Chapter 1651

Stephanie coughed slightly, cleared her throat, and said solemnly: "I, it's okay, not so good-looking!"

Tom: "You are quite self-aware."

Stephanie: "!"

Look, she knew, with Tom's virtue, how could she miss this opportunity to attack her.

The roast meat in the mouth is not fragrant again.

But it is not important, she is very strong mentally, she can still bear it.

Stephanie took a deep breath and smiled: "Yes, walking around the rivers and lakes, and I don't have any points in my heart. That's not good."

"Then you." Tom's tone was beyond doubt.

"why?"

Stephanie felt that he had something wrong, and only hit her before. He agreed that she was not that good-looking, and said that he wanted her to accompany him to the activities.

Tom put it very succinctly: "Take you there, it is not easy to cause misunderstanding."

"What do you mean?" Stephanie felt that there was a pitfall in his words.

"I thought about it myself."

After Tom finished speaking, he looked at the empty barbecue plate, stretched out his long hand, and took two skewers from the plate in front of her.

Stephanie was still thinking about what he meant by what he said, and when she saw this, she quickly hid the meat skewers in front of her, but her movements were still a little slower, and Tom had already taken them away.

Not only took it away, but also ate it in front of her with a calm expression.

It really is!"

Stephanie wrinkled her nose, glared at him, and then began to think about what he just said.

Suddenly, there was a flash of light in her mind, and she suddenly understood what he meant.

"You!" She pointed at him angrily, "Didn't have friendship! I want to break the relationship with you! It's impossible for me to be your female companion, and go with you to any activities!"

Thinking that this was not ruthless enough, she added another viciously: "I am a woman you can't get!"

"Cough! cough cough!"

Tom didn't prepare for the moment, and was shocked by Stephanie's bold words.

He reached out his hand to cover his lips, his face blushed with choking.

This barbecue tastes a bit heavy, hot and spicy. Once choked, it is difficult to get over.

Stephanie didn't want to care about him, but after thinking about it, she poured a glass of water for him and handed it to him.

Tom drank the water and slowed down for a while before finally slowing down to a halt.

His face was still a little red, and he smelled a little pitiful inexplicably.

Stephanie looked a little softhearted, thinking that she was just going to an event and wasted a lot of time. As for her own work, she could arrange it casually.

However, in the next moment, Tom defeated Stephanie softly with his strength to vanish.

"I can't help you."

Although Tom had been choked a little bit earlier, he did not lose his attitude at all from beginning to end, and he did an excellent job of managing his image. This opening was even more vigorous.

Such a good man has his mouth open!

Stephanie bit her back tooth socket secretly, poured a glass of water, got up, and leaned forward across the table to Tom, and filled him with water.

"I think you should drink more water."

She was so angry.

She pressed the cup to Tom's lips and filled him with water directly.

Tom didn't prepare for a while, and he was actually poured in, but she also spilled most of it.

Tom quickly reacted, holding her hand and taking the cup in her hand, but didn't want her to hold it tightly. As soon as he applied force, she was leaned forward by him.

The two were separated by the dining table, Stephanie was led by him, his feet were unstable, and the whole person planted forward

Chapter 1652

Everything happened so quickly. Seeing Stephanie's whole body falling forward, the corners of her clothes were about to slip into the grill pan. Tom was so obsessed with cleanliness that he frowned and stretched out his hand to support her waist.

When a person loses his balance, he will panic trying to grab something to balance himself, and his upper body will keep dropping.

And Tom supported Stephanie's waist, but didn't support her head

After Stephanie's exclamation, the world was completely quiet.

Stephanie's eyes widened, and he stared in disbelief at the black eyes that were close at hand. The whole person was completely frozen. There seemed to be a hundred rabbits beating in his chest, and the sound of his heartbeat became chaotic, suddenly like Jump out of the chest at any time.

"f*ck, k!ss!"

The people at the table next to the table noticed the situation here and started talking in a low voice.

Tom turned his face slightly, "Is it enough?"

When he spoke, the heat spread on the corners of her lips. It was obviously a normal temperature, but at this time it gave her a scorching illusion.

It burned her cheeks a little hot.

"Yes! I'm sorry!" Stephanie managed to squeeze out a few words, her tone sounded almost crying: "I didn't mean it, I can't stand up!"

She didn't want this either.

Who knew that the bloody bridges in the idol drama would fall on her.

