### Chapter 1821: A Chance To Prove Himself

He didn't know where Huo Sanyan was and didn't know how she was doing. He was really so worried about her.

Just as Ye Xun was feeling distressed, he finally received Jing Xi's call.

"Hello? Xiao Xi? How is it going?" Ye Xun asked anxiously.

Jing Xi told him over the phone, "I found Sanyan."

Ye Xun felt pleasantly surprised in his heart and asked hurriedly, "Where is she?"

"She is at Mantingfang Garden but she is sick and needs someone to take care of her."

Huo Sanyan had been staying at Mantingfang Garden all this while?

But he didn't find her when he went over to look previously.

She was sick?

Ye Xun's heart tensed up when he heard she was sick. "I...I...I... I will go take care of her!"

"You can come but you need to do as I say." Jing Xi instructed.

"Okay! Tell me! I will listen to everything you say!"

Jing Xi instructed him through the phone that he shouldn't let Huo Sanyan see him when he went over to look after her. Even if he was discovered, he should promptly leave and not keep on lingering there.

This was not hard at all for him. He would be able to do it.

Now that he finally had news about Huo Sanyan, he also had the opportunity to get near to her. Ye Xun immediately started driving to Mantingfang Garden.

Ye Xun didn't have the keys to the place, but Jing Xi was very smart. She had already secretly hidden the keys underneath the rug in front of the door.

After Ye Xun arrived and found the keys, he opened the door and went in straight away.

It was only after he went in that he found out how messy Huo Sanyan's house was. The floor was covered with crumpled up used napkins. The pillows and blankets were both on the floor. When he walked in, he could even see the unwashed bowls placed on the table.

Jing Xi could've actually helped to tidy up the place. However, she did not do so and instead made it even messier. She wanted to let Ye Xun do it so that he had a chance to prove himself.

Ye Xun saw how messy the room was and thought about how she was living here by herself with no one to take care of her. She couldn't eat well and was even sick. The only thing that he felt in his heart after thinking about this was heartache.

He walked into the bedroom and saw a woman lying asleep on the bed. Guilt overwhelmed his heart and he came beside her and sat down, looking at her face quietly.

Her face was slightly pale and there were injuries on both sides of her forehead. She looked weak and dispirited because of her sickness, no longer looking like a queen like how she usually did.

“Sigh...”

Ye Xun sighed and stayed with her silently. He didn't even dare to touch her hand as he was afraid he might wake her.

It was only after he sat for a while that he stood up and started to clean the house.

He cleaned the entire house until it was spotless. He then went out and bought a lot of fresh ingredients. He planned on cooking something delicious for her when night came.

While passing the pharmacy, he even bought many commonly used medicines for colds and fevers so that he could place them at the house just in case.

The medicine Huo Sanyan took probably induced drowsiness and she only woke up at dusk.

She opened her eyes and saw that the sky outside had already turned dark. She heard sounds outside and thought it was Jing Xi.

She carried her weak body down from the bed and went outside. Coincidentally, she saw the exact moment the front door closed and the person had already left.

However, she saw that the entire bedroom had been tidied up so spotlessly that she felt as though she was in a dream.

She was a woman who was terrible at tidying up her house. Her house would turn into a pigsty every time she lived on her own.

That's why Ye Xun always said he felt like he was raising a pig.

Huo Sanyan's heart felt a jolt of pain when she thought about Ye Xun again.

She sighed and tried hard to chase away his shadow. After she walked out, she found that there were also changes in the living room. There were even lighted scented candles and silver food covers on the dining table.

Chapter 1822: Confused

Huo Sanyan raised the cover and found that there were some light food and congee underneath it. The food still steaming hot.

Huo Sanyan thought it had been made by Jing Xi before she left.

After a good rest, Huo Sanyan could feel her stomach rumbling. The light food on the table managed to stir up her appetite.

She sat down at the table and tasted the food. She was surprised that they seemed like what Ye Xun would usually make.

But Huo Sanyan quickly shook the idea off as Ye Xun did not have a key to her place.

