Chapter 801

Alyssa stayed outside for a few minutes, and was about to turn around to enter, when she heard a cool voice behind her: "Grace, where are you going!"

Alyssa turned back fiercely, and saw Grace had rushed out of the box, just disappearing at the corner.

"Grace!" Alyssa yelled, and swiftly chased after her.

But Grace not only did not respond to Alyssa, but also did not stop.

When Alyssa chased her over, there was still Grace's figure around the corner.

Alyssa's heart burst, and the whole person was dumbfounded.

She yelled again: "Grace!"

The corner was just at the fork of the corridor. There were several corridor entrances, and there was no way to guess where Grace had gone.

No, Grace's calves are short, even if she runs so fast with all her strength, it is impossible to disappear in the blink of an eye.

Did someone take Grace away?

It must be so!

But how could Grace suddenly ran out of the box?

At this time, Tina followed up: "Alyssa."

Tina saw Alyssa standing there alone, without Grace's figure around, and her heart sank, "Where is Grace?"

"She's gone." Alyssa was calm, turned around and saw Peter, and said immediately: "Peter, you can let people look at Best Day's exit, and then help me adjust the monitoring."

Peter's expression was also somewhat condensed: "Okay!"

After he finished speaking, he walked to the side and called: "The entire Best Day is sealed off. Anyone who sees a guest with a little girl will stop and report to me. All people from one to fifteen years old will stop."

Peter hung up after speaking.

As for how to explain after stopping, those waiters naturally have reasons.

Tina felt a little self-blame.

Just now she and Peter were talking about other things, but Grace suddenly ran out and they couldn't stop her.

If she looked at Grace well, Grace wouldn't run out.

But now is not the time to blame yourself, it is most important to find Grace.

Tina took the initiative to say: "I'll go to the door to help identify, Peter, you can monitor the heating, you look for it together, and we will act separately."

"Yeah." Alyssa just patted Weber's shoulder, motioning her not to blame herself.

As soon as Tina left, Peter would take Alyssa to adjust the monitoring.

Alyssa grabbed him and said, "You ask someone to take me over, so please take someone to find the boxes on this floor, one by one. I think Grace didn't run far at all. It must be because of this floor. Someone took her into the box."

Peter has an identity and a lot of respect.

It would be more convenient if he took someone to the box to search.

When Peter heard the words, he responded: "Okay!"

He ordered people to take Alyssa to adjust the monitoring.

The three men act separately.

The security guards in the monitoring room were notified that when Alyssa arrived in the monitoring room, they were already adjusting the monitoring.

There was no Grace in the first few corridors.

When it was the turn of the last corridor, it was found that the monitoring screen was completely dark.

Alyssa's complexion changed, and she asked in a cold voice, "What's the matter? Why is there no monitoring screen?"

She was very worried about Grace at the moment, her cold face made her look very sharp.

The security guard also knows that the people who can come to Best Day for consumption must be rich and influential, not to mention that this is the person who has personally ordered the monitoring.

Seeing Alyssa like this, the security guard was also a little anxious.

"That's the monitoring was still good before, and don't know how it broke!"

Chapter 802

Alyssa knew that it was useless to blame the security at this time.

She called Peter directly.

Peter was probably in the box, so he didn't answer the phone for a long time.

She hung up and called Tina again.

Tina answered quickly: "Alyssa."

Alyssa asked her, "How is it? Have you seen anyone?"

Tina: "No, what is on your side?"

"There is a corridor with a broken monitor. I just called Peter and he didn't answer it. I'm looking at the broken corridor now."

"Okay." Tina knew that no amount of comfort at this time would be useful.

"Ok."

Alyssa hung up the phone and left the monitoring room.

She went to the corridor where the surveillance was broken.

There are three boxes in this corridor, all luxury boxes.

Alyssa grabbed a waiter: "Knock on the door and tell the guests inside that you are going to give them wine."

"But Mr. Grant!" The waiter still hesitated.

Alyssa didn't give him a chance to speak, and directly pushed him: "Either go in or lose your job."

The waiter had no choice but to knock on the door and enter.

Alyssa glanced at the door, and there was a table of people sitting inside, some familiar and some strange.

After the waiter came out, he was pushed by Alyssa to knock on the door of another box.

