### **Chapter 1471**

This circle is so big, any news spreads quickly.

Therefore, Cathy also knows about Henry.

It was precisely because she knew Henry's current situation that Cathy didn't dare to let him know that this child was his. She had been with him for so many years, and also knew Henry's personality. During this time, she had deliberately avoided him.

Henry is a financial professional. He made good money, so he was generous to Cathy. During the years when she was with him, she has given birth to him several times. It is very difficult for him to get rid of the child.

And this time Cathy was pregnant. In fact, the fetal position was very unstable at the beginning, and now the baby is three or four months old. She wanted to not have a baby, but the doctor said that if she gets rid of this baby, she may not be able to get a baby in her life.

Cathy also made two-handed preparations with luck.

If Peter can't forgive her, maybe Henry can make a comeback, and the child she is pregnant with at that time can make a fortune from Henry.

But she never thought that Peter could be so cruel, and at the same time he promised to see her, he directly called Henry over.

"What are you talking about, my child is not Henry's!" Cathy glanced at Henry, who was staring straight at her with a flustered look. The whole body was shaking, and he roared angrily: "What are you looking at me? My child can't be yours! I didn't just sle3p with you. I have more men. Do I not know who the father of my own child is!"

Henry had a bad temper before. When the two were together, he liked to play things that normal people would not play. What's more, now he has no money, and his ex-wife has made him impot3nt, and his temperament has changed drastically. , Following him will not have a good life.

Moreover, it has been several months since Henry's investment failed. Now he has no tendency to get up again, and she will not have a good life with him.

Henry was Cathy's first man. Although she was only a junior raised outside, but out of man's instinctive desire for monopoly, when he heard Cathy say that she had more men, Henry's eyes became gloomy. He stood up.

With a gloomy expression, Henry threw the DNA comparison report in his hand to Cathy: "Is it not mine?"

Cathy only glanced at it, and she happened to see the row of characters with the identification results. After a series of comparative data and explanations, it said that the child in her stomach was Henry's.

Cathy shuddered even harder, brushed it and stood up, grabbed the appraisal report, and tore it to pieces, shouting hysterically: "It's not like this, it can't be like this! It's not your child, It's not yours!"

"Cathy, I will love you. You are so obediently with me, just like we used to!" Henry walked up to her and wanted to grab her hand.

Cathy was already very frightened, and the whole person was in a state of extreme panic. She wanted to shake off Henry's hand, but Henry shook her hand very hard, pulling her hand tightly, and she couldn't shake it off at all.

Cathy screamed: "Let go of me!"

"Don't be so excited, it's not good for the child!" Henry is a man after all. Although he has not had a good time recently, he hasn't eaten well, and he hasn't slept well, but he is still stronger than Cathy, and he can easily control. He also freed up a hand with a look of affection to touch Cathy's slightly bulged belly.

Cathy turned white and looked at Peter, crying, and said: "Peter, I know I was wrong, I will go to the hospital to remove the child, and we start again, OK? I will never lie to you again, never again I will ever betray you!"

## **Chapter 1472**

"You can let me do anything. If you are not happy, I will not go to Tina, and I will never go to her!"

Up to this moment, Cathy still held the last glimmer of hope from Peter.

She still felt that Peter loved her.

After hearing what Cathy said, Henry was angry in his heart, but he also had a short period of hesitation. The story of Peter and Cathy had been heated up before. Even people who didn't read entertainment news on the Internet also knew AdamPics Grant Always fascinated by a female celebrity, very protective.

The things that Peter did before are not like fakes. In case he is really like the rumors, extremely in love. Henry weighed the left and right, and was a little uncertain in his heart, so he turned his head to look at Peter.

Peter was not looking at Cathy or Henry. He slowly stretched out his hand and rubbed his ears that were a little sore by Cathy's screams, and then slowly raised his eyes.

Although the Grant family started from the underworld, it was only in the generation of Peter's father that they began to wash white and walked into the white road. However, the family background is really rich. A man with a wealthy head and a big family can't hide his aristocracy anyway. With a glance, the person being looked at has a feeling of being stunned.

When Peter was young, he also saw the bloody methods his father used to purge people who were not clean under his hands. When he arrived at him, he learned from Karl the ability to kill people without spilling blood. He was dumb and rude on weekdays. But in hiding a bit hostile.

Both Henry and Cathy felt it. Peter was very upset at this time, and they both dared not speak again.

