Chapter 1231

Alyssa didn't want to talk to Cathy, but Cathy wanted to talk to her.

Cathy didn't seem to notice her coldness. She opened her eyes wide and asked her curiously: "Miss Alyssa, will you and Mr. Adams get back together?"

"Miss Lee is so interested in my personal affairs with Karl Adams?" Alyssa's expression faded a bit again, her tone of voice was still gentle and calm, she looked like a person with a very good temper.

Cathy was inexplicably uncomfortable being scrutinized.

After she quickly got rid of the inexplicable discomfort in her heart, she threw off her hair and continued: "Just curious and just ask. You and Mr. Adams seem to be together often, but Mr. Adams did not announce that you are going to get back together. I don't know what Mr. Adams thinks, I'm just purely curious!"

What does Mr. Adams think?

What does her man think about others?

If it was Alyssa in the past, maybe because of these few words, she would have doubts about Karl, and would think of some messy things in her heart.

But after so many things happened, she knew that no matter what happened, in Karl's heart, she was always the most important.

Moreover, it is not that important for her to reunite.

Alyssa only responded softly, "Yes."

Yes?

Cathy looked at Alyssa in disbelief. She said so much, how did Alyssa react?

Don't you feel angry and embarrassed?

At this moment, the elevator door just opened.

"I'm here."

Alyssa turned her head and glanced at Cathy, and walked out with her feet calmly.

Cathy stamped her feet with anger.

Saying to herself: "In addition to being good-looking, it's not a big deal to write a script. What are you proud of?"

!

In the evening, Karl came to take Alyssa home.

They basically stayed at home during this period. Grace was picked up and picked up sooner or later when she went to school. Now they all started to work. When she got home, Grace had already left school.

Grace will have a winter vacation in a few days.

At dinner in the evening, Alyssa and Karl discussed who Grace would follow after the winter vacation.

Grace took two bites of rice and raised her head: "With mom."

"Adults, children, don't interrupt." Karl clipped her chicken wings.

Grace nibbled on chicken wings: "Didn't Mom work with Uncle Grant? I can just follow Uncle Grant, and occasionally I can meet Aunt Tina."

Karl thought for a moment: "I have your Uncle Smith with me."

"Uncle Smith is so busy, I will disturb him if I go and reduce his work efficiency."

Smith liked Grace very much. If she went, he would definitely have to take care of her more, which would indeed reduce work efficiency.

Karl: "Do you still know what reduces work efficiency?"

"I know a lot." Grace had already eaten a chicken wing, turned her head to look at Alyssa expectantly: "Mom, I'll go with you."

Alyssa took a tissue and wiped her mouth: "Okay."

Grace: "Yeah!"

Karl had something to say, but Alyssa took the lead: "The environment in AdamPic is indeed more relaxed, and Peter is not that busy. He can also take care of her for me."

Karl was serious when he was working, and Adams' had a lot of things, and it was too tired to be distracted to take care of Grace.

Alyssa said that, and Karl stopped saying more.

He just turned his head and told Grace: "You have to be good."

"Oh." Grace smiled triumphantly.

Karl: "Heh."

Chapter 1232

Early the next morning.

When Alyssa got up, there was no longer Karl beside her.

It was different when he started to work at the company. He even got up earlier than her.

Alyssa didn't care. After washing and changing clothes, she opened the door and ran into Karl coming out from inside at the entrance of the study.

Karl was neatly dressed, his face was cold, and his complexion was very ugly.

“what happened?”

Who provoked him this early?

“It’s okay.” Karl looked like he didn’t want to say more, and took her shoulders and walked downstairs.

Alyssa didn’t know what happened, so she didn’t ask much if he didn’t say it.

It shouldn’t be a good thing either, he probably just didn’t want her to be unhappy with him.

While eating breakfast, Karl glanced outside the floor-to-ceiling windows and said casually, “It’s windy today, so you won’t go to AdamPic.”

Windy?

