

Priceless Baby 821

Chapter 821: A Demanding Person

The video showed a person being skinned and deboned, it was terrifying.

Xu Xiyan did her best to watch the video until the video slowly moved towards the person's pale face.

It was Xu Xinrou.

Xu Xiyan recognized her instantly.

Not only was she skinned and deboned, but her flesh was also even fed to the crocodiles.

A chill could be felt down Xu Xiyan's spine as she watched while the crocodiles fought over Xu Xinrou's flesh.

The only person Xu Xiyan could think of who could've done this was Mo Yutian.

Xu Xinrou finally got her punishment from both Huo Yunshen and Mo Yutian because she tried to harm Xu Xiyan.

Even though she ended up as crocodile food, Xu Xiyan did not feel any pity for her.

The investigation would've ended instantly if Xu Xiyan handed the video over to the police, but she did not do so. If the video was made public, it would've caused panic among the people.

Xu Xiyan asked Wan Dou to destroy the thumb drive and treated it as if Xu Xinrou was really missing.

Because of the incident with their main female lead going missing, Tianyu found another actress for "Beauty of the World," the actress Lan Ling'er.

Lan Ling'er was hailed as the "Nation Goddess" by the people in Estan, and everyone knew who she was.

The drama garnered more attention as soon as news about Lan Ling'er joining the drama spread, and she was searched online even more than Jing Xi.

Another benefit with having Lan Ling'er joining them was that it would be easier to promote the drama in Estan.

Because the first few episodes of the drama had already aired online, the writers had no choice but to edit the script.

Since they stopped filming when Yun Qingge tried to poison Yun Qingchen, they could just end Yun Qingchen's life as it was.

Lan Ling'er showed up at the studio in the afternoon, accompanied by a large group of people.

It was easy to see that Lan Ling'er was a demanding person from the people she brought with her.

Even though the crew had prepared a separate waiting room for her, she did not go there and instead went to where Jing Xi was.

A woman suddenly showed up in Xu Xiyan's mirror while she was putting on her makeup.

The woman had a refined oval face with long purple curly hair. She moved elegantly and wore limited edition clothing.

The diamond bracelet on her arm could even buy a house.

Xu Xiyan had read the news and information regarding Lan Ling'er and knew she was an actress from Estan.

Lan Ling'er stood behind Jing Xi but her face was dark and unhappy. It was as if she had some grudge against Xu Xiyan.

No matter how hard Xu Xiyan recalled, she could not find the reason that she was being stared at with hatred.

"I want to use this dresser!" Lan Ling'er told her manager, Salabi.

Salabi quickly ran to the person in charge and told him that Lan Ling'er had a request.

Not long after, the stage manager, Xiao Ge, came to discuss with Xu Xiyan, hoping that she could empty the dresser that she was using and use the other one.

Chapter 822: Purely Trying To Pick On Her

Xu Xiyan let Linda pause her make-up and turned her head around, the silver ornaments on her head swinging. She looked up and down at Lan Ling-Er, and then asked Xiao Ge, "Why? Doesn't she have her own private dressing room?"

What she meant was: Lan Ling-Er could take the private dressing room for herself. Why take the second female lead actor's dressing table?

Lan Ling-Er's assistant Sha Labi explained, "Miss Lan Ling-Er hasn't acclimated herself yet. This spot has better air circulation."

Huh, what kind of an excuse is that?

Wasn't it obvious that she was purely trying to pick on her?

Xu Xiyan really wanted to know: Since when had she offended this lady?

"Well, Sister Jing Xi... Miss Lan Ling-Er has just arrived. We stage managers were having a hard time regarding this, you know... and also, Director Huang..." Xiao Ge spoke to Jing Xi in a hushed voice. Just now, the director had said that Miss Lan Ling-Er was recommended by Tianyu. They were a strong backer of hers and it was a bad idea to offend them, so they had no choice but to find ways to negotiate with them.

