Chapter 791

Unlike Alyssa, Karl's expression at this time was extremely gloomy.

At this moment, Karl's cell phone rang.

Without leaving Alyssa's eyes, he took out his mobile phone and answered the call.

Karl's expression was indifferent, the person on the other end of the phone didn't know what he said, and Alyssa couldn't tell from his expression.

But what surprised Alyssa was that after he answered the phone, he took a deep look at her, then turned back into the car and drove away directly.

Alyssa turned and returned to the car.

Tina asked curiously, "Why did Karl leave like this?"

"Answered the phone and left." Alyssa didn't know why Karl had left suddenly, there must be something urgent.

Only when she started the car, she realized that a car was coming oncoming.

She slowed down, and the oncoming car turned at the intersection and drove into the lane next to her.

She lowered the car window and looked through the window and found Peter, the person sitting in the car over there.

Peter also saw Alyssa, and he directly dialed her number.

"Are you all right? What about Karl? Why can't I see him?"

Alyssa said as she drove, "He just left, he answered the phone and left. Did you call him?"

"No, I came from over there, saying that there was something wrong with this section of the road, and it was necessary to repair it. If Tina hadn't sent me a WeChat address, I would have been cheated by them!"

After Peter finished speaking, he added: "Karl really can think of any method, he can do it all right."

The two didn't say much, they drove directly to Alyssa and Tina's community.

Alyssa took them to her house.

Peter sat for a while before being driven away by Tina.

When only the two of them were left, Tina asked with some worry: "Alyssa, if Karl really doesn't plan to let you go, what will you do?"

"No one lives in this world. It's because others let go." Alyssa's eyes were firm.

â€¦

As for Karl, after something like that happened at his wedding, it was quickly reported by the media. Swept the headlines of major media.

The heat continues to rise.

How high-profile Miana and Karl were when they announced their marriage before, but now they are embarrassed.

Almost all of the curses on the Internet were pressed on Miana.

And Karl received a lot of sympathies.

“Even if he’s rich and powerful, he still met such a woman.”

“Online sympathy to Karl, it’s so pitiful, I’m so ashamed.”

“As for someone like Karl, it shouldn’t be difficult to check Miana’s foundation, right? He didn’t check it. He must love Miana very much! It’s a pity that good men always meet sc*m girls!”

There are many replies under this comment.

“Miana is a sc*m girl, is Karl a good man?”

“What is it that a good man always meets a sc*mbag? You will meet what kind of person you are, so reflect on it!”

“Agree with the original poster.”

“To be honest, I don’t believe that Karl would not check Miana’s foundation. Don’t this kind of giants value these?”

Alyssa stared at the last comment, read it several times, and frowned.

She felt that this comment was correct, and it was impossible that Karl hadn’t checked Miana’s background.

As soon as she married Karl, she was checked out by Karl. Why didn’t he check Miana?

According to Karl’s character, it is impossible for him not to check Miana.

If he found out that Miana’s private life was so chaotic, how could he still be with her?

Could it be that as the previous comment said, Karl loved Miana too much, so even if he found out about her private life, he didn’t say anything, and continued to be with her like an okay person. .

No, if Karl knew these and was still willing to be with Miana, he would come forward to help her at the wedding.

In the past, something happened at AdamPic, and it was Karl who appeared in public relations.

Even if the current situation is very tricky and a mess, as long as Karl is willing, he will definitely be able to turn things around.

After several hours of fermentation, the heat gets higher, and if it continues to develop like this, Miana's reputation in Rostenvel will be completely rotten.

In the end, every thought and speculation was overturned by Alyssa herself.

She didn't bother to think about it anymore, anyway, she had achieved her goal.

Taking a look at the time, it was almost time for Grace to leave school.

Alyssa took the car key and planned to go out to pick up Grace.

Alyssa drove out of the underground parking lot. As soon as she left the community, she saw two familiar figures standing at the entrance of the community.

It is Alvin and Clifford.

The two seemed to be arguing about something, their expressions were not very good, and they almost fought afterwards.

"Beep"

A whistle sounded behind, and Alyssa regained consciousness and drove the car forward.

The sound of the whistle caught the attention of Clifford and Alvin, and both of them looked over here.

Alyssa didn't like to turn on the air conditioner in the car, so she would open the window, and the two of them naturally saw that the person sitting in the car was Alyssa.

Alvin walked over to Alyssa directly.

Seeing him coming, she parked the car on the side of the road and waited for him.

Alvin pulled the car door directly and sat in.

Alyssa was taken aback for a moment, then looked outside the car again, and found that Clifford was still standing there.

"What happened to you and Clifford?" Alyssa asked him aloud.

"Are you going to pick up Grace? I'll go with you." Alvin's expression looked a little irritable. After he finished speaking, he leaned back in the chair and hugged his arms, as if he didn't want to talk.

He didn't want to say, Alyssa didn't ask much, and drove directly to Grace's kindergarten.

Neither of them spoke.

It wasn't until they received Grace that Alvin said something.

Back at the community, Alyssa drove into the parking lot and got out of the car with Grace.

She and Grace walked ahead, and Alvin followed behind.

Anyway, he had to leave the underground parking lot, and Alyssa didn't think there was anything.

Grace and Alvin spoke without a word.

Suddenly, Grace turned around and asked Alvin: "Uncle Alvin, come to my house for dinner."

Alyssa was taken aback, why did she suddenly ask Alvin to eat at her house?

Alvin: "Okay."

Grace: "What do you want to eat? I want to eat chicken wings."

Alvin: "I can eat it all."

The two of them actually started to discuss what to eat at her house tonight in front of her!

Grace and Alvin talked for a while, and then as if thinking of something, she raised his head and said to Alyssa, "Mom, Alvin agreed to come to our house for dinner."

"â€¦!" How did this tone sound like she asked Grace to ask Alvin to eat at home?

Chapter 792

Back home, Alyssa began to prepare dinner.

Grace invited Alvin to eat at home so enthusiastically, she couldn't tell Alvin not to come, right?

Alyssa sighed and took out the dishes in the refrigerator.

Midway, she went out looking for something.

Alvin and Grace sat on the sofa watching TV attentively.

Alyssa only glanced at them, thinking they were watching cartoons or other movies, and walked directly by.

But she only walked from the side two steps before she heard the dialogue on the TV.

