

## Priceless 2381

### Chapter 2381: Fall Again

“It wouldn't be a crush anymore if I made it public, right?”

Li Ruochu's clear eyes reflected his appearance. Although the man in front of her was no longer the youth from school, he had become more charming and attractive.

Being with him would only make her feel uneasy and terrified. She was afraid that she would fall for him again.

“How do you feel about me now?”

When Helian Qingyu asked this question, he felt a little uncertain.

“No. I don't love you anymore, Mr. President!”

Li Ruochu's answer was very calm and her eyes did not look like she was lying.

But how could the proud Helian Qingyu accept this? He did not believe that a woman who had been secretly in love with him for many years would not like him just because she said she did not like him.

How could she change her mind so easily?

“You're lying!”

He pinned her against the wall.

“I'm not lying. I'm speaking the truth. Even if I did like you when we were in school, things change. When we grew up, people's thoughts would change too. And I feel that you're no longer my ideal type. I don't need to lie to you.”

She said her rejection bluntly, not considering his feelings at all.

How could Helian Qingyu take it?

Ever since he was a child, he had always been the girl's favorite. There were as many girls as there were in the river who liked him, but this woman had rejected him again and again!

Helian Qingyu had never met such a woman before. She didn't even know how to be perfunctory. She said it so bluntly, as if she was afraid of having anything to do with him.

“Mr. President, please let go of me, okay?”

Li Ruochu did not want to maintain this ambiguous position with him. After all, this was where his parents lived. The elders were talking downstairs. If she raised her head, she might see them.

“I won't let you go! Li Ruochu! Do you know how hateful you are? I can't wait to tear apart your fake skin!”

He wanted to see what her heart was like.

Helian Qingyu's face was ice cold. He was furious. After saying this, he directly leaned over and used his lips to stop her breathing.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

He was really angered by her. To think that he had been thinking about her for so many years. He had always been thinking about her, waiting for her, and keeping himself chaste for her. But she actually said that she no longer had feelings for him and didn't like him anymore. How could that be?

From the moment she became his woman, she was bound to Helian Qingyu for the rest of her life. Even if she had to be buried, they would be buried together. She had no choice.

To Li Ruochu, a strong kiss was equivalent to a humiliation.

She had enough of him!

She felt that Helian Qingyu did not even know how to respect women. Living with such a man was scary.

After the punishing kiss, Helian Qingyu's good mood was ruined once again. The more he wanted to get a woman's heart, the deeper she hid it.

He was tormented by his inability to love her.

They stayed in the castle until the afternoon. Helian Qingyu had to go back to the presidential mansion for work.

Li Ruochu bid farewell to the two elders with Nuo Nuo. "Goodbye, Grandpa and Grandma!"

"Bring the kid over when you have time!" Jing Ruyue and Helian Wei escorted them to the castle gate.

After bidding farewell to the elders, they got into the presidential car and drove back.

Ever since Li Ruochu offended Helian Qingyu at the photo wall, the man had been silent on the way back.

Chapter 2382: Blushing

Compared to the joy he felt when he came here, it was like a dark cloud had descended.

Li Ruochu's mind was not on Helian Qingyu at all. She was too lazy to ask him about his anger, let alone coax him.

On the way, Helian Qingyu received a call and ordered the driver to go to the hospital.

When they arrived, Li Ruochu and Nuo Nuo also got out of the car. When she heard Helian Qingyu say that he was going to visit a friend in the ward, she asked hesitantly, "It's not appropriate for us to go, right? Mr. President, you can go by yourself."

"I told you to go. Stop nagging!"

Helian Qingyu ordered unhappily and walked towards the hospital.

Li Ruochu did not dare to offend the man. She had no choice but to follow him.

When she arrived at the ward, she realized that the person who was injured and hospitalized was none other than Helian Qingyu's uncle, Jing Zhannan. According to their relative relationship, Nuo Nuo should call him "Granduncle."

Helian Qingyu walked into the ward and saw that Jing Zhannan's arm was bandaged and his forehead was also bandaged. At this moment, a girl in a JS uniform was sitting next to him and talking to him.

