Chapter 1321

Tina changed the subject: "Alyssa, are you not curious about the fire in our community?"

"What was the cause of the fire?" Alyssa asked kindly.

"It was a fire caused by someone cooking."

When she heard Tina's words, Alyssa's tone was a little worried: "Tina, otherwise you should stop learning to cook. It would be nice to ask an aunt to cook at your house every day, if it's not possible. You can come to my house. Eat."

"Do you think I'm the idiot Peter? I won't make any fires when I cook. I am gifted." Tina hadn't planned to help Peter make fires without telling Alyssa.

When Alyssa heard this, she asked suspiciously, "What do you mean? When did Peter cook and cause a fire?"

"He did the fire in our community today." Tina said directly.

There was a moment of silence on the phone: "Tina, when did Peter live in your community?"

Tina had a meal: "I only found out today."

"Then you and him?" Alyssa said hesitantly.

"I don't have anything with him. I have already talked about it. He has let go. We can still continue to be friends." If you listen carefully, you will find that there is a reluctant smile in the calm tone.

Alyssa did not reveal her, but just reminded: "Do you think Peter is such an easy person to give up?"

"You know what happened during this period. I said so much to him and didn't leave a retreat. If he treated me like this, I would definitely give up."

Tina is a proud person, self-esteem is more important than anything.

Alyssa was silent for a while, and asked concerned: "Then he was not injured?"

Whether Tina really believed in Peter, or deceived herself to believe that Peter had let go, this was the good fortune of Tina and Peter.

Tina was about to speak when Karl's voice resounded on the other end: "Is he disabled?"

"He's okay."

"Oh," Karl responded indifferently, his tone sounded disappointed.

Tina felt that Karl was cruel.

â€

After experiencing the failed braised chicken, Tina recognized the reality and chose the easy-to-use tomato scrambled eggs for dinner.

After pouring three more pots of scrambled eggs with tomatoes, she finally made a decent plate of scrambled eggs with tomatoes.

She took out the best dishes in the family.

Red and yellow are good.

Took out her phone and took a photo to Moments:

“Perfect. [Image]”

How can it be possible that the dishes made for the first time not be posted to Moments?

As soon as the circle of friends was posted, someone gave her likes and comments.

But now is the time to taste delicious food.

She threw the phone aside, prepared for dinner in an elegant manner, just put it in her mouth, and vomited it immediately after chewing.

“too salty!”

Tina got up to find water, only to get up when she heard a knock on the door.

“Who?”

“It is me.”

As soon as the door opened, She saw Peter standing in the doorway blankly.

“What are you doing?” Tina was startled, standing in front of someone’s house at night, strangely scary.

“You revealed to Karl that I cooked and burned the kitchen?” Peter looked down, looking very upset and uncomfortable.

Tina couldn’t help rolling her eyes: “Yes, what’s the matter?”

Peter broke his work immediately and smiled “hehe”: “Then as compensation, I will borrow to live in your house.”

As he spoke, he squeezed into the desolate house.

Tina had no chance to stop him.

Chapter 1322

Peter walked in swaggeringly as if at his own home.

Seeing the scrambled eggs with tomatoes on the table in front of Tina’s table, he looked back at her in shock: “You did it?”

Tina originally wanted to say “It’s about your a\$\$”, but after another thought, they learned to cook at the same time. Peter burned the kitchen, and she has already made a dish. Although it is too salty, at least it looks good.

“Yeah, I’m different from someone who burns the kitchen.” Tina raised her chin slightly with an arrogant expression.

Peter thought for a while, but couldn’t find any powerful words to fight her back.

He simply sat down at the dining table and started eating her scrambled eggs with tomatoes with the spoon before Tina.

“Stop it!” It was too late for Tina to stop, and Peter had already entered the food in his mouth.

Peter chewed twice, his expression slightly changed, and his expression became weird.

Tina is a little bit weak.

But she is Tina, even if she has a guilty conscience, she must try her best to put on a confident look.

Tina pretended to be calm and said, “You want to eat it yourself.”

Peter laughed suddenly: “Don’t be nervous.”

“Who the hell is nervous!” Tina walked over to grab his spoon.

“Eh, eh, why? Even if it’s not because of the friendship we grew up with when we were young, but also because of the fact that I’ve burnt the kitchen after being leaked by you, and I was ridiculed by Karl on the phone. Isn’t it hard for you to pay me for dinner?”