Stephanie didn't want to eat barbecue at the moment, and didn't want to fill Tom with water to make him quiet. She just wanted to disappear in place or dig a hole in place to bury herself.

She has never done such a shameful thing in her life.

And the object was Tom.

Thinking about it, she feels that life is overwhelming.

Will Tom kill her out?

After all, he doesn't look like that kind of casual person!

Besides, he still has a fiancée. He usually cleans himself up, and has never seen any other woman around him.

But today, just now, she defiled Tom, who was like a jade.

The little girl in front of him was flushed with a cry in her voice, and looked very pitiful.

If it wasn't for the wrong occasion, Tom would have thought to tease her for a while.

From his side, he had caught a glimpse of someone next to him taking out his mobile phone.

Tom got up, straightened Stephanie, turned his head and glanced at the person holding the phone in a warning.

His eyes were sharp and bitter, and the man instantly turned around and no longer looked here.

But there are many people eating barbecue here, and Tom couldn't stop it.

He picked up his coat and put it on Stephanie's head, took her shoulders, and walked out.

Tom doesn't mind these things, but Stephanie is still a bleak agent now, and has shown his face in the public. Such things have a bad influence on her.

"Eh, what are you doing?" A piece of clothing was suddenly covered on her head, his vision was blocked, and it became pitch black. Stephanie stretched out his hand and wanted to lift the clothing he had over her head.

Tom held her messy hand, turned his head to her ear, and whispered: "Someone is taking a picture."

After Stephanie became Tina's agent, he was very sensitive and sensitive to the word "photograph", so he immediately calmed down, stopped moving, and didn't reach out to pull the clothes on his head.

She just wore Tom's clothes and walked forward with him.

The darkness in front of her made her uncomfortable, so she reached out and grabbed the corner of Tom's clothes.

He noticed her reliance on her little movement, and slightly curled his lower lip, and the steps under her feet slowed down.

"Is it all right?" Stephanie felt that they had left the barbecue restaurant.

Tom glanced at the quiet and unoccupied road and said nonsense with his eyes open: "Someone has followed, and I will talk in the car."

Chapter 1653

"Oh."

Stephanie didn't doubt at all, and continued to follow him.

She felt that he didn't need to lie to her about this kind of thing, nor did she think he would lie to her.

He took her and continued to walk forward, until he was almost at the gate of Stephanie's community, he didn't stop.

She felt that Tom's pace had slowed down. She guessed that the clothes could be uncovered now, so she was about to reach out to uncover the clothes on her head.

However, some people are one step faster than her.

As soon as she reached out to touch the clothes, Tom took a step ahead of her and reached out and took the clothes off her head.

She had been covered by his clothes just now, and walked for a while in the dark. At this moment, she narrowed her eyes and adjusted to the light after a while.

"It's at the gate of the community." She realized that she had reached the gate of the community.

Tom stood aside and slowly said, "Go up."

"Yeah." Stephanie nodded and raised her foot to leave, but she hesitated on the spot as if she had thought of something.

"Is there anything else?" Tom raised his eyes to look at her when he saw it, with an okay expression.

She pursed her lips, but for a moment she didn't know what to say.

She wanted to explain what happened just now, but Tom's expression at this time looked very calm, as if nothing happened to them just now.

He was so calm, if she had to mention it and explain it again, would it seem to be too much.

Stephanie hesitated several times in her heart, and finally pulled out a smile and shook her head: "It's okay, good night."

Tom lowered his eyes slightly, and under the dim light, she did not see the insight flashing under his eyes.

"Don't forget tomorrow's activities." Tom reminded her aloud.

activity! !

Speaking of the event, Stephanie couldn't help but think of what happened before. She had already returned to her natural complexion, and she turned red again.

"I see." She turned around hurriedly, pretending that she couldn't wait to go home and sleep.

Tom curled his lips: "Go."

Stephanie didn't dare to stay a bit, turned around and left quickly.

Tom watched her disappear in the corner, and then slowly walked towards his car.

He is in a good mood, with a smile on his face.

As soon as he got into the car, the phone rang.

The smile on his face narrowed a little, and his handsome face seemed helpless.

"grandmother."

"Tom, are you off work?"

"Yeah off work." Tom didn't just look helpless, and even his tone became helpless: "What time is this, why are you still not sleeping?"