Alyssa also raised her head and glanced out of the floor-to-ceiling window, turning her head to look at Karl in a dazed manner: “The wind is not very strong.”

It’s always windy in recent days. Today’s wind seems to be a bit bigger than the previous few days, but it’s not to the point of staying at home and not being able to work.

She is not that weak.

The child was a little sleepy in winter, and Grace yawned and said, “Can I not go to kindergarten?”

Going to kindergarten is not very interesting. It’s better to sleep at home with such a strong wind.

Karl coldly rejected her proposal: “No.”

Grace curled her lips, lowered her head and continued to eat.

Muttered softly: “If you can’t, you can’t just!”

Karl didn’t say much.

Today, the driver is driving. After first sending Alyssa to AdamPic, Karl returned to the Adams’.

Alyssa went into AdamPic, and the lady at the front desk was as polite as yesterday.

It’s just a little strange.

Alyssa didn’t think too much, and took the elevator directly upstairs.

At noon, Alyssa went out to find Karl for lunch.

AdamPic was not too far away from Karl, but it took time for Karl to come back and forth. She simply went to Karl to eat with him.

She and Karl had an appointment in a restaurant near the Adams’.

The location was decided in advance by Smith. When Karl went there, she took the menu to order.

“Miss Alyssa.”

As soon as she picked up the menu, she heard a familiar female voice.

Alyssa pursed the corner of her lower lip slightly, and a trace of impatience flashed under her eyes. She raised her eyes and looked over and saw Cathy who was smiling.

Cathy was obviously dressed up carefully. The makeup and hairstyle are very delicate. The dress on her body is also a big-name winter limited edition. She had seen it on the Internet a few days ago, and the price is not cheap.

Are the little stars so rich now?

Cathy didn't have any works, but she was quite generous with money.

Alyssa looked at Cathy lightly, "Hello."

It's a coincidence that she can meet Cathy for a meal.

"Are you alone?" Cathy glanced at the empty place opposite Alyssa.

Alyssa said very concisely: "Waiting for someone."

"Oh!" Cathy tucked the hair in her ears, her eyes flashed with thoughts: "Actually, I have something to say sorry to you, Miss Alyssa, that is!"

"Step aside."

The sharp male voice interrupted her.

As soon as Cathy turned her head, she saw Karl who was coming over without knowing when.

Karl wore a long coat today, with an awe-inspiring temperament.

Cathy was stunned, her eyes lit up: "Mr. Adams."

Chapter 1233

Alyssa did not miss the change in Cathy's expression, narrowed her eyes slightly, with a hint of playfulness in her tone, and said to Karl leisurely: "Here."

Karl frowned, "Yeah."

Alyssa was sitting by the window, and the aisle next to it was quite spacious, and the two could be staggered sideways, but at this time, Cathy was standing alone in the middle of the aisle, and Karl could not go there.

Cathy sensed that Karl was impatient, but didn't care, and said, "Mr. Adams,!"

"Can't understand human words?" Karl's eyes were cold: "Then let me put it another way, please go away."

Cathy's face turned pale suddenly, and tears flickered in her eyes.

Alyssa was also a little surprised. Although Karl was not as patient with others as she was, he rarely had such a bad time.

“Karl.” Alyssa whispered his name, trying to tell him not to.

Although she didn’t like Cathy, she didn’t dislike her either.

Karl glanced at Alyssa, and didn’t let Cathy make way anymore. Instead, he turned around and walked around the gap in the table next to the aisle. Without touching Cathy, he walked to the opposite side of Alyssa and sat down.

Expressing dislike of Cathy in action.

Alyssa could feel that the little girl Cathy was restless, and she couldn’t help but wonder in her heart, what did she do when she didn’t know, did Karl hate her so much?

Alyssa originally came out happy to have a meal with Karl, but she didn’t expect to encounter such a thing, Cathy would not leave, and she would not have a good meal with Karl.

Then she said: “Miss Lee, did you want to tell me something just now?”

