

Priceless 2171

Chapter 2171: Really Can't Bear

She really could never bring herself to call that bitch her sister!

After thinking about it for a while, Wen Shiyu said to her mother, "Mother, don't let that bitch come back! If she returns, not only will she take away my man, but she will also take away my position in the Wen family! It's too scary! It's really too scary!"

Li Meien's eyes showed a hint of ruthlessness as he comforted his daughter. "I think so too! Your father said that he will bring her back in a few days. We only have this little time to make use of. Don't worry, as long as mother is here, she will not successfully return to the Wen family."

Wen Shiyu nodded and was relieved. She thought of Wandou's face and her eyes showed a hint of ruthlessness.

She would never tolerate living in the same room as a lowly woman!

The relocation of the Times District was coming to an end. Most of the residents had already left, and only a few were still packing up.

At night, in a dark building, they were the only family left in the building.

Mother Wan made a table of dishes and the family of three sat together to eat.

Because of what happened in the day, the atmosphere at dinner was a little sad.

Mother Wan took the initiative to break the silence. "Well, no matter what, tonight is the last meal in our neighborhood. Let's have a happy family dinner!"

"Doudou, eat more."

Wandou was very upset, but she could only pretend that nothing had happened. She smiled and said, "Dad, Mom, you two eat too. No matter what happens in the future, you two will always be the ones closest to me."

"Okay." The old couple was moved to tears.

Wandou helped her parents get some food and said, "Dad, mom, I'll help you clean up after dinner. We'll move to a new place tomorrow."

She had already thought it through. If Wen Zhehan was really her father, then it was only right for the Wen family to provide her parents with a good place to live and thank them for raising her for so many years.

She also hoped that her parents could live a good life.

It was time to move out of the neighborhood.

After having dinner with her parents, Wandou helped them pack up.

The three of them worked together and finally packed everything before going to bed.

At night, Wandou lay in her little room. She had lived here for 26 years and already had feelings for her. Although this place was very small and very old, it carried all of her growth and feelings.

She really couldn't bear to move!

In the dead of the night, there was only the sound of insects outside the window and the moonlight shining in.

Wandou could not sleep. She tossed and turned but could not fall asleep. She thought about Wen Zhehan, about the identity they had talked about during the day, and about everything in the future.

She did not know what time it was, but she could vaguely hear some sounds coming from downstairs.

At first, Wandou thought that it was the sound of a moving house, but after listening to it, she felt that something was wrong.

The sound of footsteps coming up the stairs was getting closer and closer.

It was so late. Who would come to their building?

The noise became clearer and clearer. It seemed to be right outside her house. Wandou was worried that a thief had come. She quietly got out of bed and opened the door in the dark without turning on the light.

When they arrived at the living room, Wan Dou could smell smoke. The closer they got to the door, the stronger the smell became.

Realizing that something was wrong, Wandou turned on the light in the living room and saw smoke seeping through the door. She opened the door and looked outside. It was full of fire.

Wandou quickly closed the door and ran back into the house to wake her parents up.

Chapter 2172: Really Worried

"Dad! Mom! Wake up! There's a fire!"

Wan Dehai and his wife were shaken awake. They did not know what had happened. They followed their daughter out to see what had happened.

"What happened? Come on, let's put out the fire!"

Mother Wan quickly went to the bathroom to get a basin of water. Wan Dehai ran to the kitchen to get water. The couple started to put out the fire.

In a moment of desperation, Wandou quickly went to her phone to call the police. She first called the 119th fire alarm, then called Mu Chenguang.

Before the call ended, a torch was suddenly thrown in from the window. The torch touched the bed sheet and immediately burned.

"Ah... Someone threw a fire in... Let's not talk about it!"

Wandou put away her phone and used her pillow to hit the fire on the bed sheets. But before the fire could extinguish, another fire was thrown in from outside. The blazes quickly combined.

Wandou's room was on fire and she could not stay there any longer. She could only run to the living room.

When they arrived at the living room, their parents were still trying hard to put out the fire. However, the fire did not diminish at all. There were also many torches thrown in from the balcony. The family of three was surrounded by a sea of flames.

