

Predestined 1401

Chapter 1401

The conversation with Peter was much calmer than Tina imagined.

After she tactfully rejected his proposal to renew the contract, he didn't force it anymore. Both of them stopped talking, and ended the conversation in a stagnant atmosphere.

When she turned to go out, Tina walked to the door and stopped.

"Peter, although very unpleasant things have happened recently, I know you haven't really blame me, nor have I really been angry with you. In my heart, you are still the good neighbor who was righteous and kind when I was a kid. The big brother."

Tina's voice is very soft, but it is full of strange penetrating power, passing through the air, and also through Peter's heart.

Very calm, falling apart.

Until Tina left, Peter still stiffened and sat motionless in the boss chair.

During this period, he felt tormented every day when he saw Cathy, so he always used a long time to imagine the scene after he solved Cathy and apologized to Tina.

Tina is stubborn, hard-mouthed and soft-hearted.

She would certainly not forgive him so easily.

But Tina's words just now clearly told him that she knew he was not such a person, and she knew that he might have other difficulties for letting her stop work, but she chose to forgive him without asking why.

She didn't care what the reason was.

He has also been reflecting on himself from time to time recently. If he can be decisive and resolute like Karl, would he let himself fall into such a dilemma?

In fact, he and Tina are both confident people, and they are too confident, so confident that when the cracks and injuries are in front of them, they realize that it is too late.

Some remedies are useless if they expire.

â€¦

After coming out of Peter's office, Tina went to the bathroom.

She slowly washed her hands, looked at the mournful self in the mirror, sighed slightly, and snorted: "It's nothing."

She lowered her head and washed her face, and when she raised her head, the expression on her face returned to her usual self-confidence and pride.

She is desolate.

She was carefree in childhood. Lived in an unassuming manner when she was a teenager. When she was in her 20s, she had a beloved career.

In her past, most of the time she was satisfied.

Except for a little mistake in the relationship.

Compared with the family of Alyssa, her life has been much luckier than Alyssa.

However, she still admired her very much.

If she can, who doesn't want a unique love in this world?

We all know that love is a good thing, but not everyone has it.

Tina chuckled, tidying up her hair and clothes, and turned and walked out.

At the corner of the corridor, she met Stephanie who came to her in a hurry.

"Ms. Tina, you are here! I finally found you." When Stephanie saw her, she smiled.

"In a hurry, something is going on?" Tina looked calm, and she swept away the feelings of self-pity and sorrow.

"That's it, your scandal with Maria has been clarified. Someone posted a clarified surveillance video, which is now on trending search!"

Tina walked while listening to Stephanie's words. After listening, she said, "Maria moves very fast."

"It was Maria who found the video to clarify. Then she moved very fast. I thought it was the company who made the move." Stephanie murmured.

After hearing this, Tina took out her cell phone and called Maria.

Chapter 1402

Maria answered the phone quickly.

"I saw it on the trending search. I was planning to adjust the monitoring. You move faster than me, but don't think I will thank you."

Before Tina spoke, Maria said a lot.

It turned out that the monitoring was not adjusted by Maria.

It's right to think about it. She and Maria left home at the same time. Not long after she arrived at AdamPic, the clarification video on Twitter appeared and quickly became popular. Maria's speed was not so fast.

Tina didn't talk nonsense with Maria and hung up the phone directly.

"You hang up without saying a word?" Stephanie asked her.

Tina raised her eyebrows: "There is no need to waste time playing the piano to the cow."

“What did my cousin tell you? You didn’t come out until so long.” Stephanie looked at Tina as if she was bullied, she would go to Peter to fight.

Tina patted her head: “Okay, don’t be so hostile to your cousin, he is good enough to you.”

Stephanie looked puzzled: “Why are you suddenly helping him speak.”

Tina asked her, “I don’t you know what kind of person your cousin is?”

“Clear, my cousin is a sc*mbag.” Stephanie said solemnly.

Tina paused for a while before blurting out two words: “â€|Alright!”

Stephanie: “Isn’t he a sc*mbag?”

Tina has changed the subject: “The announcement has also been canceled. Go home and sleep.”

Stephanie said quietly, “I’m afraid I won’t be able to sleep.”

“Why, isn’t the announcement canceled?” Tina looked at Stephanie, “Are there any new announcements?”

Stephanie’s expression is a bit complicated: “There is a reality show variety show that wants to find you.”