Cathy shook her head, reached out her hand to wipe the tears from her face, and said with a sob: “It’s nothing, just see Miss Alyssa here, come over and say hello.”

If the eyes are red, there must be more grievances.

She heard it very clear just now, Cathy clearly said that there was something to say sorry to her.

But when Karl came, she didn’t say anything.

“I’m leaving now.” Cathy glanced at Karl again, turned around and left in a hurry.

Alyssa stared at her back for a moment, then turned back and asked Karl, “What happened? You seem to hate Cathy.”

“I don’t hate, should I like her?” Karl reached out and took the menu, and asked her, “Haven’t ordered any food yet?”

After he finished speaking, he called the waiter and ordered a few of Alyssa’s favorite dishes.

The two have lived together for a long time, and the taste has become the same.

Alyssa originally wanted to ask about Cathy, but once the conversation was turned off, it was difficult to go back.

After eating, she had completely forgotten about this topic.

After dinner, Karl wanted to send her back to AdamPic. After she refused, he did not force her.

He watched Alyssa drive away before returning to Adams’ family.

Arrived in AdamPic, Alyssa saw Mattie as soon as she got off the car.

She took the initiative to call her name in surprise, “Mattie?”

Mattie looked back and saw Alyssa, and smiled: “Out for dinner?”

Mattie knew that AdamPic was going to make the film “Lost City”, and also knew that Peter had asked Alyssa to make the film adaptation. Although the news is officially released, it has already spread in the industry.

Alyssa smiled and said, “Well, I just came back from eating.”

“There is a lot of right and wrong in the entertainment circle, but the person in your family handles things very fast.” Mattie embraced her arms as she wanted to chat with Alyssa.

She heard Mattie mean something: “What to do withâ€¦?”

Chapter 1234

Mattie’s eyes flashed with surprise.

“Don’t you know?” She looked at Alyssa carefully, as if to confirm whether Alyssa was serious.

Alyssa frowned, “How do I know if you don’t tell me.”

Mattie was a little embarrassed. She reached out her hand and tapped her head gently, and said leisurely, “I feel like I’m getting into trouble?”

“Anyway, it’s already a matter of fact, just tell it straight.” Alyssa had already faintly guessed that it might be related to Karl.

When Karl came out of the study this morning, his complexion was not so good.

“At midnight last night, Karl and a little star were sent to the trending search, but Karl found out very quickly here, and they were dealt with before dawn.”

After Mattie finished speaking, she looked at her meaningfully, “Are you already remarried?”

Alyssa thought thoughtfully for a moment before answering her question: “No.”

Mattie smiled swiftly: “It doesn’t seem to make a difference if you don’t remarry.”

True love does not require much formality, and it can be seen.

Alyssa asked her, “Is that little star called Cathy?”

Mattie thought for a moment: “I don’t remember. I had a meeting last night. I heard the assistant mention this matter. When I went online to see it, this matter had already been dealt with.”

“I see, thank you.”

Obviously, Karl wanted to conceal this matter directly, so as not to let her know. If it hadn’t happened to Mattie, she would have no chance to know about it.

“You don’t sell me.” Mattie asked with some worry.

She thought Alyssa definitely knew about this, but Alyssa knew nothing, which meant that Karl did not want her to know.

If Karl knew that she had told Alyssa about this, someone who was upset might have to target her.

Karl is not a good crop.

Alyssa responded, "Yes."

After Mattie left, Alyssa entered AdamPic.

It's lunch break, Alyssa went directly to Peter.

Reminiscing that Cathy said that she wanted to apologize to her before, she was almost certain that the star on the trending search with Karl was Cathy.

As for why Cathy and Karl were on the trending search together, Peter must know.

Cathy is an artist under Peter.

Peter was on the phone, heard a knock on the door, raised his head and said "come in".

Alyssa opened the door and came in, found a place to sit down, and quietly waited for Peter to finish the fight before asking him about Karl and Cathy.

