

Predestined 1521

Chapter 1521

This kind of video exposure is not uncommon in the entertainment industry, but such a large amount is rare.

What's more, Cathy was also popular for a while as "Peter's girlfriend" some time ago. Relatively speaking, many people know her.

It also caused widespread concern as soon as the incident was exposed.

Tina browsed Twitter quickly and entered the elevator while looking at her phone.

Stephanie waited at the door and couldn't wait to discuss Cathy's melon with Tina, so as soon as Tina got out of the elevator, she saw Stephanie waiting at the door of her house.

Tina laughed: "So enthusiastic? I only saw you a few days ago."

"Come in quickly." Stephanie walked over and hurriedly pulled Tina into the room.

Entering the room, Stephanie poured a glass of water for her, and leaned close to her: "Ms. Tina, you really missed a big opportunity to troll. Just when this matter was exposed, Twitter was almost paralyzed!"

Tina was silent for a moment, and said: "This kind of thing is exposed, and only women will always be scolded."

"That's right, although Cathy is shameless, but those dog men are even more shameless. They are indeed scolding Cathy as shameless." Although Stephanie hates Cathy, she still has the right and wrong views.

Seeing that Tina didn't have much interest in discussing this matter, Stephanie remembered another thing: "I saw the news about my cousin buying flowers."

Speaking of Peter, Tina remembered the stupid things Peter had done before, and couldn't help but smile: "Okay, let's talk about business."

"OK—" Stephanie deliberately stretched her tone of voice, with a hint of ridicule.

Tina raised her eyes and gave Stephanie a look that "you know it yourself". Stephanie immediately became honest: "Come here, let's talk about the termination of the contract and the future development direction. I will do it these days. A plan!"

"You did this?" A smile flashed across Tina's eyes.

Stephanie was still full of confidence just now. At this time, she was a little embarrassed to be smiled at like this: "I have little experience, and the planning may not be that mature!"

"Stop talking nonsense, show me." Tina urged her.

Stephanie took out her plan and gave it to Tina, a thick one. It was detailed and serious, and she could see that she had put a lot of effort into it.

As Stephanie said, she really has no experience in the brokerage business, just a rookie, but her attitude is serious, and she is dominated by calm opinions in everything.

In addition to lack of sleekness, Stephanie actually fits Tina's heart.

Tina watched carefully for a long time, and said, "It's a good job."

Stephanie's expression was obviously relieved: "In fact, it doesn't matter, Ms. Tina, you don't need to be so tolerant to me because of my cousin. If you have anything to say directly, I can bear it."

Tina flipped through the planning book in her hand and said without looking up, "You think too much, Peter doesn't have such a big face."

"Puff" Stephanie mourned Peter for a minute in her heart.

Tina and Stephanie talked about the termination of the contract all afternoon.

The termination of the contract is not just about the termination of the contract. There are also other things that need to be dealt with, such as the "Me and My Life" that has not finished filming.

Before the incident of Cathy, "My Life and Me" only officially announced the suspension of recording, and did not give a clear statement about whether or not to shoot again.

Chapter 1522

Tina felt that "Me and My Life" should continue to be filmed.

After all, there are Karl and Tom's investments. They are businessmen. They will definitely not let "My Life and Me" cool down like this. They will definitely find a way to remedy it. As for how to remedy it, this is not Tina's concern.

These businessmen are smarter than the other, and they will never do business at a loss.

However, as long as the show "My Life and Me" is still filmed, then the contract signed by Tina will still be valid. This contract was signed at the time of its prosperity.

There are many things to deal with.

Stephanie sighed: "In the future, your family's status will be obvious."

Tina was puzzled: "What?"

"In your house in the future, my cousin must be the one at the bottom of the food chain." Stephanie said, and pointed to the ground.

"What nonsense, there is no word in the horoscope, go out and eat out." It was food time, Tina stood up, and prepared to take Stephanie out for a meal.

