

## **Predestined 1441**

### **Chapter 1441**

Karl ignored Peter all the way.

But Peter was not idle either. He was babbling all the way, and Alyssa would sometimes respond.

When they arrived at Karl's house, it was already late at night.

Grace had already fallen asleep.

The first thing Karl did when he entered the house was to see Grace.

Upon hearing that Karl was going to see Grace, Peter followed: "I will go too."

Karl had just taken a foot, and when he heard the words, he turned his head and looked at Peter, and said, "Be quiet."

Peter waved his hand: "I know that, you don't need to explain it."

As Peter said, he pushed Karl forward, looking more anxious than Karl.

Karl didn't say much.

Alyssa was originally planning to go see Grace first, but when she turned her head and saw the two men rushing upstairs to see Grace, she couldn't help but smile.

Men are always relatively restrained in expressing emotions, which will be reflected in small things that are not easily noticeable.

Alyssa didn't even remember, since when Karl went to see Grace the first thing she did when she returned home, but when she found out, this had become Karl's habit.

â€!

Children sleep well and tend to fall asleep very heavily.

Karl opened the door very lightly.

Grace was not afraid of the darkness, and there was no lamp in the room, but Karl was familiar with the room and could walk to the bedside and turn on the bedside lamp accurately.

When the room lit up, Peter walked over from the door.

After walking to Karl's side, he teased Karl in a low voice: "The room is so dark that I can't see anything. I stand by the door and won't react. You turn on the bedside lamp. People say that parents have superpowers, I believe it now."

"Are people with unsatisfactory feelings talking like you?" Karl's voice couldn't hear the emotion, but Peter felt that he was being mocked.

Peter with his hands on his hips: "Can you fix your troublesome love-making problem? Alyssa is so kind, who can stand your bad temper."

Karl snorted, "Of course my wife is kind."

Peter rolled his eyes: "Dare to love me when I said such a long passage, you only heard the sentence I said warm and kind? Is the first sentence the main point?"

Karl ignored him, bent down to kiss Grace away and was pressed back by the horns, and put her little tiger puppet back into her arms, acting very gentle.

Peter looked down, his eyes full of envy, and sighed: "When I think that our little Grace will grow up and will be abducted by other stinky boys, I feel sore."

Karl kicked Peter, his eyes were like a knife: "Shut up."

Karl couldn't listen to such words now, and was anxious with whoever said it.

"Is this anxious?" Peter was kicked and didn't care, and he moved to Karl's side, with a negotiating tone: "Well, wait for me to take care of the matter before me. How about you hitting in-laws?"

"Think beautiful."

Karl gave a cold snort and turned off the bedside lamp.

Peter was unprepared: "f\*ck, I can't see!"

Karl took him and walked out: "Be quiet."

When the two came out, they happened to meet Alyssa who was coming over.

She saw the two men pushing and shoving, and couldn't help smiling: "Peter, I have already cleaned up the room. You can go to rest later."

## **Chapter 1442**

Alyssa knew that the two men got together, and it was estimated that they would have to talk a little longer and would not go to bed right away.

Peter smiled and said, "Okay, thank you."

"What are you polite for? It's the same as your own home." After Alyssa said, she looked at Karl: "I will also go see Grace."

!

As Alyssa expected, she returned to the room after taking a shower and Karl had not returned to the room.

No matter how old a man is, no matter how deep he is on weekdays, he still has the character of a little boy in his bones. When he gets together with a good friend who talks about everything, he will become playful.

Alyssa put on her coat and quietly went to Karl's study to take a look, and found that the two were drinking, and did not disturb them, and left quietly.

In the study.

Peter leaned lazily on the sofa, and the wine glass in his hand was shaking: "Karl, you can't finish drinking so much wine, otherwise I will help you drink it."

Karl looked up at him without speaking.

Drinking is a trivial matter, and Peter's point is definitely not this.