Peter was indeed very upset.

Cathy dared to mention Tina.

When the word Tina came out of Cathy's mouth, he felt that they were dirty.

He didn't intend to do too much, but he has changed his mind now.

Peter said slowly: "Henry, you know that you have to get married before you have a baby."

When Henry heard this, he immediately understood what Peter meant, and his face was happy: "Yes!"

"Then I wish you a good relationship for a hundred years." Peter raised the corners of his lips slightly, and the hostility between his eyebrows appeared, and his smile made people fearful.

He wanted to marry Cathy and Henry.

Henry now has nothing and is a rogue temperament, so he is naturally willing to accept such a good thing in vain.

Peter didn't want to stay here any longer, he felt dirty after staying for a second.

He stood up and walked out without looking back.

Cathy reacted and was about to rush up to stop him, but was firmly held by Henry: "You bltch, what else do you want to do? Shameless!"

"Peter, you can't do this to me!" Cathy realized that Peter really didn't care at all, not only gave her to Henry, but also let her marry Henry.

With such a R@scal like Henry, she will never have a good life after marrying him, let alone getting divorced, except to die, she can't get married at all!

She was completely ruined for her entire life.

If really get married to Henry, waiting for her will be hell!

Henry didn't turn his head back when he saw Peter, and he was sure that Peter really wanted to promote him and Cathy, so naturally he didn't take care of it. Cathy was still struggling. He showed impatience and raised his hand cruelly. Cathy slapped him harshly.

–Snapped!

"Be honest with me, thinking that Peter would want you? You don't look at what you are, whose seed is in your belly!"

### **Chapter 1473**

At noon, Tina took the tablet and watched the video while cooking according to the method.

She was watching it carefully, and a notification feed appeared at the top of the screen.

She glanced at it and saw Cathy's name. She was cutting vegetables on her hand, soaked in water, she bent her finger and used the knuckles of her finger to tap and push.

“Cathy left the club in an intimate manner with a man, suspecting the child’s biological father!”

The picture below is for six continuous shootings.

Although the photo is not high-definition, it is not blurry. You can clearly see that the woman in the photo is Cathy. The slightly bulged belly of Cathy is also marked red on the photo, and the face and figure of the man are heavily circled. Coming out is meant to show that this is not Peter.

The incident that Cathy gave Peter a green hat before became known to the whole Internet, and Peter quickly withdrew the hot topics from Twitter.

But this time, Cathy was photographed like this, which is undoubtedly a public sentence, which completely confirmed what happened before.

After Tina zoomed in on the photo, she found that the background was in Best Day. She often went to Best Day and was very familiar with it.

It’s not right.

Cathy still squatted at her at the gate of the community in the morning, saying that she wanted to see Peter.

She seemed to be in a posture that she would not give up until she reached her goal. However, it didn’t take long for her to find another man directly?

This is not Cathy’s style.

Tina was thinking about it, when the phone placed outside suddenly rang.

She wiped her hands and went outside to look at the phone.

“Mr. Scott” is displayed on the phone screen.

Tina couldn’t help laughing when she saw these two words, and then answered the phone.

“Mr. Scott, what kind of wind is this blowing today, I really didn’t expect to receive a call from you in my lifetime.” Tina took the phone and sat down on the sofa.

Mr. Scott’s real name is Cody Scott. They grew up together as children. He has been passionate about extreme sports these years. He runs all over the world. He is a real wayward boy. It is rare to see him once.

“Tsk, Weber girl, what are you talking about, it sounds like I’m dead!” Cody grew up wearing a pair of trousers with Peter when they were young, and they were somewhat similar in personality.

Tina glanced at the time and felt that the soup in her pot was about to boil dry, so she interrupted him: “Say something.”

There was a moment of silence on the other end of the phone, and Cody said solemnly: “Okay, tell you the truth, I am at the North Pole at the moment and encountered a blizzard. Our team of more than a dozen people is gone. I am the only one left. Lie on a piece of floating ice, and the floating ice doesn’t know where to go, today!”

He sighed and said, "Mostly I want to confess here. At the last moment of this life, thinking of you, I haven't seen you for several years. It's a pity that I haven't confessed to you yet."

His tone was very serious, Tina was about to believe it, but he quickly reacted: "Cody, are you brainless, or do you think I am brainless? Even if the North Pole can really make calls, the temperature of tens of degrees below zero, cell phone Can it still be turned on?"