Tina continued to move forward and said: “What kind of variety show is so terrible, it seems that your expression is brave and righteous.”

Stephanie: “In fact, it’s just an ordinary reality show. If you don’t usually create characters, there will be no problems with reality shows.”

Tina had seen through Stephanie a long time ago: “What are you doing hesitantly, if you have something to say all at once.”

Stephanie coughed slightly: “This variety show also invited Cathy.”

Recently, Tina and Cathy have been making a lot of trouble. No one in the entertainment industry knows, but this program group is looking for her and Cathy on the show at the same time. This is obviously to cause trouble.

Nowadays, variety shows are really getting more and more daring.

For the sake of heat and fire, it is enough to fight.

Tina asked Stephanie with a look of interest: “Which company’s variety show?”

Stephanie’s eyes widened: “Ms. Tina, don’t you really want to participate, do you?”

“Just show me the information about this variety show.” She wanted to see which variety show was so bold.

Since the company is all right, Tina went home directly.

She was habitually thinking about ordering takeaways. After thinking about it, she had to forget it. Anyway, I didn't notice in the past two days, so I decided to toss some food by myself.

During the New Year, she was about to learn how to cook, but Peter's shameless visit to the door also disrupted her plan.

She made a simple lunch according to the recipe. As soon as she made it, Stephanie called and said, "Ms. Tina, I sent you the information about the variety show. You can take a look."

"OK."

Tina hung up the phone, sat at the dining table, and prepared to watch while eating.

The name of this variety show is "My Life and Me". It looks like an observation show, but the way of inviting guests is a bit difficult to describe.

Three couples, three singles, showing different lifestyles of being single and in love.

Chapter 1403

Actually, Tina rarely appears on variety shows.

She has been on a handful of variety shows. It is still the kind of guest interview variety show. It is also to promote movies and new dramas. She rarely participates in variety shows other than that.

Because actors participate in too many variety shows, and then go to acting, the audience will easily play.

Another reason is that Tina was too lazy to participate, and the development route the company set for her was also steady and rushing to the path of a pure actor.

She glanced at the variety show's information. Since it said it was three couples and three singles, wouldn't they have to invite Peter if they invited Cathy?

Tina paused and took out her cell phone to voice Stephanie: "Has Cathy picked up this show?"

Stephanie should have waited for her by the phone, and said in seconds: "I heard that it is about to be picked up."

Tina put the phone aside and didn't reply.

The story of Cathy and Peter is well known all over the Internet. If Cathy picks up this show, can Peter still go?

After all, he has been very considerate to Cathy recently.

Tina continued to scroll back and found that the investor actually wrote "Adams' Group".

How many Adams Groups can there be in Rostenvel?

Karl invested in this show?

If Karl really invested in this show, it is no wonder that the show crew is so crazy and dares to invite her and Cathy at the same time.

Tina still decided to confirm.

â€¦

In the afternoon, she took a bottle of red wine to Alyssa's house.

She called her in advance, and Alyssa enthusiastically baked a cake at home.

It happened to be the weekend, and Karl and Grace were also at home.

As soon as Tina walked into the door, she smelled the fragrance of the cake.

Grace ran over to her, "Auntie!"

"Baby!" Tina hugged Grace and kissed her twice: "Hey, our little Grace has grown taller, I can hardly hold you."

Grace squinted and smiled at her, and then struggling to get off her body, and reached out to help her get the wine: "I'll help you get it. Mom is baking the cake. Let me come out and pick you up."

"Thank you, take it carefully." Tina asked Grace, and she gave her the red wine without worry.

Entering the hall, the aroma of the cake is more intense.

Alyssa walked out of the kitchen, still wearing an apron: "Tina."

"Bring the wine to mom." Tina patted Grace on the head.

Grace blinked, knowing that it was a gift from Tina, and said sweetly, "Thank you Auntie."

Alyssa took the red wine in Grace's hand, handed it to the servant to put it in the wine cabinet, and greeted her: "The cake will be ready soon. Go to the top floor for afternoon tea later."

After baking the cake, the servant brought it to the glass room on the top floor.

Tina looked around for a while and asked, "Where is Karl?"

"In the study, what's the matter?" Alyssa noticed it, and Tina seemed to have something to ask, otherwise she wouldn't deliberately ask for Karl.

Tina said directly: "Did he invest in a variety show recently?"