Peter continued: "In order to make it easier to drink with you, why don't I move to your house? How about it?"

Karl coldly refused: "Not very good."

"Just put an extra pair of chopsticks. Anyway, your family has servants to cook every day. I live alone. It would be troublesome to ask the servants to liveâ€¦!"

Karl curled his lips: "You can live with your girlfriend."

Peter choked, "Did you deliberately?"

Karl did not deny: "Yes."

Peter felt that if he continued to discuss this with Karl, he would be asking for trouble.

He changed his posture, sat a little straighter, and looked serious: "Cathy's matter, I will solve it when "Lost City" is finished."

Cathy's body has been well restored recently, and now he can do a paternity test.

It's just that Cathy is not a fuel-efficient lamp, and she will definitely not give up at that time. Even if Peter doesn't take her small movements into his eyes, he is still worried that Tina will be affected. After all, Cathy is not against Tina once or twice.

"Lost City" has now entered the most important stage of filming. This film is very likely to win an award. Tina needs to be filmed in the best state and cannot be distracted.

â€¦!

The new location is a bit remote and the conditions are a bit poor, but fortunately, there is still the internet.

In addition to making life inconvenient due to poor conditions, the shooting progress has also become a bit slow, but the shooting time in a day is not short.

Tina returned to the residence from work every day, so she was so tired that she lay down and didn't have the time and mood to look at her mobile phone.

Until the second issue of "Me and My Life" started.

Stephanie told her about the second episode.

Compared with the first issue, the popularity has not diminished. Among all the guests, the one with the highest degree of discussion is still her.

Like the first issue, it dominated the trending search list as soon as it came up.

Tina was too tired to look at her phone, and asked Stephanie on the bed: "What's the audience reaction? Did Tom go on trending search?"

"Not only Tom is on the trending search, but his company is also on the trending search!" Stephanie paused before continuing: "The topic of 'Tina Tom' makes Sense' ranks first in popularity."

Tina said nonchalantly: "It's okay, I'll go down in a few days. Netizens are just gossiping."

"That's not necessarily true." Stephanie handed the phone to Tina, "Come on, let's see what fans have built for you."

### **Chapter 1443**

Tina took the phone and took a look, and found that this super chat was quite lively.

"There are more than 10,000 fans." Tina's eyes fell on the number of fans under the title: "This was just built today. Will there be more fans in the future?"

"Ms. Tina, are you still in the mood to watch the excitement? You see that Tom and his company accounted for several trending searches. He made it clear that he wanted to rub your popularity!" Stephanie originally saw Tom not pleasing to her eyes. In this way, Tom is even more unpleasant.

"Yeah, if it weren't for the heat, why did Tom want to be on the camera? He wouldn't be so idle." Tina was mentally prepared early in the morning. All this was within the controllable range, and she didn't dislike it.

"But I still think he!"

Just as Stephanie was about to continue talking, the phone rang and she saw the caller ID. Her face collapsed: "This person really can't even mention it. He came to the door when he mentioned it."

Tina saw this and asked, "Tom called?"

Stephanie: "Yeah."

"Pick it up." Tina nodded her chin and motioned to Stephanie to answer the phone.

Stephanie turned on the hands-free: "Mr. Allison."

"Miss Stephanie." Tom said calmly as usual.

Stephanie didn't wait to see Tom, and asked directly, "Is there something wrong?"

Tom didn't say a word immediately. After two seconds, he said unhurriedly: "Miss Stephanie doesn't want to receive my call."

The tone is already very determined.

Stephanie was exposed, a little embarrassed, and with her professional smirk said dryly: "Why? I'm just busy recently, so I want to keep the story short."

"In that case, I will make a long story short. I have seen all the trending searches on Twitter. Could you please help me to answer Miss Weber? I am very grateful to her. When you are free, I will invite you to dinner."

"Okay, I see."

"Goodbye Miss Stephanie."