"Why are you doing this to me? Am I not your favorite person?"

"I love you, but I can't give up all this just because I love youâ€¦!"

"Is your love not all fake?"

"â€¦!" This bloody line.

She turned back and asked, "What are you watching?"

Grace looked back at Alyssa, thought for a moment and said: "It's just a TV where an uncle and an aunt cried at every turn."

Alvin: "Love TV series."

A big man, and a child who will be four years old next month, watching a dog blood love story together?

Alyssa didn't know what else to say.

She turned and left, and the dialogue between Grace and Alvin came from behind.

"Uncle Alvin, this aunt seems to be crying again."

“Pretending.”

“Then what is she doing while lying under the car?”

“Cut the brakes.”

“what?”

“If you cut this, you will have a car accident, get hurt or die. This woman wants to kill the red-dressed aunt, and then she will be in charge.”

“What upper rank?” This completely exceeded Grace’s understanding.

“For example, let’s say I am your father”

“You are not my father.”

“I said what if! If I were your father, I was with Alyssa, and then another woman wanted to marry me and killed Alyssa and became my wife. This is called a win!”

Grace suddenly realized: “Oh”

Alyssa couldn’t listen anymore, she walked over and hit Alvin: “What are you talking about with Grace!”

“These are not a big deal. It’s good for children to accept more things. As long as they are guided correctly, it’s nothing.” Alvin looked at Alyssa with disgust.

Alyssa glared at him, Alvin coughed lightly, turned her head and smiled softly: “Little Grace, let’s change the station, can we watch a cartoon?”

“The cartoon is not good.” Grace refused directly.

Alvin turned around and shrugged towards Alyssa, indicating that he was also embarrassed.

”

When they were about to eat, Alvin and Grace were very active in serving dishes and bowls.

Alyssa stood on the edge of the kitchen platform, looking at the two people, with an illusion of a world away.

After eating, Alyssa planned to take Grace out for a walk.

Grace put on roller skates.

When Alvin and Grace were together, they were like a child with a childlike heart, and they could play with Grace.

Alyssa looked at them not far away.

After a while, Alvin came over to Alyssa.

“Grace, this little clever ghost!” After he finished speaking, he turned to look at Alyssa: “Alyssa, did you go to Karl’s wedding today?”

“Yeah.” Alyssa glanced at Alvin, but she didn’t expect that he would suddenly ask this.

“It’s a pity. I didn’t see such a big excitement. What was going on at the time?” Alvin looked at Alyssa with a gossiping look.

“It’s boring.” Although Karl’s wedding scene was not directly done by Alyssa, she can’t get rid of it.

She didn’t want to talk about it again.

She looked up at Grace, then looked back at Alvin, and asked him, “Why keep asking me? Why don’t you talk about you and Clifford?”

Alvin’s expression suddenly became serious.

Alyssa didn’t say anything, waiting for him to speak.

“I suspect it is related to my father’s death?”

“Your father Wilfred Mann? I heard that he died of illness?” Alyssa knew about it all the time, and felt suspicious at the time, but there were too many things that happened at the time, and she couldn’t take care of it, and even more did not bother to check Wilfred died.

“It is true that he died of illness, but I recently found evidence that points to Clifford as the murderer.” Alvin squeezed his hands, his expression serious.

The relationship between Alvin and Wilfred was not very good, but it is his father after all.

As if he knew what Alyssa was thinking, Alvin said, “Yes, I hate Wilfred, but after all, he is my father and my only relative.”

Alyssa patted him on the shoulder.

There was a flash of something in her mind, but she couldn’t grasp it.

She thought for a while, but she couldn’t remember, so she had to give up.

After the sky darkened, Alyssa took Grace home.

“Grace, come here and I have something to tell you.” Alyssa sat on the sofa and looked at Grace who was still playing with roller skates by the door.

“Oh!” Grace was having fun outside, and ran over to Alyssa after a resounding response: “Mom, what’s the matter?”

“Why invite Alvin to eat at home? You are still a child. You should discuss this with me in advance.” Alyssa said patiently to Grace.

Grace lowered her head, twisted her two small hands together, and whispered: “But, you have no friends. You are not very happy recently. Alvin is your friend. Are you not happy when he comes to eat at home?”

Before Alyssa could answer, she raised her head again and said, “If you are not happy, I won’t call him next time.”

After turning such a big turn, Grace thought a lot.

Alyssa was very moved and felt a little sad.

Grace could actually tell that she was unhappy recently.

Thinking about how to deal with Karl all day, how could she be happy?

Even Grace found out.

“I’m very happy. If you like Alvin, we will often eat with him, okay?” Alyssa stretched out her hand and pulled Grace into her arms.

Grace’s body was soft, and she stretched out her hand to pat Alyssa’s shoulder, as if to comfort her.

Alyssa’s eyes flushed almost immediately.

Alyssa choked up and said, “Grace, I’m sorry, mom made you worried”

“You don’t be sorry” Grace stomped angrily.

Alyssa let go of Grace and squeezed her nose: “Well, let’s not say sorry to each other.”

“Hee hee!” she laughed angrily.

At this moment, Alyssa’s mind flashed, thinking of what Alvin had said to her before.

Clifford thought carefully. If he really killed Wilfred and didn’t want others to know, then he would definitely do it without revealing any flaws!

It is completely impossible for Alvin to find evidence!

There is something strange about this!

Chapter 793

Someone must have deliberately passed the evidence against Clifford to Alvin.

As for who will pass the evidence to Alvin

Alyssa lowered her eyes and chuckled mockingly.

Who else besides Karl?

Karl is planning to let Alvin deal with Clifford so as to take advantage of the fisherman’s profit?

Alyssa suddenly remembered the nursing home that Rachel had said before, that Clifford would go to every week.

Alvin should know something about Clifford, right?

”

The next day, after Alyssa sent Grace to the kindergarten, she asked Alvin to come out for coffee.

Alvin lowered his voice, as if afraid that others would hear it: "I'm busy, I'm free to drink with you another day."

Alyssa twisted her eyebrows for a moment and asked him, "Are you following Clifford?"

"Yeah." Alvin did not deny it.

Alyssa sighed, "It's useless."

Clifford is so alert, I am afraid that Alvin is following him a long time ago, but he will not reveal it.

"Is it useful? I only found out after I tried it. I have to see what Clifford does all day long!" Alvin's voice sounded a bit gnashing his teeth.

