Chapter 39

Alyssa called Tina directly.

“Did you buy a hot search?”

“Aren’t you not letting me buy it? Have you changed your mind now?” The calm tone was very excited.

Alyssa quickly explained: “No, I saw that Isabel’s topic was on the hot search again.”

“Really?” Tina was stunned for a while, and Alyssa guessed that she was on Twitter.

Sure enough, after a while, she heard Tina say: “I just went up to see it, this is so cheap!”

Alyssa felt that this thing was a bit unusual.

Who did it? Could it be done by other people that Isabel offended?

It’s not impossible. Isabel has always looked down on no one. She has a big temper and offends many people.

Alyssa didn’t worry too much about this matter. She watched for a while and felt that Karl should have finished eating, so she got up and went to look for him.

In any case, she should also go to Karl to talk about what happened online.

â€¦

The study door was closed, Alyssa raised her hand and knocked on the door.

A man’s hoarse voice came from inside: “Come in.”

Alyssa pushed the door in and saw the person sitting behind the desk with her back to her at a glance.

She was a little puzzled, Karl didn’t want her to see his face, so she would go out.

In her cognition, Karl is an extremely self-enclosed person, who does not go out, does not care about things, and does not like to talk to people.

Karl was the first to ask her aloud, “What’s the matter?”

Alyssa turned her head and looked at him curiously: “Do you know what happened online recently?”

Karl was silent for a moment, and said in a cold tone: “There is no need to mention things that have passed. As the Adams’ daughter-in-law, you’d better be safe.”

Alyssa felt that the tone was very similar to that of “Luther”, maybe because the two were cousins.

When going out, Alyssa breathed a sigh of relief.

Although Karl was a little weird, fortunately, she was not as psychopathic as some traumatized people, otherwise her life would be difficult.

For some reason, she went downstairs to the restaurant.

Not only was there no “Luther” in the restaurant, even the tableware on the table was also cleaned.

â€¦

Early the next morning, Alyssa changed into slightly formal clothes and went out.

These days, because of Isabel’s affairs, she has lost a lot of time.

She graduated from the school. During her time at school, she had good grades and a beautiful resume. After interviewing two companies, they directly expressed their willingness to hire her.

She was a little excited. Because of Rachel, she didn’t have a professional counterpart after graduating. Now she finally doesn’t have to hesitate. After she has a choice, of course she must carefully consider it.

She found a restaurant for lunch while researching company information for an interview in the afternoon.

Not long after sitting down, there was a sudden flash in front of her eyes. A woman wearing a mask and a peaked cap came up to her, picked up the water in front of her, and showered directly on top of her head.

Later, someone gritted her teeth and called her name: “Alyssa!”

Alyssa closed her eyes, stretched out her hand to dry the water on her face, and looked at the person coming.

After carefully distinguishing it, she realized that the fully armed woman in front of her was actually Isabel!

That’s right, with her current “fame”, she can easily be recognized without arming herself before going out.

“If you have something to say, say it, what are you doing?” Alyssa looked up at her, her expression extremely calm.

Isabel’s eyes were full of anger. She lowered her voice and said viciously: “Alyssa! You made the online video, right? I won’t let you go!”

Alyssa was a little surprised, she couldn’t think that Isabel’s instincts were so good.

But she will not admit it.

Alyssa said in surprise: “What video?”

“You have been pretending to be in Hunt’s house for so many years! You are not stupid at all!” Isabel’s eyes began to become savage.

Alyssa smiled: “My sister understands me better than my parents.”

Even now, Colin and Rachel still think she is a fool.

After all, they chose to abandon Alyssa when she was young, so they would rather believe that Alyssa is a fool than admit that they were played around by the daughter they gave up.

“b!tch!” Isabel raised her hand to hit Alyssa.

Just as Alyssa was about to avoid her, she saw a familiar figure walking across.

Her eyes flashed and she steadily slapped Isabel.

When Norris saw Alyssa being slapped, he walked quickly, stepped forward and grabbed Isabel’s wrist.

When he saw that the person who beat Alyssa was Isabel, his brows frowned fiercely, “Isabel?”

“Norris!” Isabel’s eyes were filled with joy, and her voice became softer: “You are finally willing to see me! Listen to my explanation, the videos and photos on the Internet are all posted by this b!tch! She is jealous of me being with you and deliberately hurt me!”