"It's not very clearâ€¦ Would you like to ask him if you wait for him to come?" Alyssa said.

Tina nodded.

When Karl went to the glass room on the top floor, Alyssa and Tina had already had a chat. Seeing Karl coming, Tina nodded slightly at him.

Karl sat down next to Alyssa, and Alyssa fed a piece of cake to his lips, and Karl frowned slightly.

"Low sweet." Alyssa urged him: "You are sweet."

Only then did he lower his head and ate the cake that Alyssa fed.

Chapter 1404

Tina had long been accustomed to Alyssa and Karl's crookedness, and Grace on the side stretched out her hand to cover her face, looking like she didn't even notice.

Tina was amused: "Grace, what are you doing?"

"I'm superfluous in this house." Grace sighed, "Auntie, otherwise I'll live with you, you take me away."

Why is it still acting?

Tina held back a smile and asked her: "Baby, what have you experienced during my absence?"

Alyssa said nonchalantly from the side: "She learned from you, she loves acting."

Grace couldn't wait, and ran away after a while, leaving three adults.

Tina didn't forget the business affairs of her trip. She looked at Karl and asked in a joking tone: "Did Mr. Adams have invested in any entertainment programs lately?"

"Have you received an invitation from the program group?" Karl looked up, looking at Tina with a calm expression.

His answer is tantamount to admitting that he has indeed invested in the show.

Tina asked again: "My Life and Me?"

Karl curled his lips, showing a very shallow smile: "Yeah."

Alyssa was also very surprised: "Have you invested in variety shows?"

"I feel that the prospects are good, try the water." Karl said calmly.

Tina's mood was a bit complicated for a while, it turned out to be Karl's investment.

At this moment, Karl's cell phone rang, and he stood up: "I'll answer the phone."

After he finished speaking, he walked aside to answer the phone.

Alyssa asked Tina curiously: "What variety show is it? I haven't heard Karl talk about it."

"It can be regarded as an observation program, with three couples and three singles."

"Sounds interesting."

Tina chuckled: "What's this interesting? What's more interesting is that this show invited Cathy and also me."

Alyssa's eyes widened: "Ah? Then do you want to participate?"

Tina paused: "I didn't think about it."

"You don't worry about Karl, you can participate if you want to participate, and don't participate if you don't want to." Alyssa also knows that with the topic of Tina and Cathy, this variety show is definitely not going to be less popular.

If Tina really participated, this variety show would definitely be a mess.

Tina chuckled: "You also think of me too great, do you think I will participate in this variety show because your husband invested in it?"

"That's hard to say." Alyssa knew that Tina was hard-mouthed and soft-hearted, and also valued love and righteousness. It was really hard to tell.

â€¦

Tina left after dinner.

Alyssa sent her away, then turned to find Karl to settle the account.

She stared at Karl with a small face: "Let's go, is it on purpose?"

Karl founded AdamPic in his early years. He left all the routines in the entertainment industry and gave AdamPic to Peter. Now it is strange that he suddenly invests in variety shows.

Karl said solemnly: "I just want to make more money to care for the wife and children."

"Come less." Alyssa gave him a white look: "You deliberately asked the show crew to invite Cathy and Tina, right? What do you want to do?"

Karl laughed, and said casually: "I'm getting older, I want to do more good deeds to save some luck."

"Youâ€¦" Alyssa had a bold guess in her heart: "Don't you want to match Tina and Peter?"

Tina also said that the show was about three couples and three single guests. Cathy and Peter should have participated as a couple.

Chapter 1405

Karl smiled and did not speak, which was regarded as an admission.

He did such a big thing in silence.

Alyssa stretched out a finger, pressed against his chest and asked him, "But how do you know that they will all participate?"

Karl shook his head with an innocent look: "I don't know."

"Then you stillâ€¦"

Alyssa was caught by his finger, and when she reached her mouth, the words stopped. She looked up at Karl in confusion, and saw Karl smile meaningfully: "Everything is fate."

Alyssa gave him an angry look.

â€¦

The next day, Tina made an announcement.

The matter between her and Maria has been clarified, and the previous announcement has naturally returned.

There were two announcements in one day.

It was six o'clock in the evening when it was over, cold, hungry and sleepy, and while walking out, she said to Stephanie, "Go straight to the airport for dinner."

Tomorrow is going to be filming, her role is scheduled in the morning again, so tonight she is going to the studio.