Alyssa was silent for a moment, and said, "Be careful."

Alvin: "I know."

After hanging up the phone, Alyssa was a little surprised.

Alvin should also be very clear in his heart, he can't beat Clifford.

But he still has to follow Clifford.

Not because he is stupid, but because he wants to do what he can do.

It was as if she and Karl were fighting for custody.

She knew that she had almost no chance of winning, but she still had to do it, even if she didn't use any means.

Yeah, she has become an unscrupulous person now.

When Alyssa passed by the community where she used to live, she saw a familiar figure from a distance.

It was Travis who she had met at the wedding.

He walked towards the gate of the community and stopped at the guard, as if he was asking about something.

This section of the road can be parked, and Alyssa parked the car on the side of the road to see what Travis was going to do.

Travis stayed at the doorman for a while, then turned back, opened the door and got into the car.

What is he doing here?

Did he come to her?

As Alyssa was thinking, the phone rang.

The numbers are familiar.

She glanced at Travis's car on the other side.

After getting into the car, Travis did not immediately drive away.

Alyssa's gaze was still on Travis's car in the distance, and she answered the phone: "Hey."

"Alyssa, it's me." Travis's voice came from the phone.

Alyssa said in a calm tone, "Is there anything to do with me?"

Travis paused before saying, "Grandpa is sick."

Alyssa was a little surprised.

She thought that Travis came to her mostly for other purposes, but she didn't expect it to be because of this.

Alyssa lowered her eyes, her eyes fell on the steering wheel, her voice was a little cold: "If you are sick, you go to the doctor."

She never wanted to get involved with the Adams' family anymore.

She does not owe them, and they don't want to find her again.

Such two are irrelevant and are good for everyone.

Travis was choked by Alyssa's words, and after a few seconds he continued, "The doctor said, Grandpa has three months at most, and he wants to see you."

Only three months!

Alyssa thought of Douglas's serious face, and her heart was a little shaken.

Douglas also used her and abandoned her for Hunt's family.

But these things he did, compared to Colin and Isabel, were considered aboveboard.

Seeing that Alyssa had been silent on the other end of the phone, Travis knew that she had been shaken: "Our family is sorry for you, but you just look at it because of grandfather's short time."

There was a hint of earnestness in Travis's tone.

He used to spend time and drink, but now he is more stable.

After a while, Alyssa said quietly, "I will think about it."

"Okay, I'll send you the address." After Travis finished speaking, he waited for a while, and saw that Alyssa really didn't mean to say more, so he hung up the phone.

Soon, Alyssa received a text message from Travis.

She opened the text message, looked at the address for a moment, then threw the phone aside and drove home.

The new house is a bit big, Grace is not there, she stays here empty.

Maybe she will live like this for the rest of her life.

Alyssa sat on the sofa in the living room and thought for a long time, then took the car key and went out.

It doesn't do any good not to see Travis in the hospital, and it doesn't hurt to see it, so let's go and see.

â€¦

When Alyssa walked to the door of Douglas's ward holding a bunch of flowers, the people inside just opened the door.

"Alyssa!" Colin came out.

Alyssa hasn't seen him for a long time.

The clothes on his body were a little wrinkled and his expression was tired. He probably spent the night in the hospital for Douglas.

Alyssa didn't say anything, just nodding slightly, which was regarded as a greeting.

Colin looked at her and said, "You come to see Grandpa? He is inside, but he just fell asleep."

Alyssa passed by Colin and entered the ward.

The ward is spacious and bright with plenty of light.

Douglas was lying on the bed, looking very thin.

After Alyssa put down the flower in her hand, she looked at Douglas.

Douglas suddenly spoke with an old and slow voice: "Why are you back again? There are so many things in the company waiting for you to deal with, and I will not be there in the future. The Hunt's family will have to rely on you, although Travis is nowâ€¦"

"It's me." Alyssa interrupted Douglas aloud.

Douglas opened his eyes suddenly.

The moment he saw Alyssa, Douglas's eyes flashed with an abnormal brilliance.

"Alyssaâ€¦" He struggled to get up.

After Alyssa came in, Colin didn't leave either, he walked over immediately when he saw this, and helped Douglas raise the bed a bit.

Douglas pointed to Colin and said, "You go out, I have something to say to Alyssa."

"Okay." Colin nodded.

When passing by Alyssa, Colin said in a very low voice: "I don't make grandpa angry, he is running out of time."

At this time, Colin knew to be a filial son.

Alyssa ignored him and sat down on the chair beside the bed.

Colin looked a little embarrassed, sorted out his clothes and went out.

boom!

With the door closed, only Alyssa and Douglas were left in the room.

Douglas's eyes were a little muddy, he stared at Alyssa for a long time, and said, "You were a very beautiful child when you were a kid. It's a pity that your mother is short-sighted and treated you badly."

Alyssa was a little confused at first, and then she laughed: "So, you have always been watching with cold eyes, watching my mother love Isabel, and treat me like a baby picked up from outside. You saw all this clearly but said nothing."

Chapter 794

Douglas knew that Rachel had short-sightedness and low vision. While she loved Isabel too much, she ignored Alyssa.

Douglas saw these things in his eyes. As the oldest elder in the family, he was like an outsider who ignored these things.

As a result, the relationship between her and the family became more and more distorted.

Isabel was completely raised by Rachel's crookedness. Travis went abroad early, and his temperament was not as crooked as Isabel's.

After all, Douglas is just selfish.

He was a cold-hearted person. After the kidnapping of Karl's mother, he was arranged by the Adams' family to go abroad to escape, and he ignored the Hunt family.

Later, after more than ten years passed, he returned to the country and returned to the family.

If Douglas had been able to take care of the family and Isabel a little back then, perhaps the relationship between her and the family would not be like this now.

He always said it was for the good of the family, but the first thing to preserve was his own interests.

He is not so selfless, nor does he do what an elder should do.

After hearing Alyssa's words, Douglas's expression became a little stiff.

Then he laughed again, with a hint of sarcasm in his smile.

Douglas asked Alyssa: "Are you blaming me?"

Without thinking about it, Alyssa said directly, "No."

He looked back at her, waiting for her to say the next thing.

Alyssa said calmly: "You didn't do what an elder should do, and I don't have to do what a younger generation should do. It's fair."

