Chapter 1431

Indeed, as Stephanie said, there was a boss behind these things, because there was no substantive evidence, so the heat quickly dropped.

Most of the netizens nowadays are also very sensible, and they will not believe those things without evidence. They also say that Tina is popular among people.

As the person involved, Tina didn't have time to bother with these boring rumors, and was so dimly cast in the film crew.

The last level of shooting needs to change the location of the scene.

Because the previous shooting was very smooth, and the shooting progress was much faster than expected, the whole crew took three days off before changing the location.

The crew of "My Life and Me" was well informed. On the holiday night, before Tina left the film and television city, the crew had received the news and was about to pick up the plane again.

Tina couldn't laugh or cry: "I will take three days off, and I can work with you for the three days, so don't worry."

"Okay!" The director agreed simply.

But when she arrived in Rostenvel, she still saw the "Me and My Life" program group at the airport.

Tina's filming director's first sentence when she saw Tina was: "Miss Weber, you're thin again."

The tone is full of distress, it is complete with a fan filter.

Tina laughed: "You have lost weight too, you have worked hard."

After she finished speaking, she turned her head to look at the others: "Everyone has worked hard."

She knew that filming her was the most difficult, because she was now making the film "Lost City", and the entire crew who filmed her for "My Life and Me" had to cooperate with her time.

The other groups of guests have more time than Tina.

Someone replied: "It's not hard work, it's my job."

â€¦

The program group of "My Life and Me" followed Tina to her house.

It was late at night, and everyone looked tired.

Tina thought for a while, and called Stephanie over: "I want to invite the show crew to have a supper, you can arrange it."

Stephanie is getting more and more reliable. When Tina took a shower and changed her clothes, Stephanie had already dealt with the program crew.

The place where Tina lives is a more prosperous area, and there are many restaurants not far away.

Stephanie ordered a barbecue restaurant.

There were not many people at the barbecue in the early morning, and Tina and the people from the program group went in and sat directly in the hall.

Stephanie has a lively temper, and doesn't know when she has been in a group with the show crew. When ordering, she went directly with the show crew.

Tina sat at the table and chatted with the director.

At this time, don't know who yelled: "Mr. Grant!"

When Tina heard this name, she subconsciously raised her head and looked at the place where the sound was coming from.

The lights in the dining room were bright, and Tina saw Peter standing at the door at a glance.

He should have just taken a shower before coming. He was wearing simple short sleeves and sports shorts that were knee-length, with slippers on his feet, and the tips of his hair wet.

He spoke and laughed naturally on the shoulders of a photographer, without any pretensions, as if had known each other for a long time.

The whole person's dress looks very sloppy, but it is full of youth.

Tina was slightly stunned.

It seems to be back more than ten years ago.

The teenager who had finished playing basketball with friends and friends came home and took a scribbled shower, and ran to the next door with dripping hair, and knocked on the door.

He never liked blowing his hair.

He yelled while knocking: "Tina, come out, go out for supper."

Chapter 1432

"Tsk, it's not interesting enough, it's so cold, please don't take me for supper, I can't eat with you again!"

Tina returned to her senses and found that Peter had not known when he had come to the front, and was looking at her with a smile.

But what Tina noticed at first glance was Peter's hair.

He was a little far apart just now, and Tina only vaguely saw that Peter's hair was a little wet.

But at this time, she observed closely and discovered that Peter actually came out after blowing his hair, because the top of his hair was fluffy, but the tail was a little wet.

This shows that he had actually blown his hair before he came, but he didn't have the patience to dry the ends of his hair a little bit.

The great thing about time is that it can change a person silently.

Peter may still be impatient in trivial matters, but not all trivial matters.

She had seen Peter cutting apples for Cathy, and she was also recording the show, and she had heard him saying things to relieve Cathy.

Tina curled her lips slightly, smiling very lightly: "Mr. Grant, you secretly come out to eat supper in the middle of the night, and you haven't brought a girlfriend? Are you afraid that your girlfriend will eat you?"

The smile on Peter's face was stiff for a moment, but it quickly returned to normal: "She doesn't eat these."

After Peter said, he sat down arrogantly, and shouted to the orderer: "Add two more crayfish!"

Not at all polite, don't treat as an outsider at all.

Tina pursed her lips and took out her mobile phone to send a WeChat message to Peter: "Why are you here?"

Seeing the message, Peter raised his eyes and glanced at Tina on the opposite side: "Eat supper."

