

Priceless Baby 1431

Chapter 1431: Just In Case

Seeing the photo of the Queen of the Northland, Jing Xi realized that it was not another identity of Yun Xuerou.

So Lan Qiwei was still alive. Furthermore, she was about to be throned!

"Is she Lan Ling-Er's mother?"

It was Helian Qingyu who got surprised this time.

"Yes. People say she had died many years ago. She was actually Mo Xie's ex-wife, and sister of Lady White Tea. Do you have any idea who Lady White Tea is?"

"No."

"You don't know the name, but you must know her in person. Lady White Tea is your mother, Yun Xuerou."

Helian Qingyu: "..."

If it was not for Jing Xi, Helian Qingyu would never have found out the other identity of his mother. He was overwhelmed. "How could it be?"

"I couldn't believe it either. But it is true. I've been searching for her for a long while. And finally, here we are. As long as we can find her, I will be able to get my brother back. So we probably need to ask Lan Qiwei for her whereabouts. Brother, will you help me then?"

Helian Qingyu knew that Jing Xi had a missing twin brother and was willing to help. "It's my bound duty. No worries, I'll figure it out!"

Yun Xuerou was a wanted criminal of Estan now. As the president, he would never harbor her.

He did want to know her whereabouts. He could ask the Queen of the Northland later on.

Helian Qingyu knew that he would meet the queen in his following visit to the Northland. So he asked, "Jing Xi, you mentioned you wanted to go to the Northland. Was that why? But are you not going now?"

Jing Xi had changed her mind. "No. I'm not going. As a pregnant woman, I would probably be troublesome for you."

"I see. You'd better stay home."

"Right. I'm not going. But I want you to take someone with you. Just in case."

"Who?"

"Lan Ling-Er."

"..."

Helian Qingyu did not know that Jing Xi had been taking care of Lan Ling-Er. Since they took down Lstan he had been busy with his state affairs and almost forgot about Lan Ling-Er.

If it was not for Jing Xi, he probably would have never thought about her.

Jing Xi explained why she thought it was good to bring Lan Ling-Er. "Brother, I thought the Queen of the Northland was Lady White Tea. But now we know the truth, that she is Lan Ling-Er's mother. So if you bring her there, she might be able to help you out if Lan Qiwei would do you any harm."

Helian Qingyu agreed. "Fine. Then let's bring her in."

They had lunch in the presidential palace. After that, Jing Xi and Ying Bao stayed a little while longer for Huangpu Xuanye.

Huo Yunshen came to pick them up around four o'clock and they headed home.

On their way back, Jing Xi and her daughter sat in the back seat.

Thinking of Ying Bao and Huangpu Xuanye playing together earlier on, Jing Xi suddenly asked, "Sweetheart, mommy has a question for you."

"Sure!"

"Do you think Brother Feimo is better or Uncle Prince?"

Ying Bao had never compared these two boys. Being suddenly asked by her mother, she had to give it some thought.

Chapter 1432: High IQ

"They are both good!" the little girl replied while she tilted her head.

"Then, who do you want to marry in the future?" Jing Xi asked.

"Brother Feimo! Because I'm his future wife!" Ying Bao smiled, knowing the answer all along.

"Then, what about Uncle Prince?"

What about Uncle Prince?

Ying Bao never thought of it. She thought about how he got hurt and how he lost his father.

But the little girl thought of a good idea.

"I know! I can find him a princess, then he won't be lonely anymore!"

Ying Bao always believed that a prince would be together with a princess in the end and that they would live happily ever after in a castle.

"What a good idea!"

Jing Xi hugged her daughter and kissed her cheek.

"Mommy, when can we go back to Zstan?" Ying Bao asked.

"... Do you hate Estan?"

"No, but I miss Zstan too. Brother Feimo is there, and so is Auntie Orange and Brother Chengcheng. I miss them so much. When can we see them?" Ying Bao frowned, but then thought of something. "I know! I have a super daddy! He can build a bridge!"