Jing Zhannan saw Helian Qingyu at the door and quickly greeted him, "It's Qingyu!"

"Uncle, lie down. Don't get up!"

Helian Qingyu came forward and stopped Jing Zhannan from getting up. Mo Xiaonian, who was beside him, saw that the president had come and quickly got up. "Mr. President, you're here!"

Helian Qingyu nodded at her and greeted, "Auntie."

The word "auntie" made Mo Xiaonian blush. She subconsciously looked at the man on the bed, wanting to explain but feeling embarrassed.

Helian Qingyu looked at Jing Zhannan. "How is it? Is it serious?"

"It's not serious. Don't worry!"

Jing Zhannan was attacked by the enemy when he was trying to maintain peace in the south. He was injured and had returned to Estan for treatment. His condition was now stable.

But it was not a big deal and not worth mentioning. Jing Zhannan happened to have something to ask him. "I heard you found your son, right?"

"Yes, I brought him here today!"

Helian Qingyu shouted at the door and Li Ruochu came in with Nuo Nuo.

Jing Zhannan and Mo Xiaonian both looked at Li Ruochu and the little boy in her hands. When Jing Zhannan saw him for the first time, he smiled and said, "As expected of your own son. He looks exactly like you."

Helian Qingyu smiled and took Nuo Nuo over to the bed. "Nuo Nuo, do you know who this is?"

Nuo Nuo raised her head and shook her head. Helian Qingyu said again, "He's daddy's uncle. You have to call him granduncle."

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Nuo Nuo did not understand what her uncle meant, but her father asked her to call him. He obediently called, "Granduncle."

"Haa!" Jing Zhannan leaned against the bed frame and looked at the little boy in front of him. He was full of joy and did not forget to take out a red packet from under the pillow. "Granduncle knew you were coming, so the red packet has been prepared for you. Take it!"

Nuo Nuo was not willing to accept it. Helian Qingyu was the one who asked him to accept her. After that, Helian Qingyu asked her to call the woman beside him. "You call her Grand aunt, do you understand?"

"No... I..." Mo Xiaonian saw that Helian Qingyu was so serious and looked anxiously at Jing Zhannan on the bed, hoping that he could help her explain.

She did not have that kind of relationship with Jing Zhannan. She was just his subordinate and came to take care of him.

However, Jing Zhannan pretended to be dumb and did not explain anything. Mo Xiaonian felt very awkward and her face turned red.

#### Chapter 2383: An Accident

In fact, it was already a well-known secret that Mo Xiaonian liked Jing Zhannan. However, ever since Jing Zhannan failed to confess to Huo Yijing, he had never talked about his feelings. Therefore, Mo Xiaonian only stayed by his side silently. Their relationship was not really established.

Nuo Nuo called her "grand aunt." Mo Xiaonian blushed and said to Helian Qingyu, "Actually, I'm not in that kind of relationship with your uncle. But now that the child is calling me, I can't pretend to be a coward. I didn't prepare a red packet so I'll give this robot bear to the child!"

Mo Xiaonian gave the little bear robot she carried with her to Nuo Nuo. Nuo Nuo liked the little bear, but she was too embarrassed to take it. In the end, Mo Xiaonian stuffed it directly into her pocket. He turned to look at his mother.

Li Ruochu smiled. "It's a gift from your grand aunt. Just accept it! Don't forget to thank me!"

"Thank you, Grand aunt," Nuo Nuo said happily.

Mo Xiaonian smiled. She had never thought that her seniority would suddenly become so high. There were even people who called her Grand aunt.

Helian Qingyu and Nuo Nuo were talking to Jing Zhannan in the ward. Li Ruochu went outside to wait. In the corridor, she accidentally bumped into a man.

"Uncle Hong?"

Li Ruochu immediately recognized that the other party was the famous lawyer, Hong Jin. He used to be her father's most trusted professional lawyer. She had not seen him for a few years and he had not changed at all.

He wore black-framed glasses and had a square face. He was carrying a black briefcase and looked like a strict and experienced political elite.

"Are you... Miss Li?"

