it with him anymore, but wanted to fight him.

But Peter continued to talk to him: “I went out today and looked at the almanac. It’s really not suitable for marriage. Besides, what’s so good about getting married? You can’t give up the entire forest for the sake of one tree, right? And—”

Alvin interrupted him directly: “Stop talking nonsense!”

When the voice fell, Alvin waved his hand, and the people behind him began to fight.

Peter knew that a fierce battle would be impossible, and he waved his hand: "Close the door! Don't let people in, don't let people out."

People can't let Alvin take it away, and fights are necessary, but Best Day will continue to do business in the future.

Fighting will affect business, so keep the door closed and fight.

Anya, who had been hiding in the theater before, originally wanted to take advantage of the chaos to escape, but now Peter ordered a bodyguard to walk over and close the door.

Anya was so frightened that her legs were soft: "You get out of the way, I want to go out."

The bodyguard also followed Peter for a long time, and glanced at Anya: "Hand over the phone."

Anya asked, "Should I let my mobile phone go?"

The bodyguard stretched out his hand impatiently: "Hurry up."

Anya was afraid of death, so many people in this room have already fought, and by the time they have no eyes, it was her who was really hurt.

After all, neither Peter nor Alvin can be provoked casually.

So she took out the phone.

Chapter 1108

After Anya handed over the phone, she said, "Open the door and let me go out."

The bodyguard put the phone in his pocket, and said blankly: "As Mr. Grant said just now, don't let people come in, don't let people go out, miss, please follow the rules of Best Day at Best Day."

"Youâ€¦!" Anya didn't expect a bodyguard to be so shrewd and unreasonable.

The bodyguard stood by the door and ignored Anya.

The main reason why he brought Anya's mobile phone was to prevent Anya from calling the police.

Anya was already in a panic right now, she didn't expect this at all, and only thought of this when she handed over her phone.

But it was too late. She had no other care, so she could only hide in a corner, hoping that she would not be hurt by them.

The inner bedroom.

Alyssa had been listening to the movement outside by the door. At this time, listening to the movement outside was getting bigger and bigger, she knew that there had been a fight outside.

She was tired from standing before and already sat on the ground.

Some have recovered by now.

She got up, reached out to turn the doorknob, opened the door a gap, and looked out carefully through the gap.

The whole room is full of people.

It should be possible to escape from the chaos.

Alyssa closed the door again, slowly, planning to rush out in a hurry.

It didn't take long before she opened the door again, and walked out without being noticeable, bowing gently.

She put the hat of the sweater on her head and walked slowly along the wall towards the door.

Anya has been shrinking against the wall for fear of being hurt, her eyes kept looking around.

Therefore, she was the first person to see Alyssa.

She felt that she would stay here now, all thanks to Alyssa.

Therefore, as soon as she saw Alyssa, she shouted in revenge: "Alyssa is here, she is out!"

Alyssa was almost at the door, and Anya's roar brought everyone's attention to Alyssa.

Alyssa was against the wall, unable to move.

"Grab her! Don't hurt her!" Alvin's voice sounded from the crowd.

There are too many people in the room, and Alyssa hasn't seen where Alvin is.

Immediately afterwards, Peter also said loudly: "Protect Alyssa! If she is arrested, don't want all of your year-end awards. Give me all the northwest wind for the New Year!"

As soon as Peter's words fell, his hands rushed up to Alyssa to protect her and stop Alvin's men who were coming to catch her.

Alyssa was protected by them, paused, and then walked outside against the wall.

Her legs are still not flexible, so she walks very slowly.

Anya took advantage of the chaos and came to Alyssa and blocked her way: "Where to go?"

Alyssa looked at Anya coldly: "Get out of the way!"

"No way!" Anya's gaze fell on her leg, her eyes full of unwillingness and malice: "What happened to your leg?"

After she finished speaking, she raised her foot and kicked Alyssa's leg hard.

"Huhâ€"" Alyssa only felt her legs numb, so she couldn't get any stronger, and fell to the ground with a muffled snort.

Anya squatted in front of her and said gloating, "Are you lame?"

Alyssa sat on the ground and looked at Anya coldly: "Did Alvin give you any benefit?"

“No.” Anya shook her head indifferently: “I don’t need any benefits. I just feel happy to see you in such a desperate look.”

Chapter 1109

Alyssa looked at Anya calmly: “Have I offended you?”

“Neither.” Anya smiled slightly, and then coldly said, “I just feel annoyed when I see you like this. It’s not a big deal if you don’t have a family background, but there are so many people guarding you. It’s from the Adams’ family, and more than that, I also—”

She seemed to have been depressed for a long time, and finally had an outlet to vent, pressing her throat and talking non-stop.

Alyssa interrupted Anya, staring at her eyes, and said with a clear expression: “So you are jealous of me.”

It is not an interrogative sentence, but a declarative sentence.

Anya’s words were so blunt, there was no need to have any doubts, Anya was jealous of her.

Jealous that Karl treats her well, that Alvin wants to marry her, and that Peter also protects her.

“Jealous of you? A joke, does Anya need to be jealous of you?” Anya seemed to be stepped on a painful spot, raising the volume and her voice was also very sharp.

Alyssa said calmly, “Now that it’s not jealous, it’s sickness. What does it have to do with you when others treat me well? It’s your turn?”

