Chapter 901

This evening, Alyssa and Tina said a lot.

When they fell asleep, it was early morning.

But the next morning, Alyssa's biological clock still made her wake up on time.

The place next to her was empty, there was a slight sound of water in the bathroom.

Tina should be cautious that she was still sleeping, so there was little movement in the bathroom.

Alyssa got up from the bed, stroked her hair, and went out to Grace's room.

Grace had woke up and was playing on the quilt.

Alyssa took care of Grace's washing first.

After washing, Tina changed clothes and put on makeup.

Then helped Alyssa to take Grace downstairs.

â€¦

After dinner, Alyssa and Tina went out together.

Tina will go to the notice, Alyssa to the company.

When she reached the gate, she saw that Dave had already driven the car to the gate.

Alyssa knew early in the morning that Dave's appearance could not just be entrusted by Karl to help her move things.

It should be to protect her.

And Tina's agent had already driven over.

"I'm leaving now." Tina stepped into the car with one foot and looked back at Alyssa.

Alyssa waved to her: "Well, be careful on the way."

Tina nodded and got in the car and left.

Watching the cold car disappear, Alyssa got into Dave's car.

"What did Karl threaten you with?" Alyssa sat in the back row, her eyes falling on Dave's side face.

The tone is half serious, half joking.

Having known Dave for so long, although Dave has a cold temperament, he is not a hard-to-contact person.

It was precisely because of this that Alyssa dared to talk to him like this.

Dave drove forward and replied: "It's cooperation."

When Alyssa heard the words, she smiled and said nothing.

Alyssa felt that even if she lived another ten lifetimes, she would not necessarily have the clever mind of Karl.

â€

She met Smith at Adams' door.

"Mrs. Adams." Smith nodded slightly.

Alyssa walked straight to the elevator entrance: "Let the person in charge of purchasing Hunt come to my office later, I want to know the progress."

Dave followed behind them, walking barely making any noise.

When he arrived on the floor, he went to his own office, Smith went to do what Alyssa had ordered.

And Alyssa took Dave to the CEO's office.

Alyssa went in first, and just after two steps, she heard Dave's voice behind him: "Wait."

"What's wrong?" Alyssa asked back.

Dave's gaze fixedly looked towards the lounge.

Alyssa understood what was coming, and stood by the door without moving.

In the next second, Dave said in a heavy voice: "Come out by yourself, or I will come in and invite you."

Is there someone in the lounge?

Alyssa looked at the door of the lounge carefully, only to find that the door was a bit open and not closed.

If she does not bring Grace to the company, she rarely uses the lounge.

She doesn't use the lounge, and basically closes the door otherwise.

At this time, the door of the lounge was ajar, which was enough to show that someone had entered the lounge just now.

When they sensed that Alyssa and Dave were coming in, they hid in the lounge.

The door of the lounge was too late to close, so it had to be like that.

If you close it hard, it will make a sound to attract Alyssa's attention.

But the person who sneaked in was counted, and he didn't count that Dave would come with Alyssa.

If only Alyssa herself, she would definitely not have noticed that the door of the lounge was not closed, let alone know that someone had come in.

Chapter 902

After a few seconds, the door of the lounge was opened from the inside.

Alyssa's complexion changed slightly when she saw that familiar face.

"Clifford? How did you get in?" unknown people and others can't usually get in Adams's House.

And he went straight into her office.

Clifford was a little more haggard than when Alyssa saw him last time.

His eyes were gloomy, with a trace of fatigue between his brows and eyes.

No longer the gentleness of the previous disguise.

Alyssa believed that this was Clifford's original face.

Clifford's eyes fell on Dave, and he said coldly: "Have you got a bodyguard?"

Dave knew Clifford.

Without waiting for Alyssa to speak, Dave directly stepped forward, made some quick and accurate moves.

Alyssa didn't expect Dave to make a move suddenly.

At this time, Smith happened to walk in from outside with the file.

When he came in and saw the situation inside, he was shocked.

Alyssa had already reacted and said to Smith: "Call the security guard to come up."

Although she believed that Dave would be able to beat Clifford, she still asked the security guard to come up more to handle him more securely.

Turn around to call the security guard.

But Dave quickly subdued Clifford.

There are not so many perfect people in the world. Although Clifford has a clever mind and a certain degree of knowledge, he is still far behind Dave, a professional assassin who washes hands in a golden basin.

