Chapter 911

Alyssa was not interested in the child in Miana's belly.

But only now did she know that the child in Miana's belly turned out to be Robert's!

Looking back, Alyssa guessed that it should be night of Best Day, when Karl took Robert to Miana's room.

And until the wedding day, she might still think that the child is Karl's.

Miana is an arrogant person, and Robert is not well-known, and she definitely looks down on him.

You can hear from Robert's words that he likes Miana.

This circle is only so big, aside from Miana's character and what she does, she is indeed an excellent woman.

It's normal to be liked by Robert.

Alyssa probably understood the cause and effect of the matter, and had a bottom in her heart, and began to think about countermeasures.

Dave will definitely drive her to rescue her.

But the premise is that she can survive until Dave comes to rescue her.

Robert now seemed to have completely lost his mind and wanted to let her die.

Alyssa thought so much in her heart, but she didn't show it at all.

At this time, time seems to be long every minute.

Alyssa calmed down and calmly dealt with Robert: "Do you like Miana?"

Robert just curled his lips in the rearview mirror coldly, and said nothing.

"You like Miana, but she killed your child. It seems that she doesn't mean anything to you." Alyssa said calmly.

"You shut up! It's all you! It's you who killed her and my child!"

Robert roared, his hoarse voice sounded hoarse.

The speed of the car followed his emotional ups and downs and continued to accelerate.

Alyssa's heart sank, knowing that she could no longer stimulate him.

She tried her best to keep her voice down and asked, "Have you been to Miana? How is she doing?"

"How could she have a good life! How could she live well in prison for a squeamish person like her!" Robert's speed was getting faster and faster.

Alyssa understood that as long as she talked about Miana, Robert would be emotionally unstable.

Alyssa changed the subject: "Where are you going to take me?"

At this time, Robert was looking directly at her from the rearview mirror.

He looked at Alyssa for a few seconds and said quietly, "You don't seem to be afraid of death at all."

"Aren't you?" Alyssa chuckled lightly, showing that she didn't care about the status quo.

Robert narrowed his eyes and slowed down unconsciously.

"You should know who I am now. You held me away in public. If something happens to me, it will be difficult for your Scott family." Alyssa didn't know whether someone like Robert would care about his family.

But it's time to give it a try.

Robert sneered, "Who do you think will avenge you? Your father who broke off the father-daughter relationship with you a long time ago? Or is Karl, who has disappeared and died?"

Alyssa's eyes flickered: "It seems that you know everything about me very well."

"I have followed you for a long time." Robert's tone sounded a little smug.

He used to be a playboy with a bad reputation, but he was disfigured.

No matter who it is, he cares about his appearance.

Being disfigured will become less self-confident, looking for a sense of existence.

"I have been following you the other day, but your bodyguard took you too tightly and didn't give me a chance to start."

Robert became more proud as he spoke, "But what if you find such a powerful bodyguard? Can you prevent me? Didn't I get you in the end? Hahahahaha!"

Chapter 912

Robert laughed in front of her so that he could hardly lift his head.

Alyssa came to the dinner party today in full makeup and made a special haircut.

In order to fix the hairstyle, the hair stylist pinned a long and thin hairpin to her hair.

She watched Robert laughing so hard that he couldn't afford to laugh, and the car was moving snake-like on the road. She held the handrail on the door with one hand, and reached out and touched her hair with the other hand.

Held the pin in her fingers and took it down slowly.

Then, while Robert was still laughing smugly, she stretched out her hand to grab his head in front, and quickly pressed the hairpin against his neck with the other hand.

Alyssa said solemnly: "Stop!"

Robert's laughter suddenly stopped.

The tape seemed to be jammed suddenly, which looked unusually abrupt and weird.

As Robert was restrained by Alyssa, the car started to lose control.

Alyssa did her best to maintain the balance of the body.

Her voice was also surprisingly calm: "You don't you want to see Miana again? If you still want to see her, stop!"

Alyssa also has a loved one, and she knows what it's like to love someone.

Know how unwilling to love someone.

Although Robert seemed to have to die with her, if he had Miana in his heart, he would be shaken.

It turns out that Alyssa was right.

Because the speed has already begun to slow down.

This shows that Robert is still reluctant to part with Miana, and she is on his mind.

Alyssa said, "Open the car door."

The car was extremely quiet.

