

# The Return of the God of War [The Protector] Chapter 3207

Why is Levilia's road to detoxification so difficult?

Qinglong and the others saw a trace of strangeness, and it seemed that something was wrong.

"Boss, why are you here? Could it be that you are also here from the King of Evil Gus?"

Qinglong asked.

No waiting for Levi Garrison to answer.

At this time, the major forces on the Black Sky Alliance were already shouting: "Since the Heavenly God Division has sent someone, let's start action!"

Long Sanlongwu glanced behind him, holding a black token.

This is the order of the gods of the gods!

Can mobilize all the god guards in the Tenjin Division!

Holding the decree of the gods, Long San ordered: "All the guards of the gods obey the orders! Attack the front! Be sure to exterminate the king of evil gu!"

"If you meet a rebel, kill without mercy!!!"

"clear!"

All the heavenly guards shouted in unison.

Other major forces also shouted: "King of extermination of evil gu!"

They are about to dispatch the entire army, vowing to destroy all the kings of evil gu.

Qinglong and the others stopped asking Levi Garrison, and they all came to the front, ready to attack.

"Three two one, attack!!!"

Just when they were about to attack.

A figure stopped in front of everyone.

“No! You can’t kill him!”

This person is Levi Garrison.

The King of Evil Gu is going to kill, but definitely not now!

He still needs the King of Evil Gus now.

He absolutely cannot die.

Therefore, Levi Garrison must stop it!

Everyone’s charge stopped because of Levi Garrison’s block.

As soon as Levi Garrison’s simple words came out, the audience exploded.

Everyone looked at Levi Garrison in disbelief.

No one would have imagined that there were still people who would stop and eradicate the great scourge.

Now the king of exterminating evil gu is what the people want, who doesn’t want him to be destroyed?

Why would anyone stop it?

Is this helping the King of Evil Gus?

Xiao Feng was stunned.

Qinglong was stunned.

...

They were still speculating just now, why did Levi Garrison come here?

Did it stop them from coming?

Why is this?

“Levi Garrison, do you know what you are doing???”

Long Wu roared.

He was also shocked that Levi Garrison came to stop them!

Levi Garrison replied: "I know! But now the King of Evil Gu can't die!"

There were two cold lights in Long San's eyes: "Levi Garrison, you have to understand your behavior, do you want to be with the King of Evil Gus? Do you want to help him?"

Levi Garrison stared at him and said, "I didn't say I was with him, and I didn't want to help him! It's just that you can't kill him for the time being!"

"Yes, we still have something to do! When we are done, you can do other things!"

Doctor Dark also said.

They dare not disclose the matter of letting the King of Evil Gu detoxify Levilia.

This kind of evil method is despised by everyone, and it is also prone to accidents.

"As long as you stop us from destroying the King of Evil Gus, you are helping him!"

"Yeah, we are all stupid to the door, you stop us?"

"Besides, what do you have to do with this scourge that has been stinking for thousands of years?"

"You can stop us, but you must give us a good reason!"

...

Long San, Long Wu and the others said coldly one by one.

Even Qinglong and Xiao Feng couldn't understand it.

What exactly does Levi Garrison have to discuss with the King of Evil Gus?

"Is this Levi Garrison? If you stop us, you are going against the wishes of the entire Great Xia!"

"You are preventing us from killing the people! Do you know how many people inside these people have killed? There are many living people who are being tortured inside at the moment!"

"We're a second late, we don't know how many people died, how many people suffered! We're here to save them!"

“When you stop us, you are harming people, helping the great scourge of the King of Evil Gus! Are you sure?”

...

These major forces that kill people like numb, say that the justice is Ling Ran, and the sound is grand.

They were obviously eager to divide up the treasures of the King of Evil Gus and the treasures of heaven and earth from the first-level forbidden land.

But take this supreme excuse.

But what they say is reasonable, and you can't refute it.

“Do you know how difficult it is for us to get together? It's hard to eradicate the scourge, but you're actually blocking it?”

“Anything that blocks you, no matter what your excuse is! You are helping the King of Evil Gus! That is our enemy! Daxia's enemy!”