There are fewer people in the box than in the previous box, and there are also a few familiar ones.

After all, this circle is so big, and there are only those people in the circle.

Finally arrived at the last box.

The waiter knocked on the door for a long time, but there was no response inside.

When he looked back at Alyssa, he saw that Alyssa looked a little serious.

Alyssa said, "Thank you, go ahead."

After the waiter left, Alyssa reached out and knocked on the door twice.

There is still no response inside.

Alyssa stood at the door for a moment, stretched out her hand and pushed open the door hard.

The lights in the box are dim.

There was only one man sitting at the round dining table.

After seeing the man's face clearly, Alyssa's hanging heart also returned to its original position.

She looked at Karl who was sitting at the dining table, and said calmly, "It really is you."

There are only a few people close to Grace. She is smart and early-minded, and vigilant. Others can never deceive her with sweets, snacks and toys.

After the initial panic, Alyssa looked for a while and gradually calmed down.

Who could have made Grace chase him as soon as she saw him, besides Karl?

The weather at the end of June was already a bit hot. Karl wore a black shirt and his hair was neatly trimmed.

Don't know if it's because of his hair being cut short again, he looks thinner and thinner.

Karl just raised his eyebrows slightly without speaking.

Alyssa closed the box door, walked to the opposite side of Karl, and asked him, "Where is Grace?"

"Now you know you want Grace? When you put Miana's video at the wedding banquet, wasn't it courageous?" Karl's eyes were as deep as cold pools, containing emotions that Alyssa couldn't understand.

"You deliberately came to find Grace, and now hiding her, is this revenge for my posting Miana video at the wedding reception?"

After Alyssa finished speaking, Karl narrowed his eyes non-committal.

Alyssa chuckled, leaning over, resting her hands on the dining table, a pair of cat eyes fixedly watching Karl, and said very slowly: "Do you think I will believe it?"

Karl's pupils shrank suddenly, his expression a little embarrassed.

Chapter 803

The two looked at each other for a few seconds, and Karl had already recovered his calm.

"You don't look like you really want to see Grace." Karl said calmly.

Alyssa chuckled lightly and sat down opposite him, "You let her come out to see me."

Karl's expression remained unchanged: "Why?"

Alyssa took a deep breath, and stopped wiping around with Karl: "Let's talk about it, why did you deliberately lead me over?"

If Karl simply wanted to see Grace, he could go to her directly. It was not necessary to use this method to lead Grace away and then lead her back.

Therefore, Karl's purpose was to draw her over.

Karl's eyes flickered slightly, and his back straightened a little bit longer than before.

Alyssa watched his subtle reactions silently.

She rarely calmed down and observed Karl like a bystander.

Her heart was so calm as if there were no waves.

The box was extremely quiet, and Karl still watched her and said nothing.

Suddenly, Alyssa's cell phone rang.

It was a call from Peter.

Alyssa pressed the on button.

"Alyssa, I have found Grace. She is with Smith."

"I see, I have something wrong, you and Tina will help me take care of Grace first."

Grace and Smith were together, which confirmed Alyssa's guess.

It was indeed Karl who brought her over on purpose.

When she first came in, she really thought that Karl would use Grace to retaliate against her.

But she quickly calmed down again.

No matter what Karl had done, she believed that his nature would not become so bad.

Karl had never done anything to women, let alone threatened a woman with a child, not to mention that the child was his biological daughter.

He is a ruthless person, but in his bones he still has the pride of a wealthy son.

Smith would take Grace and be found by Peter, which shows that Karl had no intention of taking Grace away.

When she was here, he let Smith bring Grace on purpose for Peter to find her.

Alyssa hung up the phone and looked at Karl who was quite thin before her. She felt that she was getting more and more confused about Karl.

"What on earth do you want to do?" Alyssa looked at Karl, but his eyes seemed to be covered with a layer of protection, making her unable to see what he was thinking.

After a long while, Karl finally said, "Have you met Miana?"

Alyssa frowned. What does it matter if I meet Miana?

"A woman's revenge is stronger than a man, and when she is cruel, she is even more cruel than a man. You should know this better than me." Karl said unclearly.

Alyssa's brow furrowed tighter: "What then?"

How does she feel that Karl is reminding her to be careful of Miana?