And Ye Xun would definitely look for her if Ye Xun were able to enter.

Huo Sanyan came to the conclusion that the foods weren't made by Ye Xun.

Huo Sanyan took a shower after dinner and looked at the scar on her forehead. She sighed as she would have to stay at home for a few days until the wound completely healed.

Seeing the scar made her think of Ye Xun, which made her angry again. How she wished she could punch him in the face.

Huo Sanyan rested for a week. During her rest, someone would bring food to her home and clean her place every day.

Whenever Huo Sanyan woke up, she would find breakfast on the table, and the messy house cleaned.

Huo Sanyan called Jing Xi to ask her about it, and Jing Xi admitted that it was she who had been doing that every day.

Huo Sanyan sat in front of the television with the game controller in her hands. She turned to look at the other controller that was lying next to her and thought of the days when she used to play with Ye Xun.

Three days had passed, and Ye Xun did not try to contact her even once.

It made Huo Sanyan curious.

Usually, Ye Xun would message her at least a few times every day and he would always spam her phone whenever they fought.

But when Huo Sanyan said she wanted to break up, Ye Xun just stopped contacting her.

Huo Sanyan quickly shook her head and decided to not think about it.

Huo Sanyan logged into The Royal Alliance and realized Ye Xun was online too.

Huo Sanyan checked the map and found that Ye Xun's character was at one of their alliance's hunting ground.

So, that's why he's not contacting me! He's gaming!

Huo Sanyan scolded him in her head as she clicked on the divorce icon.

She thought that Ye Xun would've tried to talk to her, but he did not.

Ye Xun straight up accepted the divorce request.

Huo Sanyan was stunned as she looked at the "Divorce Successful" message on the screen.

She was confused, as Ye Xun was acting out of the ordinary for his usual self.

She then equipped her best equipment on her character and rushed to where Ye Xun's character was to kill him. But what she saw when she arrived made her speechless even more.

Ye Xun was playing with another player by the name of Cute Little Angel. The two players were hunting monsters as they matched their combos perfectly. Ye Xun's character didn't even budge when he saw Huo Sanyan arrive.

Huo Sanyan started to wonder if Ye Xun's account had been hacked.

Angered by what she was witnessing, Huo Sanyan logged off her account and threw her controller to one side.

On the other end, Ye Xun and Jing Xi were staring at their screens in the palace.

“Xiaoxi, what now? She went offline! Won't this make her angrier? Should I explain to her now?”

Chapter 1823: Simply A Prophet

Jing Xi was really calm. “Why are you being so anxious, Ye Xun!? You need to listen to me if you want to get Sanyan back. You must try your best to calm down. Everything you did before will go to waste if you go look for her now!”

“Sigh. My heart is so anxious. She already broke up with me!”

Ye Xun scratched his head in distress. In the end, he was at a loss and had no choice but to accept it.

“Okay, I will listen to you! What should we do next?”

“Go to the Matchmaking Temple and get married.”

“Huh? With who?”

“With the new account I just registered, of course. Cute Little Angel. Quickly! Ye Xun! See you at the Matchmaking Temple!”

Jing Xi used a teleportation scroll and arrived at the Matchmaking Temple very quickly.

Ye Xun had no choice but to listen to her arrangement and also followed along. The two accounts got married just like that.

Ye Xun saw his wife change from The Official Little Cutie to Cute Little Angel and that made him so nervous that he almost cried. “Jing Xi, I only just broke up with her and now I got married to another account. Wouldn't she become sad if she saw it? I really don't want to make her sad!”

Jing Xi was very confident. “She won't! I guarantee Sanyan will come online within ten minutes. Moreover, she will rain down curses on your head!”

Ye Xun: “...”

It didn't even take ten minutes. The Official Little Cutie was online after five minutes.

Ye Xun's eyes lit up. “Xiao Xi, you are simply a prophet!”

Jing Xi smiled and didn't say anything.

It happened exactly as she said it would. Huo Sanyan started to go crazy and messaged Ye Xun.

