

## **Predestined 1391**

### **Chapter 1391**

Cathy heard Tina's sneer, and immediately turned around: "Tina, Peter is also your boss anyway, do you use these words to talk to him?"

She was choked by Stephanie just now, and she was getting angry right now. She wanted to let out her breath when she caught Tina, and her tone was naturally very unpleasant.

"Boss?" Tina not only didn't have a trace of a guilty conscience but also raised her chin slightly: "But it won't be any more soon."

Her contract will expire soon, and it may be just when the movie "Lost City" is finished.

Not only did Cathy not get angry, but she touched the ashes of her nose and said bitterly, "Don't be too arrogant, you will fall off sooner or later!"

Tina hooked her lips: "This sentence is more accurate when used on you."

Cathy was abnormally lifeless, but reached out and covered her lower abdomen: "But you may not be confused about the situation. Everyone's capital is different."

She is pregnant with Peter's child, and she will be Mrs. Grant in the future.

With Peter's worth, she can walk sideways in Rostenvel in the future.

And what is she bold for?

She has a little money at home, and friends with Alyssa.

But what about it?

Unless Tina can squeeze her good sister Alyssa from Mrs. Adams's position, otherwise, where can Tina get her?

Tina's face was slightly dark, Cathy thought she had exposed Tina's pain, and smiled triumphantly.

At this time, the elevator reached the floor.

When the elevator door opened, Tina said again: "Since I am pregnant, I can raise my baby at home with peace of mind. I am more mature, look like a mother, and be responsible for my child."

The calm tone was too serious, almost a warning.

Cathy was stunned for a moment, and Tina no matter what her expression was, she lifted her foot out of the elevator.

Cathy and Peter lived on a higher floor than Tina and the others. The elevator doors closed again. Cathy turned her head in confusion and said to Peter, "Peter, Tina's tone just now was a warning?"

"You think too much, she warns you what to do." Peter lowered her eyes slightly, making the look in her eyes invisible.

“That’s weird!” Cathy thought about it a little bit: “I don’t know how to say it, it just feels weird, the tone of someone coming over.”

Peter, who had kept his eyes down and didn’t want to look at Cathy, suddenly raised his eyes to Cathy when he heard this.

Cathy fell into her own thoughts, and did not notice Peter’s expression.

“It’s weird to say that Tina has not been rumored for so many years since her debut, and she has never had a boyfriend. This is very abnormal! Is it possible that she is already married?”

Cathy seemed to have discovered some amazing secret, her eyes became excited.

If this is true, such a big news exposure can’t let Tina get out of the entertainment circle, at least it can make her feel devastated.

As long as she can make Tina unhappy, she feels happy.

Peter looked calm and said: “No.”

Tina didn’t make a boyfriend, he knew best whether there was a hidden marriage.

“That’s right.” Cathy just reacted: “You are her boss. The company should be very clear about her situation. Is it possible for her to have an illegitimate child? Or has she been pregnant or have a miscarriage or something?”

Listening to Cathy’s words, the more ridiculous, Peter’s eyes darkened, and he couldn’t bear to say: “Shut up!”

Cathy was taken aback by Peter’s cold tone: “Peter, you!”

## **Chapter 1392**

Peter has been very gentle with Cathy recently. Cathy hasn’t heard Peter speak to her in this tone for too long.

So did not react for a while.

Peter suppressed the hostility that had emerged from his heart, and said blankly: “With a child, don’t talk about miscarriage.”

“Oh.” Cathy breathed a sigh of relief: “It turns out that you are mad at this. You scared me. Don’t be aggressive in the future. If you are aggressive, I will run away from home so that you can’t see your children.”

Peter just curled his lower lip, smiling very slightly.

Cathy was happier when she saw him smile, Peter cared too much about her child.

She was happy, but did not realize that Peter’s smile did not reach the bottom of his eyes.

After reaching the floor where they lived, Peter escorted her back to the room.

When he turned to leave, Cathy took his arm and said coquettishly: "Let's live together, I don't want to be separated from you!"

"I will have a video conference, it will make you sleep." Peter smiled and patted her on the shoulder: "Be good, obedient, go to bed early, don't worry about me."

Cathy had to let go of his hand: "Okay."

Since he still has to work, she has nothing to say. Although she is not happy from the bottom of her heart, she still has to pretend to be sensible.

Peter seems to like her to be more sensible.