"Bypassed most of the city and came here for supper. It's leisure time, Mr. Grant." Peter's villa is far from here.

Peter replied: "My house has been renovated."

Tina figured it out in the bottom of her heart. Peter's cooking led to something that happened on the first few days of the new year, and it has only been more than two months. His house is ready to live in?

Even if the decoration is completed, he is not afraid of death, can Cathy live with a child?

Tina thought for a while, but still didn't hold back: "It doesn't matter if you are not afraid of death by yourself, it is not good for pregnant women."

Peter was puzzled for a while before realizing what she meant, frowned slightly, and started typing: "I don't live with Cathy."

After typing, don't know what he thought of, so he deleted it and typed it again: "Cathy doesn't live here."

After pressing the "send" button, he looked up to see Tina's reaction.

Cathy!

It was so affectionate.

Tina put the phone aside blankly, not wanting to reply again.

It's because she thinks too much, and Peter is not stupid, she can't think of this.

Feeling the person on the other side looking at her, she also raised her head and glared back unwillingly.

Peter and she looked at each other for half a second, then smiled sharply, squeezing his fist against his lips to hide the smile.

Smile smile, what's so funny.

baffling.

Tina pursed the corners of her lips displeased, and turned her head to continue chatting with the director next to him.

Peter is a socialite.

Whether it is on Twitter or in life, he will soon become a part of everyone.

He was just like that when he was young, and it seemed that he could chat with anyone and get acquainted with anyone.

Tina thought, this might be one of Peter's advantages.

After eating supper, Stephanie left in the car of the program group.

Tina thought, not far from home, so she decided to walk home.

But within two steps, she found that Peter was also behind.

Chapter 1433

Tina turned her head and looked at Peter blankly.

In her eyes, "You don't follow me" clearly written

Peter spoke lazily: "I live in a community with you, and I also walk this way. I didn't follow you."

What he said is correct, but Tina is now at the mouth of the storm, and she is very clear about her situation.

"If it is photographed, it will easily cause misunderstanding."

"What misunderstanding? Misunderstanding that our relationship is bad enough to assassinate each other late at night?"

Peter even laughed as he spoke.

Tina thought for a moment, what they showed in the "Me and My Life" program was indeed incompatible.

But this sensitive time is really not good to be photographed.

Tina didn't talk nonsense with him, turned around and walked across the road, far away from him, and strode towards the community.

The street lights on the side of the road were dim, and the shadows of the sidewalk trees along the road were fascinating, and the cool shadows were soon submerged in them.

Peter was still standing there. He looked in the direction where Tina left, and after distinguishing it for a while, he didn't see Tina.

Confirming that she has really gone far, Peter sighed, took a pack of cigarettes from his pocket, and squatted down on the side of the road.

He slowly drew out a cigarette and held it in his mouth. After lighting it up, he choked and coughed twice.

He hasn't smoked much during this time, and is a little uncomfortable with this taste.

After being choked twice, Peter's mood became worse. After checking the time, it was already past three o'clock. After putting the cigarette case in his pocket, he took out his mobile phone from the other pocket.

He turned on the phone and didn't look through the address book, but directly dialed the shortcut key number with a clear goal.

The phone got through and rang several times before being picked up.

Karl's gloomy voice rang from the phone: "Peter, you'd better have something big, if not, huh."

A sneer, fully expressing Karl's mood at this time.

Anyone who receives a no-significant call at three or four in the morning while sleeping while snoring is unlikely to have a good temper.

Peter's voice sounded a little sad: "There must be."

Karl: "Say."

"Tina now doesn't want to go the same way with me." In the second half of the sentence, Peter's voice was obviously lowered, and it was so low.

There was silence on the other end of the phone for more than three seconds.

Based on Peter's understanding of Karl, he is probably about to hang up.

Peter hurriedly said before Karl hung up the phone, "Karl, listen to me, don't hurry up on my phone. Think about it from a different perspective. If Alyssa is on the street, not only will she not hold hands with you, but also Isn't this a big deal if she doesn't go with you?"

Karl paused his hand who which was about to hang up, and thought for two seconds: "Are you arguing while cursing me and Alyssa?"

His tone was full of danger.

Peter: "I don't have it! it's just an assumption."

Karl didn't listen to what he said, and said coldly, "The hypothesis doesn't hold."

After Karl finished speaking, he sneered again.

