

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 390: Faster Than I Did

Jia Huan replied with a heavy expression. She really did not understand what was so good about that book.

“But cousin, aren’t you already a sixth-grade official? Why are you still reading? You’re making a lot of money just by being an official. In our village, only those who can’t get into the elementary scholar rank would read,” Jia Huan could not help but say.

“Stop talking to me. It’s too noisy. If you keep nagging like this, won’t I be even more sleepy? It’s enough to alert me every once in a while,” Xie Pinggang looked impatient.

Jia Huan could not help but roll her eyes at Xie Pinggang.

Was it not normal for a couple to nag at each other when they were together?!

They would look at each other, only then would they have feelings for each other, right?!

“If you’re sleepy, why don’t you take a nap? I’ll make the bed for you, Cousin!” Jia Huan said boldly and went straight into the study room. She ignored the maidservant’s shocked expression and barged in.

There was also a bed in the study room. Jia Huan looked at it and her face blushed. However, she thought that if she really succeeded, even if it was just a hug, the marriage would definitely happen...

Xie Pinggang did not pay attention to her at all and kept staring at the book.

Jia Huan made the bed and walked over shyly. She grabbed Xie Pinggang's arm and said, "Cousin... Are you tired? Let me massage your waist."

The maidservant outside was stunned.

"You're shameless!" The maidservant covered her face and ran away.

She had to tell the young lady!

This new young lady was a lewd and lascivious woman!

In broad daylight, when the first young master was reading diligently, she actually wanted to sleep with him!

The maidservant had never seen such a scene.

She had been sold at such a young age and had been trained for several years. She had only been brought in before the New Year. The first young lady thought she was obedient and assigned her to take care of the first young master.

At first, she was worried, but later on, she realized that the first young master was actually nice. His words were fierce, but he had never punished them. He was an extremely tolerant person, and also special... pure of heart with few desires. He had never cared about these women!

However, now, this young lady actually wanted to lead the first young master astray!

The maidservant panicked and ran all the way to Xie Qiao.

After entering the door, she pounced over and knelt, "First Young Lady, quickly save the First Young Master. That young lady seduced him. S-She made the bed and blanket for him. She wants to..."

The maidservant was so anxious that her face was flushed.

She could not say it.

How embarrassing. How could that young lady's expression not change? She was so shameless!

The little maidservant was still young, only 12 or 13. She was so anxious that she was about to cry.

"No need to panic. How can Eldest Brother be at a disadvantage?" Xie Qiao could not help but be amused, "You're already here. Go play with Chun Er. Don't bother them."

"That won't do. First Young Master is such a kind person. He can find a better family. That Cousin..." After the little maidservant finished speaking, she knew that she had made a mistake, she quickly added, "First Young Lady, please forgive me. This humble one didn't intentionally make things up to boycott the Cousin..."

"It's alright. There's no cousin in our family to begin with. She's just an outsider," Xie Qiao smiled, "With First Young Master's temper, how could he really let her have her way? Don't worry."

On the other side, Xie Pinggang was pulled a little before he turned around to look at Jia Huan.

Just because he had no interest to date women, it did not mean that he could not see through a woman's intentions.

This Jia Huan actually took off her outer clothes.

His face was gloomy.

He picked up the blade and sliced it above his head. The rope broke, and he pulled the rope down. He quickly made a circle and tied it around Jia Huan's body before dragging her out.

On the other end, she was tied to a tree outside.

He had her under control.

“What cousin? I won't fall for that. Which brothel are you from to be so unruly? Did I agree to do it with you? You took off your clothes faster than I did. I think you're feeling warm, so you can cool off outside!”