"Then you kiss me and then leave." Cathy raised her head and moved closer to Peter.

Peter stepped back calmly: "Stop making trouble, go to sleep."

He pushed Cathy back on the bed, pulled the quilt for her, and turned around and went out.

As soon as he turned around, the smile on his face disappeared.

He remembered what Cathy said in the elevator just now.

Although she just wanted to know if Tina had a pregnancy miscarriage, and wanted to shorten the scandal of Tina, Peter thought of the event that Tina participated in a year ago.

At that time, when the pregnant woman fell and bled in front of Tina, her whole body was very wrong, as if she had been greatly stimulated.

!

The fact that Tina ate with Peter and the others quickly became a trending search.

### **Tina Dining with Peter and his Girlfriend**

Hot topics are also straightforward.

Entering one point, it is the photo of Tina and Peter and his party having dinner with four people that were sent by various marketing accounts one after another on this entertainment Twitter account.

In the photo, a group of four people came out of the box talking and laughing, looking very harmonious.

"I already said that if AdamPic's boss really doesn't work, will Tina sign a contract with AdamPic for so many years? She is not a fool."

"That's right."

In addition to the comments of netizens, there are also Tina's fan reviews.

"Follow Sister Weber's new drama!"

"Amway, a beautiful and prosperous sister Weber, [picture]."

"Sister Weber's life picture is so beautiful too!"

A slip of criticism and rainbow f@rt.

Tina thought it was over.

After she quit, another trending search came up again:

“Tina is at odds with Cathy.

Tina: ? ? ?

What’s wrong with not holding your arm?

This can also be searched hot.

Someone grabbed the details in the picture, zoomed in on the picture, and saw Cathy and Stephanie holding their arms while Tina walked in front alone

.

Only this little detail was enlarged infinitely, and then some netizens said that Tina and Cathy were at odds.

Few people agree.

“Indeed, sister Weber has the same character, she is just like it, like it, and if she doesn’t like it, she doesn’t like it.”

“Too real, that girl is’ Weber’s agent!”

### **Chapter 1393**

Tina looked so big that she threw the phone aside, reached out, and pressed her temple.

Stephanie saw the trending search behind Tina and said excitedly: “That woman was mocked by the group again.”

Tina did not speak.

Stephanie turned her head to look at her: “Isn’t it bad to go on like this?”

Tina did not speak immediately.

After a while, she sneered: “It doesn’t matter, as long as they think there is no problem between me and Mr. Grant, as for Cathy? Who is she and does she matter to me? I really don’t want to care about her.”

Stephanie didn’t say a word, with an admiring face, gave Tina a thumb up.

Tina wiped her face sleepily: “Go to bed early, this is a trivial matter, there will be no trending searches when you get up tomorrow morning.”

The most indispensable thing in the entertainment industry is news.

Get up tomorrow morning, these little things will be overwhelmed by other new things.

Everyone likes new things.

However, the truth is not what Tina thought.

The uncle Na of the film critic who helped Tina scold Peter before, a Tweet made Tina a trending search.

“As I said long ago, the artist and the company are in a cooperative relationship, and the relationship between each other is pure interest. There is no need to please the boss’s girlfriend because of the contract with the company. After the boss’s face, should she go to please the boss’s girlfriend? Is it necessary?”

“Furthermore, it’s just a girlfriend, and not the boss of the company. If it’s the boss, that’s another matter.”

As soon as that uncle’s tweet was posted, it attracted many netizens.

Some people agree with this Tweet, and some oppose this. There is a lot of noise under this post, which is too lively.

“Ms. Tina, I kind of suspect that this uncle Na is your stupid fan, otherwise why would he always speak for you.” Stephanie thought for a while: “It’s not necessarily, it may be just pure heat.”

Tina shook her head: “It shouldn’t be for the heat.”

But if it weren’t for the heat, Tina couldn’t figure out why that uncle Na would help her like this.

Maybe he hates Peter?

She originally thought that the heat would drop in one night, but she didn’t expect the heat to rise instead of dropping.

She didn’t want to care about these things, she just wanted to make a movie with peace of mind.

For fear of meeting Peter and Cathy in the restaurant, she didn’t eat breakfast, so Stephanie casually packed something for her, and she ate it on the way to the studio.

After she filmed two scenes, Alyssa arrived late and sat next to the camera to watch the replay with the director.