There was no reluctance in Peter’s expression.

Tina was stunned: “You!”

Peter lowered his head to continue eating, and asked her curiously: “When did you raise a dog? Why did the security guard ask your dog?”

Isn’t the dog right there?

Tina glanced at Peter: “You are Mom, so much care?”

Seeing Peter eating with big mouthfuls, Tina couldn’t bear it after all, and poured him a glass of water.

Hearing the sound of the water glass being placed on the dining table, Peter grinned: “Sister Weber is better for her brother.”

Tina raised her foot and kicked his leg under the table.

“Hiss!” Peter took a breath of pain: “You are so rough and careful not to get married.”

“Am I unable to live alone? Or do I die if I don’t marry?”

Peter looked up and found that Tina had taken out her phone to order takeaway.

In the past few years, the reason why he has been so entangled with Tina, even if she did not respond, he is not discouraged, because Tina has been single.

In this entertainment circle that relies on the face to eat, the cool appearance is also amazing at a glance.

There are too many suitors.

But she has never had any romance.

He thought she was waiting for him.

But now it seems that she didn't want to fall in love at all.

"It's not that you have to get married. You can fall in love. The company's plan for you is acting. If you announce your relationship, fans will bless you."

When Peter suddenly talked about this matter so seriously, Tina was a little uncomfortable at first.

Immediately afterward, she realized that Peter had been able to talk to her about love affairs so frankly that it is hard to say that he had really let go.

Peter is not an affectionate person.

She knew it, she knew it early.

She lowered her eyes to cover up the self-deprecating in her eyes.

When she looked up again, her expression was calm and stable: "If you meet the right person, maybe you will fall in love. Who knows what will happen in the future."

suitable person!

Peter's hand holding the spoon slowly tightened. In her heart, is he an inappropriate person?

Chapter 1323

Seeing Peter's contemplative appearance, Tina pursed her lips, and said coldly: "There is so much nonsense, I'm done with it."

"Where to go, I said I came to borrow," Peter said with a straight face.

Tina: "Did I promise you?"

Peter: "No."

Tina looked at him: "Then you are not conscious?"

Peter didn't make himself feel discouraged because of Tina's refusal, but spit out bitterness at her: "But I have no place to live, and you know that my house is burned."

"What about your other house?" Tina knew that Peter also had a large villa, which was in a very good location and had been bought early. The price has now risen to hundreds of millions.

"The water pipe has burst. It is being refurbished. It isn't possible to live in a year or a half." Peter pretended to sigh with sorrow, "My life is so bitter."

He sighed pretentiously while watching Tina secretly. He was talking about it, so should Tina agree?

Tina stared at him for a moment, and then said leisurely, "I remember you have an exclusive guest room in Best Day."

Peter also has shares in Best Day, and like Karl, he also has an exclusive guest room in there, the kind that he can live in at any time.

Moreover, as one of the shareholders of Best Day, his service is naturally first-class. He has people helping to do everything from washing and cooking, and living there is more convenient.

Peter was choked for a while, but quickly reacted: “Recently, Best Day’s business is so good. A room can earn hundreds of thousands a year, so I withdrew the room.”

“What does it matter to me?” Tina still did not back down.

Now that she didn’t get let him in, he had no choice but to resort to his killer tactic.

After Peter bowed his head and cleaned the food on the plate, he slowly picked up the paper towel and wiped it, and then said: “Tina, because of our friendship, it’s not okay to stay here with you? Do you think I’m here to borrow? Is living still feeling for you?”

The corners of Tina’s lips moved slightly, not opening her eyes slightly.

Peter saw her reaction in his eyes, and continued: “Then you don’t have to think like this. I am a big man who can afford to put it down. I come here to borrow, but I don’t want to stay in a hotel. You also know that I have a problem. I can’t sleep well in an unfamiliar place, and I have to adjust to it for a long time every time I move.”

Tina knew what he said.

Peter not only likes to eat, drink and have fun, but he is also very pretentious and exquisite.

Ordinary people recognize the bed and can sleep well after changing the bed.

Peter really recognized the house. He changed to a strange house and couldn’t sleep. He could only sleep well in a familiar house.

“Okay, if you really don’t want to, I’ll rent a house by myself! Well, I thought we were all talking about it, but I didn’t expect you to let it go. It’s fine if you don’t live with me, lest you live with you. Yes, you are thinking all day long!”