“Yes, I'm Li Ruochu.”

“Miss Li, did you receive news of Mr. Li's illness and rushed back to see him? You came just in time. Mr. Li even asked about your whereabouts just now.”

Hong Jin was relieved to see her.

Li Ruochu did not feel relieved at all. When she suddenly heard that Mr. Li was seriously ill, her heart tightened. “My father... What happened to him?”

“Mr. Li has been sick for a while. He asked me to help him write his will. He's holding his breath now because he's waiting for you to come back. Please follow me!”

Hong Jin took her to the ward.

It was only then that Li Ruochu learned that her father had been hospitalized and was also in this hospital. If she had not come here today, she might not have known about what had happened in the Li family, much less the news of her father's illness.

She followed Hong Jin to a ward and saw a skinny old man lying on the bed. Li Ruochu could not believe that it was her father.

It had only been a few years since they last met. The once high-spirited middle-aged man now had sunken eyes, high cheekbones, and an oxygen mask over his mouth and nose. He was already sick and dying.

Seeing her father so sick, Li Ruochu could no longer hold back her tears.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

It was just so sad!

She had not been able to stay by her father's side for the past few years to take care of him. He was so sick that he did not even know that she was an unfilial daughter.

Seeing that she was crying, Hong Jin patted her shoulder and walked in first. He called out to Li Qingsong softly by the bed, “Mr. Li, Mr. Li... Look. Look at who's here?”

Li Qingsong was woken up by the call. He opened his eyes and looked at Hong Jin. He followed Hong Jin's gaze and looked at the door. When he saw the woman who had appeared at the door, he opened his mouth in surprise. He wanted to get up but his body was too weak.

“Chuchu...”

Li Qingsong called out weakly.

Chapter 2384: He Still Loved Her Most

Li Ruochu could no longer control her feelings. She quickly walked to the bed and threw herself onto him, crying, "Dad..."

Li Qingsong raised his skinny hand and placed it on her trembling back. His heart was filled with excitement. Before he died, he could still see his most beloved daughter. He could die in peace.

"Daddy, your daughter is unfilial. She only came back to see you now..."

Li Ruochu raised her head and said with tears streaming down her face.

All these years, she had been holding a grudge against her father for remarrying. She hated him for renewing the strings after her mother died, marrying Song Juan and giving birth to her stepsister Li Min'er.

But after so many years, she could already understand her father's helplessness at that time. Whenever she thought of how she had left home in a fit of anger, it must have hurt her father a lot. She felt very guilty.

"It's good that you're back..."

Li Qingsong's eyes were also wet.

"Don't you blame me? I left all those years ago and haven't come back to see you even once."

"I don't blame you. I just want to know if you're doing well... All these years, I've been sending people to look for you, but you were nowhere to be found... I'm sorry... I've made you suffer..."

Li Qingsong said these words intermittently and gasped for air.

The person he loved the most was Li Ruochu. He regarded her as the apple of his eye. He had never neglected her just because she had a second daughter. On the contrary, he still favored her the most.

Li Ruochu shook her head to show that she was not wronged.

"Daddy is dying. I've been hoping to see you again before I die. At least I finally see you now..."

"Daddy, don't say any more inauspicious words. You will get better. You will definitely get better."

Li Ruochu wiped her tears and forced a smile.

Li Qingsong knew that he didn't have much time left. He said again, "If I pass on soon... I'll ask your Uncle Hong to help you in the future..."

"Daddy, stop it..."

Li Ruochu burst into tears again as she listened to her father's words. She had never expected to see her father in such a sad state.

"I hope you can come back and take over the Li family..."

Li Qingsong was so excited to see his daughter that he started to cough violently.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Li Ruochu quickly calmed him down. "Daddy, don't talk anymore. Have a good rest, okay? We'll talk when you're better!"

Li Qingsong nodded weakly and did not speak again. He spent a lot of energy and closed his eyes to rest.

"Mr. Li, you should rest first. I'll talk to Miss Li about the details," Hong Jin said in his ear.

Li Qingsong nodded slightly.