Dave threw Clifford to the ground, put his hands behind him, and asked in a deep voice, "What are you here for?"

Alyssa walked over and squatted in front of Clifford: "Clifford, what's the matter of coming to the door in such a hurry? Come and listen."

Clifford is actually a very calm person.

It's normal for him to come to Alyssa, but if he sneaks into her office, things are not just as simple as finding her.

Alyssa suspected that Clifford's purpose for coming this time was not simply to threaten her or to speak harshly.

Clifford gritted his teeth, his eyes fixedly looking at Alyssa, still with thick bloodshot eyes, looking hideous.

Alyssa saw Clifford like this for the first time.

Lost his calmness, like a wild wolf that was offended.

But it is not worthy of sympathy.

"Did you let Karl catch Muffi! Didn't you!" Clifford roared.

The sound was loud, and Alyssa's eardrum was a little painful.

"Muffi is missing?" Alyssa was a little surprised.

The night before, Karl also said that he would not use Clifford's methods to deal with him.

But today Muffi is gone.

But Alyssa believed in Karl.

Karl would not use that method, so he would definitely not use that method.

"What kind of pretense? Karl has taken her away, right? Let him come out to confront me and bring my sister back? What does it mean to take my sister? She is only a patient!"

Clifford really lost his reason, he had completely lost his calmness and intelligence in his daily life.

The sound of closing the door Smith came from behind.

Later, Smith asked Alyssa softly: "The security has come up, do you want them to come in?"

Alyssa did not immediately reply to Smith, but looked at Clifford with a cold expression, "Patient? What a great patient?"

"Grace is just a child, why can you do it?" Alyssa couldn't help but raised the volume.

"That's what Karl owes me! He owes me!" Clifford shouted loudly: "My father wanted to call the police out of good intentions, so they rushed out and killed them! Are they good people? But good people are still dead!"

Chapter 903

Clifford told Alyssa about this matter before.

Alyssa sneered and said, "So you do everything right with Karl? But were they killed by Karl? Karl was just a victim."

"Which victim can live like Karl, have a wife and a daughter, and be happy?" In addition to hate, there is also a hint of jealousy in Clifford's eyes: "After my parents and brother died, I have been living a lifeless

life. Ghost or phantom, do you know how I grew up? What have I experienced until today, do you know!”

“We are all victims in this case. Why can Karl live better than me? Why can he easily get happiness and redemption, and I tried my best to live better than him?”

Clifford’s eyes were unwilling to not spread hatred.

“Why is he like that!”

Clifford seemed to have found an outlet for venting. He opened his eyes wide and continued: “In that old street, besides Karl, there was me! But you only saw Karl in your eyes! I just gave it. His pen! Why didn’t you see me?”

“You were very beautiful when you were a kid, so beautiful that you will be like at first sight. When I saw you in Australia, I recognized you at a glance.”

Clifford targeted Karl everywhere, but it was still because of jealousy.

Alyssa thought he and Karl had much feud.

Actually not.

He was only jealous that Karl had the same experience as him but lived better than him, so he targeted Karl everywhere.

Trying to separate Alyssa and Karl, wanting to see Karl in pain.

It is exactly the same as Gerald back then.

It’s all psychological distortions, coupled with jealousy, and doing irrational things.

Alyssa was slightly moved: “Clifford, have you ever thought that if you put all your energy into other things, you will live well.”

Clifford said almost immediately: “Impossible!”

What else could Alyssa say, but Clifford had already recovered his usual calmness: “Okay, after talking so much, you should let me go.”

“There are a lot of confidential documents in the CEO’s office. How do I know that you didn’t steal something when you came in?” Alyssa didn’t plan to let Clifford go. “Let’s go to the police station.”

Clifford fiercely raised his head to look at Alyssa: “Do you know what you are doing?”

“Of course I know.” For Clifford, there is no need to be soft-hearted.

She didn’t know who captured Muffi, but this time it happened to be able to send Clifford to the Public Security Bureau. How could she miss this opportunity?

Although it is not a big deal for Clifford to sneak into the office, he can be detained for at least a few days if he is found stealing or other charges.

It’s okay to make him suffer.

Clifford must have been forced to be anxious because of Muffi's capture.

He thought that Karl did it, so he sneaked into Alyssa's office, trying to catch Alyssa and threaten Karl.