Peter quickly ended the call and put the phone aside: "Have you come back after eating so soon?"

He thought that Alyssa would come back with Karl for a while.

"I have something to ask you." Alyssa said straightforwardly.

"Ok?"

"Last night, Cathy and Karl went on a trending search?"

Peter's face became stiff, he coughed slightly, and said uncomfortably, "You know?"

This is quite embarrassing. Karl is his good brother, and Cathy is a potential artist in the company.

Peter really knew about this, Alyssa's expression faded a bit, "What's the matter?"

"Yesterday Karl came over to lunch with you, and when he sent you back to AdamPic, he was secretly photographed by a paparazzi at the door. After you came in, Cathy just came in behind you, and was photographed by the paparazzi for malicious editing. Said Karl's fancy Cathy, chasing her."

Peter still feels big when he talks about it.

Chapter 1235

Listening to Peter's words, Alyssa also remembered that there was indeed such a thing.

But she didn't expect that such a small episode could also be made up by paparazzi.

No wonder Karl treated Cathy so badly.

Alyssa chuckled lightly: "It's a coincidence."

"Who said no?" Peter sighed, and said helplessly: "Karl also specifically asked that this matter cannot be told to you, for fear it will annoy you."

After he finished speaking, he shrugged: “Unexpectedly, you know.”

Alyssa pondered for a moment, remembering something, and then asked Peter: “Have you also told Cathy not to disclose information to the outside world?”

“That’s natural, besides, this little girl, Cathy, is quite interesting, even if I don’t tell her, she knows what to do.”

“Is it?”

Alyssa could feel that Peter really meant to promote Cathy, and he believed in Cathy’s character.

She thought about it, but didn’t tell Peter that Cathy wanted to apologize to her.

Even if she told Peter, Peter would probably think that Cathy really wanted to apologize to her.

If Cathy was really so interesting, it would be impossible for Karl to run to her to apologize and block her when this matter has been quietly pressed by Karl.

Even being photographed by paparazzi is not a coincidence.

At a young age, his scheming is quite deep and his ambitions are also great.

It’s just that Alyssa has gone through so many things, Cathy’s mindless trick can be seen through at a glance.

It is OK to have ambitions, but Cathy’s ambitions are misplaced.

If Cathy is restless and doesn’t need Alyssa to do anything, Karl will be able to solve her silently just like solving this trending search.

â€¦

Within two days, Grace had a winter vacation.

When Alyssa went to the crew meeting again, she took Grace with her.

Taking Grace to the meeting room, Alyssa just explained to everyone: “This is my daughter.”

On the first day Alyssa came, Peter had already expressed that he and Alyssa had a friendship. She brought her daughter here, and these people would not say much.

Moreover, Karl had been fully armed to accompany Alyssa to the “Lost City” press conference. They also heard about it. They have no way of knowing what is going on with Alyssa and Karl. Anyway, they must not sin against Alyssa. She is always good.

And Alyssa, the daughter who suddenly appeared, was also somewhat intriguing.

Grace was so beautiful that even if she was just a small dumpling, she exuded an extravagance that was different from ordinary children. It is not difficult to imagine that when she grows up, she must be a woman of good temperament.

This directly led to the fact that people from time to time looked over here to peek at Grace during meetings.

Grace was sitting next to Alyssa, holding a picture book and painting on it, focused and conscientiously. When the drawing was wrong, her little eyebrows wrinkled, and she frowned.

A few people who provoke her secretly looked at her and couldn't help but laughed.

Among the few people who peeked at Grace, there were males and females, young ones, and older ones.

Alyssa was a little bit dumbfounded.

After the meeting finally ended, at noon, she took Grace to go to Peter.

It depends on whether Peter will stay in the office in the afternoon. If he stays in the office, she will throw Grace to him. Grace will have a meeting with her, which will affect the work efficiency of other colleagues.

As soon as Alyssa pushed the office door open, Grace rushed in.

"Uncle Grantâ€¦ Huh?"

