Chapter 1371

[Tina Scottia]

[Tina Cathy]

“Tina”

Every trending search topic is very simple and rude.

Click on the topic of [Tina Scottia]. The top one is the most popular tweet.

“Tina and Scott both clarified the previous reporter’s screenshot. [picture][picture][picture][picture].”

The following four pictures are screenshots of Tina and Scottia’s Twitter, as well as replies from both Tina and Scottia.

Tina’s Twitter content read: “I have not been blocked by reporters recently.”

Scottia retweeted Tina’s Twitter and sent a paragraph: “I have never asked a reporter to besiege anyone, and I won’t in the future.”

After she forwarded it, she ran back and commented under Tina’s Twitter: “When Ms. Weber is not busy, can I have a cup of coffee together?”

Tina replied: “I’m not busy these days.”

There are tens of thousands of comments following this reply.

“Ahhhh, my family Scottia and Sister Weber!”

“Why not, Sister Weber’s words sound inexplicably spoiled.”

“Mr. Weber, I want to have coffee with you too!”

“Scottia and Miss Weber are both good actors!”

In addition to Tina’s own fans, Scottia’s fans also came to join in the fun. The two fans were dispatched together, and the popularity was amazing, so they quickly ranked first on the trending search list.

At the same time, Scottia also went to the marketing account to buy the draft, and also bought the trolls belt rhythm, so there was a lively atmosphere on this topic.

But [Tina Cathy] The content under this topic is not so harmonious.

“What is this Cathy?”

“I knew our sister Weber was not such a person.”

“I said long ago that you shouldn’t stand in a hurry to eat melons, otherwise it would be embarrassing to be slapped in the face. Also: this slap is so cool.

“Are they all the trolls hired? What’s inverted in this video? Isn’t it violent when you attack? Can’t there be a better way to deal with it? If you are beaten, you have to beat back?”

“Go back upstairs, if you are beaten, do you want to wait for someone to be stabbed to death?”

“It looks like Cathy is holding coffee in her hand? Tina is too rude, right? She doesn’t get in the car, not to mention that Cathy is still Peter’s girlfriend, and she doesn’t give any face to her, too arrogant. It’sâ€¦!”

“You’re sick, don’t you know how tired it is to film? It’s normal for her to take the time to sleep. It’s normal for her not to get out of the car. What if Cathy is Peter’s girlfriend? Tina is an artist signed by AdamPic, and she has a cooperative relationship with AdamPic. Do you have to please the boss and the whole family by cooperating with the company?”

“Anyway, the first one is cheap, Cathy is cheap.”

“Cathy is not a good personâ€¦!”

â€¦!

Netizens and various fans were arguing in the comment area.

Everyone knows that Tina is usually a very rigid person, going straight, so most people still stand on her side.

Only a very small number of sunspots, or Cathy’s fans, deliberately said that Tina was violent, but because the number was too small, they were quickly overwhelmed.

Tina looked around enthusiastically, and was about to change into a vest and trumpet to go fishing in troubled waters, but another trending search was topped.

[Tina was asked to stop work by the company]

After she went in and watched it, she found that it was a fan who went to the studio to visit the class, only to learn that Tina had been ordered to stop work by the company.

The popular tweet is posted by a film critic.

“I heard that on the day of ‘Tina beat Cathy’, Tina was asked to stop work by the company. Since the original video came out today, it means that the company is also aware of the situation on that day. Why was the work stopped? It was just because of Cathy. Is it CEO’s girlfriendâ€¦!”

Chapter 1372

The critic named “Uncle” posted another Tweets from the back:

“Statement, I myself admire the actor Tina very much, and fans who are familiar with me also know that I have carefully watched and commented on each of Tina’s movies, and I have analyzed each of her characters. It’s a cool passerby fan.”

“If this incident is really about Tina playing sideways on the set to beat people, even if I am a fan, I feel that Tina should stand at attention when she is beaten, so I should be scolded, and the company directly

gave Tina on the day of the incident. She has been suspended since. May I ask, the impact of this incident is so bad that it requires the company to take the initiative to call Tina to suspend work and delay the progress of a project such as "Lost City"? Will normal companies do this?"

"Tina is usually a straightforward person. I just like her temperament, so I will put my words here today: I just think this is Adam Pic's boss Peter's revenge, Cathy slaps so skillfully, It seems that she is usually fierce. Peter not only cares about his girlfriend, but also protects his girlfriend and bullies the artist under his hand. What kind of man is this?"