Alyssa could hear her nervous breathing.

At this time, she did not dare to relax a bit.

In terms of physical strength, she was not Robert's opponent at all.

As long as she relaxes slightly, Robert will most likely find a chance to catch her backhand.

Dense beads of perspiration appeared on his forehead, and a string in his head broke tight.

"Alyssa, you are really one of the few courageous women I have ever seen." Robert's voice faintly sounded, and if you listen carefully, you can even hear a hint of appreciation.

He said that he didn't seem to want Alyssa to respond.

Continuing to speak: "But you and Karl hurt me too badly. Karl wanted to kill me and set me to burn my house. Although I was not killed, I was Disfigured. And you killed my child, how can I not hate you?"

"I can dream of a bloody child asking me why I haven't protected him!"

Alyssa shuddered uncontrollably when she heard this.

What Robert said was very wrong.

Alyssa thought for a while and said, "As long as you are still alive and Miana is still alive, you will have children again, but if you die with me, you will never have children again."

"Ha ha!"

Robert laughed again, laughed a few times and then suddenly stopped laughing, and asked, "Really?"
"Yes." Alyssa took a deep breath, sweat fell from her forehead.

"That's right, Karl is dead, you must be sad, right?" Robert said and laughed again.

Like a lunatic.

Sweat dripped into Alyssa's eyes, and her eyes stung.

She blinked her eyes hard, then shook her head again.

"I'm sad, but you are luckier than me? At least Miana is still alive!" Alyssa didn't know what she was talking to Robert around.

She only knows that she must delay time.

Chapter 913

Karl was still missing to the outside world.

Although there was no clear media report, Alyssa knew that many people had speculated that Karl was dead.

After all, it was a serious car accident.

Alyssa didn't know if Robert could listen to her.

She is always paying attention to Robert's micro expression.

Robert still looked like he was going to die.

He looked at Alyssa in the rearview mirror with a smile but a meaningful smile: "I think what you said makes sense."

When he said that, he paused.

But Alyssa knew very well that he must have something else to say.

She didn't say a word, quietly waiting for him to speak again.

"But!" Robert deliberately paused, and then said very slowly: "I can't listen!"

Alyssa was shocked.

At this moment, Robert stepped on the accelerator again.

The car rushed forward like an off-string arrow.

There was a moment of blankness in Alyssa's mind.

But she reacted quickly.

This section of the road is congested.

But this is not the peak time, and there are relatively few cars.

But Robert ran into such a rampage and had already passed several cars.

She didn't dare to kill him.

All she wants and can do is to make Robert stop the car.

Alyssa's eyes fell on his hand.

She raised the hairpin and pierced his hand fiercely.

The car will be on the overpass soon!

Alyssa didn't want to die yet, let alone die with Robert this trash.

She pierced Robert's hand forcefully again and again.

There was blood splattered, and it was on Alyssa's arm and dress.

But she can't control that much.

At first Robert completely ignored Alyssa's behavior, but later he became angry.

Ignoring that he was still driving, he freed up a hand to deal with her.

Two people got up in the car.

Robert controlled the steering wheel with one hand, and the free hand was not enough to hold Alyssa.

Alyssa's goal is to stop Robert.

The car is still moving forward, and the two people have been fighting in the car.

"Stop! I'll let you stop!" Alyssa's voice became sharp because of her unstable mood.

Robert's voice was malicious: "Waiting to die together, I won't stop!"

"I won't die with you! Never!" Alyssa warmed her hands harder.

Two people, one was in the front and the other was in the back, and no one benefited.

Seeing that the overpass is about to be reached soon, and they don't stop, if they rush down from the overpass, there will be no way to survive.

Alyssa was breathing heavily, her mind a little confused.

She stopped.

Taking advantage of her stopping, Robert stretched out his hand and grabbed her hair: "Tack me? I see how you will tie me later!"

His complexion was sullen and his eyes were red.

eye!

Alyssa's expression gradually returned to calm.

She aimed at Robert's eyes and fiercely pierced the hairpin in her hand into his eyes.

"what--"

Robert's scream resounded through the car, as if to smash the car.

Human eyes are too fragile, Alyssa's stabbing, basically his eyes are useless.

Robert covered his eyes with his hands, he was not as calm as before.

She stayed for a few seconds, then reacted, leaning forward and turning the steering wheel.