“But youâ€¦ after all, you are the Hunt’s family! This family raised you, how can you be so unfeeling?” Douglas’s body is already very poor, and he has been struggling to speak such a long paragraph.

Alyssa stretched out her hand and gently brushed the hair in her ear, her voice softly: “The person who severed my father-daughter relationship with me in the newspaper was Colin, and the person who chose Isabel to abandon me was Rachel, who looked on me coldly. Itâ€™s you who didn’t care about me. What qualifications do you have to say that I am unfeeling?”

Douglas was shocked, he couldn’t help but look carefully at Alyssa.

The twenty-six-year-old woman is still young and beautiful, but with insight that does not fit her age.

What kind of person Colin is, Douglas, the father, knows best.

However, it was really rare for Colin to give birth to such a transparent daughter.

He was wrong.

If he could take Alyssa around to raise, the Hunt family today will not decline to this point.

Alyssa is smart and upright, as long as she is careful, there is nothing she can’t learn.

“Your father is not a material for business. If I am gone in the future and no one will support your elder brother, the family will really not be able to sustain itâ€¦!” Douglas said this, still wanting Alyssa to have a hint of pity and softness.

Alyssa still hardened her heart and said, “If it’s not for business, don’t do business. What kind of person does what, what kind of person leads what kind of life.”

Douglas heard Alyssa’s words still didn’t mean to soften, stared slightly, and stopped talking.

After a long while, he sighed: “That’s it!”

Alyssa got up and left the ward.

She knew that Douglas couldn’t possibly be a good thing to see her.

Although don’t know why Douglas thinks that as long as she is willing to take care of Hunt’s affairs, it can get better. However, even if she was really capable of that, she couldn’t manage it anymore.

How soft the heart used to be, how hard the heart is now.

No one is born indifferent, and no one is born evil.

Isabel, Rachel, Colinâ€¦

These people deserve it.

When Alyssa took the elevator downstairs, she thought a lot.

Out of the inpatient building, she let out a long sigh of relief.

When she was about to walk to the gate of the hospital, she heard someone calling her.

“Alyssa.”

She turned around and saw Travis and Rachel standing beside him.

Travis and Rachel were in a hurry, and they could see that they had hurried over.

Probably it was Colin who notified them.

Alyssa faintly replied, "Big Brother."

"Why don't you tell me when you are here." Travis walked up to her, with an affectionate tone, as if they were brothers and sisters with good feelings.

"You're busy with work, I'll leave when I come to see, there is no need to inform you." Alyssa said directly, Travis's expression was a bit awkward.

"How could it be!" Travis finished embarrassingly, then turned to look at Rachel.

Rachel immediately said eagerly: "Alyssa, finally meet up and have a meal together at noon?"

Alyssa didn't say whether she was willing or unwilling, but only asked, "Have you found Isabel?"

Alyssa's tone sounded bland, but Rachel felt a little guilty: "Yet not yet!"

Hearing this, Alyssa curled her lips and said, "I'm leaving now."

Travis and Rachel wanted to keep her, but they didn't know what to say.

Alyssa didn't owe them anything, but they owed Alyssa a lot.

Travis thought for a while, then ran after her: "Alyssa."

Alyssa stood at the door, looking back at Travis: "Is there anything wrong with brother?"

"Are you really not planning to return back to Hunt's house?" Travis thought for a while and asked.

"I have my own home." A few simple words, but loudly.

Travis was taken aback for a moment, and then just nodded and stopped talking.

Rachel had more to say, Travis stopped her.

Until Alyssa drove away, Rachel couldn't help but said: "Why are you stopping me? Alyssa is the most softhearted. As long as we talk softly and beg her, she will definitely agree to return to Hunt's house. ! Rejuvenate the family with you."

Travis had always disliked this stepmother, but at this time he was a little disgusted.

He sneered: "How thick is your face, do you want to make Alyssa soft-hearted? Tell you, even if you kneel and beg her, she won't soften her heart."

Travis seemed to suddenly think of something again: "Oh, I remember. A servant at home said that when you asked Alyssa to marry Isabel into Adams' house, it seemed that you were kneeling down and begging her. ,Right?"

“Rachel was mentioned by her stepson with a blank face, and said: “That’s not because Isabel doesn’t want to marry, and we can’t afford the Adams’ family. If Alyssa didn’t marry then, we All would suffer!”

Travis sneered, “Is Alyssa your biological daughter?”

“Of course, she was born in my October pregnancy! Because of this, she should come back to Hunt’s house to help us!” The more Rachel said, the more she felt that she was right.

Alyssa is her biological daughter, no matter how cruel Alyssa says, she will definitely not leave her alone.

Chapter 795

After Alyssa left the hospital, she wandered aimlessly in the street for a while before going to pick up Grace from school.

The kindergarten will be closed in two days.

Alyssa drove the car and asked Grace, “If your mother takes you out for fun during the holiday? Where do you want to go?”

“I’ll go wherever mom goes,” Grace said slowly, leaning back in the chair.

Alyssa laughed.

â€

In the next few days, Karl did not come to trouble Alyssa, nor did the Hunt family ever come to Alyssa.

The days have become more peaceful than ever.

In addition to picking up Grace every day, Alyssa is preparing for a new drama.

Alyssa occasionally thought that it would be fine if she lived like this.

However, her peaceful life was soon broken.

Rachel didn’t know where to find the address of her new home, so she came to the door directly.

However, the community is strictly controlled and will not let people in easily.

Rachel stayed at the gate of the community for most of the day. It was after Alyssa sent Grace to the kindergarten and when she returned from shopping for vegetables, she saw Rachel.

Rachel stepped forward and stopped Alyssa’s car.

Alyssa lowered the car window impatiently, and said in a cold tone, “Mrs. Hunt, what are you doing?”

“Alyssa, don’t be like this, I know you are a kind child, come back to Hunt’s house! You and Karl have been separated for so long, so you must have a family!” Rachel stood outside the car window, spoke with a good tone for her.

Alyssa looked disgusted.

Alyssa only glanced at her, then shouted to the guard, “I don’t know this woman.”

The security guard walked over immediately and pulled Rachel away.

Alyssa drove into the underground parking lot.

Rachel's unwilling voice came from behind: "Alyssa, I beg you so kindly now, if you don't agree, don't blame me for exposing you!"