Xu Xiyan understood Huang Guoqiang's difficulties. Sometimes, it was very tough being a director when the investors exert pressure.

If it wasn't for Huang Guoqiang's sake, Xu Xiyan would not be easily persuaded.

Xu Xiyan said nothing and immediately got up from her spot, and Xiao Ge took her to the private dressing room that was meant for the first female lead actor.

It wasn't a bad thing to use a separate dressing room anyway. It would save her some trouble too.

Xu Xiyan had no scenes in the afternoon. After finishing her shoot in the morning, Huo Yunshen came to pick her up personally and they rushed to the TV station.

Today was the last day of recording of the show "Advance, Little Kids" Ying Bao was participating. The couple had agreed to the child attending the show as a cheering guest.

The last part of the program was "Let's Guess, Little Kids." There was a total of five little kids participating in the program. The program team would invite their parents on stage to join them.

They would have to stand behind some props and extend one hand out. Then, the five little kids would be blindfolded and hold their own color bracelets and go touch the hands of the adults one by one.

This was to test the tacit understanding between the children and their parents and see which child was able to find his or her parents quickly and accurately.

The show began. Ten parents put on their masks and stood behind a door prop. They were also asked to remove whatever accessories they were wearing on their hands.

The five little kids in front of the stage were also ready. Every one of them had a pair of bracelets of the same color.

The first child's bracelet was purple. Under the guidance of the host, he went up to the stage to touch the adults' hands. After touching them one by one, he put two bracelets on the two adult hands that he thought belonged to his parents.

This was repeated until each child had chosen their parents. The last one was Ying Bao. Blindfolded, she carried a pair of red bracelets in her hands.

She went to touch the hands of the adults one by one, carefully feeling the big hands.

The first one felt wrong. Her daddy's hand was not that fleshy. The second one was not right either. Her daddy's hand was not that short and thick. When she touched the fourth hand, the hand felt slender, warm, and dry.

There was a thin layer of callus on the palm and the fingertips of that hand, which was the mark musicians often leave on their hands due to prolonged musical instrument playing.

This person is Daddy! Ying Bao thought affirmatively, then put a red bracelet on it. The host asked her, "Cherry, are you sure this hand is your father's hand?"

"Yes. Affirmative. I'm sure ten-thousand times," the little girl answered, full of confidence.

The host asked again, "Then do you still want to touch the last hand?"

Chapter 823: A Rare Scene

"I'm fine, thank you," Ying Bao rejected, eager to start guessing which hand was her mother's.

The host led her to the hands, and Ying Bao started to touch them.

The first hand was kind of bent and the second had long nails, so Ying Bao was sure that those weren't her mother's hand.

The third one was soft and smooth, her fingers were long, and there was a small callus under her thumb.

Ying Bao was sure that it was Xu Xiyao's hand.

The callus was formed from the time Xu Xiyao spent practicing the violin.

Without any hesitation, Ying Bao put the red bracelet on the third hand. The host asked if Ying Bao was sure about her choice again, and Ying Bao replied with the same answer.

The viewers were eagerly waiting for the answers to be revealed.

After the door opened, five men and women came out. Some of them had bracelets on their hands, while some did not. There were even some who had two bracelets on them.

"So, did our little children guess correctly? Parents, please remove your masks."

The adults started to remove their masks.

The crowd was instantly excited by what they saw — Ying Bao's parents standing together on the stage.

It was Huo Yunshen and Jing Xi.

The show was the first time they showed up on screen together after Huo Yunshen and Jing Xi announced their marriage.

A handsome father, a beautiful mother, and a cute little girl. They instantly became the focus because of their outstanding looks.

The scene that the viewers were seeing was definitely rare as it would be hard to invite even one of them to an entertainment show. And yet, the three of them showed up together.

Because of the nonprofit nature of "Advance, Little Kids," the show never garnered much of an audience. Yet the director had a feeling that the rating for this episode would skyrocket because of Huo Yunshen and Jing Xi's appearance.