The film critic wrote a very long Tweet.

His fans were panicked.

"Uncle, you are too rigid, you really dare to say anything?"

"Then, uncle, I want to take you out for a few days to avoid the limelight. We can't afford to offend, Mr. Grant."

"The enemy has three seconds to reach the battlefield, uncle, hold on."

"I am a fan of Peter. I don't scold that uncle. To be honest, I also think that Peter's behavior is very confusing and I don't want to step back, but I still want to say that he is afraid that he has lost his wisdom."

"Already feel that uncle's anger?"

"Hahaha, that uncle likes to be cold, really hammered, he didn't admit it at the previous meeting?"

This film critic named "Uncle Na", Tina once met at an event. He is a young man with a lot of ideas, but he looks very quiet, unlike a talkative person.

Because of this, he has a very unique perspective on movies, with countless fans and a big account with millions of fans. Many crews will ask him to help write film reviews.

He generally only writes film reviews for the movies he likes, and he finds the crew that comes to his door, unless he thinks OK, otherwise he will not write.

This uncle's influence is not small. As soon as his two Twitter posts came out, they pushed Peter into the storm.

What makes Tina puzzled is that since the company stopped her from work, why would it let fans go to the crew to visit the crew?

Tina turned her head and called Stephanie: "Stephanie, contact the producer on the set to confirm if there are really fans visiting the set."

Stephanie also read this trending search, and while calling, she said: "I think it's cool to see my cousin being scolded, he deserves it."

Tina didn't speak, but scratched the phone screen thoughtfully.

After paddling, a phone call came in. After a cool meal, she found that it was his mother Melba.

When Tina first made her debut, when a little news was published, her parents were too nervous, but later, after Tina did ideological work for them, they were able to ignore the news about her.

This time, Melba called, mostly because this incident involved Peter.

Besides, Peter still “reported private revenge” to her.

Chapter 1373

Tina hesitated for a moment, and finally answered the phone.

She can't hide past the first day of junior high school and can't hide from the fifteenth year. This time it was big trouble, and it can be regarded as the biggest trouble since she entered the entertainment circle.

Although she feels a little irritable to be cross-examined, if she doesn't answer the phone, her family will worry again.

After Tina took a deep breath, she answered the phone: “Mom.”

“Eh, Tina” Melba's voice was very gentle.

Tina's scalp was numb. The last time she heard Melba talk to her in this gentle tone, she was still in elementary school.

She simply asked directly: “Mom, have you seen all the news about me on the Internet?”

Melba was silent for a moment: “I saw it.”

“You don't worry, I can take care of it, go out with your old sister more, don't always use the mobile phone to watch the mess”

Melba interrupted her: “What's wrong with you and Peter? Is it true what was said on the Internet?”

It's time to come.

“Mom, Peter and I have grown up. We each have our own standpoints. It's no longer like when we were young that everything is right and wrong. I can handle it.”

Tina's words can be regarded as an indirect acknowledgment of “Peter's public revenge” on the Internet.

Melba also watched the two children grow up together. The relationship between the two had been good since they were young, but she didn't want them to be like this.

“Mom knows.”

Hearing the low tone in Melba's tone, her calm voice became softer: “Love you.”

Tina coaxed Melba for a while, and coaxed her a little bit more happily before hanging up the phone.

As soon as she looked up, she saw Stephanie standing not far away.

“Why are you stunned, come here.” Tina waved towards Stephanie.

When Stephanie came back after calling the producer just now, she saw Tina answering the phone with her family, so she didn't come to bother.

Stephanie walked over and said to Tina: "The producer said that today there are indeed fans who visited the crew to visit the crew, and they didn't expect your fans would also go."

After a moment of deep contemplation, he said: "Contact my support club, no matter what the situation is on the Internet, let them close the wheat and not participate."

"The current trend of public opinion on the Internet is biased towards you." Stephanie felt that there was no need to shut down fans.

"The current trend of public opinion is biased towards me. Everyone is scolding Peter, thinking that I have been bullied. But who can say that public opinion is accurate? Besides, the film critic named 'Uncle Na' is obviously in the rhythm, I think someone must have instructed."

That uncle can become a big film critic at a young age, not just because he has ideas and can express, but because he can protect himself wisely.

He stood up this time, and once the rhythm didn't get up, he just set up a target there for people to hit.