Must not be on the overpass!

Alyssa could turn the steering wheel, but could not step on the brakes.

The car turned sharply and rushed to the green belt on the side!

Chapter 914

"boom!"

The impact shook the eardrum.

Alyssa's body was driven forward by inertia and hit the back of the chair heavily.

There was a buzzing piece in the ear, as if there were countless flies in it.

Her head became very heavy, she tried to lift her head vigorously, but it seemed as if she was being held on top of her head tightly, and she couldn't lift it at all.

Alyssa felt that her breathing became difficult.

She tried to shake her hand.

Bend her fingers, this simple movement is also very difficult.

She was so dizzy that she knew she must have been injured, but she didn't know whether it was serious or not.

Breathing became a little difficult, and her vision became blurred.

Getting fuzzy!

In a trance, she heard the sound of whistling one after another and the sound of car doors being opened.

"Alyssa? How are you?"

The sound is somewhat familiar.

It seems to be Dave's voice!

It's Dave.

It was Dave, she was relieved.

Alyssa moved her lips, trying to answer his question, but couldn't make a sound.

She took a deep breath, and her heart settled slightly.

She quickly lost consciousness.

â€¦

Alyssa had a dream.

In her dream, she was before the age of seven.

Before the age of seven, she was a pretty little girl.

Lively and cheerful, with excellent grades, the classmates and teachers liked her very much.

However, Rachel did not make a difference to her because of her excellent grades and her beauty.

She happily took the 100-point test paper back home, but it was not Rachel's smiling face and praise.

"Why did you get a full score again? Didn't I say that I told you not to take the exam?"

Rachel looked at her solemnly, her eyes full of displeasure.

As if she scored 100 points in the exam, it was not a good thing to be happy about, but as if she had done a bad thing.

Alyssa, who had a smile on her face, dimmed suddenly.

She whispered: "I scored a hundred points in the test last time, and the teacher said that I should keep working hardâ€¦"

Rachel didn't even listen to her explanation, but threw her 100-point test paper on the ground: "But your sister will be unhappy!"

Immediately, Rachel began to scold her: "How many times have I told you to ask you not to be top-notch in everything and make your sister unhappy. You will not be allowed to take the full score next timeâ€¦"

Seeing Alyssa lowered her head and looked obediently, anger in her heart became less.

Rachel reached out and touched Alyssa's head. She changed her indifferent tone and said in a warm voice, "Alyssa, mom is saying this for our good. You don't want mom to have a hard time at Hunt's house, do you?"

The little Alyssa didn't understand the deep meaning of Rachel's words, but she knew that she wanted Rachel to live well.

She wants her and Rachel to live well.

She didn't want Rachel to have a hard time.

So she shook her head again and again.

Rachel smiled with satisfaction: "Hey, don't get full marks next time, you'd better fail."

In fact, Alyssa couldn't understand what was the obvious relationship between letting them live well at Hunt's house and failing her exam.

However, she wanted to listen to Rachel.

She wanted to make Rachel happy.

So, during the second exam, she deliberately made random questions.

Finally, she got 59 points.

The teacher was very disappointed in her, but Rachel was very satisfied.

She even got her compliment: "Alyssa, well done."

Chapter 915

Alyssa, who was praised, was not happy.

She thinks this is wrong, she should be happy.

She always wanted to make Rachel happy, and wanted Rachel's praise, but why did Rachel praise her, why she was happy at this?

Rachel continued: "Alyssa, listening to mother, it is right for you to do this, and you will do this in the future, you know?"

Alyssa didn't speak, because she always felt that something was wrong.

The sound of a car engine sounded outside, and Rachel's eyes lit up: "It's Isabel who is back from school."

And Isabel has a special car to pick her up from school. At this time, Colin hasn't got off work, so the person who returned should be Isabel.

"I'll go down to see your sister first. Your sister doesn't like seeing you, so just stay in the room and don't come down to make her unhappy."

Rachel left after speaking.

When she reached the door, she turned her head and told Alyssa again: "Alyssa, remember what mom said just now."

Rachel did not leave immediately after speaking, but stood by the door waiting for Alyssa's answer.

"Ok."

Alyssa answered obediently, but felt uncomfortable in her heart.

A smile appeared on Rachel's face, and she closed the door briskly and went out.