"Eating a big meal, I ate for several days and took out."

Tina heard this and asked in surprise: "Your cousin didn't give you living expenses? Why do you eat takeaway every day?"

"I came out to fight for a career, so I can't always rely on my cousin to help me, I want to rely on my own ability." If she has been relying on Peter, I am afraid that she will never be independent.

"You are ambitious, when the contract is terminated, I will give you money." Tina was taller than Stephanie, and as soon as she stretched out her hand, she took Stephanie into her arms and said with relief.

After Tina came out to set up a studio independently, she became the boss, all expenses and income were her own, and she needed to be responsible for her own profits and losses.

Naturally, she had the final say on how much salary to pay to Stephanie.

She hugged Tina: "Ms. Tina, I just mixed with you, don't worry, I will eat the king's salary, and I must bear the king's worries!"

"Okay, don't be poor, go and fill your stomach first." Tina dragged her and walked out.

As soon as the two walked to the door, Stephanie's cell phone rang.

"I'll answer the call first." She took out her mobile phone, her face faded as soon as she saw the number on it, and she looked up at Tina, "It's the company's call."

The company Stephanie said is naturally AdamPic.

The company will not call the broker if it is okay.

Once they call, it means something has happened, and it is not a trivial matter.

Tina's expression was slightly constricted: "Come on."

Stephanie turned on the hands-free: "Hello?"

"Can you contact Miss Weber? Tell her not to go out today. If you can, it's better to come to the company directly with Miss Weber." The tone on the other end of the phone was serious.

Stephanie realized the seriousness of the matter: "Come there now?"

"Correct."

Hearing this, Stephanie and Tina looked at each other again, and Tina nodded very slightly.

Stephanie said to the other end of the phone, "Okay, what happened?"

The person on the other end of the phone made a long story short: "Cathy's matter involves Miss Weber."

What about Cathy? Isn't it the video of those five hundred Gs?

This matter can still have something to do with her.

Tina couldn't figure it out.

"I have something to deal with here, so hang up first."

The person on the other end of the phone has hung up.

Just as Stephanie was about to speak, her cell phone rang again, an unfamiliar number.

Stephanie connected: "Hello, how are you?"

"Is it Tina's agent Stephanie? I'm a reporter from Sunshine Entertainment. I want to ask, is it true that Ms. Weber has been involved in aid and dating? There is alsoâ€¦!"

Stephanie listened more and more angry, resisting the urge to curse, and replied with great restraint: "Nothing like that!"

Chapter 1523

After Stephanie finished speaking, she hung up the phone. She was afraid that she would hang up one second later, so she couldn't help but scolded the reporter.

Although she knew that the reporter did these things, she couldn't help being angry.

"These reporters have been idle all day long, staring at usâ€¦!" Stephanie was full of anger, and turned her head to look at Tina after complaining: "Ms. Tina, let's go to the company first. Go and see the situation."

For an actress, this kind of negative news that has an impact on her reputation is fatal if it is not handled properly.

"Yeah." Tina's thoughts are the same as Stephanie's. For such a big thing, she should go to the company.

Those who were planning to have a big meal also made the soup.

Tina and Stephanie went downstairs together. While taking the car key, Stephanie said, "Ms. Tina, wait for me to buy something to eat in the car. I don't know if we have to get it at the company meeting. How late, you may not have time to eat."

Tina smiled upon hearing the words: "Yeah."

Stephanie is becoming more and more considerate.

She drove, and Tina sat in the position of the co-pilot.

There is a convenience store at the gate of the community. Stephanie drove the car out of the community, unfastened her seat belt, got off the car and went to the convenience store to buy sandwiches and yogurt. After the purchase, she ran into the car quickly like a thief.

Tina said, "Why coming like a thief?"

"I'm afraid there will be reporters." Stephanie said, handing her the share that she had bought for Tina, and after eating a sandwich, she started driving.