If this kind of thankless thing hadn't had some benefits, he wouldn't take such a big risk.

Stephanie nodded: "Yeah."

Tina again urged her: "Shut down after sending it out, and let's go eat."

The trouble is so big that if you don't turn off the phone, the phone will be blown up.

â€¦

"Peter, what's the matter with you? You've been looking at the phone since the afternoon, and have been frowning." Cathy leaned on the bedside, looking at Peter with worry.

"It's okay." Peter smiled softly at her: "Let's eat."

"Okay." Cathy replied cleverly on the surface, but was a little impatient in her heart. She felt that something must have happened.

However, her mobile phone was stolen while she was asleep, and Peter chased them back but it was already broken and unusable.

Chapter 1374

Cathy sat down at the dining table, and Peter thoughtfully passed the chopsticks to her hand.

Seeing that he was so considerate, Cathy calmed down her irritable heart.

As long as she can give birth to this child well, she will definitely be able to marry into Grant's family. Then she will really be a wealthy wife, and no one will want to step on her again.

She picked up a dish for Peter: "You eat too."

"Yeah." he answered, but didn't move his chopsticks, and smiled at her: "You eat first."

At this time, there was a knock on the door outside.

Peter glanced at the door, did not see anything clearly, then turned to her and said, "You eat first, I'll go out and see what's going on."

"Yeah, good." Cathy smiled and nodded.

Peter got up and walked out, knowing whether it was intentional or unintentional, he did not bring his cell phone.

She was eating, but her entire attention was focused on Peter's phone.

It was really inconvenient to not have a mobile phone in the hospital. She didn't even know what happened online.

It stands to reason that she deliberately told the reporter before that she was Scottia, and that reporter should have already sent out the screenshots for the purpose of gaining traffic.

don't know if Tina and Scottia are torn up.

Cathy felt a little excited when she thought about this.

Seeing Peter's figure disappearing outside the room, she slowly put down her chopsticks and reached out to take Peter's mobile phone.

Peter's mobile phone has a fingerprint password set, but her fingerprints are also recorded, so she can also open Peter's mobile phone.

Peter completely trusted her and didn't doubt her at all. She was very satisfied with this.

That's not the case for men.

Cathy thought smugly as she turned on Peter's mobile phone.

She couldn't help but read Peter's WeChat and address book.

Cathy found in his WeChat address book that her WeChat was pinned by him, and the name was "baby".

She originally wanted to search for Tina's name, but this discovery already made her extremely excited. She never thought that Peter would value her so much.

She was afraid that he would come back, so she didn't look at other things, and directly opened Twitter.

Peter had used Twitter before and did not log out, so as soon as Cathy opened it, she could see the trending search tab.

The trending searches related to Tina came to the forefront, and a hint of excitement flashed through Cathy's eyes, and she clicked in to see how these people scold Tina.

But when she entered, she realized that it was not scolding Tina, but there were also scolding her and Peter.

How could this be?

Why did they suddenly start scolding her and Peter?

Cathy only clicked on the video to watch it and found that she was playing Stephanie.

How could this be?

She looked at the phone screen in disbelief. Why would anyone post this video?

Obviously, she had the original video only in her hands, and to prevent accidents, she deleted the original video when she intercepted the video and posted it online.

Where did Tina find this video?

Isn't the monitoring there bad? Why can Tina find the original video?

How could Tina get it!

Cathy couldn't believe it and continued to look down. The more she scrolled down, the more people scolded her.

The comments are almost one-sided.

It shouldn't be like this.

Shouldn't they scold Tina?

Why did they start scolding her?

Obviously everything was under her control!

Chapter 1375

"Cathy is simply a shrew."

"I didn't see that Peter turned out to be such a person. I thought he was blind when he saw Cathy. I didn't expect him to lead Cathy to bully his own artist. He is simply not a man."

"b!tch, son of a d0g, forever."

"Fortunately, Sister Weber's contract is about to expire. Sister Weber has helped AdamPic earn so much money over the years. Peter is really not doing this properly."

"Cathy: Slap warning!"

"â€"

Cathy looked more and more angry, but the more angry she was, the more she couldn't help but want to see it.

The fingers she held the phone kept tightening, the force was as strong as she was about to crush the phone, and she gritted her teeth with hatred. If she could, she almost wanted to follow the network cable to teach all those who scolded her.