Grandma didn't know if she heard him talking, she asked loudly, "When will you bring that little girl from the Grant family home to show me?"

When Tom was in elementary school, he lived with Grandma Allison, after which he was sent abroad.

Therefore, his relationship with his grandma is the best.

The eighty-something old lady is still bright and healthy. All of these are good. The only bad thing is that the old lady caught him and wants to get him married.

Later, Stephanie escaped from marriage, and the old lady had to swear by him to chase the little girl back.

If you are alone during the New Year, you don't have to go back.

"I will bring her back during the New Year? Can't I?" Tom coaxed her patiently.

Grandma Allison fell silent.

"Grandma?" Tom called out tentatively. Shouldn't he fall asleep?

Chapter 1654

As a result, the next moment, I heard the old lady snorting coldly, and said dissatisfied: "New Year, another New Year, there can be several years in a year."

Tom always said before returning home for the New Year, Grandma no longer believes him.

Tom laughed: "What I said is true."

"Then believe you again." Grandma said embarrassedly.

Immediately, she asked Tom again: "Which little girl do you bring back? Remember to say before you come back, my eyes are not good, so what should I do if someone confesses wrong."

"Grandma, besides the little girl from the Grant family, how many girls do you want?" Tom was a little bit dumbfounded.

"I was drinking tea with them a few days ago, and saw the picture, a little girl who is so charming, it's no wonder people escaped from marriage and didn't want to marry you!"

While Grandma gave Stephanie a meal, she did not forget to dislike Tom.

First, he said that he was too busy with work, and then said that he always smiled like a businessman, not sincere, and didn't like little girls!

When the old lady had said enough, Tom felt that his ears were about to become calluses.

After hanging up the phone, he let out a long sigh of relief, and finally ended.

He turned his head and took a look inside the community where Stephanie lived, took out his mobile phone and swiped the circle of friends, and he just reached a circle of friends of Stephanie.

Get home so soon?

Stephanie:

"[Picture], the flowers are all blooming!"

The picture she posted with Moments is a photo of a bunch of flowers.

He was being smashed by grandma just now, and she was still in the mood to shoot flowers.

Had it not been for her, he would have been grabbed by the old lady?

Tom was not very happy.

So, he replied "!" to Stephanie's circle of friends.

After she posted the Moments, she looked down at the Moments posted by her friends, and when she looked back, she saw a new message.

After opening it, it turned out that Tom made the comment.

There was some expectation in her heart, but when she opened it, she found that he just gave her a full comment.

Stephanie replied: “?”

The flowers she bought in a few days were very cheap, and thought they won't bloom. Unexpectedly, they were all open when she went home today, so she couldn't help taking pictures and posting them to friends.

Tom also occasionally likes her circle of friends, and has almost no comments.

Don't know what he means.

But after she replied, she brushed it for a long time, but she didn't get Tom's reply.

Did Tom ignore her?

Maybe he left his cell phone aside and was driving home.

The more she thought about it, the more she felt that this was the case, and she also threw the phone aside and went to the bathroom to take a shower with her clothes.

When she finishes the shower and blew her hair and skin care was over, it was already an hour later.

As soon as she came out, she couldn't wait to look at her phone.

There are more than a dozen new messages in the circle of friends.

“Where are the waves recently?”

“Oh, sister, your flowers are blooming well.”

“As beautiful as you”

“This flower blooms really well”

The comments were varied, but they all seemed very perfunctory, nothing more than the group of friends ridiculing her.

After she ran away from home, she didn't have much contact with her former friends, and her social circle stopped at the circle of friends.

She scoured the comments of these people, but still did not get Tom's reply.

What does he mean?

On the other side, Tom had just arrived home.

After taking a look at his Moments, he stopped touching his phone.

The girl guessed that she would scratch her head and think this night, what did the full stop in his reply means.

Chapter 1655

Actuallyâ€¦

He replied to this period, which didn't mean anything.

He was very simple, deliberately, and didn't want her to sleep well.

â€¦

As Tom thought, Stephanie did not sleep well at night.

When she woke up in the middle of the night, she was thinking about what he meant to reply to her with a full stop.

She didn't sleep well at night, and naturally she didn't feel good when she woke up early the next day. She went to take a shower and her spirits improved.

She got up early, took a quick shower, and drove to Tina's house to visit her.

Although Tina was injured, she will join the team again next month, and the next work must be arranged.