"Daddy, I'm going back now. I'll come back when I have time. You must pull yourself together! I still have to be filial to you!"

Li Ruochu held her father's hand. After saying this, she placed his hand under the blanket and covered it before leaving the ward.

She left the ward and closed the door. Li Ruochu followed Hong Jin out.

Lawyer Hong Jin said, "Miss Li, you heard it just now. Mr. Li wants you to come back and take over the family business."

"But Mr. Hong, I..." Li Ruochu couldn't accept it when she thought of taking over her family's company.

"I know what you're worried about, but Mr. Li doesn't want the company to fall into someone else's hands. That's why he wants you to take care of it. I think Miss Li doesn't want to disappoint Mr. Li either!"

Chapter 2385: Smart

Li Ruochu already understood what Hong Jin was implying. Her father did not want to hand over the family business to his stepmother and stepsister. Perhaps he had his own plans and knew what the mother and daughter were planning.

Hong Jin continued, "Mr. Li said that you can read the will when you return to the country. So Miss Li, don't leave Estan for the time being. I might call you to the hospital to announce his will at any time."

"Thank you, Uncle Hong."

Before Hong Jin left, he asked for her contact number.

After visiting her father, Li Ruochu decided to come back tomorrow. Just as she was about to go back to look for Nuo Nuo and the others, she happened to meet two familiar faces.

"Is that Li Ruochu?"

Suddenly, she heard a man's voice not far away. Li Ruochu looked up and saw a couple walking towards her.

Li Ruochu looked at them and realized who they were.

It turned out to be Qiu Yuzhe, the president of the universal cultural media, and Li Ruochu's half-sister, Li Min'er.

The reason why Qiu Yuzhe could recognize Li Ruochu at first glance was because Qiu Yuzhe had pursued Li Ruochu when he was still in university. Later on, the Qiu family and the Li family almost had a marriage alliance, and the marriage partner was Li Ruochu.

But at that time, her stepsister Li Min'er liked Qiu Yuzhe, so she asked her mother to interfere and replaced herself as Qiu Yuzhe's marriage partner.

Li Min'er had successfully married Qiu Yuzhe and became Mrs. Qiu. However, Qiu Yuzhe had always been indignant that he didn't get to marry Li Ruochu.

"It really is Li Ruochu!" Qiu Yuzhe could not help but look her up and down. He realized that after not seeing her for a few years, Li Ruochu still looked like she was 18 years old. Her skin was so tender that it was dripping with water. She was extremely beautiful.

Li Min'er did not welcome her return that much. Seeing Li Ruochu appear, she immediately became wary.

Seeing that Li Ruochu had become even more beautiful than before, a trace of jealousy surfaced in her heart. She said sarcastically, "Oh, isn't this my sister? She left for a few years. Why is she back now? Did she hear that my father was in critical condition and rushed back in a hurry to split the family assets?"

"I just came back to take a look."

Li Ruochu said calmly.

Li Min'er snorted. "Who would believe that? If you had the guts to leave back then, don't come back now! It's not like the Li family can't move without you."

Li Ruochu did not say anything. Her gaze shifted from Li Min'er's face to Qiu Yuzhe's face. Li Min'er thought that she was thinking of hitting on Qiu Yuzhe again. She hugged Qiu Yuzhe's arm and flaunted, "Sis, you might not know this, but our Yuzhe is now the CEO of the Universe Cultural Media. You didn't like him back then, but you didn't expect him to be so powerful now, right?"

Li Min'er was just showing off her taste.

"No matter what, she's still my sister-in-law. It's rare for her to come back. I'll treat you later."

Qiu Yuzhe deliberately showed the Rolex on his wrist to show off his taste and worth. He smiled as he said this and stared at Li Ruochu with a meaningful look in his eyes.

"What treat? We don't owe her anything!"

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Li Min'er was very unhappy with her husband's attitude towards Li Ruochu. She said coldly, "You didn't contact your family for so many years. You have neither humanity nor conscience at all! When the Li family was in trouble, our whole family was trying to think of a way and only you disappeared without a trace. To think that Dad was thinking of you all these years. Did you ask him whether he was dead or alive? Dad was about to die and you just returned so you can openly claim a share of the pie. You're really smart!"