Peter was not afraid that Karl would be angry, and said to him: "When I started a business with you before, I didn't have such a hard time!"

He is the chief producer of "Lost City", and the crew has been reporting to him about the progress, so he knows exactly about the filming of "Lost City".

He is also clear about Tina's whereabouts.

Knowing that Tina came back today, he heard from Stephanie that Tina invited people from the "Me and My Life" program group to eat supper, and went out to pretend to meet by chance.

Chapter 1434

Karl wanted to hang up the phone. Alyssa had the habit of drinking water when she woke up in the middle of the night. He also had the habit of waking up in the middle of the night, but he forgot to put the water last night. He woke up in the middle of the night and prepared to go get Water, he received a call from Peter.

According to usual experience, Tina should be awake by now.

But Peter's tone sounded a bit miserable.

"Wait for me." Karl decided to comfort Peter, but he had to wait for him to bring the water back to the bedroom.

Karl gently put the water on the bed, Alyssa opened her eyes and saw that he was holding the phone in his hand, the phone screen was still bright, and asked, "How can you make a call in the middle of the night?"

Karl said warmly, "It's Peter."

Alyssa paused, and looked at Karl with questioning eyes.

Karl handed her the water: "Drink and continue to sleep, I will be back in a while."

It means nothing more.

Alyssa also nodded in relief.

Walking outside the door, Karl asked Peter: "When did Tina come back?"

The conversation between Karl and Alyssa in the bedroom just now, Peter heard clearly, and it sounded nothing special, but Peter felt particularly envious.

Peter pinched out the cigarette in his hand: "Tonight."

"How many people are staring at Tina, and walking with you in the middle of the night, what good is it for her?"

Peter seriously thought about what Karl said, and Karl had already come to a conclusion: "Pretentious."

Peter said loudly: "Who do you say is hypocritical? Are you my good brother?"

Karl: "You."

Peter was speechless for a while, and then whispered: "I miss her too much."

Karl's words became milder: "Then you don't trouble her, and solve Cathy as soon as possible."

Peter simply sat on the ground: "If you know it, you know it best, you know everything."

"I understand better than you."

"â€¦" alright.

â€¦

Tina and Peter left separately, but Peter still appeared on trending search.

[Peter wandering on the streets late at night]

[Peter and Cathy suspected that the relationship has changedâ€¦

The picture is a picture of Peter sitting alone on the side of the road late at night.

Peter dresses very well at home, and it is normal for street netizens who are late at night to have such an association.

There are even netizens who have opened their minds: "How do I feel that his girlfriend was chased out? Look at this dress hahahaâ€¦"

"Peter, the prodigal son of love, also has today!"

"Mr. Grant is really down."

"I really don't understand until now, what does Peter like in Cathy?"

"Peter must be in love with Cathyâ€¦"

"â€¦"

Tina wakes up in the morning and habitually scans Twitter. As a result, he gets this trending search.

Seeing the speculation of netizens and marketing accounts, Tina's mood is also somewhat complicated.

The Peter in the photo looks very decadent, sitting alone on the road teeth, like an abandoned puppy.

She felt that it was not right for Peter to go out for a barbecue in the middle of the night. He had so many houses and hurriedly renovated the house and moved in, which did not fit his style.

But now, his series of actions have answers.

Probably it was really in conflict with Cathy.

This depressed look is really rare.

â€¦

As for the person involved, Peter, his cell phone was blown up all morning.

First, the cousins â€œat home took turns to comfort him, and then Clayton called to laugh at him.

Chapter 1435

“You have been the boss of a film and television company for a long time, and you are quite good at acting. You are no worse than those artists in your family.”

“Really not considering debut?”

“.”

Clayton mocked Peter mercilessly.

Naturally, Peter would not let Clayton laugh in vain, and sneered back at him: “I heard that Helen has been traveling to Australia with a miner recently?”

Said it was mining, but he was actually the owner of several mines in his family.

Peter usually had a lot of dinners, and what happened in this circle was spread quickly, especially during dinners.

And this matter, he also heard it at dinner.

Sure enough, it’s right to participate in more dinners. At this moment, he can finally cut Clayton.

Clayton was so angry that he gritted his teeth and suffocated a word.

“I wish you and Cathy grow old together.”

This is too cruel.

Peter couldn’t bear to look at Cathy more now.

Clayton even cursed him and Cathy to grow old.

Peter laughed angrily, and resisted the urge to throw the phone: “Then I also wish Helen and the miners grow old.”