Midway, when Tina changed her clothes, Alyssa walked in with a cat.

Tina had changed her clothes, and when she saw Alyssa coming in, she asked, “What’s the matter?”

“Did you eat with Peter last night?” Alyssa asked.

Tina nodded: “Yeah.”

“Oh.” Alyssa nodded slowly.

She was very hesitant to tell Tina, Peter actually only did these things to “prove his innocence”.

But, what if the child in Cathy’s belly is really Peter’s?

Karl seemed to believe Peter, but the man was helping the man to speak.

Tina looked at Alyssa's eagerness to speak, thinking that something was wrong, and asked, "What's wrong with you?"

"I just feel that Peter's recent behavior is quite abnormal!" Alyssa decided to try her cool reaction before making a decision.

#### **Chapter 1394**

Tina heard the words, and the hand that arranged the clothes had a meal. After a while, she said with a sense of feeling: "A person has different ideas in each period. He may just like that child too much. But I believe His nature has not changed."

Human nature will not change easily, but ideas will change.

Once the thinking changes, the position will be different, and naturally, the way of doing things will be very different from before.

Except for the day Cathy was hospitalized, Tina was a little broken. After that, she had always been calm, as if she was a bystander, watching all this quietly.

Alyssa's heart sank hard.

She didn't understand where the problem was, and even felt that things weren't that bad.

However, the coldness in front of her was already like this.

Tina looked like nothing had happened, filming and living as usual, but Alyssa knew that Tina's heart was already deserted.

Alyssa thought for a moment, and said, "Peter doesn't like children very much, right?"

"Why don't you like him, he likes Grace so much." Tina retorted her.

Alyssa said subconsciously: "You don't like Grace too."

"Yes, I like Grace, and I also like children." Tina's tone was obviously lowered.

Alyssa knew that he had failed: "Tina!"

"It's okay, don't be so cautious. I'm not that vulnerable. It's all over. My next scene is about to begin. It's time to go out."

Tina smiled and patted Alyssa's shoulder, but in turn comforted her.

!

The next scene was filmed very smoothly.

A week later, the crew took two days off.

Stephanie was thinking about the bleak vacation, and picked her up an advertisement, a commercial event, and a variety show flying guest.

"You really don't let me rest at all."

After reading the schedule, Tina threw it aside, pulling down her blindfold and preparing to go to bed.

Stephanie pleased her and pressed her shoulders: "These are all signed before, and there is plenty of time. They all finished work very early. You can go home and get a long sleep."

Tina laughed, without speaking.

Stephanie stopped beating her and gave her time to rest.

Unexpectedly, Tina just closed her eyes and was about to fall asleep when the phone rang again. It was her personal phone.

Tina pulled down her blindfold a little irritably, took the phone and took a look, and found that it was a strange number.

After thinking about it, she answered the phone.

"Tina!" An unkind female voice rang over the phone.

Tina thought it carefully before distinguishing it. This was Maria's voice.

"Maria?" Tina looked at the number again: "Did you change the number?"

When she was a child, she saw that Maria liked Peter, so she got Maria's number and secretly blocked her number with Peter's mobile phone.

Even so, Maria never changed the number.

In retrospect, she did a lot of stupid things for Peter.

"You are embarrassed to ask? You blocked my phone number. How can I call you without changing my number?" Maria's tone was a little angry.

"Oh, I'm sorry." Tina's apology was more perfunctory and superficial.

"I ask you, what's the matter with Peter and that Cathy? Didn't you tell me to fight for it? That child named Cathy has it, how can I fight for it!"

When Maria said that after she put aside her cultivation, her voice became sharp with anger.

## **Chapter 1395**

Tina has been so busy recently that she almost forgot about Maria.

The words Tina said to Maria at that time were completely from sincerity, but she did not expect Cathy to be pregnant.

However, the matter between her and Cathy has been on trending search recently, but there is no mention of Cathy's pregnancy.

In the entertainment industry, children are basically not announced after three months. This is a matter of convention.

So Maria should not know.

“How did you know?” Tina asked.

“It’s all on trending search, I don’t have eyes, how can I not know!” Maria said more and more angry: “You wait, I will come to the set to find you now!”

She has been hiding her thoughts for so many years. At that time, she thought that Tina was sincere in saying those things, but she did not expect that Tina was deliberately watching her jokes.

She finally made up her mind. She must find Tina to settle this account.