Cody was still sternly breaking: "Yes, I have a high-end customized mobile phone."

"No time to listen to your nonsense, hang up." Tina didn't believe him anymore.

Cody heard that she was going to hang up, and was anxious: "Eh eh, don't hang up in a hurry, I'm serious this time! Brother is back, back to Rostenvel, the big guys get together tonight!"

Tina: "Really?"

Cody: "Of course it is true."

Tina sneered, "You dare to lie to me and I will twist your head off."

Cody: "Let me say, sister, you can't find a boyfriend for so many years for a reason! Hello? Let's talk a little longer, what phone call?"

#### **Chapter 1474**

Tina hung up Cody's phone and went to Twitter to check again.

Cathy's matter was on the trending search list, and it was still in the front position. There were also many netizens who watched the excitement and did not think it was a big deal.

Tina got up and walked to the kitchen while scanning Twitter. When she arrived in the kitchen, she threw the phone aside and continued cooking.

She and Cathy were never the same.

Cathy will have today, and she made it by herself. Tina is not surprised, but feels a little too sudden.

Just watch it lively, Tina didn't bother to do things that beat the dog.

She and Cathy are not the same people, and I am afraid there will be no intersection in the future.

Tina was making stewed beef brisket today. Just after she stewed the beef brisket in the pot, Peter's video call came.

In the morning, after Tina went out to buy groceries and sent a few WeChat messages to Peter, after that she ignored him. If she ignored him, Tina had no doubt that Peter would rush to the house to find her.

She answered Peter's video call.

"Tina!"

As soon as the video was connected, Tina saw Peter in the video taking his face directly into the camera, with a big face in front of the camera, a proper straight male depth perspective.

“Oh.”

After Tina responded calmly twice, he quietly cut the picture.

Peter grew up like this, even from the perspective of depth, it is not ugly, but it still looks a little funny.

Tina looked at the screenshots and couldn't help but laugh.

Peter was holding the phone, looking like he couldn't wait to see her from the other end of the phone: “So happy to see me, or I will work early today to accompany you?”

“Who to date?” The smile on Peter's face disappeared in a second, and he rolled up his sleeves twice.

Tina stopped smiling and glanced at him: “No time, I have an appointment tonight.”

Upon seeing this, Tina smiled and said, “A man.”

Peter's face collapsed: “Where is it?”

“I don't know, the place is not decided yet.” Cody hasn't sent the address yet, it should be that the place hasn't been decided yet.

“Go to Best Day, I'll treat you.” Peter smiled generously. If he hadn't gritted his teeth, Tina would have believed him.

Tina said in a leisurely manner: “Would you like to take you with me again?”

Peter said without a smile, “That's naturally the best.”

“Well, let's go together at night. As for the treats, there is no need.” Tina continued without explaining.

“Really take me?” Peter was startled. He looked at Tina carefully, and noticed that the corners of her pursed lips rose slightly, and finally came back to his senses: “Tina, you play with me. is not it?”

Tina pretended to be innocent: “What?”

Peter snorted coldly, “That stinky boy Cody, isn't it?”

“Does Mr. Scott know that you call him a stinky?” Peter and Cody are the same age.

“He called you? Let's go together tonight. I'll come back to pick you up from work.” Peter breathed a sigh of relief and leaned back in his chair.

Tina shook her head and refused: “No, I will go by myself.”

“What do you mean?” Peter's breath of letting go was suddenly raised.

Tina said that she wanted to start again with him, and now the two of them are boy and girl friends. Cody is their childhood friend. It is normal for them to go to the party together.

Tina refused to go with him, Peter guessed something in his heart.

Sure enough, after a brief silence, Tina said: “I want to keep our things together temporarily.”

**Chapter 1475**

Peter's complexion was slightly stagnant, and his mood was obviously lowered.

Although he had guessed something when he heard Tina's tone just now, he still inevitably felt lost when he heard Tina say it so plainly.

"Why?" Peter even softened his tone: "What are you afraid of?"

Tina said quietly: "I think it's better not to let parents know about it for the time being."

Cody grew up with Peter and they are all in the same circle. If they let him know that he and she are together, it won't take a long time for this matter to reach the ears of both parents.

The Weber family and the Grant family are family friends again, and the two are not too young, the parents are naturally happy to see it happen.

If they are together, if everyone knows it, if they are not together in the end, it will not end well.

Tina felt that when the two people's feelings are not stable, it is best not to disclose it.