What could they do?!

Wandou only hoped that the fire department would come faster!

Elsewhere, Mu Chenguang was sleeping when he received Wan Dou's call for help. He immediately got out of bed and rushed out of the house.

After setting off, he did not forget to call the police. At the same time, he also informed his men to rush to the Times Estate.

When they arrived, they could see that the third floor of Wandou's building was on fire. The fire continued to spread upwards, lighting up half the sky.

The siren of the fire engines echoed through the sky. The firefighters had arrived earlier than Mu Chenguang. They were already trying their best to save the fire.

When Mu Chenguang arrived at the scene, he realized that he could not help. He wanted to rush into the fire but was stopped by the firefighters.

There was nothing he could do. He could only wait downstairs and watch the burning flames. He was really anxious.

After more than an hour of rescue, the fire was finally controlled and the firefighters successfully rescued the residents inside.

They were fortunate that even though they had been surrounded by fire, splashing water on the flames had prevented the fire from reaching them.

But Wan Dehai and his wife were both unconscious because of carbon monoxide poisoning. Wandou was lightly poisoned and was carried out by the firefighters.

“Wandou! Wandou... I'm sorry I came late...”

“Chenguang...”

Wandou was still conscious. When she saw Mu Chenguang, she burst into tears.

“Stop it,” Mu Chenguang said. “I'll take you to the hospital now!”

The ambulance had arrived. Mu Chenguang and a few other firefighters placed the three members of the Wan family on a stretcher.

They were all sent to the ambulance, and Mu Chenguang followed them.

In the hospital, the three of them were sent to the emergency room. The doctor helped the two elders in time and Wandou was also treated accordingly.

Mu Chenguang stayed by her side the whole time. After Wandou was fine, they waited for the news of the two elders together.

"When did you notice the fire?" Mu Chenguang asked.

"I heard something in the middle of the night. When I got up, I saw that the house was on fire. I immediately called the police and your number," Wandou said.

"It's fortunate that none of you were burned."

Chapter 2173: Weird!

Mu Chenguang was scared when he thought about it. If Wandou hadn't heard anything in the middle of the night and did not wake up to discover the blaze, could their family of three have been burned to death in the fire?

That would have been a very likely outcome!

As he thought about the cause of the fire, Mu Chenguang asked again, "You said you heard some noise. Could it be that someone deliberately started the fire?"

"Yes, very likely. Because I heard footsteps at the time, and then someone threw a torch through the window."

"Who could it be?"

"That's hard to say." Wandou had an impression that this had something to do with Mu Chenguang's father, Mu Kangan.

Mu Kangan had always hoped that she and Mu Chenguang would not get along. Moreover, the Mu Group had secretly purchased the land in their neighborhood and ordered the residents to move.

Wandou suspected that Mu Kangan had come up with this plan because they had not moved away.

"Do you know something?"

"Are you saying that my father did it?"

"I'm just suspecting that it was your father who bought our estate, and he doesn't want us to be together, so..."

"Don't worry!" Mu Chenguang said. "I'll go back and ask my father. If it's him, I'll cut off all ties with him!"

This was a matter of life and death. It was unforgivable.

After waiting for a while, a nurse came to inform them that two carbon monoxide victims had been sent to the ward and asked the patient's family to take a look.

Wandou was feeling better now. She struggled and wanted to go see her parents.

Mu Chenguang held her down. "Lie down and don't move. I'll go over and take a look. Wait for me."

He kissed her on her forehead before leaving the ward.

Wan Dehai and his wife were lying in another ward. Their poisoning had been alleviated, but they were still unconscious.

Mu Chenguang returned to Wan Dou's place and told her about her parents. Wan Dou was relieved.

In order to make it easier for him to take care of them, Mu Chenguang had a discussion with the nurse and arranged for Wandou and his parents to stay in the same ward so that he could take care of the three of them at the same time.

The next day, the news of a fire in the middle of the night had already spread to the media.

In the news, the reporters speculated that it was because the Times Estate was an old neighborhood and the wiring was old.

