Chapter 26 Overnight Riches

"Mu Qingxue, what nonsense are you thinking about? Even if Lin Chen has regained his cultivation, he's nothing more than a piece of trash at the Body Tempering Realm,"

Mu Qingxue shook her head, stopping her wild thoughts.

Regret?

Her Sealed Meridians were all cleared now, and she was a talented young girl with a Cold Yin Physique.

Once she joined the Jade Cauldron Sect in the future, she would definitely be valued and soar to great heights. How could Lin Chen possibly be worthy of her now?

Lin Chen had only been a bit clever, managing to get in good with the Wanxing Commerce Association, that's all.

But in the end, Lin Chen was still just a piece of trash at the Body Tempering Realm, while she, Mu Qingxue, had already broken through to the Spirit Gathering Realm a few days ago, placing her on a completely different level than him.

Upon reaching the attic, Lin Chen explained his purpose to Yu Weilian and Zhao Lingxi, then took out the talisman inscriptions he had refined from within his Space Ring.

A full thousand of them.

"So many!?"

Yu Weilian took the thousand Strength Talismans handed to her by Lin Chen, feeling a shock within her heart and wondering if these were the result of Lin Chen's recent crafting efforts.

If that was the case, Lin Chen's talisman-making speed and success rate were incredibly abnormal.

What was more important, all of the Strength Talismans drawn by Lin Chen had a double amplification effect.

Yu Weilian had never seen so many high-grade Strength Talismans all at once before.

Zhao Lingxi sat in her seat, her gaze slightly flickering, herself somewhat surprised by the large quantity Lin Chen had produced.

"Chairman Yu, would you please help me appraise these two talismans and tell me at what price they might sell?"

As he spoke, Lin Chen took out two more talismans, which seemed to be somewhat different from those he presented earlier.

Yu Weilian felt puzzled as to why Lin Chen would single out two talismans.

After receiving the talismans, Yu Weilian again experienced shock.

The moment she touched them, she sensed something different about these two talismans. The energy contained within them far surpassed that of the others.

Yu Weilian turned around and passed the talismans to Zhao Lingxi.

"Miss, please have a look," Yu Weilian said as she handed the talismans to Zhao Lingxi.

After all, Zhao Lingxi had extraordinary skills in the field of spiritual formations.

Seeing this, Zhao Lingxi took the talismans, and her heart was equally stunned.

"Second Grade Talisman!"

The instant Zhao Lingxi touched the talismans, this thought arose in her mind.

The energy contained within these two talismans was indeed not weak and was something no First Grade high-quality Rune could match.

Zhao Lingxi then closely examined the spirit patterns on the talismans, growing increasingly convinced that they were indeed Second Grade Talismans.

How could her heart not be shocked? The Pavilion Master of the Spiritual Talisman Pavilion in Desolate Sky City, Xun Xiangzhou, was only a Third-grade Spiritual Formation Master.

To be able to draw Second Grade Spirit Talismans meant being a Second-Rank Spirit Array Master.

While Second-Rank Spirit Array Masters were not considered rare in the Great Flame Dynasty,

it's important to remember that Lin Chen was only a sixteen-year-old Body Tempering Martial Artist.

If the talismans in her hand truly were Second Grade Talismans, a sixteen-year-old Second Grade Spirit Array Master would have a limitless future.

Suppressing the excitement in her heart, Zhao Lingxi immediately used the method her master had taught her to verify the quality of talismans. Spiritual Light shone from her fingertips as she touched the talismans in her hand.

The details of the two talismans immediately surfaced in her mind.

Name: Strength Talisman

Talisman Tier: Second Grade Talisman

Talisman Quality: Mid-level

Talisman Ability: After using this talisman, one can amplify a martial artist's strength for the time it takes one incense stick to burn.

Amplification Effect: Fivefold increase, effective even for martial artists in the Spirit Gathering Realm.

Name: Swiftess Talisman

Talisman Tier: Second Grade Talisman

Talisman Quality: Mid-level

Talisman Ability: After using this talisman, one can considerably increase a martial artist's speed as well as the speed at which spiritual power circulates.

Amplification Effect: Thrice the speed

Zhao Lingxi's body trembled slightly, her incredulous gaze fixed on the talismans in her hands.

These were actually two Second Grade Talismans, and the Strength Talisman's amplification effect even reached five times, and they were Second Grade Mid-level Talismans as well.

You should know that even for First-grade Runes, even if they are First-Grade High-Level Talismans, the amplification effect is threefold, but it is only significant for those strong in the Body Tempering Realm.

However, the effect of a First-grade Rune would be greatly diminished when used on martial artists in the Spirit Gathering Realm.

Yet the Second Grade Talismans would not weaken this effect.

Even if a martial artist in the Body Tempering Realm were to use a Second Grade Talisman, the effects would be even stronger, provided that their bodies could withstand the talisman's power.

At this moment, Zhao Lingxi was utterly astonished by Lin Chen's talisman abilities.

Looking at Lin Chen, Zhao Lingxi couldn't help but exclaim that Lin Chen's proficiency in spiritual formations might even surpass her own talent.

"Young Master Lin Chen, for your Second-grade Strength Talisman, our Wanxing Commerce Association is willing to offer three thousand lower-grade spirit stones, and for the Second-grade Swiftiness Talisman, we are willing to pay four thousand lower-grade spirit stones. When you produce more in the future, you can directly give them to Chairman Yu."

Zhao Lingxi composed herself after the surge of excitement in her heart and spoke to Lin Chen.

Upon hearing this, Lin Chen nodded in agreement.

Three thousand lower-grade spirit stones, compared to a First-grade Rune, the price was almost twenty times higher.

And the price for a Second-grade Swiftiness Pill was even higher.

Lin Chen was extremely satisfied, and thereupon took out five more Second-grade Strength Talismans and five Second-grade Swiftiness Talismans from his spatial ring.

"What, you've refined so many Second Grade Talismans!?"

Zhao Lingxi and Yu Weilian, upon seeing the Second Grade Talismans Lin Chen took out and handed to them, were immediately dumbstruck.

Since the last time Lin Chen traded at the Wanxing Commerce Association, only half a month had passed.

Lin Chen had already shocked them by refining a full thousand First-grade Runes.

And now, Lin Chen had actually taken out twelve Second Grade Talismans.

You should know that the difficulty of crafting a Second Grade Talisman is many times greater than that of a First-grade Rune, and the success rate is also lower than that of First-grade Runes.

Zhao Lingxi's delicate hand trembled slightly. Even though she was the cherished daughter of the Wanxing Commerce Association and had seen quite a bit of the world, she had never seen such a talented youth.

At this moment, her little heart was even racing.

Taking the talismans from Lin Chen's hands, she verified them one by one again.

The ten talismans that Lin Chen took out were all Second Grade Intermediate Talismans.

"He must have successfully crafted them a long time ago, and him taking them out now doesn't mean they were crafted recently," Zhao Lingxi comforted herself, otherwise she couldn't explain how Lin Chen was able to craft so many high-quality talismans in just half a month.

Even the Pavilion Master of the Spiritual Talisman Pavilion, Xun Xiangzhou, would probably find it difficult to achieve this, right?

"Young Master Lin Chen, the total price for your talismans comes to two hundred and thirty-five thousand lower-grade spirit stones. Soon, the amount will be credited to your Purple Supreme Card. You

can directly use it at any of our Wanxing Commerce Association's stores, or you can exchange it for spirit stones at our Spirit Stone Pavilion," Yu Weilian said after calculating the price.

Hearing this, Lin Chen touched the Purple Supreme Card in his hand with some excitement.

Did this mean he had become rich overnight?
