

## Priceless Baby 1251

### Chapter 1251: Satisfy Her

Huo Yunshen hoped that Xu Xiyan could calm down and give him a chance to explain.

“What? Aren't you enjoying it? Having two women by your side. Did I just ruin your moment?” Xu Xiyan scolded and turned to leave.

“Wait, where are you going?” Huo Yunshen said, trying to grab Xu Xiyan's hand. “Helian Chen forced me to meet with him. He was the one who put those two onto me. I did not touch them.”

“Who the hell are you kidding?” Xu Xiyan asked, slapping Huo Yunshen's hand away. “If I had been just a little late, you would've already kissed one of them. Is it because I'm pregnant and you've lost your interest in me?”

Tears rolled down Xu Xiyan cheeks as she scolded him furiously,

“Of course not! You will always be my goddess, the only one for me.”

“Oh, really? Then why don't you kiss me?”

Xu Xiyan raised her head a little, waiting for Huo Yunshen to kiss her.

But Huo Yunshen kept staring at her and did not move.

“See! I told you! You don't love me anymore!”

Huo Yunshen panicked when he saw his wife breaking down.

“No! It's not that I don't want to kiss you, it's just that I can't kiss you while you look like Jun Yan. Why don't you remove your makeup first?”

“Wha...” Xu Xiyan instantly laughed.

She stood straight and stared into Huo Yunshen's eyes.

“Fine! Wait here!” Xu Xiyan warned. “If you still act like this after I remove my makeup, then we're over!”

Xu Xiyan ran into the bedroom and appeared before Huo Yunshen as her usual self in just a few minutes.

“All done! Now, what are you supposed to do?” Xu Xiyan asked with her hands on her waist.

“What else?” Huo Yunshen said and pushed Xu Xiyan to the wall, sealing her lips with his own.

He couldn't care less about his wound.

All he wanted to do was to satisfy his wife and prevent any further misunderstanding.

After hours of intense exercise, Xu Xiyan was finally satisfied.

But she jumped in shock when she saw the white bed sheet was dyed red.

“Oh, no! Is there something wrong with the baby?” Xu Xiyan asked anxiously. “Why am I bleeding so much?”

“It's all right, I was cautious with you just now,” Huo Yunshen comforted, trying to hold back from laughing at Xu Xiyan for being so cute.

“But why is there so much blood?”

Xu Xiyan looked around and realized that the blood might not belong to her when she saw Huo Yunshen's clothes were also reddened.

Huo Yunshen tried to get up to take care of his wound, but he was pulled back down onto the bed.

Xu Xiyan took off his shirt and saw bandages around his waist.

Chapter 1252: The Stupid Baby Brain

His waist was wrapped in bandage, with the left side stained in blood. And there was blood dripping from the edge of the bandage.

“Honey!!! What's going on?”

Xu Xiyan was shocked. She had no idea that Huo Yunshen was wounded. And the wound was bleeding because of what they did just now.

“I'm sorry, honey. I don't want to make you worry.”

Now Huo Yunshen had to tell her the truth in order to seek forgiveness.

Xu Xiyan finally realized that her man was not avoiding nor cheating on her. It was only because that he was wounded and did not want to make her worry.

Then he was forced to the pub by Helian Chen. And that was why she saw them there.

She misunderstood him!

“Honey, I'm so so sorry. I shouldn't have been so sensitive. It's all my fault! How stupid!”

She was indeed suffering from a baby brain now. Xu Xiyan felt extremely sorry for what she did.

Huo Yunshen pinched her cheek and said gently, “I don't blame you at all. You are merely acting like a pregnant woman.”

Hearing that he was injured because of the ambush for Helian Qingyu, Xu Xiyan warned him, “Honey, promise me you won't go out again with Helian Qingyu. He is an assassination magnet. Wherever he goes there are troubles. You have to stay away from him!”

Ha, how adorable she was. Huo Yunshen nodded in consent, "Fine. I'll stay away from him."

"Stay there. Let me check your wound."

Xu Xiyao took off the bandage and checked on his wound. She felt heartbroken upon the sight, "It's cracking and bleeding! This is no good. We have to go to the hospital right now!"

"No big deal. You can help me deal with it."

"No way! What if it gets infected!"

Xu Xiyao insisted and Huo Yunshen was taken to the hospital again.