Chapter 1236

Alyssa heard Grace's suspicious voice and looked in from behind her.

As a result, after looking over, she saw a scene that made her stunned.

Peter was sitting on the boss chair behind the desk, and Cathy was lying on him, looking like she fell down and fell on himâ€¦

The scene froze for a while.

Alyssa silently stretched out her hand to cover Grace's eyes: "Kids don't look."

Grace's eyelashes are long, and when she blinks her eyelashes sweep Alyssa's hand, the frequency is quite fast.

She whispered, "I saw it on TV."

Alyssa did not speak, and pulled Grace out.

"Grass!" When Peter saw this, he looked at Cathy who was still leaping on him, and couldn't help but explode.

He slammed Cathy away, got up and chased them out.

"Alyssa, listen to my explanation!" Peter knew that if this reaches Tina's ears, he would really be dead.

Alyssa led Grace, looking at Peter who had hurriedly chased out of the office with a complicated expression.

Peter wiped his hair anxiously, and said embarrassingly, "Well, Cathy, she just accidentally fell on meâ€¦"

Alyssa: "Oh."

"You don't believe me, what I said is true." Alyssa's reaction made Peter a little panicked.

"I believe it, I believe you." Alyssa believed him, but she didn't believe Cathy.

But she felt that Peter was also responsible for this matter.

Peter is AdamPicâ€™s boss. He usually has a busy schedule. Itâ€™s not that anyone can meet casually. Even the artist under his hand must make an appointment in advance, not to mention Cathy, a small artist with little performance.

If Peter did not give Cathy the privilege of being able to come to him at any time, where would Cathy's opportunity fall on him?

"I believe in you too." Grace smiled, speaking in Alyssa's tone.

At this time, Cathy also walked out.

Cathy did something wrong, lowered her head slightly, and said very quietly, "Miss Alyssa."

Alyssa just laughed, ignored it, turned to look at Peter: "It's okay, I just came to see you, I will take Grace out for dinner first."

Alyssa felt that she didn't need to pay attention to Cathy when she touched her husband and wanted to drag her husband to the trending search.

Peter is still not at ease: "Alyssa, do you really believe me?"

He was really afraid of Alyssa and Tina talking nonsense.

"It doesn't matter if I believe it or not, it makes it as if I am your girlfriend, Karl may beat you when he knows it." She naturally believed in Peter and knew what Peter was worried about.

She will not tell Tina.

But there is no guarantee that Cathy will not.

The relationship between Tina and Peter is unusual, as long as anyone who is close to Peter can see it.

Cathy is very ambitious, but Karlâ€™s iron-blooded wrists, she hasnâ€™t enjoyed the heat brought by Karl, the trending search was withdrawn and disappeared without a trace. Now she intends to review the target again. Come on.

Peter scratched his head: "You know what I mean."

"Well, I know, I'm going to eat first." Alyssa led Grace and left.

Grace followed Alyssa for two steps, and couldn't help but glance back at Cathy.

She asked Alyssa in a low voice, "That aunt and Uncle Grantâ€™!"

Alyssa turned to look at her, and explained softly: "They are nothing."

Grace didn't know much about affairs between adults, and said "Oh".

Seeing them walking away, Cathy asked Peter curiously: "That little girl, is Miss Alyssa's daughter?"

“You don’t ask what you shouldn’t ask.” Peter said with a cold face, and said without emotion: “Also, make an appointment with my secretary in advance if you want to come to me in the future.”

Chapter 1237

Cathy’s expression turned pale all at once, and she quickly explained: “Mr. Grant, it was really accidental just now.”

Peter was impatient and said: “You go.”

Cathy knew that there was no point in staying any longer, and Peter looked really angry.

“Then I will go first.” Cathy whispered.

As soon as her voice fell, Peter had already turned around and entered the office.

Cathy bit her lip and turned away bitterly.

â€¦

Alyssa took Grace out for dinner.