â€¦

Clifford was taken away by the police.

However, his behavior was not a crime, so he ended up in administrative detention for one week.

Alyssa was very satisfied with the result.

If Clifford could stay there for a few days, it would also give Karl more time to deal with things.

But the fact is, when Clifford entered with his front foot, his back foot was released on bail.

Dave told her this news.

Alyssa asked, "Who saved him?"

Dave: "A woman."

Chapter 904

A woman?

Alyssa quickly remembered who that woman was.

It was Clifford's capable right hand, Daisy.

She is Clifford's trustworthy confidant, and has an innocent face with no offensive power, but in fact, she is a cruel character who is not lost to Clifford.

Alyssa put down the file in her hand and looked at Dave: "She is Clifford's right-hand, called Daisy."

Dave didn't seem to be interested in Clifford's affairs. He just nodded and didn't speak.

â€¦

In the afternoon, Alyssa received a call from Alvin.

The last time she saw Alvin, he ran into Karl.

She knew that Karl would definitely handle this kind of thing, so she left at that time.

Alyssa didn't know what the two said later.

"Let's have a meal together tonight, I have something to tell you."

Thinking that Grace was still at home, Alyssa tactfully refused: "I can't leave Grace alone at home."

"You can bring Grace." Alvin also really likes Grace.

Alyssa said, "It's too far, not very convenient."

The environment of Karl's villa is quiet, because the environment is very good and very livable, and the location is naturally not very prosperous.

Alvin said with doubts: "Far?"

Alvin was sincere and honest, Alyssa had to say truthfully: "I am not living in the apartment for the time being."

"Then where did you go? You?" Alvin suddenly fell silent as if he understood something.

Alyssa was silent for a moment: "If you have time now, I will invite you to have coffee."

Alvin was very simple: "Good."

â€

Alyssa ended a meeting and took Dave out to meet Alvin.

Dave is a very professional bodyguard and rarely speaks out. Alyssa takes him out, and it is easy to ignore that there is such a person.

Alvin came before her.

As soon as Alyssa entered, she saw Alvin waving at her again.

"Alyssa, here."

After Alyssa walked over and sat down, she ordered a cup of coffee.

"What do you want to tell me?" She raised her eyes to the opposite Alvin, and went straight to the topic.

Alvin looked at Alyssa, always feeling that she seemed to be different.

Alyssa took a drink from the cup, and asked Alvin in surprise, "Why keep staring at me?"

"I always feel that you are different from the last time I saw you." Alvin laughed lowly, with an unclear expression: "Is it because of Karl?"

"Huh?" Alyssa didn't actually understand what he meant.

"It's okay, let's just talk about business." Alvin's expression narrowed and said, "Do you know that Clifford has a younger sister?"

Alyssa understood it all at once and asked him, "You caught Muffi?"

Alyssa had been thinking before that it was definitely not made by Karl.

Alvin's whereabouts have been uncertain recently, and she couldn't remember him for a while.

He did it.

Alvin did not directly answer her question, but said: "It seems you know the existence of Muffi."

"I know, I have seen her." Alyssa did not deny it either.

“Clifford is good to Muffi. It seems that IQ is not more than eight years old and she is like a mentally retarded person, but Clifford has always been good to her.” Alvin sighed.

Alyssa raised her head fiercely and asked him, “Muffi is awake?”

“What do you mean?” Alvin looked at Alyssa blankly.

Alyssa explained to him: “Muffi was injured when she was a child, and has never woken up.”

Chapter 905

Alvin nodded: “No wonder she looks so stupid, but she has a good complexion, not like a vegetative who just woke up.”

Alvin seemed to be interested, and chatted with Alyssa about Muffi.

“Candy and salt can’t be distinguished. She looks like a big girl, but she is actually a child!”

Alyssa listened in silence.

If those things didn’t happen, Muffi should be able to live a normal life.

Rather than sleep for more than ten years, after waking up, she will not fit into this world.

However, it was Karl’s father’s fault to trace the root cause.

Trevor and Lina’s unfavorable relationship led to these tragedies that followed.

There was a continuous reaction, and until so many years later, Karl and Clifford were still affected by the events of the year.

Alyssa had mixed feelings in her heart.

In the end, he only said to Alvin: “Don’t hurt Muffi.”

