

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 347: Let Out the Line and Catch the Big Fish

Lin Yaxiang could tell that her niece and nephew's souls had drifted off to God knows where. They were truly absent-minded.

Unlike the First Young Lady of the Xie family. She was always sitting upright, well-behaved, and polite.

It really did not seem like...

She was born from a bandit family.

When she came, she was actually worried.

They heard that although Bandit Xie's third wife was not killed by the bandits, she was chased out.

They had secretly asked around before. Someone said that Ms. Lu treated their previous child very well, so they felt pity and gratitude for Ms. Lu.

In their hearts, they were also a little afraid of Young Lady Xie. In fact, the image of this lady of the Xie family appeared in their minds.

Before they met her, they thought that this lady should be just like Bandit Xie. She should be very mean.

However, now...

Everyone in the Lin family felt quite embarrassed.

They could not help but take a few more glances at Xie Qiao.

This girl was too pretty. Her fair and tender face, her skin that was even more supple than autumn radishes, and her voice that was like a little oriole... Tsk, tsk, tsk. One can look at her face forever.

They chatted happily.

When it was time, Xie Qiao got someone to prepare the dishes and took out the fruit wine that she had hidden away.

Xie Pinghuai really could not sit still today.

Especially when he saw Xie Qiao speaking gently to the three children of the Lin family, he secretly felt uneasy.

How could eldest sister smile so sweetly to the children of other families?

A dark boy and two ugly girls. They were not even as good-looking as his sister.

“Sister, I thought we had no money. Why are we eating meat today?” Xie Pinghuai said deliberately, as he spoke, he took a drumstick and put it in front of him. He took a bite and then glared at the three kids in front of him.

Xie Qiao was speechless.

He was already 13 after the New Year, but he was still as childish as a three-year-old kid!

No wonder Xiao Yurong had delayed the matter of making him a disciple until now!

If she were Junior Brother Xiao, she would not be able to eat when she saw such a disgusting kid!

The Lin family members were a little embarrassed.

They were embarrassed to continue eating after hearing what he said.

"I don't know when will my Brother's bad habit of talking nonsense stop," Xie Qiao sighed and then looked at Grandpa Lin, "Grandpa Lin, you are a medical practitioner. You must know some acupuncture skills, right?"

"Of course I do," Grandpa Lin nodded. He was a little confused.

"How do you think my brother's illness can be cured? Do you want to stick a few needles into the crown of his head? Or do you want to sew up his mouth directly? Now that you are a member of the family, you won't mind him even if he has bad habits. But what if he does this when he meets an outsider? It really makes me worry," Xie Qiao said in all seriousness.

Grandpa Lin was stunned when he heard that, but Lin Yaxiang smiled brightly.

"That makes sense," Lin Yaxiang was very direct. "Brother Huai, if this meat is not enough for you, I will buy 20 of them for you at the market later so that you can eat as much as you want."

It was her own nephew. She could say anything she wanted, right?

She was a decent person. If this child was wrong, she should teach him!

Not to mention that they were all guests. Even if they came a little too abruptly and upset him, he should not have expressed his dissatisfaction in such a way, making him seem petty.

However, this child's appearance was really similar to her sister's, so she felt a little heartache.

If her sister was alive, this child would definitely be a good lad that everyone praised.

Xie Pinghuai snorted, "Stop talking big. I know all of you. In the past, when Mother was still around, she told me that your Lin family is a commoner. A poor family that can't even afford to eat a single egg. You're not any better than the disaster victims out there. Just this little silver medal, it must've cost you a lifetime's worth of savings, right? What's the reason? You're just letting out the line and catching the big fish. You want to get something out of us, right?!"