"The prerequisite for taking good care of Grace is to take good care of yourself first. I don't want my daughter to be treated badly." Karl's tone sounded righteous and awe-inspiring.

Alyssa laughed at herself. After so long and experiencing so many things, how could she still have the illusion that Karl was thinking about her?

Such a ridiculous illusion.

“You didn’t talk so much nonsense before.”

Alyssa felt that what Karl said today was very redundant.

Without waiting for Karl to speak, Alyssa said again: “I thought you loved Miana so much, but now it seems like that. A man’s change of heart is much more ruthless than a woman, and I only understood this later. a little.”

Chapter 804

After leaving the box, Alyssa called Tina.

Tina and Peter took Grace back to the previous box.

Alyssa pushed the door in, and Grace saw her at a glance.

Grace called her: “Mom!”

Alyssa did not respond to Grace gently as before.

She looked at Grace with a serious face, and only faintly responded, “Yes.”

Then she turned her head and said to Peter and Tina, “I will trouble you guys today.”

Children are very sensitive.

Grace could feel that Alyssa was angry. She looked at Alyssa baffled, standing aside with her small head drooping, and did not dare to pull Alyssa’s hand.

Peter smiled and said, “Why are you polite to us?”

“Yeah, I will be angry if you do this again.” Tina glanced at Grace, pulled Alyssa’s arm, and whispered, “Don’t scare the child.”

Alyssa shook her head slightly, indicating that she knew how to measure.

Alyssa looked at the time and said, “It’s getting late, let’s go back.”

After such a thing, everyone no longer has the thought of eating and having fun.

On the way back, Tina and Grace sat at the back and kept talking to Grace in a low voice.

Alyssa drove the car calmly without saying a word.

When they arrived at the community where the two lived, when Tina got of the car, she still wanted to talk to Alyssa.

Alyssa saw Tina’s intentions and said before she spoke, “Don’t worry.”

Tina heard this, and said no more.

Alyssa led Grace back home.

Grace felt that Alyssa was angry, and remained silent along the way.

After entering the room, Grace didn't need Alyssa to remind her. She directly took out the slippers from the shoe cabinet and put them on for herself. She also took out the slippers that Alyssa used and put them neatly in front of her.

"Mom, change your shoes."

Alyssa did not refuse, bending over and starting to change shoes, but there was no expression on her face, let alone a smile.

Seeing that Alyssa had changed her shoes, Grace ran to the coffee table again, took Alyssa's usual cup for drinking, and took a glass of water to the water dispenser.

She walked to Alyssa with water and asked, "Mom, would you like to drink water?"

Alyssa walked to the sofa and sat down, and pointed her finger at the coffee table: "Thank you, let it go."

After Grace put the water on the coffee table, she felt that it was too far, and moved to Alyssa.

Then, she rubbed her hands and stared at Alyssa in a daze.

Alyssa pointed to the sofa, and only said one word: "Sit."

Although Alyssa didn't have an angry expression on her face, the aura exuding from her was enough to make Grace timid.

Grace sat on the sofa obediently, pursing her mouth in a straight line, her back straight, and her little hands behind her, making her look very obedient.

Alyssa was angry and distressed, and asked her, "Do you know where you are wrong?"

Grace pursed her lips, blinked at Alyssa, then lowered her head again without speaking.

Alyssa sighed slightly and asked her, "You want to see Dad?"

"Yeah." Grace nodded.

"It's true that you want to see Dad, but you should just leave with Dad without telling me!" Alyssa wanted to make her tone sound a little harder, but looking at Grace's pitiful appearance, she couldn't help it. Softened her tone.

Grace's mouth slumped, with a hint of crying: "I just wanted to ask him if he doesn't want me anymore, why doesn't he come to see me."

Chapter 805

When Grace spoke, tears were already rolling in her eyes.

However, she kept her mouth flat and never let the tears come out.

Alyssa looked distressed, but did not feel relieved.

“Okay, I get it, but you just left with Dad without telling your mother, did you do it right?” Alyssa’s expression still had a serious look on her face.

“No.” Grace blinked, tears streaming from her eye sockets, she stretched out her hand and wiped her face, wiping away the tears.

Alyssa hardened her heart, did not hold her or wipe her tears, and asked, “What then?”

“I won’t do this again in the future, I will never follow father without telling mom.” Grace sobbed softly, not daring to cry.