Huo Yunshen had three bracelets on his hand, and the host joked, "Mr. Huo, looks like you have quite a lot of kids."

The audience laughed at the joke, and even Huo Yunshen was amused by it.

Xu Xiyao also had two bracelets on her hand, which showed how popular the couple was.

Ying Bao stood between her parents and jumped up and down while she held onto their hands.

Ying Bao was the only kid who had guessed both of her parents correctly.

She was able to find her parents without any mistake, and it showed how connected their family was.

The host interviewed the couple enthusiastically, and Huo Yunshen expressed that his reason for participating was because it was a nonprofit show.

He also sponsored 1 billion yuan to the Hope Foundation under the Huo Group's name to feed the kids living in poor villages.

The audience was impressed at how generous Huo Yunshen was as the host thanked him in place of the kids.

In truth, Huo Yunshen would give more than 1 billion yuan to various charities each year, but he never wanted the fame from doing so. That was why whenever he did that, he would do it under the name "Polaris."

No one really knew that he was the "Polaris" who had helped many children all around the world in times of need.

Chapter 824: Help Her Go Through Difficult Times

The show was coming to an end. The show production team gave each of the little kids who participated in the event a prize. Everyone had a commemorative award but Ying Bao had received a surprise gift because she had the best performance.

This is great! Not only had her daddy and mommy accompanied her, but she had also received a gift. Ying Bao felt very happy!

After the show, Ying Bao kissed both her parents and said sweetly with her little mouth, "Daddy, Mommy, thank you for accompanying Baby in the show. Baby thought that you were not coming!"

"Yeah, we wanted Baby to have good memories, that's why Daddy and Mommy took the time to attend."

At first, they had not planned on attending; they were thinking of asking Fang Xiaocheng and Yi Xiao to go on stage together and play Ying Bao's parents.

But then the couple had decided to come because they didn't want to miss out on the process of their child growing up.

After meeting with Fang Xiaocheng and Yi Xiao, they all took Ying Bao and left the TV station.

In order to thank Fang Xiaocheng and Yi Xiao for taking care of Ying Bao during this period of time, the couple acted as hosts and treated them to lunch together.

After they had an enjoyable meal, Ying Bao wanted to play with Tang Feimo. She begged her father to take her to him. "Daddy, Baby wants to play with Brother Feimo!"

She wanted to look for Tang Feimo again?

Huo Yunshen hoped that his daughter would always stay with him. "Don't you like hanging out with Daddy?"

Ying Bao puffed out her little cheeks innocently. "I do, but Baby just wants to play with Brother Feimo."

Huo Yunshen facepalmed; he was really getting a headache. Why was it that whenever his daughter had not seen Tang Feimo for one day, she would act as though she was addicted to him?

What's so good about that stinky little brat Tang Feimo?

Is it not great to hang out with Daddy?

It was already bad enough that Huo Yunshen was always jealous of his big baby; now he was even jealous of his little baby too.

In order to not let his daughter go look for Tang Feimo, he tried a different tactic and persuaded her, "Let's not go find Brother Feimo. Daddy will accompany you. Tell me, where do you want to go? The water park? The amusement park? Happy Valley?"

Ying Bao felt wronged and she was going to cry. She pouted her little mouth and batted her large eyes. "Baby only wants Brother Feimo..."

Ugh... he was going to vomit blood!

Huo Yunshen had no idea how to describe his feelings of powerlessness. Xu Xiyan could not stand it anymore. "Why don't you just take her to him? She's been recording the show these past few days and hasn't seen her Brother Feimo. She must be missing him now!"

"Alright!"

His wife had spoken. Huo Yunshen could only obey her and take the child to go look for her friend.

Here, Xu Xiyan had planned to accompany Fang Xiaocheng to the mall to buy some newborn baby supplies, so Huo Yunshen told Yi Xiao to stay with them and he was going to leave with his daughter.

