

Predestined 1641

Chapter 1641

"I didn't think so much at the time. The people who thought it was the casino wanted me to pay back the money as soon as possible, but the trick I came up with, I also had nowhere to go, and I didn't have any doubts to check it, and now I check it again. What's the clue?"

Cody still looked a little uncomfortable when he talked about this.

Later, after talking with Peter, he was pushed into the water again. He also felt that everything might not be easy.

Just don't know what the people behind this are going to do.

Who is blocking his way, who wants to harm him?

And Tina?

Cody fiercely raised his head and looked at Tina: "What happened to you this time, didn't someone deliberately harm you?"

"Do not rule out this possibility." Tina said calmly.

Cody nodded, then thought of something, his face hesitantly said: "Tina, there is one thing, don't know if I should ask?"

"Then don't ask." Tina said directly.

There is no need for Cody to speak, just listening to his tone, Tina probably knows what he wants to ask.

After so many years, she didn't want to mention that.

There is no need to mention it again.

What's more, she still mentioned it to Cody.

"The person you have always liked is actually Peter, right?" Cody still couldn't help but ask.

Tina was silent, ignoring him.

Cody laughed at himself, and said generally, "If this is the case, many things can actually be explained."

"In this life, it is impossible for a person to like only one person." Tina slowly said, as if to herself, and as if to Cody.

Cody stared at her: "But people are different and it varies from person to person. Some people will like many people in their lifetime, while some people will only like one person in their lifetime."

Tina paused slightly and was about to speak when she heard someone calling her name next to her.

"Tina, you are too partial, you only chat with Mr. Scott, and don't ask how we are doing recently?"

"Yes, Mr. Scott, hurry up to say a few words, and give us a chance to talk. It is very difficult for us to make an appointment with Tina?"

“Who said no.”

A group of people sang and drank, Tina didn't mind, and smiled and let them tease.

She knew that they were not malicious.

After that, Tina and Cody were pulled to talk from time to time, and the two had no time to talk about the previous topic.

After the dishes were ready, everyone began to eat. Stephanie picked vegetables and took care of Tina to eat, and finally had the opportunity to talk to her.

“It seems that my cousin is not coming.” She started eating directly, he must have come. If Peter wants to come, these people must be waiting for him.

Peter has a great face.

“Yeah.” Tina replied faintly.

At this time, the box door was pushed open from the outside.

Tina thought it was a waiter and did not look up.

Until she heard someone yell: “Mr. Grant!”

“Mr. Grant, you don't want to come too soon, we are so waiting for you.”

“Hurry up and add a chair and sit next to me.”

“Sit next to you, who are you, Mr. Grant sits with me.”

Tina looked up and saw Peter ignored them, but walked towards her.

Stephanie was very enthusiastic, pursed her lips and smiled, and gave Peter a place.

Peter directly sat down in Stephanie's seat, and at the same time, took over what Stephanie did just now-picking vegetables for Tina and taking care of her meal.

Chapter 1642

Tina's hand was injured, and he was eating with his left hand. There was really no way to pick up food.

“What to eat?”

As soon as Peter sat down, he leaned to her ear and asked her in a low voice.

Tina moved aside reluctantly, and frowned slightly, “Whatever.”

Peter actually knows the taste of Tina and also knows what kind of dishes she wants to eat. He deliberately asked again, just to say a few more words with her.

The desolate indifference was in his expectation.

He didn't get angry, and put a few chopsticks for her, and carefully set aside the green onions that she didn't like.

When the person next to him saw this, he teased: "Mr. Grant, you are really good to Tina, and that's nothing more to your girlfriend."

"Those who don't know really think that Mr. Grant and Tina are a pair!"

This remark caused a burst of laughter.

Anyone who knows them knows that Peter and Tina have a good relationship.

They all know that Peter is good to her, and they also know that the Grant family has a deep relationship with the Weber family.

In the early years, they would also think that Peter and Tina would be together, but then Peter went out of the country without hesitation, Tina stayed in the country alone, and entered the entertainment industry.

Another said: "If our brother wants to really have that heart, he didn't start it early, alas! think about our Tina and don't know which pig to do, my old heart is uncomfortable. "

As the man said, he covered his chest with heartache, and then the pot of hoof soup turned to Tina: "Mr. Grant, help Tina prepare the soup. This is what I specially ordered the kitchen to make for her. What to eat to make up!"