[Alliance Region][The Official Little Cutie]: Ye Xun!!!

[Alliance Region][The Official Little Cutie]: You piece of shit! You just broke up with me but you married someone else in the blink of an eye. You are actually capable of doing something like this! I have really seen through you!

[Alliance Region][The Official Little Cutie]: It is only now that I've realized it was correct to break up with you! You fickle and shallow man! I really regret knowing you!

[Alliance Region][The Official Little Cutie]: Why aren't you saying anything? Huh? You don't dare to speak after my scolding, right? Feel guilty? Know you are in the wrong? You irresponsible fella! You are a bastard through and through!

[Alliance Region][The Official Little Cutie]: Fine! Go with that slut of yours! It's not like I need you no matter what! If you can find someone, I can find someone else as well! Let's see who is afraid of who!

[Alliance Region][The Official Little Cutie]: Ye Xun! Give me back all of the photos and keychains I gave you!!! We will never interact with each other in the future! I am a bitch if I send any more messages to you!

Huo Sanyan went offline again after cursing him out.

Ye Xun looked at how she cursed him and his anxious heart was about to crumble.

“Xiaoxi, she really scolded me badly. What should I do? She definitely hates me and wants to chop me to pieces! I can tell just from listening to her tone.”

“It is a good thing she scolded you, as it gives ample proof that she still has you in her heart. Otherwise, she wouldn't have become so irritated to come online to scold you. If she truly didn't care about you at all, she would've definitely just ignored you!”

Jing Xi used this method to test Huo Sanyan's attitude towards Ye Xun. She wanted to investigate to what extent she cared about him and wanted to see if there was still a chance to turn this around.

Right now, it looked like there was still hope!

Ye Xun's damaged heart immediately received considerable comfort after he heard Jing Xi's explanation.

In the Mantingfang Garden.

After Huo Sanyan went offline, she was so angry that she kept pacing around the house.

In the end, she lifted her fist and shouted to the heavens, “Ye Xun! You bastard! You are dog shit! I must've committed a sin in my previous life to have met you! You get out of my life! I won't ever care about you anymore!”

She felt better in her heart after shouting, but her tears still kept on coming out uncontrollably.

Chapter 1824: His Loss

Huo Sanyan felt really depressed suddenly, as she was the one who wanted the break up to happen. She was the one who dumped Ye Xun, but she felt like she was being dumped.

Huo Sanyan stood up after crying and took a deep breath. She kept telling herself to stay strong and not cry.

She also told herself that it was only a breakup and nothing else.

After calming herself down, Huo Sanyan decided to go out. She could not stay down because of the breakup, and had to live better instead to let Ye Xun see that her leaving was his loss.

Huo Sanyan changed her clothes and went to the salon to get her hair washed. She couldn't do it herself because of the wound on her forehead and had to seek professional help.

She also changed her hairstyle before leaving for the hospital to visit Xiao Miao.

Xiao Miao had already woken up. Other than her arms and neck not being able to move, Xiao Miao was fine.

Huo Sanyan apologized to her, and she did not blame her.

After visiting Xiao Miao, Huo Sanyan went to get her stitches removed.

The wound was almost healed, but the pink scar was still visible. Huo Sanyan got a thin fringe so that she could cover the scars on her forehead.

After taking care of everything, Huo Sanyan went to the company.

Huo Sanyan appeared at the building in her white one-piece with a royal blue overcoat. She had on 10 cm tall heels and a pair of sunglasses too. The way she dressed ultimately reflected the strong woman that everyone believed her to be.

The guards and doormen greeted her when she arrived.

“President Huo! Good Morning!”

Huo Sanyan walked straight to her private elevator and went up to her office to begin her work.

She had to catch up on all the work she had left for the past seven days. Keeping herself busy was the best way to not think about all the depressing stuff that had happened to her lately.

Her temporary assistant Lili came into her office around noon and asked, “Ms. Huo, are you okay with attending the finals for the singing competition tonight?”

“Of course. Schedule it for me.”

Huo Sanyan has to attend the competition as the organizer and award presenter.