Fortunately, most of the residents here had already moved away. The families whose houses were on fire had also been rescued in time. They were all sent to the hospital and there was no danger to their lives.

When Wen Zhehan was reading the newspaper during breakfast, he was shocked when he saw the news. He immediately put down the newspaper and rushed to the hospital without eating breakfast.

After he left, Li Mei'en picked up the newspaper he had just dropped and read it. When she saw the news about the fire and learned that none of the Wan family members were dead, Li Mei'en was filled with hatred.

It was really strange that they could not be burned to death by the fire in the middle of the night!

Wen Shiyu saw her father leaving in a hurry and asked in confusion, "Mom, what's wrong with my dad? Why is he leaving in such a hurry?"

Li Mei'en threw the newspaper to his daughter and said angrily, "He's off to see that little bitch!"

Wen Shiyu read the newspaper and learned what had happened in the Wan family. She asked, "Mother, did you ask someone to set the fire?"

"Stop talking nonsense!"

Li Mei'en glanced at her. "You shouldn't shoot your mouth off with nonsense. I don't know anything."

Wen Shiyu quickly reacted and nodded. "I understand. I will watch my words."

Chapter 2174: No One Dares To Look Down On You

Wen Zhehan followed the address provided by the news and rushed to the hospital. After asking around, he found Wandou's ward.

She bought flowers and fruits and went into the house to see Mu Chenguang.

"Uncle Wen, what brings you here?" Mu Chenguang greeted.

"I saw the news this morning. I came to see Old Wan and Doudou. You're here too?"

"Yes, I'll stay with them."

Wen Zhehan walked in and handed the things to Mu Chenguang. He came to the bed and looked at Wandou first. He asked anxiously, "Doudou, are you okay? Are you hurt?"

"I'm fine," Wandou replied calmly. She looked at him as if he was a stranger.

The father and daughter looked at each other, but they did not continue talking. Mu Chenguang was puzzled. Why was Wen Zhehan so concerned about Wandou?

It didn't make sense!

Wen Zhehan and his daughter looked at each other for a while. They felt a sense of alienation between them and a faint pain surged in their hearts.

In order not to lose his composure, Wen Zhehan turned to the other two beds and asked, "Where are your parents?"

"They are also out of danger. They should be waking up soon!"

Wen Zhehan sighed. "I was going to help you move today, but I didn't expect that to happen last night. When I saw the news, I was really shocked."

"Yes. Thank you for your concern," Wandou said.

Hearing that his daughter still called him "Principal Wen," Wen Zhehan felt very upset, but there was nothing he could do. He only said, "When you guys are discharged from the hospital this time, I'll arrange for someone to send your parents to the new house in Bi Gui Garden. Everything there has been prepared. Just move in directly. I'll take responsibility for the loss of your Wan family. When the time comes, come home with me, okay?"

Wandou said nothing.

Mu Chenguang was confused. He couldn't understand what Wen Zhehan was saying.

"Uncle Wen, may I ask what you mean by letting Wandou go home with you?" Mu Chenguang asked.

Hearing his question, Wen Zhehan guessed that Wandou might not have told anyone about her identity. He said, "Chenguang, do you still not know that Wandou is also my biological daughter?"

"Huh? What..."

Mu Chenguang's jaw almost dropped to the ground. He looked at Wen Zhehan and Wan Dou. What was going on?

How could they be father and daughter?

He really could not figure out when this started!

Wen Zhehan blinked his wet eyes and explained, "26 years ago, Doudou's mother passed away after giving birth to Doudou. After that, Doudou also died prematurely. I got someone to take care of her, but

I didn't expect that she would miraculously survive again. She was raised by Old Wan and his wife until today. Don't you think it's amazing? I never thought that I could find my daughter again in this lifetime.”

“I see!”

Mu Chenguang knew that Wen Zhehan had gotten married twice, and his first wife had died from a difficult labor. But Mu Chenguang had never expected that the child who had died was Wan Dou.

Wandou was Wen Zhehan's daughter!

So Wandou was Miss Wen?

Mu Chenguang held Wandou's hand tightly and said, “Wandou, you should be happy. From today onwards, you have two fathers who love you. No one will look down on you anymore.”

