

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

## Chapter 352: What A Coincidence

There were already several carriages parked outside the Zhou Residence, and people were walking in one after another.

Xie Qiao had prepared a gift today. It was Master Yun Wei painting. It was small and did not worth much, but it was rare.

As soon as she entered the Zhou Residence, Xie Qiao was frightened.

The reason being as soon as she stepped through the door, a black shadow charged between her eyebrows. She was stunned on the spot, and that soul passed through her body.

Xie Qiao's face was pale.

However, the shadow was not having an easy time either. After struggling for a while, it dissipated.

She had secretly hidden many talismans on her body. Ordinary ghouls did not dare to get close to her. The ghouls earlier were too mischievous. The moment it touched her, even if it realized that something was wrong, it was already too late for it to stop.

For no reason, she had destroyed a ghouls.

Xie Qiao was also quite innocent. Her lips slightly curled down.

She was really scared to death.

“What’s wrong? Are you not feeling well?” Xie Pinggang frowned. That lady’s unapproachable charisma came back.

She scared the other guests around and they immediately walked far away.

“It’s okay. I’ll be fine after a while,” Xie Qiao calmed her breathing and covered her face with her sleeves and coughed twice.

She tried her best to muster her courage and looked around.

Fortunately, although there was a reckless ghoul, the other ghouls around...

As she was thinking, Xie Qiao’s expression changed slightly.

There was something wrong with the Zhou family.

Big families would usually set up good feng shui when they built a house!

It was the same for the Zhou Residence. As soon as she entered, she could see that the feng shui was supposed to be great. Amazing qi and blessed by the dragon. The children in the family would definitely be intelligent and good-looking. They would not have to worry about wealth and fortune. It would be an endless situation for generations.

However, the feng shui was almost equally as powerful to the killing bureau.

In this family... there was definitely a coffin. Furthermore, the location of the coffin would definitely be somewhere with dark energy. Not only that...

The bottom of the coffin was rotten. The evil energy leaked and the corpse turned into mud.

Within the house, the pond was connected to the ground. If one place was damaged, the entire house would suffer.

That was why the good feng shui was broken.

Xie Qiao was not sure if this coffin was related to Princess Xingmo. She could only calm herself down and walked into the house like nothing happened.

The Zhou Residence was quite luxurious. There were many charcoal pots in the large hall. Even with the windows open, one could feel the warmth.

"I'm under the water, and there are other people under the water," the ghoul in the palace dress said to Xie Qiao pitifully.

One could not even tell that she was a princess.

"Go take a look at the pond and tell me its main location. I'll pass it on to the Crown Prince for you," Xie Qiao said softly.

Princess Xingmo had yet to remember who she was. She just listened to Xie Qiao's words and did as she said.

Xie Qiao sat at the lower seat. There were also some young girls around her. The people sitting across from her were mostly male guests. They were far away from each other.

The men in the capital were quite good-looking.

Most of them were handsome, charming, and charismatic. As for her eldest brother, he was like a grizzly bear sitting among a group of white foxes. He stood out.

“I didn’t expect Young Lady Xie to come today,” coincidentally, the person sitting next to her was Dong Xiyun.

Xie Qiao smiled, “Since Young Lady Dong can come, so can I.”

Dong Xiyun did not get angry, “I’m sorry for making you suffer for what happened to Aunt Xia earlier. I apologize on her behalf.”

Xie Qiao’s hand that was holding the snacks stopped in mid-air.

Aunt Xi.

Dong Xiyun was adapting quite well, huh?

However, from her tone, why did it seem like she was using Xia Yayun to scare her?

Xie Qiao sneered and ate the snack in one mouthful. She said happily, “What a coincidence today. Eldest Brother and I are both here. When are you going to apologize to us, Young Lady Dong?”

Did she think that she had forgotten that Qi Huai had used her talent to insult her?