Jing Xi visited Huo Sanyan when it was almost time to get off work.

“Jing Xi! Thank you for taking care of me for the past few days!” Huo Sanyan exclaimed as soon as she saw Jing Xi.

"It's nothing. Are you feeling better?" Jing Xi asked as she looked at her forehead. If Huo Sanyan hadn't changed her hairstyle, the scars would be visible to everyone.

"I'm fine," Huo Sanyan laughed. "Perfectly fine."

But the truth was that the event hurt her a lot and she knew it.

"Here, take this," Jing Xi said as she gave Huo Sanyan a bottle. "It's a cure for removing scars. Apply it as soon as you can."

"Thank you! I was thinking about getting one myself."

"Oh, I'm heading to the competition for a performance. Do you want to come along?"

"Sure thing! Let's grab something to eat first."

Chapter 1825: Heart Might've Changed A Long Time Ago

After the two of them made arrangements, Jing Xi waited until she finished work and they went out to eat together.

While eating, she asked her, "Sanyan, I see that you and Ye Xun broke up."

"Don't mention him to me!"

Huo Sanyan exploded when she heard Jing Xi mention Ye Xun and objected strongly, "That kind of person is simply human trash. I was wise to break up with him!"

"Why do you have such a strong opinion of Ye Xun?" Jing Xi feigned ignorance and asked.

"Humph! That person actually only knows how to talk sweetly. Every time he does something wrong, he will say sorry and that he will change. But in the end, he absolutely will not change.

"Also, that bad temper of his, he will start hitting with just one word of disagreement. Who can stand him?"

"I am the one who first mentioned breaking up. Let me tell you, that is like me jumping out of the fire!

"That's why I decided to go all out and also mentioned divorce in the game! It is I, Huo Sanyan, who doesn't want him! He is still acting unbelievably arrogant!

"Can you believe it? Not even five minutes after we broke up, he married another girl in the game. What does this mean?"

"It means Ye Xun had been playing with me! I am actually just his backup!

"Oh, no. It is he who keeps on looking for a backup. Once I didn't want him anymore, he went to find his backup. The two of them being in love has nothing to do with me. That's why he didn't even call me or send me any messages even after such a long time.

"You might not know it but he wasn't like this in the past. He would message me all the time every day and call me. It was to the point where it annoyed me. However, he didn't even send one this time! His heart might've changed a long time ago! This bastard doesn't even have the slightest bit of conscience!"

Huo Sanyan prattled away with one breath and couldn't help but start to cry. She took out some tissue to wipe her tears.

"..." Jing Xi kept on holding in the laughter in her heart. She could already tell the plan she had with Ye Xun was a success!

With how proud Huo Sanyan was, how could she endure such treatment from Ye Xun?

The more complaints she had about him, the more it proved she was not able to let him go.

Jing Xi wasn't planning to reveal it to her for the time being. She would let Huo Sanyan continue to guess, continue to be depressed, and continue to struggle. She would wait until the right time came then clear up the misunderstanding between the two of them. They could definitely have a perfect reconciliation.

"Sanyan, you should also stop being so upset. Ye Xun might have you in his heart all this while but he only didn't dare to look for you because he is afraid you might ignore him! I think it is better for the two of you to calm down for the time being. Think carefully how important you guys are in each other's heart. It is best to only decide after thinking clearly about it. At least that way, you won't leave behind any regrets."

Jing Xi found the right time to comfort her.

"I don't have anything to say to him. I won't look back. A smart person does not dwell on past actions. I already swore that I am a bitch if you go speak to him again."

Pff... Jing Xi couldn't help but laugh. Huo Sanyan's cute look really provoked her into laughter.

One shouldn't just see her ice queen exterior. Deep inside, she was still a little girl who longed to be loved.

However, she had to endure hardships because she was too overly concerned with her pride!

Jing Xi comforted her for a while. After the meal, the two of them rushed to the Mo City TV Station.