"Goodbye, CEO Allison."

Stephanie hung up the phone and curled her lips: "Although it is a set of speeches, it is quite polite, but why does he thank me for calling me? Does he not have your phone number? Why not call you directly you?"

"Maybe he thinks I'm busy and don't have time to answer the phone." Tina looked at Stephanie with a smile.

Stephanie was convinced: "Oh, that's also possible."

Tina listened to Stephanie's words, but laughed out loud.

Stephanie was full of doubts: "Ms. Tina, what are you laughing at?"

Tina shook her head: "It's nothing, just want to laugh, tidy up and get ready for bed."

â€

As the boss, Tom lost a cold wave of enthusiasm, and even the company with him expanded its popularity.

The easy-to-dry official microblog entered the market, and Amway gave a wave of company products.

Some netizens commented on NextBit's official WeChat account: "If you don't talk secretly, is your future boss in the entertainment industry?"

NextBit Company: "The boss has a fiancée."

After Tom's official Twitter replied, it quickly became a trending search: Tom has a fiancée.

The incident of Tina and Tom being knocked on social media was mixed. For fear that someone would take the opportunity to hack her, Stephanie has been paying attention to the wind direction on the Internet these days.

"Tom has a fiancée" trending search came out, Stephanie saw it.

"Really responsible." Stephanie was surfing the Internet in trumpet, and she liked the official post.

But a new problem came out again. Tom has a fiancée, and the newly established "Tom and Tina" super talk, obviously shouldn't exist.

Because of this, some opponents began to be in the dark on the Internet, saying that Tina was deliberately hyping, and the more they said it, the more exaggerated, and even that Tina was a junior.

**Chapter 1444**

Tina's fans are not abstinent, and it is impossible for their star to be scolded for nothing.

But recently, because of the broadcast of "My Life and Me", Tina has become too popular and has poured in a large number of new fans. New fans are more impulsive.

After arriving at the back, many people began to scold Tom under the official tweet.

"What a broken company, our Miss Weber won't look at the boss of this small broken company."

"I think it was deliberately rubbing our Miss Weber's heat!"

"How could Miss Weber look at your boss!"

"Tom, are you worthy?"

"!"

There was a lot of scolding on the Internet, and the trolls who did not know who was on the Internet said that Tina was a junior.

The little girl also appeared in Tina's related words.

Stephanie took the time to tell Tina, "I think we still have to join Tom to clarify. These days, rumors are spreading out. It is obviously a non-existent thing, and it should be said to have noses and eyes. That's it."

Tina didn't say a word, turned a few pages of comments, and said: "There is quite a lot of PR, and the big V has bought seven or eight. It seems that the people who spread the rumors are quite rich."

Stephanie said: "Clarify first. After this time has passed, I will check who is doing the trick."

Tina curled up her lips and smiled without reaching the bottom of her eyes: "It's useless to clarify a hundred times, directly sue!"

Before Stephanie had time to react, she heard Tina say again: "Together with Tom to sue. Tom is NextBit's boss. His reputation is related to NextBit's development. The accusation is accurate."

"Yes! I will contact Tom immediately."

!"

For several days, the Internet has been circulating that Tina is a junior.

Both Tina and Tom didn't say anything, and the matter was gone.

Not long after that, "Lost City" came to an end.

The last finale was filmed in the evening.

Everyone was very tired, and the celebration banquet was just a scribble gathering, took a few photos, and went home.

When arrived at Rostenvel International Airport, it was three o'clock in the morning.

When Tina got off the plane, she located the Rostenvel International Airport and posted a Tweet:

Actor Tina V: I am back.

It happened to be Saturday, and there were so many night owls, and fans kept commenting as soon as it was posted.

“The missing person has returned.”

“Miss Weber is back!”

“I don’t know why, I always think these words are full of murderousness.”

“Sister is back, ah ah ah ah!”

“!”