Jing Xi laughed and turned to Huo Yunshen, who was driving.

"You hear that? She wants you to build a bridge!"

"It's really a good idea," Huo Yunshen said as he looked at the little girl's face in the rearview mirror. "But sadly, we can't build a bridge that long."

"Why's that?"

"Because of the typhoon. It will destroy the bridge so it will be dangerous."

Huo Yunshen explained with a serious tone. Jing Xi couldn't help but praise how smart her husband was. He had given an answer that the little girl could accept.

"I see... Then I think I should just call them. Mommy, can we call Brother Feimo and Auntie Orange later? I want to talk to them."

"Of course you can."

After they returned to the Yunjing Manor, Jing Xi brought Ying Bao to her room to make the video calls.

Huo Yunshen went to the kitchen to prepare dinner.

Ying Bao called the Tang family first. Due to the timezone difference, Estan's Saturday night was Zstan's Sunday morning.

The call rang for a while, and it was picked up.

"Brother Feimo!" Ying Bao shouted into the tablet.

"Cherry!" Tang Feimo greeted from the dining table. "Have you eaten breakfast?"

"No, we are about to have our dinner."

"That's weird. Did you not eat your dinner yesterday?" Tang Feimo asked as he frowned.

"My daddy's making dinner right now."

"Oh. By the way, is the prince gone?"

Chapter 1433: How I Wish I Could Kiss Him

“Uncle Prince has left!”

“That's good.” Tang Feimo had barely gotten relieved before Ying Bao added, “But he is staying in my grandpa's. I can still visit him. Mommy took me there earlier today!”

Tang Feimo was speechless.

He was feeling good to know that the boy was finally gone. But Ying Bao bombarded him with such bad news again.

Ah... What should he do?

Whenever he thought about how far he was from Ying Bao while that boy was so close, he could not help feeling super annoyed!

“Cherry! Did you forget what I told you? You should not play with him anymore. You are a kid. You should only play with me!”

Tang Feimo found it necessary to remind his little wife from time to time.

“I see, I see!” Ying Bao nodded.

Right then, Jing Xi showed up on the screen. She said, “Hi, Feimo!”

“Hello, Auntie Jing!”

“Are you having breakfast? Is your mother there?”

“Yeah!”

“Can I talk to her?”

“OK.” Tang Feimo handed the pad to her mother. “Mom, Auntie Jing wants to talk to you.”

Liang Lan took the pad and greeted Jing Xi. Jing Xi asked, “Sister, Tang told us you were not feeling well last time...how is it now?”

“Just so so. The doctor had no better options. He already talked to me when he came back last time. We are planning to go to Estan again and visit your grandfather soon.”

“That's great! Do let me know beforehand. You can come during the vacation and bring Feimo here to stay for a while.”

“Yeah, sure. How have you been? Are you giving birth soon?”

“Almost there. It's over seven months, almost eight months now.”

“Awesome! You will have a family of five soon!”

They only chatted for a short while and the pad was taken over by the two kids again.

Tang Feimo was very excited and called, “Cherry, did you hear that? My mom said they will take me to Estan again. We can meet again then!”

“Great! I'll wait for you!”

They chatted for a little while longer and had to stop when Tang Feimo left for school.

Then Jing Xi called Fang Xiaocheng. She picked up quickly.

It seemed that Fang Xiaocheng had put on some weight since they'd left.

She had lost quite some weight when Dazhi died. Now she was finally putting some on.

So it seemed that Yi Xiao had been taking good care of her and the baby.

“Hi, say hello to your Auntie Orange!”

“Auntie Orange, how are you? I miss you so much!”

“Cherry, my sweetheart! Auntie misses you too! When are you coming back to Estan to see your little brother here?”

Ying Bao searched on the screen and asked, “Auntie Orange, can you show me my baby brother right now? I can't wait to see him!”

“Sure, let me show you.”

Fang Xiaocheng faced the camera toward the crib. They saw the little Yi Bei playing happily with his own chubby hands.