Kaidi was the organizer and it worked with the Mo City TV Station to create a Grand Prix Variety Show. It started from the pre-selection and went to the semi-finals, and then the knock-out competition, then to the finals. All the while, it had received widespread attention.

This program had also become Mo City TV Station's highest-rated show.

Tonight was the peak of the finals. The top three winners would be chosen from the last five strongest contestants.

As Kaidi's most popular new artist, Jing Xi was invited to perform the opening song.

She sang one of Huo Yunshen's early songs, Dreamchaser. She used it to encourage all the contestants to bravely chase their dreams and to not give up.

After she performed the opening, the host went on stage and announced the official start of the peak night of the competition.

After she performed the opening, the host went on stage and announced the official start of the peak night of the competition.

Chapter 1826: Misses Him

After two hours of competing, the top three finalists emerged.

As the president of the organizing company, Huo Sanyan presented the three winners with their prizes.

The competition ended with that.

Jing Xi had been waiting for Huo Sanyan from the beginning to leave with her.

Ye Xun was standing outside the hall in his uniform. He stood tall as he kept staring at the door quietly like an ice sculpture.

When Huo Sanyan and Jing Xi came out, his expression shifted a little.

Even though Ye Xun was standing in the shadows, Huo Sanyan was able to recognize him right away. Perhaps because she really loved him, she was able to notice him without even trying.

Her heart skipped a beat when she saw Ye Xun standing there.

She had been cursing and scolding him for the past few days, but deep down in her heart, she missed him dearly.

Yet, when she thought of the fact that they had already broken up, she forced herself to not think about him.

But Jing Xi was pointing at Ye Xun and said, "Hey, isn't that Ye Xun? Why is he here? Is he here for you? He even has a bouquet of roses!"

"So what? Does he think I will forgive him with that?" Huo Sanyan scolded. "It's not happening even if he begs me for it!"

But as soon as Huo Sanyan finished what she was saying, Ye Xun walked past them with the roses in his hands. It was then that Huo Sanyan realized that the flowers weren't for her as he seemed to have not even noticed her.

"Didn't he see us? Where is he going?" Jing Xi asked.

Huo Sanyan turned around and saw that Ye Xun was walking towards another woman.

Huo Sanyan knew who she was. She was the host of the competition, Ning Luoxiao.

She was puzzled as to when Ye Xun had become acquainted with Ning Luoxiao as she saw him giving her the flowers.

Huo Sanyan was almost at her limit when she saw that.

How dare he give flowers to another woman! Does he even know how the past few days have been for me?

Huo Sanyan was on the brink of collapsing. She never expected Ye Xun to accept the breakup as calmly as he was.

It seemed like the breakup was actually a good thing for him.

He had even found himself another woman.

It might have been possible that Ye Xun did not notice Huo Sanyan, as he left with Ning Ruoxiao right away.

Huo Sanyan wanted to stop him, but her pride prevented her from doing so. Her now sweaty hand that was holding Jing Xi's hand gripped it even tighter.

Jing Xi could feel Huo Sanyan's anxiety and anger.

“Since when did he become so close with Ms. Ning?” Jing Xi asked. “Let me ask him.”

Huo Sanyan did not decline. Instead, it was what she wanted to know too.

“Hey!” Jing Xi shouted.

Chapter 1827: Too Overly Dramatic In Her Heart

Jing Xi promptly called Ye Xun and when he heard her voice, he turned back and saw Jing Xi. He then noticed Huo Sanyan and showed astonishment.

“Xiaoxi, why are you guys here?”

“Oh, we are here tonight to participate in a program. How about you? The person beside you is...”

Jing Xi looked beside Ye Xun at Ning Luoxiao.

Ye Xun introduced her with good manners. “Oh, Xiaoxi, let me introduce my friend. She was my schoolmate during university in Estan, Ning Luoxiao. She is also from the Dragon Kingdom and we have the same hometown.”

“Oh, I know Miss Ning. You are the one who hosted our company's program tonight.” Jing Xi took the initiative to shake hands with Ning Luoxiao. “Nice to meet you, Miss Ning.”