Tina looked at the white and tender hooves, and pressed the corners of her lower lip slightly: "Then you should eat some brain flowers to make up for your brain. The hooves and the hands are not distinguished!"

Hearing the words, Peter gently curled his lower lip, making a gesture to give Tina soup and hooves, and asked her, "Do you want to eat?"

Tina glared at him: "You want to eat yourself."

Peter really served himself a bowl.

The people who ridiculed Peter and Tina just now are rehearsing the old saying.

"It's really a pity. If Mr. Grant and Tina are together, they can pay for one share, but there is no hope in this life!"

Peter abruptly flew past: "Who said there is no hope?"

The man quickly changed his words: "Of course there is hope, it is also possible that you will not get married. We only need to pay the little cool guys money. Hahahaha!"

Peter's face sank, and the person didn't dare to laugh anymore.

What gave these people the illusion that they felt that he and Tina could not be together.

The man persuaded: "Mr. Grant, just kidding, don't be angry."

Peter couldn't say what kind of anger he was in.

These people didn't speak well, and he was used to it.

Tina broke up with him now, and when he heard these words, she was happy to have ghosts.

However, he couldn't figure it out. He liked Tina so much. How could outsiders think that he and Tina would definitely not be together?

"They are right."

After Tina said this sentence leisurely, she turned her head to look at Peter: "Okay, let's eat."

Peter's thin lips were tightened, and he stared straight at her to express his dissatisfaction.

But Tina didn't look at him.

He took a deep breath and persuaded himself from the bottom of his heart, Tina is only thinking about this mess now because of the emotions.

Chapter 1643

These people gather to eat together and inevitably drink.

At the back, everyone was a little drunk, and the Lord began to want to smoke.

The cigarettes were taken out, and Peter almost killed him with a knife: "Did you see any patients? Do you dare to try!"

The man was so scared that all of a sudden the lighter in his hand fell.

Peter was the boss of this group when he was a child. Although he is not the boss now, his status and stature are there. These people still call him "brother". His face is indeed great.

After that, no one dared to mention smoking anymore, and all put the cigarette cases away.

â€¦â€¦

After the meal was over, the others walked away, changing places.

Tina's hand was still hurt, so naturally, she didn't have the energy to rush to the next game, and the others didn't dare to persuade her. After all, Peter was standing next to her and looked like he couldn't speak.

"Mr. Grant, let's go first."

"Goodbye Tina, get together again next timeâ€¦"

The others are almost gone.

Peter put his hands in the pockets of his suit trousers and asked Tina, "Where are you going back? Alyssa or your own home?"

Tina turned to take care of Stephanie.

Stephanie looked confused, what did she do? Shouldn't she answer Peter's question?

It's impossible to ask her to say it, right?

Stephanie opened her eyes wide, and suddenly felt that the problem was serious.

There must be a problem between Peter and Tina, if it is normal, it is normal for her to send Tina home.

But Peter was here at this time. If she dared to promise Tina to send her home, then Peter would have to cut her back and ask her to pay him all the money back.

She is poor now and really has no money.

Terribly poor.

“Ms. Tina, my cousin asks you, where do you want to go? It’s too late, and you should rest early when you go back. I have something to be busy tomorrow morning.” Stephanie pretended not to see the meaning of her words, and said with a smile.

When Tina was about to speak, Peter rushed in front of her and said, “Then go home.”

“Iâ€¦”

Tina spoke again, but was interrupted by Stephanie again.

“Tom!”

Stephanie did not expect to meet Tom here.

Tom is simply her savior.

“Are you here to eat too? What a coincidence.” In order to escape from the battlefield, Stephanie ran to the front without hesitation, her tone of enthusiasm was also unprecedented.

Tom was such a clever person, he just glanced at Tina and Peter, and then looked at Stephanie carefully, and he immediately saw the clue.

Immediately, he faintly responded: “Yes.”

Stephanie only showed such enthusiasm when she asked for it.

It’s reallyâ€¦ I can’t get angry, I can only vent my stance.