“Wow, so adorable! How I wish I could kiss him!”

Ying Bao found the baby extremely cute and kissed him on the screen.

Little Yi Bei was almost six months old now. How time flew.

Fang Xiaocheng smiled. “Cherry, if your mommy gives birth to little brothers, will you still love little Yi Bei?”

Chapter 1434: Dirty Thoughts

“Of course!” Ying Bao replied. “I'll treat all of them as my little brothers! I'll read them stories and help them shower!”

The adults smiled at how pure the little girl's thought was.

After talking for a few minutes, Yibei began to cry.

“Hurry up and check what's going on with him, we'll talk next time. Ying Bao, say goodbye,” Jing Xi said.

“Bye-bye, Auntie Orange!”

“Bye-bye, Cherry.”

Jing Xi took her daughter back downstairs after they hung up the call. Huo Yunshen had just finished preparing dinner.

They had a peaceful dinner together. Huo Yunshen left the dishes to the servant while he spent time with his family.

Perhaps because they had been out the whole day, Ying Bao fell asleep before Huo Yunshen could finish his third bedtime story.

Huo Yunshen and Jing Xi crept out of Ying Bao's room and went back to their own.

Jing Xi sat down on the bed and said, "Hey, it's still early. Should we do something?"

"No, we can't! The doctor said that we shouldn't do that right now!" Huo Yunshen scolded.

Even though Jing Xi was being scolded, she couldn't help but laugh.

"What are you laughing at?" Huo Yunshen asked with a puzzled face.

"I'm laughing at you! I just said that we should do something, but I didn't say that we should do that! What were you thinking?"

Jing Xi laughed as she lay down on the bed.

Jing Xi was the one who had dirty thoughts all the time, and she found it hilarious when it was Huo Yunshen's turn.

Huo Yunshen walked over to Jing Xi with an awkward face and laid down next to her.

"You're getting naughtier!" Huo Yunshen scolded as he touched her face.

Jing Xi grabbed his hand and looked at him affectionately.

Being attracted by Jing Xi's stare, Huo Yunshen finally gave in and kissed her.

But it was just a light kiss as he let her go after a few seconds.

"So, what did you want to do?" Huo Yunshen asked.

"It's been quite some time since we last partied up, right?"

"Do you want to play?"

"Yes, just for a while. Pretty please?" Jing Xi asked with a cute face.

Ever since she'd gotten pregnant, Huo Yunshen has been limiting her time with electronic devices. That was why she had to get his green light before logging onto games.

"All right, just for a while!"

"Yay! You're the best."

Jing Xi kissed Huo Yunshen on his cheek and went to fetch her tablet. Her movement was so swift that others would not have believed that she was eight months pregnant.

“Hey! Slow down!”

“I know!”

Jing Xi found their tablets and logged into their accounts.

They had already invited the other players in the group chat before logging in.

Ma Haodong, Ye Xun, and Huo Sanyan all replied that they were going to join.

They logged into The Royal Alliance at almost the same time. The whole server nearly erupted when all top five players logged in together.

Chapter 1435: Reluctant To Stop

They got ready for a team fight and found some new faces on their team.

[Yiye Zhiqiu]: Who is this Qingyi Xiashi?

[Dongxie Xidu]: No idea. A newcomer?

[Gongzi Yaoye]: It's so obvious. Can't you see? It's our invincible Mr. President!

[Dongxie Xidu]: Oh no! I'm panicking! Is the president on our team? OMG!

Mang Haodong could not believe that Jing Xi and Huo Yunshen even got the president of Estan on their team.

[Yiye Zhiqiu]: I thought so. But who is this Luoxue Fenfei?

[Gongzi Yaoye]: It's Ouyang Feifei. She is new. Let's take good care of her.

Jing Xi had just gotten Ouyang Feifei on the team. She ranked fairly high too, and had married in the game.

Ouyang Feifei greeted everyone and they all welcomed her.