Looking at his cracking wound Gu Yici could not help from nagging, "What.. what did I tell you... Didn't I say no sex? Can't you try controlling yourself? Do you wish to die?"

Xu Xiyao felt extremely embarrassed upon hearing this. It was all her fault. If she was not trying to lure him or making all the troubles, how could his wound be cracking again?

She sobbed silently. It was all her fault. Please stop blaming him. She was already heartbroken.

Huo Yunshen was about to tell him to shut up. But knowing that Gu Yici was trying to help him, he said, "I see. I will be more careful next time."

"Next time? You were shot! That's not a simple cut. If you do it again, I'm telling you, you are doomed. You'd better stay in bed for two weeks!"

Gu Yici said very seriously.

Two weeks?

Huo Yunshen wondered if he could bear staying in bed for two weeks.

Getting out of the hospital, Xu Xiyao drove him home and forced him to go to bed once they got home. "Doctor Gu told you to stay in bed for two weeks. So here you go. You're all mine now."

"Honey, don't listen to him. He's always exaggerating. I'm fine."

Huo Yunshen tried to get up while saying so.

But Xu Xiyao forced him back onto the bed before he could get up, and ordered, "How dare you? Now you behave yourself and stay in bed. Otherwise, I will... I will... never talk to you again."

"Alright, alright. I'll do whatever you say."

Huo Yunshen was never afraid of anything. His wife was the only exception.

Chapter 1253: Prove His Flexibility

After Xu Xiyao found out that Huo Yunshen was hurt, she took full responsibility in taking care of him.

After a week of resting, the wound finally closed up after it was treated with Jing Huaduo's herb.

Huo Yunshen decided to leave the bed.

Xu Xiyan pushed the door open and walked into the room only to see her husband changing before the mirror. Huo Yunshen has already put on a pair of slacks and was buttoning his shirt.

“Hey! Why are you up?” Xu Xiyan scolded.

“I still have a lot of things to do,” Huo Yunshen explained, looking at Xu Xiyan from the reflection in the mirror. “Don't worry, the wound is almost healed.”

“Let me see.”

Xu Xiyan pulled Huo Yunshen's shirt up and realized that he has already removed the bandages himself. It was as Huo Yunshen has said, the wound has recovered, but Xu Xiyan was still worried.

“Are you sure it's completely healed?” Xu Xiyan asked, staring wanderlessly at Huo Yunshen's abs.

“Why don't you try it yourself?”

Puzzled by the question, Xu Xiyan was pushed back to the wall, and Huo Yunshen has his arms wrapped around Xu Xiyan's waist.

He lowered his head and kissed her, taking away her ability to breathe.

After that, Huo Yunshen proved to Xu Xiyan that his waist was healed entirely by showing how flexible he was.

After finishing everything, Huo Yunshen put his shirt back on while Xu Xiyan laid on the bed out of breath.

Huo Yunshen sat down beside Xu Xiyan and gently flicked her nose.

“Get some rest, you've earned it,” Huo Yunshen said softly.

“Okay,” Xu Xiyan nodded.

“I'll have to go out a little, okay?”

“Okay...”

Xu Xiyan won't suspect Huo Yunshen would do anything behind her back anymore.

Huo Yunshen kissed her gently and left but was Xu Xiyan called out to him.

“What's wrong?” Huo Yunshen asked.

“Don't go to Qingyu, don't go anywhere near him.”

“I get it,” Huo Yunshen laughed as Xu Xiyan has already believed that going anywhere near Helian Qingyu would get Huo Yunshen into troubles with guns and terrorists.

Yet Helian Qingyu's car was already waiting for Huo Yunshen when he left his house.

Huo Yunshen got into the car, and Helian Qingyu looked at his watch.

“How long do you plan on keeping me waiting?” Helian Qingyu scolded. “I've been out here for more than an hour.”

“I can't help it,” Huo Yunshen explained with a wry smile. “My wife is like an octopus now and wouldn't let me leave.”

“Shit! Now I know why they say we men should not mess with women who are pregnant...” Helian Qingyu sighed.

Upon mentioning pregnant women, Helian Qingyu began to think of Li Ruochu, who was also one. He wondered if she was okay, if there was anyone taking care of her.

“Bro, do you have any leads on Li Ruochu?” Helian Qingyu asked.

“No, nothing at all.”