Mu Chenguang was very happy. He wondered if his father would feel embarrassed if he knew about Wandou's background.

The girl he had always looked down on was actually the daughter of his best friend!

Chapter 2175: There Was No Need To Be So Ruthless!

Wandou looked at Wen Zhehan. Wen Zhehan looked at her lovingly. Wandou knew that he was a very good person. He had a good reputation in education and should also be a good father when it came to kinship.

But it was still difficult for her to change her mind and acknowledge him.

Wen Zhehan stayed in the ward for a while. Wan Dehai and his wife woke up one after another. Wen Zhehan expressed his condolences to them. “You guys are really lucky this time. It's good that you're fine. I don't want those things anymore. I'll get someone to prepare them for you guys again.”

“Yeah, we thought we'd be burned to death this time! Luckily Doudou found out about the fire in the middle of the night. Otherwise, we definitely wouldn't have survived.”

After chatting for a while, Wen Zhehan said that he would arrange for a car to pick them up after they were discharged from the hospital and send them straight to Bi Gui Garden.

He explained everything he needed to and left the ward.

The parents of the Wan family knew that it was Mu Chenguang who had been staying in the hospital to take care of them and expressed their gratitude.

“Please don't stand on ceremony with me,” Mu Chenguang said politely.

“Young Master Mu, you should go back and discuss this with your father,” Wan Dehai said. “Our Doudou is Principal Wen's biological daughter. Your father won't be able to object anymore!”

“I know. I'll tell my dad later.”

After Mu Chenguang answered, he called the doctor over to check on them. Wan Dou was fine now. Only the two elders had to stay in the hospital for a day.

Wandou stayed behind to take care of her parents. Mu Chenguang decided to go back to the Mu residence.

Mu Chenguang left the hospital after he finished talking to Wandou.

At the Mu residence.

It had been a long time since Mu Chenguang came back. He asked the butler, "Uncle Yao, is my dad home?"

"Sir is in the study."

Mu Chenguang rushed into the study room and barged in without knocking.

Mu Kangan was shocked by the loud sound of the door opening. Seeing that it was his son, he said unhappily, "Where are your manners? Can't you even knock on the door?"

The last time they met at the restaurant, the father and son had parted on bad terms. Today, when they met, they did not look at each other kindly either.

Mu Chenguang threw a newspaper on the table and questioned his father, "I didn't expect you to be such a person! You are unscrupulous in order to achieve your goals. You even dare to disregard human lives!"

"What did you say?" Mu Kangan asked.

"Read the newspaper yourself!"

Mu Kangan glanced at him and picked up the newspaper. He saw the news about the fire in the neighborhood and asked in surprise, "When did this happen?"

"Stop putting on an act! You've secretly bought over Time Estate and chased away all the residents there just so you could chase the Wan family out! So that they would have no way out!

"Their family never moved, so you sent someone to set them on fire in the middle of the night, wanting to burn them alive. Dad, your heart is too vicious!"

"Even if you don't want me to be with Wandou, you don't have to be so ruthless!

"Just you wait! Once the police find out the reason, if you did it, you will be punished by the law!"

Mu Chenguang was furious. If it wasn't for his father, he would have already attacked.

"Chenguang, is this what you think of your father?" Mu Kangan chastised. "I just saw the news. It said that it might be caused by the aging of the wiring. How could you blame it on me? No matter how much I dislike that girl, I've never done anything that would hurt or endanger her."

Chapter 2176: All Because Of You

"You can deny it! Because you are a despicable person! Wandou has already told me that it was you who caused her to break up with me.

“You came to her in private and insulted her. You even tried using money to sway her into leaving me. Now, what you did is even worse than trying to kill someone with a knife!

“Dad, you've always known to draw such a line between the rich and poor. You're so snobbish that it's scary. If I had a choice, I would rather grow up in a family like Wan Dehai than be the young master of the Mu family!”

Mu Chenguang glared at Mu Kangan.

Mu Kangan felt as if he had been hit in the head by a heavy hammer. He was stunned.

