Chapter 1361

Cathy cried and talked a lot, and Stephanie's ears buzzed.

She turned her head to look at Tina, and found Tina embracing her arms, staring at Cathy like a play, calm and stable.

Cathy cried so much that she couldn't speak, and she was about to pounce into Peter's arms, but Peter quickly held Cathy's arm with his hands and didn't let her pounce into his arms, and said with regret: "Don't Cry, be careful."

Tina noticed Peter's subtle reaction, and couldn't help narrowing her eyes, looking at Peter with some doubts.

Peter looked at Cathy with a worried look, and his expression didn't look like a fake.

But why, what does she think is weird?

Although Peter appeared very worried about Cathy, she felt a little weird inexplicably.

Maybe it's just the ridiculous unwillingness in her heart that is causing trouble;

Tina pursed her lips, her eyes returned to her previous calmness: "Done?"

With tears on Cathy's face, she turned to look at Tina: "Miss Weber, I told Peter, let him not embarrass you, and please do it yourself. Human patience is limited."

"You mean, you don't admit that you played a lot, do you?"

Tina stared at Cathy with a serious tone.

Cathy was guilty of being seen by her, lowered her eyes slightly, and said in a sad tone: "I didn't expect you to still want to slander me!"

"Peter is the father of my child. I must be mindful of Peter's situation in everything I do. I bought coffee for the crew because I thought everyone had worked hard, Miss Weber, don't be so obsessed."

"Okay, since that's the case, I know how to deal with it." Tina was neither angry nor tantrum, and looked calm and confident.

Cathy's face changed slightly. When she went to find Tina yesterday, she repeatedly confirmed that there was no surveillance in that place, knowing that Tina would not wait to see her, and deliberately hit Stephanie to force Tina to take a video.

But Tina's confident appearance at this time made Cathy a little uneasy.

"Stephanie, book a restaurant for me. I want to invite Alyssa to have dinner with her family." Tina said to Stephanie, but she smiled meaningfully at Cathy.

Cathy shook her heart, she could almost confirm that Tina might have a way to deal with it.

When she first thought about this plan, she wanted to directly hammer Tina to death. She didn't believe anyone, and worried that the person who helped her secretly took pictures would turn back. The video was also hidden in advance by her pinhole camera.

Therefore, the original video is only in her hands.

There is no surveillance there, and only she has the original video. What else can Tina think of?

If Tina turns over, it will be very difficult for her to clean up Tina in the future.

Peter watched Cathy's changing face calmly, curled his lips slightly, lowered his eyes and condensed the emotions under his eyes, and said warmly: "The doctor said you want to rest in bed and keep lying down. The baby is important."

Hearing Peter's words, Cathy quickly recovered, and raised his head to show Peter a smile. Fans have said that she looks best when she smiles with her head up.

She cleverly replied: "Okay."

Peter helped her back to the room and lay on the bed.

After helping Cathy to lie down, Peter straightened up: "I'll go to the bathroom."

Cathy nodded: "Okay."

"You can't take a break while playing on the phone?" Peter said, looking at her tenderly.

Chapter 1362

"I see, I'm not a kid, go to the bathroom." Cathy shyly pushed Peter.

Peter curled his lips as if he was amused by her appearance and opened the door to go out.

The smile on his face disappeared instantly as soon as the door of the ward was closed.

He didn't go to the bathroom immediately, but moved two steps aside, to a position where the people inside could not see through the observation window.

After Peter went out, Cathy looked at the door for a while, then turned over and sat up, reaching for the phone.

At this moment, Peter tilted his head slightly and looked in through the observation window, just in time to see Cathy holding the mobile phone and keeping her fingers on the mobile phone, as if typing.

After just watching for two seconds, Peter walked away with a blank face, and slightly raised his hand to signal the bodyguard to come.

"CEO Grant?" The bodyguard walked over and asked him what he had to order.

Peter's voice was cold: "Clean the reporters from all entrances of the hospital, and don't keep any of them."