But in truth, Huo Yunshen knew the exact location of Li Ruochu, but he did not want to tell Helian Qingyu.

“Why are you looking for her anyway? Do you plan to give her a family? Or is it because you want to punish her?” Huo Yunshen asked.

Helian Qingyu knew the answer was both.

He couldn't help but suspect that there was something wrong with himself. He was worried about Li Ruochu, but he also wanted to punish her for running away.

“Forget about her,” Huo Yunshen said. “The problem now is Lan Ling'er. What are you going to do?”

Chapter 1254: Something Wrong

“Still need her for a while. Mo Xie has sent people here. You need to be more cautious.”

“Sure. I already enhanced our security.”

They both knew that Mo Xie would not give up. He was definitely sending people to Estan for Jing Ruyue.

Therefore Huo Yunshen already had the Yunjing Villa under intensive guard. He would never let them come any closer.

On their way Huo Yunshen asked Helian Qingyu, “How do you get along with Helian Chen?”

“He is a cousin from my eldest uncle's. Not bad. He is good at doing business, and handling women.”

“Look out for him. He is likely to become a formidable political enemy for you.”

Huo Yunshen tried to warn Helian Qingyu. His intuition told him that there was something wrong about Helian Chen.

Being good at doing business and handling women might be his disguise.

He associated Helian Qingyu and Helian Chen's relation with what happened to himself.

What happened between him and his cousin Huo Jingtang was a bloody lesson.

“OK. I see.”

Helian Qingyu agreed to pay more attention. But he reasoned that Helian Chen was just a collateral relative and could not do much harm to him.

Later on it turned out that he was underestimating his enemy. Like people said, cats always hid their claws.

Inside the Ghost Castle in Lstan.

Mo Xie's men came with some update every other while.

“Idiot! All Idiots! You can't even find a woman!”

Mo Xie was outrageous because his men found no trace of Jing Ruyue till now.

“Your Highness, our apologies. Although we did not find Mrs Jing, we found Princess Lan.”

“Lan Ling-Er? Where is she?”

Mo Xie had to ask this traitor why she betrayed her own father for those people.

They brought Lan Ling-Er and had her kneeled in front of Mo Xie.

“Father...”

“So you know I am your father. Then why did you betray me?”

Mo Xie pounded on the table and questioned.

“Father, Ling-Er did not betray you. I was forced to do so. How dared I if I was not under threat?”

“Do you still think I will believe you? Like your mother, you both betrayed me! You should know what awaits you now as a traitor.”

Lan Ling-Er was frightened. Of course she knew what it cost to be a traitor.

A traitor must be sentenced.

She heard that he killed her mother Lan Qiwei years ago because she betrayed him.

Thinking of that Lan Ling-Er started begging, “Father, forgive me please. I don't want to die. I'm sorry!”

“You should have thought of that when you betrayed me! Guards! Send her to the dungeon!”

Mo Xie gave the order and the guards were about to get her. Lan Ling-Er was screaming.

Right then a woman came in and yelled, “Stop it!”

Following the voice Mo Xie saw Lady White White Camellia.

Lady White White Camellia came to Lan Ling-Er and turned to question Mo Xie, "Brother Xie, are you seriously killing your own daughter? Are you really so ruthless?"

Lan Ling-Er wondered who this woman was. She was in a veil but she recognized her voice as Mrs President.

"It's none of your business. Stay out of it."

Mo Xie was enraged.

"I do want to stay away. But I promised her mother to take good care of her. So please, let her go."

Lady White White Camellia pleaded.

Talking about Lan Ling-Er's mother Mo Xie was even more pissed off. "That woman was a traitor. How could you plead for her? Are you siding with her now?"

Chapter 1255: Pay By Blood

"Let me tell you this, Brother Xie, my sister is still alive. If she learns that you'd hurt Ling'er, she'll definitely come for you!" the Lady White Tea said. She has been refraining from telling Mo Xie that she has saved her sister, Lan Qiwei, from Mo Xie's hands in the past.

Lan Qiwei has once mentioned that she would not interfere as long as Mo Xie did not harm their daughter. But if he did, she would not sit still and watch idly.

"So, that woman is still alive?" Mo Xie said without any expression. "Well, whatever, I'll let Ling'er off this one time."

Mo Xie turned to look at Lan Ling'er, but the look he gave did not have any emotions in it. It was as if the girl before him was not related to him by blood.