Then, the two hung up almost at the same time.

As soon as Clayton’s phone was hung up, Cathy’s call came in.

Peter saw the caller ID and curled the corners of his lips without any temperature. There was no smile in his eyes. But after he got on the phone, his voice was unusually gentle: “Cathy, wake up so early, why don’t you sleep a little longer?”

“What’s the matter with the trending search? Can I still fall asleep after seeing that trending search? When did I quarrel with you?” Cathy couldn’t stop as soon as she opened her mouth, and talked like a firecracker.

Peter pressed his swollen temples, turned on the phone and put the handsfree aside, then got up and prepared a latte for himself.

In the first issue of “My Life and Me”, Tina made a latte.

Peter took a sip and felt that the taste was not right when he drank it outside.

Don't know what it tastes like when made in cold water.

Thoughts drifted a little far away.

"Peter? Are you still there?" Cathy's voice pulled his thoughts back.

Peter dumped the coffee in his hand with a bit of disgust, and slowed down his voice. It sounded a bewildering gentleness: "I'm going to the company. Have breakfast obediently."

Cathy rushed to him to act like a baby: "I want to see you, will you come to pick me up, okay, I'm going to work with you in the company!"

She said so many complaints to Peter just now, Peter was not angry, and was so gentle to her, she found that the bigger her temper, the gentler Peter.

Realizing this, Cathy became even more proud.

After a man falls in love with a woman, it is the limitless tolerance of a woman.

She enjoys this feeling of being infinitely tolerated by Peter, which will make her feel very fulfilled.

Peter chose her among so many women, not because of her charm, and now she still squeezes Peter to death, but fortunately, she didn't choose to give up.

"Okay, I'll pick you up."

After Peter spoke softly, he threw the phone aside blankly.

An hour later, Rubin carried Peter downstairs of Cathy's house.

Peter leaned on the back of the chair with a slight gaze, as if he was asleep.

Rubin knew that he was still awake, and after looking out for a while, he said, "CEO Grant, there is a paparazzi."

Cathy asked him to pick her up, and by coincidence, the paparazzi downstairs.

There is no need to guess who called this paparazzi.

Chapter 1436

In the afternoon, the picture of Peter picking up Cathy to go to the company appeared on the Internet.

The marketing account posted the photos of the two on the Internet, and it was quickly searched: Peter and Cathy broke the rumor of breaking up.

Tina was followed by the "Me and My Life" program crew. After a whole day of filming, she only saw this trending search at night.

At this time, the trending search is about to drop out of the trending list.

She clicked on the trending search topic. The photo was taken in six consecutive shots. It was a secret photo, but it was not too vague. You can clearly see the photo. When Peter asked Cathy to get in the car, he used his hand to block Cathy. On the roof, he was afraid that Cathy would hit the roof.

This small but thoughtful act was brought into the rhythm by the trolls. A large number of people praised Peter for his thoughtfulness, saying that the two were very affectionate.

Of course, there are also levers that do not buy it at all.

“Thinking of a ghost, right?”

“At first glance, it’s a posing shot, the shot is so clear, ha ha€”

“The show’s love has all overturned, I’ll see when the couple overturned.”

“I also think that sooner or later, the car will be overturned. In “My Life and Me”, the most annoying is Cathy, which is both affectionate and annoying€”

Many people have been scolded online for arguing about this matter.

This has nothing to do with Tina, she just saw it.

Stephanie, as Peter’s cousin, shook her head after reading the content on the Internet and looked at Tina with a puzzled face, but her tone was twelve minutes serious: “Ms. Tina, tell me what my cousin is. What does he like about Cathy? I still don’t understand what my cousin is thinking. I always say, this person, the older he gets, the more confused he is. I didn’t believe it before, but now I see my cousin.”

“Your cousin is only thirty years old.” Tina said with a smile.

“Others became old people at the age of eighty, and he was old when he was thirty, and he was still confused.” Stephanie curled her lips.

Tina stopped discussing this topic with her and changed the subject: “What time will you go to Best Day to record the show tomorrow?”

The second episode will be broadcast next week, and it’s time for everyone to gather and record the show.

“Said it started at ten o’clock in the morning. You can sleep in and go over. You don’t need to worry about this. I have arrangements. Don’t worry.” Stephanie promised, patting her chest.

€”

The next day.