Alyssa is usually gentle to Grace, but once she is not gentle, it is still very deterrent to Grace.

Alyssa stared at Grace for a few seconds, and finally sighed, taking a tissue to wipe Grace’s tears.

Grace couldn’t hold back anymore, and threw herself into Alyssa’s arms and started crying loudly.

It’s a child after all.

Alyssa hugged her and gently patted her back.

After a while, Grace finally calmed down.

Alyssa let go of Grace and saw her crying red eyes and face.

She put Grace on the ground and silently took her to the bathroom, washing her face and bathing.

When Grace fell asleep, Alyssa sat in front of the computer for a while, unable to write a word, and went back to the room to sleep.

â€¦

Early in the morning, Alyssa sent Grace to kindergarten.

When she went back, she saw online lace news about Karl.

“Last night, Karl took two w0men into a certain hotel-not out the whole nightâ€¦!”

This kind of news has something to do with Karl, which really makes Alyssa a little uncomfortable.

But she did not expect that this was just the beginning.

In the following days, there will be a lace news about Karl almost every few days.

Tina didn’t dare to mention this matter to Alyssa at first.

Later, she mentioned it accidentally, and when she saw Alyssa’s clear air, she completely let go and did not discuss the matter with her.

“Karl was hurt too deeply by Miana, so is he going to let himself go?”

Alyssa stirred the juice in front of her with a straw, looking lazy: “Who knows.”

Tina was a little emotional. She thought that Alyssa and Karl would be together for a lifetime, but she didn’t expect that she would watch Karl’s lace news with Alyssa today.

Tina felt that this topic was not interesting, and changed the topic: "Tomorrow Grace will have summer vacation. Where do you plan to take her on vacation?"

"I haven't figured it out yet, maybe I will stay in Rostenvel." Alyssa raised her hand and looked at the time: "Grace will soon be over from school, I'm going to pick her up."

"Well, I have a banquet tonight, I'll go back and prepare first." Tina also picked up the bag and stood up.

July is already the height of summer.

When Alyssa came out of the restaurant, she felt a heatwave on her face.

Just came out of the air-conditioned room and it was terribly hot.

She frowned slightly.

Tina stood beside her and looked up at the sky.

When they came here before, it was still sunny, but now the sky was covered with dark clouds and it looked like it was going to rain.

She turned her head to look at Alyssa: "Hurry up and pick up Grace. It looks like it is going to rain heavily. It's really annoying when it rains."

"Well, you too, go home early after the banquet." Alyssa nodded towards Tina.

After Tina left, Alyssa narrowed her eyes and looked up at the sky.

How does she feel that this is the tranquility before the storm?

Chapter 806

People tend to get sleepy in summer.

On the first day of the holiday, Grace slept until nine in the morning.

As soon as she woke up, I went to Alyssa.

"Mom, I'm hungry."

Alyssa was sitting on the sofa holding the computer to check information.

Just thinking that Grace would wake up at any time, she sat in the living room specially.

Her new script was conceived, but she did not determine the final topic, so she first collected some information on the Internet.

"The baby is awake." Alyssa touched Grace's head, got up and led her into the bathroom: "Wash your face first, then eat."

She cooked porridge and eggs in the morning, and it should still be hot right now.

After Grace washed up, she ate porridge obediently at the table.

Alyssa continued to check the information.

She swiped the mouse twice, flipped two pages of documents on the computer, and turned her head to look in the direction of the dining table from the side of the computer.

Alyssa moved a bit-the pillow leaning behind her asked Grace: "Grace, is there any place you want to play in particular?"

Grace took a spoon and gave a mouthful of porridge to her mouth. After thinking about it, she widened her eyes and took a look at Alyssa, but did not speak.

Alyssa said warmly: "Just say what you want to say. We are chatting now. You can say whatever you want."

Grace shook the spoon in her hand, her voice was a little quiet: "I want to see Dad."

Alyssa actually thought of this a long time ago, and was not surprised: "Didn't you see him the last time you ate?"

"But he didn't hug me or talk to me." Grace's tone was a little bit complaining.

Alyssa fell silent.

She took out her phone, hesitated for a moment, and texted Karl.

"Grace wants to see you, do you have time lately?"