Tina immediately sneered and said with disdain: “What am I thinking about? Do I need to think about anything?”

Peter spread his hands: “You know it in your heart.”

“Isn’t it just borrowing to live? Okay, how long do you love to live for how long!” He stood up and went back to the bedroom.

Peter’s expression was faint: “Thanks.”

With a “bang”, Tina slammed the door shut.

Peter’s calm expression disappeared instantly, and he jumped up from the chair with excitement.

Chapter 1324

The next moment, the door of the master bedroom was opened again.

Peter was already so excited to dance on the spot, he stood upright as soon as he heard the movement, and looked at the door of the master bedroom sternly.

Tina saw Peter's appearance: "What are you doing?"

Isn't he made stupid by her tomato scrambled eggs, like a second fool?

Peter smiled: "I'm going to wash the dishes."

Lies come as soon as they speak, without psychological burden.

Tina didn't suspect him: "Wash it up."

She opened the door and came out, originally wanting Peter to wash the dishes.

Peter nodded solemnly: "It is necessary, your bowl will also be mine in the future."

"â€¦" Tina felt that Peter was really stupid.

â€¦

After a few days, Tina went to Alyssa for a party.

When Tina arrived, she discovered that Helen, whom Clayton had mentioned before, was also there.

Tina and Peter had a dispute over whether to put oil on the omelet for breakfast, which was delayed for some time, so they arrived at the latest.

As soon as Tina entered the door, she saw Helen.

Because the people in the whole room only have Helen's fresh face, plus Helen is also beautiful, so she can naturally be seen in the cold at a glance.

Approximately feeling the cool gaze, Helen turned around, nodded slightly at Tina, and showed a right smile: "Miss Weber."

She moved her gaze to Peter next to Tina: "Mr. Grant."

Peter smiled politely on the surface, but quietly leaned into Tina's ear and asked, "Who is this?"

He leaned a little closer, and the heat sprinkled on her ears, her whole ears itchy.

Tina was a little annoyed, moved a step aside, rubbed her ears, her tone was not very good: "You have also attended the same dinner with her, don't tell me you don't know her."

"I know?" Peter scratched his head, then turned to look at Helen.

Helen greeted them and found that Alyssa had not noticed that Tina and Peter had arrived, so she went to remind Alyssa.

Alyssa turned her head to look here, and hurriedly walked over: "Tina."

Tina showed a smile to Alyssa, and was about to go there when Peter grabbed him: "This is Alyssa's friend? Does Alyssa have other friends besides you?"

Tina couldn't stand the stupidity of Peter.

"Helen! The one Clayton said to get married before!" Tina was also afraid that Helen would hear their conversation, and carefully glanced at Helen, and found that Helen was looking at something with her mobile phone and didn't notice it. Only slightly relieved.

"It's her!" Speaking of Clayton's marriage, Peter remembered: "I said it was a bit familiar, it turned out to be the socialite."

Alyssa had already approached her, and she had heard what Peter had said, and she called him disapprovingly: "Peter."

Peter understood what Alyssa meant: "I know, I'll keep my voice down."

"I was talking to a servant just now, but I didn't notice that you are here." Alyssa looked at Peter: "Karl and Clayton are in the study. Go up and find them."

"Okay, then I will go up."

Peter didn't leave immediately after finishing talking, just turned to look at Tina, as if waiting for Tina's response.

Tina looked inexplicable: "You are not leaving yet, what do you see me doing?"

Peter just curled his lips and smiled: "Then I will go up."

Chapter 1325

Tina looked at the back of Peter dangling upstairs, turned his head and said to Alyssa with a cold snort, "What is wrong with him."

Alyssa laughed and changed the subject and asked, "You guys came together?"

"Uh!" Tina said vaguely: "It's not considered to be here together!"

Peter lived in her house, and they all came to Alyssa's house. When she was driving, Peter jumped into her car. She couldn't consume him and could only drive.

"It doesn't count? What does it mean?" Alyssa felt that there was a problem when she saw her hesitating.

Seeing that Tina couldn't hide it anymore, she simply said, "Peter lives in my house now."

Alyssa was stunned: "Huh?"

Tina quickly explained as if she was afraid of her misunderstanding: "It's not what you think, he will live in my house, mainly because his house burned down and there is no place to live. Moreover, he and I have already spoken clearly. Now, continue to be friends like we did before, and it's normal for him to borrow for a while, isn't it?"