Just after ordering the food, Tina sent a WeChat message over and asked what she was doing. Knowing that Alyssa was taking Grace to eat, she made a video call.

As soon as the video was connected, Grace came over: “Aunt Tina.”

Tina smiled and waved to Grace in the video: “Grace, dear, are you eating?”

“Yeah!” Grace nodded heavily, then lowered her head and took a mouthful of rice.

While Grace was eating, Alyssa took the phone in front of her, and she could see that she was in the hotel from the background of Tina.

“When will you be back? Are you tired recently?”

“I don’t know, maybe it will take two daysâ€¦”

Alyssa and Tina chatted for a while, and Grace, who was full and drunk, came over again.

She knelt down on the sofa with her legs crossed, and blinked her eyes and said, “Uncle Grant will be taken away by someone else.”

“Huh?” Tina couldn’t help laughing: “What did you say?”

Alyssa realized that something was wrong, and was about to stop Grace, but Grace had already spoken: “Uncle Grant was hugging another woman in the office just nowâ€¦”

Alyssa closed her eyes and sighed helplessly.

She also felt that Cathy was going to do something, but she didn’t expect that the first thing to do was her little meat dumpling.

Alyssa quickly took the phone and explained to Tina, “Tina, listen to me, thatâ€¦”

Tina only paused for a while before she returned to nature, interrupting Alyssa's words: "What are you nervous about? What virtue Peter has? I don't know? I don't think much, I know."

That's right, if you want to say who knows Peter best, it must be desolate.

After all, they grew up together since childhood.

Upon seeing this, Alyssa stopped continuing this topic.

â€¦

When returning home at night, Alyssa also mentioned to Karl what happened in the company during the day.

Karl laughed unclearly, with a hint of happiness and misfortune in his tone: "There are a lot of dramas."

Alyssa raised her eyes to look at him: "Who are you talking about?"

"Peter and the artists under his hand have a lot of plays." Karl explained with a deeper smile on his face.

Alyssa felt that there was something in his words.

"What do you mean?"

"Think again."

Karl reached out and lightly nodded her forehead.

Alyssa frowned and thought for a moment, and her eyes widened as if thinking of something: "You mean, Peter deliberately gave Cathy a chance to get close to him? He didn't want to make Tina jealous?"

Karl raised his eyebrows: "Otherwise?"

"That's rightâ€¦" Alyssa nodded in agreement: "Peter used to be a man who was rolling among women. A little girl like Cathy didn't know how to handle it, but he couldn't express it. It's too obvious. If it's too obvious, Tina will notice itâ€¦"

Alyssa remembered what Tina had said to her before going to the field, and shook her head: "I always think he would lift a rock and hit her in the foot."

Tina had already figured it out very clearly. It wasn't that she was blocking her air. The stimulus method was no longer useful to her.

Chapter 1238

Within two days, Tina returned to Rostenvel.

It happened to be the weekend.

Early in the morning, Tina called her to go out to play.

Alyssa thought that Tina had just returned from work, she must be exhausted and tired, so she wanted to invite her to eat at home, but Tina refused.

"Go out to eat, just me and you."

“OK.”

Alyssa naturally followed the coolness.

She was going out, so Grace could only stay at home and be observed by Karl.

After she answered the phone and returned to the bed, Karl was still closing his eyes, but she knew that he was awake, so she lay on the bed and talked to him.

“Tina is back. I’m going out to go shopping with her for dinner. You will take care of Grace at home.”

“Ok.”

Karl responded and slowly opened his eyes, his new voice was hoarse: “When will you be back?”

Alyssa thought for a while: “Try to be as early as possible.”

She couldn’t tell the exact time, in case she wanted to drink she might come back later.

â€¦

Alyssa and Tina made an appointment directly at the mall.

After walking around, Alyssa’s legs were sore.

She leaned on the sofa in the lounge area, beating her leg: “Tina, are you not tired of going to work this time? Ah? Shopping is more energetic than me.”

