

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 470: Peck Him!

When the Princess heard that, she immediately stood up in anger.

Master Mo was her son's savior and she had to treat her with respect. This brat was actually so arrogant and insensible today!

Xie Qiao sighed.

In the end, he had failed.

She thought if Zhao Xuzhi could tolerate it and really kowtow in front of the memorial tablet, even if he was unwilling, the resentment of this ghoul would be resolved.

Unfortunately, Zhao Xuzhi seemed to be much more irritable now.

At that moment, the more irritable one... was next to her.

When that ghoul heard Zhao Xuzhi's words, it was obvious that he had suffered quite a bit of trigger. His eyes turned black, and in that instant, his resentment became even more intense.

Xie Qiao immediately said, "Kid, do you know why I'm here today?"

The Princess and Zhao Xuzhi looked at her in surprise.

Especially the Princess. When she heard the master's impetuous voice, she was even more shocked.

Why did that sage-like master suddenly... become so fierce?

Xie Qiao stood up and wiped her small hands on her clothes. She exhaled and suddenly, she rushed forward and slapped Zhao Xuzhi's face.

Zhao Xuzhi was very tall, and Xie Qiao almost jumped up.

She had been consuming many supplements recently, so she was very energetic. It was not a problem for her to hit someone!

After all, she had practiced swordsmanship since she was young. She was not a weak little girl.

After Xie Qiao was done with the slap, she took two deep breaths and rolled up her sleeves. Thinking of Da Xiong, she quickly called out, "Peck him!"

When Xie Qiao charged, Da Xiong's wings had already begun to flap violently.

When it heard the word "peck", it stretched its head and pounced on Zhao Xuzhi.

Zhao Xuzhi had also practiced martial arts.

He was very difficult to deal with.

After Xie Qiao hit him twice when he was not paying attention, she quickly retreated. With a pale face, she panted and covered her chest, looking as if she was going to die of exhaustion.

The Princess was scared silly. When she saw Zhao Xuzhi fighting with the rooster, she quickly called for help. "Quick, quickly separate them!"

'Don't kill Master's rooster!'

This rooster seemed to be psychic. Earlier, when Mo Chusheng was performing the ritual, the rooster was at the side. It was aggressive and terrifying.

Did she feel sorry for Zhao Xuzhi?

To be honest, the Princess really could not put on an act right now.

After all, he was not her own son. It was good enough that she did not mistreat him.

Furthermore, this child had clearly done something wrong and refused to admit it. What he said to the master earlier was indeed too much and he deserved to be beaten up.

What the master had done was definitely right. Even if she had beaten him, she had a reason.

In any case, this child absolutely should not hurt the master and the master's rooster.

The people outside immediately rushed in. The young master was entangled by a rooster and he was going to tear it apart.

The Princess saw that and could not help but say, "Don't hurt that rooster!"

The room was filled with dust and feathers flying everywhere.

It was also Xie Qiao's fault. After coming to the capital, she did not raise many pets. Otherwise, today, Da Xiong would not have to work so hard. It would be much easier if all of them attacked together.

Xie Qiao leaned against the back of the chair. She did not look good.

The Princess was even more anxious.

The Young Heir had already been taken away by the maidservant. He had never seen such an exciting scene.

Very soon, Zhao Xuzhi was pulled away.

His hair was messy and his face was dirty.

Zhao Xuzhi's fury was monstrous. It was as if he wanted to kill someone with a saber. When Xie Qiao saw him like that, she said fiercely, "Why are you staring at me? If you continue staring, this penniless master will dig out your eyeballs... Cough, cough, cough..."

The Princess was dumbfounded.

After Xie Qiao finished speaking, she looked at the ghouls again. As expected, the ghouls had calmed down at that moment.

“Thank you, Master, for upholding justice for me... I made you worried earlier...” The male ghoul was very apologetic.