Tina got up not until nine o’clock in the deep sleep, and casually ate some breakfast on the way to Best Day. When she got to Best Day, it happened to be nine fifty.

When Tina arrived, Karl and Alyssa had arrived, and other guests had arrived, except for Peter and Cathy.

The group waited till ten o’clock, but Peter and Cathy had not yet appeared.

It was not until ten-twenty that Peter and Cathy arrived late.

Everyone did not expect that Peter and Cathy would be late, after all, Karl and Alyssa were both on time, and Karl was late for no reason. Peter was late for no reason.

Cathy felt that everyone's eyes were falling on her, and she felt very proud. The one who appeared last was always the most noticeable.

Everyone has already recorded a show together, so everyone already knows about Cathy's character. Even if Cathy is late, she doesn't have the slightest apology on her face, and she is still proud.

After David and Lester looked at each other, they still politely got up to say hello.

As the host, Janie naturally still has to liven up the atmosphere: "Mr. Grant, Cathy, just waiting for you."

Cathy just smiled at Janie perfunctorily, and sat down in her seat.

Chapter 1437

Compared with the recording of the first episode, Cathy was much quieter. During the entire recording process, she didn't say anything, let alone actively tearing it up.

Because she is busy showing affection to Peter.

Not staring at Peter tenderly, but whispering to him softly and intimately.

It was a whisper, but everyone brought the wheat. Although Cathy pretended to cover up the wheat, everyone still heard what should be heard.

It's in the entertainment circle, who can't have any acting skills.

In addition to directly choosing Karl and Alyssa who ignored Cathy, the others were smiling faces all the time, and from time to time they cast envy in the direction of Cathy and Peter, as if they really envied their feelings.

Tina leaned back lazily on the sofa. Although she and Cathy were still next to each other, they didn't talk to each other, and ignored each other.

Cathy probably suffered from the last loss and no longer bothered to pretend to be familiar with her.

Perhaps because of Tina's highest popularity, the program group put her video clips to the end, while the other guests' clips in the front, she watched carefully, and she said something when she was cued.

Although Tina's segment was arranged at the last one, the program group seemed to be deliberately messing up and put the segments of Peter and Cathy in front of her.

The fragments of Cathy and Peter, as before, are "very sweet".

After watching, everyone was a "wow", all kinds of envy, closed eyes, and blew.

Next is the segment of Tina. The segment of Tina's episode was for Tom to shoot an advertisement. At that time, Tom also went to the shooting scene.

After he appeared on the screen, Janie exclaimed: "Who is this gentleman?"

Tina also froze for a while.

Although the “Me and My Life” program group is also very capable of doing things, it is also a mature and experienced program group. It is impossible to edit the pictures of Tom without consent.

Tina looked in the direction of the director. The director should have been paying attention to her reaction. Seeing Tina looking over, he said directly: “Passed with Allison.”

When the director finished speaking, he waved again: “Continue.”

When recording a program, it doesn’t matter if you interrupt once or twice in the middle.

Although she and Tom didn’t have anything, they should let her know about it anyway. The program team didn’t communicate with her at all.

Tina pursed her lips, endured the displeasure in her heart, and stared at the big screen with her arms around her chest.

David on the side was still saying to Lester: “He is the boss so young, so young and promising”

Janie is the champion, looking at David: “You are also very good.”

“No” David waved his hand humbly.

“You have a good relationship with CEO Allison.” Peter’s voice sounded faint, his tone slowed down, and it sounded a meaningful feeling.

Hearing the words, Karl looked up at Peter, then frowned slightly, and felt eyeless, so he lowered his eyes to get a cup of water.

Karl’s joy and anger were invisible, and it was not easy for others to see his mood changes, but Alyssa understood him.

Alyssa took the lead and asked Karl in a low voice, “What’s wrong?”

Karl raised his head and motioned for her to look after Peter.

Peter seemed to take a script of a vicious male partner, and began to target Tina again

Chapter 1438

Tina and Peter started to fight each other again.

Alyssa also had the same worries as Karl, lowered her voice, and whispered, “Peter’s temperament really hasn’t changed”

He became particularly naive when he encountered something desolate.

Like a primary school student, if you like a girl, you must target her and bully her.

Karl pulled the corner of his lower lip: “I have committed sins.”

”

Although the smell of gunpowder between Tina and Peter was a bit strong, the recording of this episode ended smoothly.

Once the recording of the show ended, Tina went to call Tom.