Ye Xun tried to look at Ouyang Feifei's profile and saw the name Sihuo Nianhua under her “Spouse” column. He burst into wild laughter.

Sihuo Nianhua was Jun Yan's username!

How interesting!

They were not even getting engaged in the real world, but already a couple in the game. That was funny.

But Ye Xun chose not to tell them so that they would not feel awkward playing together.

Jun Yan was called into the game at the last minute. When he logged in he had already missed the introduction of Ouyang Feifei. He had no idea that Luoxue Fenfei was Ouyang Feifei.

They teamed up and started the game. Jun Yan went with his wife in the game, taking her to kill the monsters and fulfill their assignments.

They were perfect partners in the game. They chatted frequently but never mentioned any personal information.

Jun Yan talked more in the game, and was more patient. He seemed to be a kinder person in the virtual world.

He told her a lot and treated her as a true friend.

Ouyang Feifei's character in the game was also very straightforward. She did not have many concerns and could simply be herself.

They had no idea about each other's real identities. Otherwise they could never have played so well together.

After an hour or so, Huo Yunshen claimed that time was up and had his wife logged out.

Jing Xi's pad was taken away. She felt reluctant to stop. "I wish we could play a little while longer. How brilliant we were just now!"

"It's your bedtime now!"

Huo Yunshen turned off the light right away and it was all dark.

Jing Xi moved toward him and lay against him on his arm.

Huo Yunshen slightly turned to her and stroked her on her belly, "Are they asleep?"

"No way. They are more excited than I am, still playing!"

Huo Yunshen held his breath and tried to feel the babies. They were indeed kicking inside. He laughed. "I can feel them kicking. They must be naughty kids."

"Yeah, I think so too."

Huo Yunshen patted her gently on her belly and said, "Hey, you guys, go to sleep now! Otherwise, daddy will spank you."

It seemed to have worked. The two babies gradually stopped kicking.

Chapter 1436: Seductive

"Would you actually punish them if they became naughty in the future?"

Jing Xi laughed at Huo Yunshen. She knew from how he took care of Ying Bao that he would never be a strict father.

Jing Xi was already prepared to be a strict parent, while Huo Yunshen would be the nice one.

“Of course not! I would even cry if you lost one strand of your hair! There is no way I would punish a person that came out from your body.”

Huo Yunshen's words were both gentle and seductive at the same time. Jing Xi found Huo Yunshen's face in the dark and kissed his cheek.

“Let's sleep. Goodnight.”

“Goodnight, my love.”

Huo Yunshen also turned around and kissed her back.

Huo Yunshen would stay at home for the next few days whenever he had the time. He hoped that he could be by Jing Xi's side so that he could take care of her.

Seven days passed, and it was the day for Jun Yan and Ouyang Feifei's own wedding.

The Huo family changed into more formal attire and attended the wedding dinner.

“So, this is what we'll do. I'll take our daughter to Feifei's wedding while you attend Jun Yan's wedding,” Jing Xi suggested. She couldn't help but feel that their wedding date was annoying.

“Okay,” Huo Yunshen agreed.

The Royal Hotel was extraordinarily crowded. A couple of the most prominent families in Estan were holding their wedding at the hotel, and it was an honor to them.

Not only were Jun Yan and Ouyang Feifei's weddings on the same date and hotel, they were also being held on the same floor.

When Ouyang Feifei reached the hotel in her white wedding dress, Lin Xiangya had also just arrived.

When Ouyang Feifei saw Lin Xiangya, she could not hide her surprise as Lin Xiangya had been her best friend during college.

She never would have expected that Jun Yan would be engaged to her.

Lin Xiangya had always been proud of her status and would always show it. She was the complete opposite of Ouyang Feifei.

Lin Xiangya was more of a lady filled with pride, while Ouyang Feifei was a lady that was sweet and cute.

Ouyang Feifei was not in contact with Lin Xiangya because the latter had left to study abroad. Lin Xiangya came back to Estan just for the wedding.