“You don’t need to look for me. I will go back to Rostenvel today, and I can meet in the evening.” Tina refused to give Maria a chance to speak, so she hung up after speaking.

â€¦

Tina got a good night’s sleep when she got home, and it was already night when she woke up.

She and Maria had an appointment to meet in the evening. It was almost the appointed time. She was too lazy to put on makeup, changed her clothes, and went out wearing a hat and mask.

The meeting place was chosen by Maria. After Tina arrived at the place, she realized that it was a bar.

Hey, this pretentious lady has broken her standards, and she even came to the bar.

The music in the bar is deafening, but fortunately, Maria has the box of choice.

Before coming, Tina had already seen it on Twitter.

The pregnancy of Cathy has indeed been on the trending search. Some media photographed Peter accompanying her to the obstetrics and gynecology examination. They were all highly talkative people. As soon as the photos came out, the marketing account rhythm was naturally posted soon. Making it a trending search.

Someone also mentioned the previous conflict between Cathy and Tina, and Peter’s suspension of work.

Although Cathy was the one who took the initiative, she became a little weaker when she became pregnant.

The inexplicable thing is that some people are clearly doing something wrong, but just because she is weaker, it seems that people can easily get forgiveness.

Some people even scolded Tina in the comments, saying that she must have known that Cathy was pregnant, so when she was doing Stephanie’s head, she deliberately beat her so hard that Cathy fell directly.

There are not many such criticisms of the heart.

Tina glanced at her and passed by, too lazy to respond.

No matter whether you do it well or not, there will always be people who are dissatisfied with you, because everyone has their own position, and personal opinions are always subjective. No one can unify everyone’s opinions, and there is no need to force oneself to let everyone satisfy.

When Tina pushed the door into the box, there was already a strong smell of wine in there.

Maria had already opened a bottle of wine, and was turning the head to hold a bottle of wine to pour for himself. There was only half of the bottle left. It seemed that it had been opened before Tina came.

The drinker was a little slow, and Tina walked to sit down opposite her. After Maria had a few drinks, she realized that Tina had arrived.

After she saw Tina clearly, her drunk eyes suddenly became sober, and she looked at her coldly: "Here."

"Ms. George will also use wine to relieve her sorrow." Tina said with her legs folded together, with a smile.

### **Chapter 1396**

Maria became angry when she saw Tina's clear appearance.

"Why are you smiling?"

After yelling at Tina, she laughed at herself again: "It's me who is stupid, so I really believe you are sincere!"

Although Tina doesn't like Maria, she still has to admit that Maria is a very good woman.

She has been studying well from childhood to adulthood, and the celebrity has a strong accent. Although there is a little vanity and minor problems, it is not a matter of principle.

Putting aside these shortcomings, Maria also has many advantages, beautiful, knowledgeable, diligent, and motivated!

If it hadn't been for Peter for so many years, Maria would probably not be single at this age. Based on her conditions, it is easy to find a man who matches her, and there are not a few men who chase her.

It's nothing more than loving a man who doesn't love you.

In the past, Tina always hated Maria because of Peter.

After the situation has passed, she re-examined the past and Maria, she found that she no longer hated her, but a little appreciated her.

Tina sorted out her emotions, and said in a serious tone: "I really am sincere."

Maria just sneered, not believing Tina's words at all.

"You should have been busy recently, so you didn't watch the entertainment news much. I also found out that Cathy was pregnant after you left."

Things that can be explained clearly, there is no need to cause unnecessary misunderstandings.

Seeing Tina's expression very serious, Maria couldn't help but waver: "Really?"

"Cathy came to trouble me, slapped my agent, and I gave her a slap, and then she posted the video of me hitting her on the Internet. It took a long time to resolve the matter, and I didn't know until then that she was pregnant."

These years, Maria has been abroad, but Tina knows that she occasionally heard from some people at parties. Maria seems to be an expert. She should be very busy returning to the country for development, and she usually doesn't pay attention to the entertainment industry thing.

As Tina thought, Maria is usually busy doing academic research and does not pay much attention to the entertainment industry.

Maria will know about Cathy's pregnancy, and she will see that someone is discussing it in a small group before going online.

Maria put down the wine glass in her hand and took out her mobile phone to search the Internet for these things Tina said.

Tina didn't urge her, and gave her time to check, poured a glass of wine on her own, and slowly leaned on the sofa.