"Okay." The bodyguard got the order and left quickly.

Peter went to the bathroom.

Standing in front of the sink, he frowned as if his hands were dirty, and washed several times.

“

“Ms. Tina, how do we get out?”

Stephanie squatted at the entrance of the hospital and looked outside. She found that the reporters were still there. She looked back at Tina anxiously: “It’s strange, those reporters didn’t see us coming in, why are we so tightly guarded at this moment?”

“Of course someone whispered secretly.” Tina sneered.

The online video only intercepted the part where she beat Cathy and then Cathy fell to the ground.

And now that Cathy’s hospitalization has not been exposed. If it weren’t for someone to the whistleblower, how could the reporter know that she would come to the hospital?

“Who tells the news? Is it someone from the crew?” Stephanie asked.

“Everyone in the crew has signed a secret agreement, and no one takes a risk if something can be found out by a check.”

“Who is that?”

“It is clearest that I will come to the hospital, who do you think?”

“My cousin?”

Tina was choked by Stephanie’s guess: “It’s not impossible that this is possible, but Cathy’s possibility is greater.”

“My cousin just talked to you like that, you still believe him.” Stephanie grunted after speaking.

Tina: “Do you think Peter is the kind of mindless person who doesn’t distinguish between public and private?”

Stephanie: “Men are all thinking movements of the lower part of the body. They are so dizzy for love, what can’t they do?”

Tina looked at Stephanie with a weird expression: “Is this a talk of your experience?”

“No, I haven’t been in a relationship before” Stephanie said in a quieter voice.

Tina couldn’t help laughing: “What do you think of Tom?”

Stephanie thought for a while: “He looks like a human, but generally speaking, this kind of gentleman is not a good thing! Ms. Tina, you If you are looking for the second spring, you must not find this kind of man”

Tina raised her head to look at the sky, rubbed her ears, and glanced outside, just in time to see the reporters being driven away by the security guards and pulling them out.

“Eh, sister Tina, don’t pull my collar!”

“Then you shut up.”

Stephanie was silent immediately.

Tina and Stephanie got out of the hospital while the reporters were still struggling with the security guards.

How could the security guards suddenly come to catch the reporter?

How could the security know that these people are reporters?

Chapter 1363

In the ward.

Peter was sitting in front of the hospital bed, flipping through the files in the mailbox with his mobile phone, looking carefully one by one.

Cathy stared at him for a while, then glanced at the phone on the bedside table.

Seeing that Peter looked attentively, she reached out to get the phone on the bedside table.

However, she was discovered by Peter before her hand reached the phone.

“What are you doing?”

Peter has a pair of eagle eyes, the ends of the eyes are slightly raised, and when he is smiling, they appear very gentle.

Since Cathy was hospitalized for babysitting, Peter has been guarding her in the hospital. The previous Peter looked at her unwillingly, but recently he always looked at her with such gentle and smiling eyes. At the very beginning, Let her feel like floating in the clouds.

After a few days, she gradually got used to it, but she still felt a little shy because of Peter’s eyes.

“It’s a bit boring, I want to watch and play with my phone.” Cathy said with a grimace with her eyes red.

Peter put the hand holding the phone on his lap and asked, “What’s so fun on the phone?”

“Just watch the news casually to pass the time. Although I am lying in bed and can’t make movies and notices, I still want to know something about the entertainment industry. Let me take a look! My baby wants to see it too.”

Cathy said as she stretched out her hand to caress her stomach.

The smile in Peter’s eyes deepened, and he said thoughtfully: “The entertainment industry!”

Cathy didn’t know why. Peter was smiling obviously, but she felt an inexplicable chill. Looking carefully at his eyes, she felt that those eyes were as deep as a pool, as if he was not smiling at all.

Cathy felt a touch of fear in an instant, and she was hesitant to speak: “Yes! Yes!”

“Okay, you can watch it if you want.” Peter picked up Cathy’s phone and handed it to her.