## Chapter 2386: Unforgettable

In the face of Li Min'er's accusation, Li Ruochu did not argue with her. She sneered at the two people in front of her.

Back when the Li family was in a crisis and facing bankruptcy, Li Ruochu had tried everything she could to help her father get through it. In the end, she even went to a nightclub to sell her virginity.

It was also at that time that she met Helian Qingyu. They got married and had Helian Qingyu inject funds into the Li family. That was the reason why the Li family did not go bankrupt.

She was the one who sacrificed her happiness to save the Li family. But in their hearts, she was a bum who had nothing to do with them.

Yet they were the ones who had done nothing.

Li Ruochu could not be bothered to talk to them. She walked past them and said, "Think whatever you like. I'm leaving now!"

She deliberately bumped Li Min'er's shoulder and walked past her. Li Min'er turned her head and her eyes were filled with hatred. Qiu Yuzhe's eyes were filled with interest. He realized that his sister-in-law was more and more charming!

He had not gotten her back then, and he could not forget her after so many years!

After Li Ruochu disappeared around the corner, Li Min'er turned around and said to Qiu Yuzhe, "Hubby, what should we do now? Will Li Ruochu's return affect our plan?"

Li Min'er knew about her father's will. She also knew that Li Ruochu had 10% shares in Li Entertainment. Now, she was worried that her father would give the company to Li Ruochu.

It would not be a big deal if she was given some money, but the most important thing for the Li family was the Li Group. She had to think of a way to inherit the Li Group without any mishaps!

"I don't think so! You've always been the one managing the company. You're the most familiar with Li Group. Your father would definitely not hand the company over to a woman who doesn't know anything."

Qiu Yuzhe had a plan in mind.

Once Li Qingsong closed his eyes and his wife took over the Li Group, he would be able to slowly absorb the Li Group into the Universe Culture Media. At that time, the Qiu family's power would increase more than double.

After listening to her husband's comforting words, Li Min'er was still worried. She had to quickly contact her mother and discuss a plan.

When Li Ruochu returned to Jing Zhannan's ward, Helian Qingyu and Nuo Nuo were already waiting for her, ready to leave.

"Where did you go? Why did you take so long?" Helian Qingyu asked.

"I went out for a walk." Li Ruochu avoided Helian Qingyu's gaze and turned to nod at Jing Zhannan and Mo Xiaonian.

"Let Uncle rest. We'll take the child back first and come back another day."

Helian Qingyu waved goodbye to Jing Zhannan and left with Li Ruochu and Nuo Nuo.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

On the way back, Li Ruochu sat in the back seat with Helian Qingyu. Nuo Nuo sat between them. Li Ruochu did not say anything. Helian Qingyu turned to look at her and broke the silence. "What's wrong?"

"Nothing!"

Li Ruochu forced a smile.

Helian Qingyu reached out his hand and forcefully pinched her chin. He looked into her eyes and asked, "Why are your eyes so red? Did you cry?"

Li Ruochu realized that she still had to go to the hospital to see her father, so she did not hide it from him. "You might not be able to guess who I met at the hospital."

"Who?" Helian Qingyu thought that she had met her old flame or something. Otherwise, why would her eyes be red from crying?

Chapter 2387: Unknowingly Believed

"My dad."

"Hmm?"

"My father was hospitalized. If it wasn't for his lawyer, I wouldn't have known about this. He might... might not have much time left..."

As Li Ruochu spoke, tears began to roll down her cheeks and onto his hands.

Helian Qingyu was touched by her tears and his heart felt heavy. He took back his hand and handed her a handkerchief.

"Thank you!"

Li Ruochu took it and wiped her tears.

Helian Qingyu looked at her quietly. Even though he felt that what she said was a little ridiculous and made people think that she was making up an excuse, he still believed her for some reason.

"What are your plans?"

"I want to visit him at the hospital tomorrow. It was too rushed today. I didn't prepare anything..."

"Mm."