“Feifei! It's really you!” Lin Xiangya greeted when she noticed Ouyang Feifei. “When I heard that the Ouyang family was going to hold a wedding today, I was shocked!”

“I was also surprised when I saw you coming in through that door. When did you come back?”

“Just a few days ago. I came back just for this,” Lin Xiangya said. “Oh, right, I heard that you're marrying that guy from the Mo family. Are you sure it's not a joke? He's not that nice of a person, you know.”

“I know, but I don't have a choice. I'm not as lucky as you.” Ouyang Feifei smiled awkwardly.

“I know, right? When I first saw Jun Yan, I knew that he's the one!”

Chapter 1437: Not As Lucky

Lin Xiangya was very satisfied with the engagement. With Jun Yan's position as the Chief Commander as well as his being very good looking, he met her every single criterion of a perfect future husband.

Ouyang Feifei felt so bitter. How she envied her. But she could only put on a smile and say, “Then, congratulations! I wish you all the happiness.”

“Thank you. I wish the same for you!”

With her family calling, Lin Xiangya left her for the other ballroom.

After that, Jun Yan arrived with his family.

Seeing the girl in a white dress by the entrance, he walked directly toward her. But when the girl raised her head, he found out it was the upset Ouyang Feifei.

“How come it's you?”

Jun Yan was surprised. He was supposed to be engaged to Lin Xiangya. But why was it Ouyang Feifei instead?

“Congratulations, Mr. Jun.”

Ouyang Feifei was slightly shocked upon the sudden sight of Jun Yan. But she managed to calm down and give her best wishes.

“...”

While Jun Yan was trying to figure out what was going on, his men reminded him, “Master, you are in the wrong place. Our venue is over there.”

Jun Yan: “...”

Er... This is awkward.

Jun Yan realized that he was in the wrong venue and misunderstood Ouyang Feifei. So he apologized and left for the other ballroom.

Seeing him leaving, Ouyang Feifei forced herself to control her falling tears.

In a short while, Lin Xiangya showed up with Jun Yan at the entrance of the other ballroom.

Lin Xiangya pointed at Ouyang Feifei from some distance and said, “Jun Yan, look. That's my college classmate, Ouyang Feifei. What a small world! We are getting engaged on the same day.”

“Em,” Jun Yan answered emotionlessly. He took a glance at Ouyang Feifei and turned away immediately.

“Sadly she is not as lucky. I have you. But she will be engaged to Mo Beichen, the notorious playboy. He hasn't even shown up yet. Who knows which girl he is hanging out with right now.”

Lin Xiangya was merely stating the facts. But she had no idea that what she said had changed something in Jun Yan too.

Seeing the girl welcoming guests by herself on the other end, Jun Yan could not help feeling for her.

Most guests had arrived. So had Jing Xi and Huo Yunshen with their daughter.

They came to congratulate Jun Yan first. Then Jing Xi took her daughter to the Ouyang family.

The engagement ceremony was about to start. Jun Yan and Lin Xiangya were escorted to the VIP room to get prepared.

While they were waiting, Jun Yan felt somewhat restless. He asked Lin Xiangya to wait for him while he went to the restroom.

Coming out of the room, he saw the Mo family finally arriving.

Mo Beichen wore sunglasses and was attended to by a group of guards. And he was still on the phone.

“Yeah, it's just a show. Marrying her is just adding another piece of decoration to the house. No big deal. Of course, you are my favorite. Sweetheart, stop it, OK? I'll come right to you after the ceremony. I have to go now.”

Mo Beichen had barely finished the call before he arrived at the hall. Then he asked his men to wait outside and walked in by himself.

For some reason, Jun Yan felt enraged upon seeing him being so arrogant and overhearing his phone call.

He was getting engaged but he still talked to another woman like that. How could he possibly treat Ouyang Feifei so cold-heartedly?

Chapter 1438: Did The Bride Just Get Kidnapped?

There was no way Jun Yan would let a player like Mo Beichen marry Ouyang Feifei.