His son's words made him feel like a very failed father!

He thought that everything he had done was for his son's own good, but it turned out that in his son's heart, he was so unbearable!

Mu Kangan suddenly realized his mistake. For a moment, he did not say anything. He only remained silent.

Mu Chenguang laughed coldly and asked again, “You have nothing to say, right? Ha, there's one more thing I have to tell you. Haven't you always wanted me to marry the Wen family? What you want is the noble family of the Wen family, a match made in terms of social status. You despise Wandou's birth, and you look down on a poor girl. But do you know who Wandou is?”

Mu Kangan raised an eyebrow and looked at his son. “I know. She's Wan Dehai's daughter.”

“Wrong! You have no idea! Wandou is actually Uncle Wen's daughter!”

Mu Chenguang told his father the truth.

Mu Kangan was shocked. “What did you say?”

“I said that Wandou is Uncle Wen's daughter, Wen Zhehan's biological daughter! She is the daughter of the Wen family, the eldest daughter of the Wen family. She has only led a wandering life for 26 years! The girl you've always wanted to break up and look down on is actually the real daughter of a wealthy family. Haha... How is it? Are you shocked? Do you feel like you've been slapped in the face?”

After Mu Chenguang finished speaking, he turned and left. Before he left the house, he told his father, “Dad, you're the one who doesn't know how to be a good person. You are just so stubborn. If you still want me as your son, you should properly reflect on yourself!”

Mu Chenguang slammed the door and left. Mu Kangan sat alone in the study. After thinking for a while, he picked up his phone and called Wen Zhehan.

After the matter was verified, Mu Kangan was completely stunned. How could this be?

Mu Chenguang asked the servants of the Mu family to prepare the congee. He also made some food and brought two lunch boxes to the hospital.

“Wandou, I brought some food over.” Mu Chenguang placed the lunch box on the table and opened the lid.

Wandou saw that he had brought so much food and said, "This is too much. How can we finish it all?"

"It's fine. Bring some for uncle and auntie! These are porridge and dishes."

"Mm."

Wandou opened the small table on her parents' bed and sent the porridge and side dishes over.

Wan Dehai and Mother Wan were very satisfied with Mu Chenguang's performance and thanked him.

"Thank you, Young Master Mu."

"Uncle, Auntie, don't call me Young Master Mu anymore. Just call me Chenguang!"

"Okay, okay."

After taking care of her parents, Mu Chenguang asked Wandou to come over for dinner. He also prepared a meal for her.

"Thank you!" Wandou said politely.

Mu Chenguang flicked her forehead. Wandou covered her head in pain. "Why did you flick me?"

Chapter 2177: She Felt Like They Were A Match For Each Other

"Try being so polite with me again next time!" Mu Chenguang pretended to be fierce.

Wandou knew that this young master was being unreasonable and quickly corrected herself. "Okay, okay, okay. I know I was wrong. I won't be polite with you next time."

"Good girl!" Mu Chenguang said as he rubbed her head.

The parents of the Wan family were very happy to see the two children being so close. They hoped that the two children would eventually get together.

In the morning, a guest came to the ward.

Xue Ziqi was holding a bouquet of flowers while Luo Fanchuan was holding a fruit basket. It was really strange for the two of them to appear in the ward together.

"Hey, why are you two here together?"

Wandou saw them standing together and felt that they were a match for each other.

"We met by chance," Luo Fanchuan explained.

"Yes, it was a coincidence. I met her downstairs just now."

Xue Ziqi explained embarrassedly and hurried over to deliver the flowers. "Sister-in-law, I saw the news and asked my brother. I rushed over to see you. Are you and uncle and auntie okay?"

"We're all fine. Don't worry!"

After that, Wandou introduced Xue Ziqi and Luo Fanchuan to her parents. The parents of the Wan family knew that Xue Ziqi was Mu Chenguang's sister. Finally, Luo Fanchuan was the young master of the Luo family.

He came to visit Wandou. Could it be that he wanted to continue developing his relationship with Wandou?