“As a good single lady, I always keep a lot of energy, tired, but also elegant.” Tina said, she also tucked her hair and put on a pose.

Alyssa was amused: “Okay, let’s go eat, I’m so hungry.”

The two found a very high-end restaurant, and the price on the menu was already close to the price of Best Day.

“Tina, your consumption has been upgraded again.” Alyssa took the menu in her hand and glanced at the pile of shopping bags with big-name logos placed aside.

Although Tina has always been able to spend money, it is a bit outrageous today.

I bought a bunch of clothes and jewelry, which add up to several million. In addition to the ones placed next to them, there are some directly sent to Tina’s house from the brand store.

Tina leaned back lazily on the sofa: “Spending money makes me happy.”

Alyssa saw that she was in a good mood, and did not mention Peter. The two women played outside for a day.

In winter, it was dark early.

Tina forced Alyssa to eat dinner before letting her go back.

When Alyssa returned home, the sky was completely dark.

From a distance, she saw the two street lamps at the entrance of the villa, but the inside of the villa was pitch black and there was no movement at all.

Alyssa's heart was shocked, and the first reaction was to feel that something had happened.

Under normal circumstances, at this time, Lin had arranged for someone to turn on the street lights in the villa. There were always servants and bodyguards in the house, and it was impossible for light to not be turned on.

Alyssa didn't get out of the car immediately, and sat in the car to call Karl.

The call got through quickly, but no one answered.

The lights were not turned on in the villa, and Karl did not answer the phone.

This is weird.

At this moment, with a "pop", the lights in the villa suddenly turned on, and the originally dark villa suddenly lit up.

Alyssa was taken aback, opened the door and got out of the car, and walked inside.

As soon as she entered the gate of the villa, she stopped.

Is this her house?

The yard is obviously carefully arranged, with many beautiful light strips hung, and the road is covered with roses.

"Karl?" She walked in and looked around.

The roses were spread all the way to the entrance of the hall.

She stood at the door and looked in, her eyes widened with only one glance.

Chapter 1239

The hall is full of flowers, and the walls are full of photos.

Alyssa walked to the nearest photo on the wall and found that the photo above was taken long ago when she was particularly ugly, and then there were pregnant women's pics and others with Grace

There are very few photos that she knows, and a large part of the remaining photos are completely unknown to her.

Different time periods can be distinguished from the photos, and for many photos, Alyssa recalled not being with Karl.

These photos were probably secretly taken by someone sent by Karl.

It's not that he has never done this kind of thing.

There were footsteps behind her.

Alyssa turned around and saw Karl.

He was dressed very formally and looked serious, with his hands behind his back, as if hiding something.

Alyssa looked behind him, wanting to see what he took.

He suddenly knelt down on one knee at this moment.

Alyssa widened her eyes: "What are you doing?!"

Karl raised his hand and opened the velvet box hidden in his hand. Inside was a delicate diamond ring.

"Alyssa, marry me."

propose?

The old husband and wife also propose marriage.

Although Karl had proposed to marry her before, she was still touched by the simplicity of his proposal this time.

She pursed her lips and smiled, stretched out her hand to him, and said without hesitation: "Okay."

There is no need to hesitate.

Because, in this life, apart from life and death, nothing can separate them.

Karl put a ring on her finger.

Alyssa retracted her hand and looked at the ring earnestly. Karl's aesthetic sense was good and the ring was very beautiful.

She turned to look at the photo wall and asked him: "You did it all?"

"Yeah." Karl coughed lightly, hiding his embarrassment.

He had discussed this with Peter many times. Peter's ways of making marriage proposals were mostly flashy and impractical for Alyssa. In the end, he used his own method.

However, his methods didn't seem very good, Alyssa didn't seem to be particularly surprised.

Alyssa and Karl have been together for so many years, and she can clearly feel his mood changes.

She couldn't help laughing, she stood on tiptoe and kissed him, with a serious expression on her face: "Very unexpected and moved."

Karl's eyes lit up and he leaned over to kiss her again.