Alyssa sat in a chair for a while, walked to the door, and quietly opened the door, and went out.

Hunt's villa is a duplex.

She can see the lobby on the first floor from the balcony on the second floor.

She just saw Rachel and Isabel walking in from the door.

As they walked, Rachel asked Isabel with concern: "Are you accustomed to eating at school? Do you want me to bring you food tomorrow?"

Alyssa was a little envious.

Rachel never asked her about this.

Rachel would only tell her not to do too well in the exam and not to make Isabel angry.

Alyssa was a little sad.

The nose is also sour.

She blinked, and tears fell.

She also hoped that Rachel could care about her.

Ask her whether the food at school is good or not, and ask the teacher how she performed at school.

But Rachel said, she also wanted to stay in this home.

At the age of seven, she already understood what half-parents were all about, and also understood that her mother was in a bad situation in this family.

Alyssa wiped away tears with the back of her hand.

Although she is sad and wronged, Rachel is her mother.

Whatever mom does is reasonable, she will only be happier if she listens to her.

When Alyssa went to see Rachel and Isabel again, they found that they were heading upstairs.

Rachel still talked to her with a look of concern.

On the other hand, Isabel was impatient, and she stepped eagerly and quickly, and she didn't want to listen to Isabel.

Alyssa didn't understand.

Why is Isabel like this?

Is it okay for someone to care about her?

You know, how much she hopes her mother can care about her.

Seeing that the two were getting closer, Alyssa hid behind the pillar.

"Isabel, don't think your mother talks too much, I care about you too!"

Alyssa poked her head out and looked out quietly.

Isabel seemed to be finally unable to bear it, turned around and violently stretched out her hand to push Rachel.

She pushed harder, and Rachel fell to the ground without any precautions.

Isabel said coldly: "You are also worthy of being my mother?"

Alyssa didn't pay attention to what Isabel said, she only saw Isabel pushing Rachel to the ground.

She ran out quickly: "Mom, are you okay!"

Chapter 916

Rachel quickly stood up: "It's okay."

As she stood up, she quietly pushed Alyssa away.

Although Rachel has always been cold to Alyssa, on the contrary she has always regarded Rachel very seriously in her heart.

Alyssa stood aside and looked at Rachel carefully, and noticed that the back of Rachel's hand was scratched.

She was a little angry, turned her head and said loudly to Isabel: "Why are you pushing my mother! She cares about you."

After listening to Alyssa's words, Isabel's expression was wrong: "Are you scolding me?"

"Alyssa, what are you talking nonsense for!" Seeing Isabel's face was wrong, Rachel hurriedly stopped Alyssa.

"Mom, elder sister pushed you, it's her fault!" Alyssa turned her head and seriously argued with Rachel.

But Rachel only had Isabel in her eyes, no matter what Alyssa was thinking.

She said sternly: "Alyssa, I ask you to apologize to your sister now!"

"Mom!" Alyssa was frightened by Rachel's complexion and looked at her in a loss.

Rachel took her arm again and pushed her forward: "Hurry up and apologize! I asked you to apologize, did you hear that!"

Alyssa didn't think she had done anything wrong.

But she knew she should listen to Rachel's words, but she looked at Isabel's face, but she couldn't say anything to apologize.

Isabel raised her chin and looked at Alyssa with an arrogant expression.

There was unabashed contempt in her eyes, she had never looked down upon Alyssa.

Naturally, she also looks down on Rachel.

Alyssa lowered her head and bit her lip: "Sister, I'm sorry."

In fact, she always knew in her heart that Isabel did not like to be called her sister.

But Rachel told her to call Isabel her sister.

“Who is your sister? You don’t look in the mirror to see what you are, are you worthy to call me your sister?”

Isabel’s tone was very mean, Alyssa felt embarrassed and angry.

But Rachel was standing by, she could only clench her hands angrily, and could not do anything.

Rachel’s expression was also a bit ugly.

But when she spoke, she still didn’t mean to blame Isabel at all: “Isabel, mom knows that you are angry, but you can rest assured that she will not be like this in the future, I will tell her.”

“And you!” Isabel looked at Rachel and said with a look of disgust: “Don’t always pretend to be my mother. I only have one mother. She is already dead! I feel sick when I see you!”

After Isabel finished speaking, she stretched out her hand and patted her clothes as if she had got something dirty.