After the text message was sent, Alyssa did not receive a reply immediately.

She was not in a hurry.

She put down the phone and looked up, and she saw Grace looking straight at her.

She curled her lips and said with a smile: "We'll talk about it after you finish the meal."

"Oh." Grace obediently replied, and finished the porridge in the bowl in twos and twos.

Then she slid down from the chair very carefully. Since she was just a little taller than the dining table, her little head raised her bowl and went to the kitchen.

She entered the kitchen and did not come out immediately.

Alyssa listened to a bit and heard the sound of water coming from inside.

She paused and sighed slightly.

Before long, Grace walked out of the kitchen.

She ran up to Alyssa, "Mom, I washed the dishes."

Before Alyssa took Grace to do simple housework together, there was always a small stool in the kitchen for Grace to step on.

"That is so great?" Alyssa said, using a tissue to wipe off the water on Grace's hands.

"Hehe." Grace smiled.

Alyssa was thinking about things, so she wiped it slowly.

At this time, she heard the sound of new messages coming in from her mobile phone.

She picked up the phone and saw the text message from Karl back to her: "I have time."

Alyssa directly replied: "Make an appointment."

Karl: "Tomorrow afternoon."

Alyssa put away the phone and raised her eyes to find Grace looking at her eagerly.

A pair of clear eyes are full of expectation.

"Dad saidâ€¦!" Alyssa paused on purpose, and then smiled and said, "He will be free tomorrow afternoon. I will take you to see him tomorrow afternoon, okay?"

Grace laughed at once: "Okay!"

Alyssa touched her face: "Then you accompany me this afternoon. Mom is going to the library to check materials. Will you accompany me?"

"OK." Grace nodded like garlic.

Alyssa frowned slightly thinking of the recent scandals about Karl on the Internet.

Fortunately, Grace's identity has not been exposed.

No one knew that Karl had a daughter.

When Karl lost his memory in the past, someone had taken pictures of Karl, Miana and Grace traveling together.

But in the end it was nothing.

If Grace's identity and photos are exposed, Grace will definitely be affected because of Karl's affairs.

â€¦!

In the afternoon.

Alyssa took Grace to the library.

It is not a weekend, some schools have not closed yet, and there are not many people in the library.

Alyssa took Grace to find the book she needed, and she found several comic books for Grace, and sat down in a place.

Grace didn't bother her, quietly reading the comic book.

Alyssa's work efficiency is also much faster.

The mother and daughter stayed in the library all afternoon, and left close to dinner time.

Alyssa's original plan was to go to the supermarket to buy something and cook at home.

But Grace said she was hungry, and Alyssa took her to find a restaurant outside for dinner.

Due to the location, there are not many people in the restaurant.

The sound of high heels suddenly sounded behind her, in a quiet environment, it seemed a bit harsh.

Alyssa was startled, turned her head abruptly, and met a pair of sinister eyes.

It's Miana again!

There is no woman in summer who does not love beauty or wear skirts.

But Miana, who always pays attention to dressing, even wore a long dress and trousers, a cap and a mask, and a bag.

The whole person looks eerie and weird.

It's just that Alyssa is so familiar with her that she recognizes Miana at a glance.

Alyssa felt what Miana was going to do and shouted, "Waiter!"

This restaurant is a bit big. In order to be quiet, Alyssa specially chose the location in the corner.

The waiter received other guests on the other side and didn't even notice Alyssa's voice here.

Alyssa hurriedly turned her head and said to Grace: "Don't be afraid, Grace."

Grace nodded and sat obediently with her lips pressed.

Alyssa glanced at Grace again, got up and walked towards Miana.

When she walked over, she kept paying attention to Miana's bag.

She noticed that Miana reached into her bag.

The next moment, Miana's hoarse voice sounded: "Alyssa, go to death!"

Miana was clearly holding a dagger.

Fortunately, Alyssa was well prepared and was not stabbed by Miana.

After Alyssa dodged the dagger she stabbed, she overturned a small empty table next to her very neatly.

The waiter came over after hearing the sound: "What happened?"

Seeing that Miana didn't stab once, she swung her dagger towards Alyssa again.

Alyssa reacted quickly, and after avoiding it, she tightly grasped her hand.

Grace's nervous voice came from behind: "Mom!"

Alyssa was distracted, and Miana broke free and struck her shoulders.