When Tina's glass of wine was about to bottom out, Maria finally put down her phone and looked at Tina with a serious face.

Tina noticed Maria's gaze, raised her head, frowning: "Maria, what is in your eyes?"

If she was right, Maria's eyes were sympathetic.

She looked at Tina seriously, and sighed in relief: "I thought I was miserable, but seeing Peter stopping you from work because of that woman, I feel like you are much worse than me."

"â€¦" Tina moved her lips, not knowing how to refute for a while.

"Peter has loved you the most since he was a child. No matter what activities he goes out, or when he is not at a dinner party, he will bring you some interesting gadgets and delicious things. Always told us to not touch it."

Maria recalled the past, with emotion: "I was still thinking that even if I was really with Peter, I probably couldn't shake your position in his heart. He was so kind to you, so good. I feel that in his heart, you are irreplaceable."

### **Chapter 1397**

Tina seldom recalled what happened before the age of eighteen.

Because she was not very happy after that age, and the years before the age of eighteen were too beautiful, so she did not dare to remember.

In the emotional world, the most unavoidable thing is the sudden surge of memories.

Maria's words seemed to suddenly open the valve of a cool memory.

Yes.

In those years, people who knew her and Peter said that Tina was so lawless, Peter was used to it.

More than ten years have passed, but those scenes seem to have happened yesterday.

Tina lowered her eyes, put ice cubes in her glass, poured herself a full glass of wine, raised her head and drank it.

The cold touch reached her chest, and the warm emotions surging deep in her heart were all extinguished by this glass of cold wine.

Tina drank in a hurry, and there were wine stains on her lips. She wiped the wine stains on her lips with her hands, with a low voice: "In this world, no one is irreplaceable."

"Yes." Maria held up the glass with complicated eyes: "Even if it can be replaced, it shouldn't be replaced by a junk that is nothing!"

In Maria's view, she would rather the person standing next to Peter be Tina, but she did not expect to be an 18-line actor who emerged out of thin air, full of ambition and calculation, and she didn't know what Peter liked her for.

Tina said faintly: "Since it can be the chosen one, it should also have advantages that others can't see."

She admitted that she did not like Cathy.

But Peter chose Cathy, so she didn't want to say bad things about her.

"Are you talking to that woman? Are you crazy, or am I crazy? Now that Peter wants to stop work for such a woman, how can you be willing?"

Maria's tone was full of hatred, iron and steel: "Tina, what have you experienced all these years? Don't worry if you haven't been with Peter, and now you still want to fall?"

Tina smiled lightly, swept away the excess emotions in her eyes, her eyes became bright and simple: "Okay, my goal in life is not to be with Peter, you are also a thirty-year-old woman, can you be more mature? , Somehow you're is also an expert!"

"You don't even know what expert I am?"

"Why do I have to know what kind of expert you are?"

"I know that you are now in the top line of the entertainment industry. Last year, you were still the first of the four little girls!"

Listening to Maria's devotion to her own affairs, Tina felt amused inexplicably, and she couldn't help but laugh out loudly: "You're quite concerned about me."

Maria glanced at her coldly, stopped talking, and immersed herself in drinking alcohol.

After drinking for three rounds, Maria was on her head. She was so drunk that she was muttering and talking, and when she got there, she started to cry.

The whole person sat on the ground holding the wine bottle crying and laughing, so embarrassed that there was no such thing as Miss George's appearance, as pitiful as a child.

"I have only liked him in my life. For him, I work hard to make myself better. I don't even have time to make friends!"

Maria cried and looked up at Tina, accusing her: "And you, I know everything about you, you don't even know what kind of expert I am. I am a nutrition major!"

"Oh." Tina felt that the more she heard this, the more wrong she was. Aren't she and Maria rivals in love? How does she listen to Maria's words, as if they have a good relationship.

### **Chapter 1398**

Maria cried and said that she was tired, so she lay on the ground and fell asleep.

Tina thought for a while, took out her phone, and started taking pictures of Maria who was lying on the ground, taking pictures from all angles.

Then, she went to Maria: "Come, let's go home, where do you live?"

Maria was dazed, and opened her mouth and said, "I live in your heart."

Tina: "???"

She really didn't see that she was drunk and still loved to talk about her love.

After Maria said this, she fell asleep directly, and couldn't wake up.

Tina hesitated and decided to take Maria to her own home.