“Yeah.” Alyssa also stretched the tone with the sound of “Yeah,” which seemed very intriguing.

Tina didn’t think there was anything, but at this time she couldn’t help but feel a little guilty: “I’m a little thirsty, I’ll go drink some water.”

“Okay, I’ll pour you water.”

Alyssa took Tina and sat down and poured water for her.

Tina drank water in a serious manner, and heard Alyssa on the side saying coldly: “Cathy is Peter’s girlfriend after all. If Peter’s house is repaired, let him go back to live as soon as possible.”

Alyssa’s voice was very gentle, but she seemed to give Tina a punch.

She just thought that she and Peter had already said that they could get along as before.

But she forgot, Peter now has a girlfriend.

Cathy.

That morning, she saw Cathy come out of Grant’s room with her own eyes.

Seeing that her face was not so good, Alyssa’s tone became more gentle: “If someone knows that you live with Peter, you might have a hundred mouths longer, you can’t tell.”

Tina lowered her eyes slightly: “I know.”

Alyssa was right, once this kind of thing was exposed, it would be unclear.

The popular actress became the boss’s junior.

How do you see this title, how violent?

At that time, everyone will only watch the excitement, make the jokes, and scold them together. No one wants to hear the explanation or the truth.

â€¦

While eating, Peter found that Tina was very depressed.

When Tina came, he was happy, and when he went upstairs, Tina’s mood didn’t seem to be so depressed.

After clinking the glasses, Peter watched Tina dry a small glass of red wine in one breath, frowned and leaned over to take her glass away: “What’s wrong with you?”

Tina ignored him and snatched the wine glass with a cold face.

Peter couldn’t hold her back, so he could only let her drink, but he didn’t drink too much. When he finished eating, he remained sober.

But everyone drank and couldn’t drive, so Karl arranged for a driver to take them back.

Before leaving, Tina was stopped by Alyssa.

“Is it because of what I said? You were upset when eating.” Alyssa looked at her worriedly.

Tina hooked the long hair in her ear and chuckled, “I’m not upset, but I feel a little depressed. I feel that I’m old and I still can’t handle emotional matters.”

Chapter 1326

The night wind was a bit cold, and when it blew, they shivered from the cold.

Alyssa stretched out her hand to close Tina’s coat, and said softly but firmly: “No matter how you deal with it, there are consequences, I will stand by your side.”

“I’m so annoying, I’m saying this sensational thing again.” Tina’s tone was disgusting, but there was a smile on her face.

Alyssa glanced at Peter who was waiting not far away, and said, “Go back quickly.”

Tina got into the car and sat side by side in the back with Peter.

When the car moved, Peter leaned in restlessly: “Auntie, you were talking and laughing with Alyssa just now. Your little face is like freezing when you get in the car. Where did I offend you?”

Tina slapped Peter on the shoulder and pushed him away: “CEO Grant has a girlfriend, please stay away from me.”

“Where the hell do I have a girlfriend?”

Tina glanced at him, and then he remembered: “Oh, you said Cathy, I will ask Rubin to notify the public relations department tomorrow and send a message.”

“What message?”

“The news that I broke up with Cathy.”

If Tina hadn’t mentioned it, he would have hardly remembered who Cathy was, and where could he still remember that bit of trouble between himself and Cathy.

Now, should Tina be satisfied?

You should be happy if you are not satisfied.

“Cathy agreed?” Tina didn’t seem to be happy.

“When she ran into my room, she didn’t get my consent.” Peter was angry at thinking that she was pitted by Cathy.

Tina silent for a while: “You are still like this.”

“How am I?”

“I don’t care about you and Cathy. Fix your house as soon as possible and move out of my house.”

“Tina, you mentioned this yourself!”

Tina turned her head and looked out the window, ignoring Peter directly. Seeing that she couldn't listen at all, Peter had to turn his head and look out of the other window, sulking.

After the car turned a corner, Tina saw a car parked in the middle of the road ahead.

This winding road up the mountain was built by Karl after living on the mountain and looking for someone to repair it. Therefore, the road was not very wide. After a car parked in the middle of the road, Tina's car would not be able to pass.

The driver had to slow down.

Tina looked at it for a moment, then turned to pull Peter's sleeves: "Do you think the car in front is Clayton's car?"

Clayton walked a little bit earlier than the others, and at this time there will be no one else except them and Clayton's car.

"Don't you want to talk to me?" Peter snorted, raising his head proudly.