“Do you think I am Clifford? Muffi is like a mentally retarded child, am I going to kill her?”

Alvin suddenly paused and said, “It’s not exactly the case. If Clifford still admits to killing my dad, I won’t be polite to Muffi.”

“you!”

Alyssa wanted to say something, but she was interrupted by Alvin when she opened her mouth: “I have no friends in the country. I asked you out just to share this with you. I will soon bring Clifford to justice.”

Without giving Alyssa a chance to speak, he continued, “Don’t worry if Grace is at home alone, go back soon.”

Alvin’s changes during this period are obvious.

Between the eyebrows and eyes, there was less of the former looseness and frivolity, and a touch of calmness.

The investigation of Wilfred’s case also made Alvin more mature and stable.

“Okay, I’ll go home first, and I will take Grace to see you later when I have time. She talked about you before.” Alyssa was not polite, and stood up as she spoke.

Alvin smiled: “Goodbye.”

Alyssa turned and walked out.

Alvin kept looking at her. After Alyssa got out of the cafe, Alvin looked out from the floor-to-ceiling glass wall.

He didn’t look back until Alyssa’s figure completely disappeared.

He held the glass in front of him and shook it unconsciously. The expression on his face was a bit ecstatic, and he didn’t know what he was thinking.

At this time, his cell phone rang.

Alvin had no intention of picking it up.

Thinking of something, he took out the phone again.

It’s a call from a domestic servant.

Alvin answered the phone.

The servant’s voice sounded: “Mr. Mann, the young lady broke the vase and is injured”

“If she is injured, don’t you know what to call to the hospital?”

After Alvin finished speaking, he said a little irritably, “I’ll be back soon.”

”

On the way back to Adams’ family, Alyssa met another unexpected guest.

“Alyssa.”

Travis stopped in front of Alyssa, looking a little haggard.

“I won’t change my mind.” She knew what Travis’s purpose was.

“but”

Travis was still close to Alyssa, and was separated by Dave’s hand.

Travis frowned and looked at Dave: “Who are you?”

Alyssa’s attitude made him unhappy. He couldn’t find Alyssa to give his breath. A bodyguard in Dave naturally didn’t have a good tone.

Alyssa glanced at Travis: “He has a bad temper, don’t mess with him.”

There is one more thing she didn’t say, that is, “You can’t afford it.”

The current Hunt’s wind and rain are swaying, just like a broken house, falling down with a gust of wind.

With Dave's worth, Travis really couldn't afford him.

Chapter 906

Travis took a half step back and looked at Alyssa from a distance of one and a half meters.

"Alyssa, can you think about the acquisition of Hunt's?"

He begged: "I promise I will be careful about Rachel in the future, and I won't let her mess around again, okay?"

Alyssa's expression was faint: "I'll think about it."

Travis nodded happily: "Okay, then you think about it!"

He knew that Alyssa was soft-hearted.

As long as she is willing to let go, there will be a chance.

â€¦

After Alyssa returned to the office, she was really seriously considering the acquisition of Hunt's.

After Mr. Hunt and Isabel died, Colin completely ignored the business.

Everything about the Hunt family was crushed-on Travis's head.

The relationship between Douglas and Travis, the grandfather and grandson, was very good, much closer than Travis and Colin.

And Douglas's always thought was to keep the business and let Hunt's family go on.

Therefore, Travis would do his best for it.

In a sense, it was Rachel who provoked Alyssa, not Travis.

Everyone has something they want to protect.

What Travis wanted to protect was the Hunt's.

Besides, Travis didn't feel much sorry for Alyssa.

Alyssa was really shaken.

She leaned her head back on the chair and turned the chair with her toes.

After a while, she stopped and took out her mobile phone to send a message to Tina: "Tina, do you think I should buy the Hunt's?"

Tina should be busy, so she did not reply.

Alyssa sighed. Just as she was about to continue working, a new text message came in.

Few people still send text messages.

Alyssa thought it was an advertising message, and planned to open it and delete it easily.

But she opened the text message and found that the content was: "Clifford came to you?"

Alyssa was taken aback and replied, "Who are you?"

After the message was sent, there was no response.

Alyssa put the phone aside, and glanced at the phone after turning two pages of documents.

Just over ten minutes later, finally a new text message came in.

Alyssa opened to look.

The text message was extremely concise: "Your child's father."

Alyssa couldn't laugh or cry when she saw these words.