The two went to a nearby shopping mall. Xu Xiyan had some experience in baby care. She helped Fang Xiaocheng select some baby clothes and supplies, then took the initiative to pay for them.

"No way, Yanyan, how could I let you pay for it?" Fang Xiaocheng refused to accept her gift.

Since Dazhi's accident, Xu Xiyan had provided accommodations and arranged a screenwriting job for her. She had helped her too much. How could she let her pay?

"Are you treating me like an outsider? You accompanied Ying Bao for the show and I don't know how to thank you. This is really nothing."

Xu Xiyan was truthfully treating Fang Xiaocheng well, just like how Fang Xiaocheng had selflessly helped her before.

Now Fang Xiaocheng was going through very difficult times in life. Xu Xiyan only wanted to do her part to help her go through difficult times.

She was her best friend in her life. As long it was within her means, she would never let Fang Xiaocheng and her unborn child suffer.

Chapter 825: A Troublemaker

As they'd bought a lot of stuff, they asked Yi Xiao to take those things back to the car first as they still wanted to shop.

They took a brief coffee break at a café called "Afternoon Sunshine."

Fang Xiaocheng spotted a spot next to the window and sat down. Xu Xiyang got her a cup of fresh orange juice and cookies while she got herself a latte.

They thought they were able to chat and have a relaxing afternoon, but there was always that one type of person who would like to spoil that.

Another group of people walked into the café with a woman in heels leading them. She wore a red one-piece and a pair of sunglasses.

She noticed Xu Xiyang sitting at the window and walked straight towards them.

Xu Xiyang was discussing the script for "Among the Stars" with Fang Xiaocheng and noticed someone approaching them. Xu Xiyang thought it was a waiter and did not turn towards the person approaching her.

"I want the seat next to the window," a woman suddenly said.

As soon as she said that, two tall and muscular men walked towards Xu Xiyang and Fang Xiaocheng and ordered, "Move away! Our young lady wants to sit here!"

Xu Xiyang and Fang Xiaocheng raised their heads. The woman was a stranger to Fang Xiaocheng, but Xu Xiyang knew who she was.

She was the new female lead for "Beauty of the World," Lan Ling'er.

Lan Ling'er was as arrogant as she was back at the studio, and Xu Xiyang guessed that it was because she had someone powerful backing her up.

And Xu Xiyang was right.

The reason that Lan Ling'er could join Yunhai Entertainment as soon as she arrived at Zstan and was able to take on the leading role of the drama was because she had a certain powerful individual supporting her.

"Oh, it's Miss Lan," Xu Xiyang replied, not giving her seat up. "Why are you trying to take our seats? Aren't there plenty of other seats here?"

"Your seats? I just booked the whole café, I can sit wherever I want! Piss off!" Lan Ling'er scolded as she hugged her arms.

Ever since Lan Ling'er entered the café, the other guests were all chased away by her guards. The only guests that were left were Xu Xiyang and Fang Xiaocheng.

"Who the heck do you think you are?" Fang Xiaocheng scolded as she stood up. "Do you have nothing else to do? Why should we even give you our seats? Are you insane?"

Yet, before she could continue, the two guards pushed Fang Xiaocheng back to the couch.

“Orange! Are you all right?” Xu Xiyao asked, worried about the baby in her belly.

“I’m fine.”

Fang Xiaocheng touched her belly, trying to protect her baby.

At first, Xu Xiyao planned to end things peacefully, but she could not hold her anger in any longer.

It was the same as when they first met at the studio. Xu Xiyao gave up her dresser because she did not want to cause any troubles to the crew.

But if Lan Ling'er still planned to cause them trouble outside, then Xu Xiyao would take the appropriate countermeasures.

Chapter 826: Really Rude

She stood up and slapped her hands down on the table and said coldly, “Don’t make me laugh! Everything should be first come first serve. We came to the coffee shop first and chose this spot. If you had made a reservation in advance, we would give you this table, but the problem is that you didn’t. So why do you think we should give up this table for you? Just because you are a national goddess of Estan, the people of Zstan have to bow down to you? What kind of logic is that?”