"Okay, listen to you." Peter lowered his eyes slightly, his tone was light, and he couldn't hear his emotions.

But Tina knew that Peter was upset.

"I can go there by myself at night. I'm going to cook and hang up first."

"OK."

Peter hung up the phone, leaning on the back of the chair without moving for a while, staring at the front with no focus.

He remembered the past again.

People nowadays are relatively early mature. When he was in junior high school, he had received love letters and snacks every day.

Tina was two years younger than him. Every day after school, she ran to the door of Peter's classroom to wait for him. One day when school was over, on the way home together, Peter went to buy milk tea for her and took the wallet from the bag. Tina glanced and saw a thick pile of colorful envelopes.

"What?" Although Tina was still young at the time, she could vaguely guess what it was.

"Love letter." Peter widened the opening of his schoolbag and smiled triumphantly: "This is the charm of your brother!"

Tina frowned and stared at him. He patted Tina's head: "Forget it, you are still young and don't understand."

Tina shook off his hand and asked him, "Do you like them?"

Peter looked blank: "What?"

"I don't like you to receive love letters and take them home!" Tina glared at him.

Peter noticed that Tina had tightened the shoulder strap of the schoolbag. He knew too much about the temperament of this little girl. If his answer made her unsatisfied, she could just grab the schoolbag and beat him.

He hurriedly said: "If there is nothing, I just take it home and destroy it. It's not nice to throw the trash at school, right? Take care of the female classmate's self-esteem!"

Tina snorted, hugged the milk tea, and walked forward quickly.

The next day, everyone in the school knew that Peter had a boss, the beautiful little girl who had just spoken at the freshman conference.

Her name is Tina.

When all the fans knew about this, they all laughed at Peter's conscience and started to face such a small Tina.

What Peter said at the time was: "You don't talk nonsense, my sister is too tired to see me receiving love letters all day. She loves me and helps me save trouble."

However, it was just a joke, after all, Tina was very young.

High school is a direct promotion. Many people know about Peter and Tina, and because Tina always runs to high school, it is not easy to know that the relationship between her and Peter is not ordinary.

At the time of Tina, it was as hot as a small ball, wishing the whole world knew that Peter belonged to her, and everyone knew it.

But now, after the two were together, she said that it should not go public.

## **Chapter 1476**

Peter was very dissatisfied with Tina's undisclosed behavior.

However, he can't complain.

Who lost that hot, free, and easy sinking?

Not someone else.

It's him.

!

In the end, Cody's position was still in Best Day.

In Cody's words, in the entire Rostenvel, only Best Day is worthy of his stature.

At night, Tina drove to Best Day alone.

She parked the car in the parking lot, got off the car, and saw Peter standing in front of her.

Tina looked around, "Where did you come from?"

When she drove over just now, she did not see Peter.

Peter turned around and pointed to a car parked opposite.

Tina looked over and saw the familiar license plate number. It turned out that Peter's car was parked there. No wonder she hadn't seen it just now.

Peter probably came over while she was parking.

Tina asked him as she locked the car, "How long have you waited?"

"Just arrived." Peter curled his lips and smiled, his eyes stuck to her.

Tina turned her face away in a small arc, and stretched out her hand to hook the hair around her ear: "After entering, you know what to say?"

Peter looked reluctant: "We met by chance at the door."

There are only a handful of people who can make Peter wronged.

Looking at Peter like this, Tina found a trace of the former feeling, feeling a trace of nostalgia that was unkind.

Missing that time, she was domineering and unreasonable, and Peter also condoned her.

"Let's go." Tina took the initiative to hold his hand.

The dissatisfaction on Peter's face vanished for a moment, and a smile appeared on his face. He held Tina's hand and murmured Tina: "Go in and sit next to me later, stay away from Scott!"

That kid Cody always praised Tina and being beautiful before, and it didn't mean that no one was so beautiful.

Although Peter thinks so, it does not prevent him from feeling that Cody is plotting against Tina.

Tina's house is so beautiful, who doesn't like it?

!

When they got out of the elevator, Tina broke free of Peter's hand, and the two of them walked to the box one after another.

The box door was not closed tightly, and Tina walked to a position still some distance away from the box door, and she heard the sound of howling ghosts and wolves inside the box.

Tina turned her head and looked at Peter: "We should have time to leave now."

But the next second, Maria came out of the box and saw them.