Alyssa replied: "How do I believe you?"

The other end turned back very quickly: "Come to see you at night?"

Alyssa's heartbeats, Karl will come to her again tonight?

Without waiting for her to reply to the text message, Karl sent another one: "I can't come tonight, wait a few more days."

Alyssa thought of what she had been hesitating about just now.

After hesitating for a moment, when she reacted, the text message had been sent.

"I'm wondering, should I buy Hunt's?"

After a long while, he turned back: "It's very kind to not let them face bankruptcy."

Seeing these words, Alyssa was quite sure that the person texting her was her child's father, Karl.

Karl's resolute temperament would never hesitate in this kind of thing, he would definitely do what he said.

Alyssa felt that her personality was not suitable for business at all.

"You come back soon, Adams's House will really be defeated by me if you are later," Alyssa said from the heart.

She was really worried that she would bring the business down.

Karl quickly replied: "If you lose everything, you can earn again."

Alyssa couldn't laugh or cry, Karl was really not worried at all.

Alyssa sent another text message: "Do you really care about money?"

Karl replied, "I have two treasures that are more important than money."

Chapter 907

Alyssa didn't realize what Karl meant at first.

So he asked him, "What is it?"

Karl ignored her.

Alyssa came to understand after realizing it, Karl was talking about her and Grace.

The reason why Karl ignored her was probably that she didn't understand what he said, so she was angry.

Karl has always been stingy.

And it's not to blame Alyssa for not reacting to this.

After all, Karl in her memory is not so good at speaking.

Alyssa looked at her mobile phone for a while.

Confirming that Karl would not text her again, she put her phone aside.

He doesn't reply, so she won't send it to him again.

â€¦

Until the end of work, Alyssa did not receive a reply from Karl.

Dave stayed in the company all day.

He will go wherever Alyssa goes.

Almost inseparable.

Alyssa thought, Karl asked Dave to do this.

When going home, Dave also drove.

Out of the garage, Alyssa called home and asked about Grace's situation.

"The little lady is still as good as before, do you want to talk to her?" The servant is still an old woman, who has taken care of Grace before.

"No, I will come home soon."

Alyssa hung up the phone and noticed in the rearview mirror that Dave's expression was wrong.

Seeing this, Alyssa asked, "What's wrong?"

"There is a car following us all the time." Dave looked serious, still carefully paying attention to the car behind.

Alyssa glanced back, and indeed saw a suspicious car.

The distance between the cars is a bit far, and the driver wore a mask and a peaked cap. She couldn't see his face at all and couldn't confirm who the person was.

Alyssa looked back and asked Dave: "Did that car follow us when we came out of the garage?"

Dave nodded: "Yeah."

Alyssa didn't say much.

Dave will deal with such trivial matters.

It is not possible to park on this section of the road, nor is it possible to park the car in the middle of the road to stop the car behind.

The two cars fought a distance war on the road.

After a while, Dave threw the car away.

But it's almost time to get to the villa.

Alyssa's first thought was that Clifford sent someone to follow her.

But after another thought, she moved back to Karl's villa. It was very simple for Clifford to know the address.

Therefore, the person who followed her was not Clifford's person.

â€¦

When getting out of the car, Dave might have noticed that Alyssa's face was not so good, so he said: "I will let someone investigate this matter."

"It's okay." Alyssa pursed her lips: "Go in."

Dinner is ready.

Grace returned to a familiar place and adapted quickly.

There is a children's room in the villa, and the yard is also large. In contrast, it is more fun than the place where Alyssa lives.

During the meal, Alyssa called Dave together.

Dave did not immediately agree.

In fact, he is still accustomed to being alone, and he will have dinner with them at the party yesterday, which is considered a compromise.

Grace is a personality, she ran over to Dave's hand: "Uncle Dave, eat together."

Alyssa smiled and said, "Let's eat together, all of us are family."

Claire certainly did some very bad things.

But she has reformed.

Alyssa admitted that she was a softhearted person, and she had already forgiven Claire.

Besides, Claire also helped her.

Claire is Karl's older sister, and everyone sees the relationship between her and Dave.

Alyssa said that the family is not too much.

Chapter 908

Dave finally had dinner with Alyssa and Grace.

He eats quickly, and there is no sound.

This may be related to his previous killer status.

