

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 236: One's External World is a Reflection of Their Mind

The beautiful ghoul smiled in an awkward manner. Her tiny hands were naughty as she played with Zhao Xuanjing's clothes. Her voice was soft, and she looked seductive.

"Sir, I don't know what you mean..." the beautiful ghoul said while blinking fast.

Zhao Xuanjing felt very uncomfortable when he thought such a loose person was in Xie Qiao's body.

"Get out!" Zhao Xuanjing said coldly. He looked grim.

The beautiful ghoul shook her head, feeling wronged, "No, sir. Why are you poking your nose in my business? I just want to rest for a little bit. Can't you just pretend that you didn't see me? Also, aren't you scared of me? I'm not human. Be careful, I might eat you."

She said and snarled with her mouth wide.

It was Xie Qiao's face.

She should have looked scary with that expression, but she made him rather uncomfortable instead.

If it was Xie Qiao who made that face herself, perhaps it would be cute.

So it was true that one's external world was a reflection of their mind?

“Since you refuse a toast only to drink a forfeit...” Zhao Xuanjing had coldness in his eyes. He was going to use the talisman in his hand.

The beautiful ghoul rejected while stretching her hand immediately, “Sir! You can’t even take care of yourself. Why do you bother taking care of this young lady? We really won’t hurt her!”

‘Doesn’t the young master have many ghouls following him as well?!

‘Even more than those that are following the priest. Also...’

The beautiful ghoul could not help but take a hard whiff. The smell on Zhao Xuanjing was nice. There was dragon energy on him...

However, people with dragon energy usually had strong Yang energy. Ghouls should not be able to get close. She had no idea why this person had strong dark energy on him, causing many ghouls to be attracted to him. They were nourished by his dragon energy. However, this person’s fate would be terrible if there were too many ghouls. As soon as he was out of dragon energy, he would suffer a calamity.

She was surprised that she had the mood to care for someone else.

Dragon energy was more powerful than talismans. Therefore, even though he had weak Yang energy, the ghouls could not possess him.

If not for the fact that it was rare that they found someone who could communicate with both worlds that they could possess, she would have stayed by this young master’s side to be nourished by his dragon energy.

“We?” Zhao Xuanjing frowned, “How many more are there apart from you?”

“There are...” The beautiful ghoulish woman looked around, “There are not many powerful ghouls, even lesser for those who happened to see her. Also, Yang energy is strong in the academy, so... There are some ten of us now. However, you brought over ten ghouls yourself...”

The beautiful ghoulish woman winked at Zhao Xuanjing after she was done speaking.

“You said there are over the ghouls following me, then why aren’t they possessing me? Xie Qiao learned Taoism from a young age. Can it be that an ordinary person like me can repel ghouls better than she does?” Zhao Xuanjing asked.

“Of course not. This young lady is smart enough to carry many talismans with her. We wouldn’t be able to find her if not for the fact that she exposed herself by carrying out a ceremony earlier. She can communicate with both worlds. We won’t be expelled from her body easily when we possess her, nor is it against the rule. You, on the other hand... You have strong dark energy on you. We’re supposed to be able to possess you, but... You share the same bloodline as the Emperor, so we can only sniff you but can’t do anything to you for now,” the beautiful ghoulish woman just treated like she had found someone to talk to. She chatted while smiling.

Although she was smiling, she looked rather creepy.

Zhao Xuanjing fell into deep thought when he heard that.

“We’ve come to an agreement with the young lady. We won’t go anywhere else today. We’re only staying at the academy. We won’t hurt her,” the beautiful ghoulish woman added and poked Zhao Xuanjing’s chest, “But sir...you’re so handsome. It’s been years since I touched a living person...”