Alyssa paused slightly, and still drove the car into the underground parking lot.

However, in the afternoon, Alyssa was on the trending search list of Twitter.

â€¦

"Lost City" Screenwriter Drives Away Mother

Alyssa looked at this trending search headline and didn't even have the desire to click in to see it.

There was no fluctuation in her heart.

The phone rang at this time, it was her personal phone.

Her work cell phone was broken long ago.

Alyssa thought it was Tina's call, but when she answered it, she found that it was Mattie.

She gradually gained fame because of "Lost City", and Mattie is now tied to her with interest.

The filming of "Lost City 2" is finalized. If nothing happens, it will be broadcast in the second half of the year.

If there is any scandal related to the screenwriter during this period, it will have an impact on the play.

Alyssa answered the phone slowly, "Hey."

Mattie answered the phone and asked, "What's the matter with that trending search on the Internet?"

Besides sounding a little anxious, her tone was not angry.

Alyssa said calmly: "I will go to see her, and then go to Twitter to clarify, you don't have to intervene."

Mattie seemed to want to say something more, but in the end, she just said: "Well, you can handle it. If you can't handle it well, I have a public relations team here."

"Thank you."

This thank you, Alyssa said sincerely, and Mattie regarded her as a kind of love and righteousness.

After Grace was over from school, Alyssa took her home and called Tina to come over for dinner.

While serving the food, Tina ran to the kitchen, to Alyssa very quietly: "I just saw trending search, what is your mother going to do?"

Alyssa shook her head: "After eating dinner later, you will stay with me for a while, help me watch Grace, and I will go back to Hunt's house."

Tina thought for a while, and asked, "Shall I go with you?"

Alyssa asked, "Where to put Grace?"

Tina: "Take her too."

Alyssa laughed self-deprecatingly: "I can't take her to Hunt's house. People from the Hunt family will know, and maybe they will hit Grace with their ideas. After all, she is Karl's biological daughter."

They were able to force her to marry Karl for self-protection and profit. After knowing Grace's existence, they would definitely want to use Grace to find Karl in exchange for benefits.

They don't have something like a conscience.

Hearing Alyssa's words, Tina's voice became a little heavy: "Then be careful."

"I don't worry." Alyssa patted her cool shoulder: "Let's eat first."

â€¦

After dinner, Alyssa drove out and went directly to Hunt's house.

The Hunt's villa is brightly lit, and everyone is at home at this time.

Alyssa hadn't come back for a long time, and the servants in the villa were so surprised that they forgot to speak.

"Alyssa?" Travis saw her first.

Alyssa nodded slightly: "Big Brother."

She has always been kind to Travis.

"Why come back suddenly? Have you eaten?" After Douglas was hospitalized, Travis has been very busy these days, and he still doesn't know about trending search.

Alyssa said in a calm tone: "Came here after eating, I'm looking for Mrs. Hunt, is she there?"

Travis was startled, only to realize that the Mrs. Hunt Alyssa said was Rachel.

"She should be in the room upstairs." Travis pointed upstairs, knowing that Rachel must have done something stupid.

Rachel is really stupid enough. She has lived a silly life, and is still so stupid when she is old.

"I have something to do with her, can someone invite her down?" Alyssa's tone was very alienated.

Travis sighed imperceptibly, and said, "I will ask her to come down."

After he finished speaking, he said to the servant on the side: "Go up and call her down."

Not long after the servant went up, Alyssa heard the door opening and hurried footsteps from the stairs.

"Alyssa is back." When Rachel walked to the stairs and saw Alyssa, she smiled: "I knew that you would definitely be back."

She walked quickly to Alyssa, going to hold her hand.

Alyssa looked at her coldly and took a step back.

Rachel rushed for a moment, and stayed in the air for a while with her hands a little embarrassed. She quickly said with a smile on his face, "Sit down, sit down and say something."

Alyssa looked at Rachel, only to find it ridiculous.

Only when Rachel put her on the trending search, she was able to look so enthusiastic and happy when she saw her.

Rachel looked at the servant aside with reprimand: "Hurry up and pour water for the young lady."

The servant immediately poured water for Alyssa and brought it over. Alyssa nodded in thanks, took the water glass and put it aside, then raised her eyes to Rachel.

Rachel was looked at by her, and there was no guilty conscience on her face. Instead, she asked happily, "Alyssa, have you figured it out?"

"I don't need to think about it, and I know exactly what I should do and how I should do it." Alyssa's voice was extremely cold: "Rachel, you want me to return to Hunt's house. It's impossible in this life, so stop dreaming."

Chapter 796

Rachel originally planned to sit next to Alyssa, but after hearing these words Alyssa said, her complexion froze.

She stood there in a stiff posture, looking very ugly.

Travis had stayed to watch the show, and wanted to know what Rachel did stupidly.

As a result, Alyssa was so rigid as soon as she spoke, and Travis was still a little surprised.

He quietly sat on the sofa on the other side, listening to Alyssa and Rachel talking.

Rachel froze for a moment, and asked incredulously: "Do you even care about your reputation?"

"Fame?" Alyssa laughed lowly, "Should it not be you who don't care about fame?"

In Rachel's blank gaze, Alyssa continued: "It's useless for you to expose me. I am now of great commercial value to many film and television companies. Even if I don't come forward, someone will help me settle these things. As for the things you do, if it is revealed, tell yourself, who will help you settle it?"

Alyssa's words were mild, but Rachel's expression changed drastically.

Alyssa has been highly evaluated in the industry since the first web drama of "Lost City" went viral.

She is currently only cooperating with Mattie on a single script, and has not signed a long-term cooperation.

Many companies are inquiring about her contact information and are interested in cooperating with her.

After the broadcast of "Lost City 2", Alyssa's value will also rise.

She looked at Rachel with satisfaction, her face stiff and speechless.

She slowly stood up and looked at Rachel: "I have said what I should say, I will go now."

Alyssa turned to look at Travis, and nodded slightly at him.

Seeing her start to walk outside, Travis quickly got up and followed: "Alyssa, I will send you off."

"no need."

Although Alyssa refused out loud, Travis still sent her to the door of the villa.

When he arrived at the door, Travis seemed hesitant to speak, Alyssa didn't leave immediately, and stood there waiting for him to speak.

Travis pondered for a moment, and said, "I didn't know what your mother did. If I knew, I wouldn't let her do it."