"You are here." Maria said "you", but her eyes were fixed on Peter, her eyes bright.

Tina took a step forward, deliberately blocking Peter behind her, and looked at Maria: "Yes."

A flash of dissatisfaction flashed through Maria's eyes, with a smile on her face that couldn't pick up a problem: "Everyone is here, just waiting for you."

Tina raised her foot and walked forward.

Maria stood still, obviously waiting for Peter behind Tina.

Tina saw her mind clearly. When passing by Maria, she held Maria's arm and smiled stiffly: "Long time no see, Maria."

Maria was irritated, and it was not easy to shake off the cold in front of Peter, and could only cooperate with a smile: "Yes, you haven't rested lately, so your skin condition is a bit bad."

A blunt knife is Maria's habit.

But Tina likes to play straight balls: "You are also very busy at work. There are a few more folds in the corners of your eyes. When you are old, you should pay attention to your body."

### **Chapter 1477**

Maria is already thirty years old. She used to feel that she should be calm when she is old, and she doesn't have to find her own sense of balance by relying on praise from others, which seems vulgar.

But at the age of thirty, she could not be as refined as she imagined, nor could she face this age calmly.

Because everything she has now is in jeopardy.

When she was a teenager, she couldn't see things clearly, and she was proud and complacent, but at the age of 30, she wanted to firmly grasp everything around her, whether it was a human network or a man.

People who suffer from gains and losses cannot be calm.

What's more, the words that stabbed her were still cold.

She has been jealous of Tina since she was a child, and she is protected by Peter, and the sons and brothers who have made friends with Peter also give Tina a bit of face, and Tina's own character is also very popular in this circle.

And she, in fact, is just a marginal person in this circle, dispensable, even if she suddenly leaves this circle, no one will remember her.

With a gentle smile on Maria's face, she said cruelly in a voice that only two people could hear: "Tina, do you think you can't get folds?"

"Even if I have pleats, I'm the best-looking old fairy lady. I won't be as disgusting as your mouth." Tina looked at Maria with a smile, calmly and fearlessly.

Peter stood two steps away behind Tina, looking around, deliberately not going to see Tina and Maria.

Although their voices were low, he could still hear a general idea as soon as he stared and listened carefully.

Tina and Maria have never dealt with each other, and Tina just pulled Maria's action, Peter saw it, and now he was secretly proud of it.

Although Tina asked him to say that the two met by chance when he was in the parking lot just now, he was a little angry, but now he feels happy again.

Tina still cares about him.

“Why are you standing at the door and not coming in?”

The box door was opened and Cody walked out of the box.

Tina heard the sound and looked up at the door: “Mr. Scott?”

Cody is an extreme sports enthusiast. He runs all year round outside, and he is in the wind and the sun. Naturally, he is different from Peter, a golden son. His skin is very healthy and wheatish. With a grin, his white teeth become Very eye-catching.

But fortunately, his foundation is not bad, his features are tough, and he is still very manly.

“Miss Weber is getting more and more flavorful.” Cody opened his arms and was about to give her a bear hug when he walked over, but Peter quickly pushed Tina away.

Cody hugged him, but he wasn’t angry either, and after two tuts, he put his hand on Peter’s shoulder.

He said: “Sir Grant, you are not kind. Miss Weber is so old. You are still like a hen guarding her chicks. You are so wide. Do you want Miss Weber to be a single beautiful old lady?”

“What’s your name? Miss Weber is also yours?” Peter backhanded Cody’s arm back and raised his eyebrows and asked him.

Peter has been the fighting king since he was a child. Even if he grows up, his combat effectiveness is still the strongest among the crowd.

“Hissâ€”â€”” Cody yelled, “Mr. Grant, it hurts!”

Peter glanced at him coldly and did not let go.

Cody sighed again because of the pain, and said, “Can’t I call Miss Weber?”

Peter just let go.

Maria watched the scene from the side, clenched her hands, her brows were filled with patient anger and jealousy.

## **Chapter 1478**

Cody relaxed, and Peter hung his shoulders and walked in.

Among these young people, Cody is the closest to him, but because he runs around the world, it is difficult to meet him. Peter was still happy to see him.

Tina and Maria fell behind again.

Seeing Cody and Peter entering the box, Maria blocked Tina’s way.

“Do you want to fight with me too?” Tina was already rolling up her sleeves.

When it comes to fighting, Maria is definitely not her opponent.