"It's good to go to the airport to eat well, but there is a traffic jam right now, and it will take longer than before. Would you like me to buy some bread mat to cushion your stomach?"

After Stephanie finished speaking, she found Tina's gaze straight out of the gate. She followed Tina's gaze and looked out, and she saw Cathy, who was wearing a set of height.

Stephanie let out a cold snort, and said in a low voice, "The city has a narrow road."

Tina didn't speak, and went straight out.

Cathy's eyes stared straight at Tina, it was obvious that it was directed at her, and the two stopped facing each other in the middle of the lobby.

"Miss Weber looks a little tired, so I'm tired if you rush to the announcement." Cathy took off the sunglasses from her face, looked up and down at Tina, still with that disdainful look.

Tina glanced at her, her gaze swept across the high heels on Cathy's feet, and his voice calmly said: "Isn't it tiring to rush to the announcement? You don't understand it. After all, Miss Lee hasn't rushed to any announcement, right?"

Before Cathy was only an 18th line, she acted in one or two web dramas. She hadn't been popular at all, so naturally there was no good announcement.

What Cathy hates most is that Tina doesn't put her in her eyes anymore. Not only does she not put her in her eyes, but she also laughs at her for being the 18th line.

Even if she is now Peter's girlfriend and is pregnant with his child, Tina's attitude towards her has not changed in the slightest.

Cathy even felt that even if she really married Peter and became a righteous Mrs. Grant, Tina would still not put her in her eyes, and would still look down on her.

But she was born better than her, luck is better than her, it can be so rampant!

Cathy clenched her fists tightly, gritted her teeth patiently, and suppressed the anger in her heart: "I heard that you also received an invitation from "My Life and Me". I am looking forward to seeing you on the show. Of course, if Miss Weber doesn't dare to come, then forget it."

Cathy snorted, her eyes were all under control.

This is just a casual talk. She wants Tina to participate in this show. She doesn't believe Tina and dares to lose her temper in front of the people of the whole country.

She was worried that she had no chance to clean up the cold, but she didn't expect the opportunity to be delivered so soon.

Variety shows are crowded with people, and the shooting time is not too short. There are always opportunities.

Tina saw Cathy's expression in her eyes, and said quietly: "Since Miss Lee wants me to participate so much, I will naturally not let her down."

Chapter 1406

The meaning of Tina's words is to take up this variety show.

Cathy was surprised, but she didn't expect Tina to agree so simply, and she looked at Tina carefully, with scrutiny in her eyes.

Although she wanted to take advantage of this variety show opportunity to clean up Tina, but she also knew that Tina was not stupid, and naturally she could guess her thoughts. Therefore, her original plan was to start with Peter. Let Peter put pressure on him as the boss, and finally let Tina participate if she didn't.

But now that Tina should be so simple, she felt a little strange.

"Ms. Tina!" Not to mention Cathy, Stephanie was also shocked.

Cathy noticed Stephanie's reaction, and realized that Tina had not discussed the matter with Stephanie, but Tina had agreed without authorization.

This kind of thing was originally discussed with the broker.

It seems that it was her agitation method that worked.

It turned out that Tina was also a person who could not stand up to the excitement.

Cathy brushed her hair: "Then I'll see you at the shoot."

After speaking, she left proudly.

Tina also strode out.

"Ms. Tina, why did you suddenly agree?" Stephanie chased after her.

Tina walked and said, "If I don't agree, wouldn't Cathy feel that I dare not go?"

"You don't come here anymore." Stephanie gave her an angry look: "I don't know you yet, are you the kind of person who can be irritated by a few words? Stop lying to me."

"Your little brain is getting better and better." Tina looked at Stephanie with a smile.

Stephanie was exaggerated, a little embarrassed: "Fa, why did you agree to it?"

"If I don't agree, Cathy will definitely go to Peter."

"What about cousin, if you don't want to go, no matter who it is, I can push you off."

“You have this heart, I am very touched.”

“Then I will help you push.”

“no need”

”

After getting in the car, Stephanie was still whispering about the variety show.

Tina thought of Stephanie’s previous question.

She asked her why she agreed.

In fact, she didn’t want to make Peter embarrassed.

That night, what Maria said when she was drunk awakened Tina.

Looking back, she realized that Peter had actually done a lot for her. She didn’t seem to have done anything for him.

Just treat her as her small identity and perspective, and she doesn’t want Peter to be in a dilemma.