Tina slept at night and found out that she was on the trending search again.

It just posted a Tweet casually.

Then someone discovered that there were several marketing accounts on Twitter that hadn’t been active for several days, and these several big Vs had a rhythm before saying that Tina was a junior.

Someone asked on Tina’s Twitter: “Miss Weber, didn’t you do that missing marketing account?”

Tina: “Yes, I told them before.”

Soon after hearing the news, NextBit’s official Twitter retweet Tina’s reply: “Our boss also sue them.”

Soon, news came out that the marketing accounts were detained.

Other marketing accounts on the Internet have also become quiet.

Tina posted a Tweet: “It’s so quiet, so boring.”

Trolling netizens quickly arrived.

“It’s a bit unaccustomed for the marketing account to close the heat collectively.”

“Miss Weber is still your Miss Weber.”

“Miss Weber has posted so often on Twitter recently, it seems to be really boring.”

“I don’t dare to speak out for fear of being sued by Miss Weber.”

But soon, the marketing account of the group closed the thread, in the afternoon, they all dispatched again.

## **Chapter 1445**

“Peter enters and exits the paternity test agency.”

“Blast! CEO AdamPic is suspected of being green!”

“Cathy out, Rail Stone Hammer!”

“â€¦”

The countless marketing accounts who had been quiet for a few days seemed to have made an appointment suddenly, and they collectively exploded the information of Peter and Cathy.

Under the news, there are really pictures of Peter entering and leaving the paternity test agency. It is true that the child in Cathy’s belly is not Peter’s.

The Internet became lively for a while.

Such a big show of cheating and cuckolding to challenge ethics and morals is the favorite of the people who gossip.

Big celebrities from all walks of life sent tweets to trolls.

Suddenly, Peter’s trending searches went from “hot” to “boiling” to “explosive”.

The heat stays high.

People who had had a feast with Cathy in the past also posted with the connotation Cathy: “If you want to be ignorant, you can’t do anything.”

There are even anonymous netizens who have posted photos of Cathy’s previous wine company.

The latest tweet of AdamPicâ€™s official Twitter is full of comfort from netizens who gossip. The number of comments has increased from 2,000 to 20,000 at the beginning, but there is a continuing upward trend.

Peter’s Twitter comments were directly slaughtered.

“CEO Grant, you have turned green.”

“Is CEO Grant okay?”

“Big guy will capsize and get cuckold.”

“It’s okay, throw away this green hat, there is still a large forest waiting for you.”

“Why don’t you clarify? Wasn’t it still awesome before? Still let Miss Weber stop work.”

“Open your eyes and see what woman you found.”

“Heh, retributionâ€¦”

Most people are cynical, and some feel that Peter is pitiful.

â€¦

The second half of the filming of “Lost City” was very hard. Tina spent two days at home for a vacation, and was about to go on vacation.

Stephanie booked her flight ticket for the evening, so she bought clothes at the mall in the afternoon.

After all, if you want to go on vacation, you must buy beautiful clothes, and it is early summer, and you need to wear beautiful skirts in summer.

“Lost City” was filmed for two or three months, and she hadn’t bought new clothes for two or three months, and she herself was a difficult consumer, so naturally she would not stop buying one.

Stephanie was in a good family situation, and her consumption level was similar. They spent an afternoon strolling with Tina. The two of them were thinking about going on vacation, buying clothes, and buying red eyes, and didn’t have time to look at their mobile phones.

Until Jodi called Tina.

Tina picked up Jodi’s call, his voice was sweet and charming: “Auntie.”

The two of them bought almost the same, and Stephanie whispered: “Find a place to have a drink, just over there”

Stephanie said and pointed to a distant shop.

Tina nodded and signaled Stephanie to go first, and she would follow.

“Tina, aren’t you busy? I’m afraid it will disturb you” Jodi’s tone was relaxed at first, but Tina knew her well, and suddenly heard something wrong.

