

Priceless Baby 1091

Chapter 1091: Found Her

As the plane flew over the Eastern Sea, Mo Yutian made a mistake as he went to the cockpit and asked his underling to keep an eye on Xu Xiyan.

Xu Xiyan took the chance to open the door and jump down.

"Miss Jing!" the underling shouted. "Sir! Miss Jing jumped from the plane!"

Mo Yuitan quickly rushed out and could only look as Jing Xi fell into the sea.

"Jing Xi..."

Mo Yutian was too shocked to say anything. Would it be possible to survive that fall?

The pilot of the helicopter following the plane noticed her and said, "Sir, look! Someone jumped from the plane!"

Huo Yunshen focused on the person that was free falling. Even though he could not make out the person's face, he recognized the shirt on the person. His intuition told him that the person was Jing Xi.

"Jing Xi!" Huo Yunshen shouted. "Go after her!"

The helicopter and the plane both slowed down as the people watched Xu Xiyan plummeting into the sea.

But just as Xu Xiyan was about to hit the water, something exploded above her. When the smoke was gone, Xu Xiyan was nowhere to be seen.

"Jing Xi..." Mo Yutian gasped and quickly took off his coat. "Go down, I have to save her!"

"Sir, there's no way she could survive that!" Lei De shouted, stopping Mo Yutian. "We can't have you risk your life! The plane could not change its course either, we'll crash if we go near there!"

Mo Yutian felt powerless at that moment, but as he turned to look at the sea again, he could see a person falling into it.

Huo Yunshen? Mo Yutian could not make sure, as the plane flew further away.

Huo Yunshen ordered his pilot to get as low as the helicopter could, and he jumped down.

The sea was huge and deep and looking for Xu Xiyan was like finding a needle in a haystack.

But he never gave up and kept looking. He would come up for air and dive again if he needed to.

And he finally found his wife drifting in the water.

Without wasting any time, he quickly pulled her out from the water. The ladder was already dropped from the helicopter, and he climbed back up with his wife in his arm.

Huo Yunshen performed CPR right away, as soon as they were in the cockpit.

“Wake up! You have to wake up!” Huo Yunshen shouted. “You're not allowed to leave, you hear that? Wake up!”

Huo Yunshen kept performing CPR until Xu Xiyan began to cough the water out from her throat.

“She's back...” all other people in the helicopter let out sighs of relief.

Being able to save Xu Xiyan from that was a miracle.

But even if Xu Xiyan had regained her breathing, she was still unconscious and needed emergency treatment at a hospital.

Huo Yunshen ordered the helicopter to rush to a hospital.

Huo Yunshen had his wife in his arms the whole time with mixed feelings. Not only could he not protect his wife from harm, but he also could not believe that his wife would make such a reckless decision.

Priceless Baby's Super Daddy 1092 The Impact Was Too Strong For Her

Silly woman. Why must she choose to jump into the sea?

If he hadn't gone after her today, who else would have rescued her in time?

Mo Yutian?

After Jing Xi jumped into the sea, that man did not order his men to rescue her. Instead, he let the plane fly away. Was this the so-called love he had for her?

He couldn't imagine the impact of losing Jing Xi. He could not dare think of it.

Huo Yunshen held his wife tighter like a lost treasure he had just recovered. He would never let go of her hand.

They arrived at the hospital safely. Xu Xiyan was sent to the emergency room for treatment.

She got out of danger after the emergency treatment and was sent to the ward. Huo Yunshen stayed by her side, guarding her and never letting her out of his sight.

Now, he could not trust hospitals anymore. When Jing Xi was at the Shenghe Hospital, she had been secretly switched out by Mo Yutian.

He was going to watch over her at all times now. He would never leave her again.

During the time at the hospital, Huo Yunshen's mobile phone was going to blow up with incoming calls. All his friends had called to show their concern and ask about what had happened between him and Jing Xi.

No one believed that they had experienced so many difficulties and a loving couple such as them would suddenly announce news of their divorce.