After Xu Xiyao finished her words, Lan Ling-er’s almond eyes narrowed slightly and her eyes grew cold. She said, clicking her tongue, “I’ve heard that Miss Jing Xi is a good talker. After listening to you talk personally today, you do really have a sharp tongue and you’re disgusting to the extreme. I’m curious...how did you manage to hook up with Huo Yunshen? Oh, the question should be like this: how could Huo Yunshen fancy such a woman like you?”

Lan Ling-er had mentioned Huo Yunshen. Xu Xiyao couldn’t help but narrow her eyes at her.

Don’t tell her that this Miss Lan is also one of Huo Yunshen’s admirers?

Otherwise, how could she say such things?

“Whatever happens between me and my husband, no outsider can tell us what is right or wrong. May I ask Miss Lan whether you have come to Zstan to shoot a film, or have you come to Zstan to snatch someone’s place?”

Xu Xiyao had not yet figured out why Lan Ling-er was being hostile to her.

Whether it was something to do with Huo Yunshen was still debatable.

“Hmph...” Lan Ling-er snorted and looked at her with contemptuous eyes. “Why? You’ve debuted as a nameless substitute actor. You neither have an impressive family background nor a good education. You’re a gossip-ridden D-list artist. What right do you have to gain his favor? I checked about you before I came to Zstan and you have plenty of scandals around you. If it weren’t for Huo Yunshen’s help in clearing your name, I’m afraid your reputation would have become as black as a black hole by now. I wonder how many men you’ve bedded so you could take advantage of their power. What’s so attractive about a whore like you?”

Did Lan Ling-Er know what she was talking about?

This woman is really rude!

She had slandered Xu Xiyan. How could she allow her to bully and insult her however she wanted?

Without any notice, Xu Xiyan directly slapped Lan Ling-Er on her face twice.

Slap, slap!

Lan Ling-Er was stunned by her blows and her fair face was suddenly streaked with red marks.

After recollecting her wits, Lan Ling-Er became angry. She pointed a red fingernail at her and shouted angrily, "Jing Xi, who do you think you are? You dare slap me?"

"Yes! Not only do I dare to slap you, but I'm also going to treat you to a drink!"

After Xu Xiyan finished, she picked up the coffee cup in front of her and directly splashed all of the coffee in it at Lan Ling-Er.

Due to Xu Xiyan's fast actions, Lan Ling-Er and her bodyguards were caught off guard; her face and head were soaked with coffee.

Coffee streamed down from her hair, staining her beautiful and expensive designer dress all over.

An originally glamorous female star had suddenly become a wretched bedraggled dog.

"Aaaaaaaaaaaah..."

The coffee was still hot. Lan Ling-Er let out a long howl as the coffee scorched her; she kept wiping at her face with her hands, messing up her make-up.

Lan Ling-Er was used to being proud and arrogant. She was always the one bullying others. Up until today, she had never been bullied by someone like this.

She was completely shocked—and boiling with fury. "Jing Xi! You dirty little bitch! You actually dare splash coffee on my face!"

"You have such a bad heart. Why do you still need your face? I only wanted to remind you that you shouldn't go too far bullying others," Xu Xiyan said defiantly.

"So what if I went too far bullying others?" Lan Ling-Er's face was twisted with anger. "I dare you to splash me again!"

Chapter 827: Why Me?

"You asked for this!" Xu Xiyan scolded and splashed the orange juice onto Lan Ling'er.

With the dark coffee and the orange juice on her dress, it became tainted with a color that looked like poop.

"You!" Lan Ling'er was furious, it was the first time she'd felt such humiliation. "What are you two blockheads doing? Get her!"

The two guards began to advance towards Xu Xiyan, but Xu Xiyan started to fight back.

Yet, the two guards weren't ordinary either. They were very well-trained and were giving Xu Xiyan a hard time.