Stephanie sent a WeChat message to Tina on the way.

"Ms. Tina, have you gotten up? I am driving to your house now."

Tina replied after a while: "I am up."

"Have you had breakfast? I will bring you breakfast." Stephanie thought Tina was still living with Peter.

Last night, after Peter sent Tina back, he went to the company to work overtime overnight.

When he left, his face was very ugly.

As for whether he really went to work overtime or went to find another woman, Tina didn't care.

"Bring me some breakfast with soup, thank you."

After Tina sent Stephanie the message, she got up and went to the bathroom to wash.

As soon as she got out of bed, there was a "click" by the door turning the doorknob.

Tina was taken aback, turned her head and looked over, and saw Peter pushing the door in.

He was still wearing the same clothes from last night, his complexion was a little haggard, but it didn't hurt his bravery.

Why did he suddenly come back early in the morning?

Tina quietly stared at him for a while, then walked towards the bathroom without a word.

She heard footsteps behind her.

It was Peter who followed.

She did not speak, nor looked back, but continued to walk to the bathroom.

When she reached the sink, Peter stepped behind her when she reached for the toothbrush. Taking advantage of his height, he took her toothbrush one step behind her.

Tina was taken aback for a moment, then raised her head slightly, and looked at him from the mirror.

But Peter's eyelids drooped slightly, even if she was standing in front of him, she couldn't see the look in his eyes.

As if he didn't notice the cold gaze, he still lowered his eyes, squeezed toothpaste for her, put the toothbrush in her hand again, twisted the water again, tested the temperature of the water, and gave her a cup of warm water to her lips.

Tina didn't move, Peter didn't move, just looking at her blankly.

After a stalemate for a few seconds, she lowered her head to take in her saliva. After rinsing her mouth, she started to brush her teeth with the toothbrush in her uninjured hand.

Peter stood by with the cup of warm water, quiet and patient.

It was not until she finished brushing teeth that he poured the water, picked up the toothbrush he had put aside and started to wash.

Tina put her toothbrush back, and finally said the first sentence after Peter came back.

"Why are you back?"

"Came back to see you, and change clothes by the way before going to the company."

Peter was squeezing toothpaste, and when he spoke, he still lowered his head and did not look at her, his voice was calm, and she could not hear the emotional ups and downs.

Tina moved the corners of her lower lip slightly, and her face was blank for a moment.

When she spoke to Peter recently, she did not have a good tone.

Peter can bear her bad temper, but can't bear her saying certain things he doesn't like.

For example, what she said just now is not what he likes to hear.

Chapter 1656

If in the past, Peter would have been angry when he heard something he didn't like to hear from her mouth.

When he is angry, he will not lose his temper, but he will show it so that she can find out.

But now, he seemed to be indifferent and didn't respond.

Peter started brushing his teeth. In the small bathroom, only the “buzzing” of the electric toothbrush was left.

Tina washed her face slowly beside him.

She moved slowly. After Peter brushed her teeth, she was still rubbing skin care products on her face.

After Peter stared at her for a while, he smiled unclearly, “Are you so slow on purpose?”

“Huh?” Tina turned to look at him.

“I want to take a bath.” Peter’s smile deepened a bit.

What does it matter to her if he wants to take a bath?

She immediately realized that she was still here now, which indeed affected him to take a bath.

Tina took the face cream he hadn’t wiped, and turned and walked out.

As soon as she came out, Peter closed the door.

Immediately afterwards, there was a rushing sound of water inside.

She stared at the bathroom door for a moment, pursed her lips, turned and sat down in front of the dressing table.

She didn’t deliberately slow down, who made her an injury now, only one hand can move freely.

Is she deliberately slow?

Just now, she still felt that Peter had changed, and it was not as rude as before.

â€¦

Stephanie brought double breakfast.

She put the breakfast brought by Stephanie on the dining table and asked, “Where is my cousin?”

“Taking a bath.” Tina was a little hungry, she answered casually, took the spoon, and prepared to eat breakfast.

Stephanie let out an “Oh”, and then said thoughtfully, “Take a shower in the morning.”

Tina might have eaten more salt than Stephanie. How could Tina not hear her words that are not meaningful.

“Following Tom, you learned a lot of ‘good things’.” Tina deliberately emphasized the two words “good things” at the back.