Therefore, instead of explaining too much, Huo Yunshen asked Xiao Yuqian and Huo Sanyan to work on public relations together and eliminate the negative news of their divorce.

In a few hours, Jingyue Entertainment and Juxing Entertainment both released statements through their official Weibo page.

It was announced that Jing Xi was going to star in a new drama titled Let's Divorce, Mr. Huo. It was a family ethics drama directed by the famous director, Yang Yeling, and they were officially at the stage where auditions were being held now.

Because of this news, all netizens who thought that Jing Xi and Huo Yunshen had divorced were shocked to hear the news. Damn! They were fooled! So it turned out that they were not divorcing—it was just a promotion for the new drama!

However, the intensity of the promotion was too great, almost causing the netizens to break down. When they saw the divorce scandal, many of them felt a feeling of despair that they would never love again.

Fortunately, it was just a means of hyping up the new drama. Right now, everyone was completely relieved.

In Jing Gongzi's Weibo page, the anti-divorce remarks were gradually replaced by comments to support the new drama. Many fans were even asking: Is the lead male actor Huo Yunshen?

The storm the divorce scandal caused had finally calmed down, and Xu Xiyan also woke up.

The ability to see Huo Yunshen's handsome face again after opening her eyes made Xu Xiyan so emotional that she broke into tears. "Dear, am I dreaming?"

"No, you're not dreaming... you're still alive, dear..."

Huo Yunshen held her hand tight and kissed on the back of her hand repeatedly, caressing her head and face.

"Oh I'm really so lucky to be alive, dear!" Xu Xiyan laughed at herself. Right now when she recalled the time when she had jumped off the plane recklessly, a lingering fear could still be felt in her heart.

Before falling into the sea, she had successfully removed the explosives on her body. But the impact of the explosion was too strong for her and she could not come up to the surface in time.

When she was slowly suffocating under the sea, she couldn't describe how regretful she was.

If she were to start over, she would never dare to jump into the sea rashly again.

"Yeah. You were born in the year of the cat, and a cat has nine lives," Huo Yunshen jested. In fact, he was thinking in his heart: Jing Xi, without my permission, you cannot leave me again for the rest of your life.

After the two gazed deeply at each other for a moment, Huo Yunshen could no longer control his heart and kissed her fiercely on her lips.

...

Chapter 1093: Can He Stop Himself?

The kiss expressed all of Huo Yunshen's worries and fears.

After they had enough kissing, they talked about things they'd never told each other in the past few days.

"Is she really the same as me?" Xu Xiyan asked as she thought about the clone. "How did you know she wasn't me? Did you sleep with her?"

"No! I swear to God! The only woman I've ever slept with is you!" Huo Yunshen swore. "I noticed because she was too different from you."

"Different how?"

"She's really bad at acting. All she could do was fake having a headache," Huo Yunshen explained. "How about you? Did Mo Yutian do anything to you?"

After interrogating Alice, Huo Yunshen learned that Mo Yutian would treat Alice as Jing Xi to express his lust for her.

If Jing Xi was in Mo Yutian's hands, there was no way he could stop his lust from taking over.

"No, he did not do anything to me."

Xu Xiyan was lucky that Mo Yutian would only want to touch her after her heart belonged to him. That was why she was still unharmed.

"If he dares touch you, I'll definitely kill him!" Huo Yunshen scolded.

"He must be out of the country now...it would be hard to catch him, right?"

"Yes, but worry not. Sooner or later we will destroy the Dark Zone. As soon as he surfaces, we will catch him."

"Okay. What about his sister? Is Lan Ling'er still in Zstan?"

"No, when they swapped you with the clone, she was already long gone."

"What a cunning person!" Xu Xiyan scolded. "Oh, right! Not everything is bad with this incident! Do you know what I've learned from Mo Yutian in the past few days?"

"What?"

"My mother is still alive!" Xu Xiyan said, pulling Huo Yunshen's sleeve excitedly.