While driving, she patted her chest with the other hand, obviously choking.

"What's the hurry? It doesn't matter if you eat and then leave. Don't worry about this time." Tina handed her water.

Stephanie took the water over: "No hurry."

Said she was not in a hurry, after drinking the water in a hurry, she drove forward quickly.

Stephanie followed Tina during this period, although sometimes she was still a little reckless, and her temper was a bit uncontrollable, but she was generally good, at least she knew the importance of things.

A little temper is good.

Bloody people have a little temper.

If there is no temper at all, then it is not a human being.

Tina sat in the position of the co-pilot, eating and scrolling Twitter.

The trending search on Twitter has been quiet for years, and no topics related to her have been found. However, in the personal information, there are many people who mentioned her and scolded her.

It's nothing more than scolding her for shame, bad stuff or something.

Tina also has black powder, and she still has a mouthful of feces. At first, she will be so angry that she can't eat. After the past few years, she has long been used to it.

There are not many black fans in the entertainment circle.

But it was the first time to be scolded so excessively.

Stephanie's cell phone rang again, and as soon as she got through some media reporter's call, Stephanie listened to it, said "I'm sorry to be busy" and hung up the phone, and then set up to block all strange calls.

She was afraid that her mobile phone was always busy, but the company could not make a call when looking for her.

As soon as her phone hung up, Tina's phone rang again.

Stephanie looked over with some worry, and she was also worried that some reporter might call her.

Now is the era of big data, and there is no privacy for individuals. Even if Tina is a celebrity, those reporters can get her phone number easily.

"It's from Alyssa." Tina explained seeing Stephanie's worries.

Stephanie nodded and continued to concentrate on driving.

Tina answered the phone: "Alyssa."

Alyssa's voice came from the phone: "I see you are in trouble again, where are you?"

Chapter 1524

There was a slight smile in Tina's voice: "You know, I am going to be unemployed? I have been so idle these days. I haven't figured out what happened to me until now."

"Why don't you know?" She heard the sound of pouring water.

After Alyssa drank the water, she said to Tina, "Did you have a meal with a man today?"

"That's more than one, which one are you talking about?" Tina said with a smile.

"At this time, you're still in the mood to joke." Alyssa's tone was helpless: "It's the photo of you having a meal with that man, which was taken, and then someone discovered that the man who was eating with you appeared in Cathy's video."

Then, someone said that Tina was doing the same thing as Cathy.

After listening to Alyssa's words, Tina lost her thoughts about joking with Alyssa.

She could understand Alyssa's words separately, but when they were put together, she couldn't react for a while: "What did you say?"

At this time, Karl's voice appeared on Alyssa's end: "That's Peter's one who made a small child."

Karl said this to Alyssa, but he should be relatively close to Alyssa, so Tina could also hear them clearly.

Alyssa doesn't know Cody, but Karl and Peter have been in friendship for so many years, and they also have a certain understanding of Peter's hair circle.

Moreover, the Scott family is still a family that can be named in Rostenvel.

Tina didn't even dare to believe it, but thought it was impossible. Now that Karl said this, he knew it in his heart.

It turned out to be Cody.

Alyssa felt Tina's silence and guessed that Tina had heard Karl's words.

Alyssa asked tentatively: "You and Peter have a good circle of friends. Peter's hair is young, should it be yours?"

If it were not for the friendship, Tina would not eat alone with men other than Peter.

Tina is a very cautious and principled person.

"It's the kind of me and Peter who grew up together and worked together." The calm tone was not as energetic as before.

Alyssa also fell silent.

This matter is said to be big or small.

Men are good and handsome, this is nature.

However, this person is calm and young.

Alyssa hadn't seen Cathy's videos, but Cathy's ability to do this kind of thing still surprised her.

Before that, Cathy had also been Peter's nominal girlfriend.

If she and Tina have never met, and have never been Peter's nominal girlfriend, then this was not a problem.