Stephanie “hehe” smiled: “Where.”

In order to save time, she also packed her own breakfast.

Tina asked her: “How are you and Tom doing?”

“Ms. Tina, why your words sound weird? What do you mean by what Tom is doing now? He and I weren’t doing anything!” Stephanie defended herself confidently.

In fact, she was not so arrogant, mainly because she thought of what happened to her barbecue last night.

Although she was a bloody oolong, she really kissed Tom.

If it hadn’t happened, she would have been more confident.

Now, she is not so right and confident, and she always feels a little bit at a loss.

When Tina heard Stephanie’s tone, she knew something was going on.

“If you are not doing well, why is he so enthusiastic about sending you home?”

“He is a gentleman.”

“Gentleman? Then why does he only send you and not me?”

“he’s!”

Seeing Stephanie’s speechlessness, Tina laughed in satisfaction.

Stephanie knew that Tina deliberately teased her and made fun of her. She snorted, “Ms. Tina, why do you always like to make fun of me and Tom? You have the ability to face Tom next time. talk to him directly.”

“Okay.” Tina replied very refreshingly, with a slight smile on her face.

Stephanie was about to speak, and when she looked up, she saw Peter standing not far away.

She didn’t know when he came out from the shower, or how long he had been standing there.

Chapter 1657

“Cousin.”

Stephanie hurriedly called him, trying to turn the topic off, she didn’t want to be teased by Tina anymore.

After all, she is not as rigid as before.

Blamed the barbecue last night. She would think of Tom when she saw the barbecue.

She felt that she would not go to that barbecue for a long time.

There are shadows.

“What are you so happy about?” Peter walked over and sat down beside Tina.

For a while, he hasn’t seen Tina smile like this.

Just now, when he came out, he saw Tina and Stephanie chatting from a distance. They seem to be having a good chat, because there was a smile on her face.

He remembered that Tina and Alyssa were also very happy when they were chatting.

Even when Tina talked to Karl, her tone was better than when she talked to him.

As if only when facing him, she looked very unhappy.

With this cognition, Peter was very upset.

But he couldn't bear to come and disturb her and Stephanie.

Until, he was discovered by Stephanie and had to come over.

"We didn't know that your eyes saw we were having a good chat? You said that we were having a good chat. Ms. Tina is happy. She made fun of me. Of course, she is happy!"

Stephanie said angrily.

"Are you full of teasing?"

When Peter turned his head and talked to Tina, he unconsciously softened his tone, as if he was afraid of alarming her, with a little cautious feeling.

Stephanie was also vaguely aware of Peter's cautious attitude, and he was a little surprised. What happened between the two of them?

This time is weird.

"No." Tina seriously denied: "It's just a normal question to care about her relationship issues."

Stephanie sighed: "Ms. Tina, how do you want me to explain before you believe that Tom and I really have nothing."

"I believe it." Tina nodded, looking so serious.

"!"

Stephanie chose to give up and eat breakfast.

Stephanie stopped talking, no one was active, and the table suddenly became quiet.

The smile on Tina's face gradually faded, and it seemed that she had no intention of speaking.

She and others can chat so happily, but she doesn't say a word to him.

Is it really like she said!

Don't you like it?

Because I don't like him anymore, I don't want to talk to him.

Because I don't like him anymore, I don't feel happy even if I talk to him.

Because I don't like him anymore, I want to break up.

The two entangled and entangled for so many years because they liked, and suddenly they didn't want to entangle anymore because they don't like it anymore.

If you think about it this way, everything becomes simpler.

It's just that he couldn't persuade himself to let go of Tina.

He never thought that Tina would be with others, nor did he thought of being with anyone other than Tina.

If they continue to be together, it is only to torment each other, he would rather torture her and let her torture him than to be separated.

People are always greedy, and at the same time he doesn't want to be separated, he still wants to see a smile on her cold face.

It seems to be caught in a vicious circle, unable to find a way out, and can only continue to circle here.

â€¦

Peter went straight to the company after breakfast.

Tina and Stephanie chatted about the next work.

Coincidentally, Tina's new role in the new drama was also a patient in the early stage, most of the scenes were paralyzed on the bed, so even if her injury is not healed, it is no problem to enter the crew.

Chapter 1658

After communicating with Tina about work, Stephanie assumed the posture of an agent.