He suddenly thought of Ouyang Feifei's pretty face, the way she cried, and the words that she told him.

Jun Yan's mind was in chaos, as he had no idea what was happening to him.

A feeling of not wanting Ouyang Feifei to suffer appeared inside of him, and he was being absorbed into it.

The door to the resting room opened, and Mo Beichen was the first to walk out, followed by Ouyang Feifei.

Ouyang Feifei did not even look at Jun Yan and walked past him.

He stared at Ouyang Feifei's lonely figure, and pain could be felt in his heart.

“Jun Yan. It's time. Let's go,” Lin Xiangya said when she found him.

She pulled his arm and dragged him back to the wedding.

Jun Yan sighed as he had to accept his fate, and so did Ouyang Feifei. They were both chess pieces in a game of fate.

The guests who attended Ouyang Feifei and Mo Beichen's wedding were people of higher stature.

The wedding proceeded smoothly until the host announced, “Mr. Mo, please exchange your ring.”

Mo Beichen took the ring out but noticed Ouyang Feifei did not reach her hand out.

“What are you doing? Are you trying to embarrass me?” Mo Beichen asked in a low voice.

Mo Beichen was a man full of pride, and he absolutely would not allow anything to happen during the wedding.

Ouyang Feifei did not say anything, but he could feel that Mo Beichen was warning her with his stare.

Mo Beichen did not wait for Ouyang Feifei to answer and pulled her hand up, trying to force the ring onto her finger.

But before he could do so, the door was kicked open.

The sound was so loud that everyone turned to look at the door, even Mo Beichen and Ouyang Feifei.

Jun Yan walked through the door and paced slowly towards Mo Beichen.

Ouyang Feifei could not believe what she was seeing.

She had a lot of questions, like why Jun Yan was there when he should be at his own wedding.

The guests were talking amongst themselves, not knowing what was happening. But when Jing Xi realized it was Jun Yan, she couldn't help but laugh.

Jun Yan walked straight towards the to-be wedded couple and pulled Ouyang Feifei's hand away from Mo Beichen. Without letting go of Ouyang Feifei, Jun Yan turned and walked towards to door.

Mo Beichen was still stunned by what had happened as his hand with the ring in it was still in the air. Before he could even realize it, someone had come to kidnap his fiancé.

And it was a massive humiliation to him.

Chapter 1439: Running Away!

“Stop! What are you doing?” Mo Beichen scolded, but the only answer he got was a hard punch from Jun Yan.

Mo Beichen fell to the ground and the ring was lost.

When he got up again Jun Yan had already taken Ouyang Feifei away. They disappeared at the entrance of the hall. The guests were all shocked. They asked around, trying to figure out what had just happened. Was the bride just kidnapped?

Ouyang Qing and Ren Meixin were also confused. Since it was Jun Yan who had taken Feifei away, they had to turn to Jing Xi for help.

“Uncle, auntie, don't worry. I'll go check on them.”

Jing Xi reassured them and took her daughter out.

Stepping out of the venue, Jing Xi saw the chaos in the other ballroom.

Huo Yunshen got out and came to them. Jing Xi asked, “Do you have any idea what's going on?”

“He ran away!” Huo Yunshen answered briefly. He got hold of his wife and daughter and said, “Come on, let's go.”

On their way back, Huo Yunshen told Jing Xi about what had happened at the engagement ceremony of Junyan and Lin Xiangya. It turned out that Jun Yan made a bold move at the very last moment.

He put down the ring and said, “I'm sorry.” Then he ran out of the room.

Despite Lin Xiangya's calls, he never turned back.

Huo Yunshen heard from his wife that Jun Yan went to Mo and Ouyang's engagement ceremony after that and took Ouyang Feifei away.

Finally realizing what had happened, Jing Xi slapped her thigh and complained, “What has he done!? If only the Eldest Brother could have followed his heart earlier, how could this have happened? Now he took Feifei away. How should the four families deal with it?”