Then she turned back to the room.

Alyssa breathed a sigh of relief.

Isabel finally left.

Turning her head, she realized that Rachel was still looking at Isabel.

But Isabel had already returned to the room, and the door had been closed.

Alyssa whispered to her: “Mom.”

Rachel turned her head, with no smile on her face, and said coldly: “You come with me.”

Alyssa returned to the room with sullen Rachel.

When she followed in behind, she closed the door nicely.

Every time Rachel had something to say to her, she would close the door tightly, she remembered.

Rachel stood with her back to her, and she couldn’t see Rachel’s expression either.

But she knew Rachel was angry.

“mom!”

“Snapped!”

Before the word “mother” came out, Rachel turned her head and slapped her fiercely.

Rachel’s strength was so great that Alyssa shook her body as she shook her body before she could stand firmly.

Chapter 917

Alyssa was buzzed in her ears by the slap.

She looked at Rachel blankly, a little dazed.

Alyssa covered her face and asked in a low voice, "Mom, why are you hitting me?"

Her voice was so small that only she could hear her.

But the room was too quiet, and she and Rachel were so close, Rachel could still hear what she said.

"What did I tell you?" Rachel looked at her sternly: "How many times have I told you so that you don't annoy your sister! But just now, you dare to scold her!"

Rachel still felt angry when she talked about this.

"Do you know how much effort it took to make her treat me better? And what you did today made all my efforts vanish!"

"Are you satisfied now?"

"Are you my daughter or my enemy?"

Faced with a series of accusations made by Rachel, Alyssa opened her lips, but could not speak.

She didn't know what she was going to say.

Every word in every sentence of Rachel is an accusation.

But she didn't know where she had done wrong.

She didn't think she was scolding Isabel, she was just arguing with Isabel.

From her perspective, it is clear that Isabel did something wrong.

However, Rachel didn't say anything about Isabel's wrongdoing, and just blindly accused her.

Rachel saw that she was silent, thinking that she finally realized her mistake.

Rachel let out a long sigh of relief, leaned over to look at her face, looked at her and said: "Alyssa, mom was a little excited just now, but I hope you can understand mom, and I don't want to..."

She was blaming Alyssa for everything.

Alyssa clenched her hands, holding back the tears that were about to overflow, her voice was soft but firm: "It's not like this."

Rachel didn't hear what she was saying for a while, so she asked, "What?"

Alyssa looked up at Rachel, with tenacity and stubbornness on her immature face.

Her tone was firm and clear: "Mom, it's not what you said. It's my sister who did something wrong. You are just caring about her. Even if she doesn't like you, she shouldn't push you."

Alyssa still felt that she was not wrong.

Rachel was startled for a moment, and smirked: "Alyssa, I really can't cure you anymore? You are becoming less and less obedient now. I told you such a great truth, but you listen to everything, but do not understand!"

Alyssa bit her lip: "I understand it in my heart."

Rachel took a few heavy breaths, then raised her hand and let it go again.

The half of Alyssa's face that she had slapped on was already swollen. Although she was angry that Alyssa was ignorant, she was her own daughter after all, and she couldn't slap her hands again.

"I don't have to go out for dinner, so I shut myself in my room and thought about it, when you understand my painstaking effort, and why come out for dinner."

Rachel threw off these words and pushed the door out.

Alyssa heard a bang when the door closed.

She suppressed grievances and sadness began to erupt.

She sniffed hard, again and again.

But in the end, she couldn't control crying.

Even if Rachel asked her to think behind closed doors, she still didn't understand why she had to think about it.

She didn't feel that she had done anything wrong at all.

Alyssa sat on the ground and started crying. While crying, she murmured: "It's obviously my sister who was wrong!"

Chapter 918

At dinner, there was no servant or mom who knocked on the door and told Alyssa to eat.

She touched her flat belly, she was so hungry, she walked to the door, and wanted to open the door and take a look.

However, when she tried to open the door, she found that the door could not be opened at all.

Someone locked the door from outside.

Alyssa patted the door hard in a panic.

"Open the door!"

"Is anyone there? Open the door?"

"Mom, I was wrong, please open the door."

"!"

Being locked up is a terrible thing for Alyssa, who is only seven years old.

Until she shouted that her voice became hoarse, no one came to open the door for her.