Upon closer inspection, Mu Chenguang realized that Luo Fanchuan seemed to be very attentive towards his sister. He directly invited him out of the ward. "Young Master Luo, come out. I have something to ask you."

"What is it?" Luo Fanchuan was taken out of the ward.

Xue Ziqi looked nervous. "What is my brother doing? Is he going to pick a fight?"

Wandou smiled and asked, "If your brother gets into a fight with Luo Fanchuan, who will you help?"

"I'll help..." Xue Ziqi suddenly realized something and blushed. "Oh my, sister-in-law, why are you trying to tease me?"

"I'm not joking. I think you and Luo Fanchuan are quite compatible."

"Sister-in-law, don't talk nonsense. Luo Fanchuan and I are just friends."

Xue Ziqi and Luo Fanchuan had not yet confirmed their relationship. It was quite embarrassing to talk about it now.

"Yeah, it's fine. All boyfriends start off as friends."

Wandou could tell that she was not fated to be with Luo Fanchuan, but Xue Ziqi and Luo Fanchuan had been classmates before. It would be nice if they were in a relationship.

"Come on, let's not talk about it anymore. By the way, did you see the news? That Liu Jiajia is done for. Not only did the police find out that she was hiding drugs, but they also found out that she was taking drugs. Now that their company has proposed to terminate her contract, she will probably be locked up inside for a while," Xue Ziqi said.

"Oh, I haven't seen the news yet. But it's her own fault that she ended up like this. She can't blame anyone else."

"That's right. If a celebrity is involved in drug abuse, their career is basically ruined. I'm scared just thinking about it. If I didn't have my sister-in-law back then, I would be in big trouble now."

"Yes, so you have to be more careful in the future."

The two girls were chatting in the ward. Outside the ward, Mu Chenguang called Luo Fanchuan out. He lowered his eyebrows and asked, "You couldn't get my wife, and now you have eyes on my sister?"

"Mr. Mu, I don't have designs on Qiqi. I'm just pursuing her."

Luo Fanchuan quickly explained the situation so that he would not misunderstand.

"Just to play around?"

Mu Chenguang rolled up his sleeves as if he was about to teach him a lesson.

Luo Fanchuan quickly explained, "No, no. Brother, you've misunderstood..."

Chapter 2178: Don't Blame Me For Being Impolite!

“No, no. You're mistaken, brother. I'm serious. I'm sincere towards Qiqi. Before I met her, I never found a suitable partner. But after meeting Qiqi, I realized where my life goal is. I want to pursue her and be with her. I'm very serious.”

Mu Chenguang just wanted to see how he treated his sister.

Since Luo Fanchuan was serious and had expressed his intentions, as his brother, he was naturally willing to fulfill his wish.

The dark clouds on Mu Chenguang's face instantly dispersed. He put his hand on Luo Fanchuan's shoulder and said in a warning tone, “Then work hard, Young Master Luo! Getting my sister depends on your ability. If you dare to treat her badly, don't blame me for being impolite!”

“Don't worry, big brother! I will love Qiqi well.”

“Mm.”

Mu Chenguang retracted his arm and turned to walk back into the ward. Luo Fanchuan stood where he was and let out a long sigh of relief. He was really frightened by Mu Chenguang's murderous look just now.

Luckily, he was not playing around. Otherwise, he would have beaten him up!

The two men returned to the ward one after another. Wan Dou and Xue Ziqi were relieved to see that they were both fine. They stayed in the ward for a while before Mu Chenguang sent Xue Ziqi and Luo Fanchuan away. “The weather is so good. You two should go out for a walk! Don't stay in the ward anymore.”

“Okay, let's go. I'll contact you later.”

Xue Ziqi knew that her brother and sister-in-law did not want them to stay as third wheels. They could only leave quickly.

After leaving the ward, Luo Fanchuan took out the movie tickets he had bought in advance and said, “Qiqi, I happen to have two tickets here. Why don't we go watch a movie together?”

Xue Ziqi looked at the movie tickets and then at Luo Fanchuan. She asked, “A man inviting a woman to a movie... Luo Fanchuan, do you like me?”

