

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1083 Bully

The bracelet was green and shiny. It was a good thing. Xie Qiao guessed that it must have been specially brought here to be given it to her.

This was also a gift from the elders. Xie Qiao could not refuse, so she accepted it.

This item was given privately. On the surface, the Gu family had also sent other gifts.

After accepting so many gifts, Xie Qiao began to feel a little nervous about getting married.

She had always been calm and did not dare to have too many emotions in her heart. However, at this moment, she could not control herself. Looking at the increasing red color of the house and the people coming and going, she felt that her heart was about to jump out of her chest.

There were few members in the Xie family. If she married someone, there would probably not be many elders who would give her wedding gifts. However, right now, the noble women in the capital, with different statuses, came one after the other.

If they came, they would also have to say some auspicious words to her.

Settling down and getting along well, give birth to children soon, live in harmony, treat each other kindly, grow old together, and stay together as one...

How could she sit still listening to that all day long?

It was not easy for her to wait until the night before the wedding. The second aunt of the Lin family came again. She was mysterious, and her face was strangely red.

“I-It’s not my place to say. I just thought that your family doesn’t have a madam, and I’m worried that the grannies in the palace only cared about the Crown Prince. So, they got me to explain it to you, young lady...” Lin Sangzhi blushed, she stuffed a book into Xie Qiao’s hand.

Xie Qiao opened her mouth and froze for a moment.

The Lin family’s first aunt was the oldest, but she had never been married in her life, so it was not appropriate for her to teach her this.

However, she had to do it.

Nevertheless, she was actually young, and she was only twenty-seven years old. The situation in the Xie family was really hopeless, so she could only bite the bullet and say, “Y-You can’t be too hasty when you’re getting intimate with your husband... This is your first time. If you’re too nervous, you might hurt your body, so you have to control yourself. Especially when you’re not feeling well. If you feel that it’s inappropriate, you have to take care of yourself first... Take a look at this book. If there’s anything you don’t understand...”

Lin Sangzhi’s face was so flushed that she could not say anything. She stuttered and looked very conflicted.

If she were to tell Xie Xi that, she would be more shameless.

However, she was facing this young lady.

This Young Lady Xie was like a fairy. Normally, she did not dare to get close to her. However, now, she had to say such indecent things in front of her. She felt like she was bullying this young lady. It was so embarrassing!

Lin Sangzhi blushed, and Xie Qiao also felt her face burning.

“Thank you, Aunt, for your guidance.” Xie Qiao was so well-behaved now.

Lin Sangzhi looked at her so lovely, then, she said, “You have a gentle personality, and you’re not in good health. Your father and brother must be very worried about you marrying off just like that. I don’t know much about such a powerful family, but I know that in an ordinary family, a husband and wife must discuss everything. As a wife, you should be filial to your parents-in-law and take care of your husband. But if you’re really wronged, you shouldn’t hide it. You’re so beautiful. Just act more coquettishly, and don’t be shy and talk to others...”

Lin Sangzhi was really worried about this young lady’s health.

They were from a small family, so they did not know how the Crown Prince was.

The people did not know much about the Crown Prince either.

They only heard some things from Xie Xi from time to time, but most of them said that the Crown Prince had given something to the Xie family.

They did not know what kind of personality the Crown Prince had. They were also worried that if he was a brutal man, Xie Qiao’s weak body would not be able to withstand it.

However, they thought that if he was really a bad person, the father and son of the Xie family would definitely not be happy about this marriage. They could only swallow their worries.