She retired from this trending search and clicked in the trending search with the names of Tina and Scott. After a little bit of entry, she saw the two people's Twitter clarifying the reporter's screenshots, and she was so angry that she wanted to throw his phone.

Can someone with such a rigid temperament be able to bear it?

Cathy raised her hand and raised the phone high, suddenly remembering that when Tina came to the hospital to confront her that day, she did not admit that she had done something to Stephanie.

Thinking of this, she was flustered. Peter must have seen this video. What did he think?

Cathy couldn't even care about smashing his phone when she was angry, and he suffocated his breath, thinking about how to argue with Peter later.

At this time, there was a voice outside, and she knew that Peter was back, and hurriedly put the phone away, picked up the chopsticks and pretended to eat.

Peter pushed the door in. Cathy pretended that nothing happened, and said with a gentle expression: "Peter, you are back, what happened?"

"It's okay." Peter glanced lightly at where she put the phone.

The location of the mobile phone is different from when he went out. Cathy moved his mobile phone.

Cathy bit her lip and said empathetically, "But I see you have been worrying about it these days. If something happens, you must tell me. I want to help you share the burden."

"I said, it's okay, you don't need to worry about anything, you just need to take care of the baby. The child is important." Peter's voice was a little low, and when he slowed down his tone, it sounded a bit gentle.

While she felt happy, she was a little worried.

Even if Peter was being scolded like that on Twitter, he still cared about the child in her stomach, fearing that it would affect her body, and would not tell her about the Internet.

But if Peter didn't tell her what happened on the Internet, how could she find reasons to quibble about the matter that she denied hitting Stephanie that day?

Peter is treating her very well now, but that doesn't mean that he doesn't have any grudges about lying to her.

"Peter, I am a person who wants to be with you for the rest of my life. If you have something to do, you must tell me that you have lost weight in the past two days. It is clearly something on your mind. Do you not trust me, so you don't tell me what happened? what's up?"

Cathy pretended to be angry and looked at Peter.

Peter seemed to have been moved by her at last, and sighed helplessly: "Since you want to know so much, then watch it yourself."

Peter picked up his mobile phone, pulled out the trending search on Twitter and handed it to Cathy.

Cathy pretended to be puzzled and took it, and looked at it seriously, even if she had already read it once, she still felt angry when she read these trending searches now.

Chapter 1376

Cathy's anger is completely real, and there is no need to pretend: "How can these people say that to you! It is obviously Tina that they are too much, you just want to help me!"

Cathy blinked her eyes twice and looked at Peter with red eyes: "I'm sorry, it's all my fault, this video is actually!"

While observing Peter's expression, she thought of the reason and Peter's explanation of the video.

Peter interrupted her: "It's okay, you don't need to explain, I believe you, you will do something about Stephanie, you must have done it after Stephanie said too much."

Cathy was stunned.

She prepared a bellyful of excuses, and was easily blocked by Peter with a word.

After brief stupefaction, Cathy's heart was full of ecstasy.

She knows better than anyone that this video is hard evidence and proves that she did it first, and that she did deliberately act on Stephanie first that day to draw Tina out.

She was not stupid, nor did she think that Peter would be stupid enough to believe her reason. She originally thought that Peter would get confused if she didn't believe it.

But Peter chose to believe her without saying a word.

If she had some doubts about him before, now she has no doubts in her heart.

Peter really fell in love with her, not even the principal.

In other words, he has been beaten to death by her.

Cathy lowered her eyes, covering the ecstasy in her eyes. When she raised her head again, tears flickered in her eyes: "But those people are scolding you!"

"It's okay, it doesn't matter if I get scolded, as long as you don't scold me." Peter took a tissue from the side and put it in Cathy's hand, and said softly, "You don't worry, those who scold you, I won't let them. It's better."

Cathy wiped her tears and smiled: "Yeah."

Peter straightened up: "My mom is here, I have to pick her up and have a meal with her. You have a meal and rest by yourself."

"Your mother is here? Then I'll go with you." Cathy only met Peter's mother once a year ago. After she married into Grant's family, she would always get along with Peter's mother. She can pull in the relationship.

“No, I told Mom, you just need to stay in the hospital if you are in poor health.” Peter didn’t give Cathy a chance to speak again: “I’m leaving.”

Cathy was a little unhappy in his heart, and wanted to say that her body was all right, but then he thought about it, because her health is not good, Peter can accompany her every day, and Peter is also doing well for her.

Thinking of this, she didn’t feel so angry anymore.