Maria said with a cold face: “Tina, what do you mean?”

“Please make it clear that I have something to say all at once.” Tina folded her arms and watched Maria in her spare time.

Maria questioned: “Haven’t you had given up on Peter?”

Tina stared at her, pretending to think carefully, then said: “When did I say this?”

“When you were in the studio, you asked me to confess to Peter. You asked me to try. At that time, you clearly gave up on him. Now you don’t let me approach him. What is in your heart?”

When Maria talked about this, she was full of anger.

She finally got ready, and when she decided to give it a try, it came out that Peter had a girlfriend, and the girlfriend was pregnant with his child.

Maria is also a face-seeking person. Cathy was pregnant with Peter’s child. She will go and kick her aside again. Isn’t she a mistress? How ugly is this spreading out? Does she want to mix in this circle?

It didn’t make any difference easily, Cathy’s child was not Peter’s, and she rekindled hope.

Maria feels that although she and Peter have known each other for so many years, although they are not as close as Tina and him, they still have a certain friendship basis, and Peter is more likely to accept her.

Unexpectedly, Tina came out at this moment. Listening to her, it was clear that she did not give up on Peter’s plan.

Tina hooked her lips: “What is your peace of mind, I am what is safe.”

“You—!” Maria pointed at her: “You have turned your back!”

“I just figured it out.” Tina held the finger that Maria was pointing at her: “What’s wrong with me? What can you do with me?”

Tina snorted coldly, threw away Maria’s hand, bypassed her, and entered the box.

Cody likes to be lively. There are many people in the box with familiar faces, but they haven’t been together for a long time. Not many people can name Tina.

After she walked in, she sat directly next to Peter.

Although Tina couldn’t name him, these people all knew her and knew that she was close to Peter. Tina sat next to him, and the others were not surprised.

Peter brought a glass of juice to her, and whispered in her ear, “Why did you come in late?”

“Talking about life with Miss George.” Tina said slowly, taking the juice to her lips and taking a sip, then frowned, and said with disgust, “What? Come out and drink this?”

As soon as she finished speaking, Cody ran to Tina and sat down, and caught a glimpse of the juice in her hand: “Hey, what are you drinking? Are you an eight-year-old girl? Where can you not drink! Tonight, everyone is not drunk. No return!”

Cody directly grabbed the juice from Tina's hand, exchanged a cup for her, and stuffed it in her hand: "Drink this."

Tina took a sneak peek at Peter, the light was not good, and Peter's expression was hidden in the darkness, making it unclear.

### **Chapter 1479**

Tina stared at him for a moment. Seeing that he didn't respond, she turned her head and clinked a glass with Cody: "Come on, Mr. Scott, this cup respects you."

When Tina raised her head to drink, she spilled a little. Peter took a tissue and handed it over, and whispered, "Drink less."

Tina tilted her head, smiles in her eyes, and voice: "I see, hen."

After the last two words, she got closer again, evacuated quickly after speaking, and turned to talk to Cody.

In the past, Cody and the group said that Peter protected her, like a hen guarding her cubs, and called him "Auntie" boldly.

Of course, in the end, they were all beaten up by Peter and kneeled on the ground to call him Dad, so no one dared to say that often.

However, as long as someone asks what is the relationship between Tina and Peter, this group will use the mother to protect the cub to explain. That is to protect your life. Don't provoke Tina if you don't want to die.

After Tina and Cody said a few words, they got up and went to the other side to play games, and quickly escaped from the scene of the crime, leaving Peter unable to find them to settle accounts.

Peter stared at her back with heavy eyes, and could only take a sip of wine with dull eyes.

What else can he do if he is used to it?

Endure it.

"What are you drinking alone? Our brothers haven't seen each other for so long, so we won't be drunk tonight." Cody leaned over, opened two bottles of wine, and put one of them in front of Peter.

Peter picked up the wine bottle and touched Cody. After a sip of wine, he asked him aloud: "You are back this time, are you still leaving?"

"What am I going to do? I can't walk anymore." Cody sighed and leaned back: "The old man in the family is also getting older, so he gave me an ultimatum. Either come back and inherit the family business or get married. Let me choose the second one. One, if I don't choose, I won't have to choose, and have to do both of these things for him."

Peter smiled and said coldly: "That's not bad, get married and start a business."

Cody "singled": "Are you married yourself? Still have the face to say this to me?"

Peter raised his eyebrows and snorted with disdain, "I don't have a family, but I have a company."