Stephanie saw that Tom’s face looked unhappy, and thought he was unhappy just now, so she whispered to him, “Could you invite me back together.”

Tina also seemed to misunderstand the relationship between her and Tom. If Tom invited her home together, Tina would definitely not want her to accompany her today.

Stephanie lowered her voice, praying in her big eyes.

Tom narrowed his eyes slightly: “Go back together? Where?”

Stephanie: “â€¦”

She didn’t think there was any problem with her words just now, but at this time, when Tom asked like this, she felt that nothing was right.

She started to regret it a bit.

Forget it, she is still willing to be asked for money by Peter, and she doesn't want to talk to Tom.

Chapter 1644

Stephanie had already retreated, and said, "Then?"

"Come home in my car, I just have something to tell you." Tom said.

Eh?

Why are you suddenly on the road again?

Before Stephanie could react much, Tom grabbed her arm and looked at Peter and Tina from a distance: "Mr. Grant, Miss Weber, I will take Stephanie home. Goodbye."

After Tom finished speaking, he dragged Stephanie away.

"Then I'll leave first, cousin, sister Tina!" Stephanie was dragged by Tom, and looked back at them as she walked.

"Let's go, too." Peter stepped forward and opened the door, signaling Tina to get into the car.

What can Tina say, of course, she got in the car to go home?

Her hand was still injured, and she couldn't wear a seat belt after getting in the car. After Peter got in the car from the other side, she leaned over to fasten her seat belt.

Tina pressed the corners of her lips slightly, her eyes moved out, not to look at him.

It's just a thing that can be done in two seconds.

But Tina waited for a long time, and couldn't wait until Peter got up and sat back.

"What are you?" Tina turned around impatiently, and met Peter's gaze.

The seat belt was fastened long ago, and he still maintained the posture of leaning in front of her, staring at her with moving eyes.

"Sit back." Tina frowned, making a gesture to push him.

Peter caught her quickly with eyesight and hands: "Why break up?"

Tina didn't expect him to say this suddenly, and she paused before saying, "Do you still need a reason to break up?"

"Of course, I have to know how I died," Peter said.

Tina moved her eyes slightly: "I just don't want to be together after breaking up."

"Look into my eyes and talk again." Peter's tone sounded extremely calm, without the slightest mood swing.

This was completely different from his previous attitude that was extremely resistant to her mentioning the breakup.

Tina was silent for a while, turned her head, and looked at his eyes: "I don't want to be together anymore, do you understand? I don't want to be together anymore, and I don't like you anymore. I don't really like you anymore."

She is really tired.

As for why she was tired, she couldn't tell, she just suddenly didn't want to be entangled in this relationship anymore.

Peter lied to her, he was with other women, she didn't even bother to ask.

When she saw him with that woman, she was angry, couldn't believe it, and even maliciously guessed whether he had done anything with that woman!

But after so many days, she has completely calmed down.

Subconsciously, she was still willing to believe in Peter.

However, she couldn't control her mind and heart, guessing that he was lying to her.

She still couldn't believe Peter.

If this continues, they will not have good results.

Such entangled feelings are too tired.

It's so tiring, she wants everything to end here.

Peter's voice suddenly lowered: "I don't like it?"

His eyes are also indistinguishable emotions.

Tina moved the corners of her lips slightly and let out a sound from her throat: "Yes!"

Then, speaking became smoother again: "Yes, I just don't like it."

"Then why did you say to start again? Do I have fun?" Peter held her hand harder.

Tina was in pain: "You hurt me."

"Does it hurt?" Peter sneered and pressed her hand to her chest: "What about me?"

Chapter 1645

In the face of Peter's questioning, those past events suddenly overflowed, like a tide, flooding the depression.

At this time, Tina would fall into an extremely painful emotion.

When people are in pain, they want to vent the pain.

The most direct way is to stab the people around you.

"When you left me alone to go abroad, did you think about my mood? Do you know how painful it was for me then? Until you left for so many years, I still couldn't start a new relationship again!"

As Tina's words were spoken word by word, the questioning and confidence in Peter's eyes also shattered bit by bit.

If she mentions this matter, he will lose out whenever she mentions it.

Neither of them took it easy.

Whether it is her or him, they have not yet come out of the incident.

Peter blamed himself and regretted it, but Tina had complaints.