â€¦

In the cafe near the hospital.

As soon as Peter entered, he saw Jodi sitting by the window.

“Mom.”

Peter walked over and sat down in front of Jodi.

Jodi was very painful and depressed. This time the incident was so big that she didn’t know whether she wanted to know it or not, and from the information on Twitter, Peter hadn’t handled it properly, so she didn’t look good at Peter.

Jodi used to be a scientific researcher and was essentially a serious person. When he was a child, she was very strict with Peter, and his father was strict with his wife. When he was a child, Peter was respectful and afraid of Jodi.

At this time, facing the expressionless Jodi, the feeling of guilty conscience and fear when he was a child returned.

Peter cleared his throat and turned to order coffee to ease the embarrassment at this time: “Waiter, let’s have a latte.”

The opposite Jodi sneered, then turned to smile at the waiter: “I don’t take the iron, his mind is not sober, the last ice cube made him sober.”

Chapter 1377

The waiter was already ready to place an order for Peter. Hearing Jodi’s words, he stopped abruptly, looked at Peter and then Jodi, a little unsure of what to do.

But still has to maintain the exclusive smile of the service staff: “Sorry, I want to confirm again, does this gentleman want a latte or ice cubes?”

Jodi smiled kindly: “Ice, I’m the f*ck mom, I have the final say, thank you.”

The waiter felt murderous in her gentle tone, but the murderous aura was not directed at him, but at her son, because she kept looking at her son when she spoke.

Can’t afford to offend.

“Okay.” The waiter hurriedly turned and left the battlefield.

After a while, the waiter brought a basin of ice cubes.

However, it was not the waiter who brought the ice cubes, but a different person.

Peter widened his eyes to look at the ice cubes in front of him, then turned his head to look at the waiter in disbelief. The waiter continued to serve with a smile: "Hello, the ice cubes you ordered."

The level of professionalism is comparable to that of the waiter at Best Day, who speaks solemnly and does not laugh at all.

Peter was a little angry: "Youâ€™!"

"Thank you." Jodi interrupted Peter strongly. After the waiter left, she looked at Peter and said leisurely: "Eat."

The weather in early spring is not cold, but it is not warm. It is far from the time to eat cold drinks, let alone ice cubes.

Peter looked around, lowered his voice and said, "Mom, don't do this, give some face."

"Do you still know that you want a face? You made such a big noise for that. Your dad and I were all embarrassed. If we are ashamed, let Tina stop work for that woman!"

Jodi said more and more angry: "Why is that woman good? Are you blind?"

Peter sighed: "The woman is pregnant."

After Jodi was stunned for a few seconds, her complexion changed. Seeing the storm was coming, Peter quickly comforted her: "Outside, calm down, take a deep breath."

Jodi sat upright, and after a few deep breaths, she barely calmed down her emotions: "Didn't you say that youâ€™! don't have that thing!"

This son of her is here to collect debts. The 30-year-old son of someone elseâ€™s family has gotten married and started a business, so he doesnâ€™t have to worry about his parents. Her family is a good one. .

Peter saw that Jodi had listened to him, and said, "But the problem is that she is pregnant!"

Jodi looked at Peter with a look of "look at a fool": "What does it matter to you that she is pregnant?"

Peter explained: "Tina watched Cathy come out of my room that morning. I want to say that Cathy's child is not mine. Can she believe it?"

"Why doesn't she believe it?" Jodi looked at the two people growing up, thinking that they still have this trust.

After Jodi finished speaking, she frowned in confusion: "Wait, what's the matter with Tina? Youâ€™!"

"Yes." Peter gave an affirmative answer.

Jodi's guess was verified, and she said in disbelief: "Do you like Tina?"

Peter leaned back and said a little tired: “Yes, I like her, so in order to let her know that I haven’t touched Cathy, I must prove that the child is not mine with a paternity test, and be a parent-child. The identification will take at least one month, but Cathy fell down a few days ago and may have to wait until her physical condition is stable before doing it.”

Chapter 1378

Jodi felt a little reasonable after hearing Peter’s words.

butâ€¦!â€¦!

“To do a paternity test, you can do it when the time is up. As for you to do this for your sake?”

“That Cathy is not a fuel-efficient lamp. If I donâ€™t coax her, she will have a miscarriage. Itâ€™s not untrue. Even if I and Tina are together in the future, this matter will become a life-long bump between us. Therefore, I must coax Cathy to make sure her child is safe.”