Cody was blocked with nothing to say, shut up, drank dully, and lit a cigarette after drinking.

He lighted a cigarette himself, and handed the cigarette case to Peter: "Come on."

"Quit." Peter waved his hand.

Cody tilted his head with a look of surprise: "Mr. Grant, they are all fine foxes. What kind of big-tailed wolf pretends, and he will pretend to be old."

Peter glanced at him coldly.

Cody's scalp tightened, his expression was a bit serious, and he asked in disbelief, "Really?"

Peter lazily said, "I'm ready to get married and have children."

The wishful thinking in Peter's heart was crackling.

Although Tina is still unwilling to make it public, it will be sooner or later to get married and have children. He should make plans sooner.

Cody nodded: "Alright."

Cody had just returned, but he had also heard about Peter's recent events. After thinking about it, he decided not to ask him about Cathy.

Watching Peter's state is the same as that of an okay person, he feels relieved.

Peter is thinking about getting married and having children, and he thinks he should pay more attention.

Peter didn't know the twists and turns in Cody's heart. After drinking a glass of wine with him, he went to Tina.

As soon as he sat down, he heard Cody holding the microphone and shouting: "Everyone is here today, I have something to announce."

Tina and Peter turned their heads together, Cody looked at them and said in a serious tone: "I have decided to officially pursue Tina from today!"

## **Chapter 1480**

"Snapped!"

Peter put the wine glass in his hand heavily on the table in front of him, his face sinking like water.

But the people around were busy booing, no one noticed his face at all, even Tina stared at Cody in shock, and didn't look at Peter's face.

"Sir Scott, can't tell!"

"If you want to chase after Miss Weber, you must pass the level of our CEO Grant first!"

Among the noisy voices, Tina heard them mention Peter, and then turned to look at Peter.

Peter also turned to look at her, expressionless.

“What do you think I am doing, where did I know that Cody is going to come here?” Tina was also confused.

Cody was born almost at the same time as Peter, which is considered to be equal. Several people have been in friendship since they were young, and are known as brothers and sisters.

She didn’t expect Cody to suddenly say that he wanted to chase her.

She came to the party today purely because she is an old friend to contact her relationship, eat, drink and have fun.

At this moment, the person watching the excitement was called Tina: “Ms. Weber, what do you think about Mr. Scott?”

“I don’t like Cody, what can I think.” Tina directly expressed her attitude unambiguously.

Cody walked over here, and his face remained as usual when he was rejected. When he walked to Tina, he said with a hippie smile: “Don’t rush to refuse, give me a chance?”

As Cody spoke, he leaned towards Tina’s side.

Peter kicked him: “Why do you squeeze? Didn’t you hear people say that I don’t like you?”

“Emotions can be cultivated” Cody had a thick-skinned face, put his hand on Peter’s shoulder, and pointed to Maria who was sitting not far away: “You, you are also single anyway, do you want to think about Maria?”

Peter threw his hand away: “Why don’t you think about Maria yourself.”

“Mom counted the horoscopes for me, mine doesn’t agree with Maria’s horoscopes” Cody came along.

Maria was also surprised that Cody would say in front of so many people that he wanted to pursue Tina.

When she heard Cody talk about this just now, she had been paying attention to the reactions of people here, mainly watching the reactions of Peter.

Although Peter’s complexion looked ugly, he didn’t refute anything.

If Peter and Tina are really together, he should stand up and refute it directly?

That is, she still has a chance?

But now Cody is in such a situation, and everyone in the box is making a fuss. If she tries to take advantage of the situation, she won’t suffer!

After making up her mind, Maria also came over.

She looked at Peter with a smile: “Peter, don’t you really think about me? I’m single too.”

Maria’s tone is half joking, and her tone is relaxed, not disgusting, and there is nothing wrong with it.

But Tina knew Maria's thoughts about Peter, and she felt very much in her heart.

Tina raised her eyebrows and looked at Maria: "Maria, why don't you think about Mr. Scott, do you look down on Mr. Scott?"

Tina was also smiling, her tone was not gentle, and everyone could hear the provocation in her tone.

But Tina has always been with a straightforward temper. Besides, everyone knows that Tina and Maria can't deal with them, and no one thinks Tina's tone is wrong.

"Didn't Mr. Scott like you? As a friend, I even came in to mix things up. It doesn't seem very good either." Maria said calmly.

Looks so generous.
