

PREHISTORIC: NUWA'S FIRST DISCIPLE, THE MASTER WAS THE FIRST TO ESTABLISH A HUMAN RELIGION

Chapter 10 Am I the great disciple of the People's Sect?

[Congratulations to the host for completing today's sign-in and receiving the twelfth-grade innate spiritual treasure Pure World White Lotus!]

The next second, a white lotus flower fell into Lu Feng's hand.

Lu Fengzai carefully counted the petals of this lotus, and there were exactly twelve petals!

After confirming that it was correct, Lu Feng couldn't help but click his tongue twice.

You must know that the most rare thing in the prehistoric era is the white lotus.

This is the best innate spiritual treasure that ordinary people may not be able to see, but he already has one.

I think back then, the thirty-sixth grade Chaos Green Lotus directly turned into five lotus seeds.

They gave birth to the Chaos Green Lotus, the Merit Golden Lotus, the Karmic Fire Red Lotus, the Purifying White Lotus and the World-Destroying Black Lotus.

Among them, the Chaos Green Lotus turned into three treasures and fell into the hands of Sanqing.

The golden lotus of merit is in the hands of Taoist Jieyin, and the red lotus of karma is in the hands of Patriarch Minghe.

As for the twelfth-grade World-Destroying Black Lotus and the Pure-World White Lotus, they were actually obtained by me by chance.

The surprise came so suddenly that Lu Feng couldn't come out of his excitement for quite a while.

But soon he began to practice cross-legged.

Compared with the Twelve World-Destroying Black Lotus, the Pure World White Lotus has obviously slightly weaker attack power.

The main focus of Pure World White Lotus is Purifying White Lotus.

After collecting the great magic weapon of Purifying White Lotus, Lu Feng immediately prepared to go see his good master.

Just to get to Wa Palace, Lu Feng had to rely on some means.

Since becoming a saint, Nuwa has not been able to easily travel to the wilderness.

So her dojo was naturally located thirty-three days away.

But for Lu Feng, who only has the strength of Jinxian, if his teacher didn't leave him some trump cards, it would be almost impossible to go to the Wa Palace!

Fortunately, the moment he was brought under Nuwa's door, his teacher specially left a teleportation circle for him.

This teleportation circle directly connected Lu Feng's cave and Nuwa's palace.

With Lu Feng's strength, he can still travel freely between these two places.

Lu Feng used the teleportation circle. After feeling dizzy for a while, he appeared in front of the main hall of the Wa Palace the next second.

Lu Feng looked at the closed door in front of him and bowed respectfully.

"Disciple Lu Feng, come to say hello to the teacher!"

But just for a moment.

The door in front of me opened on its own, and Nuwa's voice also came.

"Come right over here."

Lu Feng immediately ran towards the main hall in a hurry.

Not long after, Lu Feng bowed again to Nuwa who was sitting at the top.

"The disciple has met the teacher."

Nuwa waved her hands casually, with a faint smile on her lips.

He didn't know why, but looking at the smile on Nuwa's face, Lu Feng always felt that something was strange, but for a while he couldn't place it, so he could only wait uneasily for Nuwa's instructions.

Little did they know that Nuwa was also waiting for Lu Feng to speak.

"How has your retreat been lately?"

Although Nuwa knew Lu Feng's current strength very well, she still wanted to hear what Lu Feng had to say with her own ears.

Lu Feng didn't hide anything, he just answered honestly.

"This disciple got an opportunity by chance during these hundreds of years. By virtue of this opportunity, he was lucky enough to come to Jinxianzhong Auto Repair."

Hearing this, Nuwa raised her eyebrows.

"The training speed is quite fast."

"In the future, I will be able to bear the title of the great disciple of the People's Sect!"

Hearing Nuwa's words, Lu Feng felt numb all over!

"The great disciple of the Human Religion?"

Nuwa nodded.

"That's right, I have now founded the Servant Sect. As the only disciple, you are naturally the eldest disciple of this sect."

Lu Feng really didn't know what to do now, especially after seeing the beasts imprisoned in these cages.

The key is that he has never done this job before.

And shouldn't the top disciple of the People's Sect be in Xuandu? Why does this title fall to me now?

Or maybe it was because my teacher took my job away from me, so the title that originally belonged to Xuandu was placed on my shoulders.

If that's the case, then Xuandu would be a little unjust, right?

But what puzzles Lu Feng the most is the fact that Nuwa preempted me from establishing a human religion.

As we all know, Laozi established the Human Religion in Shouyang Mountain and became a saint.

From then on, humans can practice the golden elixir method taught by Laozi.

But now that Nuwa has taken the lead in establishing human religion, what should I do?

Thinking more deeply, did my teacher cut off my path to sainthood in a disguised form? !

Just thinking about it made Lu Feng feel a little too frightened.

After all, I had never heard of any quarrel between my teacher and me before.

Just as he was thinking about it, suddenly the Taoist boy's voice came from outside.

"Empress Nuwa, Sanqing asks to see you."

Nuwa's expression remained unchanged and she replied calmly.

"Let them in."

Upon seeing this, Lu Feng quickly found a seat and sat down.

And he was quite curious about the purpose of Sanqing coming here this time.

Not long after, three people walked towards the main hall.

Standing in the middle is an old man, wearing a golden Xuanwen Taoist robe.

Judging from his age, it must be me.

As for the one on the far left, he is a middle-aged man wearing white robes.

Although Lu Feng had never seen Sanqing's true face, he immediately guessed the other party's identity.

This middle-aged man must be Yuanshi Tianzun.

As for the remaining young man on the right, he has a handsome face, his black hair is all tied up with a crown, and he has an extraordinary temperament lined with a mysterious robe.

This is Tongtian among the Three Pure Ones.

Lu Feng just looked at it silently and said nothing.

On the contrary, I was the first to lose my composure and bowed my hands to Nuwa with a smile.

"It's been a while since I last saw you. I wonder how Junior Sister Nuwa is doing these days?"

Nuwa just pretended not to know my intention and just said with a smile.

"I wonder what happened when three senior brothers suddenly visited the Wa Palace?"

As the saying goes, no matter what happens, don't go to the Three Treasures Hall.

It is also very appropriate to apply to Sanqing.

The three of me didn't expect Nuwa to be so straightforward, but seeing her pretending to understand, I took a deep breath and said calmly.

"Junior Sister Nuwa, I came here today just to ask why Junior Sister wants to steal my opportunity?"

Nuwa frowned when she heard this, with a bit of displeasure in her eyes.

"Senior Brother, when did I intercept your opportunity?"

"There are some things you shouldn't say nonsense..."

Hearing the prevarication in Nuwa's words, I felt unhappy, but I had no choice but to suppress my anger.

"Junior sister Nuwa, you have to deal with the teachings yourself. How could you not know what you are doing?"

Isn't it too shameless to still play rogue with them here?

Nuwa raised her eyebrows.

"The human race was created by me, so why shouldn't I establish a human religion in the human race?"

As soon as these words were spoken, Yuan Shi and Tong Tian immediately looked at me.

According to the logic in Nuwa's words, there seems to be nothing wrong!

The race created by others, and now they want to establish a sect to civilize the ethnic group, it seems that they really can't get along.