"If necessary, I might have to return to the Li family."

"Mm."

Helian Qingyu nodded and agreed.

Li Ruochu was surprised. He was so easy going today.

But Helian Qingyu had a condition. "You can go back, but you can't bring Nuo Nuo with you. Nuo Nuo has to stay in the presidential mansion."

Helian Qingyu was not going to let her take the child away until everything was clear. If she disappeared with the child, he would not know where to find them.

The best way was to keep Nuo Nuo by her side at all times. Then she wouldn't have to worry about Li Ruochu going too far, unless she didn't want Nuo Nuo anymore!

"I know. I never wanted him to expose his identity."

Li Ruochu was not that stupid. The fewer people who knew about Nuo Nuo's identity, the better. Only then could she ensure that he grew up safely.

As for the Li family, she could face it alone. She would not cause any trouble for Helian Qingyu.

The next day, Li Ruochu took care of the two of them. She packed up her things and went out. She had already done some thinking with Nuo Nuo. The little boy kept double checking. "Mommy, will you definitely come back right?"

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

"Mm, definitely!"

"You have to come back! Nuo Nuo will wait for you!" Nuo Nuo was afraid that she would be separated from her mother, but her mother had already said that she would come back, so he would wait for her obediently.

Helian Qingyu prepared a car for Li Ruochu and asked his assistant, Ah Wen, to accompany her.

Ah Wen was also a soldier, and knew all sorts of martial arts that could be used to protect Li Ruochu. Helian Qingyu was relieved.

On the way to the hospital, Li Ruochu asked Ah Wen to stop the car. She went to the shop by the street to buy something.

Actually, Ah Wen wanted to tell her that there was no need to buy anything. There was everything in the trunk of the car, but before he could say anything, Li Ruochu had already gotten out of the car and went to the flower shop by the street to buy flowers.

After arriving at the hospital, Li Ruochu went to the ward from yesterday and found the hospital bed was empty.

At that time, she fell into a daze. She thought of the worst possible outcome and was scared witless.

She grabbed the passing nurse and asked, "Excuse me... may I ask where the patient in this ward is?"

"Oh, he's already been discharged."

The nurse glanced at the ward number and told her.

When Li Ruochu heard that her father had been discharged from the hospital, her heart finally returned to normal. She had almost thought that her father passed on.

She calmed down and thought about it. Her father was discharged from the hospital? When she came to see him yesterday, he was seriously ill. How could he suddenly be discharged and come home?

Or could it be that because of her return yesterday, her father was in a good mood and his health had improved greatly, so he was discharged from the hospital?

Chapter 2388: She Really Knows How To Be Sad

Li Ruochu wanted to confirm it with her own eyes. So she asked Ah Wen to send her to the Li family.

After so many years, Li Ruochu was once again standing at the entrance of the Li family. She was filled with emotions.

She was finally back at the place that she had always wanted to escape from.

This was where she was born and where she grew up. Too many memories were stowed away here.

Sigh...

Li Ruochu sighed silently and walked into the Li residence with Ah Wen.

In the Li family villa, her stepmother, Song Juan, was talking to her daughter, Li Min'er. A servant rushed in and reported, "Madam, Miss is back!"

"She's back so soon?" Song Juan asked.

"Mom, she must've been to the hospital. She couldn't see Dad and came here. I can totally tell what she's up to."

Li Min'er analyzed.

"Luckily we got your father out of the hospital. If we were in the hospital hearing that little hussy talk, who knows how chaotic the house would be. We can't let her see your father later!"

"Mm."

After the mother and daughter pair had discussed their plan, Li Ruochu walked into the villa with Ah Wen.

The Li family mansion was still decorated in the same way as before, but the furniture inside was completely new and more luxurious than before.

Li Ruochu entered and saw Song Juan and Li Min'er sitting on the European-style vintage leather sofa.

“Who is this?” Song Juan asked. “Is she the daughter of the Li family?”

Li Ruochu could hear the sarcasm in her voice, but she ignored it. Instead, she asked directly, “I'm back. Auntie Song, where's my father? Has he been discharged?”