"Are you sure?" Huo Yunshen found it hard to believe.

"Yes! Mo Yutian showed me a video of my mum lying on a crystal bed. I think she was unconscious. I didn't believe him at first until he mentioned Lady White Tea."

Xu Xiyan believed that it was a huge clue on her mother's death or disappearance. If her mother was really still alive, the Dark Zone must have something to do with it.

"But it might be faked too. Mo Yutian would do anything to try and keep you by his side. He even created a clone! What if he created a clone of your mother too? He might've gotten an idea of how your mother was from Landscape."

"Yes, I was thinking the same thing. That was why I jumped from the plane instead."

Xu Xiyan never fully trusted Mo Yutian, because anything he said could be fake.

"You must be hurt from when I said I wanted a divorce, right?" Xu Xiyan asked.

Hurt? Huo Yunshen scolded in his head. It almost killed me!

Priceless Baby's Super Daddy 1094 Compensate Me Well

Huo Yunshen rested his head sideways on his wife's stomach and gazed affectionately at her. "I'm very sad, but I think you must be just as sad as I am. I don't want this kind of thing to happen for the second time."

Huo Yunshen had already made preparations. After Xu Xiyan was discharged from the hospital, he would carry out "Operation March" to eliminate the Dark Zone.

Only by eliminating hidden threats from the root, only then could the world achieve long-term peace.

"If the public knew that we were divorced, they would probably go crazy!"

"I don't know whether they'd gone crazy. I've already gone crazy myself anyway!"

Huo Yunshen looked up. His eyes were sparkling, the woman's beautiful face a tiny reflection in them.

The man closed in towards her slowly until their breaths overlapped. He said under his breath, "Jing Xi, I'm going crazy thinking about you."

His cool lips pressed onto hers and he began to gently rub them against hers.

In just a few seconds, fiery kissing began.

His love was as deep as how deep he had missed her. His yearning for her could never be measured by any tool in the world.

Satiated, the man released her contentedly. His long finger brushed against her red and swollen lips.

"You have to compensate me well when you return home after being discharged from the hospital."

Xu Xiyan joked, "In your dreams. I'm your ex-wife now! You dare touch me?"

Weren't they forced to become former husband and wife by circumstance?

The man spoke with action. He groped her with his hand as he swore his ownership of her, "I don't care what you've become, you can only be my woman!"

Xu Xiyan did not expect him to behave like a hooligan towards her. She cried out in shock, "Aaaah! You bully! Don't do that!"

"Don't do what?"

Xu Xiyan blushed and bit on her lip tightly. She could feel her face burning and she felt like she was going to evaporate.

Umm... she was too embarrassed to say it.

She continued to gaze at the man, but she was defeated within a minute. She found that the man's deep and passionate eyes were too mesmerizing.

Only when the man released her was she able to breathe in relief.

Xu Xiyan forced her attention on something else. "Dear, is our daughter at school now?"

"Yup. I'll get someone to send her here after school."

Huo Yunshen knew that his wife must've missed their daughter very much.

After school, Ying Bao appeared at the door of the ward with her small schoolbag on her back. When the little girl saw Huo Yunshen, she asked, "Daddy, who has fallen sick?"

The little girl had yet to know that her mother was back. Huo Yunshen took her little hand and led her into the room. "You'll know when you see."

After entering the room, she realized the person lying on the bed was her mother. The little girl broke away from her father's hand and ran up to her, crying out affectionately, "Mommy~ Mommy... weren't you abroad filming? How did you end up filming in the hospital?"

Ha! The witty little girl's questions were really funny!

At the very moment when Xu Xiyan saw her daughter, she felt a soreness in her heart. Warm tears welled up in her eyes as she touched her child's head and said, "That's because Mommy missed Ying Bao so much that she had to be hospitalized!"

If she thought about it, she had almost ended up not seeing her daughter again. Wouldn't such a small child like her be very pitiful if she became motherless?