When he was a killer, he probably walked alone and didn't have time to eat slowly.

â€¦

When she went to the company the next morning, Dave was still driving.

The car drove forward steadily, and Alyssa sat in the car to read the documents.

It didn't take long for the car to speed up suddenly, a little shake.

Alyssa had to accept the documents.

She raised her head and glanced at Dave who was driving ahead.

Thinking of something suddenly, she asked Dave: "What's the matter?"

"Someone is following." Dave always speaks concisely.

"Someone followed?" Alyssa hadn't forgotten that when she came back yesterday, someone followed her.

Alyssa looked back at the car behind.

She asked Dave based on her feelings: "Is this the person who followed us and the one who came back to follow us last night?"

"It should be," Dave said.

The follow-up is so blatant, or it is a carefully planned plan.

Either he was really stupid, so he was so blatant, for fear that Alyssa would not be able to spot them.

Alyssa turned her head and said, "If they still follow this way when they go back Smith will have someone check it."

Dave said aloud: "I've already sent someone to investigate."

Karl gave him the right to control the bodyguard in the villa, and he was not polite.

Anyway, he was also working for Karl, and when it was time to hire people, he still had to hire people.

Alyssa paused: "Troubled."

â€¦

The person following Alyssa was quickly caught by Dave.

After Dave dealt with that person, he came back and said to Alyssa, "He is a person with a criminal record. He only said that he knew that you were the new CEO of Adams' and wanted to rob or blackmail you for money."

"That's it." If it's just for money, it's just a small matter.

This matter can be regarded as an end.

After the person who followed Alyssa was dealt with, the commute to and from work was very peaceful for the next few days.

No one followed, and no one else met her she didn't want to meet.

A few days later, Mattie called Alyssa.

"I have dinner here. It is related to the show. Do you have time to attend it?"

Alyssa only asked: "The dinner? Is it important to you?"

Mattie is a well-measured person. If it was just an ordinary dinner, she would not specifically call Alyssa.

It must be more important.

Mattie said half-jokingly and half-seriously: "If you have time to come over, I will have a lot of face."

Speaking from the heart, Mattie is a very good partner, and her character is good.

Alyssa chuckled lightly and said, "You are all about it, and I have no reason to refuse."

"Then thank you in advance!" Mattie was very happy to hear it.

Alyssa understood that Mattie was sure that Alyssa would give her this face, so she called.

How could Mattie, who can reach this position in the entertainment industry, be not shrewd.

Alyssa didn't care about this, and said to her in advance: "However, I can't stay long."

"I know, you come here to sign, show up, it's a lot of face for me."

After hearing Mattie's words, Alyssa was a little surprised: "I have such a big face?"

Mattie sighed: "Of course, you don't know anything about your own worth."

Chapter 909

Alyssa chuckled softly when she heard the words, "Okay, I will pass by on time when the time comes. Please send me the address and time."

"OK!"

Only after Alyssa hung up the phone, Mattie sent the time and address.

The dinner time is on Saturday night.

In a star hotel.

The place is a bit big, it should be a bigger dinner party.

â€

On Saturday night, Alyssa asked the servant to prepare dinner in advance.

She stayed at home to accompany Grace for dinner, then changed her dress to attend the dinner.

It was still Dave who drove her over.

Alyssa led Dave to the entrance of the banquet hall and saw Mattie.

Mattie wore a crimson dress with rich makeup and full of charm.

As soon as she saw Alyssa, she greeted her: "Come on!"

Mattie noticed Dave standing behind Alyssa, and said in surprise: "This one is?"

Alyssa explained: "Bodyguard."

Mattie nodded to show that she understood.

She took Alyssa in and talked to her about the nature of the dinner and who was there.

After Alyssa cooperated with Mattie, many large and small banquets were also attended.

Now it's handy to get in and out of this kind of occasion.

Many people in the banquet hall saw Alyssa.

This is Alyssa's first time attending a dinner after taking over Adams's.

There were indeed many people who looked at Mattie next to her with admiration.

Some people wanted to come over to talk, but they were all "handled" by Dave.

Dave is a person who has experienced the blood and rain, with his own evil spirit, and his eyes are very shocking.

Alyssa made a circle with Mattie before leaving.

Mattie also understands her, after all, there are children at home.

Because Rachel had spread the news, it was no secret in the circle that Alyssa and Karl had children.