She actually knows the location of George's family, but George's tutoring is very strict. If she is sent back to George's house like this, Maria may have difficulty explaining.

It's okay to send her to the hotel, but if she runs into an acquaintance, Maria might want to kill her tomorrow.

She was completely asleep. If Tina hadn't exercised, she would really not be able to help her. She looked thin, but her weight was not light.

While waiting for a taxi on the side of the road, Tina held Maria with both hands and stood there. When the car came, Tina freed up one hand to stop the car, and threw her in, and Tina couldn't care about it. Too much, she can only hug her to prevent her from falling to the ground.

Tina was also relieved when she finally got into the car.

Back home, Maria vomited on Tina, Tina could only drag her to take a bath, and then changed her pajamas for her.

When Maria was finally settled, Tina stood in front of the bed with her hands on her hips, and snorted coldly, "I have never served a person like this in my life."

!

Early the next morning.

Tina is going to rush the announcement.

She thought about it, and decided to wake up Maria and bring her back last night, just out of good intentions, but her relationship with her is not so good, it is impossible to leave her alone. She sleeps at home.

“Maria?” When Tina knocked on the door and went into the second bedroom, she found that Maria was awake.

Maria curled up on the bed with a mobile phone in her hand, looking at Tina with a look of astonishment.

Tina thought to herself, this woman was silly.

“Youâ€¦!” Tina took two steps forward, but was interrupted by Maria.

Maria said with panic: “Don’t come over!”

“Maria, why do you go crazy early in the morning? If you have woken up, please get out of here.” She kindly brought Maria back to bed. Itâ€™s fine if Maria doesnâ€™t thank her, she still looks like this. blindness.

Maria was stunned by her scolding, hesitatingly said: “Tina, have you read the trending search?”

“What trending search?” Tina thought of Maria’s look, and already understood something in her heart, and hurriedly turned around to find her mobile phone.

She found her mobile phone and opened Twitter to see the trending search list.

trending search is the first to hang out a trending search that has engaged over 100 million: [Tina and a woman kiss on the street late at night].

Tina’s eyes widened in disbelief, “What is this?”

Maria had changed clothes and came out, and said with a serious face: “It’s a picture of us.”

Tina looked up at her, and she shrank back, as if Tina was a scourge.

Tina didn’t care about Maria, clicked on the trending search, and saw the content inside, all of a sudden.

Maria on the side still sees everything in a tone: “I understand, why Peter would rather choose that kind of woman than to be with youâ€¦!”

Tina looked at her coldly: “Shut up!”

## **Chapter 1399**

Maria was originally looking at Tina vigilantly, but now she is fierce with Tina, and her temper has also risen: “Why are you fierce? You are taking advantage of me. Be careful when I sue you for sexual assault and harassment.”

Tina rolled her eyes and said, “You are too worthy of yourself. If I’m really gay, I won’t look for you. You have no brains, no gentleness, and you can’t cook, just look like that.”

If she really likes women, she might as well find Alyssa, who is gentle and beautiful, can cook, and is smart.

“Youâ€¦!” Maria was scolded by Tina, so angry that she couldn’t speak.

Tina hugged her arms and said indifferently: “I didn’t kiss you. You were drunk like a dead pig. I helped you to take a taxi. As a result, you couldn’t stand still and threw on me. You’d better cooperate with me to clarify, and don’t be conceited.”

This kind of thing can be big or small, and a little troublesome.

Tina is a public figure anyway, and it is not a small problem.

However, Maria is just an amateur and a highly educated returnee expert. Most of the Chinese people do not accept homosexuality, so Maria will definitely be affected.

Maria also knew the seriousness of the matter, and did not quarrel with Tina: “I know.”

When the voice fell, the cold cell phone vibrated.

It was a call from Stephanie.

Stephanie also called before, but Tina was asleep, the phone did not ring, it was vibrating, so she did not hear it, and did not receive the call.

Stephanie called naturally because of trending searches.

“Ms. Tinaâ€¦!”

“I know what you are asking, it is purely a rumor, the photo is misplaced.”

“Noâ€¦!” Stephanie coughed lightly and interrupted Tina’s words: “Today’s announcement has been canceled. The company said that we should return to the company for a meeting.”

Tina was silent for a moment, and asked, “Cancel the notice, Peter?”

Stephanie sighed: “It was Assistant Rubin who called me.”