From Jodi’s tone, she heard the thoughts of her heart.

“The movie I made has finished. I haven’t been very busy recently. Has something happened? Auntie?” Tina stopped and quietly waited for Jodi’s response.

With her understanding of Jodi, it must be a big deal for Jodi to speak in this tone.

Jodi sighed, “Peter has something wrong, but no one answers me when I call him. Can you please try to help Mom and see if you can contact him?”

Tina sank for no reason, and quickly responded: “Of course, I will call Peter right away.”

## **Chapter 1446**

Tina comforted Jodi again, and then hung up the phone.

Listening to Jodi’s tone, Mr. Grant’s matter seemed a bit serious, and he wouldn’t play missing under normal circumstances.

Wasn’t he all right the other day?

How could something happen suddenly?

Tina dialed Peter’s phone uneasy.

The call was connected, but no one answered until the call was automatically hung up, Peter did not answer.

Tina was relieved instead.

He just doesn’t answer the phone, it’s not really missing. If it doesn’t work, you can locate Peter and find out where he is.

What happened?

Tina opened Twitter and received countless “@” as soon as she went online.

“@ActorTinaV, Tina, come and watch this dog man’s joke!

“@ActorTinaV, your boss got cheated, come and watch the show.

“@ActorTinaV, Miss Weber, don’t you relieve yourself?

”

Many netizens have exposed “@” Tina under Cathy’s Twitter in the marketing account, and some netizens have “@ActorTinaV under Peter’s Twitter”

Tina went to see the trending search list again.

The previous hot topics on Twitter were almost dominated by Cathy and Peter.

Tina carefully recalled in the bottom of her heart, this was probably the hottest moment in Peter’s life.

Although the man Peter is very old, he is still a little arrogant. He is somewhat arrogant and has some problems with being public, but because of this kind of thing

Tina’s complexion was solemn and after reading the ins and outs, her brows became more frowning.

In life, as long as you have a big brain, nothing is impossible.

Cathy tried her best to be with Peter, but even secretly engaged with others

“Ms. Tina? What are you doing?”

Stephanie didn’t see Tina in the restaurant for a long time, so she walked out. Seeing Tina standing in the middle of the road looking at her phone, she trot over and said, “What’s wrong?”

“Your cousin has an accident. The ticket for the evening will be refunded first. You will help me send these things back, and I will invite you to dinner next time.” Tina confessed to Stephanie while passing the bag in her hand to Stephanie’s Hands.

Before Stephanie could react, Tina turned around and left, hurriedly walking. Stephanie couldn’t catch up with Tina, so she had to give up.

When Tina went to the rental, the phone rang.

She picked it up and found that it was Peter’s number. Her heart was tight, and she picked it up urgently: “Peter, where are you?”

“At home.” Peter’s voice sounded very calm. There was no noise on his end, and he should sound in a very quiet space.

Tina’s anger surged for a while, and the volume went up: “Auntie is so anxious, you are staying at home, you immediately call her, I will come over immediately, and you will stay at home honestly!”

Peter was silent for a moment: “I will go to the company later.”

Tina sneered: "You won't wait for me!"

"Wait, you can wait as long as you want, or whatever you want." Peter seemed to compromise, even with a hint of teasing in his tone.

Tina didn't talk nonsense with him, hung up the phone and urged the driver: "Sir, please drive faster."

Soon, the car stopped at the gate of the community where Tina lived.

The last time she ran into Peter at a nearby barbecue restaurant, she knew that he had lived here recently.

Fortunately, she had asked Peter's house number before.

But this is a high-end community. You need to swipe your card on every floor. Tina was thinking about finding the property when she heard someone calling her from behind.

"Tina."

### **Chapter 1447**

When Tina turned around, she saw Peter sitting on a bench not far away.

He was wearing a house suit, and he was leaning back on a chair lazily, looking laid back and contented. The afterglow of the setting sun sprinkled on him, creating a halo, making him look softer and gentler than usual.