"Since I've spared your life, can you tell me where Jing Ruyue is?" Mo Xie asked Lan Ling'er coldly.

"I don't know. All I know is that she's with Huo Yunshen," Lan Ling'er replied.

"Who's Huo Yunshen?" Mo Xie asked. He initially thought that Helian Wei was to blame for the incident, but it seemed that he was facing another opponent.

"He's Jing Xi's husband. Jing Xi was once married in Zstan. Here, I have a picture of him."

Lan Ling'er looked for a photo of Huo Yunshen in her phone and showed it to Mo Xie. When Mo Xie saw Huo Yunshen's face, he was shocked by it and could not utter a sound.

Huo Yunshen reminded Mo Xie of his dead brother, Long Rui.

"Who is he?" Mo Xie asked in panicked as he threw the phone away and ordered one of his men. "Go and find out who he is!"

"Father, my brother knows him very well. They've fought each other on several occasions when he was in Zstan. You can get your answers from him."

Lan Ling'er was puzzled as to why her father panicked when he saw Huo Yunshen's photo, but it left her mind quickly because she managed to make him forget about punishing her.

"Ling'er's right. Xiao'er has fought with this Huo Yunshen in the past," Lady White Tea said.

"Get Long Xiao here!" Mo Xie ordered, his face was as pale as a ghost.

Even though Mo Xie did not believe in ghosts and spirits seeking revenge, but he believed in karma.

Ever since he overthrew his brother's throne, he was unable to sleep soundly anymore.

He would always dream of her brother, soaked in blood, climbing towards him while saying, "Mark my words, Long Xie, someone will avenge me. As long as my spirit remained, I'll have you pay by blood!"

Long Xie knew that there was no spirit of Long Rui, but he also knew that Long Rui's child was still alive.

He has sent spies and investigators to look for that child, but they never found him.

Long Xie was convinced that Huo Yunshen was the child he has been wary of.

And that he might seek revenge.

With Long Xie's mind occupied with something else, Lan Ling'er took the chance to leave with Lady White Tea.

"Madam First Lady, please wait," Lan Ling'er said.

The Lady White Tea turned to look at Lan Ling'er and denied, "You've mistaken me for someone else, my child."

"No, I did not. I remember your voice clearly."

Lan Ling'er could not believe that the First Lady of Estan was actually one of Lstan's people and that she was her aunt.

Chapter 1256: Not Suitable For Conceiving

Lady White Camellia knew that she could no longer hide from her, so she urged instead, "Now that you know who I am. I hope you will keep it a secret."

"Sure. I won't tell anyone."

Lan Ling'er realized why Yun Xuerou had been so good to her. That was the reason.

Since Mo Xie already started looking for Jing Ruyue, Lady White Camellia did not stay too long before she left Lstan.

Inside Palace Fillieres.

A few imperial physicians were checking on the queen. The result of their consultation was, "Your Majesty, we have applied medicines to prevent miscarriage and Her Highness has been taking it for a while. It should have been fine. Right now we could not identify the reason for bleeding."

Hearing that they could not find the problem, Mo Yutian was enraged, "You quacks! How could you not be able to find the reason? What do we hire you for?"

One of the physicians answered in panic, "Your Majesty, probably because it is the Her Highness' first conceiving. Therefore there has been some bleeding..."

Mo Yutian kicked him away before he could finish, "Non sense! You get out!"

Jing Xi already gave birth to Ying Bao five years ago. How could it be her first time?

Those quacks were only making excuses for their incompetence.

Mo Yutian would never believe them. He ordered instead, "Go find me a proper doctor. There's no way we could not find even one competent doctor throughout Lstan."

When the doctor said "first conceiving", Alice felt like collapsing.

She knew that it was indeed her first time.

She wanted to give Mo Yutian a child. However, being a clone made her not suitable for conceiving.

Conceiving a baby would only overwhelm her physical functions and accelerate the decaying of her body.

That was why she kept bleeding despite of the medicines to prevent miscarriage.

That was also why the doctors failed to find the reason. But she did not dare to tell her man.

Right after Mo Yutian's men left, another guard ran into the room. "Your Majesty, His Highness Long Xie wants a word with you in the castle."

Why was his father asking for him right now?