Anya snorted coldly: “You are sick!”

“I’m sick.” Alyssa looked down at her legs, with a calm face: “Did you stop me here deliberately because of the inconvenience of my legs and feet?”

Anya chuckled and couldn’t refute it.

Alyssa snorted, these people who grew up in a wealthy family are always arrogant. They don’t accept one or the other, and they don’t act very gloriously.

Alvin and Peter’s people have become a group, no one has the mind to care about Alyssa and Anya.

Alyssa walked so many times with strong support today, and Anya kicked her just now, her legs are now so sore that she can’t stand up, she can only sit on the ground.

If it weren’t for this, Anya was like this, she could fight two.

But the reality is that she was stopped here by Anya and couldn’t move.

Anya, who had been silent for a long time, suddenly said again: “No matter how much you say, you are just trying to excuse yourself. Your hypocritical appearance is really annoying.”

Alyssa gave her a white look: “Who is rare like you.”

Anya didn't have any reason at all, and her heart was a little guilty. On the other hand, Alyssa's calmness made her heart more frustrated.

She glanced over there, and after seeing Alvin, she stretched out her hand to drag Alyssa towards Alvin.

"What are you doing?" Alyssa was startled, frowning and looking at Anya.

She was leaning against the wall to rest, thinking in her heart whether Karl would send someone, but she was dragged like this by Anya.

"I'm helping you." Anya sneered: "Look at what you are like now. Alvin Mann wants you to be pretty good. Third brother hasn't come yet. Do you still count on him?"

Anya only thought of it at this time, she had always been afraid of Karl, and knew Karl's behavior style.

Although she didn't want to admit it, she knew from her previous contacts and later things that Karl was actually more concerned about Alyssa, but Alyssa had been here for so long, and she didn't see Karl coming. He really doesn't want her anymore.

Although Alvin is the son of Wilfred and has a good family background, he is a well-known playboy. He is now interested in Alyssa and it is just for fun.

When he gets tired of playing, he will kick her, which makes her happy if she thinks about it!

Chapter 1110

Although Alyssa didn't think much because of Anya's short words, she still felt a sudden pain in her heart after hearing Anya's words.

Anyone who knows Karl knows his style.

With Karl's understanding, he should have come long ago.

However, he has not come yet.

Even if Karl didn't come, she still had to protect herself.

Alyssa grabbed Anya's hand that was holding her, turned her head and took a bite on Anya's hand.

"Ah!" Anya cried out in pain, and threw away Alyssa.

Anya glanced at the bloody tooth marks on her hand, and stared at Alyssa fiercely: "You dare to bite me!"

Alyssa moved her arm that was sore by her: "I dare to bite again when you come back."

Anya was so angry that she wanted to slap Alyssa when she raised her hand.

Unexpectedly, the door was kicked open from the outside at this time.

Anya and Alyssa looked back at the door together.

The person walking in the front is all black, with a cold face like frost, full of evil spirits.

“Threeâ€¦ Third brother?” Anya watched Karl, who had been mentioned by her just now, appeared in front of her, and she couldn’t recover for a while.

Karl didn’t even look at her, and walked straight towards Alyssa, as if he hadn’t seen Anya and walked past her.

Anya opened her mouth. She wanted to talk to Karl aloud, but seeing his appearance, she did not dare to speak.

Karl walked to Alyssa and knelt down, half stretched out his hand and retracted it, and asked her calmly, “Are there any injuries?”

He was worried about Alyssa’s injury, so he didn’t dare to move her easily.

Alyssa shook her head, looking at him with a pair of cat eyes.

She hadn’t seen him for a long time.

Whether it was with Wilfred or with Clifford, she had never been afraid.

But when she saw him at this time, she realized that she was actually still afraid of not seeing him anymore.

Only then did Karl stretch out his hands and gently hugged Alyssa.

Alyssa held his neck and leaned in his arms without saying a word.

“Karl, you are finally here!” Peter came with a hint of excitement.

Fortunately, Karl came in time, otherwise he didn’t know how long he would spend here with Alvin.

Anyhow, he also preserved his reputation.

Seeing that Karl was coming, Alvin knew that what he was thinking about was going to be a waste of water, but he was still not convinced and wanted to go to Karl’s side.

Peter hurriedly stopped him: “Why do you go, let’s talk about it again.”

Alvin shook off his hand: “Who wants to talk to you!”

Peter laughed awkwardly: “I just want to tell you, why?”

He just pulled Alvin and prevented him from reaching for Karl.

“I’m leaving first, and I’ll look for you back.” After Karl said this to Peter across the crowd, he walked out holding Alyssa.

Anya followed out without giving up, watching Karl’s pace getting faster and faster after she left the door, she couldn’t help but cried out, “Brother.”

Hearing this long-lost unfamiliar name, Karl paused slightly and looked back at Anya.

Seeing that Karl finally turned to look at her, Anya was overjoyed and quickly walked to him: “Brother, how are you doing?”

She was very keenly aware that Karl's eyes flashed impatience, so she glanced at Alyssa: "There were a lot of people in the room just now, and I didn't have the opportunity to talk to you and Alyssa."

Alyssa looked at Anya, this woman was really brazen.

She originally didn't intend to care about Anya, but Anya was so shameless that she couldn't do it anymore.