He smiled towards Tina in the afterglow, his smile was as clean as a big boy, without the anxiety and urgency of being at the center of the incident.

Tina looked at him in a daze for a long time, and then heaved a sigh of relief.

"Why have you become stupid after a few days of not seeing you."

Seeing that she was just looking at him in a daze, Peter stood up and walked towards Tina without coming over.

He has tall legs and long steps, and he reached Tina within a few steps.

Peter slipped his hands into his trouser pockets, appearing lazier. He leaned over and looked at Tina, "Tell me, what's up?"

Tina's expression has returned to normal. She looked at Peter delicately, "Where is your phone?"

"At home." Peter dug into his pocket, then stretched out his hand to show Tina, indicating that there was nothing in his pocket.

Hearing his tone, she didn't seem to be sure where the phone was.

But this person is usually never without a mobile phone.

Tina looked around and felt that this was not the place to talk.

"Go back and talk."

She walked ahead, leading the way.

Peter followed slowly from behind: "Upstairs or downstairs?"

Tina glanced at him.

Peter changed his words again: "Your home or my home?"

Only then did Tina realize that she was a little impulsive about rushing to find Peter.

From this point of view, whether in her home or in Peter's home, it would be a very bad thing if the media photographed them together.

But Tina didn't think so much at the time.

"The media doesn't know that I have a house here." Peter saw her concerns and said with a smile.

Tina said blankly, "Your home."

The elevator stopped at the floor where Peter was.

Peter used to learn to cook at home and burned the house. Now it was renovated.

This is the first time Tina has come.

The layout is similar to that of Tina's house, but the orientation is different.

Peter's house was probably renovated in a hurry, so there was no furniture in the house, large white walls, floor slabs, and no furniture. The deserted house is not as good as the model house.

Tina looked around, then turned to ask Peter, "You live like this?"

"Yes." Peter saw that Tina's expression was a little complicated, and said with a smile: "There are sofas and beds, what's wrong with it?"

He said, turning around to pour water for her.

He was right, there were a sofa and a bed.

But there is nothing else except the sofa and bed.

When Peter poured water, he was still humming.

She called his name.

"Peter."

Peter's eyes were smiling, and his tone was long, like a ruffian, and he looked good.

Tina became more certain, he still didn't know about the Internet.

She did not speak, took out her mobile phone and opened Twitter, ready to open things to show him.

But after she opened Twitter, she realized that all the previous trending searches were gone.

She searched for Peter's name in the search bar again, but she couldn't find anything.

Searching for Cathy's name, but also can't find anything.

Peter, she didn't know when, walked behind her, and kindly reminded her: "Don't search, I spent a lot of money on public relations."

### **Chapter 1448**

Hearing Peter's words, Tina suddenly understood: "You spent money to withdraw all the trending searches on Twitter? Do you already know?"

"Even if don't know, the secretarial team and public relations team that I spend so much money to raise are abstinent?" Peter smiled, and the whole person was calm "everything is under control".

Tina suddenly couldn't understand Peter.

"Is it fake?" Tina asked him.

The smile on Peter's face disappeared in an instant, and the whole person became extremely serious: "It's true."

Tina looked at him: "But you don't look sad at all."

"Why should I be sad?" Peter turned and walked to the kitchen: "I also opened a bottle of wine to celebrate."

Soon, he walked out of the kitchen, holding a bottle of opened red wine in his hand and two goblets in the other.

Tina's eyes are full of incomprehension.

"What the hell is going on?"

She had wondered why Peter would like Cathy for a while before, but then she didn't bother to think about it.

"I have never slept with Cathy, and the child in Cathy's stomach has nothing to do with me." When Peter spoke, he lowered his eyes to pour the wine, as if deliberately preventing Tina from seeing the emotions in his eyes.