Li Ruochu gestured for Ah Wen to place her things on the table.

Song Juan looked at Li Ruochu and the man she had brought in and asked, “Who is this? Don't tell me he's the son-in-law?”

“No, just a friend who's accompanying me.”

Li Ruochu did not want Ah Wen to see this scene and said, “Ah Wen, wait for me outside!”

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

“Okay.” Ah Wen left respectfully.

Song Juan looked at the few shabby things on the table and sneered, “You still know how to come back to see your father? I thought you would never come back in this lifetime! Now that you're back, what did you buy for your father? It can't be just these two things on the table, right? Oh my god, you're too stingy!”

Ah Wen, who was about to leave, heard Song Juan's taunt and turned to look at her meaningfully.

“I brought these for my father. It's not a big deal. He won't mind.” Li Ruochu did not want to embarrass herself. Now that her father was in danger, bringing a mountain of gold and silver would not help his illness either.

It could be said that her father didn't need anything from her. All he needed was for her to come back and see him.

Li Min'er flipped open the gifts on the table and exclaimed, “Oh my god, Sis, you're really something. You only bought a few boxes of cakes from Estan. These things added up to less than 200 yuan. Tsk tsk, what are you pretending to be poor for? To let Daddy see? Let him know that you're not living well outside so his heart would soften and he would give you more of the family assets?”

“What a tragic scene!”

The mother and daughter continued to mock Li Ruochu. In the end, Song Juan even said, “Do you want me to lend you some money? Don't let outsiders know that you are the daughter of the Li family. Don't embarrass your father.”

Li Ruochu initially wanted to ignore the two of them and go straight in to look for her father. But at this moment, Ah Wen turned around and shouted, "Miss Li!"

Chapter 2389: Untitled

Li Ruochu turned around. Song Juan and Li Min'er also turned to look. They saw Ah Wen coming in from the door with many things in his hands.

He walked over and placed all the gifts on the table. He said, "Miss Li, I've brought the things in. I'll wait for you outside now. Call me if you need anything."

"Oh, thank you."

Li Ruochu looked at the things on the table in surprise. These were not prepared by her. Did Helian Qingyu get someone to prepare them?

As expected, when Song Juan and Li Min'er saw the gifts, their expressions changed.

"Oh my god! This is top-grade ginseng!"

Li Ruochu took a glance and realized that Helian Qingyu had ordered people to prepare top-notch gifts that were rarely seen. Why did this guy have to prepare such good things? It was not like her father had any use for them. It would only benefit these bunch!

Song Juan's eyes lit up as she opened the gifts. "Ruochu, where did you get so much money to buy so many good things? Don't tell me you are being kept by someone?"

Li Min'er was jealous when she saw Li Ruochu taking out so many quality items at once. "Sister used to work in the entertainment industry. She was a manager before. It's not surprising that she knows some rich people."

Li Ruochu could not be bothered with them. "Where is dad now? I want to see him!"

Song Lijuan was trying on a pair of top-grade jade bracelets. "Go visit him. Your father is in his room. Don't disturb him too much!"

Without another word, Li Ruochu went straight upstairs.

The mother and daughter pair were too busy playing with a jade bracelet and trying on a ruby necklace respectively. The two women happily divided the items.

Li Ruochu glared at them coldly. What a materialistic and greedy pair!

Upstairs, Li Ruochu came to her father's room and gently pushed the door open.

The room was thick with the smell of medicine. It could be seen that all the equipment in the hospital had been moved back. There was also a nurse on standby.

The nurse stood up and left the room after Li Ruochu revealed her identity.

At this time, Li Qingsong was lying on the bed calmly. He probably heard her talking to the nurse and opened his eyes.

“Daddy... are you feeling better?”

Li Ruochu came to the bed and held her father's hand.

“Much better.”

Maybe it was because of his daughter's return, or maybe it was because of his daughter's return, Li Qingsong's spirits had obviously improved and he could accompany her for a few words.

“Your brother called. I've already told him that you're back,” Li Qingsong said.

“I know. He's doing well now, right?”