Because it was the family's dinner time, everyone was in the dining room, and the servants were all downstairs.

Even if a servant passed by, she didn't dare to open the door for Alyssa.

â€

In the dining room downstairs.

Douglas sat in the main seat.

He looked around, a hint of majesty in his eyebrows.

Finally, his gaze fell on Rachel and asked, "Where is your daughter?"

Douglas frowned slightly, which showed that he was not very happy at this time.

Rachel has always been most afraid of Douglas who is the Boss of the Hunt family.

She knew that Douglas didn't like her, so she made a lot of effort.

So many years have passed, Douglas's attitude towards her has not changed.

Rachel lowered her head and looked at Douglas too much: "Alyssa is not feeling well, so she won't eat dinner."

Looking at Rachel's appearance, Douglas felt that he was so angry.

He couldn't help turning his head and glared at Colin: "Educating children is your own business, I will not interfere."

Rachel didn't quite understand what Douglas meant, so she turned to look at Colin.

Who knows, Colin glared at her.

Rachel was originally afraid of him, but when he stared at her like this, she panicked.

Isabel saw all Rachel's reaction in her eyes.

The nine-year-old child already knows a lot.

At least she knows more than adults think.

Especially girls.

Colin respected Douglas very much.

Therefore, in private, he and his two children have also asked them to be obedient at dinner every day.

Because Douglas values â€the dinner time every day, he can't let the children make trouble.

Alyssa didn't come down for dinner today, which undoubtedly made Douglas unhappy.

â€¦

After dinner, Douglas went for a walk.

As soon as Douglas left, Isabel no longer had any scruples.

She narrowed her mouth and yelled, "Dad!"

"What's wrong, baby!"

Colin really loves Isabel and Travis's mother.

But not long after Isabel was born, her mother died. Colin regretted that she had lost her mother without knowing what her mother was like, so he loved her more.

Among Travis and Isabel, he would love Isabel more.

When he saw Isabel like this, his expression changed.

He turned his head to look at Rachel, his expression not gloomy: "What's the matter? What's wrong with Isabel?"

"Iâ€¦" Rachel looked at Isabel and didn't know how to speak.

Isabel interrupted her directly: "Dad, her daughter scolded me today."

"Alyssa scolded you?" Colin's expression became cold as soon as he heard her.

He turned his head and looked at Alyssa: "How did you educate your daughter? You let her scold Isabel? How did you become a mother! I asked you to take care of Isabel. Is this how you take care of her?"

Chapter 919

Rachel always knew that Colin didn't like Alyssa, and she didn't like her.

Therefore, Colin had "your daughter" on the left and "your daughter" on the right. She didn't think there was any problem, but complained about Alyssa more and more in her heart.

It's all caused by Alyssa.

Rachel quickly said, "It is true that Alyssa did something wrong. I will teach her, don't be angry."

The main reason why Colin would marry Rachel was that Rachel was so beautiful and she was still devoted to him.

Rachel had a good attitude of admitting her mistake, and Colin was still satisfied.

No longer say anything.

But Isabel was not satisfied that Colin let Alyssa easily.

She had heard private discussions from her family's servants, and they said that Alyssa was more beautiful than her and had better grades.

In short, in their opinion, Alyssa is better than her.

Isabel was spoiled and grown up since she was a child, and Colin was even more obedient to her.

How could I hear this?

She hated Alyssa and Rachel in her heart.

In truth, Rachel treated her pretty well, better than Alyssa.

However, Alyssa looked like Rachel.

She couldn't like Rachel's face either.

"Father!"

Isabel hugged Colin's arm with a grieved expression: "I think Alyssa just relied on being prettier than me and better grades than me. She feels that I am not as good as her in everything, so she dared to scold me!"

"Nonsense! My Isabel is good everywhere, what is she Alyssa?" Colin was heartbroken.

Travis, who had not finished eating, couldn't listen anymore.

He put down his chopsticks: "Dad, Alyssa is also your daughter. Even if you don't like her, you can't say that to her, right?"

After the death of Colin's wife, Travis was taken by his father, Douglas.

Douglas is a person who can see things more clearly than Colin, so Travis, who is led by him, is naturally a little more minded than Isabel.

On the other hand, Travis and Douglas are closer.

He was not so close to her biological father, Colin.

This is another reason why Colin loves Isabel so much.