Tables and chairs were all knocked over as Xu Xiyan fought with one of the guards. It was as if they were shooting a kung fu film.

Just as Xu Xiyan was trying to find a weakness on one guard, she did not notice the other one had already captured Fang Xiaocheng.

Fang Xiaocheng was trying to call for help but was noticed by the guard. The guard caught her and grabbed her by one of her arms while having his other arm over her neck.

"Yanyan..."

Xu Xiyan heard Fang Xiaocheng's cry and turned to look at her, only to notice that Fang Xiaocheng had been captured.

"Let my friend go!"

"Afraid now?" Lan Ling'er laughed.

Of course Xu Xiyan was afraid. She was worried that something might happen to Fang Xiaocheng and her unborn baby.

"What do you even want? We've never met before this, why are you giving me all sorts of trouble?"

"Do I even need a reason to hate you? I hate your pretty face! And I hate how you try to seduce another man!"

The only thing Xu Xiyan could make out from Lan Ling'er's words was that she was hated because of her looks.

Yet, many other people were prettier than her and Xu Xiyan could not find a reason as to why Lan Ling'er would only hate her.

"I can only say that this is the face my father and mother gave me, it's something I can't change! I have nothing else to say. Just leave my friend, and I'll go with you!"

Xu Xiyan did not have the confidence to take on two of the guards and save Fang Xiaocheng.

It was the only way to make sure that Fang Xiaocheng could leave safely.

"Fine! Tie her up!" Lan Ling'er ordered.

They tied Xu Xiyan up and took her with them.

Fang Xiaocheng was very touched to have a friend such as Xu Xiyan who was willing to sacrifice herself to save her.

But it was not the time for Fang Xiaocheng to be sentimental. She quickly took her phone out and chased after the car.

Before the phone even got through, she met Yi Xiao at the gate.

“Miss Fang!” Yi Xiao greeted.

After Yi Xiao got the things to the car, he found where Xu Xiyan was with the GPS and went straight to them, but Xu Xiyan was nowhere to be found.

“Where's Mrs. Huo?”

Chapter 828: A Vicious Heart

Fang Xiaocheng saw Yi Xiao as though she saw her savior. She grabbed his hand and said anxiously, “Assistant Yi, something bad has happened! Yanyan was taken away by some people. It's that black car just there. Please save her!”

Yi Xiao looked at where her finger pointed. The traffic was busy on the road and there were many black cars. He didn't know which black car it was.

However, the situation was urgent. Yi Xiao quickly helped her get in the car and said, “Okay, sit tight. I'll chase them. Just point out which car it is!”

“Okay.”

The two chased the black car together. Their car was already fast enough but they still lost their target.

Yi Xiao quickly called his young master and asked for support. At the same time, he felt that he was dead for losing his wife. How was he going to explain it to him later?

The black car sped away and finally stopped at a villa. Here was the temporary residence of Lan Ling-Er in Zstan—The Blue Jade Residence.

Lan Ling-Er told her bodyguards to drag Xu Xiyan into the Blue Jade Residence. After entering, she went to her room to take a bath and change her clothes while her bodyguards took Xu Xiyan into one of the guest rooms.

During this time, Xu Xiyan's mouth was stuffed with a ball of cloth and her arms were bound to her body. She tried to struggle free but the ropes were bound very tightly around her. There was no way for her to break free.

About ten minutes later, Lan Ling-Er, who had just had a bath and changed her clothes, finally appeared. Her delicate face was filled with an ominous color.

“Jing Xi, do you know what we are going to do next?” Lan Ling-Er asked with a smile, then let her men pull out the cloth from Jing Xi's mouth.

Lan Ling-Er was evidently a girl in her early twenties. It is an age where a girl is still innocent and carefree, yet she gave off an impression of a mature woman in her thirties or forties.

A woman who was crafty, vile and ruthless.