Xue Ziqi was a very straightforward girl, and she could not hold back her words. After what Wan Dou had said just now, she also wanted to know what Luo Fanchuan was thinking about her.

Luo Fanchuan did not expect Xue Ziqi to suddenly ask him such a question. For a moment, he did not know how to answer her. He stammered, “I actually... I... I think... well, to put it bluntly, I think so!”

Xue Ziqi was amused by his shy look. She couldn't believe that he could actually blush!

“Fine, fine! Let's go watch a movie!”

Xue Ziqi was not shy. She took his arm and pulled him towards the elevator. "I want a huge portion of popcorn and a cup of coke. If only we could eat fried chicken in the cinema..."

The two of them left together. Xue Ziqi's chattering echoed in the corridor.

Under the care of Wandou and Mu Chenguang, the parents of the Wan family recovered very quickly. They stayed in the hospital for a day and were discharged the next day.

Wen Zhehan arranged for his men to wait outside the hospital in advance. Wandou accompanied her parents and Mu Chenguang helped carry the things. They went downstairs together.

They got into the Wen family's car and the driver drove them straight to Bi Guiyuan Estate.

When they finally arrived at their new home and opened the door, the Wan parents couldn't help but exclaim, "This place is so beautiful!"

"It is!"

Wandou also felt that the renovated house was wonderful. Compared to their original home, the difference was like heaven and earth.

"Let's go in and take a look!" Mu Chenguang urged.

Wandou took her parents to change into slippers and walked into the new house. She realized that the house was quite big and the renovation was very comfortable. It was especially suitable for living in.

Chapter 2179: All Ready

Wan Dehai looked at everything in front of him and said, "We really should thank Mr. Wen for helping us and giving us such a good house to live in. We are so grateful to him!"

"Yes, thank you very much, Mr. Wen," said Mother Wan.

Wan Dou did not say anything. She was thinking that Wen Zhehan had said that he would come to pick her up after her parents were discharged from the hospital and moved to their new home.

She still hadn't decided whether she should go back. She was very conflicted.

She understood everything that her mother had told her. If she went back, she would have the status of a shining young lady. No matter what she did in the future, it would be easier than now.

But she was still a little worried.

After arriving at their new home, Wan Dou and Mu Chenguang accompanied their parents to the nearby supermarket to purchase daily necessities.

In fact, there wasn't much that needed to be bought. Wen Zhehan had his men prepare everything, from small things to toothpicks.

They only needed to go to the supermarket to buy some ingredients and come back to cook dinner.

After they bought their stuff and brought their parents to familiarize themselves with the neighborhood, they went home.

Wan Dou personally cooked dinner for Mu Chenguang.

When dinner was served, the doorbell rang. Wan Dehai opened the door and saw that it was Wen Zhehan. He quickly greeted him, "Oh, it's you, sir. Please come in."

Wen Zhehan walked in and changed his shoes. He looked around and said, "I just came back from school. How is it? Is it okay? If you need anything, just let me know."

"All right, all right. This place is very good. Everything is ready. Sir, you've prepared really well. Our family wants to thank you."

"Don't be so polite. You are Doudou's father, and we will be brothers in the future."

Wen Zhehan patted Wan Dehai's shoulder.

Wan Dehai was flattered and asked again, "Sir, you haven't had dinner yet, right? Since we just started eating, why don't you join us? Today's dinner was personally prepared by Doudou. You have to try it!"

"Then I'm so lucky."

Wan Dehai invited Wen Zhehan into the house. Mu Chenguang stood up and greeted, "Uncle Wen!"

"Have a seat, Chenguang!"

They sat down at the table. Wen Zhehan looked at the various dishes on the table. They looked, smelled, and tasted good. One look and he could tell that they were very appetizing.

She couldn't help but sigh in her heart. It was such a blessing to be able to eat something her daughter had personally made in her lifetime!

"Mr. Wen is here!"

Mother Wan came out from the kitchen and greeted Wen Zhehan warmly.

"Yeah, are you guys okay now?"

"It's fine, it's fine. Thanks to you, we're all doing very well," Mother Wan said and shouted into the kitchen. "Doudou, it's done. Come and eat quickly!"