But no one dared to ask.

But Mattie had a straight temper, and when she sent Alyssa out of the banquet hall, she couldn't help asking, "Is your child behaved at home alone?"

She didn't know how to ask, so she randomly found a topic.

Alyssa replied with a smile: "Good."

Mattie was a little embarrassed: "Then you go back quickly."

â€

After leaving the hotel, Dave drove the car over.

Alyssa was about to get in the car, and she didn't know when someone came and hit her.

After she stabilized her figure, she found that her handbag was missing.

Before she could say anything, Dave had already spoken: "You get in the car and wait for me."

After speaking, he had already chased the person who had snatched the bag.

Alyssa got into the car with holding her skirt.

She got into the car and turned her head to look behind.

The one who snatched her bag was a thin man in plain clothes, and Dave quickly caught up with the man.

He took bag back, and when his eyes fell on Alyssa, his expression suddenly changed.

Alyssa was taken aback first, and when he turned around, a man wearing a peaked cap had already opened the car door and sat in.

The man locked the car door for the first time.

When Alyssa didn't respond, the man drove directly.

It is not accurate to say that it is driving, it can be said that it is speeding forward.

Alyssa didn't have time to wear a seat belt, so she grabbed the edge of the seat in front of her and sat down firmly.

She calmly asked: "Who are you!"

The man sitting in front of the car was wearing a peaked cap and head down.

Alyssa had not seen his face, so naturally she didn't know who he was.

Chapter 910

The car drove forward quickly.

The whistle sounded outside.

The drivers drove on a rampage, and they just drove forward regardless of whether there were anyone on the road.

Alyssa was dangling, feeling motion sickness.

She was breathing heavily, sweating profusely, reaching out to catch the person in front of her.

But she only caught the hat of the man driving in front.

At this time, the man sitting in front had already raised his head.

A ferocious face came into view.

Half of the man's face was obviously burned, and the pitted look made her scalp numb.

Only a small half of the face is normal.

After a brief shock, Alyssa recognized him.

"Robert! You are Robert!"

Since Robert suffered a loss at the hands of Alyssa and Clifford's hands last time, Alyssa has never seen him again.

In the period after that, Alyssa kept preventing Robert from coming to find trouble.

What is strange is that Robert had disappeared since then, and there was no news.

"I should be happy, you still recognize me." Robert looked at Alyssa in the rearview mirror, eyes stern.

His voice was so hoarse, as if his throat had been severely injured.

Alyssa didn't know how Robert became like this, but she knew very well that he kidnapped her, definitely to avenge her.

What kind of character Robert is, Alyssa knows very well that there is no need to go around with him.

"I haven't seen him for so long, you will still only use these three indiscriminate methods." Alyssa's tone was unabashedly mocking.

Robert stepped on the gas pedal to the end, and his already wounded and grim face looked more gloomy and terrifying.

"At this time, you can still put on a high-profile posture and accuse me, Alyssa, do you really think this time will be the same as the last time. Does anyone come to save you?"

Robert laughed lowly: "No one will come to save you. Today is your death date. I want you to bury my dead kid."

The last few words were almost squeezed out between his teeth.

Somber and bone-soaked.

Alyssa's face was slightly startled: "What kid?"

"What kid?" Robert seemed to be irritated by her words, and roared, "You don't even know?"

But his voice was broken, even if he roared, he didn't make much noise.

However, Alyssa could already fully feel the murderous intent and violence emanating from him.

Robert is now in a state of extreme anger. He said that he would let her bury his kid, not just talking.

He dared to hijack her, he must have brought a mortal despair.

Alyssa calmed herself down and said calmly, "If you don't tell me how do I know."

"Then I will let you die. The child in Miana's belly belongs to me! You not only caused Miana to have a pregnancy, but you also sent her to prison!" Robert held the steering wheel's hand.

He took a few heavy breaths and said viciously, "You D@mn it!"

The child in Miana's belly is Robert's?

Before Alyssa remembered, she gave Karl medicine!

At that time, Karl was so good to Miana, she almost thought that Karl and Miana were really together.

At one time she thought Miana's child belonged to Karl.

Later, after she found those videos and photos exposed, the wedding of Karl and Miana was canceled.

At that time, she had never suspected that Miana's child was not Karl's.

It wasn't until she knew Karl's plan that she was sure that Miana's child was not Karl's.