Yes, even if she and Peter have never been together in this life, they still grew up together. They are still neighbors or friends.

”

Tina went directly to the airport and returned to the studio.

After returning to the film and television city, Tina concentrated on filming, and the program group of “My Life and Me” contacted Tina halfway through and held several online meetings.

A week later, the “Me and My Life” officially announced the guest list.

Among them are Tina, Cathy, and Peter.

The other two single guests are two male stars who are very trending nowadays. There is also a pair of celebrity couples and variety show cafes. They are also very famous. The last group of couple guests. The program group has sold out and talked about it. Time to announce later.

Even if the last group of guests did not announce, the current combination alone is already very topical.

As soon as the list came out, there were several trending searches.

Tina, Cathy, and Peter, putting these three names together can already touch the audience’s gossip.

Chapter 1407

“Hahaha this combination makes me laugh so much”

“Is it true? This list turned out to be true?”

“When I saw the trending search, I clicked in to scold the marketing account, but when I clicked in, it turned out to be the list posted by the official blog. Why should I scold them!”

“When will it be broadcast? Don’t listen to nonsense, just ask you when it will be broadcast!”

“Oh my God, battle Field! Completely battle Field!”

“It’s exciting, I can already make up for that scene!”

“This list won’t work unless it’s popular!”

Just look at the comments under the post of this official announcement guest list, and you can know that the expected value of observation has exploded.

After the official announcement that day, various platforms were discussing the list of “My Life and Me”, and some even used Tina and Cathy’s film and television works to cut out a torn video.

There were countless reposts and clicks on this video that day.

As expected, the show became popular before it was broadcasted.

Stephanie also saw the trending search. When she brought Tina a coffee, she saw Tina’s comments on Twitter, and said, “This show is quite good, and it’s sold out. I just don’t know this. Who is the last group of guests.”

“Don’t you know when you start shooting?” Tina took the coffee and glanced at Stephanie.

“I think, the last one to appear must be the biggest player, super big!” Stephanie said as if it were true.

Tina also thought for a while, feeling that Stephanie’s words made sense.

“Those veteran movie queens? But logically, they shouldn’t come to this variety show!” Tina also began to become a little curious.

“

Since this variety show is shooting their own lives, they are recorded separately. After recording their respective lives, the guests will gather together to hold a salon and exchange each other’s life experiences.

Moreover, this show was very bold and chose to shoot one issue and record one issue. The total of this show is ten episodes, that is, they are gathering ten times.

This approach of the program group is nothing more than wanting them to gather for a few more episodes to increase the topic and popularity.

Tina wants to stay on the set to film, so the first episode of “My Life and Me” was recorded in her hotel.

The program team of “My Life and Me” cooperated with Tina’s time very well. There was a rain scene in the movie and she needed to wait for the rainy day. Just one day in the middle, she contacted the “Me and My Life” crew to shoot.

The director is a young girl. She was very happy when she saw Tina. Afterwards, a staff member quietly told Tina that the director was her fan.

As for the shooting requirements, the director only said one sentence: "Just be yourself, you are perfect by yourself."

Tina felt that the director's words brought a serious fan filter.

But the director said so, and Tina naturally had no objection.

Since it is a life variety show, just do something in daily life.

She rented a homestay with a kitchen, and continued to learn how to cook. Filming was tiring enough, and she didn't bother to toss about other things. She basically stayed in the house all day and took a walk in the yard at night.

One day passed quickly.

"Program Group" stayed until the next morning, after shooting Tina got up and went to the studio, the recording of this episode was over.

"How did you feel about the shooting yesterday?" Since it was shooting Tina solo, Stephanie just went to the door and watched it a few times yesterday. She didn't enter the house and didn't have a chance to ask Tina.

Chapter 1408

When Stephanie asked this question, Tina was holding the mirror to look at her makeup.

Tina put down the mirror, thought about it carefully, and said, "It feels"

Stephanie looked at Tina expectantly, and Tina pursed her lips with a smile: "It feels so good. In the future, I will pick up more programs that don't need to go out and only need to stay at home. The money is also very good."

Stephanie twitched the corners of her mouth and looked at Tina with disbelief: "Ms. Tina, you have changed, but don't think that this money is very profitable, maybe you have to hire a gangster"

"Ms. Weber, ready to start."

At this time, the voice of the assistant director sounded outside.