She pushed him away: "I have something to say."

"What?" Karl straightened up.

Alyssa pulled a photo from the photo wall and handed it to Karl: "So you sent someone to take pictures of me since this early? Huh?"

This photo was taken by someone after he drove Alyssa away. He looked at the photo carefully and remembered the unhappy days.

After a while, he whispered: "I want to see you, but I couldn't find you."

In fact, it's more than just sneak shots.

But those are gone, there is no need to tell Alyssa.

Alyssa suddenly felt relieved: "We won't be in this situation anymore. We will be together every day and we can meet every day. Even if we can't meet, we can also use mobile video. Don't always take pictures and secretly install surveillance. It's illegal, you know?"

Karl's complexion changed slightly, and he suddenly raised his eyes to look at her.

Obviously, Karl didn't expect that Alyssa knew about it.

There was a rare event that exceeded his expectations, and Alyssa felt a little proud: "I fainted in the bathroom with a fever. You came to take care of me. I knew it."

Long after that incident, she was still suspicious, so she bought a detector and tested the room.

Chapter 1240

Because Karl wanted to give Alyssa a surprise, he dismissed all the servants from the villa and sent Grace to Smith's house. He spent a whole day decorating the house by himself.

Alyssa and Karl watched the photos together, and asked him, "Why do you suddenly ask for marriage again?"

"We have not officially held a wedding."

She could hear the solemn meaning from Karl's indifferent tone.

Only then did she remember that they had indeed held a wedding without formality.

When he first married from Hunt family, she was taken over directly. Later, he said that he was going to have a wedding, and because of some unpleasant things that happened, he finally stopped.

Alyssa really didn't think about these things, but Karl remembered it in his heart.

She looked at him, and it took a long time to say: "Are you ready for the wedding?"

Karl was a mute person doing big things. He was worried that they hadn't officially held the wedding. It must not have been a temporary motive. It should have been prepared long ago.

"Yeah." Karl smiled: "I'm almost ready. I have selected a few places that you should like. The date and the final selected place are up to you."

"You don't tell me about such an important thing. You have to be busy with work, and how tired it is to prepare for the wedding." His body has recovered a little after hard work. What if there is a problem with tiredness.

"I'm not tired, everything related to you makes me happy." Karl leaned down slightly, touching her forehead affectionately.

He was just talking about the most true feelings in his heart, not talking about love.

But Alyssa was still blushing, and gave him a light hammer.

Karl held her small fist, laughed in a low voice, and tried to kiss her again.

But Alyssa suddenly remembered something, looked straight, and blocked his kiss with her palms.

“and many more.”

“Ok?”

“Have you had dinner?”

“â€¦”

Alyssa saw Karl’s expression and knew that he had not eaten yet.

Although the arrangement of the proposal scene was simple, it was only done by Karl alone, and the workload was not small, so he probably didn’t have time to eat.

“Wait!” Alyssa pointed angrily to his nose: “I’ll cook for you!”

â€¦

She made a simple dinner for him.

While Karl was eating, Alyssa took the phone and went out to take pictures.

She sent a photo to Tina.

“Tina, Karl proposed to me again!” A shy expression followed.

She held the phone and waited for a while, Tina was probably busy, and did not reply to her immediately.

She got together in the circle of friends:

Her WeChat friend list is all live, people who will be contacted in daily life.

So, soon someone gave her a like and comment.

Peter was the first one: “Wow, congratulations.”

This tone is ostentatious enough, maybe I knew it a long time ago.

At this time, she heard the sound of water coming from the kitchen, so she stopped cleaning the Moments and turned to the kitchen.

Karl finished his dinner and was putting away the tableware by himself.

He bent down slightly, his sleeves rolled up to his forearms, his appearance has not changed much, but his temperament is very calm, revealing an indescribable gentleness.

Alyssa walked over and hugged him from behind.

Karl paused, shut the water down, and turned his head slightly: "What's the matter?"