After Peter finished speaking, he asked Jodi: “Do you understand now?”

Jodi nodded and looked at him with a serious look: “So, do you still bear the humiliation?”

“Yeah, now I can order coffee?” Peter pushed the basin with ice cubes in front of him.

Jodi smiled: “Of course, I can help you order.”

Peter smiled flatteringly: “Thank you mom.”

She called the waiter: “A glass of ice coffee.”

Peter’s expression changed: “Momâ€¦!”

Peter hated ice coffee the most, and he suffered terribly. Jodi did it on purpose.

“Although you have explained it clearly, and I can understand it, in the final analysis, you have made the mistake first. You made it yourself. The relationship between men and women is not simple enough, otherwise Cathy would not have the opportunity to go. Our family also hurt Tina because of this.”

Jodi said earnestly: “Son, you have been smart since childhood, but not emotionally smart enough. I don’t care about you and Tina and don’t interfere. It depends on your own fate.”

For many years, Jodi did not speak to him in this tone.

In recent years, Tina’s attitude towards him has been good and bad.

She could also feel it, Tina seemed to be hiding something in her heart.

But because he and Tina grew up together, he felt that he knew Tina enough and knew that Tina liked him, so he didn’t spend any time investigating Tina’s past.

Tina was a soft-hearted person in her bones. As long as he stalked, Tina would definitely be with him.

He suddenly understood. He had been thinking about how to be with Tina, but he hadn’t seriously thought about how to solve the problem between them.

Peter took a deep breath: "I see, Mom."

At this time, the waiter brought the ice coffee.

Peter took it up and drank it, Jodi couldn't stop it.

Peter looked up at Jodi's distressed eyes, smiled, and said, "It's okay, Mom, it's not bitter."

Jodi just sighed.

â€

After Tina and Stephanie returned to the room after eating, they received a call from the front desk.

"Miss Weber, a woman Adkins said that she is looking for you."

Last name Adkins?

Tina thought about it for a while, and knew who was coming?

"I'll get down right away."

Seeing Tina in a hurry, Stephanie asked, "What's the matter?"

"Auntie is here, I'll go down to pick her up." Jodi has always loved her. This time she and Peter were involved, and it was inevitable to disturb the parents of both parties.

Melba called over before, and she was still thinking about when Jodi would call, but she didn't expect her to come directly.

"Auntie is here, I'll go with you!" Stephanie, who is also a Grant family member, naturally knows Jodi.

Tina asked her: "Aren't you running away from marriage? Don't worry about Grant's mother telling your whereabouts to your family?"

Stephanie "hehe" smiled: "No, my aunt is the best, she won't tell my family."

Chapter 1379

When the elevator reached the lobby on the first floor, Tina stepped out and looked to the rest area.

At a glance, she saw Jodi. She was sitting on the sofa with a cup of tea in front of her.

"Auntie!" With a delighted expression on Tina's face, she ran towards her.

Jodi smiled: "Slow down."

"Have you eaten dinner?" Tina knew why she was here, so she didn't ask her again how she came here.

"I've eaten." Jodi didn't hide it, and explained: "I've seen Peter."

Tina nodded as usual.

"Auntie." Stephanie leaned out her head from behind Tina, smiling horribly.

When Jodi saw Stephanie, she laughed and said, "You ghost girl is here too? Your family members say they don't force you to get married. You can go home and have a look when you have time."

Stephanie shook her head and said, "Hey, I can't go back. If I don't break out a piece of the world, I will lose face."

Jodi was amused by her serious look: "You are quite sensible."

"Auntie, shall I open a room for you?" Tina sat down beside Jodi.

"No, I'm just here to see you. Peter's father has been suffering from an old problem recently. Don't worry. I will go to the airport and fly back later."

When Tina heard this, she blamed herself.

She was never a tolerant temperament. At the time, she only wanted to fight back, but she didn't expect things to be like this, causing her parents to worry too.

"I'm going out to buy something." Stephanie knew they had something to say, so she found an excuse to leave.

After Stephanie left, only Tina and Jodi were left.

Jodi said, "Peter has done too much this time."

"Understandable." Tina gently curled the corners of her lips, her expression indifferent, without resentment or anger.

Jodi looked at her for a moment, and then realized that what Tina said was from the heart.

Understand, these two words are very bad.