Peter wanted to make up, and wanted to start again.

Tina also wanted to start again, but the resentment in her heart still existed.

In the relationship, the hurt is mutual. No one can be safe after hurting the other party, unless the person has never loved.

Anyone who has loved cannot be alone.

"So!" Peter laughed at himself: "You told me to start again, did you want me to taste the pain you tasted back then?"

"Yes," Tina replied extremely quickly, as if she couldn't wait to let him know that she didn't really start over with him.

Peter's eyes darkened.

It seemed that a light went out.

Tina watched, feeling a little sad inexplicably.

But at the same time feeling a little happy.

She even felt that it was right for her and Peter to feel pain and hurt each other in this way.

How can they be happy together?

If they can be together happily, they should have been together many years ago.

As early as many years ago, it was impossible for Peter to leave her alone.

All this is doomed, and the ending is already written.

Isn't it?

This is the ending that she and Peter should have.

They cannot be together.

Even if we are together, we won't be happy, will we?

After a long while, Peter raised his eyes to look at her again.

"No, this is not your true word."

“This is my truth!”

Tina retorted her words, raising the volume, as if the voice was louder and more convincing.

“No!” Peter’s voice was slightly hoarse, and the volume was raised.

Tina looked at him, a few hesitations flashed in her eyes, and then she returned to calm and stable.

“I’m sleepy, I want to go back to rest, you can call me a taxi.”

After she finished speaking, she turned her head and looked out the window, looking like she didn’t want to talk to him anymore.

Peter stared at her as if he wanted to see her through.

But in the end, he was defeated.

It was cold at night, and her injury was not healed, so she should go home earlier to rest.

Peter released his hand, sat back in his position, started the car, and drove home.

The air pressure in the car was suffocating.

Tina opened the window a little, trying to breathe it, but Peter closed it again.

She turned her head dissatisfied and glared at him. Peter looked straight ahead without looking at her: “It’s cool at night, don’t blow the cold air in.”

Chapter 1646

The other side.

In another car, Stephanie and Tom were sitting in the front row, chatting, and the atmosphere was very harmonious.

“What happened between Mr. Grant and Miss Weber?” Tom asked.

“You can see it all?” Stephanie looked at Tom in surprise.

Tom didn’t speak.

Stephanie said again: “I didn’t say anything to you. Just now you didn’t talk to Ms. Tina, so you could see it? How did you see it?”

Tom was finally willing to take a look at her. He stretched his finger to his brain: “Use this.”

Stephanie understood, but still felt something reasonable, nodded, and then felt something was wrong again.

“You say I have no brains, right?” She widened her eyes and looked at Tom with a dissatisfaction: “You speak well.”

“I’m talking hard.” Tom looked at Stephanie’s angry face, and couldn’t help but curl his lips.

When the little girl is angry, she is also vivid and lovely.

So sometimes, he will consciously provoke her, wanting to see her angry.

When he saw others fall in love in the past, he still felt that those were too boring, and they did boring things all day.

And now, it was his turn to discover that these silly things were also extremely interesting.

Stephanie snorted coldly and folded his arms: "Okay, I'm going to get off the car, just let me get off here."

She wanted to take a taxi back by herself, originally only thinking that Tom could help her out.

Anyway, she never thought that Tom could really send her home.

Now, she didn't want Tom to send her home.

Don't know why, Tom seems to always like to say something that makes her angry recently.

Not only when getting along, he deliberately said something irritating to her.

Sometimes on WeChat, he would deliberately send something to her.

After reading it, he mocked her again.

She was so angry that she didn't care about him.

But after waking up, or a few days later, she couldn't get angry again, and completely forgot about these things.

Every time she thought about it, not pay attention to him anymore, but when she saw him, she couldn't help it.

As long as he sends her WeChat, she can't help it.

As long as she met him outside, she couldn't help herself not to say hello to him.

Even if she didn't take the initiative to say hello, he still had a way to prevent her from ignoring his presence.

Sure enough, the old man is not easy to mess with.

She is even a little lucky now that she escaped from marriage at that time.

The old man is just hard to deal with.

Tom is a living example.

"Get off here?" Tom didn't hold back, but asked again like confirmation.

This man didn't want to keep her?