What he did today has offended both the Lin and Mo families.

Perhaps the Jun and Ouyang families would not forgive him either for taking Ouyang Feifei away like that.

Jing Xi could not help blaming her Eldest Brother. He had always been a sedate man. No one would have expected him acting so ridiculously on such an important occasion.

Jing Xi worried about what they would be faced with next.

“Don't worry too much. Sometimes people can only see their hearts at the very last moment. Now that they are running away together, it might not be a bad thing. Let's wait and see.”

“What else can we do?”

They drove home. Having had nothing at the engagement ceremony, they had to call their parents for a dinner at the Moon Castle.

When Jun Yan took Ouyang Feifei out of the ballroom, he dragged her out of the hotel and got her into his car. Then he thundered away.

He drove so fast that Ouyang Feifei almost threw up.

Ouyang Feifei did not dare to open her eyes until he stopped. She looked pale and her heart kept beating violently. She felt very bad.

Jun Yan finally stopped after driving crazily for dozens of miles, and then realized that the girl was not feeling well.

Recalling that she had heart disease, Jun Yan was scared and asked, "Miss Ouyang, are you OK?"

It took Ouyang Feifei quite a while to get her heart calmed down and re-catch her breath.

Turing to Jun Yan, she was filled with complicated feelings.

Instead of saying anything she just stared at him.

The color had drained from her face. But her eyes were as clear as ever. She just stared at him quietly.

However, he seemed to have heard her silent questioning. She was asking why he had done that today.

Chapter 1440: A Definitive Answer

"I'm really sorry...," Jun Yan apologized.

Jun Yan had grabbed Ouyang Feifei and ran at the wedding without thinking of what would happen after that.

But when he finally calmed down, and his thoughts became clearer, he realized he might've caused her harm that might be beyond repair.

But he couldn't do anything else; all he could do was apologize for his mistake.

"So, you took me all the way out here without my consent, all so you could apologize?" Ouyang Feifei asked as she forced a smile with her trembling lips.

"I'm sorry..."

"Is that all you can say? Why did you do that?"

"I just don't want to see you throw everything away... Mo Beichen is not the right choice..."

“Mr. Jun!” Ouyang Feifei scolded before Jun Yan could even finish his sentence. “Don't you think you went out of line? You've ruined my marriage, and now you're saying that you don't want me to throw everything away? Who do you think you are? If Mo Beichen is not the right choice, who is?”

Ouyang Feifei wanted an answer.

She had already given up on Jun Yan entirely because they were both engaged to other people.

But he suddenly ran into her wedding and ruined everything. She wanted to know why he did that.

She wanted to know why he would butt in if she was not important to him.

“I did that because of Jing Xi. Do you really want to marry a man who has other girlfriends when he's about to get married? You're just decoration to him!”

Tears rolled down Ouyang Feifei's face as she heard the things that she didn't want to listen to the most.

She couldn't help but find his reason very ironic.

Ouyang Feifei turned to look outside the window.

“So what if he has other girlfriends? That is my choice. What does that have to do with you? Who are you to tell me what to do? Do you even know what other people would think of us after what you did? Are you going to take responsibility after this?”

Jun Yan could not answer her question.

It was the first time in his life that he had ever done something based on his impulses.

Jun Yan did not know what to do. How much he wished that Jing Xi was there with them so that he could ask her for help.

His silence only broke Ouyang Feifei's heart even further.

She wiped her tears and turned to face Jun Yan.

“I thought we could live our own lives and never see each other again, but you've ruined that. You've abandoned Lin Xiangya, and I've abandoned Mo Beichen. Everyone will think that we've eloped. Let me ask you this again: did you do that just because you love me?”

Ouyang Feifei mustered all her courage and asked him the question.

She really wanted to know how he felt about her.

If he really liked her, she was willing to give up Mo Beichen and be with him.

Even if it meant being criticized by others, including her best friend, she wouldn't mind the consequences. All she needed was a definitive answer.

But the question stunned Jun Yan.