But now, both Cathy and Cody have something to do with Tina, so that such a simple matter has become complicated.

“It’s okay, the real can’t be fake, the fake can’t be real, it’s all trivial.” Tina pretended to be relaxed.

Alyssa replied, “Yes.”

Alyssa was not very worried about this, but felt that Tina might feel a little uncomfortable in her heart.

After hanging up the phone, Tina lowered the car window a bit, turned her head and looked out of the window a little distracted.

Upon seeing this, Stephanie asked, “What’s wrong, Ms. Tina.”

“You’ll know when you get to the company.” Tina didn’t reply.

When approaching the downstairs of AdamPic, Tina saw that there were more security guards at the door than usual, and Rubin was standing at the door.

There is no need to guess at all, Tina knows that Peter must have done this.

Chapter 1525

Stephanie also saw Rubin standing at the door, and turned to Tina and said, “Ms. Tina, get out of the car first, and I will stop.”

There are more security guards at the door, and no reporters are clean. Stephanie is also relieved to let Tina get out of the car alone.

Tina nodded, unfastened her seat belt and got out of the car.

When she got out of the car, Rubin greeted her.

“Miss Weber.”

“Trouble.”

Tina said this very sincerely.

Rubin became Peter’s Mr. Smith, with first-rate ability, and the usual work piled up like a mountain, but now it is a waste of time to pick her up at the door.

Rubin smiled: “Miss Weber is polite.”

The woman his boss Grant always likes is different and majestic.

Tina and Rubin walked inside together. Rubin was a fast-paced person. As he walked, he quickly said: “Mr. Grant has already had a round of meetings. At present, he is only doing some regular public relations. It’s fermented, and it spreads quickly. CEO Grant is waiting for you in the office and wants to discuss with you how to deal with it.”

Peter also spent a lot of money on public relations this time to make it so clean that Tina didn’t see anything on Twitter just now.

She didn't say much: "Okay."

â€¦

When they arrived at Peter's office, Rubin opened the door and let Tina in, he took the door and left.

Peter raised his head and leaned on the boss's chair, looking a little surprised, his eyes out of focus.

Seeing Tina coming in, he straightened up, got up and walked towards her.

He understands her, observes her look, stretches out her slightly tousled hair, and asks her: "You know all?"

Tina nodded: "Yeah."

Peter touched her head comfortingly: "It's okay."

Tina still nodded.

The two are too familiar, although there are no more words, but each one is very clear about each other's thoughts.

It is not difficult to deal with this matter alone.

The difficulty is that they are somewhat unable to accept these things.

The upper class circle is like a huge, big black velvet cloth, which can cover up some dirty and clean things. In this circle, self-cleaning is considered a good character.

The messenger is the son of God, but it shouldn't be Cody.

They are more disappointed with Cody.

Peter pulled Tina onto the sofa and sat down, rarely patient and gentle.

"I think the best way to deal with this matter is to announce our relationshipâ€¦"

When Tina heard the words "announce", she became sensitive and moved all of a sudden, and looked up at Peter.

Peter saw the resistance in her eyes, lowered her eyes slightly to cover the loss of her eyes, and explained to her: "I'm not talking about announcing the relationship between our lovers, but announcing the relationship we grew up together."

When Tina entered the circle, she didn't rely much on her family.

Later, the media wanted to dig into Tina's family background, but it was beaten by Peter. Later, no one dug Tina's family background again, but there are still some rumors, saying that Tina's family is rich, and some say Tina's family is poor.

There are many kinds of sayings.

And once the relationship between her and Peter grew, it means that the fact that the two of them are family friends will also be announced. With Peter's current status in the industry, who would believe that he will not take care of her. How about the desolation that grew up together?

This is the simplest and most effective way.

Tina pondered for a moment, then asked, "What about Cody?"

Chapter 1526

As long as Peter announces his relationship with Tina, those rumors about Tina's support and friendship will naturally be self-defeating.