He originally wanted to take Joe, but Tina really didn't ask him.

Because Tina was already sure that it was Clayton's car, because Helen got out of the car.

After she saw Helen getting off the car, Clayton drove away before she stood still.

Tina looked dumbfounded: "Clayton is too nonhuman, right? You left Helen, a woman, in this ghost place and ran away at night?"

Peter also saw the previous situation just now, and nodded in agreement: "It's really not a human being."

Clayton's car drove away, and Tina's car could continue to move forward. Tina told the driver: "Stop when you pass by that woman."

As she said, the driver stopped the car when he drove to Helen's side.

Tina opened the car window, probed out, and shouted, "Miss Helen, get in the car."

Helen turned her head, her face was as beautiful as a demon in the mountains in the night.

Chapter 1327

In the car.

After Helen sat down and thanked Tina politely, without a trace of grievance that someone had been thrown on the roadside late at night, she said generously: "Thank you Miss Weber."

"On the way."

Tina only glanced at Helen, then looked away.

If Helen is a well-known socialite in the circle, her appearance, knowledge, and everything is outstanding, taking out any part of her body can make most women feel ashamed.

Many women look down on Helen, but at the same time, they are jealous of her.

Because there are too many men who want to spend a lot of money with Helen.

And Tina and Helen have had several bonds, but they have never had a close friendship.

Calculating carefully, Tina and Helen's classes are not the same. Although Tina is also in the entertainment industry, she is clean all the way.

As for Helen's status, no matter whether she did anything dirty or not, the label on her body cannot be easily removed.

"Miss Weber, just drop me off at a place where I can take a taxi."

Helen's voice pulled back her cool thoughts.

Tina came back to her senses, and didn't make much effort to retain: "Okay."

Soon after entering the city, Tina asked the driver to stop and let Helen get off on the side of the road.

When getting off the car, Helen said, "Thank you Miss Weber for today. I hope I can repay Miss Weber for this kindness."

"Miss Helen is polite."

Helen nodded slightly at her, then turned and left.

The car continued to drive, and Peter's voice came faintly: "I thought you were going to ask the plane to take her to the door directly."

Tina couldn't help but glance back again: "Just brought her here. Miss Helen can find her way home by herself."

After listening to it Peter burst out laughing: "So, this Helen is still a human being?"

Tina said quietly, "Isn't it a person who is mingled in the upper-class circles of Rostenvel?"

"That Clayton may suffer." Peter pretended to be anxious.

"This kind of man who throws a woman on the side of the road in the middle of the night, what is it to lose a bit?" Helen and Clayton are not good people, and don't know how they dealt with the matter of Helen's escape from marriage.

I still feel a little curious about it.

"I can't tell, you are quite concerned about other people's relationships."

"None of your business"

""

"

The next day.

When Peter got up, he found that the living room was quiet and there was no one.

Although he hadn't visited the master bedroom yet, he knew that Tina was out.

This is his instinct.

He swung around in the kitchen, warmed himself a cup of milk, and walked to the master bedroom while drinking.

He looked around in the master bedroom and found that a suitcase was missing.

He had said to Tina before that he would return her resources to her, but this matter is not implemented so quickly now, and Tina should have not announced it these days.

Where did she go with the suitcase this morning?

â€¦

Stephanie was sitting on the sofa, wearing little yellow duck pajamas, and her hair turned into a chicken coop.

She looked blankly at Tina who was patrolling in her room: "Ms. Tina, what are you doing?"

Tina turned around, sat next to Stephanie, held her hand, and said gently and softly: "Stephanie, sister is here to warm you up, are you happy?"

Stephanie was so scared that the whole person shook: "Ms. Tina, youâ€¦ what's wrong? Don't do this, I'm afraidâ€¦"

Chapter 1328

Tina felt a little complicated when he saw Stephanie was so afraid.

She let go of Stephanie's hand, leaned back, and said lazily, "I just came to live with you for a few days."

Tina, who is still colder, is normal.

Stephanie asked curiously: "What happened to your house?"

"There is a dog in my house, which is not suitable for people to live in. So before it moves out, I will move out temporarily, because the time is too rush to find a house, but you can rest assured that I will make up the rent for you."

"Never mind the rent, I haven't shared rent with anyoneâ€¦"

Stephanie's tone sounded a little excited.

In the end, she felt that something was wrong: "Ms. Tina, is it okay for your dog to live in the house?"