"Oh, he's here!"

Wan Dou prepared the last cold dish and brought it out. Mu Chenguang stood up and placed it on the table. Then he pulled out the chair beside him and let Wan Dou sit down.

Wandou saw Wen Zhehan and greeted him politely, "You're here, Principal Wen."

"Yes." Wen Zhehan smiled and nodded.

They sat down and dinner officially began. The parents of the Wan family invited Wen Zhehan to eat. Wan Dou and Mu Chenguang also began to eat.

After three rounds of drinks, Wen Zhehan changed his usual serious look and said, "Old Wan, this toast is to you and your wife. Thank you for raising Doudou so well. I'm very grateful to you."

Wan Dehai shook his head. "You don't have to be so polite, sir. We are also very ashamed that we did not immediately return the child to you back then, and that you have suffered for so many years. We are also guilty."

Chapter 2180: What He Wanted To Do

"Sigh, let's not talk about the past. From now on, let's live a good life together and treat Doudou well. This is what I want to do."

After Wen Zhehan finished speaking, he looked at Wandou. His eyes were already red, and he had been restraining his feelings. He said, "Doudou, I'm the one who let you down. I owe you 26 years of fatherly love. I don't dare to hope that you can acknowledge me, but I still have a glimmer of hope. I hope that I can still hear you call me dad in my lifetime and not Principal Wen."

After Wen Zhehan finished speaking, he covered his eyes with his hands. He was very upset. Perhaps it was because he had drunk alcohol that he could no longer control his feelings.

Hearing his words, Wan Dou felt sour in her heart. Although she had never lived with Wen Zhehan and had no feelings for him, she could not ignore blood ties.

Moreover, Wen Zhehan had never done anything that disgusted her. She believed that as long as she was given time, she would one day accept such a loving father.

Under the table, Mu Chenguang quietly held Wandou's hand. Her hand was cold and slightly trembling.

He could feel that she was actually very excited. She was just pretending to be indifferent.

After dinner, Wen Zhehan was about to leave. Wandou did not say anything and only watched as Wen Zhehan left. As she looked at his staggering back, an indescribable complicated feeling arose in her heart.

Wen Zhehan had a little too much to drink and was walking unsteadily. Mother Wan saw it and created an opportunity to say, "Doudou, look, Mr. Wen is drunk. Why don't you and Chenguang send him back together?"

"Okay, Auntie. Let's send Uncle Wen back."

Mu Chenguang did not drink and could drive. He pulled Wan Dou out and caught up with Wen Zhehan.

They ran to the elevator and it was about to close. Mu Chenguang quickly ran over and blocked the door.

The elevator door opened again. Mu Chenguang and Wan Dou both saw Wen Zhehan in the elevator. He fell down along the wall, tears streaming down his face.

He quickly wiped his tears when he saw them coming in. He wanted to get up but realized that he could not.

Mu Chenguang and Wan Dou helped him up. Wen Zhehan explained in a self-deprecating manner, "I drank too much and lost my composure. I made a fool of myself in front of you guys. Oh right, why did you guys come out?"

“Wan Dou and I are fine. We can send you off.”

When the elevator reached the first floor and opened, Wandou held his arm and warned him, “Be careful!”

Wen Zhehan did not say anything. He was touched.

“Wan Dou, why don't you drive Uncle Wen's car while I drive mine?” Mu Chenguang suggested.

Wan Dou thought about it and agreed. “Okay.”

Just like that, Wandou drove Wen Zhehan's car out of the Bi Guiyuan Estate.

Mu Chenguang drove his sports car and followed behind.

On the way, Wan Dou did not say anything. Wen Zhehan sat in the back seat and could see the back of her head and the side of her face.

There seemed to be thousands of words in her heart, but she didn't know where to start.

The two of them remained silent throughout the journey. Wan Dou turned on the GPS in the car and successfully navigated back to the Wen family home.

When they arrived at the main gate of the Wen family mansion, the guard recognized Wen Zhehan's car and opened the door to let the car in. Mu Chenguang's car followed them but was stopped outside. The guard had to check the information before letting them in.