“Just do whatever you want.” Xu Xiyan shot her a look and promptly warned her, “However, I advise you to think twice before you act. If you dare to touch me, my husband will not let you get away with it.”

Lan Ling-Er was not threatened at all. She still said boldly, “Don't worry, I will not touch you, but I can't guarantee that my men will not.”

After finishing her words, Lan Ling-Er ordered her two bodyguards, “Take off all her clothes!”

The two bodyguards exchanged looks. None of them dared to move because they knew what Jing Xi meant to their young master.

“What are you standing there for? Are you still men? Strip her! She belongs to you two now and you can do whatever you want with her. You have nothing to worry about as my brother has left Peijing. I'll be accountable to whatever happens. After this is done, only the three of us will know about it,” Lan Ling-Er encouraged her two bodyguards.

The two bodyguards were also normal men. It was impossible to not be stirred seeing a beautiful woman like Jing Xi.

When they looked at Jing Xi again, their eyes had changed—they were brimming with excitement.

They walked towards her and Xu Xiyan could not help but feel worried. She did not expect this Lan Ling-Er to have such a vicious heart at such a young age.

Not only did she want her two bodyguards to rape her, but considering what she had implied just now, she also wanted them to kill her and dispose of her body after she was raped, right?

She was really ruthless!

Xu Xiyan was bound tightly and she could not move. When the two bodyguards came over, she shouted angrily, “Lan Ling-Er! You are too much! If you destroy me, you will have bad consequences! If you dare to touch me, Huo Yunshen will not let you get away with it!”

Lan Ling-Er listened to her blathering and felt that she was too noisy. She ordered her bodyguards again, “Wait! I have a good idea!”

Chapter 829: A Stronger Drug

The idea that Lan Ling'er thought of was forcing Xu Xiyan to drink a cup of wine.

“Do you know what I have just given you?” Lan Ling'er asked. “There's a strong drug in it. Even the purest goddess would give in to lust after drinking this!”

“Despicable...” Xu Xiyan scolded.

“Untie her! When the drug takes effect, you won't even be able to get rid of her,” Lan Ling'er ordered.

Xu Xiyan could feel her throat heating up and it slowly spread throughout her body.

Her body was so hot that she could feel every drop of water in her body evaporating.

She could tell the drug was stronger than any she was forced to take before.

Her consciousness started to fade, and she tried to keep herself awake by biting her lips and digging her nails into her palm.

Yet the strong drug started to make her do stuff that she was even afraid to do.

It was so hot that she wanted to take her clothes off.

As the guards slowly approached her, she squeaked, "Don't come any closer..."

Yet the voice she made was soft and vexing.

She would have no idea how seductive she was at that moment.

Xu Xiyan could feel the hands of the guards on her legs. She tried to kick them away, but her body had lost all of its energy.

The only thing that she could think of was that she did not want to do something that meant betraying Huo Yunshen.

Just as Lan Ling'er thought that she could ruin Xu Xiyan, the door opened, and Mo Yutian came in, with his assistant, Lei De, and a few other guards behind him.

Mo Yutian rearranged all of his schedules because he was worried about his sister and went back home. Yet as he opened the door, the only thing he could see was two men trying to remove the clothes of a woman.

"What are you doing?!" Mo Yutian let out a shout that scared Lan Ling'er and the guards.

"Mas... Master..." the guards stuttered.

Lan Ling'er never expected her brother to suddenly return and quickly changed tactics, acting as if she was an innocent rabbit.

"Big brother, why are you back so early? I was about to call you!"

"What are you trying to do this time?"

Mo Yutian understood how playful his sister was. He was always cleaning up after all the trouble she had made.

But as he walked into the room, he was shocked by the woman on their bed.

"Lan Ling'er!" Mo Yutian scolded. "What is this? Why is she here?"

There was no way Lan Ling'er would tell him what she was trying to do. With her understanding of her brother, he would've split her in half if he knew of her plan.

"I thought you liked Jing Xi?" Lan Ling'er quickly explained and made up a lie. "This is a gift to you."