Alyssa covered her face, pretending to be weak with her eyelids down.

She somewhat admired Isabel’s brain circuit like the eighteenth bend of the mountain road. In Isabel’s heart, all women might be jealous of her.

Alyssa bit her lip tightly, paled, and said firmly: “â€¦I don’t have one.”

She was not jealous of Isabel.

Isabel said sharply: “You lied!”

Norris shouted at Isabel impatiently: “Enough!”

These two are louder than the other, and they have attracted the attention of other guests.

Norris had better face and said coldly to Isabel: “Go to the box and say.”

After speaking, he raised his head to look at Alyssa again, his tone of voice was much calmer: “Alyssa, you too.”

Alyssa wanted to see Isabel’s miserable appearance, so she also followed.

As soon as the three of them arrived in the box, Isabel pointed to Alyssa’s nose and said, “Norris, you believe me, everything is made by this woman, I’m innocent, the videos are all synthesized, and the photos are also PS of course!”

At this time, Isabel was still telling such clumsy lies.

Norris seemed to have met Isabel for the first time. He looked at her carefully and said with disappointment: “It’s all this time, you are still lying!”

Isabel didn’t know which muscle was wrong, she suddenly pulled Alyssa in front of Norris, her voice sharp: “You tell Norris, all of this is your intention to harm me, and you designed it on purpose.”

She felt that Alyssa was pretending to be stupid, but the appearance of Alyssa just slapped her was too stupid, which gave her the illusion that Alyssa is still getting the bullying as before, or will help her as before.

Alyssa glanced at Norris, then quickly closed her eyes, her back straightened, her voice soft and firm: "I can't admit what I haven't done."

Norris's impression of Alyssa was actually quite good. Seeing Isabel forcing her like this, he dragged her behind him: "Isabel, you can clean up your mess first, don't follow me when you are fine."

Isabel had been contacting him for the past two days, and he didn't want to see her, but he didn't expect Isabel to follow him.

Chapter 40

Alyssa stood behind Norris, took a half step back, and widened the distance between herself and Norris.

Isabel was so angry that fire burst into her eyes: "Norris! What do you mean? Are you trying to protect this ugly woman now?"

"She is your sister." Norris tightened his eyebrows, a little tired of such a girl.

Isabel has been spoiled to grow up since she was a child. How could she hear Norris's words, she sneered: "You don't pretend to be a good person here. Back then, you framed this ugly woman and admitted that she had robbed my fiance. This was your idea! "

Norris's voice was tense: "That's not because I believed your nonsense!"

After listening to their conversation, Alyssa felt that she underestimated Norris too much.

The more upright a person is, the more insidious they are, the more they are caught off guard.

Fortunately, she had already seen Norris's face clearly.

"Don't talk about it." Alyssa walked out from behind Norris, looked at him and said, "Can you leave? I have something to tell my sister."

Norris believed Isabel's words before and misunderstood Alyssa, and now that Isabel's scandal came out, he naturally turned to Alyssa.

In his opinion, Alyssa and Isabel are sisters after all, and naturally they have to close the door to talk about any conflicts between them. He nodded and left.

As soon as Norris left, Isabel rushed towards Alyssa: "You b!tch! It's all because of you, you ruined everything about me!"

Alyssa had long expected that Isabel would come out like this. She stepped aside, and Isabel pounced on the air and directly onto the ground.

Alyssa squatted down and stretched out her hand to grab Isabel's hair, her beautiful and moist eyes were full of cold light: "Isabel, you deserve it. You shouldn't push me so hard."

She pulled Isabel's hair with great strength, and Isabel's face turned pale with pain. She lifted her head in the direction of Alyssa's hair, trying to relieve a little pain.

Isabel screamed: "Are you crazy! How dare you treat me like this!"

Alyssa sneered and slapped her face with her hand.

Snapped!

The crisp and loud applause sounded three or four times in a row.

“Youâ€¦, Rachelâ€¦ let goâ€¦!”

Isabel’s cheeks were already swollen, she looked at Alyssa in disbelief, a flash of terror flashed in her eyes, and she stammered incompletely.

Alyssa smiled softly: “These slaps are given back to you. Do you still want to use Rachel to threaten me? You can kill her as you please.”