After all, it was late at night, and in this kind of place, wouldn't he be afraid of her being a girl?

Stephanie was sulking in her heart, but she still responded, "Yeah."

Tom slowed down, looking like he was ready to stop at any time to let her down.

He said quietly: "I heard that a few days ago, there was a robbery on this section of the road, and the culprit has not been caught yet."

Stephanie turned her head and looked out the window, only to find that there were no other people on this section of the road, and even the street lights were particularly dim.

She shuddered in her heart and pursed her lips: "Really? But I heard that on this section of law and order is pretty good, are you believing hearsay?"

"The woman who was robbed is an employee of our company." Tom said again.

Stephanie was a little scared: "Is it such a coincidence?"

Chapter 1647

"Yes."

Tom's expression was so firm that people couldn't doubt the truthfulness of his words.

Stephanie's heart is getting more and more bottomless, and more and more afraid.

What should I do, I have spoken everything, do I want to get off the car now?

What if I am really robbed?

She has no money.

She might not have the money to pay the rent next month. It's too tight for her.

What if she encounters an extreme criminal, not just robbery?

Stephanie made up the screen for a while, and her face paled in fright.

Compared with this man, what is face!

The face is nothing!

Stephanie bit her lip and asked Tom: "Are you hungry? Would you like to have supper?"

In a place where Stephanie could not see, Tom's lips twitched slightly, and then asked calmly, "Are you hungry?"

"Yeah! I'm a little hungry." Stephanie completely forgot that she had just finished eating.

Tom did not reveal her: "What do you want to eat?"

"It's okay, we can eat whatever you want!" Stephanie tried her best to make her tone sound more sincere.

Tom asked: "Are you giving a treat?"

"Well, please." Stephanie tried to keep a smile on her face.

What else can we do?

Tom remembered that he saw Stephanie post a circle of friends a few days ago: "If there is any food in this world that can heal the soul, it must be barbecue!"

So he said: "Then barbecue."

Stephanie's eyes lit up: "Okay!"

She was relieved.

So worried that Tom is going to eat in a high-end restaurant that she can't afford.

"So happy?" Tom glanced at her.

Stephanie closed the happy expression on her face, coughed lightly, and said, "I love barbecue."

"Oh." Tom responded indifferently.

But in Stephanie's ears, there is always a special feeling.

She didn't bother to guess the meaning of Tom's words, the old man's mind, she couldn't figure it out.

â€

Tom parked the car at a barbecue restaurant not far below Stephanie's house.

He has a good memory. Just a glance from the car, he recognized this restaurant as the barbecue restaurant that appeared in Stephanie's Moments photos before.

Business in the store is good, and people are still coming and going at this time.

The easiest and rude way to judge whether a restaurant has not been checked for food is to look at the number of diners in the restaurant. Obviously, this restaurant should also taste good.

Otherwise, Stephanie would not have been eating for several days.

He saw that Stephanie posted pictures of this store more than once.

When he got out of the car, Stephanie took him into the shop and sat down: "What do you want to eat, I'll help you order."

She stood at the dining table, completely unaware that she was a girl and should be taken care of by a boy.

Tom suddenly understood why such a cute little girl has been single.

She is single on her own.

"Hey!" Seeing that he hadn't spoken, Stephanie reached out to Tom and waved.

Tom stood up: "I'll go order."

"No need, I'll go." Stephanie shook her head again and again. This restaurant bills after ordering food, so Tom must not be allowed to go.

Tom raised his eyebrows slightly and looked at her without saying a word.

Recently, Stephanie learned an experience from her short career that such young and promising men have an indescribable aura.

For example, Peter.

For example, Tom.

Stephanie sat down obediently: "Okay, you go."

Chapter 1648

Stephanie sat obediently at the dining table, watching Tom walk to the barbecue stall with long legs.

He is tall and straight, and when he stops there, he attracts people's attention.

He first said a few words to the boss. With Stephanie's understanding of him, he was probably asking about the price and how to choose the dishes.

After asking, he slowly reached out and rolled up his sleeves, and took the plate to pick vegetables.

The dish table is actually quite wide, it can accommodate several people at the same time to pick dishes together, probably because Tom's aura is too strong, and the people who follow him have been standing behind him, it seems that they will not go up until Tom finishes the election.

