Chapter 55 Jade Bird Peak

On the way to Jade Bird Peak, Xu Lianyu had also gone over some of the rules of Jade Cauldron Sect with Lin Chen and urged him to diligently cultivate and strive to break through to the Spirit Gathering Realm as soon as possible.

As for Lin Chen's cultivation being only at the ninth level of Body Tempering Realm, Xu Lianyu also expressed some disbelief.

If it were someone else, let alone the ninth level of Body Tempering Realm, even if it was the cultivation of the Spirit Gathering Realm, they would not be able to become a True Disciple.

There must be some reason that her master chose Lin Chen, but she did not ask Lin Chen too much, as long as he was her junior brother, that was enough for her.

"What, to become a True Disciple, one's cultivation has to have reached above the Melding Earth Realm?"

"Then senior sister, does that not mean your cultivation has also already reached the Melding Earth Realm?"

After listening to Xu Lianyu's introduction, Lin Chen was dumbfounded and looked at Xu Lianyu with incredulity.

That look of someone who hadn't seen much of the world once again made Xu Lianyu laugh heartily.

"Yes, I broke through to the Melding Earth Realm two years ago, and now I am at the Fifth Layer of Melding Earth Realm."

Xu Lianyu did not have any intention of hiding her own cultivation level from this junior brother and directly revealed her true cultivation level.

In the Cultivation World, almost everyone hides their true cultivation level, even among fellow sect disciples, there is some caution.

Xu Lianyu's straightforwardness does indeed match her youthful temperament.

"You entered the Melding Earth Realm two years ago?"

After hearing Xu Lianyu's words, Lin Chen's heart was once again deeply shaken.

Xu Lianyu was a year younger than Lin Chen, and two years ago was Lin Chen's peak state three years ago.

Back then, Lin Chen had only a Seventh Level Cultivation in the Spirit Gathering Realm, but Xu Lianyu had already been in the Melding Earth Realm at that time.

What is a heavenly pride?

As the number one genius of Desolate Sky City, Lin Chen was completely overshadowed in comparison to Xu Lianyu.

Don't look at the fact that there is only a three-level realm difference between the Seventh Layer of Spirit Gathering Realm and the Melding Earth Realm; it must be understood that from the Spirit Gathering to Melding Earth Realm is an entire major realm!

In Desolate Sky City, the strongest cultivator is only in the Melding Earth Realm.

"Senior sister, based on what you said, our eldest senior sister's cultivation has already reached the peak of the Heaven-reaching Realm, doesn't that mean master's cultivation..."

Lin Chen thought for a moment, could it be that the cultivation level he saw from master that day was not her true level.

"What are you thinking? Master's cultivation is definitely not just in the Heaven-reaching Realm."

Xu Lianyu said with a smile, which further shocked Lin Chen. Above the Heaven-reaching Realm is the Reverting Void Realm, which is considered a quasi-immortal existence.

It appears that Jade Cauldron Sect, as one of the Great Flame Dynasty's major sects, truly has a much deeper foundation than what is commonly known.

Before long, Lin Chen and Xu Lianyu arrived at Jade Bird Peak on the Flying Spiritual Treasure.

Lin Chen's heart couldn't help but become tense.

After all, he did not know if the other senior sisters at Jade Bird Peak were the same as his current junior sister.

According to Xu Lianyu's introduction, their Jade Bird Peak did not have many disciples – including Lin Chen and their master, Yang Yuemin, there were only five in total.

Besides the new junior brother, Lin Chen, the other four disciples were all female, which is to say, they were all Lin Chen's senior sisters.

"Senior sister, don't we have any menial servants or maids at Jade Bird Peak?"

Upon arriving at Jade Bird Peak, Lin Chen looked around and saw that the vast mountain was deserted, with nobody in sight. Aside from an abundance of flowers and plants, there were only some white cranes and green birds.

"Oh, I forgot you're the Princely Heir from some major clan, used to having clothes put on for you and meals presented without lifting a finger,"

"Here at Jade Bird Peak, we are few in number and all our thoughts are on cultivation. We really don't need maids or servants. If little junior brother wants to be waited on, I can go to the Sect and find a few beautiful junior sisters to serve you,"

Xu Lianyu spoke playfully as she paused in her steps and turned back to address Lin Chen.

Lin Chen felt a chill run down his spine at Xu Lianyu's sudden offer, as she looked at him with an inquisitive face.

Lin Chen was certain that if he agreed to Xu Lianyu's offer right now, the consequences would surely not be as simple as stated.

Just imagine, the peak had always been home to female disciples, leading a life of quiet simplicity and modest desires.

Now, here comes a little junior brother, and with a group of maids...

"No need, I also enjoy the peace of solitude. There's no need for maids or servants. If senior sister needs anything in the future, just command me,"

Lin Chen quickly said, hoping to make a good impression on Xu Lianyu.

Upon hearing this, Xu Lianyu showed a satisfied smile. Seeing that the little junior brother had passed the test, she decided not to tease him anymore.

"By the way, senior sister, are the other three senior sisters on the peak today? If I meet them later, should I be aware of anything?"

After meeting Yang Yuemin, his unreliable master, and Xu Lianyu, who seemed cute and playful but was actually akin to a witch, Lin Chen got the feeling that the inhabitants of Jade Bird Peak must each have their quirky traits. It was better to ask in advance to avoid offending the other three senior sisters.

"There's nothing particular you need to be aware of. They are all in seclusion. You won't see them today,"

"Just think of Jade Bird Peak as your home,"

Xu Lianyu said while patting Lin Chen on the shoulder.

At this moment, the two arrived at a courtyard on Jade Bird Peak.

The house was very large, even bigger than the entire Lin Family mansion, with floors paved in jade and walls built of gold bricks.

There were even some medicinal herbs planted around, however, they seemed to be untended and growing wild, which made the place look a bit disordered.

Xu Lianyu led Lin Chen to a room in the courtyard and pushed open the door.

"Junior brother, you'll stay in this room. In the next few days, feel free to wander around Jade Bird Peak. You can also visit the Outer Sect. There are lectures by the elders on ordinary days, which you might like to attend. You may find them enjoyable,"

"I have other matters to attend to, so I'll leave first. Take your time getting accustomed,"

After showing Lin Chen to his accommodation, Xu Lianyu turned around and left, seemingly in a hurry.

Lin Chen was puzzled. His little senior sister's enthusiastic reception when she met him and her rush to leave after bringing him to the peak seemed too quick a change in attitude.

Lin Chen felt a certain uneasiness within, as if something was about to happen.

"Maybe I'm overthinking it. It's probably my own restlessness from so suddenly becoming a True Disciple upon my arrival that's causing this feeling,"

Lin Chen shook his head and decided not to think too much about it, walking towards the inside of the room.

As soon as he entered, a delicate fragrance wafted towards him, which Lin Chen found very pleasant. It seemed like a scent that only women would have.

Observing the room's decorations, the beddings were pink, and the hangings, sculptures, and ornaments on the walls were all things that only a woman would appreciate.

"Perhaps because Jade Bird Peak is populated by women, that's why the decor is like this,"

Lin Chen thought to himself.

What he did not know was that after bringing him to his new residence, Xu Lianyu did not leave. Instead, she was secretly watching Lin Chen's room from a gazebo far away on Jade Bird Peak.