When Ying Bao heard that her mother said that she was hospitalized because she missed her too much, she felt happy and sad at the same time. She reached out her hand and touched her mother on her cheek, saying, "You're such a silly mommy! Baby is fine staying with Daddy at home. Don't miss Baby anymore."

Ying Bao felt her mother's love, but she didn't dare confirm whether her mother would become the coldhearted mother from before again.

She grabbed her mother's big hand with her little hand. When she touched her hand and found out that it was her mother's hand, she cried out in surprise, "Great! My mommy is back again!"

"Yup! Mommy's back. Come up here, Mommy wants to hug you!"

...

Chapter 1095: Responsible For Everything

Ying Bao climbed into her mother's arms and kissed her face.

She was happy because the mother she was hugging was the real one.

As soon as Xu Xiyan's friends and family caught word of her coming back safely, they all rushed to the hospital to see her.

They finally saw the Jing Xi they had always known.

Xu Xiyan stayed in the hospital for two days before she went back home.

After making sure Xu Xiyan was completely fine, the next step that Huo Yunshen had to take was the operation.

He had been tolerating Mo Yutian for too long, and it was time to take action.

With the help of other countries, they froze all of Dark Zone's assets and took down every faction one by one.

The operation had caused a huge impact on the organization.

It was a huge success, but Mo Yutian managed to escape.

With his organization going down, Mo Yutian had no choice but to go into hiding.

But as long as Mo Yutian remained free, he would still bring chaos to the hard-fought peace.

The peace was only short term because the power supporting Mo Yutian was far more powerful than Huo Yunshen could ever imagine.

A castle loomed over an island in the middle of the Black Sea, in a country called Lstan.

The castle had an emblem comprised of a devil's snare and a black snake.

Mo Yutian was in the castle staring at a huge map with markings of Dark Zone's factions all over the world.

Most of the markings were in red, meaning that those fractions had been taken down.

“Huo Yunshen!” Mo Yutian scolded as he punched the wall.

Huo Yunshen had managed to gather all of the G24 countries to take down the organization that he had built up, forcing him to go into hiding in Lstan.

“You do know you're responsible for this outcome, right?” a woman's voice came from behind. “What have you ever achieved since you took over the Dark Zone? You threw away everything for a girl. You had so many chances but made no use of them! You are as stupid as your father was!”

Mo Yutian knew who the woman was without turning his head — it was Lady White Tea.

Mo Yutian's father, Long Xie, also made the same mistake once, where he almost caused the extinction of the Long family because of Jing Ruyue.

And Mo Yutian had followed in his footsteps.

Huo Yunshen had the advantage over him because he was too obsessed with Xu Xiyan.

"I know..." Mo Yutian replied. He knew what went wrong, but he still chose to proceed with his own method.

No one could change the obsession he had over the girl he had set his eyes on.

"And what do you know? Showing compassion to our opponent is torture to yourself!" Lady White Tea scolded.

Chapter 1096: She Had Changed Her Mind

"I'll plan for a counterattack! As long as the Black Sea exists, as long as my country is not dead, I can always make a comeback again. If he destroyed one Dark Zone, I can build tens of thousands more of Dark Zones. One day, the Long clan will rule the whole world!"

"What is your specific plan? Assassination or surprise attack?"

Before Mo Yutian had time to discuss, Reid came in and reported, "Your Majesty, I've already inquired. Jing Xi did not die. She was saved by Huo Yunshen."

Jing Xi was not dead?

Mo Yutian, who had been blaming himself for her death, once again ignited with new hopes.

As long as Jing Xi was still alive, he would not give up easily.

"Excellent! Then we should look for more opportunities. I must get Jing Xi!" Mo Yutian said stubbornly.

Lady White Tea had really thought that he would give up his love for her. It turned out that she was just overthinking it.

She was really furious at him. She couldn't help but say, "Xiao Er, you and your father are hard-headed. What's so good about that woman?"