He was reluctant but had to pay a visit. He urged his wife to take some good rest and left for the castle.

Meeting Mo Xie in the castle, Mo Yutian asked, "Father, why did you ask for me?"

Mo Xie seemed gloomy and his eyes were filled with terror. He asked, "Do you have any idea of Huo Yunshen's really identity?"

Mo Yutian gave it a good thought and replied, "He is Zeus."

"No, no, no."

Mo Xie waved in denial. He walked back and forth then stoped in front of him, "I suppose he is the son of Long Rui."

Mo Yutian was shocked. He questioned his father with his eyes wide open, "How could that be possible?"

"I'm just guessing. There's nothing solid right now."

In order to find out about Huo Yunshen, Long Xie asked, "You need to send someone to him and try to get some sample of his hair or anything of that kind. Then I'll be able to tell whether he is Long Rui's son."

"Sure. But even if he is the son of Long Rui, there's nothing to be afraid of. The Dragon Kingdom was gone for good. And the land had been frozen for years. He won't be able to come to us even if he wants revenge."

Mo Yutian was not afraid of Huo Yunshen. He only worried about Jing Xi right now.

Mo Xie warned his son, "But I'm telling you, Xiao-Er, you should never underestimate your enemy. If he is indeed Long Rui's son, he would be our worst enemy. Do you get it?"

Chapter 1257: Settle The Score

"I get it, father," Mo Yutian said. "Long Rui killed my mother while Huo Yunshen killed my brother and took a leg from me. He even toppled my control over many countries! I'll have to settle the score with him sooner or later!"

Mo Xie did not respond to his son and looked outside through the window, staring at the quiet ocean.

Even if the ocean looked quiet on the surface, beneath it lay many undercurrents.

It was as if the quietness on the surface was the calm before the storm.

Mo Xie waited until Mo Yutian had left the castle and descended to a dungeon beneath it.

The dungeon was a place where sunlight could not reach, and it reeked of mold.

In it was a woman being tied up.

Her messy long hair covered half of her face, and her shirt was covered in dirt and mud.

It was as if the woman had just climbed out of sewage sludge.

Even when the woman heard footsteps closing in, she gave no response, as if nothing in the world mattered anymore.

Mo Xie looked at the woman from above as if he was looking at some trash.

"You know, I never expected you to be able to live so long. 20 years have passed, and you're still alive," Mo Xie grinned.

The woman did not react to Mo Xie's insult.

"But I'm curious as to what gives you the strength to live on," Mo Xie continued. "Are you waiting for your son to save you?"

The woman finally moved her head when she heard Mo Xie mentioning her son.

“Do you want to see him?” Mo Xie asked.

“Give me back my Xiao'er!” the woman screamed and lunged at Mo Xie, but was pulled back by the chains that were holding her.

“Don't worry, you'll see him soon enough. And by then, I will send both of you to meet with your husband!” Mo Xie laughed and left the dungeon, leaving the woman crying in her cell.

Xu Xiyan was jogging with her mother in Yunjing Manor.

Even though it was a very slow jog, Jing Ruyue was already gasping for air.

“Stop! I can't run anymore,” Jing Ruyue said.

“All right, let's take a rest,” Xu Xiyan replied and pulled her mother to sit on the bench in the garden. “Just take it slow, we can rest whenever you feel tired.”

“Okay,” Jing Ruyue smiled. “I think I'm already stronger than before.”

Jing Ruyue could feel her body recovering after sticking with her daughter's diet plan.

“Wait here, I'll go check if the herb is already cooked or not,” Xu Xiyan said. “You can play with your violin if you're bored. I've already sent someone to pick it up for you.”

“All right.”

After Xu Xiyan had left, Jing Ruyue sat on the bench and stared at the violin case that was brought to her.

She could instantly recognize the violin in it. It was the Artemis that she once had used.

Jing Ruyue put her palm on the case as she tried to hold back her tears. After a few seconds passed, she opened the case.

Artemis lay quietly inside the case. The violin was well kept and well maintained, it was in the same state as Jing Ruyue had left it.

Chapter 1258: Never Dared To Wish

Jing Ruyue gently touched on and picked up her Artemis. It felt nothing unfamiliar to get hold of her old friend again.

She voluntarily put Artemis under her chin, held the bow in her right hand and tried to play.

Sweet and lingering melodies were played seamlessly.