"Miss Weber?" Tom's voice sounded a little surprised.

Tina opened her mouth and said directly: "I recorded "My Life and Me" today and found that you appeared in my footage."

"This matter!" Tom's voice was stained with a smile, and patiently explained: "The program team communicated with me through the country, I know."

Tina paused for a moment: "I didn't expect CEO Allison to not mind going out."

Tom said frankly: "There are not many opportunities to catch Miss Weber's popularity."

There is no fancy reason, just want to resist the cold heat.

Tina couldn't get angry directly.

"We are both cleared." The last time Tom took out the video of the driving recorder, so that she could clarify, this always made her feel that she owed a favor to her, and Tom was unceremoniously on the mirror to rub her heat, but let her There is a relaxed feeling in the heart.

There was a moment of silence on the other side of Tom, and after a while, he said, "If there is anything Miss Weber needs help with, you can ask your agent, Miss Stephanie, to contact me."

Tina laughed lightly: "Oh? I can't see that Mr. Allison has such a kind heart."

"Everyone is a friend." Tom's tone sounded serious.

After Tina made a meaningful "Oh": "Well, goodbye, CEO Allison."

After hanging up the phone, Tina went to the bathroom again.

When she came out, she saw Peter and the director walking side by side in front. The two were talking without noticing the coldness coming up behind them.

Peter said: "Cut off the scene with Allison."

Who is Allison?

Naturally, it was Tom.

Why cut off Tom's lens?

The director was embarrassed: "Grant, you are embarrassing me. Mr. Allison is very charismatic. I feel that the audience will like him. Besides, Mr. Allison also agreed. Ms. Weber doesn't seem to have any problems."

Peter's tone sounded a little cold: "I am Tina's boss, I have an opinion."

Director: "You have an opinion, you say!"

Peter: "Everyone can see how popular Tina is now. When a man appears in her film, then the audience and fans can't think about things they shouldn't think about after watching it? How much trouble will she have? As a boss, naturally I have to think about the artists under me."

Peter said it so sternly that the director almost believed it, but he felt something was wrong.

He thought for a while, and soon understood what was wrong with it.

"But CEO Grant, when you were recording these two episodes, didn't you always target Ms. Weber?" He really couldn't see how much Peter considered Tina.

Peter choked and could not speak.

Tina listened to all the way, and couldn't help laughing when she heard this.

The director looked back, saw Tina, and smiled suddenly: "Ms. Weber is here, just because Mr. Grant has an opinion about Mr. Allison. You two will discuss it and unify your opinions, okay?"

Chapter 1439

When Peter saw Tina, his face was also startled.

After the director finished speaking, he left quickly, as if he was afraid that Peter would pull him again and say he would cut the scenes of Tom.

Peter coughed lightly, concealing his embarrassment, trying to make himself look calmer: "You still have the problem of eavesdropping on other people's speech?"

"I'm walking on you, it's because you didn't find me, it's not that I wanted to eavesdrop." Tina glanced at Peter, the corner of her mouth was straightened with a sneer.

"Okay, anyway, I told the director, cut out Tom's footage, if you don't want to cause trouble, you'd better listen to me." Peter's tone was more daunting than when he spoke to the director just now.

Tina refused, "No cut."

As Peter said, if Tom's shots are not cut, she will be in some trouble.

The whole network knows that Tina is single now, and Tom is young and promising, handsome and elegant. The two stand together very well. The audience is very likely to pull the two together and pair them up immediately.

In the entertainment industry, things have always been completely invisible, and they can be said to have noses and eyes.

It is inevitable that there will be no more scandals.

The scandal is unnecessary to trouble for Tina.

But after all, she owed Tom a favor.

Tom also said straightforwardly that she wanted to rub her enthusiasm. She admired Tom's magnanimousness and didn't dislike it.

“Tina!” Peter became a little angry, and his tone of voice increased a lot.

Tina was stunned.

It’s been a while since Peter called her like this.

Peter has been calling her full name recently.

Tina only shook her mind for a moment, and then recovered her calm: “Although you are the boss, I also signed a contract with the program team. You have no right to interfere.”

Peter’s tone became heavy: “I have no right to interfere? Did you forget that you and I also signed a contract?”

“Whatever you want, you can break the contract if you want. You can go to Karl to pay the penalty.”

Tina finished speaking, took two steps forward, and looked back at Peter: “Also, you are coming to me. Saying that is the biggest trouble, please stay away from me in this trouble.”