Mo Yutian did not answer. Instead, he asked her, "And what about you, Auntie? Have you ever given up on Helian Wei?"

Lady White Tea was made speechless by his comeback question. That's right. For so many years, wasn't she the same for obsessing with Helian Wei?

Even if she knew that he didn't love her at all, and even if she knew that the man only had Jing Ruyue in his heart, she was still willing to stay by his side.

In short, they were all trapped by love, exhausted by love.

Mo Yutian spoke of his plans in mind. "Auntie, I like Jing Xi, and my father likes Jing Xi's mother. This is destiny. No matter what kind of means I have to resort to, I have to get Jing Xi. For Jing Xi, I can even imitate my father and keep her in the Crystal Palace for life."

Lady White Tea sighed. "So you don't plan on taking revenge?"

“No! I still want my revenge! I will not let Huo Yunshen get away!”

Huo Yunshen had destroyed his plans to conquer the world. Then he shall let him have a taste of the consequences of opposing him.

Did he think that by destroying the Dark Zone, the world would be peaceful?

Delusions!

Mo Yutian ordered Reid, “Pass the order: Start from the people close to Huo Yunshen and exterminate them one by one. I want to see him suffering in great pain.”

“Yes, sir!” Reid obeyed and quickly went off to make arrangements.

At Peijing.

After Xu Xiyan recovered, the first thing Huo Yunshen did was to take her to the Civil Affairs Bureau to apply for marriage again.

Both husband and wife were dressed very formally. They had already prepared in advance and reserved the whole of the Civil Affairs Bureau for themselves to go through the formalities.

The same person who had settled their divorce was at the counter. When he was settling their divorce procedures, he had not seen the two of them. He thought that the two had really broken up and parted ways.

But now, he saw the husband and wife appear together again. It didn't look like the couple had a falling out to him.

The wife was taking her husband's arm, leaning her head against his shoulder. The man was gazing at her affectionately, kissing her on her forehead from time to time.

The couple gazed at each other and kissed as though there were no other people around them. Their love for each other was so thick that it could infect everyone at the scene.

How could such a couple become divorced?

After completing the remarriage procedure, Huo Yunshen also reserved the whole of Memory Western Restaurant and invited his wife to enjoy a romantic lunch together with him.

After experiencing this disaster, the couple learned how to cherish each other and their time together even more.

As for the filming, Xu Xiyan did not consider it for the time being. She had originally planned to choose the film about village life, The Brilliant Spring Flowers. But now, she changed her mind.

Chapter 1097: He's Just Too Capable

Xu Xiyan stopped taking any jobs and chose to stay at home with her family.

But she was a bit curious about the drama that suddenly came out because of the divorce.

“Mr. Huo, I Want a Divorce!?” Xu Xiyan asked. “It's a real thing? And Mr. Yang is directing it?”

“Yes, we have to make one or else the people will start talking about it,” Huo Yunshen explained.

“Wow!” Xu Xiyan exclaimed at how capable Huo Yunshen was at solving sudden problems.

After they finished their dinner, Xu Xiyan asked Huo Yunshen to bring her to meet Alice.

Alice was set in a small apartment with guards around her.

“Mr. Mo?” Alice said instinctively when she heard the door open.

But the people who came in were not Mo Yutian, but Xu Xiyan and Huo Yunshen instead.

The moment Xu Xiyan laid her eyes on Alice, she could not hide her surprise, as every part of Alice was the same as her.

She was even surprised that Huo Yunshen could notice it.

“This is Alice?” Xu Xiyan asked Huo Yunshen.

“Yes, she's a clone made from your cells,” Huo Yunshen explained. “That's why she has the same looks as you. She even managed to trick me at the beginning.”

Xu Xiyan walked towards Alice to have a better look.

Alice knew of the situation she was in. She was a clone, and once she was found out, she had no use to Mo Yutian anymore.

But she still had a little hope as she fell onto the floor and begged.

“Please, can you let me go?”

“Where do you want to go?” Xu Xiyan asked.