Not only was Ning Luoxiao fair and beautiful, but she also carried herself very well. As a host, she was very good at controlling the flow of the conversation. She took over the topic and said, “It is an honor to go on the same program with the queen! Also with Presiden Huo as well. We already met just now at the TV station.”

“Oh, you know each other!”

Ning Luoxiao was very generous but Huo Sanyan acted very coldly and didn't say much to her.

Her cold eyes focused on Ye Xun and Ning Luoxiao and it was as if she was looking at an adulterous couple.

After both sides met each other, Ye Xun said, “Okay, that's enough talking. See you later, Xiaoxi. I will bring Xiaoxiao back now.”

“Goodbye, my queen and President Huo!” Ning Luoxiao shook her hand to say goodbye.

Ye Xun didn't even glance at Huo Sanyan the entire time. He looked as though he only had eyes for Ning Luoxiao. He led her away and said to her, “Xiaoxiao, let's play another three hundred rounds after we get back. I will bring you to upgrade your equipment.”

“Okay.”

The two of them left while chatting happily. Huo Sanyan was going to vomit blood from anger. She already figured it out. This Ning Luoxiao was the Cute Little Angel who immediately married Yu Xun after they broke up, right?

Fine, the two of them had actually already gotten so close!

What she was worried about was whether or not the two of them rolled around in bed together after she left the Ye residence!

Disgusting! This was really too disgusting!

This woman definitely knew how to make Ye Xun happy more than her and could also satisfy his long lust. That's why he didn't come to look for her.

Very good, she had figured it all out!

"Jing Xi, I want to beat someone up!" Huo Sanyan said fiercely. However, her education and her pride helped to hold her back from being impulsive and going up to hit her.

Jing Xi advised her, "Forget it, Sanyan. In any case, you guys have already broken up. It is Ye Xun's freedom to be with whoever he wants. It is better not to interfere."

"He is doing it to insult me! He actually pretended not to see me! Did you see it?! He didn't speak a word to me the whole time! He didn't have me in his eyes at all! He must be so happy right now that he found someone new. He probably can't wait to bring her home and roll around in the sheets!

"I knew it would be like this! Jing Xi, stop telling me to reconcile with him. There is nothing left between us!

"I will say this out right now, from today onwards, Ye Xun will live his life and I will live mine. Everyone will mind their own business!"

Huo Sanyan vented angrily. Right now, she felt more and more that breaking up with Ye Xun was too convenient for him.

She let him sleep with her for three years for nothing. With the turn of a head, he already found someone new. He completely didn't see her as anything significant.

How could she take this?

"Sanyan, I don't think Ye Xun and Miss Ning are in that kind of relationship. They are probably just friends."

Jing Xi kept on snickering in her heart. She did not tell her to reconcile with Ye Xun at all. It was she who was being too overly dramatic in her heart! Hahaha!

Chapter 1828: Hopeful

"Friends? Didn't you see how fast they got married in the game?" Huo Sanyan roared. "It happened just seconds after we got divorced! They were just waiting for me to leave!"

"..." Jing Xi was holding back her laughter. She realized that a woman's imagination could go really wild after breaking up. "Calm down. Come on, let's go home."

Huo Sanyan kept on rambling on their way back and even asked Jing Xi to help her.

"Jing Xi, can you help me pry into where they are at now? Like are they going to get married soon?"

"Okay, okay. I'll ask him when I see him."

Jing Xi then went back to the palace while Huo Sanyan drove back to her home.

Huo Sanyan realized bickering about Ye Xun made her hungry. She was surprised to see that her table was filled with foods when she got back home.

She had just met with Jing Xi, and there was no way Jing Xi could prepare such a feast in such a short time.

Huo Sanyan became hopeful as she thought of another possibility.

Could it be... Ye Xun?

Huo Sanyan quickly called Jing Xi and asked, "Hey, Jing Xi, I just got back home. Did you bring food over by any chance?"

"Yes," Jing Xi replied on the other end of the phone. "I asked one of the servants to bring it for you. Microwave it if it's cold."

