

## 69: Third Person

Selene grinned and popped him out of her mouth and lifted her breasts off of him. She took his c\*\*k out of his own hand and rubbed her clit with the tip. She slid it down and teased herself and him by sliding the head inside and back out over and over.

"You want my pussy." Selene whispered into his ear while biting his earlobe, Crew held her by her hips tighter.

"I do. f\*\*k yes I do. Right now." Crew was breathless too, the feel of her around his c\*\*k like a f\*\*\*\*\*g vice grip.

"Give it to him, Sel. f\*\*k her hard for teasing you, Crew. You have been waiting for hours." Luna pinched her clit.

Selene lined him up and slid down his length. She straddled his lap with her ass angled out beautifully for Luna. Selene pulled Crew's head forward and moved her n\*\*\*\*\*s back and forth so that he was sucking each one over and over without sucking in her milk.

He drove up into her and bounced her up off his lap so that he was stroking in and out of her even with her trying to sit balls deep on him. Whichever tit wasn't on his lips at the time bounced with each

motion and encouraged him to f\*\*k her even harder.

Crew didn't know what he was doing but Selene could hear him muttering a few prayers to the Moon Goddess about wanting her till eternity. About needing to be in her p\*\*\*y till the kingdom

comes.

Selene grinned down at him and couldn't hold out any longer. She folded her legs up and braced her ankles over his thighs just above his knees. She used the leverage to raise up off of his c\*\*k as far as his length would allow which was considerable with his size.

She was nearly fully up on her knees by the time she reached the head. Then, she drove back down, taking all of him back inside her until her ass smacked with a satisfying sound against his thighs. As she got a feel for his length and his shaft grew wet from sliding raw in and out of her, she increased her speed until her ass was quaking with each impact.

"Goddess. Goddess. Goddess. Goddess." Selene murmured time and time again at the feel of Crew deep inside her again. He is f\*\*\*\*\*g touching her womb!

"Move her to the bed." Luna scooted back to the far arm of the bed with her fingers pumping inside her p\*\*\*y. Her n\*\*\*\*e had turned red from pulling at it as she watched, but she pulled it some more.

Crew lifted Selene in the air off the chair and stood. As he held her thighs and walked, she continued to pump her hips against his c\*\*k inside her desperately. He started using his grip on her legs to pump her up and down on his c\*\*k. She hugged around his neck for leverage as she screamed.

Crew turned her and dropped down onto the bed on top of her with their asses aimed at Luna. He took long, driving strokes into her p\*\*\*y shaking the entire bed. His balls slapped against her spread ass as she screamed for more.

"f\*\*k me. f\*\*k me. f\*\*k ME PLEASE CREW." Selene screamed at the top of her lungs.

Luna leaned up and reached out. She let Crew's c\*\*k slide between her fingers as she felt how hard and thick he was. He was turned on and he drove in harder as Luna felt him.

She licked her lips and slid her fingers down to feel the edge of Selene's wet asshole as Crew stretched her and filled her. The contrast of his rigid length and her stretched, thin skin fascinated Luna. As his balls slapped against Luna's hand and his shaft brushed against her knuckles, Luna wondered if they noticed her at all.

Selene's hand reached around her leg and ass and caught hold of Luna's wrist. She thought Selene was going to push her hand away or something but she shocked her.

Selene said in a loud moan then clamped her mouth shut in case Adrian woke up despite the sleeping pills she gave him for his medication. "I want you inside me too, baby. Push inside with Crew's cock."

Luna's eyes widened in shock then she smiled and gently applied pressure. Three fingers stretched Selene wider and Crew's motion helped Luna inside. Her fingers slid deep into Selene's p\*\*\*y pinning them between the inside of Selene and his c\*\*k.

Crew groaned at the friction and started f\*\*\*\*\*g her harder. Selene heaved her chest and screamed for more, her eyes closing and vision blurring with pleasure. She is out of the world.

Luna shouted. "c\*m inside her, Crew. Fill her up until she is leaking every drop you have."

The thought of getting pregnant flashed into Selene's head but it vanished as soon as it came. It doesn't matter. She has had his c\*m few days ago so it doesn't matter. She wants to have Crew's babies too. As many as she could. f\*\*k.

Crew's rhythm changed and his balls tightened against his body as Luna watched up close in fascination. Selene and Crew both grew hotter around her fingers and Crew's c\*\*k throbbed. As he pumped her full, Luna felt his c\*m ooze up around her penetrating fingers.

He finally pulled out with a... "f\*\*\*\*\*g hell Sunny!"

Luna took hold of his c\*\*k. She took him into her mouth and sucked him clean of both his and Selene's essence.

While she did, his creampie leaked out of Selene around Luna's fingers. She scooped out his c\*m and reached up for Selene's mouth. A few drops landed on the girl's t\*\*s. Selene sucked Crew's c\*m off of Luna's fingers.

Luna reached down to scoop up more of the c\*m

and Selene licked the drops off her t\*\*s as she waited. Luna instead drops some on Selene's full breasts and starts to suck her milk with a deep groan. She has never sucked her t\*\*s with milk but she doesn't want to ever stop.

She has got a new favorite milk here.