"Then why were you with her?" Peter is not a person who would wrong himself. No one can force him to do what he doesn't want to do.

Peter handed the wine to Tina, a mockery flashed in his eyes: "You believe it?"

Peter seemed to have something in his words. Such Peter made Tina a little uncomfortable.

She didn't go to pick up the wine, she curled her eyebrows and asked, "What are you going to say?"

"Cathy is pregnant, the child is not mine, you don't believe me, so I can only test DNA to prove my innocence, and before I prove my innocence, I have to make sure that the child can stay in her stomach well."

She didn't pick up the wine glass, Peter drank the wine herself, and didn't know from where he took a DNA comparison report and put it in front of Tina.

Tina looked at the DNA comparison report in front of her, and it took a while before she recovered.

It turned out that Peter did so much for this.

Tina moved slightly in her heart, but soon returned to peace: "You don't have to feel wronged like this."

She knew that with her understanding of Peter, he would not be with Cathy.

Everything has a reasonable explanation now.

Peter chuckled and said in an indistinguishable tone: "If you believe me, would I do this?"

"You mean, is this to blame me?" Tina looked up at him, his eyes were cold.

The expression on Peter's face gradually cooled and became stiff.

The room was empty, and when the two of them looked at each other coldly, they became more and more cold and empty.

After a dead silence, Peter almost squeezed a word from his teeth: "Tina, are you interested?"

Tina saw the injury from the bottom of Peter's eyes.

So clear.

She looked away slightly, not looking at his eyes.

But Peter didn't plan to let her go.

"Why did we become like this? Tell me why we became like this." Peter asked each sentence hit Tina's heart.

The two grew up together.

Peter knew that Tina had a bad temper, but to him, it was just a girl's petty temperament, and it wasn't a big deal.

However, he didn't expect that there would be such a day when Tina lost her trust in him.

Not gradually discovered, but suddenly discovered this one day.

To this day, he still has not found the reason.

## **Chapter 1449**

There are many things that actually happened long ago.

It's just that most people realize it later, and it takes a long time to realize that some things have happened and some barriers already exist.

Or, life itself is actually a scam, and you need to pay a price if you want to know the truth.

And these costs often require a lot of enthusiasm and energy.

After that, they will become tired and numb.

Tina felt that she was like this.

She used the most reckless method to test her position in Peter's heart, but the result did not satisfy her.

But this result is too real to escape.

In the following years, she has been letting herself accept, that she is not that important in Peter's heart.

Even Peter, who she thinks loves her and cares most about her, doesn't care about her that much. Could there be someone else who loves her more?

After she questioned herself, no one could give her the answer.

So she arbitrarily denied herself.

She felt that she would probably never meet someone she loves more.

In the face of Peter, there was another hurdle in her heart.

She thought that if she said something cruel to him, he would probably stop pestering her again. After all, she is not as important as she thought in her heart, wasn't it?

But Peter was more stubborn than she thought.

She felt that she didn't seem to understand him anymore.

After a long silence, Tina said softly: "I also want to know why we became like this."

Seeing her like this, Peter didn't want to force her.

He walked to Tina and slowly squatted down. With the movement of squatting down, his eyes fell on her face. He looked at her, his expression was as calm as a lake under moonlight, calm and peaceful. With gentleness.

"Since you don't know, let's find the answer together, okay?" His tone was the same as his expression, calm and gentle.

Like coaxing her countless times as a child.

The memory is like a flood that broke the gate.

“”Stop crying, go eat ice cream, okay?

“”All to you, okay?

“”Will you go after finishing your homework?

“!

She thought that those long-lasting memories were forgotten in the passage of time.

And she now discovered that those memories were not forgotten, but a special key was needed to open the door of those memories.

Because they are precious and special memories.

It is so precious that it will not be discarded at will.

Even if it is forgotten for a short time, it is only for the restart one day in the future.

“Okay.” After Tina answered, he was stunned.