"Knowing that this matter is wrong, I won't say sorry for him. This is a matter between you. I just hope you can be happy. No matter what happens to you, I will support you behind you."

Jodi has always been reasonable, and she has never used her eldership to pressure her to achieve her own goals.

If she wanted Tina to make peace with Peter, it was a matter of one sentence, Tina would definitely follow her, but she didn't.

Because of this, the depressed mood became a bit heavy.

"Thank you, Auntie, for worrying you all."

Jodi just shook her head.

â€¦

After sending Jodi away, Tina decided to talk to Peter.

She is fine now, but Peter is still scolded badly by netizens. Although Jodi loves her, but Peter is her biological son, how could she not feel bad?

Back to the room, Tina called Peter.

The phone was connected for a long time before Peter connected.

Peter's end was so quiet that she couldn't even hear his breathing. Tina guessed that he should have found a quiet place where Cathy was not to answer the phone. He probably knew it was her, so he didn't say anything, waiting for Tina to speak.

"You haven't blocked my phone yet?" Tina said jokingly, her tone naturally the same as before.

Peter didn't know that Tina would call because of Jodi.

He always thought that he knew Tina best, but in the end he discovered that he did not know her better than his mother.

Chapter 1380

"Am I such a stingy person?"

After Peter finished speaking, remembering what she had done before, he bit his back tooth socket secretly, and said playfully, "No matter how stingy I am, I can't block you."

Tina didn't want to greet him, and said directly: "I'm willing to cooperate with you to clarify what you asked me to stop work."

There was a moment of silence on the other end of the phone.

"Pity me?" Peter's tone seemed to have a slight smile, but when he listened carefully, he felt that his emotions were a little difficult to distinguish.

Tina sneered: "Let's stop being affectionate. Netizens can just scold you, and even scold your ancestor for the eighteenth generation. I'm reluctant to be scolded by Mom and father."

Peter's lips curled up silently.

How should he say, he really miss the days when Tina was mocked.

At the same time, Peter felt his incompetence for the first time.

He himself went to provoke Cathy first, and Cathy slapped a cold slap in front of him last time.

Tina was the person she offered, and he couldn't bear to touch her.

And this time, she was sent to trending search by Cathy for so long.

Looking back, Tina also said that she would cooperate with him in the whitewashing.

If he accepts Tina's help, is he still a man?

When Cathy's affairs are dealt with, what face does he have with Tina?

Peter casually said, "Do you really treat Mom as your own mother?"

Tina's complexion was a bit dumb for a while.

Then she heard Peter on the other end of the phone continue to say: “My own ancestors for the eighteenth generation, I will take care of myself, and there is still something to do. I will hang up.”

Although he said he wanted to hang up, he didn’t hang up immediately, as if waiting for Tina to hang up first.

Tina felt inexplicable.

She and Peter are very inexplicable.

Waiting for the other party to hang up is a very small matter.

It’s trivial, but it’s touching enough.

Tina hung up the phone with some irritability.

â€¦

eight pm.

This is the peak period of Twitter traffic.

Those who go to work are off work, and those who go to school are also out of school.

She stayed at home and had nothing to do, and started to surf the Internet on Twitter.

An apology statement was quietly pushed to the trending search.

The topic of “Peter apologizes” has risen sharply and is firmly ranked first.

Stephanie, who was brushing her teeth in the bathroom, saw this trending search and shouted to Tina outside: “Ms. Tina! Look at the trending search!”

Tina was ready to go to bed, and she took the phone over.

Familiar names hang on the trending search list, which is unusually eye-catching.

Does Peter apologize?

Seeing the trending search names, she was stunned for a moment.

Is this what Peter said he handles by himself?

Tina turned over from the bed and sat up in shock, and clicked on trending search to see the contents.

Peter issued an apology using his personal account.

This apology is for her.

This is the peak traffic period. There are too many people seeing this Tweet. Tina tried several times and didn’t see it.

After scanning several times, she finally saw the content of the apology statement.

The writing and tone are full of sincerity. The statement expresses apologies for letting her stop work without authorization, and apologies for Cathy's finding fault.

Sincerity is almost humble.

Tina felt a little congested.

Although Peter is a dog, she is also the one he once liked desperately.

He is energetic and proud.

Now, in front of the people of the whole country, he issued an apology on Twitter.

She felt very uncomfortable.

Tina looked at the comments below again. It was because Peter's apology statement was very sincere, so the comments from netizens were moderate.