Tina's current troubles can be solved easily.

But Cody is not that simple.

Cody is the only son of the Scott family, and behind him is the Scott family.

The foundation of the Scott family is in Rostenvel. Although it is not as good as in the earlier years, it still has a bit of fame and status in the circle. Once Cody is exposed, the impact on the Scott family will not be small.

As the only son of the Scott family and the heir of the family, they play some incompetent things like those awkward sons and brothers. This will cause the company's shareholders and investors to have negative psychology towards the Scott family, thus affecting their business development.

Peter is a businessman himself, and naturally understands these things clearly.

He twisted his eyebrows slightly, then said quietly, "He asked for it."

Tina was silent for a moment, then turned to look at Peter, seeing him concentrating as if he was contemplating, but seeing him with clear eyes, it seemed that he was not thinking at all.

Tina couldn't help asking, "Do you really care about Cody?"

"Follow him? I'm not his father!" Peter said here, and sneered again: "Up to now, no one has seen the incident, and there is no call. Even if I want to do it, how can I do it?"

Tina was dumb for a moment.

After a while, she also glanced at her mobile phone: "Could something happen to him?"

It was hard for her to believe that Cody, who was still having a meal with her at noon, disappeared without contacting her and Peter after such a big incident happened.

Tina didn't blame him for getting involved, but Cody's silence like this was not enough.

Tina thought for a while, and said, "Shall I call him?"

"What kind of fight, you have caused something to behave like a tortoise, and let others wipe his F@rts and shares." Peter's expression was a little cold, and his tone was very determined.

Tina knew that Peter had made up his mind to ignore Cody.

“CEO Grant.”

Rubin’s voice sounded outside: “The meeting room is ready.”

Peter lowered his eyes slightly to look at Tina, “Let’s go.”

When talking to Tina, Peter’s expression became gentle again.

Tina nodded slightly, got up, and stood up.

Peter took her by the hand and walked out. She was stunned for a moment, and wanted to break away. What he said just now was to announce the relationship, but he didn’t say that he wanted to announce the relationship between the lovers.

But she was afraid that Peter would be angry if she broke away.

She is usually awkward in front of Peter, but in fact, she is still a little afraid of Mr. Grant getting angry.

When they reached the door, Peter suddenly let go of her hand, and Tina was also relieved.

He held the doorknob with one hand, but did not turn the doorknob. Instead, he turned his head to look at her, and said with a smile, “Are you afraid of anything?”

Tina felt an embarrassment that was exposed for a moment.

He knew what she was thinking.

She heard Peter sigh in a daze, and when she wanted to look up to see what was happening, she heard Peter say: “You still don’t believe me.”

Tina was startled: “What?”

Peter didn’t have a serious appearance, with a teasing meaning: “I said you look so good today.”

“Boring!” Tina squeezed him aside, turned the doorknob, and opened the door.

As soon as the door opened, Tina met the two pairs of brushing eyes.

It is Stephanie and Rubin.

Chapter 1527

Stephanie smiled immediately with a pair of cold eyes, “Ms. Tina, you have discussed with CEO Grant.”

Rubin withdrew his gaze with a serious face.

Both people pretended that nothing had happened.

But Tina felt that they had heard what she and Peter said at the door just now.

They heard it, justâ€¦! They heard it.

She thinks she looks amazing every day.

Tina said, “It’s been discussed.”

Peter came over and knocked Stephanie on the head: "Just use the best solution."

Stephanie touched her head: "Mr. Grant, please give a trace of respect to the elegant professional women. Behavior like knocking on the head, I don't think you will do it again in the end."

"Oh, you're so bullish, it won't work if I knock your head?" Peter spread his hands: "Pay the money."

"â€¦"

Stephanie turned her head and went to find Tina, "Ms. Tina, you can control my brother."