Even though she had not been playing for over a decade, the music and skills were imprinted in her. Once she picked it up again, they all came back at once.

She closed her eyes and played with her Artemis, as if she was restored with youth.

She used to play in the national theatre in front of hundreds of millions of people.

Her dearest music was already a part of her.

Xu Xiyuan was delivering the herbal cuisine across the garden when she heard the beautifully played violin melodies.

She bypassed the flower stand and found her mother standing there indulged in playing.

She was never expecting her mother to play so well after so many years.

When her mother finished a melody, Xu Xiyuan came and placed the tray on the table. "Mother, you played so well."

Jing Ruyue put Artemis back into the case and said, "No way. I haven't played for years. I'm far from skillful and cannot remember those melodies properly now."

"Mother, don't underestimate yourself. You played so well just now!"

Xu Xiyuan asked her mother to sit down and handed her the dishes.

Jing Ruyue started enjoying the dishes while her daughter was watching.

"Mother, I think you should not waste your skills. It would be such a shame to never pass it on."

"I did pass it on. You know how to play, don't you?"

Jing Ruyue looked into her.

"I do. But I'm not good at it."

Xu Xiyuan sat down by her mother and told about her plan, "Mother, have you ever think of playing Artemis again on the stage, playing your music to your fans again?"

Getting back on the stage?

Jing Ruyue never dared to wish for it.

"Forget it. I was announced dead more than a decade ago. I'd better stay away from the public now."

Jing Ruyue would rather spend the rest of her life quietly than go onto the stage again. Her former glory was long gone.

"Why not? Even if you don't want to play in public again, you could be a music teacher and teach your skills to more people. Isn't that wonderful?"

Xu Xiyuan was trying to make some plan for her mother and restore her hope for life.

The best way was to find her something to do, ideally something she loved. Then she could embrace a more lively and pleasant life.

Jing Ruyue thought about it and agreed, "OK. That seems interesting. I can teach children."

“That's the deal. When you fully recover I will find you a music studio and you can teach children there!”

“Alright.”

“Then let's finish the dishes now!”

While she was eating, Xu Xiyan tried to ask, “Mother, what was my father like?”

“...” Jing Ruyue was shocked when she brought up that question again. She stopped eating and looked at her in surprise, “Did we agree not to talk about that again?”

“But I'm curious!”

Xu Xiyan placed her head on her mother's shoulder and played the role of a spoiled kid, “I can't help wondering what my father was like.”

Chapter 1259: Keeping It A Secret

“Is he very handsome and attractive? Is that why you fell in love with him and was willing to risk your life for him?” Xu Xiyan asked.

“...” Jing Ruyue remained silent, but in her heart, she agreed with her daughter.

Yes! Feng is that kind of person! A man that I'm willing to jump into the fire for!

“Mum, look at this. Do you still remember that he gave you this?” Xu Xiyan asked as she showed her mother the sungrass brooch.

The brooch was Feng's token of love for Jing Ruyue. It hurt Jing Ruyue's heart to see it again.

“Mum, what kind of brooch is this? Someone told me that it's the symbol that the Dragon Kingdom's royals used.”

“...”

Jing Ruyue took the brooch and held it in her hand. Even though more than 10 years have passed, the brooch still shone under the sunlight.

It reminded her of the time when Feng put the brooch on her hand.

“Little Moon,” Feng said. “This is the thing that I treasure the most. It's yours now. You're the only one who's worth having it.”

“Oh, my! What a beautiful brooch!” Jing Ruyue exclaimed.

“It's not a brooch, but a royal medal,” Feng corrected.

“I want to pass this down to our child so that he or she can pass it down to their child too...” Jing Ruyue smiled as she pinned the important looking brooch onto her shirt.

“Let me guess, is my father from the Dragon Kingdom?”

Xu Xiyan's voice pulled Jing Ruyue back from her memories. Thinking that the Dragon Kingdom was long gone and Xu Xiyan has no way to trace it, Jing Ruyue nodded.

“So, it's true!” Xu Xiyan exclaimed. “Then is he one of the royalties?”

“Please, Yanyan, what's the point in asking? The Dragon Kingdom is long gone,” Jing Ruyue said. She dropped her head slightly, not wanting to tell her daughter the truth.

She believed that it was all too late for them.