Li Ruochu thought of Bai Yanchuan, the adopted son of the Li family. He was the man who had almost destroyed the Li family because of his revenge. Later on, he had also chosen to let go of the Li family so that the Li family would not be pushed to a dead end.

They had not seen each other for many years. It was said that he had already established a family and was now living in the Dragon Kingdom.

“He can help you in times of need.”

“I understand, dad. You don't have to worry about anything now. Just rest well and get better!” Li Ruochu did not want her father to worry about her all the time. She hoped that he could get better soon.

For the time being, Li Qingsong's safety wasn't at risk. Song Juan and her daughter were both waiting for the old man to distribute the assets, so they would definitely not harm him.

Li Ruochu was relieved to have a nurse and nanny to take care of the old man.

Li Ruochu chatted with her father for a while until the old man was tired and needed to rest. Then she got up and left.

Chapter 2390: Untitled

As soon as the door was opened, the two women who were eavesdropping outside almost fell in. Song Juan quickly said seriously, “Ruochu, are you leaving now?”

“Mm.”

“Why don't you stay at home and have a meal?” Song Juan asked.

“No, I have something to do and will have to leave first. I hope you all can take good care of dad. I'll come back to see him anytime.”

Li Ruochu walked past the two women and left.

Song Juan and Li Min'er glanced at each other as Li Ruochu left. Song Juan immediately pulled Li Min'er to her room and closed the door.

"Did you hear that just now? Your father asked Li Ruochu to look for Bai Yanchuan for help. If Bai Yanchuan really comes back to help her, then your inheritance rights will be at risk!"

"Mom, don't worry! Li Ruochu won't go and look for Bai Yanchuan. You have no idea that Bai Yanchuan liked Li Ruochu and Li Ruochu rejected him. The two of them never get along."

Li Min'er was knew about the relationship between Li Ruochu and Bai Yanchuan very well.

"Those two better not touch each other! It looks like Li Ruochu intends to return and take over the Li Group. We can't just sit still and let the Li Group fall into that girl's hands."

"Mother, what do you have in mind?" Li Min'er asked.

"In my opinion, while Li Ruochu is alone and helpless, I'll represent your father and hold a temporary shareholder meeting to elect a new president. You will definitely be the best candidate."

"Good idea, mom!"

Li Min'er was pleased with herself. She had a total of 20% of the shares in her hands and her mother's shares. If she wanted to inherit the Li Group, her chances of success were very high.

And Li Ruochu only had 10% of the shares. It was basically impossible for her to surpass Li Min'er.

Just as Li Min'er had said, Li Ruochu would not go and look for Bai Yanchuan. Because of their past grudges, she did not have the courage to contact Bai Yanchuan.

Therefore, she could not follow her father's instructions.

As for taking over the Li Group, she actually did not have many thoughts. She still hoped that her father could get better and hand over the Li Group to her himself.

That night, she received a call from Chu Huai. Chu Huai was her father's loyal assistant. When her father was seriously ill, he was in charge of the company.

Chu Huai had gotten Li Ruochu's number from his lawyer. He had called to tell her that her stepmother, Song Juan, was going to hold a temporary shareholders' meeting in the name of the chairman. The time was tomorrow morning, and they planned to choose the new president.

"Miss, what are your plans?" Chu Huai asked.

"Thank you, Assistant Chu. I'll be there tomorrow!"

They did not inform Li Ruochu to participate, which meant that they did not want her to participate at all. They wanted to take over the Li Group in advance while her father was sick and unable to manage the company. What wishful thinking!

Although Li Ruochu was not interested in inheriting the family business, she could not allow it to fall into the hands of these parasites.

After ending the call, Li Ruochu wondered how she was going to ask Helian Qingyu for another day off.

Recently, there have been a lot of things going on in the Li family. She needed to come up with an excuse to get a free pass.

Because of this, Li Ruochu prepared a sumptuous dinner. When Helian Qingyu came in at night, she took the initiative to welcome him. "Mr. President, you're back!"

After greeting him, she even helped him unbutton his shirt and take off his jacket, looking like a good wife who was willing to do anything for her husband.