The joy in Peter’s eyes was about to overflow: “I will deal with Cathy’s affairs as soon as possible, and then we will have a good talk?”

Tina nodded silently.

â€¦

After Cathy cuckolded Peter’s trending search, after it was exposed on Twitter, it was all rudely removed, and keywords were also blocked.

After the blocking, neither party clarified the rumor.

As a result, this matter is more and more settled.

Peter’s trick is not particularly clever, but it is useful.

Although Tina didn’t ask about this matter, she could guess that this matter was probably exposed by Peter deliberately.

Although Cathy did the wrong thing, it also hurt Peter’s face.

Peter didn’t make a statement, but he tried his best to suppress the news. On the one hand, he sat down on the matter and on the other hand showed his generosity.

This method of reaping all the benefits is Peter’s style. He has never been willing to suffer.

## **Chapter 1450**

Tina canceled the vacation, time was free, and felt that there was nothing to do, so she returned to her parents’ house.

When she went home, her parents were naturally happy.

When eating, they asked about Peter.

Melba filled Tina with a bowl of soup, and asked, “Is the Peter thing true?”

Tina thought for a while, and said, “I don’t know.”

“If this is true, Peter would be too carelessâ€¦” Melba sighed.

Tina was a little puzzled: “What’s the care?”

Melba’s eyes widened: “You haven’t used Twitter for a long time?”

George frowned on the side and picked vegetables and said to Melba: "Okay, you are still gossiping about these children!"

Melba also felt that she had a little gossip, so she stopped talking about it, and talked to George about the Dragon Boat Festival.

Tina took out her mobile phone, opened Twitter, and saw a familiar name on the trending search list: Uncle Na.

This uncle had spoken to her when Cathy had slandered her before, so Tina clicked in with some curiosity.

She clicked in and saw the content of the first popular tweet under the topic:

"The famous film critic Uncle Na was banned for exposing the material."

What material was exposed, even the number was blocked?

There are various comments on this Tweet, and some people ask what happened.

Tina flipped through a few comments and then saw a screenshot.

The screenshot is the material exposed before the uncle was blocked:

"A certain article of the 18th line actress wanted to be in position, and took advantage of a certain young and promising media company boss to get drunk into his room. Although this boss is attracted to flowers and heart, he is quite responsible. After she was pregnant, she was with a certain man, which was very spoiled, but the boss who often walks by the river also wet his shoes and was deceived. A certain woman was not carrying his child at all! I would advise Everyone who wants to be in a position, a man really can't do things when he is drunk! To say that this boss is quite innocent!"

After reading this, Tina already understood what was going on.

Although the uncle said it vaguely, the affairs of Cathy and Peter have been making a lot of noise recently, and you can understand who he is talking about after making a connection.

There are still netizens discussing this matter enthusiastically.

"I blamed this boss."

"You don't be afraid, brother, say the name of the boss out loud."

"You don't tell me, I'm afraid of being blocked."

"Hahahaha, what kind of innocent boss is this, who is even responsible for being pregnant. This is different from the playboy I know."

"Let me just say, how could Peter look at Cathy."

"Upstairs, your number is gone."

"!"

Seeing that Tina had been looking at the phone, Melba couldn't help but say: "Tina, don't look at the phone, eat quickly, it will be cold later!"

"Okay." Tina turned her head and smiled at Melba, turning the phone over and covering it on the desktop.

In her heart, she was thinking of other things.

That uncle was just a film critic. He had never participated in these gossips before, but now he has mixed these things twice!

!

After eating, Tina went out for a walk, and ran into Jodi in a casual manner.

Jodi led a puppy.

Tina walked towards her: "Auntie."

"Tina, you're back." Jodi smiled when she saw her.

A cold gaze fell on the puppy: "Why do you want to raise a dog suddenly?"

The smile on Jodi's face faded a little, with a faint tone: "It's easier to raise a dog than Peter."