"It's okay, that dog is very capable of taking care of itself."

"Then how does he solve the toilet problem? Does he use the toilet?"

Tina turned her head too far, carefully looking at Stephanie.

“What’s the matter?” Stephanie touched her face, wondering why Tina kept staring at her.

Tina watched for a long time without seeing any signs of pretending to be stupid on Stephanie’s face. After confirming that she was really stupid, she said solemnly: “Don’t worry, my dog is smart, and he will open the door. Go out and slip by itself.”

Stephanie’s eyes widened in surprise: “Then I must meet this dog if I have a chance.”

“There will be a chance.”

Not only has the opportunity, but she has also seen it, and she often sees it.

When Tina entered the room to unpack her luggage, Stephanie received a call from Peter.

“Cousin?”

“Stephanie, how are you doing?”

Peter’s tone was full of concern, and Stephanie was very touched: “Apart from being a little lonely, everything else is fine, but now I’m not alone anymore. Ms. Tina moved over to live with me.”

Peter asked with confirmation: “Tina?”

“Yes, Ms. Tina said that she had a dog in the house that was not suitable for people to live with, so she moved over to live with me. Ms. Tina has a smart dog. Not only will it use the toilet to go to the toilet, it will also slip by herself!”

Peter couldn’t listen anymore, and interrupted her gloomily: “Stephanie, your living expenses this month are gone.”

The Grant family is a big family with deep roots, many brothers and sisters, and deep solidarity and friendship.

Peter is considered to be the eldest brother of her generation, and the younger siblings love to look for him if they have anything to do. Stephanie also relies on Peter to help her escape marriage with him on her back. Her own salary is not enough for the rent.

“Brother! You are my own brother! Don’t do this, what did I do?”

“beep—”

What Stephanie responded to was the busy tone of the phone being hung up.

She was about to cry.

Turning her head inadvertently, she found that Tina was holding the door and laughing so hard that she couldn’t catch her breath, but she desperately prevented herself from making a sound.

Stephanie narrowed her mouth: “Ms. Tina, what are you laughing at, haven’t you seen me so sad?”

“Sorry!” Tina straightened up, apologizing in a serious manner, but couldn’t help but stop and laugh.

She heard all Stephanie's words just now.

She couldn't help but think of Peter on the other end who was jumping with anger!

"My cousin said he wouldn't give me living expenses, you still laugh so happily!" Stephanie was mournful and couldn't laugh: "My own salary is not enough for rent. I don't want to sleep on the street, I don't want to go home and get married. Oh oh!"

She became more sad the more she thought about it, and burst into tears.

Chapter 1329

Stephanie was still young, in her early twenties, and didn't regard Tina as an outsider. When she cried, she looked childish and a little cute.

Tina suddenly realized that Stephanie was completely on the point of her smile. She looked at Stephanie and wanted to laugh.

But at this time, people were crying so sad that she still laughed, that would be quite unconscionable.

Tina barely held back her smile, took a tissue and wiped Stephanie's tears: "Oh, okay, don't cry, isn't it just the living expenses? I will cover it for you. I live with you now. What do I eat? You just eat with me, you can't pick your mouth."

"Really?" Stephanie stopped crying.

Tina looked at her, who had stopped crying for a second, blinked, and said, "Are you really crying or fake crying?"

The person who had been crying with tears and nose running just now stopped crying immediately after she said that she was covering living expenses. She was really superb in acting.

"Ms. Tina, you have to talk and count, I will rely on you from now on! You are simply my second parent."

"!"

!"

Peter said that he would return the resources he robbed before to Tina, but he did what he said.

Tina returned to work soon.

After the resumption of work, there were continuous announcements.

There are constant business invitations and scripts coming to her.

These matters are handled by Stephanie.

The Grant family members are probably strong at work. Usually, Stephanie looks as uncomfortable as Peter, but she is very good at handling matters.

Before the fifteenth of the first lunar month, Tina had already run dozens of announcements.

After Tina attended the Lantern Festival Gala, she saw Peter when she came out.

“Where is Stephanie?” Tina looked around, but didn’t see Stephanie’s figure.

“Her mother is here, ran ahead, let me come to pick you up.” Peter sat lazily on the sofa with a cigarette in his hand.

Tina glanced at the cigarette in his hand, Peter did not respond, but after two seconds, he still suppressed the cigarette in his hand.