It turned out that she wasn't the only one holding him back.

Therefore, she is not to blame, but to blame Tom is too strong.

Tom picked a few more dishes, turned his head, and took a look, and the people behind him took a small step back. He finally realized that someone was waiting for him behind him, so he quickly picked some more dishes and left the dish counter.

When Tom turned around, he glanced here.

Stephanie retracted her gaze, took out her mobile phone, pretending that she was playing with the mobile phone just now, and was not secretly watching him.

Feeling Tom's eyes removed, Stephanie turned her head to look at him again.

This restaurant made a charcoal grill, which was smoky. Tom frowned slightly, and tilted his head back.

When Stephanie watched, there was a feeling of the noble son being pulled off the altar, and she couldn't help but smile.

When Tom returned to the dining table and sat down, his brows were still tightly frowned. Obviously, the experience just now was not very good.

Tom probably never came to this kind of place.

Stephanie took a tissue and wiped the table slowly while quietly paying attention to Tom's reaction.

"Drink a drink?" Tom suddenly looked up at her.

“Huh?” Stephanie shook her head: “No, don’t you drink?”

She had eaten dinner not too long ago, so she wasn’t hungry at all, she couldn’t fit so many things in her stomach, let alone have a drink.

“I don’t drink.” Tom looked at her, his brows became flatter than before.

She stared at him for a while, and asked deliberately: “Do you feel uncomfortable in this kind of place?”

“will not.”

Tom also followed Stephanie’s appearance, took two tissues, and wiped the dining table carefully, without raising his brows.

He threw the tissue ball into the trash can, then looked up to her: “Why do you ask?”

“I just think” Stephanie thought for a while, and said, “You don’t go well with this place.”

Tom looked at her thoughtfully: “Then where do you think I am better?”

Stephanie blinked and said, “Best Day.”

Tom smiled when he heard the words, “Guess.”

“Huh?” Stephanie widened her eyes, not quite understanding what he meant.

“Don’t think about these boring questions.” he poured for her a glass of water and put it in front of her.

It doesn’t matter whether he matches here or not, as long as he looks better with her.

Stephanie cast aside her lips in dissatisfaction.

He said she was boring again.

She always feels that Tom is crushing her IQ all the time.

This was not the first time he said she was boring.

Stephanie was not happy, so she stopped talking to him and took out her mobile phone to play.

Tom frowned slightly when he saw her staring at her phone.

Fortunately, the barbecue they ordered was served at this time.

Tom finally had a reason to stop her from playing with the mobile phone.

“Stop playing, time to eat.”

Chapter 1649

“Talking about work.” Stephanie did not look up.

A fashion designer suddenly talked to her about the new season’s couture dresses. The brand’s couture dresses are only worn by the big names. Those with too low coffee ranks can’t wear these.

Tina’s figure and temperament are so outstanding that she will be invited to almost every fashion week.

Many brands will take the initiative to get clothes for her and let her wear them.

There is no way, Tina is a real daughter who has been raised from a famous family. The nobleness in her body cannot be imitated by others.

Stephanie's gaze was still on the phone, and Tom didn't move either.

After a while, Stephanie heard Tom's voice.

"In the future, when you and I have dinner, do you want to look at your phone while eating like this?"

"Huh?" Stephanie was a little confused.

Tom's words can be read and understood separately, but when these words are put together, she can't understand a bit.

What is meant by "when I have dinner with you in the future"?

It seemed that she would often eat with him in the future.

They will have a meal together occasionally.

There are so many opportunities to eat together.

Stephanie thought about it seriously, and found that she had to eat several meals with Tom almost every week.

The frequency of eating is higher than the frequency of eating together with Tina.

She was shocked, because Tom was too idle, or she was too unmotivated at work, so she had time to eat with Tom.

Tom is the big boss, and he manages everything, how can he be idle.

She must be too idle.

She felt a little anxious, she couldn't be so idle, she had to get busy quickly, and be busier to prove her worth.

"Suddenly I feel so guilty, I still have a few business documents that I haven't read!" Stephanie sighed.

Tom's lips were straightened, and he looked at her with no expression. It was an expression of his unhappiness.