Alyssa didn't care about the pain, and fought with Miana, turning around and shouting at the stupid waiter: "Take my daughter away and call the police!"

The waiter reacted fiercely, and ran over to hug Grace aside.

The manager ran over with other waiters, trying to stop Miana.

Chapter 807

This time Miana made up her mind to kill Alyssa to death.

Her strength was amazing. The two waiters failed to restrain her, and one of them was scratched by her.

Grace had been taken away by the waiter, and Alyssa had no scruples.

She has also practiced, and she is not bad in terms of reactivity.

She fought with Miana again.

This gave the waiter a chance to control Miana.

In the end, Miana was pressed to the ground by three waiters and tied up with rope.

There was chaos in the restaurant.

In the chaos, Alyssa didn't care whether those photos were taken or not.

After seeing that Miana was subdued, she went to find Grace.

Grace's eyes were red, obviously shocked.

"Mom, you are hurt!" Grace pointed to Miana's shoulder and said with a cry.

The summer clothes were very thin, Miana's dagger was also unusually sharp, Alyssa's shoulder was soaked in blood.

The manager came over with sweat, and said to Alyssa anxiously, "Miss, we will take you to the hospital to dress up the wound."

If something like this happened in the restaurant, it should be handled carefully.

If it is not handled properly, it will have a great impact on the restaurant's business. Therefore, the manager also behaves very cautiously.

Alyssa couldn't drive because of her shoulder injury. She still had to take Grace with her, so she nodded and said, "Ok."

The manager sent Alyssa to the hospital.

Before her wound was bandaged, the waiter at the restaurant called the manager: "Manager, the police are here, and the lady needs to record a statement together."

After Alyssa bandaged the wound and went out, the manager greeted her and said anxiously, "Miss Alyssa, you might go to the police station this time."

"Yeah." Alyssa said in response, "But I want to change clothes first."

After she finished speaking, she touched Grace's head.

When Alyssa was bandaging the wound just now, Grace frowned and bit her lip without speaking.

Alyssa held Grace in her arms, and did not let her look at her wound.

There are large bloodstains on the clothes, and Grace will be scared when she keeps wearing them.

The manager naturally understood what Alyssa meant, and said, "Well, of course."

â€¦

On the way to the police station, Alyssa bought a piece of clothing and put it on.

The clothes were paid for by the manager, and Alyssa could not get it.

The manager knew that Alyssa was a celebrity, but he was afraid that Alyssa would attack restaurant online if she was in a bad mood.

In this era, online public opinion has a great influence.

At the police station, the police officer in charge of the case was already waiting for her.

The police first understood the basic situation, and then said: "Miss Alyssa, Miana said that you have been secretly sending people to kill her, so she came to the restaurant to attack you. What do you think of this matter?"

Alyssa frowned slightly: "I don't have such intentions."

After Miana and Karl's wedding were ruined, something went wrong in her mind?

After the police made a transcript, Alyssa saw Miana.

"This time it's your luck!" Miana looked at Alyssa viciously: "As long as I am not dead, you don't want to have a good life. I have never seen a vicious woman like you who ruined me. My wedding, my life, I want to completely ruin you!"

Alyssa still had a calm face: "I didn't send anyone to kill you. You value me too much. I don't have that ability."

"Lie! Someone always followed me when I went home recently. I found that there was a problem with the brakes when I drove. You wanted to kill me!" Miana's voice was sharp and harsh.

Alyssa was a little confused, Miana didn't seem to be lying.

But who is going to kill Miana?

Chapter 808

While Miana was talking, she was about to pounce on Alyssa.

The police quickly grabbed Miana and yelled: "Miana calm down."

"Police, she wants to kill me, Alyssa wants to kill me! She must have instructed them, and she also destroyed my wedding! It's all her."

Miana roared hysterically, her emotions were a little uncontrollable, and she seemed a bit crazy.

Upon seeing this, the police immediately took her to the detention room.

“What are you doing? What are you doing to me? Do you know who I am? My last name is Palmer! Do you know who my dad is?” Miana’s cursing voice gradually became quieter.

Another police officer looked on business matters: “Miss Alyssa, we will notify you again when we investigate clearly. I hope you can keep in touch with us at any time so that we can tell you about the progress of the case.”