“I don’t know how to drive myself.” Tina knew that Stephanie had escaped from marriage. Now that the parents came out to arrest her, she didn’t want to be caught, and it was normal to run away.

Peter snorted softly: “You have been running for a day to announce, do you want to drive fatigued?”

After Tina moved out of the house and lived in Stephanie’s house, to this day, this was the first time she saw Peter.

She hasn’t seen him for more than ten days, and Tina actually felt that Peter felt strange.

“Not tired.” Tina raised her eyebrows, picked up her coat and walked out.

Tina heard the footsteps behind, knowing that Peter had followed, and turned back impatiently: “I said you are annoying”

Halfway through, she saw the car key that Peter held up to her. After a moment of stunned, she snatched the car key over: “Thank you.”

Tina took the key and drove back directly.

Looking in the rearview mirror, she found that Peter was still standing still.

The lights were dim, and she couldn’t see Peter’s expression, but she could feel his abnormality inexplicably.

She hesitated for a moment, started the car, drove the car to the front, turned around, and drove in the direction where Peter was.

When she drove the car back, she was about to open the door to go to the opposite side to find him. She wanted to ask him what was going on, and a car stopped in front of Peter.

The door opened, Cathy got down from inside, took Peter’s arm and said something, Peter got in the car with her.

Chapter 1330

Tina suddenly remembered that Peter had said before that he wanted to break up with Cathy.

The scene of Peter and Cathy getting in the car together just now was in front of her again. The two were intimate, and it didn’t look like they were going to discuss a breakup.

However, whether they broke up has anything to do with her.

â€¦

When she returned to Stephanie’s house, it was almost three o’clock in the morning.

Stephanie was not asleep yet. Hearing the movement by the door, she ran over and said with a look of concern: "Ms. Tina, how did you come back? Did you go to dinner with someone from the program group?"

After Stephanie finished speaking, she sniffed on Tina.

"What are you doing?" Tina put her hand on Stephanie's forehead and pushed her away.

"I can smell you if you smell of alcohol." If you go to a dinner party, there will definitely be a smell of alcohol, but Tina has no smell of alcohol on her body, so there should be no dinner party.

"I'm a little tired, so I went to the riverside to walk for a while." Tina changed her shoes and went to the refrigerator to get water.

Stephanie was still following her, like an old mother, and said bitterly: "Where are you going for a while to relax or something, you should call me and tell me, I don't even call you twice. Then, it makes me worry, I am ready to go out to find you."

"I see, how can you be like an old mother at a young age?"

"I'm not worried about you yet."

Tina chuckled and asked, "Where are your parents? I heard Peter say that your mother came here?"

"Yeah, it's so risky, I was almost caught, alas, it's terrible." Stephanie felt lingering when she said it.

Tina couldn't help laughing when she saw this: "Is it that scary? Your fiancé is ugly?"

"I haven't seen him, but I heard that he is a thirty-year-old man. I don't like any old man."

"???"

Tina twitched her lips: "A 30-year-old man is an old man, what is a 30-year-old woman?"

Although Stephanie looked a bit silly and not very good-minded, she was still very crisis-conscious.

"Thirty-year-old women are also infinitely attractive. Besides, Ms. Tina, you are only twenty-eight years old. When we walk together, others thought I was your sister!"

"Stop it."

Tina was completely immune to her flattery.

She walked to the sofa and sat down, with a straight look, and said, "It's not a problem for you to keep hiding like this. It's impossible to hide for a lifetime."

"I don't want to hide for a lifetime. I just want to do a good job in my career. When I succeed in my career, Mom won't force me to get married."

"Why not try to communicate with your parents?"

"If it makes sense, do you still call them parents?" Stephanie spread her hands, looking helpless.

"Then you didn't even see your fiancé, and you sentenced others to death. Isn't it too arbitrary?"

Stephanie pouted: "I heard that the uncle was a schoolmaster since he was a child. He went to school abroad by himself when he was a teenager, and then built a company abroad. Think about it, such a young uncle who has a promising career. , I'm afraid it will make my head bald, right?"

"Puff—" Tina laughed out loud, and Stephanie really grew up on her smile.

"Go to bed. I recently ran the notice. After the script reading meeting of "Lost City" next week, you will be ready to join the group."

"So fast?" Tina was a little surprised, thinking it would take some time before "Lost City" started.

"My cousin is the producer himself, and Mr. Fast wants "Lost City" to be released as a Lunar New Year festival."