Alyssa just smiled, saying that she didn't care.

She was about to leave, and remembered another thing: "By the way, did you find Isabel?"

"No." Travis shook his head with a serious expression: "I think that Isabel may not be found."

Alyssa thought for a while and asked: "Did she mention a person named Clifford to you?"

"The man who was sitting at the table with us at Karl's wedding that day?" Travis had said a few words with Clifford that day, and he remembered this man all at once.

Alyssa was surprised: "Well, it's him."

Travis frowned slightly: "But he is just a professor!"

"He is not just a professor." Alyssa didn't say any more, and left the sentence.

!

That night, the trending search of "#lost city" screenwriter turned away biological mother# disappeared from the trending search list.

Alyssa also posted a clarification tweet on her personal Twitter.

"Regarding the trending search, although I think what is clear is clear, I still have to express my opinion to these friends who support me and love me: I am not sorry to anyone in the Hunt family."

The last sentence looks simple but powerful.

As soon as this Tweet was posted, there were comments and reposts soon.

It didn't take long for this Tweet to become popular again.

The topic quickly made the trending search list.

Alyssa stared at trending search and her head hurt.

Tina didn't go home at night and lived at Alyssa's house.

She sat next to Alyssa and scrolled Twitter, and said with her serious face that she turned her head and said to Alyssa earnestly: "Otherwise, you can enter the showbiz circle, take endorsements, shoot commercials, participate in variety shows, etc. It will earn you more than you as a screenwriter But it's much faster! Look at your traffic and go on trending search whenever you have something to do. If you want to enter the show business circle, most companies are rushing to ask you!"

Alyssa looked indifferent: "I don't want to."

She is already the mother of a child, and there is no need to mix her up in the entertainment industry.

Besides, she is not so short of money, and she is in good condition now.

Can write scripts at home with peace of mind, and live a peaceful life, away from right and wrong.

She is very satisfied with her current state.

"Really not in? It's very profitable! Maybe you can be more popular than me!" Tina got closer, urging Alyssa.

Alyssa sneered and said, "If you are willing to be a traffic star, you are also very popular now."

Tina curled her lips, stopped talking, lowered her head and continued to swipe her phone.

Suddenly, she swiped a Tweet and handed it to Alyssa: "Look at Peter, it's not too big to see the excitement!"

Peter's Twitter account is also with tens of millions of fans, and they are all live fans.

There are tens of thousands of comments on each Tweet.

Alyssa turned to look, and found that Peter had retweet her clarification tweet with a sentence: "Ms. Alyssa has any intention to cooperate with a film and television company this year? Consider our AdamPic Media. [Poor .jpg]"

Seeing this Tweet, Alyssa couldn't help but laugh.

"Peter is helping me." Peter is very important in the entertainment industry. Even he retweeted Alyssa's Tweet and wanted to cooperate with her. This is a big show.

"I don't seem to follow him yet." After Alyssa finished speaking, she clicked on Peter's Twitter and clicked Follow.

Alyssa started Twitter and didn't interact with the people around her much, just because she was afraid of causing unnecessary trouble.

So many things happened at that time, and her reputation was not very good, so she didn't interact with them.

Now it seems that everything is over.

Tina looked at Alyssa's expression, knowing what she was thinking, patted her shoulder and said, "Okay, go to sleep."

â€¦

Early the next morning.

Tina woke up and started to scan Twitter again.

She took a look at the trending search list, cursed secretly, "f*ck", then lifted the quilt and ran to Alyssa's room.

"Alyssa, these netizens have picked up the relationship between you and me and Peter! These netizens don't sleep, do they? Just grab someone's Twitter if nothing is wrong, and their minds are as delicate as a microscope!"

Tina took off her shoes and rushed into Alyssa's room.

Although it was summer, the air conditioner in the room was a bit low. Alyssa moved aside, and said with sleepy eyes, "Come up first."

After Tina came up, Alyssa also leaned over to look at her mobile phone.

The trending search is titled about the relationship of three people and is at the top.

Chapter 797

As soon as Alyssa saw her lined up with Tina and Peter's names, she suddenly became sober.

"What's wrong?" She straightened up suddenly, her eyes falling on Tina's phone screen.

Tina turned to a popular tweet on that topic to show Alyssa.

"As shown in the picture, Tina once helped Alyssa to speak. She signed to Peter's company AdamPic Media before and met Peter. Peter used his private account to repost Alyssa's Twitter, explaining that he also knows Alyssa, which means that these three people all know each other!"

"â€¦ And these people all appear when the other party is most critical and most in need. What kind of fairy friendship is this?"

Alyssa's first reaction was: "Who bought the trending search?"

She hadn't done anything good on the trending search before, but she didn't expect that the trending search this time was not hacking her, which made her a little bit unbelievable.

"Nobody really bought it. It came out suddenly in the middle of the night." Tina shrugged and turned to the comments with interest.

The more she looked down, the more she couldn't help laughing: "Don't tell me, these people's comments are quite interesting, look at this!"

Alyssa turned her head and glanced.

“What kind of fairy friendship, can’t it be love? Tina and Alyssa are in love. These two wrote the script and the other was filming. You write me filming, and I will stand for you right away!”

“I think what the above one said makes sense. Tina came out to stand for Alyssa long ago, right?”

“Tina is a strong player in every play, and Alyssa’s “Lost City” is also a big hit script. Both of these are outstanding and beautiful people. I feel that they are really good match!”

“The person who just came to eat melon has a question, who is the male and the female of these two? Why do they sound like both women?”

“I don’t influence us to hit this, love is regardless of gender!”

Alyssa: “I knew that as soon as I was on the trending search, there was nothing good.”

“Hahaha, I think it’s quite fun.” Tina continued to flip through the comments, but as soon as she slipped her hand, she gave a thumbs up to that tweet.

“f*ck!” Tina cursed in a low voice and hurriedly canceled.

But canceling is useless. She has so many fans, and this topic is so popular that someone will definitely see it and take a screenshot.

Netizens’ hand speed is the most unpredictable in the world.

“It’s over, what to do, Alyssa!” Tina threw the phone aside, and shook Alyssa vigorously, asking her to find a way.

Alyssa was expressionless: “Chill!”

“

And it turns out that Tina’s premonition is quite right.