“Back to Mr. Mo...”

Xu Xiyan turned to look at her husband in surprise, as they never thought a clone could feel.

Alice was loyal to the master she served.

And now she wanted to go back to him, but it was something that could never happen.

“What are you planning to do with her? Are you going to lock her up forever?” Xu Xiyan asked once they left.

“For the moment, yes,” Huo Yunshen replied. “She might be of use to us someday.”

Huo Yunshen knew that a fierce battle between him and Mo Yutian could not be avoided and Alice might be of use when that happened.

“I see... Let's go back. I want to check up on Orange and her kid.”

They went back to Shengshi Yujing and went straight to Room 103.

As soon as Yi Xiao opened the door, they could hear the baby crying. The baby was lying on the huge bed in the bedroom where Fang Xiaocheng was beside him trying to put the diaper on.

But no matter how hard Fang Xiaocheng tried she could not succeed, and the baby pooped all over the bed.

“Yi Xiao...” Fang Xiaocheng cried. “Help...”

Chapter 1098: Transformed A Devil Into An Angel In An Instant

Yi Xiao rushed into the room. Seeing her in a flustered state, he quickly took over. “Don't worry, let me do it!”

Yi Xiao dealt with the stains on the child skillfully, then cleaned and applied diaper cream on the child before putting a new diaper on the little guy.

All was well now. The little guy was already feeling comfortable and was no longer crying. He was now lying quietly in his crib.

Xu Xiyan walked in, laughing as she exclaimed, “My goodness, you've transformed a devil into an angel in an instant! How did you do it?”

Yi Xiao's face turned deep red. He gave an awkward chuckle before hurrying off with the dirty clothes to wash them.

Fang Xiaocheng noticed that Xu Xiyan had arrived. “Yanyan! Is that you, Yanyan? You've finally come back.”

The two sisters hugged for a while. When they released each other, Xu Xiyan said, “I want to see my grandson. Oh my, he has grown up a lot after not seeing him for a month! He's also beginning to have a look. Now that I see him, he's really beautiful just like his mom.”

“I also think he looks a little better than when he was first born.”

“Yeah! You've taken care of him well!”

Xu Xiyan extended a finger to play with the child's tiny hand. Beibei grabbed her finger immediately. His grip was quite strong. “Oh, oh, oh, look! Little Beibei has caught me! His grasp is really tight!”

“Yeah, he is quite strong.”

Fang Xiaocheng's thoughts and focus were now fully on the child. As she looked at her son, a gentle smile involuntarily appeared on her face.

Thinking of Yi Xiao who was busy outside, Xu Xiyan said deviously, “Orange, I think you're quite lucky now. You have Yi Xiao by your side to help you—you don't have to worry too much.”

“Yeah, if there was no Yi Xiao, I would definitely be in a mess now!”

Fang Xiaocheng had not realized this about herself, that she was very dependent on Yi Xiao now. If he was not there for her, she was really not going to make it.

“Yeah, Yi Xiao's a good young man. He's a practical and capable person, and he has a strong sense of responsibility. I think if he were to become Beibei's father, he'd be more than qualified for it.”

Fang Xiaocheng's face froze all over when she suddenly heard Xu Xiyan said this. “Yanyan, stop saying such things. I really don't have such ideas.”

“I know, I'm just saying, and I didn't ask you to do anything. I just wanted to remind you that you should think more about Beibei. He will eventually grow up and will need a complete family.”

After finishing her words, Xu Xiyan resumed playing with the child. Fang Xiaocheng fell silent.

She understood everything Xu Xiyan had said, but to ask her to let go of Dazhi and put herself in the arms of another man...she didn't think she could do it.

Yi Xiao...that man was a really, really a good person. But it was also because he was too good, she was not willing to pull him down.

In the end, Xu Xiyan asked again, “Where have you planned to hold the one-month celebration?”

“I don't plan to.”

