

Lycan Prince Matteo

Eleven

Freya

Clay likes me? I thought he and Alec were just teasing me. I know about the rejection he suffered from a female Lycan. That was two years ago and it was true that I couldn't move an inch when I found them kissing and making out. I was sure that that female Lycan was his first because he was very young. I just don't get how he knew that she was his when he didn't have a wolf, yet when he got rejected.

Clay is exceptional. He got his wolf last year when he was about to turn 17. That's why he was chosen as Joric's future beta. Britney is not fit for the position, not because she's a she-wolf, but because she is just a beta's daughter. Besides that, nothing else. She does have a wolf but is not good at fighting.

"Clay.." I said as I saw his face going down until his lips touched mine. I feel like him. Maybe he could be the best for me. He was around me for as long as I can remember and choosing him as my mate is not a bad idea at all. I welcomed the kiss even if Pi was sending me a warning. I don't care about that anymore. He had been with a different female lycan and I was suffering alone the whole time.

We were both savoring the kiss we were sharing when we heard a growl. We stopped and looked at where it came from only for my eyes to widen in shock. Our eyes met and I don't know what happened because, he suddenly yelled,

"MINEEEE..." I got worried for Clay when he looked at him, so I covered him with my body when he approached him.

"You dare defend him?" he asked angrily. Yes, he was angry and I understood him. Anyone would feel that way when they found their mate kissing another.

"You're approaching us as though you are going to kill him," I replied.

"What do you want me to do? I caught you kissing! You allow him to kiss you knowing you had a mate!" he said angrily, "You know I am your mate!!" he added.

"Frey," Clay said,

"Don't you fu****g call her that way!!" he shouted,

"Can you stop shouting?" I said with irritation.

"And you dare talk back to me?"

"It's because you're shouting, can't you keep your calm?" I asked.

"You wanted me to be calm after what I saw? What do you think of me, Freya?" he asked angrily.

"You are the Lycan Prince, you should know how to act like one."

"You are my mate, you should know what you should have done," he replied,

"Would you believe me when I called you mine the moment you came out of your SUV at that time that you arrived here? With your woman?" I asked, and he was speechless,

"I thought so. I had already given up when I had to endure so much pain because you are with that female lycan. We bumped into each other but you never took notice of me. Do you expect me to wait until you smell my scent? That's not going to happen. I don't know how and when you found out, but still, that doesn't give you reason to get mad at me or at what I am doing." I said and then I looked at Clay, "Come on, mom prepared dinner for us." I told him, smiling and started to walk away,

"Kevin, go to Alpha's office, tell Daniel that we will be talking tomorrow." Matteo said, then he was in front of me and Clay.

"You know your way home, right?" he asked Clay, which made him look at me and then back to him before he nodded. "Then go home after you tell her parents that I will be taking her with me to the villa," he said, and took my hand.

"What?" I asked, surprised.

"You heard me, don't make me repeat it."

"No, I need to go home." I insisted, which made him angry again,

"You didn't want to come with me, your mate, but allow him to kiss you?"

"Fine!" I hissed. I gave Clay a sorry look but he just smiled at me.

"He'll take care of you, I'm sure," he said.

"Clay, don't tell my parents." I told him and he nodded before he started walking on the way to our house.

"You didn't want them to know about us?" It was Matteo again. I guess he was very impatient.

"I should be the one telling them and not anyone, even if Clay is my friend."

"You will be keeping your distance from your friend, then." It wasn't a request, I feel like it was a command. I glared at him and before I could say anything, "Are you expecting me to let you be together when I already saw you kissing?"

"You wouldn't understand even if I explained it to you."

"What are you trying to explain? That you will wait for me to have a chosen mate so you could be free with that future beta? Or are you going to reject me the way that friend of your mate did to him? I may not have noticed you, but you could at least try to tell me. You know that I will never know unless you tell me."

"How am I going to do that when that FEMALE LYCAN WAS ALL OVER YOU WHEREVER YOU GO wrapping her hands around yours?" I asked angrily. This time, it was Pi who was talking to him.

"She was with me, but I didn't know that my mate was right in front of me!" he was yelling again. "You, on the other hand, knew that and yet you let yourself be kissed by that mutt. And for that, I will have to punish you," he said,

"What---" I said and was about to protest, but he stopped me with his mouth and kissed me. I didn't know how to kiss yet, so I didn't know how I was going to respond to him. His kiss was different from Clay's because, as he said, he was punishing me. Clay was gentle while his, was ravaging. I thought I was doing right, so I wonder why I heard him growl.

"Fu**!" he exclaimed after he released me. "Fu**! Fu**! Fu**! That mutt is your first kiss!!!" he shouted as he walked back and forth in front of me. How did he ever know about that? My eyes were still wide when he carried me. When I got back to my senses, I tried to get away from him. I began to worry about myself because I could see how angry he was.

"Put me down!" I shouted, "I said, put me down!" He didn't listen to me and continued walking on the way to the villa where he and the other lycans with him were staying.

"Not a chance," he said, and walked faster until we reached his room. He opened it and anger arose in me when I saw that female lycan on his bed.

"Put me down!" I shouted,

"What the fu** are you doing here?" Matteo shouted, while he put me down, but his hand was still on my waist.

"Why did you bring that b***h here?" Eunice asked angrily as she stood up from the bed. We heard heavy footsteps coming and there came his future beta.

"What is she doing here, Calvin?" he asked angrily.

"I don't know, I ordered the warrior to bring her back to the palace." Calvin replied and looked at me, "Hello, her highness." he greeted me bowing his head,

"Are you nuts?" I asked him and he laughed.

"I guess everything's not yet settled with you and his highness. We will leave you two alone then," he replied and looked at Eunice. "Come with me, before I kill you," he said angrily. Fear was all over that b**** female Lycan as she came to Calvin.

"Eunice, see to it that you follow orders or I am going to deal with you myself," Matteo said before they got out of the bedroom. I'm sure that that b***h knew that Matteo would do just that if she ever disobeyed him.

"You sit there," he said, looking at the bed where he was asking me to sit,

"There's no way that I am going to sit in there."

"I would do as I said, if I were you, Freya" he said. That scares me, but I didn't want him to know that, so I stared back at him. I don't care what he does to me, but I am not going to do what he wants me to do.