She just slipped a thumbs up, and then canceled it. All this happened within a second, but there were still screenshots of netizens who got fast.

The user who commented on the tweet also took a screenshot.

“[Picture] Ah ah ah Tina gave me a thumbs up!!!”

Tina looked unlovable, she turned her head and asked Alyssa: “If I explain to them that I actually slipped my hand, will they believe it?”

Alyssa said with a smile without a smile: “The hand slip rate of these actors and stars in the entertainment industry is quite high in one year.”

In the entertainment industry, there are often “hand slipping” incidents, but in fact, some people are too aware that they have caused misfortune, and they have found an excuse to shirk.

If Tina really explained this, those people would definitely not believe her.

Chapter 798

The topic has been searched again.

The speed is so fast that people are stunned.

The number of trending searches on Tina is actually not as many as Alyssa.

This time she even took a trending search because of Alyssa.

The label on Alyssa's body is too topical.

The agent called Tina, "Tina, what do you want to do with the trending search on Twitter?"

Tina's agent was specially selected by Peter. He was a very experienced and stable person. He would consider everything for Tina and would also seek her opinions.

The topic of this trending search is not negative, it is still related to Alyssa. The broker is also very clear about the relationship between Alyssa and Tina, so the agent called to ask her.

Tina said to the other end of the phone: "You wait a moment."

After speaking, she turned to look at Alyssa: "Alyssa, what do you think? Let's just withdraw the trending search, right?"

Alyssa thought for a while, shook her head, and said, "You don't need to withdraw. Anyway, it's not a negative topic. If you withdraw at this time, it won't be good."

"Also." Tina replied to the agent, not withdrawing the trending search.

â€

After this trending search was on the topic list for a day, its popularity gradually decreased.

However, those netizens did things one after another.

The trending search topic just came down, and they were unwilling to be lonely and built a "warm cool" super talk.

There were hundreds of thousands of fans who checked in and signed in that day, and the popularity directly ranked in the top 50 of the Super Talk list.

The heat continues to rise.

Tina is not too big to watch the excitement, she also followed to join in the excitement, while watching, she said: "The fans are rising so fast."

Alyssa thought Tina was too boring, so she didn't want to talk to her.

In the evening, Alyssa took Tina to pick up Grace from school.

"Let's go out to eat, just as a celebration of the establishment of our relationship." Tina sat in the co-pilot's seat with a look of interest.

Alyssa gave her a white look.

At this time, her cell phone rang.

Alyssa glanced at the phone next to her and found that Peter had called.

She looked at Tina, "Help me answer the phone."

Tina also saw Peter's name, and she refused directly: "You take it yourself."

Alyssa said, "I can't pick up when I drive."

Tina hesitated for a while, but still helped Alyssa answer the phone.

She turned on the speakerphone and handed it to Alyssa.

Alyssa glanced at her and then "heeded" to the phone.

"Alyssa, let's have a meal together tonight."

Alyssa was originally curious about what Peter was looking for, but when she heard that Peter was only looking for her to eat, she was a little confused: "Just eat?"

"Of course not, there is something else." Peter was quiet on the other side, and should still be at the company.

Alyssa glanced at Tina and deliberately said: "Okay, but I am with Tina now!"

"Isn't this nonsense? Of course I brought her here, and Grace." Peter knew that Alyssa was carrying Grace by herself, and she had to take her everywhere she went.

After hanging up the phone, Alyssa heard Tina snorting: "don't talk to me, I don't want to talk to you now."

Alyssa smiled helplessly, and said to Grace in the back row: "Grace, Uncle Grant asked us to have dinner at night, and we won't eat at home tonight."

"Okay." Grace was familiar with Peter, and was naturally happy when she said that she would have dinner with him.

!

At night.

When Alyssa and her party arrived at Best Day, Peter was waiting in the lounge area of the lobby.

As soon as they entered, Peter greeted them.

"Waiting for a long time for you guys." After Peter finished speaking, he squatted over to Grace: "Come on, uncle hugs you."

Grace stretched out her hand to let Peter hug.

Peter lifted her up high.

Grace grabbed his hand and giggled.

Tina hugged her arms and said, "The child is scared when he lifts her so high."

Grace turned her head to look at Tina, and said solemnly: "I'm not a kid, I'm not afraid."

Tina: "â€¦"

Peter smiled triumphantly at Tina: "Have you heard, Ms. Grace is not afraid, let's have another one."

Peter hugged Grace and walked to the front, he made Grace amused.

Tina and Alyssa fell behind.

Tina said with a look of disgust: "A 30-year-old is like a child."

Alyssa smiled: "There is a saying, a man is a boy to death."

"Just himâ€¦ old child!" Tina snorted softly.

Alyssa laughed, but Tina and Peter were really enemies.

And this is too patient with the enemy.

Love and kill each other for so many years, not with each other, nor looking for others.

â€¦

When they arrived in the box, Peter took the menu to Grace and got together to order with her.

The child seat was brought in by Peter early in the morning.

The two looked close together and thought they were father and daughter.

Peter asked the waiter to serve two plates of dim sum to Grace.

After Grace had something to eat, he just ate it.

The adults of them happened to be able to talk about business matters.

Peter said sternly: "Alyssa, in fact, I found you today because there is something else."

"Yeah, you said." Alyssa put down the water cup in her hand and leaned back slightly, listening intently.

Peter paused, with a serious expression: "Consider coming to AdamPic Media."

Alyssa's complexion was slightly stagnant, and there was no immediate sound.

Others didn't know, but she knew very well that Karl was the big boss behind AdamPic Media.

It is naturally a good thing to be able to cooperate with AdamPic Media.

onlyâ€¦â€¦

Peter knew what Alyssa was worrying about, and said aloud: "Karl no longer cares about AdamPic Media. Most of the equity is in my hands. He is only a shareholder now."

When these words came out, Alyssa and Tina were a little surprised.

AdamPic Media was established by Karl in the past. From scratch, it has become the leader of the entertainment industry.

But now he is no longer a big boss and retires behind the scenes to become a minority shareholder.

Alyssa frowned slightly and asked Peter, "When did it happen?"

"A few days ago, after the wedding," Peter hesitated slightly before continuing: "He said it was compensation for the previous thing."

"What's the matter?" Tina only knew that the person who broke her leg was Miana, but she didn't know that Peter and Karl almost broke.

