

58: Crew

Goddess have mercy on my f*****g c**k! How could she be this tight after we have f*****d in the past? After she has given birth to our baby? Moon Goddess above, send help because I f*****g love this so much. Too much.

"Relax, Sunny, relax for me." I coax while lovingly massaging her clit with a finger. "Let me in."

"Uh, you are so big Crew." She groaned out, her eyes wide as she watched me with unadulterated lust.

"Keep talking like that and I'll forget to go slow." I slapped her p**y for emphasis but she only groaned and tighten around me.

"Maybe I want that." She meowed out and I drove hard on the next thrust, sliding a few inches of my shaft past her tight opening.

"You f*****g take it. There is no going back now, Sunny. No way back." I say through clenched teeth and thrust, pushing in another inch with great care.

"AHH!" She screamed then quickly closed her mouth remembering that Adrian was in the room. He won't wake up though.

"Is this what you wanted, Sunny? Have you been

dreaming about this?" I ask teasingly, my hand slowly moving to her n****e as I tug it with my thumb and forefinger.

"Yes. YES. YES. Harder please. This is better than my dream." She said in a sigh.

f**k. Her mouth is going to be the death of me. I pull out until the head is grazing her entrance and plunge to the hilt. Her wail of pleasure, echoed in the dark.

Her walls have me in a death grip, the feeling so intense I have to close my eyes. My c**k throbs inside her as I hold myself in, simply enjoying the amazing feel of being inside her after so long. This lust wasn't new. It has been there for a long time.

It is when she wiggles and whimpers that the savage need overpowers me.

With an animalistic growl, I begin to pound into her mercilessly, forcing her to accept every punishing thrust. She took it with ease, wanting more.

"Just like f*****g that." Nash snarled viciously in my head, watching full front for him to masturbate more later.

"Scream my name, Sunny. Scream it for the whole kingdom to hear you getting f****d by their king. Our son needs to know you are loved. You are

enjoying this as much as I am. Just like that." One hand gripped her breast hard as she screamed.

I f****d her like a mad man knowing she would be sore tomorrow and relishing on it. As if I've never been inside a woman who tears apart my control with a unexpected dirty words or when she begs me unlike the precious little mate I used to know.

"Cre—" Luna started from our mind-link but I was fast to shut her down before she could go in.

"Not now, Luna. Not now." I grit out then block her out of my mind. She will understand.

"Who do you belong to, Sunny? Whose cunt is this?" I slapped her p***y while my other hand stayed in her full breast playing with the n****e.

"Yours! YOURS. With Luna" She screamed at the top of her voice making me go harder. I don't want this to end so soon.

I watch her hole swallow my wide shaft then pulsate when I pull out completely. I spit on it, making it dribble inside before plunging my c**k in her. I want to change our position but I love watching her expression right now.

She clenches around me and I feel her body tense. I smirk before taunting, "Look at your p***y choking my c**k. You're going to come, aren't you?"

Her response is to whimper, lips parted. Her eyes found mine, filled with awe as she stared at me.

"Are you gonna come with my c**k in your p***y, Sunny?"

"Make me c*m, please."

I pick her up with my c**k still inside her cunt and bend her over the couch in doggy position. She turns her face to the side and I push her arms above her head, holding her immobile. She quivered at that, her breath loud.

"Don't move your hands," I ordered harshly.

Thrusting into her, I flick and rub her clit at the same time. Every time I bottom out, I pinch and flick her bundle of nerves until her moans become longer. I keep the pace punishing, my balls slapping against her, and I feel her body lock tight.

"That's it. Come for me, Sunny," I rasp. "Choke my dick."

"Yes. Yes!"

I flick her clit before s*****g her reddened ass. She falls apart, back bowing as her fingers twist on the couch and her whole body jerks as the o****m rains down on her. My eyes watch her, mesmerized.

Before she can come down from the high, I cover her back with my chest and circle her throat. The

dirty sound of skin slapping fills the space but it's the wet squelching sound her p***y makes that wrenches the o****m out of me.

"f**k. Look at my little girl milking the c*m out of my cock." Like a savage, I bite down on her collarbone and mark her as mine. The exact place

I would mark once I claim her.

"I'm never letting you go, Sunny. Going to fill you up every night until there's no doubt left in your mind. You will understand just how much you are loved by us." I say in between breaths.

"Yes, Crew. I would love that!"

My name on her trembling lips prolongs my o****m and I hold her tighter while my c**k jerks with every spurt of c*m from my balls until I'm spent. Our harsh breathing, filling the quiet space.

A sense of rightness spreads warmth through my chest and I still go when Selene turns her head toward mine while cupping my face with her palm.

Her lips touch mine in a lazy, wet, and sensual kiss.

In the tapestry of the night, Selene's sudden presence eclipsed all prior actions. In a mere heartbeat, she became the focal point, rendering everything else inconsequential. The captivating force of her being owned every moment, leaving an indelible mark that surpassed the collective sum of the night's endeavors.

I carried her limp figure to the bed and lie her down there then made my way to the bathroom for a clean towel that I soak in warm water. I cleaned her p***y with it then myself before returning it.

Cleaned and ready, I settled into the bed with her where she cuddled into me like a second skin while our son lay between us. I kissed the top of her head and watch her breath laboured till she was gone like a flash.

She is my mate. I am going to f*****g mark her

soon just like I did Luna. I want everyone to know she was mine and tomorrow, Daniel and Nick will know everything about us.

She will walk around with my mark around her neck very soon. I will make it deep, large and prominent. She should know who she belongs to.

Selene belong to me. To us.