"Ms. Tina, you have been at home and rested these few days. If you feel bored, you can come to the studio to supervise the work, or let cousin take you out for a walk."

Stephanie always feels that Tina is getting more and more bored recently. She doesn't like to go out and talk like before. She is worried that Tina will suffer from other diseases.

But she was busy with work and didn't have much time to accompany her.

"I know, you don't need to worry about me anymore, worry about your own affairs." Tina gave a light smile, with a very shallow arc.

Stephanie didn't say much.

When she was leaving, she looked forward to Karl, with an expression of embarrassment to say something.

Look here, feel there, the four characters "please ask for something" are all written on the face.

In the end, Tina couldn't stand it anymore, and said: "What's the matter, just talk about it."

"It's nothingâ€¦" Stephanie was a little embarrassed.

"Nothing?" Tina quickly answered, "Just forget it."

“Yes, something is going on.” Stephanie pitifully pulled the corner of her clothes: “Miss Weber, lend me a dress, please!”

Tina laughed and said, “Miss Stephanie, are you now reduced to borrowing dresses?”

“Yeah, I’m so miserable, please lend me one.” Stephanie sighed, and every time at this time, she began to scold herself for being stupid.

Everyone is in a business marriage, so why can she only think of such a stupid way to escape?

Can’t she think of a way to make her fiancé in the legend hate her, to the extent that he doesn’t want to get her from a business marriage?

Tom is right, she is stupid!

Realizing that she actually agreed with Tom’s words in her heart, she was not feeling well.

“What occasion are you going to, I will order one for you.” Stephanie did her best to help her, and it was just a dress.

Stephanie understood Tina’s mind: “It’s too late, I will wear it tonight.”

“At night? So anxious?” Tina turned her head to look at her: “What dinner?”

“It’s a commercial activity!” Stephanie didn’t know what it was. She just heard Tom say that there was an activity. As for the activity, she didn’t have time to ask, and Tom didn’t say it.

She didn’t even think about this problem at all.

“You don’t know what the event is, so you go to participate? Are you not afraid of accidents?” Tina felt that Stephanie was too big-hearted. He didn’t even know what the event was, so she dared to participate.

Tina found that the little girl was sober and alert when dealing with other things, such as doing things for her.

On the contrary, when it was Stephanie’s turn, she was a little confused.

Seeing Tina’s serious face, Stephanie couldn’t help but hesitate.

“Probably not!” She felt that Tom would not cheat her.

Tina gradually realized that the call was coming: “Who should you go with?”

“Follow!” Stephanie was teased by Tina just now, and at this moment she was a little embarrassed to say that she was going with Tom.

“Tom?”

Tina asked tentatively, then observed the change in Stephanie’s complexion, and she was sure at once that she was right.

“That’s it.” Tina showed a gentle smile: “Go to my cloakroom and pick it up. The cabinet in the innermost one is all bought and not worn.”

“” Tina smiled so that Stephanie felt a little flustered.

Chapter 1659

At night.

Wearing a dress borrowed from Tina, Stephanie went out to accompany Tom to the dinner.

In order to save money, she didn't even go out to do styling, but made up styling and put on makeup at home.

When she went downstairs, Tom was already waiting downstairs.

He was wearing a pure white shirt, leaning lazily against the front of the car, and his expression was light, not at all agitated.

Originally, Stephanie was a little nervous.

Because Tom had called her before he came, she also packed the ticket and said that when he arrived, she was definitely ready to go downstairs and set off immediately.

And now, forty minutes have passed since he reached her home.

When she came down, she was still wondering if Tom would be angry.

Now that he looks calm, he shouldn't be angry after thinking about it.

Stephanie lowered her head and walked fast on high heels. Tom heard the movement and turned his head to look at her. Stephanie raised a smile and said, "I'm fine."

Do you feel the apology in her smile?

If you feel it, don't be angry.

Tom's gaze stayed on her face for a long time, and then he looked at her from top to bottom.

Stephanie thought happily, shouldn't he be complimenting her?

When people are happy, they tend to be immersed in joy and not look at the way

Stephanie waited wholeheartedly for Tom's praise, but couldn't look at the road. When she was about to walk in front of him, she accidentally stepped on a small pit, staggered, and leaned forward.

If it is normal, she wears flat shoes, this little pit does not do anything to her.

But now she is wearing high heels and can't control her body at all

She fell forward violently, thinking that she would fall to the ground, and her makeup and clothes were all white.