Peter glanced at Stephanie, and walked to Tina's side, and glanced at Stephanie from the air with a provocative expression on Tina's face: "Is it provoking our relationship?"

Tina turned her head to look at Peter, her tone was neither light nor heavy: "Peter, are you a primary school student?"

Peter: "Huh?"

Tina: "It's naive and boring, nothing to look for."

Tina left these words behind, and left Peter away and strode forward.

Peter paused in the same place for half a second, then turned to see Rubin who was frantically smiling, and said blankly: "Rubin, if you dare to laugh, you will be dead today."

a

Rubin stretched out his hand and pressed his sore cheek muscles from holding back his smile, and said with a serious face: "Don't worry, Mr. Grant, I will definitely not laugh."

Usually Peter and Tina have little communication in the company. When there is communication, in addition to the tone of business, there may be the scene of the gunpowder explosion.

This is the first time that Rubin has seen Peter and Tina chat together in such a harmonious way. The men in love are different.

Miss Weber was right, she was indeed naive.

Peter sneered: "You don't want the year-end bonus?"

Rubin shut up immediately, took a look at Tina who had disappeared at the corner of the corridor, approached Peter a little, and said, "The person who distributes Cathy's private videos is very eye-catching."

Peter's eyes sharpened instantly: "I'll talk about it after the meeting."

After he knew that Cathy was still entangled and entangled in Tina, he asked Rubin to do a little action and let Cathy completely leave the Rostenvel.

But he didn't expect that before she left, there was a private video incident and Tina was involved.

When Peter and Rubin entered the meeting room, Tina and Stephanie were already seated.

Peter went straight to sit down beside Tina.

Tina turned her head and glanced at him. Peter ignored her, but he held her hand under the conference table, and Tina couldn't get it out.

"Called everyone to come to this meeting today. Everyone knows the reason. While everyone is here, I have something to say."

Peter turned her head to look at Tina, his eyes fixedly looking at Tina: "I and Tina, we two are family friends, we grew up together, and we have been in friendship for nearly 30 years."

As soon as the words came out, everyone in the conference room was shocked and started talking in a low voice looking at each other.

In the past, the people inside AdamPic only knew that Tina and Peter seemed to be related, but they didn't expect it to be such a deep relationship.

Someone asked aloud, "Isn't that a childhood sweetheart?"

Peter smiled at the corner of his eyes, and his tone was lightened: "Yes."

Chapter 1528

Peter answered in the affirmative, and the meeting room sounded in unison with the extended tone of "Oh", which seemed very meaningful.

Tina lowered her eyes silently, trying to move the chair aside, trying to stay away from Peter.

But how could Peter make her wishful, her face was calm, and her hand was tightened even harder.

Stephanie, who was sitting next to Tina, noticed that Tina was a little abnormal. She tilted her head and glanced, and saw the two shook hands under the table.

Stephanie opened her eyes wide, pretending that nothing happened, and turned her head to look away.

Ugh.

The sour smell of this love.

She wants to have it too.

â€¦

Peter was in a good mood, so the meeting ended quickly and harmoniously.

And the colleagues who have eaten big melons are in a good mood.

After the meeting, the others left, leaving Tina and her party.

Peter asked Tina, "Are you hungry?"

Stephanie answered: "Hungry."

Peter ignored her.

Tina raised her head: "When I came, I bought sandwiches, so I'm not hungry for the time being."

Peter nodded, then turned to look at Rubin: “work early.”

Rubin nodded, packed up his things and went out.

“Cousin, are you going to work? Are you going to eat together?” Stephanie leaned over.

“Yes.” Peter smiled and added: “But not with you.”

Stephanie: “â€¦”

“Let’s go.” Peter walked out holding Tina’s shoulders.

Stephanie looked at the backs of the two of them, whispering, “Wait, I’ll leave the order sooner or later!”

â€¦

Tina accompanied Peter out for the meal.