Tina left after speaking.

Peter felt uncomfortable, lifted his foot, and kicked hard against the wall.

â€¦

The three-day holiday is soon to come.

Tina has been cooperating with the “Me and My Life” program group for the past few days, but fortunately, it is a relatively relaxing program, and she is not very tired from shooting.

The program crew generally considered that Tina changed the shooting location this time, and may not be able to make time to film “My Life and Me”. On Tina’s last holiday, they gathered together to record the show.

I recorded two episodes at once, and it can last until Tina has finished filming “Lost City”.

During this recording, Cathy did not come, because she was not feeling well and was hospitalized.

Everyone has seen the news about Cathy’s pregnancy before, but Peter and Cathy didn’t mention it, so they didn’t mention it tacitly.

Janie may think this is an opportunity, so she wants to verify the authenticity of the news.

“Cathy’s body doesn’t look good? Did she catch a cold? She seems to have caught a cold easily recently.” Janie is also very skillful in questioning.

But Peter did not eat this set: “Thank you for your concern.”

Janie is a very interesting person. Seeing Peter like this, she didn’t ask any more questions.

The show was recorded until ten o’clock in the evening, and everyone was a little tired.

And Tina had to leave by early morning plane.

Chapter 1440

After the show, Tina went to have supper with Alyssa and the others.

Stephanie was waiting outside, so naturally she went with them.

Not long after Tina and his party sat down, Peter also came.

As soon as Peter came in, Stephanie let out a “tsk”: “Don’t you go home and guard your girlfriend?”

“Little girl knows too much.” Peter unceremoniously patted her head.

Stephanie clutched her head and snorted unconvinced.

Tina didn’t say a word, and looked at the menu with Alyssa.

It was late, everyone just ate something casually, and no one drank.

After eating, Tina looked up and found that she and Peter were the only ones in the box.

Tina looked around and asked Peter, “Where are they? Did they all go to the bathroom?”

“Full of going to the bathroom, Karl and Alyssa seem to have also gone to the bathroom” Peter actually pushed them away.

“Oh.” Tina lowered her head and continued to eat.

Peter suddenly called her: “Tina.”

“What?” The calm expression was a little cold.

Peter looked at her bright eyebrows and sighed imperceptibly, “Take care of yourself.”

Tina paused with her chopsticks: “The sun has come out from the west.”

Peter said again: “Don’t get too close to Tom, he just wants to take advantage of your heat.”

“Is it over?” Tina said impatiently: “Peter, take care of yourself.”

Tina didn’t want to eat anymore. As soon as she dropped her chopsticks, she took out her mobile phone and called Stephanie.

“Hello? Ms. Tina?”

“Where? Come back quickly, we are ready to go to the airport.”

Tina hung up after speaking.

When she called, Peter kept staring at her. After she finished the call, he was still watching her.

Tina simply raised his eyes and looked straight at Peter.

Peter’s eyes were deep: “Do we all get along like this in the future?”

There was an imperceptible loss in his tone.

“Otherwise?” Tina felt that Peter was inexplicable: “How do you think we should get along?”

At this time, the box door was pushed open and Stephanie walked in.

Tina turned her head and saw that it was not just Stephanie who came in, but Alyssa and Karl also came in behind.

Tina looked confused: "Did you three go to the bathroom in a team?"

Stephanie whispered: "I met on the way!"

Tina glanced at Stephanie, and looked at Alyssa: "Alyssa, I have to go and get together again when I come back."

"Okay, take care of yourself." Alyssa walked over and gave Tina a hug.

Peter looked at her, his face calm, but his heart was very irritable.

Hug.

He wants it too.

!

Tina and Stephanie were sent away, and the remaining three also planned to go home separately.

As soon as Alyssa got into the car and was wearing the seat belt, she heard someone open the rear door.

Looking back, she found that it was Peter.

Peter sat in the back row: "You don't drive, you don't bother to go home. I am alone when I came home. Go to your house for one night. Welcome?"

Karl looked at him indifferently: "Not welcome."

"Alyssa." Peter didn't look at Karl, but turned to look at Alyssa, smiling flatteringly.

Naturally, Alyssa would not be as indifferent as Karl. She smiled at Peter: "Welcome, if Grace knows that you are going to live with us, she must be happy. She still babbled that she hadn't seen you for a long time."

Peter patted Karl on the shoulder: "Have you heard, Grace wants to see me."