"Absurd! This is absurd!"

No matter how much Mo Yutian wanted Jing Xi, he would never try to drug her.

Even though he was a vicious person, he decided to get Jing Xi like a proper man would, as a gentleman.

Chapter 830: Troublemaker

He looked at the girl lying on the bed. Her face was flushed red; she looked fuzzy-minded as she kept tearing at her clothes.

He tested her body temperature with the back of his hand. She was really scorching.

The muddy-minded Xu Xiyan felt a chill flowing down from the top of her head. She caught his hands subconsciously.

Mo Yutian's hand was caught by her two delicate hands. The woman rubbed her face on his palm weakly, the scorching temperature passing through his skin into his veins, penetrating into his body like a strong electric current.

He could feel the heat and blood flowing all over from his body to a certain place at his loins.

She had just touched him, and he already had a reaction?

Since when had his restraint become so bad?

Mo Yutian's body reacted, but his mind was still clear. He frowned as he asked, "You drugged her?"

"Yeah! I've given her some drugs so you could sit back and enjoy. See, your sister's being very good to you!"

In front of her brother, Lan Ling-Er was just a girl in her early twenties who had a very playful heart, and she was the kind of person who would not care about the consequences of whatever she did. Drugging Jing Xi was probably like playing house to her.

In fact, she was very hateful in her heart. She hated that her brother liked Jing Xi. She hated that Jing Xi had occupied her brother's heart.

Her brother could only be hers. It was only right that her brother could only pamper her alone forever!

Mo Yutian didn't need Lan Ling-Er's help at all; it was more of a hindrance. Now he regretted agreeing to her request and bringing her over to Zstan.

"Good? Do you know how much of a troublemaker you are?"

Mo Yutian was worried about what would happen next. Huo Yunshen was certainly not going to leave the matter at that. If he were to come after her, Mo Yutian had to find a way to protect Lan Ling-Er's life.

He had lost his younger brother, Long Luo, and he could not afford to lose his sister, Lan Ling-Er.

Yes, Lan Ling-Er was Mo Yutian's sister, his only biological sister. She had taken her mother's surname. Since she was little, she was a very precious thing to him that he had to treat and protect with great care.

After taking over Tianyu, he took up the responsibility of taking care of his younger siblings. Perhaps he had over-pampered Lan Ling-Er, causing her to grow into a bold and unreasonable woman with an arrogant and domineering character.

For so many years, if it wasn't for him secretly cleaning up the messes she created, how would she have survived until today?

Now, she had boldly captured Jing Xi; her actions were equivalent to offending Huo Yunshen. If Huo Yunshen were to flare his temper, the consequences would be hard to imagine.

The most pressing matter at hand now was to protect Lan Ling-Er. Mo Yutian promptly ordered his men to do something. At the same time, he called the doctor and the doctor gave Jing Xi a shot to temporarily suppress the effect of the drug.

The heat in her body was temporarily suppressed and Xu Xiyan's mind gradually became clear. She saw that the man sitting in front of her was Mo Yutian and became shocked. "Mo Yutian! It's you?"

She had no way of finding out the relationship between Lan Ling-Er and Mo Yutian. She only wanted to know: how were they going to deal with her?

"It's me, Jing Xi. Don't be afraid, I won't let them hurt you."

Could it be...

She thought about Lan Ling-Er and her two greedy bodyguards just now. At this moment, Xu Xiyan did not feel that she had been sexually abused anywhere on her body. Could it be Mo Yutian who had saved her in time?

He and Lan Ling-Er were not accomplices?

However, when Mo Yutian spoke, the mystery was broken. "Lan Ling-Er is my sister—my biological sister. She may have gone too far in her actions. Please don't blame her; she is like this because I've spoiled her too much."

"Lan Ling-Er is your sister?" Xu Xiyan asked, surprised. Her mind had been enlightened to a new level; she had not dared imagine such a relationship between them.