Fang Xiaocheng did not tell her parents that she had given birth to a child secretly. If she were to let them know, they would definitely bring a lot of trouble.

The best way was to not tell her family at all before Beibei started school.

“How can you do that? My godson is so cute; he suffered so many sins before coming into this world. We should hold a celebration party no matter what. Just leave it to me, his godmother will organize this for him. We won't make it grand, but at least we still have to invite several of our good friends and share the joy together.”

Xu Xiyan decided to take things into her own hands. No matter what Fang Xiaocheng was going to say, she had firmly decided.

The one-month celebration was not held at a big hotel, mainly because Xu Xiyan didn't feel like appearing in public recently; she wanted to spend a few days in peace.

Under Xu Xiyan's arrangements, the party would be held at the apartment Fang Xiaocheng and Yi Xiao were currently living in.

On the day that marked one-month-old for the baby, the freshest ingredients and groceries were delivered early in the morning. Huo Yunshen had transferred a few cooks from the Huo family house to help prepare lunch together.

Chapter 1099: Why Don't We Make One Too?

Ye Xun and Huo Sanyan appeared on Room 103's doorstep just before dinner with Ni Xuelin.

Other than them, Tang Yitan's family, Xiao Yuqian, Ma Haodong, Mu Chenguang and Wan Dou were all invited.

They all came to have a look at the baby and to give their blessings to him.

Since Huo Sanyan liked babies a lot, she spent most of her time playing with the baby.

“Mr. Ye, look at how cute he is!” Huo Sanyan smiled. “Why don't we make one too? Having a little kid calling us daddy and mummy seems fun, right?”

“Who wants to make one with you?” Ye Xun scolded. “If you want one, then go make it with someone else!”

“So you plan on having a childfree family? Fine, if you don't want one, then we can be a DINK family. My sister is one too, and look at how happy she is with her hubby.”

“Mind your own business!” Ye Xun scolded, unable to understand...since when did he show that he wanted to become a family with her?

Ye Xun was almost at his limit of having Huo Sanyan treating herself as his wife.

Xu Xiyan had prepared a lot of foods, and the lunch was about to begin when the doorbell rang.

“Is there anyone else coming?” Xu Xiyan asked.

“I'll go,” Yi Xiao said and got up.

But as soon as he opened the door and saw who was outside, he almost had a heart attack.

“Mum? Why are you here?”

Yi Xiao's mother was standing right outside. She'd come straight up to the suite by using the ID Yi Xiao had given her a while back.

“To see you, of course,” the woman in her 50's smiled while she picked her luggage up.

“At least let me know beforehand...” Yi Xiao mumbled.

“Do I have to inform the president before visiting my son?” Yi Xiao's mother scolded and went straight into Room 103. “Oh my! I can smell some food! Did you prepare something for me?”

“Wait... Mum...” Yi Xiao was trying to stop his mother, but it was too late.

As soon as his mother stepped into the house, she was shocked by the huge number of people gathered there.

“Oh my! Why are there so many people here? Are you having a party?”

“...” Yi Xiao was already speechless and quickly explained. “I'm sorry, my mum visited suddenly...”

“No worries,” Xu Xiyan smiled. “We can have lunch together too.”

Yi Xiao took her mother to clean her hands and went back to the dining room.

“Thank you for the food,” Yi Xiao's mother said to Xu Xiyan as she scanned the people in the room.

Huo Yunshen was the only one she knew and she said, “I know this is Mr. Huo, my son's boss.”

“Nice to meet you,” Huo Yunshen greeted.

Yi Xiao's mother landed her eyes on Xu Xiyan and exclaimed, “What a pretty lady! She looks like a huge movie star or something.”

“Mum, she IS a movie star,” Yi Xiao smiled wryly. “She's the protagonist in the show you told me about, Beauty of the World.”

Chapter 1100: They Had To Stay Together In The Same Room

Translator: Larbre Studio Editor: Larbre Studio

“My, this is really unexpected! I really like Qingge.”

