

DEAR PRISCHELLE

Chapter 21 No.21

Dear Prischelle,

After arranging our things, Mom can't still stop talking about the woman she talked to earlier. She said it was her college friend. Maybe that's why she chooses this place because she knew that her long time friend lives in this village.

When the door bell rang, I was the one who opened it for I was standing near the door. And when your face comes into my view, my mouth parted open. My mind was blank when I accepted the food you handed. It smells so good.

I didn't have the chance to thank you. You left immediately without saying anything. I even chuckle

when you almost tripped at your steps while walking fastly.

Damn. How can you be so beautiful and cute at the same time?

Chapter 22 No.22

Dear Prischelle,

I want to walk all around the place first before going to school since my classmate told me that our Professor for the first subject is absent.

But I immediately changed my mind when I saw you walking alone. I smiled and arranged my hair even though it's already fixed before walking towards you.

When you noticed my presence, I saw how shocked you are that made me chuckle silently. In order for me not to be obvious, I crashed my eyebrows and look at you seriously before asking, "what's wrong?"

And when you didn't respond, I asked you again that made you shake your head. I can't stop my smile any more.

You look so beautiful.

"Okay then, let's go? We're going to be late." That is actually just a bait for you to come to school with me.

And that's how I start my Monday. With a beautiful lady walking beside me.

DEAR PRISCHELLE

Chapter 23 No.23

Dear Prischelle,

I am taking my move starting today. I'm grabbing the opportunity even if it's not yet time for that. You know, I just wanna be close to you.

Strange, isn't it?

I felt motivated to talk to you about going home together. Specially now that I have a reason for that.

And I'm very happy that you said yes. As much as possible, I don't want the atmosphere between us to be awkward so I talk and talk. I don't mind being a talkative person for you. Hell, I don't even make any conversations long. I don't talk a lot.

I became a different person when I'm with you. And I like that change. I like how it change me.

Any way, hoping for more conversations with you.

DEAR PRISCHELLE

Chapter 24 No.24

Dear Prischelle,

Going to school with you again today starts my day good, but seeing your beautiful face and having a conversation with you makes it better.

I'm starting to like this feeling.

I'm starting to like being with you. I'm starting to like how we talk about a lot of stuffs. I'm starting to like everything.

So today, I offer to buy you a chuckie. I just actually want to. I want to..uh...make you happy and I'm glad that I did. But when you asked me why, I just said that it's my way of thanking you for treating the cut beside my lips.

And I didn't know that you'll believe it. Laughs. How

cute.

Chapter 25 No.25

Dear Prischelle,

Tomorrow is Mom's birthday and I heard she invited you and your family over for a dinner. I'm actually nervous. I'm thinking of a good way to impress your parents. I want to make a good impression. That's why after walking with you from school, I cleaned the house. As much as possible I don't want to suspect any dust.

Weird, isn't it?

Mom is even confused and told me that she'll do the cleaning instead, but I insisted. It's her birthday tomorrow and I don't want to tire her more. I know she's already here because of work.

Any way, I'm so happy we go home together again. We're getting comfortable with each other. I feel like my other side will only show up when I'm with you. Funny, right? But I want you to see me as a friendly person, even if I'm not. I want you to see that you can freely talk to me any time you want.

I...uhm.

I actually wanted to tell you this in person but I don't have the guts to do so. I'm afraid on what you will react and think.

I...like you. I know when it started and I'm not dumb not to be sure about my feelings, and I think I'm getting more of that.

I'm slowly losing the grip and I think I would fall any time. I just can't resist you and your charm.

I'm doomed, am I?