“I see, thank you Officer.”

When Alyssa took Grace out of the police station, she saw an unexpected person.

Mattie stood in front of the car, hugging her arms, her tone a little helpless: “I’m here to pick you up.”

Alyssa asked her: “Why are you here?”

“Get in the car first, otherwise the reporters will come.” Mattie was about to open the car door, but noticed Grace beside Alyssa.

Seeing Mattie looking at Grace, Alyssa touched Grace’s head: “This is your mother’s good friend at work, Aunt Mattie.”

Grace also cried out cleverly: “Aunt Mattie.”

Grace had cried before, her eyes were still red, and she looked very pitiful.

Mattie felt relieved, she immediately opened the car door: “Eh, get in the car.”

After Alyssa and Grace got into the car, Mattie kept staring at Grace who was sitting in the back row.

“How did you know that I was in the police station?” Alyssa asked Mattie aloud.

Mattie sighed slightly: “It’s been searched hot.”

She has been in the entertainment industry for so many years and has come into contact with many celebrities, but there has never been a trending search like Alyssa, who can be searched for every little bit of action.

Things that have a bit of a horoscope can also be searched hot.

Even small things that can only be touched, can still be searched.

This is a constitution that is born to be red.

But Alyssa just didn’t enter the entertainment circle, if she entered the entertainment circle, how popular would she be.

Alyssa frowned slightly.

The situation was a bit urgent at the time, and she couldn’t take care of that much.

It seems that someone took a photo at the scene or the video was posted online.

Alyssa asked helplessly: “Photos or videos?”

Mattie said: "Video."

Alyssa didn't speak.

When she and Grace went to the restaurant before, it was already dinner time. In the middle, they went to the hospital and then to the police station. It was already past nine o'clock.

"Is Grace hungry?" Alyssa lowered her head and asked Grace.

Grace shook her head.

But Alyssa knew that Grace must be hungry.

But at this time, the reporter must be blocking her everywhere. They can't eat outside and can only go home directly.

She tilted her head to look at Mattie in front, and said politely: "You can send me home directly, it's troublesome."

"Who are we with whom you are pretending, why are you so polite?" Mattie said grimly.

Alyssa sighed slightly without speaking.

Soon they arrived at the community where Alyssa was located.

When Alyssa took Grace and Mattie in, she encountered Tina on the way.

"You are back, are you okay? How are you?" Tina asked when she saw Alyssa and grabbed her.

Chapter 809

Tina touched the arm attached to Alyssa's injured shoulder.

Alyssa hissed with pain.

Tina hurriedly let go of her hand: "Is this hurt?"

"Small injury." Alyssa said, "Go back to the room first."

Only then did Tina notice Mattie standing behind Alyssa's side.

Mattie greeted Tina: "Miss Weber."

Tina smiled back: "Miss Adkins."

After she finished speaking, she turned to look at Alyssa.

Alyssa didn't explain anything, but just pulled her forward.

It's already late.

But before dinner, Alyssa went home and immediately cooked for Grace some noodles.

When she released the water, she did not forget to ask Mattie and Tina, "Have you two eaten?"

Tina shook her head: "No, I have not eaten it."

She was attending an event tonight. At the end of the event, she went to Twitter to find that Alyssa and Miana were on the trending search together.

There is also a video above.

Tina felt horrified when she watched the video, and the phone of Alyssa was turned off, so she came home directly to find Alyssa.

Alyssa looked at the dress that Tina had not had time to change, and knew that Tina must have just returned from an event.

So she added more water, planning to cook a bowl for Tina.

It takes some time to cook the noodles, so Alyssa steamed for Grace a small bowl of custard in the microwave.

Just a few minutes.

She brought out the custard and put it on the table, letting Grace eat it first.

Grace stayed in the library with Alyssa today. She didn't eat in the evening. So many things happened again, and she was already hungry and sleepy.

All the women in room watched the little girl eating custard delicately, without speaking.

After eating the noodles and putting Grace to sleep, Alyssa came out to talk to Tina and Mattie about today.

"I took Grace to the restaurant to eat, Miana suddenly rushed in." Alyssa did not hide it, and said it in front of Mattie.

This matter has spread everywhere now, and no one is unaware of this.

Mattie was very willing to find the police station in the first place.