She thought he was unable to start with these barbecues, and quickly took a piece of fish that she thought was the best, and placed it on Tom's dinner plate: "Eat this."

After she put it on Tom's dinner plate, she looked at him expectantly.

He said clearly: "Do you like this the most?"

"Well, I think this is the best." Stephanie said.

Tom heard this and ate slowly.

“How is it?” she asked expectantly.

After he swallowed the food in his mouth, he said unhurriedly, “Not bad.”

“Yes, this is the best barbecue I have ever eaten!” Stephanie shook her head and said with a heartache: “If it weren’t for this barbecue, I would have moved.”

The rent here is quite expensive. Peter used to pay her rent, but now she pays it herself, so the pressure is a bit heavy.

But for this barbecue, she didn’t want to move at all.

You can’t eat such a delicious barbecue after moving elsewhere.

Tom was silent.

His appetite is not heavy, so he can’t understand Stephanie’s psychology.

She looked at Tom’s expression and knew that he couldn’t understand it.

Waved her hand and said: “Eat, let’s not talk about this.”

Although she is not very hungry, she still feels happy that she can eat it now.

Food is so healing.

“I will attend an event tomorrow.” Tom said coldly.

Stephanie nodded absently: “Yeah.”

He added: “Lack of a female companion.”

Chapter 1650

“Yeah.” Stephanie responded again and took a bite of chicken wings.

She waited for him to continue talking, but did not hear his voice for a long time, so she looked up at him: “What then?”

He looked at her angrily: “What do you think?”

This little girl sometimes makes people angry with dullness.

Stephanie didn’t dare to eat the chicken wings that reached her mouth.

What did she say, she said.

Isn’t he talking?

Why did he tell her again?

Stephanie took another bite of chicken wings cautiously, and suddenly blessed his soul: “You let me find a female companion for you, right?”

Tom nodded.

Although Stephanie's understanding ability was a little bit worse, it was almost the same. He couldn't expect a bigger breakthrough with her IQ.

"If Ms. Tina's arm is not injured, she could accompany you!" Stephanie said: "But she is injured now, so I can only find someone else for you. It is on me."

"You, why look at me like that?" Stephanie found that Tom's expression had become even more ugly.

Did she make something wrong just now?

Tom looked dissatisfied.

Seeing that they are friends, she is already so enthusiastic to help him find a female partner, what else does he want?

"you!"

"You are so stupid!"

Tom interrupted her coldly.

"!" Stephanie was dumbfounded by him.

After a few seconds, she put down the chicken wings in her hand and looked at him angrily: "What's the matter with you, attack me personally at every turn!"

Tom stretched out his hand and pressed his sudden temple, persuading himself to calm down.

Are his words so difficult to understand?

He has already said so clearly, he lacks a female companion, but she still wants to help him find someone else.

Tom even began to suspect that there was a problem with his expressive ability.

"Unreasonable to make trouble, inexplicable!" Stephanie also sneered like Tom, and took a few more meat skewers, and started chewing.

She is very angry now, pretending to be fierce, and her appearance is not very good.

But the appearance is a bit like the little wild cat in the park of Tom's company. Although fierce, it is a group pet in the park, very likable, and someone made a photo wall for it.

Tom couldn't say what she thought in her heart, but it was very inexplicable, and the anger disappeared.

He patiently said to her, "You don't need to find someone else, you can do it."

Stephanie listened and refused directly: "I can't!"

Tom pushed the plate with the barbecue to her, the meaning couldn't be more obvious:

"I have invited you to a barbecue, you still say no?"

You can't do it!

As the saying goes, take the hand short and eat the mouth.

Stephanie couldn't get up anymore now.

She glanced at Tom carefully: "I think, you participate in activities, such occasions, should you find someone with more status or a beautiful female partner, don't you think?"

Tom usually ridicules her at all.

Therefore, when he said he was missing a female companion, Stephanie hadn't thought about it at all. He would look for her. Her first reaction was that he asked her to help find someone.

Tom's tone sounded unemotional: "Do you think you are not beautiful?"

Is there a girl who doesn't love beauty and doesn't think she is pretty.

But the person who asked this question was Tom, and Stephanie had to answer it carefully. Otherwise, she would encounter a crit from the boss of Allison Group.
