

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 564: So Ugly

Young Lady Pang hid at the back and said nothing.

When the others saw this scene, their expressions became grave, especially Li Qingyu, who instantly felt his legs go weak.

However, what they saw was actually different from what Xie Qiao saw.

They saw the wind, rocks, and the fallen leaves...

Meanwhile, Xie Qiao...

Saw a ghoul crawling out of the grave...

The ghoul's hair was disheveled, and his face could not be seen clearly. Xie Qiao could only see the color of his lips... His body was hunched, and he let out a sharp and disgusting sound, like a wild beast. Xie Qiao could not help but feel some resistance.

Pssh, his body completely appeared on the ground.

The five element stones around him seemed to have gathered into a five-colored ray of light that reflected on the vengeful spirit's body, making a sizzling sound.

His neck twisted a little.

Xie Qiao was so scared that her hands were shaking.

It was Pang Xiyuan...

I-It was... Pang Xiyuan?! That talented and very handsome county magistrate?!

It was so ugly Xie Qiao could not help but want to throw up!

Of course, Xie Qiao knew that since this person... was a vengeful spirit, the appearance of his spirit was naturally slightly different from when he was alive. For instance... the blackness on his face, the wet and sticky stench all over his body... His appearance must have been affected by this wetland.

However, nobody could tell that he used to be good-looking now.

She only felt that even her soul was disgusted by him.

Xie Qiao thought Pang Xiyuan definitely did not die of illness. Look at the green and black energy all over his body, as well as the color of his dark purple lips. He was definitely poisoned to death!

It was just that when he was about to die, no one noticed it!

Who did it?

There was no need to guess. It was definitely that merchant with the surname Yue!

Xie Qiao sympathized with that merchant who had his wife stolen, but she hated that he had implicated the innocents and caused so many women to starve to death in the grave.

At that moment, looking at this disgusting spirit that was emitting smoke and resentment, she wanted to cry but had no tears.

She really did not like doing this job!

Xie Qiao had a mournful look on her face. Even through makeup, one could see her seriousness.

However, in the eyes of others, Master Mo was not disgusted by him, but was afraid.

The things in this grave must be extremely powerful!

Xie Qiao was worried that her eyes would suffer. At that moment, she immediately took out a few more powerful talismans. Not only that, the things in the bamboo basket were actually taken out and placed in a circle around herself.

Tai Sui bone, twelve essences, seven or eight kinds of spices for removing impurities, cinnabar, realgar, dog blood...

She took out everything that could be used.

She looked as if she was facing a great enemy.

“Your smell... is very fragrant...” the ghouls’ voice was hoarse as he crawled toward Xie Qiao step by step.

“Don’t come over!” He was so dirty!

Xie Qiao hurriedly shouted. Then, the cinnabar brush mixed with dog blood was thrown out with a thud, and it hit the center of his brows!

Smoke rose from the center of the vengeful spirit’s brows.

It was like the sound of a fire, it was crackling.

At that moment, the vengeful spirit’s body was still flowing with a kind of pus-like green juice. Bit by bit, it spread toward Xie Qiao’s feet.

It was getting closer and closer.

Xie Qiao was about to jump.

She hated such a disgusting vengeful spirit!

Xie Qiao took out a Rain and Snow Talisman as soon as she could. She pointed to the eight trigrams and hurriedly began to chant, “The east is facing the minister, vast and boundless. The five grains are fertilized, the grass and trees are blossoming... The cold wind is freezing the sea... It’s covered with jade flowers. Hear my command!”

Once she started to chant, the pus under her feet froze.

Xie Qiao trembled for a moment, and she finally heaved a sigh of relief secretly.

However, ordinary people would not be able to see this.. They only felt that the surroundings seemed to have gotten colder again.