On the way home, Stephanie called Tina: “Ms. Tina, go forward with it on Twitter.”

Tina asked: “Whose transfer?”

“The person next to you.” Stephanie knew that Tina should still be with Peter at this moment.

Tina glanced at Peter and logged onto Twitter.

As soon as she swiped her Twitter homepage, she saw a Tweet with pictures retweet by the official Twitter of AdamPic, and the time was displayed ten minutes ago.

Tina clicked into Peter’s original Twitter, and the time indicated that it was posted 20 minutes ago.

After the meeting in the company, she and Peter left the company and stayed together. Peter didn’t have time to post on Twitter.

It should have been made by Rubin for him.

Twitter content is a sentence with a picture.

[The thirty-first year of knowing you. [image]â€¦’

Tina clicked on the photo, zoomed in and looked at it for a long time, and couldn’t help laughing.

Peter drove aside and turned to look at her when he heard the movement: “What is so funny?”

Tina shook her head quickly: “It’s nothing, you drive well and leave me alone.”

Peter still glanced at the Twitter interface. Rubin had preliminary discussions with him on the public relations plan before, and knew that he would use his account to send a photo of him and Tina when he was a child.

He thought Tina laughed when she saw the photo of the two, and said, “How? Do you know if Mr. Grant has been very handsome since he was a child.”

“Yes.” Tina glanced at Peter faintly, Peter’s face was already showing contentment.

The man in his early thirties showed such a complacent look, not only did not appear greasy, but he had a sense of youthful spirits.

Tina paused very kindly for a while, making him proud enough, and then said, "Especially when you wear open pants, you are very handsome."

"What?" Peter glanced at her quickly, passing by the intersection, slowly stopping the car on the side of the road.

Chapter 1529

As soon as Peter stopped the car, he leaned over to get her cellphone.

Tina hid the phone behind her back and refused to give it to him, knowingly asked, "What are you doing?"

Her eyes were smiling, a bit teasing, and the ending sound was elongated and soft like a baby.

Peter's heart was numb.

He supported Tina with one hand on the back of the co-pilot's seat and curled her lips: "Tina, you are getting less and less of me now."

"But what you posted on Twitter is the photo of you wearing open pants." Tina opened her eyes wide, and said innocently.

On Twitter, the group photo of the two of them was an old photo taken by adults when the moon was full of darkness.

Peter was already two years old at that time, and Tina was still a baby lying in the cradle. In the photo, Peter was lying next to the cradle looking at Tina.

The photos have a sense of age, and the quality is not very good, but it can be seen that they are two beautiful children.

Peter got closer again, and the two faces almost came together. Tina blinked, and the hand hiding the phone behind him couldn't help tightening.

The distance between the two is close enough to breathe.

It was too close. It was so close that Tina was a little shy, but she couldn't show it. This would make her very faceless, and Peter would definitely make fun of her again.

But her upper body couldn't help but pressed back, trying to stay away from Peter.

A smile flashed across Peter's eyes: "What to hide?"

"Heh!" Tina chuckled disdainfully, "Who is hiding?"

Tina even straightened up.

The next moment, Peter's k!ss fell.

Tina froze for a moment, but soon relaxed, and raised her head slightly, responding to Peter's k!ss.

This kiss is a long time.

After a long period of coldness, she was a little weakened.

When Peter let go of her, her eyes were glowing, her cheeks were slightly red, and her whole person looked soft and calm, without any attacking power.

Peter's heart softened.

This desolation is his alone, and only he can see it.

but

This does not prevent him from stealing her phone.

By the time Tina reacted, it was too late, and Peter had already reached out and took the mobile phone hidden behind her.

All the warmth was swept away, and she stared at him with a deep breath: "Peter, are you a dog!"

"Hmm." Peter patted her on the head and took her mobile phone to look at the Twitter app.

At this look, Peter was almost out of anger.

This rank!