His voice was extremely gentle.

Cathy looked at Peter intently, and saw the gentleness and patience in his eyes, she was relieved, she must have been thinking too much.

“Peter is the best for me.” Cathy happily took the phone.

Earlier, Peter had many scandals, but none of them was his officially recognized girlfriend, let alone one of his scandals who became pregnant.

And she was the first woman to be pregnant with Peter’s child.

Peter is thirty years old, and most men at this age want to start a family and settle down, so it is normal for Peter to change his attitude suddenly.

Even if Peter just liked the child in her belly, she was willing.

With such a single heart, Cathy suddenly felt a sense of relief and a lot of peace of mind.

She opened Twitter and scanned the trending search list.

After refreshing several times in a row, didn’t see Tina’s name on the trending search list?

what happened?

When she pretended to be pitiful in front of Peter and told him to stop Tina from work, she knew that with her cool temper, she would definitely come to the hospital to confront Peter.

So she notified the reporter in advance.

After Tina left, she sent a message to the reporter to ask about the situation. The reporter said that they had never seen Tina come to the hospital, so she told the reporter that she had come to the hospital and was about to go out, hoping to get Tina to be photographed by the reporter.

At this time, public opinion has fermented, and Tina has no conclusive evidence to counter her, so no matter what Tina says in front of the reporter, she will be scolded.

But after so long, why is there no news on Twitter?

Chapter 1364

Cathy did not dare to believe it and went to scan the trending search list several times, but she was a little angry because she failed to scan the trending search related to Tina.

But because Peter is here, she is not easy to have an attack, so she can only find a reporter to vent her anger.

She used an anonymous trumpet to message reporters.

“I have said Tina’s whereabouts so clearly, you still haven’t photographed her?”

“I have never seen such a stupid reporter, and you can’t catch the headlines that I send to your door, so just don’t mess around here!”

“â€¦”

Cathy posted several similar messages to vent her anger, all of which were not very pleasant.

At this time, the message she sent out showed the word “read” underneath.

The reporter squatted for a few days without squatting to the point of depression. He was already very depressed. Cathy still came to scold the reporter, and he was also angry.

“What the hell are you? If the news you gave is true, we can’t stay in the cold, you just played with us on purpose, right?”

“If there is a kind of thing, what is the ability to speak in a large number and curse in a trumpet?”

Upon seeing the reply, Cathy became even more angry.

“You speak with respect, you can’t offend me!”

“Be careful that I can’t keep you in the industry.”

Now that Peter spoils her so much, helping her to clean up a few small reporters is nothing difficult. She wants to make a round and squash, but in the end she has the final say.

The reporter has firmly believed that Cathy was deliberately telling false news, and her words were not a deterrent to them. There are many people in the entertainment circle who love to pretend to be ruthless.

“Okay, report your name, I think how much you offend me!”

Although Cathy was angry, she was not too stupid to really report her name, but she felt that she couldn’t swallow it.

Suddenly, there was a flash of light in her mind, and she replied a name to the reporter: “Scottia.”

Cathy was dissatisfied with the fact that she could not participate in the “Lost City” movie. Scottia was the heroine of the “Lost City” web drama.

The same script, the movie version and the TV drama version are usually compared together.

The hot drama “Lost City” has a high degree of discussion, and everyone’s expectations are also high. The marketing account has long compared the heroine of the online drama Scottia and the heroine of the movie Tina for the sake of popularity.

At that time, the reporter will explode the screenshots again, with a cool temper, can he not trouble Scottia?

Scottia used to be a traffic flower. Before she appeared in “Lost City”, her acting skills have been criticized by others, but after filming the “Lost City” web drama, her acting skills have been recognized by everyone and a lot of circles and fans.

At the same time, Scottia’s fans are young and can tear them off, while Tina’s fans are diehard and strong.

Cathy just thought about such a big scene of dog biting a dog, and he was looking forward to it.

As long as you spend a day in the entertainment circle, don't think about having a birthday.