Alyssa is still very grateful to her.

Mattie sneered: "She's crazy? She was messing around by herself, which caused the wedding to be canceled. What was she doing there? If she has the ability, she should go to Karl!"

Alyssa hesitated a little, and said, "Maybe it was too much stimulation."

"Now those reporters are looking for you everywhere, they dare not look for Karl, so they can only look for you everywhere, wanting to have the emotional entanglement between the three of you, Karl and Miana."

After Mattie finished speaking, she glanced at Alyssa: "You need to be a little more cautious when you go out recently. Those reporters will arrest people one by one."

"I see, it makes you bother." Alyssa nodded.

Mattie sighed: "Contact me if you have anything, I have to go first."

It's getting late, and she has other things. Now that Alyssa has arrived home safely, she can also leave.

The security system in this community is very good, so there is no need to worry about the press conference.

After sending Mattie away, Tina asked Alyssa: "Did you have anything to say just now?"

Alyssa said directly in front of Tina, "Miana kept saying that she wanted to kill me."

"Does she think that everyone is as innocent as her? What does she take human life for? If you can't understand, hire someone to kill someone, and only her kind can do it."

Tina took a few breaths and kicked the trash can with her foot.

Chapter 810

Alyssa was much calmer than Tina.

"The photos and videos that appeared at the wedding of Karl and Miana last time were not mine. I suspect" Alyssa's expression was slightly sinking: "Put the videos at their wedding and buy murderous Palmer, this cotton is the same person."

In Tina's surprised eyes, Alyssa added: "Of course, the premise of all this is that Miana did not lie."

Tina thought for a while, and said, "Since Miana dares to fight you hard, then what she said must be true. However, based on Miana's family background, who would dare to really buy her and try to kill her?"

You know that Miana's father is a high-ranking official.

Even if Miana lost her face at her wedding to Karl, and her father's identity was there, no one could do anything to her.

Alyssa also thought about putting off video on Karl's wedding.

But then she thought about it, and felt that the success of making trouble at Karl's wedding was not very successful, so she sent those things to the media.

How many people can make such a big move at Karl's wedding?

Alyssa was lost in thought.

Seeing Alyssa kept silent, Tina asked, "What did you think of?"

"It's nothing, it's just that I am a little tired." Alyssa yawned as the voice fell.

"Then you rest early, and I will see you tomorrow." Tina got up and planned to leave.

After sending Tina away, Alyssa did not go to rest immediately, but sat in the empty living room thinking about things.

â€¦

Early the next morning.

When Alyssa went downstairs to throw trash in full gear, she swung around at the gate of the community.

From a distance, she saw someone sneaking up and down outside the community.

It seems that there are still reporters at the door.

Alyssa pulled her mask, lowered her head and turned back.

She walked a little hurriedly and hit someone halfway.

The person who was hit by her reached out and helped her shoulders and called her name: "Alyssa."

Alyssa looked up, a little surprised: "Alvin?"

She hasn't seen Alvin much recently. He probably has been checking his father Wilfred's affairs and is relatively busy.

"What are you doing?" Alvin is really busy lately, and has no time to pay attention to other things, so naturally he doesn't know about Alyssa and Miana.

"Have you found anything recently?" Alyssa asked him.

Alvin knew that Alyssa was asking about his father.

"I followed Clifford secretly for so long, except for going to school, going to the library, occasionally attending gatherings, and then going home. I think he might know that I was suspicious, so he did nothing."

Alvin felt a little anxious about this incident.

"Clifford is very thoughtful and it is difficult to find his flaws." Alyssa thought for a while and asked: "Then you now know who provided you with evidence?"

"I don't know, I'm actually very curious." Alvin laughed mockingly: "Now I find myself very useless."

Alyssa shook her head: "Some things are just like this, and sometimes it may not be useful if you try your best."

The words of Alvin made Alyssa more certain of the guess in her heart.

The person who gave Alvin the evidence that Clifford killed Wilfred, the person who put the indecent video of Miana at Karl's wedding

To do these things without being discovered by others is really not something ordinary people can do.

It is very likely that the same person is doing these things.

The ringtone interrupted Alyssa's thoughts.

Seeing the phone number displayed on the phone, Alyssa's complexion changed slightly, and said to Alvin, "I'll answer the call first."