He didn't have any impression of this photo. He had previously taken some pictures of Rubin that he thought was the best, but in the end it was useless. Instead, he used a photo that he didn't remember.

Year-end bonus must be deducted!

Peter was so angry that he took out his mobile phone. He wanted to let Rubin know that there was no year-end bonus, so he couldn't let him be alone.

Tina took advantage of him to get her mobile phone back, but Peter raised his hand and she couldn't get it.

Tina became angry: "Mobile phone!"

Peter approached her shamelessly and kissed her: "I'll give it to you right away."

Peter used Tina's Twitter account to repost his own Tweet: "The little brother next door is handsome to big. [image]"

Then, he returned the phone to Tina.

Tina took it over and took a look. She confirmed it several times in disbelief, and said quietly, "Peter, you are a real dog."

Peter was not angry at all after being scolded, and smiled at her.

R@scal!

Tina turned her head and didn't look at him at all.

Chapter 1530

Peter found Rubin's number and was about to make a call when his cell phone rang, which happened to be the call from Rubin.

Rubin: "CEO Grant."

Peter responded with no emotion, "Yes."

Rubin: "There is something, I think I should let you know."

Peter sneered: "Go ahead, I also think there is something I should let you know."

Rubin: "That's it. The photo of you and Ms. Weber that the company posted on Twitter was provided by Mrs. Grant."

Peter: "?"

Rubin felt Peter's doubts and explained patiently: "That is your mother."

"â€¦"

After calming down for a while, Peter asked, "Why didn't you tell me this matter in advance?"

"Mrs. Grant contacted me before and asked about Ms. Weber. I told the truth. She didn't say much at the time. Just after you and Ms. Weber left, Mrs. Grant came with a photo. She asked me to use this photo to post on Twitter."

As if he felt that the explanation was not particularly adequate, Rubin added: "When I posted on Twitter, Mrs. Grant was next to me."

Rubin knew Peter too well. He knew that Peter would be so angry that he would deduct his year-end bonus when he saw the tweet, so he had to try his best to get rid of this.

Peter's heart was extremely choked.

There seems to be no reason to deduct Rubin's year-end bonus.

Peter was even more heartbroken.

"Mr. Grant, I will hang up if you don't have any other instructions." After Rubin finished speaking, he waited for another two seconds until Peter hung up.

Peter didn't hang up the phone, but answered another call.

Karl came here.

The first sentence Karl called was: "I saw the photo."

Peter didn't answer Karl's words at all, and even asked mildly, "Oh, have you eaten?"

It is impossible for Karl to let him just fool around like this, and continue the topic of the photo: "Why didn't you share such a precious photo earlier? Grace praised you for being cute when you were a kid."

Peter: "â€¦ You think you now have a family, a wife, a daughter, and no brothers, right?"

Karl chuckled, his tone sounded very pleasant, but he pretended to say casually: "I forgot to tell you something. My family Grace has added a younger brother or younger sister."

The tone was extremely solemn, and he wanted to act casually.

Peter originally thought that Karl was just scrolling Twitter to mock him, but he didn't expect that Karl was not here to mock him at all, but to show off.

He would rather Karl came to mock him now.

Peter died of acid.

"Oh." Peter said without a smile, "Do you think I would say congratulations?"

Karl: "Thank you."

Peter was very choked, but he still said it again: "Congratulations!"

There was a smile in Karl's tone: "I invite you to dinner."

Peter: "But it depends on me!"

"When are you free?" He was interrupted by Karl before he said the words: "Tomorrow noon."

This time, Karl didn't give Peter a chance to speak, so he hung up after speaking.

Peter stared at the phone for two seconds, then turned to look at Tina, "Have you seen such an unreasonable person?"

Tina smiled: "The wicked still need the wicked to grind."

Peter started the car silently, thinking of something, don't say deeply: "Alyssa is pregnant again."

Tina didn't hear the deep meaning of his words: "I already knew it."