The reporter is not stupid. After receiving Cathy's reply, he did not believe Cathy's words.

Although Scottia used to be a small traffic flower, but she didn't have a brain and couldn't become popular. How could she be so stupid to expose herself to such a thing?

butâ€¦!â€¦!

If this screenshot is exposed, it will definitely attract countless clicks and traffic!

After a brief hesitation, the reporter continued to send messages to Cathy to guide her to say something controversial.

And Cathy also caught the reporter's psychology before saying that she was Scottia.

The reporter intends to guide her, she is naturally willing to cooperate, anyway, this matter has nothing to do with her, it does not matter if it is exposed.

Chapter 1365

After Cathy and the reporter finished talking, she deleted the chat reporter cleanly, and also blocked his account.

"What's so happy?"

Cathy looked up when she heard the sound and found that Peter was looking at her, as if he had been looking at her like this for a long time.

Cathy felt a guilty conscience at the bottom of her heart, and being watched by Peter so determinedly, also made her feel that her hidden secret had been seen through.

She did not dare to look directly at him, her eyes flickering, and said: "Just read a funny joke."

Worried that Peter would not believe her, she quickly searched for a joke on the Internet without reading the content of the joke, and then handed her phone to Peter to read: "I think this joke is so funny. If you don't believe it, take a look."

In order to make her words sound more believable, she pretended to smile as she spoke.

Peter looked down and glanced at the joke on the phone. His expression remained the same: "Do you think this joke is funny?"

"Yes." Cathy said seriously, and asked Peter: "Why don't you think it is funny?"

"No man thinks it is a pleasure to raise a child for someone else." Peter's tone was meaningful.

Cathy's face became stiff, her face turned pale, and she forcedly explained: "No, I just think it's a little funnyâ€¦!"

“You have been playing with the mobile phone for so long today. Your body is weak. Stop playing and rest.” Peter took Cathy’s mobile phone and put it on the bedside with a gentle expression, pulling the quilt for her. Surprisingly gentle: “Go to sleep, I’ll be with you.”

Cathy’s health is indeed a little weak now. After arguing with reporters on her mobile phone for so long, she is a little tired now.

Listening to Peter’s gentle voice and seeing his gentle expression, she felt extremely happy.

But the fly in the ointment is that Tina has only been suspended.

It would be even better if Tina’s reputation could be stinky this time, so that she couldn’t hang on in the entertainment circle, and had to kneel in front of her and beg her.

With this fantasy, Cathy fell asleep.

Watching her fall asleep, Peter, who had been guarding the bedside, slowly straightened up and fixed his eyes on the phone on the bedside table.

pregnant women should rest more, always playing mobile phones is not good for their babies.

Peter got up, picked up the phone and walked to the window. As soon as he loosened his hand, the phone fell.

After falling down from the tenth floor, the phone should be useless.

He pondered for a moment, then opened the door and walked out of the ward, and ordered the bodyguard: “Go downstairs and help me pick up my phone. It’s hard work.”

â€¦

“Ms. Tina, I asked. I heard that Tom happened to be here on a business trip recently, so he went to the film and television city to visit the class. Others are still in the city.”

As soon as Stephanie opened the door and came in, she confided in the news she had found out.

Seeing her sweating profusely, Tina poured her a glass of water and handed her a tissue.

Stephanie took the paper sticker and wiped off her sweat, after giving her time to ease herself, she asked with a puzzled look: “Why are you looking for Tom? After my cousin took the green tea bltch away that day, I went to the director to ask for leave. I looked around for a while, and didn’t see Tom. He was not an eyewitness and couldn’t help.”

Tina said before that she would invite Alyssa and Karl to have dinner, so when she left the hospital, Stephanie helped her book a box in the best hotel in the city.

As it was close to dinner time, they went directly to the hotel, and then Tina asked her to investigate Tom’s whereabouts. She asked a circle of people, and she said nothing, and finally asked Tom’s whereabouts.