After learning the truth, Huo Sanyan let out a sigh.

There's no way he would care... He would've just spent his time with that new girlfriend instead... This is frustrating!

Huo Sanyan was furious. And the only way that she could come down was to eat.

She quickly reheated the food in the microwave and began to eat while she pictured the food as Ye Xun.

She gobbled up all the food in just a few minutes. She then walked around her place and realized there was nothing there for her to do.

If Ye Xun was there with her, he would've made tea and talked with her, or even given her a massage.

But now, she was alone.

She picked up her phone to check if she'd missed any of Ye Xun's messages, but sadly, there were none.

Not even a single message after breaking up.

Zero.

Huo Sanyan suddenly felt like she'd lied to for the past three years as Ye Xun kept saying he loved her.

Huo Sanyan then noticed the game controllers on the table and thought of Ye Xun again.

What is that big liar doing now? Is he with Ning Luoxiao?

Huo Sanyan quickly logged into the game and checked the online status of Ye Xun and Ning Luoxiao's characters.

Huo Sanyan let out a breath of relief when she saw them online. At least they weren't having sex.

Now that Huo Sanyan and Ye Xun weren't lovers or friends anymore, Huo Sanyan began to treat him as an enemy.

She needed a place to vent her anger.

She quickly flew her character to where Ye Xun was and chopped Ye Xun's character down.

Chapter 1829: Was Also Very Capable

She used her ultimate and started her fierce attack on Yiye Zhiqiu, catching him off-guard.

Blood splattered everywhere, until...

In the blink of an eye, The Official Little Cutie killed Yiye Zhiqiu and he had to respawn.

The people who saw this scene in the game all went crazy. What was going on?

Yiye Zhiqiu had only just divorced his wife and now he was attacked fiercely by her. Did she kill him in the end?

How exciting!

For the players who knew Yiye Zhiqiu had married a new player, it was as if they were watching a melodrama being played out.

It was like Huo Sanyan was consumed by bloodlust. After she killed Yiye Zhiqiu, she also killed Cute Little Angel.

She started attacking Yiye Zhiqiu right after he respawned.

It was as if Yiye Zhiqiu felt guilty. He didn't hit back while getting slashed by his ex-wife and so he died again after a while.

After respawning a few times, Yiye Zhiqiu also didn't take the initiative to send any messages to The Official Little Cutie. In the end, he simply went offline and didn't respawn anymore.

Huo Sanyan let out a loud motherf\*\*ker in her heart when she saw his profile pic go black.

It couldn't be that he stopped playing games and went to play with Ning Luoxiao?

Huo Sanyan felt a bit nervous in her heart. She thought about Ning Luoxiao and then thought about herself. Which part of her didn't match up to Ning Luoxiao?

With anger in her heart, she threw away the controller and then went and got a laptop. She looked for information about Ning Luoxiao and started to investigate this woman.

As a beautiful female TV host, there was no way she wouldn't have any rumors about her or skeletons in her closet.

She wanted to clearly figure out Ning Luoxiao's background. The only way to win a hundred battles was to know the enemy as well as yourself!

And so, Huo Sanyan studied Ning Luoxiao's background with discipline. No matter how much she searched, she could not find any negative news about Ning Luoxiao at all.

Instead, what she learned was actually Ning Luoxiao's deep history.

It turned out that Ning Luoxiao's ancestral home was the Dragon Kingdom. Her grandfather was the Dragon Kingdom's transport minister in the past. The Ning family and Ye family had a deep relationship with each other.

However, there were also things Huo Sanyan couldn't find. For example, similar to Jing Xi, Ning Luoxiao also lost her family when she was young due to the war and grew up in a welfare home in Estan. It was only after many years later that she was found by the Ning family. She changed her identity and then went back to become the daughter of the Ning family once again.

It was no wonder she would become friends and even old schoolmates with Ye Xun. It turned out they already knew each other long ago.

She then looked at Ning Luoxiao's resume. Huo Sanyan had to admit Ning Luoxiao was a very independent and confident woman. She had her own career and was also very capable. She didn't lose to her at all.