Xu Xiyan could feel that her mother was trying to keep the fact of her father a secret, so she asked her mother another question.

“All right. Then let me ask you another question,” Xu Xiyan changed the topic. “You were pregnant with two babies, and I'm supposed to have a brother, am I right?”

“Yes, but his fate was sealed before he could even breathe...”

Losing her other child was one of the impacts that will leave a scar in Jing Ruyue's heart for life.

“No, that Xu Jinshan bastard lied to you! He sold my brother away as soon as he was born!” Xu Xiyan told her mother the truth.”

“What?” Jing Ruyue exclaimed. “Sold? To who?”

“Someone called the Lady White Tea. Have you heard of her? If we can locate her, then we can find my brother!”

Xu Xiyan stared at her mother. She remembered that her mother mentioned Lady White Tea in her script, so Xu Xiyan thought she knew who Lady White Tea was.

And the fastest way to find her brother was by asking Jing Ruyue.

Jing Ruyue tried to look through her memories to find anything about Lady White Tea.

“What should we do? I don't even know who Lady White Tea is...” Jing Ruyue said.

“What?”

Xu Xiyan became suspicious.

Even mum doesn't know who she is... Who should I ask then...

Chapter 1260: Not Very Helpful

Jing Ruyue tried to recall, "I only know she is Lady White Camellia and always in a veil. She use a white camellia as her symbol and like to wear clothes with camellia patterns. It seems she has a drop-shaped ring. That's all I know."

"..." This was not very helpful.

Even her mother had no idea who Lady White Camellia was. Then how could she find her?

Jing Ruyue realized something and cried, "Mo Xie must know it! They planed it together! If I knew my son was still alive I should have asked him. But now we are out of the castle and there's no way I could ask Mo Xie again."

Seeing her mother worried, Xu Xiyan got hold of her hand and tried to calm her down, "Mother, don't worry. I think my brother is still alive. Lady White Camellia bought him and took him out of Zstan. She wouldn't have done it if she wanted to kill him. Therefore my brother must still be alive."

"But where could he be now? He was taken away since he was born. Where did they take him? Did he grow up safe and sound? Was he tortured by Lady White Camellia? It's my fault. I failed to protect him..."

Jing Ruyue felt painful when thinking about this and burst into tears.

"Mother, mother, don't blame yourself. It's not your fault!"

Seeing that he mother was unstable and sad, Xu Xiyan held her and suggested, "Mother, let's go back inside and take some rest!"

When Jing Ruyue stood up she felt everything went black and fell down by the couch again.

"Mother! Mother..."

Xu Xiyan panicked and called out when her mother fell.

Huo Yunshen arrive at home together with Helian Qingyu and witnessed this.

"What's going on, Jing Xi?"

Huo Yunshen ran to them and helped her carry her mother.

"Honey, she fell again. What shall we do?"

Xu Xiyan was panicking in tears.

Helian Qingyu was there when Jing Ruyue passed out last time. See her falling again he suggested, "Shall we take auntie to the hospital for a thorough medical check?"

Huo Yunshen agreed to his proposal. He held up Jing Ruyue and headed for the car. Xu Xiyan did not have time to change and followed them into the car immediately.

The Top Military District Hospital of Estan was very private and secure. They did not need to worry about Jing Ruyue being exposed to the public.

Arriving at the hospital, Helian Qingyu arranged for an emergency check for Jing Ruyue while the rest of them waited outside.

After half an hour the doctor came out and everybody ran to him.

“How is she, Doctor?”

Xu Xiyan asked eagerly.

“The patient is very weak. We found symptoms of lesion and failure on one of her kidneys. So we suggest to keep her in the hospital for further treatments, in the meanwhile try to find a match and give her a kidney transplant as soon as possible.”

The doctor left after the briefing. Xu Xiyan was shocked and fell into Huo Yunshen's arms.

“Honey, honey, stay strong!”

“Honey...” Xu Xiyan could not control her tears. She wondered what she could do. Her mother was already suffering from organ failures. It could only mean that she did not have much time left.

What could she do?

She went through so much and finally had her mother back. They had barely spent any time together. She had not carry out her duty as a daughter. Yet she was dying now. What could she do?

Helian Qingyu had been calm as an observer and tried to comfort her, “Jing Xi, don't be so sad. Let's get auntie hospitalized and try to find her a matching kidney as soon as possible.”