Chapter 1366

Tina smiled and did not explain, but only asked Stephanie: “Have you found out where Tom lives?”

When the matter was cold and indifferent, Stephanie smiled arrogantly: "Of course I found it. I will naturally do what you ordered, but you can't guess where Tom lives!"

Stephanie said it well, feeling that Tina would definitely not be able to guess.

Tina teased the hair that fell from her ears, and said casually: "He lives in the hotel where we ate."

"It's a Sister Weber!" Stephanie widened his eyes in surprise, and then gave her a thumbs up. People who still learned from the crew called her "Sister Weber".

"Since you let me guess where Tom lives, I know the hotel Tom lives in. But you are sure I can't guess which hotel it is. And this hotel is the best in the city. We booked here After leaving the box, Tom happened to be staying in this hotel. Isn't that the biggest coincidence?"

After Tina finished explaining, she hugged her arms and looked at Stephanie for a while.

Stephanie looked at Tina in astonishment, and after a while she nodded: "Yes! It makes sense! Convinced!"

"It's actually a very simple logical thinking, you can think of it when you use your head." Tina nodded Stephanie's little head.

Stephanie is actually very smart, she just doesn't bother to think about it.

Stephanie nodded her head with a face of being taught, "I know!"

At this time, the box door was pushed open from the outside, and the lobby manager brought Alyssa and Karl over: "Miss Weber, your guest has arrived."

"Alyssa!" Tina laughed as soon as she saw Alyssa.

After Alyssa and Karl sat down, Alyssa looked around and began to make fun of Tina: "Someone has stopped work and is so extravagant to come to such a big hotel to eat."

"Even if you eat, you have money!" Tina was very cooperative and waved her hand, pretending to be arrogant.

Alyssa laughed so badly that even Karl couldn't help but curl his lower lips.

Seeing Tina's unstressed appearance, Alyssa asked her: "There is a solution to the video."

"Yes." Tina turned to look at Stephanie, and patted her on the shoulder: "It's all due to our house."

Stephanie was a little embarrassed: "I didn't do anything!"

"Don't talk about this mess." Tina handed the menu to Alyssa: "Let's order."

Several people ordered the food, and while chatting, Alyssa's cell phone rang.

She was smiling originally, but after listening to the phone for a while, her smile disappeared and she became serious.

"I see, thank you."

Alyssa hung up, and Karl asked her, "Who made the call?"

"Mattie," Alyssa answered Karl's question but looked at Tina.

Tina and Alyssa were in a tacit understanding, and instantly understood: "Is it related to me?"

"It was said that a reporter released a screenshot. It was Scottia who used a trumpet to reveal your whereabouts to the reporter and asked the reporter to stop you. As a result, the reporter did not stop you. She was so angry that she quarreled with the reporter. The trending search has come out. , Now it's 'exploded'."

While Alyssa was still explaining, Tina took out her mobile phone.

The first trending search on Twitter is very eye-catching: [Scottia asked reporters to block Tina]

There was also a dark red word "explosive".

Scottia herself is a small traffic flower. Although she is in a transitional period, her fans are also very impressive and very topical.

Tina was in acting school when she debuted. It was different from Scottia's, but she was too pretty, and she was full of live fans, and the topic was extremely high.

Both of them are very topical, it's strange if they don't burst.

Chapter 1367

Tina clicked into the trending search, and the original tweet posted by the reporter at the top showed that it was half an hour ago, with hundreds of thousands of likes and tens of thousands of comments.

She refreshed it, and the page was still spinning. She refreshed the page several times in a row. The number of reposts, comments, and likes all rose linearly. Such exposure is indeed explosive.

Tina swept around, but Scottia hadn't responded yet, and the rhythm of various marketing accounts was able to fly. Scottia's opponent was also fishing in the troubled waters, and wanted to take the opportunity to black her.

Tina's black powder was also mixed in it, saying that Tina had planned it herself.

"Do you know what's going on?" Alyssa asked Tina.