Peter glanced at Tina, and said lightly: "A little thing."

Although Alyssa had many doubts in her heart, she didn't ask any questions in the end.

She was silent for a moment and said, "But my "Lost City" series has already been signed to Mattie."

"The version of the web drama was given to Mattie, isn't there still the copyright of the movie? Besides, you will have other works too." Peter was extremely serious when talking about business.

Chapter 799

Halfway through the conversation, the waiter began to come over and serve.

They did not continue this topic.

Peter concluded with a sentence: "Think about it. If you believe me, sign to AdamPic. I will definitely give you the best resources and team."

Alyssa smiled and nodded slightly.

Peter also mentioned Alyssa and Tina's trending search.

"I've read all the trending searches, or you guys will make a debut, or you can add me, and the three of us can make a debut together."

After Peter finished speaking, he laughed first.

Tina gave him a white look: "Thinking too beautifully."

Peter looked straight, "I'm serious. Someone called me to ask for the contact information of Alyssa."

The previous trending search on Twitter brought the three of them. Those people naturally knew that he knew Alyssa, and the contact information for him to ask for Alyssa was normal.

Tina immediately said, "Alyssa doesn't want to cause trouble."

"I know, I didn't say anyone." Peter waved his hand again and again.

"

Halfway through the meal, Grace was going to the toilet.

Alyssa took her out.

Grace entered the bathroom, and Alyssa was waiting for her outside.

Her cell phone rang just then.

It's a strange number.

Alyssa picked it up, "Hello, who?"

"Hello Miss Alyssa, I'm from XX Performing Arts Company!"

Alyssa frowned when she heard this, "Sorry, you may have made a wrong number."

She hung up and another call came in.

Alyssa picked it up again, and realized that it was also from some program group.

"Sorry, I don't want to participate in the show." After Alyssa hung up, the phone rang again.

Still a strange number.

Peter said that he didn't tell others her contact information, but now is the information age, it is not difficult to check her contact information.

She is not like Karl, all information is encrypted, and no one else can find it.

Alyssa simply set the phone to prevent unfamiliar calls from coming in.

The phone finally quieted down.

At this time, there was a sound of footsteps not far away.

From far to near.

Alyssa looked up and saw that the person's complexion was faint.

Since Karl's wedding, she has not seen Miana.

The wedding incident ruined Miana's reputation in the upper circles of Rostenvel.

Miana was hiding at home until today.

But she didn't expect to meet an old acquaintance as soon as she came out.

"Alyssa." Miana stared at Alyssa, her face and voice very gloomy.

Alyssa slowly put away her phone, watching Miana not speaking.

Miana looked at Alyssa with a faint voice: "You did the wedding, right?"

Alyssa didn't do anything about the wedding, but she found the video materials, and originally planned to hand them over.

Before Alyssa could speak, Miana laughed, and said to her: "I'm really curious about how you got the information."

“If you want people to know it, you can’t do it yourself.” Alyssa left this sentence coldly, and went into the bathroom to find Grace.

Miana quickly walked around to her and blocked her path: “My life was ruined by you, how could you expose it lightly? Do you know how much I paid to marry Karl? All of this was destroyed. You ruined it!”

Miana’s expression is hideous and she looks crazy.

Alyssa heard a slight opening of the door, it should be Grace coming out of the toilet after going in.

Alyssa’s complexion is slightly heavy

Chapter 800

Alyssa glanced in the bathroom and looked at Miana calmly: “No one can easily ruin someone’s life. If you think your life is ruined, then you must have ruined it yourself.”

“It’s you! You ruined my life!” Miana looked at Alyssa with hatred, as if she would come up to tear her at any time.

Alyssa listened, there was no movement inside.

Grace, may not understand what Miana and Alyssa mean, but she can feel the tension between them.

So it didn’t come out.

Alyssa also thought of this, and she was relieved.

“Whatever you think.” Alyssa was about to leave.

Miana held her: “Do you want to leave now?”

Alyssa chuckled lightly, with a soft tone: “You should know that Peter is Best Day’s boss.”

Although Best Day is also Karl’s industry, it has always been managed by Peter.

Miana naturally believed in Alyssa’s words.

Even if there was nothing about Tina, because of Karl three years ago, she and Peter had forged it.

In Peter’s territory, she really did not dare to mess around.

“Let’s take a look, the pain you make me feel, I will definitely give it back to you!” Miana’s eyes were filled with bone-eating hatred, and after speaking fiercely, she raised her foot into the bathroom.

Miana entered the toilet cubicle, and Alyssa followed in.

She found the compartment where Grace was, the door opened, and Grace was standing obediently leaning against the door.

Alyssa touched her face and hugged her out.

After leaving the bathroom, Grace was also very quiet.

Alyssa wanted to say something, but didn’t know what to say.

When approaching the box, Grace's voice sounded: "It was Aunt Miana just now."

During the three years when Alyssa was sleeping, Miana was Grace's nominal mother.

Although Grace and Miana are not very close, they are considered familiar.

She has a good memory, and she can't hear Miana's voice.

However, how should Alyssa explain to Grace the gloom and intrigue of adults?

When she arrived at the door of the box, Alyssa heard Grace whisper: "She doesn't like me, father, mother, and I don't like her either."

Grace said a series of "dislikes", which sounded a little awkward, but Alyssa understood what Grace meant.

The child's mind is very simple.

You don't like the person I like, and you don't like me, so naturally I won't like you.

Simple right and wrong, simple happiness.

This is a privilege that children only have.

Alyssa hopes that Grace can always do this.

She was moved and pleased, and kissed Grace's face: "No one is liked by everyone. Even if someone doesn't like you, my baby is the best baby."

Grace understood, and looked at Alyssa with a smile, her clear eyes curled into crescents: "Mom is also the best mother."

Alyssa smiled so much that tears were coming out.

She put Grace on the ground: "You go in first. Mom just forgot to go to the bathroom. She wants to go back."

Grace nodded: "Yeah."

Alyssa opened the box door and watched Grace enter.

Tina asked her, "Why don't you come in Alyssa?"

"I'll go to the bathroom and come in again." Alyssa closed the door after speaking.

She stepped aside, raising her head to calm her emotions.

Grace is too sensible.

The more sensible she is, the more Alyssa feels self-blame.

If the child is so young and so sensible, she must be a mother who is not doing well enough.