Upon hearing Rubin’s name, Tina was able to determine that this was Peter’s idea again, and hung up the phone directly.

Maria listened clearly to Tina’s words. As soon as Tina hung up the phone, she curiously asked, “Peter canceled your notice again and let you stop work?”

No matter how you listen, there is a sense of sympathy in it.

Tina was also a little depressed, staring at Maria: “You don’t worry about it.”

“I’m just curious.” After Maria finished speaking, her mobile phone rang.

Seeing the call, Maria’s complexion changed slightly. Tina leaned over and saw the word “dad” in the remarks. She smiled badly: “Take care, Miss George.”

Maria: “â€¦!”

Maria explained to her dad for a long time before she convinced her dad that the trending search was a misunderstanding.

"I'm going back to the company now. You have to ask someone to adjust the surveillance at the entrance of the bar. It is prone to accidents at the entrance of the bar, so there are surveillance in all directions, and then adjust the video. I will come forward to clarify. There will be reporters looking for you, be careful."

Tina quickly gave instructions and went to the company.

"Hello, Miss Weber."

"Ms. Weber"

As soon as Tina entered the company, people passing by greeted her, but these people looked at her a little strange.

They must have known the trending search.

Entering the elevator, Tina stretched out her hand to support her forehead, which was the fault of meddling.

This was so strange that Stephanie didn't know how to comfort Tina, so she had to pat Tina on the shoulder: "It's okay, Ms. Tina, I believe you."

## **Chapter 1400**

In the huge conference room, there were only two people, Tina and Peter.

Peter sat at the desk, staring deep at Tina, without saying a word, just staring at her who was sitting opposite him.

Tina and him stared at each other so that their eyes were a little dry. She blinked, moved her necks, and said, "Mr. Grant, did you come to play 'One Two Three Wooden Men' with me?"

Peter finally moved and changed his posture, but his eyes were still locked on her.

"you"

He seemed to ponder it for a long time, but when he opened his mouth, he seemed to hesitate.

Tina chuckled, "Mr. Grant, when did you become hesitant in your speech?"

One by one, "Mr. Grant" heard Peter's heart irritated. He took a deep breath and seemed to make up his mind: "Is this the reason you rejected me?"

"Huh?" Tina was stunned for a while.

She came today ready to quarrel with him.

After all, he canceled her announcement again.

But he kept silent, and when he opened his mouth, there were such endless words.

Peter felt a little embarrassed. When reminding her, he turned his head aside: "Maria."

He has thought of many reasons for Tina to reject him, but he never thought it would be because Tina didn't like men.

Although he didn't believe it and found it ridiculous in the trending search, if he didn't ask Tina face to face and didn't get a negative answer, he would have no bottom in his heart and would remain uneasy.

Tina shook her hand, thinking that she had heard it wrong.

She looked at Peter in disbelief: "You?"

Peter gave a light cough, concealed his embarrassment, and said quickly: "It's just a routine question, of course I believe you are not."

Tina grinned back: "Yes, I like Maria, okay?"

Peter: "?"

Tina rolled her eyes and couldn't help but scold him: "Is your brain be eaten by a dog, or did you give it to Cathy?"

Peter paused, then laughed, and said warmly, "You don't be angry."

"What's the matter with the announcement?" Tina turned her head and didn't look at him.

Peter knew what she was thinking when he looked at her expression, and explained aloud: "It was the company over there that called to cancel the notice, not me."

She was directly exposed to the thoughts in his heart, and he didn't feel embarrassed: "I know, I'm leaving without anything else."

"Wait." Peter stopped her.

Tina looked back and asked him what else was going on.

Peter looked into her eyes, his tone low, as if showing weakness: "There are still two months left. Your contract expires. Do you not consider renewing it?"

Tina was silent for a moment, and said very seriously: "No more consideration."

She said she was leaving, but she heard footsteps behind her, accompanied by Peter's urgent voice: "The kind of thing on the set will not happen again. The new contract will favor you more, and you will have greater autonomy."

Tina didn't look back: "Thank you."

This means that she still insists on not renewing the contract.

Peter stood there and didn't move forward.

In the situation on the set at that time, he asked Tina to suspend work in order to gain the trust of Cathy.

But after all, a rift was opened in the already weak relationship between him and Tina.

In the beginning, he used some means to sign Tina to AdamPic, thinking that it was a new start for the two.

However, not only did it have no new beginning, but it came to an end.