"I know." Tina laughed: "Today I went to the hospital to confront Peter and Cathy. There were reporters at the door."

"Aren't the reporters supposed to stay in the studio? Cathy's hospitalization was not revealed."

Alyssa looked confused, but after seeing the smile on Tina's face, she understood what was going on: "Is it Cathy?"

Stephanie said weakly, "Why don't you suspect my cousin?"

This question was so stupid that even Karl couldn't help but glance at Stephanie.

Stephanie was terrified by Karl's look, lowering her head, trying to reduce her sense of existence.

Next, Tina and Stephanie's cell phones rang.

It's a call from the company.

And, Peter called.

Tina took a look and turned off the phone directly. When Stephanie saw this, she also muted the phone. They didn't answer the company's call or Peter's call.

The cause of this incident was just a screenshot released by a reporter. If the screenshot is true, Tina also knows that the person disguised as Scottia in the screenshot is Cathy.

This picture came out, and it was considered a black material of Scottia. Scottia didn't respond at all, but her company called at this moment, and it must have come to give orders.

At this node, Tina stood up, and no matter what she said or did, she was cannon fodder.

After Peter stopped Tina from work, the people in the company probably also felt that she was over, so they pushed the wall down, trying to consume Tina's heat.

She accompanied Alyssa and they happily finished the meal. It was late, and it was a bit late to return to the film and television city, so they just stayed in the hotel.

Returning to the room at night, Stephanie asked Tina as she sorted things out, "When shall we go to Tom?"

"Didn't you say that Tom can't help us?" Tina lay lazily on the sofa and swiped Twitter without raising her head.

Stephanie said earnestly: "Ms. Tina is the smartest, you must have your reason for asking me to inquire about Tom."

She also felt that there were too many places to learn, so she should listen to the calmness so that she would not go wrong.

Tina glanced at Stephanie in surprise.

Stephanie's ability to think like this means that she is completely on her side, which is a good thing.

Tina put down the phone, pondered for a moment, and said, "Since Tom is on a business trip, he must be busy. I'm full. You order a cup of coffee and the waiter will send it to Tom's room."

Although Stephanie didn't understand Tina's intention to let her do this, she didn't object: "In your name? Would it be bad?"

"It's not so good." Tina smiled meaningfully: "Then in your name."

Chapter 1368

Stephanie ordered Tom's coffee, but still did not understand why Tina did it.

But thinking about it from another angle, Tina needs Tom's help in some matter, and it must be reasonable to ask her agent to come forward, because she is too stupid.

Ugh.

â€¦

There was a knock on the door.

Tom moved his aching neck sitting in front of the computer for a long time, got up and walked to the living room.

Opening the door, the waiter nodded slightly: "Mr. Allison, your coffee."

"I didn't order coffee." He has a meeting tonight, he is planning to make coffee, but he hasn't ordered it yet.

Waiter: "Someone ordered it for you."

Tom's expression is not so good: "I have no friends here."

He was on a business trip this time, and the companies that wanted to please him didn't know where he lived, so it could only be a hotel leak.

The waiter also knew that Tom had misunderstood, and quickly said: "Our hotel has always paid attention to the privacy of our customers. What's more, Mr. Allison, you are our VIP customer. It is from a lady named Stephanie Grant. I will give you something by name. , We can only try our best to meet and meet the needs of our customersâ€¦"

Tom was startled slightly, his expression calming down: "So that's it, it's hard work."

He took the coffee in the waiter's hand, turned and closed the door, leaving the waiter standing at the door with a dazed expression.

â€¦

Early the next morning.

Tina took Stephanie to the hotel restaurant for breakfast.

When Stephanie went to get breakfast, she looked around carefully. After returning to her seat, she said to Tina, "I didn't see Tom."

Tina didn't speak, but just looked at Stephanieâ€¦ behind her.

Before Stephanie understood what was going on, she heard a male voice behind her: "Miss Stephanie, looking for me?"