The old woman took Xu Xiyan's hand as she looked her over and over again.

Xu Xiyan chatted with the old woman for a while. She didn't expect that she would have such an elderly fan herself.

“What is this lunch gathering for today?” the old woman asked again.

Ying Bao, who was next to her, answered in the adults' stead, “Grandma, this is a one-month celebration for my little brother Beibei.”

“A one-month celebration?”

At this moment, Fang Xiaocheng, who had just breastfed Beibei, came out of her room and shouted for Yi Xiao, “Yi Xiao, the child pooped again. Can you help me?”

“Oh, I'm going to help. Mom, you stay here.”

Yi Xiao hurried off to help Fang Xiaocheng with the child. Mrs. Yi was curious. Just now that woman had come out of her son's room and called him to help with the child. What does this mean?

“Where did the child come from?”

Wanting to see what was going on, the old woman followed after him.

Inside the room, Yi Xiao was changing the child's diapers while the child's mother watched him from aside.

No matter how astute Mrs. Yi was, she was still surprised. She asked in shock, “Yi Xiao, whose child is this...”

Only then did Fang Xiaocheng notice that there was a woman standing at the door. Slightly dumbstruck, she asked Yi Xiao, “Who is the auntie at the door?”

At this point, if Yi Xiao said that the child was not his, things would be difficult to explain as both mother and child were staying in his apartment. He was also afraid that his mother would criticize Fang Xiaocheng unfairly.

He could only brace himself for it. He directly wrapped an arm around Fang Xiaocheng's shoulders and said, "Mom! I've been hiding this from you and did not tell you. This is my wife, Fang Xiaocheng. Our child has just reached one month old."

"..." Fang Xiaocheng was shocked. What—did—he—say!

Seeing that Fang Xiaocheng was dumbstruck, Yi Xiao squeezed her shoulder secretly and signaled her with his eyes to cooperate with him for a while to put on an act in front of his mother.

Fang Xiaocheng vaguely figured out what was going on. As Yi Xiao looked at her imploringly, she had no choice but to nod at his mother reluctantly.

Mrs. Yi was thunderstruck. She could not believe it at all. She looked at Fang Xiaocheng, then at the fair and chubby little baby. Who would've thought that her hard-headed eldest son had actually married a wife and had a son without saying anything?

Suddenly, joy appeared on her face as she rebuked him, "Oh, you slow-witted, stupid son. You didn't even tell your family that you've gotten a wife. Why didn't you say anything when the child was born? The child is already one month old. If I hadn't come today, I wouldn't have known such a big thing. Oh, just look at the way you handle things. You'd rather hide such a good wife and grandson from me."

Mrs. Yi had no doubts about it at all, and had really thought that her son had settled down with a family of his own outside without telling his parents. Now that the elderly woman had seen her fair and chubby grandson, she was overflowing with joy.

Seeing that the old woman was constantly calling her son her "darling grandson," Fang Xiaocheng had no choice but to continue to play along, helping Yi Xiao to finish the act.

Ever since Mrs. Yi had come, Yi Xiao's life had been a lot easier. His elderly mother was very good at taking care of the child and also very skillful in postnatal care for her "daughter-in-law."

Fang Xiaocheng and her child were very well cared for by her. However, since the old woman was living here, there was also one big problem.

That was, her stay had seriously interfered with Fang Xiaocheng and Yi Xiao's lives.

The two had usually slept in separate rooms. But now for the sake of putting on an act in front of the old woman, they had to sleep in the same room at night.

In front of Mrs. Yi, they also had to display their "love" for each other as "husband and wife." As they kept up the act, Fang Xiaocheng felt that she was going to qualify as a professional actor.

Mrs. Yi lived here for more than half a month before Yi Xiao found an excuse to make his mother go back to their hometown in the Northeast.

Before leaving, Mrs. Yi kept reminding him to bring his wife and son back to his hometown when the child was hundred days old so that their relatives and neighbors could see that the Yi family finally had a descendant.