But fortunately Tom reacted quickly to support her, letting her survive.

Stephanie breathed a sigh of relief: "Thank you."

Tom's complexion was not very good and helped her stand firmly: "Is it okay?"

"It's okay." she nodded quickly.

Fortunately, if she didn't fall to the ground, everything is fine.

Tom immediately let go, turned and went to open the door.

He opened the door of the co-pilot. After opening the door, Stephanie, who was still standing still looking at him, looked back: "Get in the car."

"Oh." Stephanie ran over.

After only two steps, she heard Tom whispering: "What are you running for?"

She raised her head in confusion, she ran just two steps, did she offend him?

Tom looked at her blankly.

Well, she couldn't guess what Tom thought at this time, but she could also vaguely feel that his mood is not so good now.

Stephanie got into the car and started to think back in her mind. She remembered that when she first met Tom, he was very kind to her, with a smile on his face from time to time. As long as she didn't touch the bottom line, he was basically a smiling person.

But now that she and Tom are getting more and more acquainted, she feels that his temper is getting worse and worse?

When he got into the car, he saw Stephanie thinking in a trance.

As if thinking of something incomprehensible, his brows frowned.

Little girl, there are a lot of things to think about all day long.

Tom was about to start the car and noticed that she was not wearing the seat belt, so he leaned over and fastened her seat belt.

She reacted slowly and found that Tom was wearing a seat belt for her. His movements were simple and neat, but she felt a touch of gentleness inexplicably.

Chapter 1660

The nature of people is that they shine brightly with some sunshine.

Stephanie, who was still thinking about how Tom's mood was and how angry he was, had already put all those problems behind.

In fact, more often, she still feels that he is also easy to get along with.

Thinking about this, she coughed lightly, cleared her throat, and asked Tom aloud, "How do you think of me today?"

When she opened her mouth and felt a little embarrassed, her speech speed increased a lot.

Tom had fastened her seat belt, sat up straight, and started the car.

Although he heard Stephanie speaking, he didn't hear clearly for a while, so he asked again: "What?"

Stephanie was a little embarrassed to say it a second time, stretched out her hand to hook the hair around her ear, and whispered, "Nothing."

She really doesn't have the courage to say it again.

She was probably too timid just now, and even dared to ask Tom this kind of question.

Tom looked at Stephanie with an embarrassed look, combined with some of the words she had just heard, and vaguely understood what she had just asked.

Stephanie was dressed up today, with exquisite makeup, beautiful skirt, and high heels, making her even more delicate.

There is still a big difference from usual.

Because of this, Tom couldn't help taking a few more glances when he watched her come down just now.

Obviously there is expectation in his eyes, but he dare not ask again, is he so scary?

Or is he not gentle enough when he gets along with her?

Tom briefly reflected on himself, and then said: "You are looking very beautiful today."

Stephanie's eyes lit up and she blinked several times, not believing her ears.

Tom actually praised her?

The little girl was happy, her eyes were bright.

Tom couldn't help but looked at her a few more times.

"Of course, it took me a lot of effort to put on this favorite makeup." Stephanie raised her chin proudly.

Tom echoed: "Yes, it took one night."

He used to think that women's makeup and other things were quite boring.

But when he came into contact with Stephanie, he felt that women are sometimes scary, even if they do boring things and say boring things, they can be fun and charming as well.

Stephanie thought that Tom was going to settle accounts with her, and immediately shut up, closed her eyes and pretended to sleep.

Tom still feels strange, why is there no sound after a good conversation?

Turning around, he found that the little girl had closed her eyes.

Is it boring to chat with him?

â€¦

Stephanie slept all the way, and woke up dazedly when they arrived at the event site.

Tom stretched out his arm, she stretched out her arm to hold it, and then followed Tom into the event in a daze, until after signing in, she didn't understand what the event was.

But fortunately, she only needs to sit quietly on the side, and she doesn't need to deal with anyone.

The people who came up to say hello were all handled by Tom.

Stephanie looked around curiously, Tom saw her boredom, turned his head and whispered to her: "Let's take you out to see the night scene."

He came to this sentence without beginning and end, and Stephanie was a little puzzled: "What night scene?"

"You'll know at that time." Tom finished speaking, then turned to deal with the others.

Not long after, Tom pulled her up and said, "Follow me."
