Chapter 1707

“Smith?” Tina said in surprise: “Why are you answering the phone call of your boss?”

Smith has a good memory. Although he hasn’t seen Tina for a while, he quickly heard that it was Tina’s voice.

“Miss Weber.”

“Yeah, it’s me.”

After receiving Tina’s affirmative answer, Smith continued: “A few days ago, Mr. Adams and Madam went abroad for a vacation together.”

“A few days ago?” Tina asked, “How many days ago and when did they go?”

She talked to Alyssa on WeChat the other day, and Alyssa didn’t mention it.

There was a rustling sound from the other end, it should have been Smith who was checking the schedule.

After a few seconds, Smith’s voice sounded again: “I checked the time just now. It was the afternoon before yesterday.

Mr. Adams does not want to be disturbed. All his calls will be transferred to me.”

Karl stopped answering the phone, naturally, it was impossible for Alyssa to be interrupted when he answered the phone.

But this was too sudden, and a little too coincidental.

Karl took Alyssa so tightly that he even took her across the ocean on vacation. No matter how she thought about it, it seemed something that Karl could do.

“Uncle Smith!” Grace’s voice came from the other end.

Tina asked, “Where is Grace?”

“Yes, they asked me to take care of Grace.” After Smith finished speaking, he turned to say a few words with Grace.

Tina thought for a while and said, “I would like to come and see Grace, can I?”

Smith said, “Of course.”

“

In the afternoon, when Grace was leaving school, Tina asked Stephanie to drive her to Grace’s kindergarten.

Grace lined up with a small school bag on her back, and saw Tina at a glance.

“Auntie!”

Grace ran over when she saw her.

Tina took off her sunglasses and looked at Grace with a smile: "You're really a little clever, you can recognize me all at once while I am wearing sunglasses, so I don't usually hurt you in vain."

Grace sighed old-fashionedly: "Auntie, you are filming too many TV series, think I can't recognize you with sunglasses?"

Tina shook her head: "I was sloppy."

Grace's eyes fell on Tina's bandaged leg, her eyes widened, and she asked concerned: "Are you injured again?"

The word "you" is very spiritual.

Tina smiled: "Life always grows in setbacks, right?"

Grace looked at her injury: "Then your life is too frustrated."

"Get in the car and I will take you to eat delicious food." Tina decided not to discuss life with her.

This little girl Grace is very precocious, and if they continue to discuss it, she might be led by Grace.

Grace cleverly climbed into the car, and after sitting in, she took down the small schoolbag and put it aside, and stretched out her little hand to help Tina: "Auntie, slow down, come up carefully!"

"I know." Tina smiled and got in the car.

After seeing Tina sitting in, Grace leaned forward to buckle Tina's seat belt, saying something in her mouth:

"You are all like this. If you get hurt again, it won't be good. You must be well!"

Tina couldn't laugh or cry for a while.

Grace buckled her seat belt in a decent way, and then sat back to buckle her own seat belt.

Stephanie looked ahead and was about to be killed by this all drama. After Grace buckled her seat belt, she said, "I'm going to drive."

Grace raised her eyes and responded, "Okay."

Stephanie smiled, this is like an angel baby.

Every time she saw Grace, she felt no one can be more cute.

Chapter 1708

Grace and Tina sat in the back row. She shook her calf and looked up at Tina: "Auntie, did my mother send you to condole her poor left-behind kid?"

Tina was amused by Grace's statement: "No, I took the initiative to come to condolences after knowing that you became a poor left-behind child."

After Wilfred's matter was resolved, Alyssa's life with Karl calmed down, and Grace became more and more cheerful.

It seems that as long as you work hard and don't give up, everything will develop in a better direction.

Everything will get better.

"Huh?" Grace tilted her head, her big eyes full of doubts.

Tina explained, "This time, your parents left suddenly. I didn't even know that they were traveling abroad again. I knew it by accident."

"Soâ€¦!" Grace nodded as if understanding.

"Right." Tina touched Grace's head.

She was thinking about asking Alyssa about the day, but now that Alyssa was abroad for vacation, she can't get in touch with anyone at all, so this road is nowhere to go.

Now that this is the case, Tina won't think about that for now, thinking about taking Grace to eat first.

As soon as she stopped at the entrance of the restaurant, a cell phone rang in Grace's small schoolbag.

"My phone rang!" Grace opened her schoolbag and said to Tina while looking for the phone inside, "Uncle Grant must have called me."

"Do you have a cell phone?" Tina asked her.

"Yeah." Grace took out her mobile phone and showed the caller ID to Tina with a smile, "It's really Uncle Grant."

Tina was a little sour: "I don't even have your number."

"It's okay, I have yours, and your number is still ahead of Uncle Grant." Grace smiled a little flatteringly.

Tina was happy when she heard this: "It's pretty much the same."

"Uncle Grant." Grace answered the phone: "I'm with Auntieâ€¦ wellâ€¦ no, goodbye."

Grace answered the phone very simply, and she took a look at Tina, and soon hung up.

Tina was a little curious: "What did you say?"

"He said he wants to come and eat with us." Grace said while putting his phone back into his school bag, "But I refused. He now has another woman and wants to eat with usâ€¦!"

"â€¦! Graceâ€¦!"

When Tina spoke, she was interrupted by Grace: "You don't worry, Auntie, you are so beautiful. You can definitely find a boyfriend who is younger, handsome, and richer than Uncle Grant.

If you can't find it, I will inherit the family property. I can support youâ€¦!"

Tina was speechless for a while: "â€¦! thank you."

Grace thought for a while, then said, "But, if Mom gave birth to a younger brother, I will let my younger brother raise you."

"Huh? You even thought of this?" Tina laughed.

"If it's a younger brother, let him work in the company, and I just need to lie at home and wait for him to make money and give me flowers," Grace said solemnly.

"Puff—" Tina couldn't help but laugh aloud.

Stephanie also couldn't help laughing.

Tina: "What if your brother is thinking about it, let you work in the company to support him?"

Grace shook her head, as if everything was under control: "That's okay, there is also Brother Ervin."

"Brother Ervin?" Tina felt that the name sounds familiar, but she couldn't remember who it was for a while.

"Brother Ervin's father is Uncle Smith." Grace explained.

Tina suddenly realized that he was Smith's son.