"

After half a month, the program group of "My Life and Me" invited Tina to film the part where everyone gathered for discussion.

The location of the filming was in Rostenvel.

But she did not know the specific location, because the program crew came to meet her directly at the airport.

Tina took a late-night flight, and the itinerary was confidential, but don't know why the wind was still leaked. There were still fans picking up the plane at the airport.

Tina got off the plane and saw the fans first before she saw anyone from the program group.

“Miss Weber!”

“Cub!”

Ok?

Tina looked at the sound in confusion, and asked Stephanie beside her: “Did he call me that?”

Stephanie glanced at the light sign the fan was holding: “Yes.”

Tina was in a complicated mood: “Where am I acting like a cub?”

Since it was already two o’clock in the morning and the number of fans was not very large, Tina walked over.

“Ahhhhhhhhhhhh, my god!”

“Baby! Miss Weber!”

The fans screamed when Tina passed by, and when she approached, they became honest one by one, looking at Tina with a particularly shy look.

“You don’t call me a cub?” Tina slipped her hands into the pockets of sweat pants, tilting her head to look at them.

Tina has never been that kind of soft and cute, silly, white and sweet, so stubborn and rusty that fans call her “Miss Weber”, which is completely indifferent to the soft and cute name of “little cub”.

The fan grinned and said, “Hey, I won’t call you that anymore.”

Tina glanced at him: “Do you think I believe you?”

Upon hearing this, the fans laughed unanimously.

After laughing, a fan said: “Princess, go back and rest. We will see you soon.”

“Don’t pick up the airport in the future. At night, the girls are so unsafe. There are so many staff around me. I don’t need you to worry about it. If something happens to me because of your pick-up it’s a huge burden. You want me to be well, and I also hope that you can all be well, you know?”

Those who came to pick up at the airport were all young girls in their twenties, who were all younger than Tina. Tina’s unconscious self took over the role of the big sister, and her tone became gentle unconsciously.

From the bottom of her heart, she hopes that these little girls can focus on their own things, not to like her as a big thing, and not to spend too much time and money for her.

It’s easy to feel whether a person’s words are sincere or not. Several young girls suddenly flushed their eyes and nodded obediently and said, “I see.”

They said that they knew, but no one moved, and they looked coldly at her.

Tina walked forward two more steps. Standing among them, the fans immediately took out their phones and took a group photo in a very tacit understanding, all of them were extremely happy.

Tina cooperated with them and took a lot of photos before they left reluctantly.

Chapter 1409

After sending the fans away, watching them all get in the car, Tina yawned in disregard of her image: "I'm sleepy and tired."

Turning her head, she saw Stephanie's expression hesitantly.

"Say if you have anything." Tina said as they walked out.

"Ms. Tina, you don't need to rely on traffic to eat, but it's not a bad thing to have traffic, and it's not a bad thing to have fans pick up the phone."

"I know, as you said, I don't rely on traffic to eat, but I also know that fans are still very important to me. There are many celebrities in the entertainment industry who have been overturned because of fans. It is difficult to find a perfect way to meet. If you get along with fans, it's better to show your stand and attitude from the beginning. You may lose some fans, but I am not ashamed."

Tina has seen so many things during her debut these years.

The way a celebrity and a fan get along is determined by the personality of the celebrity.

Reality is the most important thing if you want not to roll over.

Stephanie was moved by Tina: "Yes, it is more important to show your true self than to please fans."

"But I still love them. There are many people who followed me when I debuted, and they are still there." For Tina, this is a very warm thing.

How many people are annihilated in the torrent of time on the way of growth, and some people are still by your side after experiencing the changes of time.

Some people will leave, and there will always be someone irreplaceable.

While talking, Tina's expression suddenly changed. Upon seeing this, Stephanie asked in a low voice, "What's wrong?"

"It seems that there is a camera shooting!" Tina observed the surroundings but did not find the camera.

Tina didn't like the feeling of being secretly photographed. Stephanie looked around for a while: "Let's go faster."

The two soon arrived at the entrance of the parking lot, and the car of the "Me and My Life" program group stopped very close to the entrance, which was very conspicuous.

"Miss Weber."

From afar, people from the program team greeted Tina.

"Thank you." Tina took off her mask and nodded slightly.

The staff opened the car door for her: "You are welcome, get in the car."

She leaned on the car and was about to go to sleep. After squinting for a while, she found that the car hadn't left, and she couldn't help but wonder: "Why haven't you left?"