Stephanie was startled, the dinner plate in her hand almost fell, but Tom reached out and helped her.

"Thank you, Mr. Allison, early." Stephanie thought that Tina had something to ask Tom, and she was very polite when he spoke.

"Thank you Miss Stephanie for the coffee."

After Tom let go of his hand, he thanked her again, and sat down beside her, and nodded slightly to the opposite Tina: "Miss Weber."

Tina calmly greeted Tom: "Did Mr. Allison slept well last night?"

"Fortunately, I was a bit busy at work, and I didn't fall asleep at the meeting because of Miss Stephanie's coffee." Tom mentioned Stephanie again, and he also expressed a serious feeling when he was joking. People feel good.

"It's just a cup of coffee, Mr. Allison is too polite."

He mentioned the coffee twice in a row, Stephanie was a little embarrassed, and the coffee was still cold and let her deliver it.

Tom didn't answer anymore, but turned to look at Tina: "Miss Weber's attitude is much better than when I saw her on the set that day."

Tina smiled faintly: "If Mr. Allison is willing to help me, my condition will be better."

Even Stephanie understood that there was something in the cold words.

"As long as it is where Allison can help, I will do my best. After all, Miss Weber is an actor I admire very much." Tom was very sincere with a smile.

Stephanie looked at Tina and then at Tom. The two people had the same professional smiles on their faces, and the rhythm of the two people's chatting was also very fast.

After only three sentences, it has risen to "Help" and "appreciate" too.

Tina's expression looks more sincere than Tom's: "If I am lucky enough to endorse products that are easy to dry, I can't ask for it."

Tom showed a satisfied expression, took out a small box and put it on the table and pushed it in front of Tina: "Miss Weber, happy cooperation."

Chapter 1369

Tina glanced at Tom, picked up the box he pushed over, and said slowly, "Happy cooperation."

Stephanie was dumbfounded. Did the two of them mention a word of cooperation from beginning to end?

Is this happy cooperation?

What dumb fan are you playing!

Tom turned his head, looked at Stephanie with a blank face, and reminded: "Miss Stephanie doesn't eat breakfast anymore, it should be cold."

Stephanie let out an "Oh", then turned her head and glanced at Tina, feeling that her IQ had been crushed.

Finally, after eating breakfast, Stephanie finally had the opportunity to ask questions about her full stomach.

“Ms. Tina, what were you talking to Tom just now? I feel as if I understand, but I don’t even understand a sentence. What did he give you?”

Tina smiled without saying a word, got up and walked outside the restaurant.

After returning to the hotel room, Tina handed the box to Stephanie: “Export the video inside and send it out anonymously.”

Stephanie took it, opened it, and found a USB flash drive lying quietly inside.

“How could Tom have this, he and Cathy?” Stephanie really wondered why Tom had this thing.

Tina couldn’t help rolling her eyes, reached out her hand and patted Stephanie’s head, and said angrily: “You open and watch the video inside, don’t you know what’s going on? Your head is thinking all day. What is it?”

Stephanie stopped talking nonsense, and hurriedly exported the contents of the USB flash drive.

Tina took the magazine, leaned back on the sofa, and focused on reading.

After a while, Stephanie’s excited voice came: “It turns out that it is! Why didn’t I expect it.”

Tina didn’t lift her head, and said quietly: “If you can think of everything, then I am not ‘Sister Weber’, you are ‘Sister Grant’.”

“Sister Weber is awesome.” Stephanie gave her a thumbs up.

Tina got up and walked over, leaning over to look at the exported video: “Although the definition is very common, the picture is still quite clear.”

The beginning of the video happened to be where Cathy scolded Stephanie. Although she couldn’t hear the sound, she could see Cathy’s domineering. Later, she slapped Stephanie and Tina got out of the car and slapped her.

Stephanie was a little unbearable to look straight, why does she seem to follow?

“After all, it was not taken by a professional camera. The video recorded by the driving recorder has this effect. It is useful.” Stephanie said, packaging the video and sending it to reporters and various marketing accounts.