Although she said that, she knew that she couldn’t really be so cruel to Rachel.

If she was so cruel, she would retaliate against them after she was forced to marry into Adams’ house.

However, she was cruel, and if they hadn’t used her to frame her later, she hadn’t really thought about revenge against them.

“It’s better to be safe in the future, and everyone will be fine.” Alyssa loosened Isabel’s hair, stood up, raised her foot over Isabel, and walked out.

Isabel got up from the ground, her face was so swollen that her red eyes were full of insidiousness.

Alyssa! What I suffered today, you will surely repay it twice!

â€¦

After rectifying Isabel, Alyssa didn’t feel happy in her heart.

After all, Isabel is a close-knit sister who is related to her by blood. With the same blood in her body, she is destined to only become an enemy.

She is not in good shape, and the interview in the afternoon is not going well either.

On the way back, she received another cold call.

Tina said straightforwardly: “Alyssa, have you received an interview invitation from AdamPic Media?”

“How do you know?” Alyssa was a little surprised.

Thinking that Tina and Peter knew each other, Peter couldn’t tell her, right?

In theory, how could a boss as big as Peter manage this little thing?

“Don’t worry about how I knew it, such a big company sends you an interview invitation, why don’t you go, you are stupid!”

Alyssa: “The people from AdamPic also approached you, haven’t you signed a contract with them yet?”

Tina was silent for a moment: “I just can’t get used to Peter. Why you have any grudges with him?”

Just as Alyssa was about to speak, she heard someone calling her on the other side of Tina.

Tina said hurriedly: "Alyssa, I won't tell you anymore, there is a banquet tonight, I have to make up and choose a dress."

beep-

Without giving Alyssa time to react, she hung up the phone.

Alyssa was a little depressed holding her mobile phone. She had said before "Luther" that she was not willing to work in AdamPic Media.

She didn't expect the face slap to come so quickly.

She chose drama and literature as a major, half of the reason was Tina.

When Tina becomes an actor, she write a script for Tina to act.

But now Tina's company is rival to AdamPic. Even if she writes a good script and wants to cooperate with Tina, it will not be easy.

Now Tina knew about this, if she didn't go to AdamPic, Tina would blame her instead.

She herself wanted to go to AdamPic Media.

It's a big deal not to let "Luther" know that she is going to AdamPic!

â€¦

At the door of the villa, as soon as Alyssa got off the car, she saw a black car slowly approaching the door of the villa.

When the car stopped at the door of the villa, Alyssa realized that it was a luxurious Bentley, the model was smooth and beautiful, with a low-key calmness.

Alyssa thinks this car is pretty, and the owner of the car must be a low-key and calm person.

As a result, the next moment, she saw "Luther" getting out of the carâ€¦

When Karl was still in the car, he saw Alyssa. He approached and shouted with a low smile, "Cousin."

Smith followed behind and got out of the car, and his scalp tightened when he heard this claim.

"Yeah." Alyssa hurriedly responded and went in.

But she was a little puzzled as to why "Luther" would often be with Smith.

This problem didn't bother her for long. After learning that Karl was at home, she went to make dinner again.

After dinner, she went back to the room and started surfing the Internet.

Suddenly, she read a popular Twitter post.

"My friend gave me a banquet invitation, and I went to see it when I had nothing to do. It was originally a serious banquet, but I didn't expect it to be a gathering of people for fornication!"

There is also a video below.

Alyssa clicked on the video to watch it, and found a cold figure. The camera was still from behind, so she was not a very familiar person and could not recognize it.

She remembered that Tina had said that there was a banquet in the evening.

She quickly took out her mobile phone to call Tina, but no one answered the phone.

Alyssa couldn't sit down anymore, picked up her bag and ran out.

When she arrived at the place where the banquet was held, she tried every means to get in. The atmosphere in the banquet hall was indeed weird. After searching the entire banquet hall, she couldn't find Tina.

When she was in a hurry, she felt that one hand was grabbing her arm. When she was about to look back, she found that the other arm was also clamped. When she had no time to look back, someone pinched her chin and moved towards her. Drink wine, take it in your mouth.

After drinking a glass of wine, her vision became blurred, and she was helplessly assisted by the two people to walk out.