"Wait for a few colleagues." The driver who drove said.

At this time, Tina looked through the car window and saw the director ran over with several cameras.

It was the same female director last time. She ran to the car out of breath: "Miss Weber, I asked you to wait for a long time. Now we will go to the hotel and go to the recording tomorrow."

"It's okay, you worked hard." Tina noticed that the female director was sweating profusely, and it was just the early spring weather.

don't know how long it took, Tina woke up and found that she hadn't arrived at the hotel. The director sat in the back row. Tina turned around and asked her, "Who is the last group of guests?"

The female director didn't let go: "You'll know when you see them tomorrow."

There was a camera in the car, and Tina decided to give more material to the program group, and made a wink to the female director, with a soft tone: "Reveal a little."

The female director was originally a fan of Tina. She covered her mouth and smiled. She suddenly lost her position: "You know them."

Tina took the opportunity to ask, "Are you familiar with them?"

The female director nodded: "Yeah."

The female director revealed a little too much, and the camera couldn't help but reminded: "Hmm, you are the director."

The female director smiled embarrassedly and waved her hand: "I won't say anything."

Chapter 1410

Tina still wanted to continue to ask, but no matter how she asked or idioms, the director stopped talking.

Back at the hotel, Tina went through the people she knew and familiar with within the entertainment circle in her mind. In the end, she didn't come to a conclusion, so she didn't think about it anymore, she could see them tomorrow anyway.

The next day.

She got up on time, got into the show crew car and went to the shooting scene.

Usually this kind of program shooting is in the studio, but the more the car opens, the more familiar the road becomes, and Tina finds that it is the way to Best Day.

Is there any studio in Best Day?

It seems not.

Until, the car stopped at the door of Best Day.

When Tina got out of the car, she still sighed: "Your show crew is so rich."

The female director mysteriously smiled: "Investors have money."

That's right, Karl is so rich, the project he invested in is naturally the best match, besides, this Best Day is still Karl's site.

â€¦

Best Day operates as usual, and there are still customers coming and going inside.

Tina was very familiar with Best Day. The staff led the way. Following the directions, she guessed which box it was.

It is a private room on the top floor with 180 degrees of light. If you want this room, you have to book half a year in advance.

A camera has been placed at the door.

"Is anyone inside?" Tina asked the camera.

The camera nodded, indicating that there was someone inside.

Tina nodded, indicating that she knew, then knocked on the door, and someone inside responded: "Come in."

Tina pushed the door in, and found two people inside, the variety show couple, Janie Mason and Glen Dixon.

The couple is active in major variety shows, and their popularity is still relatively high. However, this time "My Life and Me" did not invite the host, and probably let Janie and Glen act as the host.

"Miss Weber!"

Janie was the first to react. When she saw Tina, she stretched out her hand to cover her mouth exaggeratedly, stood up and walked towards her, followed by the sound of the foot.

"Long time no see, Miss Weber." Janie came over and hugged Tina familiarly.

People are so enthusiastic, and Tina naturally has to be more enthusiastic: "Long time no see."

Janie is a variety show host, and Tina is an actor. There are not many intersections, but they have seen each other several times at events, but haven't communicated much.

"Miss Weber." Glen also walked over to shake hands with Tina.

"Hello there."

Tina shook her hand, looked around, smiled and said, "You came so early, I thought I was the first."

"It is the recording at the Best Day. I was so excited that I didn't sleep at night, the big sceneâ€¦!" Glen said excitedly.

This is of course an exaggerated statement for the variety show effect, Tina smiled in support, and then sat down.

Janie asked Tina as if remembering something, "I saw the last group of guests who have not been announced today. I am so curious that Miss Weber knows who it is?"

"I asked the director." Tina sold it off.

Then in Janie and Glen's expectant expressions, Tina curled her lips and smiled: "The director didn't say anything."

Janie pretended to be angry: "Miss Weber, you are good or bad."

At this time, someone came in outside the door again.

The people who came in this time were two other single male guests, David and Lester, both of whom were traffic stars who made their debut in the trainee draft. They were humble and very polite.

They bowed as soon as they entered the door, shook hands and bowed, sat down and bow

Tina touched her waist, envious of their young waists.

The two sat down next to Tina. This is the order of the seats arranged by the program group. Singles sit on one side and couples sit on the other side.