After Stephanie posted the video, she smiled and said, “Cathy has counted a lot, and she definitely didn’t count the dash cam.”

That day, Cathy brought coffee to find Tina. Tina was too lazy to take care of her and got into the car. Later, Cathy and Stephanie had a dispute. Tina saw a car driving to the back of her nanny car and stopped. Come down.

Since the number on the license plate looked auspicious, Tina looked at it twice. At that moment, Cathy acted on Stephanie, but Tina didn’t look at it anymore. She got off the car and gave Cathy back, a slap.

Later, when only Tina was left on the scene, Tom appeared.

Tina's mood collapsed that day. It was also when she drove to the hospital to find Peter and Cathy afterwards, that she thought of the dash cam.

Tom looks elegant and gentle, but he is also a smart businessman.

He gave the video to Tina. In exchange, Tina wanted to endorse his company's products.

Chapter 1370

Tina's following is huge, and her group of following is very large, so her ability to carry goods is also one of the best. Many companies like to cooperate with her, and there are countless companies looking for her endorsement.

Therefore, the price of Tina's endorsement is not low, even if the company can afford the money, she still needs to have a schedule.

However, Tom helped Tina, and Tina would naturally give priority to Tom's endorsement. In order to show her sincerity, she planned to give him a discount on the endorsement fee.

His has developed well in recent years, but it is still not enough for Tom. He fancies Tina's popularity and following, and he is naturally willing to use a small effort in exchange for the opportunity to cooperate with her.

After Stephanie posted the video, she has been scanning Twitter.

She murmured as she brushed: "Why haven't you searched hot yet?"

"It's not that fast, wait for half an hour." Tina wasn't anxious at all, she even wanted to know Cathy's next reaction.

Actually, not only looking forward to Cathy's next reaction, but also Peter's!

The cell phone ringing suddenly rang in the room, and the cool thoughts were pulled back, and it was found that Stephanie's cell phone was ringing.

"It's an unfamiliar number." Stephanie asked Tina with her eyes if she should answer it.

"You can take it. You have to gradually learn the resilience that an agent should have." Tina knew that Stephanie was afraid that it was the company or some media, and she was afraid that she would say something wrong.

Stephanie answered the phone, not knowing what the person on the other end said, after a hint of surprise flashed across her face, she turned on the speakerphone.

Then, Stephanie asked on the phone: "You said you are Scottia's agent?"

After hearing this, Tina had a look, put the magazine in her hand aside, and moved towards Stephanie.

There was a middle-aged man's voice on the phone: "Yes, I am Scottia's agent. Regarding the rumors on the Internet yesterday, we want to work with miss Weber to deal with them. What do you think?"

Worthy of being an experienced agent, sleek and polite.

Stephanie looked at Tina, who nodded slightly.

For Scottia, this matter is also a disaster. She is willing to communicate with Tina and handle this matter jointly. It cannot be seen that they sincerely want to handle this matter.

Scott was affected by innocent people. Such black spots are big or small, but they will always have a negative impact. If Tina does not agree to joint treatment, this will probably become a black spot that Scottia can't wash off.

Stephanie said in a serious tone: "We are willing to jointly handle this matter. If you have prepared a plan, you can send it to me."

"Okay, can I add a WeChat? I will send it to you now."

"Yes!" Stephanie looked at Tina a little speechlessly. This meant that she had called Tina before she knew that Tina would agree, and even thought out the plan in advance.

After hanging up the phone, Stephanie waited for Scottia's agent to add her, while spitting out with Tina, "I thought Scottia didn't care about this."

"After all, it's not a good thing. It's natural to clarify. The entertainment industry is a vanity fair with limited resources, but there are so many people who want to get ahead. Don't look at it as a trivial matter, but this trivial matter is used by those who are interested, and it may become an attack weapon of Scottia."

When a little thing is infinitely magnified and then over-interpreted, it is no longer a little thing, but a link in the chain of interests.