Colin whispered: "What do you know! Go and do your homework when you are full."

Travis rolled his eyes, stood up and went upstairs.

As soon as he went up the stairs, he heard something coming from the other side of the corridor

He followed the sound and walked to the door of Alyssa's room.

Travis pressed his ear to the door, and heard Alyssa's faint voice: "Mom, please open the door!"

The voice was so hoarse.

Travis stood up straight and reached out to open the door, only to find that the door was locked.

He slapped the door twice.

"Alyssa? Are you inside?"

Alyssa, who was sitting on her knees by the door, suddenly heard Travis's voice outside, thinking she had heard it wrong.

She calmed down and turned her ears to listen to the movement outside.

Seeing that it became quiet, Travis called out again, "Alyssa?"

Alyssa heard Travis's voice and quickly stood up and hurriedly called, "Big Brother!"

Travis asked her: "Who locked you inside?"

"It's my Mom." Alyssa's voice became quieter.

Travis didn't hear: "Who?"

Alyssa repeated: "My mother."

"Your mother?" Travis remembered that in the movie he had watched before, the heroine went crazy and locked her daughter in the room.

So he asked Alyssa, "What did she lock you up for? Is she sick?"

Chapter 920

Alyssa was stunned by Travis's question.

But soon, she retorted to him: "No, my mother is not sick."

"You wait, I'll find someone to open the door for you." Travis was not interested in whether Rachel was sick or not.

After he finished speaking, he turned and went downstairs to find someone to open the door for Alyssa.

Alyssa lay on the door panel and listened to the movement outside, but she could not hear anything.

Travis has already left.

The seven-year-old is already very sensitive.

Alyssa can clearly feel that at Hunt's house, no one likes her.

Especially Isabel, there is an unspeakable hostility towards her.

She actually didn't have much contact with Travis, but she could feel that Travis did not hate her like Isabel.

She thought, Travis said he is going to find someone to open the door, so he shouldn't lie to her.

After he left, Alyssa kept standing by the door, waiting for him to find someone to open the door for her.

Before long, there was movement outside.

Alyssa lay by the door, vaguely hearing Travis's voice: "Open this door."

Hearing this, Alyssa quickly stepped aside, waiting for someone outside to open the door.

Soon, the door was opened from the outside.

As soon as the door opened, Alyssa saw the servant and Travis standing outside.

Alyssa called him gratefully: "Big Brother!"

Upon seeing this, the servant who opened the door nodded slightly towards Travis: "Sir, I will go down first."

"Go." Travis waved his hand to signal the servant to leave.

Then, he turned his head and looked at Alyssa: "You haven't eaten yet? Go down and find something to eat by yourself."

He left after speaking.

Alyssa looked at Travis and shouted, "Thank you, brother!"

This may not be a big deal for Travis.

But it was the first time Alyssa felt the kindness of people from the family.

Usually, Travis doesn't pay much attention to her, and she tries not to have any friction with Travis.

In this way, everyone is in peace.

Travis frowned when he heard the words and looked back at her.

The girl with red eyes stood at the door, looking at him with a smile.

Travis couldn't tell how he felt, but he actually didn't hate Alyssa.

He just didn't like Alyssa and Rachel.

Alyssa watched Travis's figure disappear before raising her foot to walk downstairs.

After walking a few steps, Alyssa stopped again.

Because she thought of Rachel's words.

Rachel asked her to reflect in the room, but didn't let her go out or let her eat dinner.

If Rachel saw her out of the room, should she be angry?

She didn't want Rachel to be angry.

Alyssa hesitated, whether to go back to the room.

At this moment, Rachel appeared across the corridor.

Alyssa's complexion changed, and she froze in place waiting for Rachel to come over.

When Rachel got closer, Alyssa noticed that her expression was extremely ugly.

Therefore, Alyssa cautiously called out: "Mom!"

There was still a hint of timidity in her voice.

Rachel had a cold face, stretched out her hand to grab Alyssa's arm, and pulled her into her room very rudely.

After entering, she slammed the door shut.

Alyssa shrank her shoulders in fear by the sound of the door closing.

She felt Rachel's anger at this moment, so she was a little scared.

Rachel reached out and grabbed her head, forcing her to look up at her.

"You dare to ask your elder brother to open the door for you? Are you deliberately not making me feel better?"