Not only that, but her resume also wrote that she was a good cook. Moreover, she liked to ride horses, ski, hike, play golf...

She had vast interests and all of them were very classy.

In comparison to Huo Sanyan, whose interest was eating, hobby was eating, and what she was good at was eating.

Oh my god!

It seemed like the only thing she knew how to do was eat!

After comparing, Huo Sanyan suddenly felt like an inflated ball. No more comparing! There was no way she could compare to her! She immediately felt like she was defeated and her plans foiled.

In the end, she shut off the computer and collapsed on the sofa as if she was going to vomit blood.

At the Ye residence at this time, Ye Xun sat down with Jing Xi in the living room, both of them staring at a computer.

Ye Xun would die every time he went online. Jing Xi saw he would die every time he went online and promptly told him, "That's enough, Ye Xun. Don't overdo it. You should quickly leave the game right now and stop going online."

"Why? Didn't you say the angrier she was the more it showed she cared about me? Look at how much she attacked me. Should I let her attack me more so that she can vent her anger?"

If Jing Xi hadn't told him, Ye Xun would've wanted to stay on and play with Huo Sanyan a while longer.

Chapter 1830: Anger

"Wrong! We have to continue to confuse her! She will definitely be curious as to what you are doing after logging out. She..."

Before Jing Xi could even finish talking, she realized her character's health bar was empty too.

“Shit! I'm dead too!” Jing Xi exclaimed.

Ye Xun took a peek at Jing Xi's screen and could feel the anger emitting from Huo Sanyan's character through the screen.

He could almost see the hatred in her eyes.

“She thinks you and Ning Luoxiao are together and got angry. This is a good sign,” Jing Xi said, analyzing the situation.

“But Luoxiao and I are just friends,” Ye Xun said, voicing his worries. “What if Huo Sanyan goes to confront her?”

“Don't worry, Luoxiao isn't someone that would get intimidated by that,” Jing Xi said. “Plus, I don't think sis is that crazy.”

Ye Xun nodded and asked, “What should I do next?”

“Invite Luoxiao over tomorrow. If I'm right, sis will definitely come over. Just follow my plan, and you'll be fine.”

Jing Xi then explained her plan to Ye Xun before leaving.

Huo Sanyan went back to work the next day, but she couldn't focus on work.

She kept pacing back and forth in her office before calling Lili over.

“You called for me?” Lili asked.

“Please help me check what Ning Luoxiao's schedule is like for these next few days.”

“Will do.”

Before Lili could leave, Huo Sanyan stopped her and said, “Oh, do it in secret too. Don't let her know.”

“Of course.”

And matching Huo Sanyan's expectations, Lili completed the task in a short amount of time. Huo Sanyan went through Ning Luoxiao's schedule and quickly understood what her daily life was like.

“Today is Monday, right? Is she working now?” Huo Sanyan asked.

“No, I've asked, and her co-workers told me that a man came with flowers and took her away. They said that he might be her boyfriend.”

The moment Huo Sanyan heard about the flowers and boyfriend, she immediately thought of Ye Xun.

Huo Sanyan could faintly feel the pain in her scars as she thought of Ye Xun and Ning Luoxiao cuddling with each other.

If Ye Xun were to bring Ning Luoxiao to his home, it meant that Ning Luoxiao would use Huo Sanyan's pajamas and the bed she used to sleep in.

Not wanting that to happen, Huo Sanyan quickly grabbed her car keys.

“President, you have a meeting in ten minutes,” Lili reminded.

“Push it back!” Huo Sanyan ordered and left her office.

She got into her car and messaged Jing Xi, asking if she knew what Ye Xun was doing at that moment.

In just a few seconds, Huo Sanyan got Jing Xi's reply.

[I asked him earlier today. He's resting today. He should be at Ye Manor.]

Good! Huo Sanyan shouted in her head.

Let's go and see what they are doing now!

Huo Sanyan sped through the traffic and arrived at Ye Manor. She got through the security easily as the guards were already well acquainted with her.