Long San also stood on the moral high ground and began to put pressure on Levi Garrison.

“Levi Garrison, you have considered it clearly, standing opposite us is our enemy! We don't mind getting rid of you first, and then step on the nest of the king of evil gu!”

Long Wu directly regards Levi Garrison as an enemy.

“Yes! Blockers are killed without mercy!”

The major forces shouted.

A war is imminent.

“Wait! Slow! Everyone calm down first!”

Qinglong and the others immediately stood up, for fear that the two sides would fight directly.

“Wait for me to ask!”

Qinglong gestured to Long Sanlongwu, and then asked Levi Garrison: "Boss, what is the matter with you coming to find the King of Evil Gus? If you don't make it clear, everyone will not stop!"

Levi Garrison hesitated.

Where can you say this?

Looking for the King of Evil Gus to detoxify, what about bullsh\*t?

And the principle of detoxification is to let the king of evil gu use his strongest evil gu to devour the poison in Levilia.

Now everyone knows how strong the poison in Levilia is. If he is swallowed by the most poisonous poison of the king of evil gu, he does not know how strong the poison will be.

This is equivalent to making the King of Evil Gu stronger, who can agree?

Levi Garrison said it, and most people must object.

Besides, there are people who will definitely stop using this kind of evil method to detoxify Levilia.

Levi Garrison was not afraid of them and could kill them all.

But how can you kill because of this?

"The reason I can't say for the time being!"

It's just that Levi Garrison's voice just fell.

Someone immediately said: "You shouldn't ask the King of Evil Gus to detoxify your daughter, right?"

Someone guessed it.

This made Levi Garrison tremble.

Someone reminded, and everyone reacted.

"I heard that the King of Evil Gu has refined a kind of evil Gu since he knew the Gu technique, and it is called the strongest evil Gu! It is still refining Gu! Now this most poisonous Gu is so powerful that it is close to the point of death within 100 meters!"

"Yeah, not only that. Now this most poisonous Gu has grown to the extreme, if it is refined now, the blood essence of living people will be useless. You can only find all kinds of poisons to be swallowed by it."

"Your daughter is poisoned with the strongest poison, so many methods are useless. You must now want the strongest poison to absorb the poison from your daughter, right?"

Everyone looked at Levi Garrison and asked.

Levi Garrison came suddenly, holding his daughter.

It is clear that it is for detoxification!

At this time, Levi Garrison could only admit it: "Yes, that's right, the purpose of looking for the King of Evil Gu is to detoxify my daughter!"

"what?"

Qinglong and the others looked surprised.

Never thought that Levi Garrison would be forced to such a point.

He actually started to use this evil method to detoxify Levia.

Incredible.

"Levi Garrison, are you too courageous? Think of this way to detoxify your daughter?"

"It is said that the most poisonous Gu is sure to die as long as a living thing approaches. Are you not afraid of killing your daughter without detoxifying your daughter?"

"If you can't get rid of the poison, what about adding poison to your daughter? That's the strongest evil gu, it's easy to devour living things! Your daughter will be devoured when she encounters it."

"Even if you detoxify your daughter, aren't you afraid of side effects? Aren't you afraid of backlash?"

Long San and Long Wu laughed.

Qinglong and the others didn't speak, because they felt that what Long San and the others said made sense.

There is indeed such a danger in this evil approach.

This is the difference from the normal method.

They also felt that Levi Garrison did something wrong.

If Zoey Lopez and the others are here, I am afraid they will stop them.

This approach is too risky.

Say nothing!

"This is my family's business, you can't control it!"

Levi Garrison himself knew that the risk was high.

But he didn't want to be forced to such a moment.

"I'm going in now to find him to detoxify my daughter, and I won't get involved in your affairs after that! I don't care if you want to kill him or even eat him! But now he can't die, and he wants to treat my daughter!"

"Whoever wants to kill him is blocking my daughter's detoxification, and has a grudge against me! I must block it!"

Levi Garrison said coldly.

Now that it's been said, it's clear.

"Levi Garrison, we understand you! But you have thought about it! Are you actually helping the king of evil beasts by detoxifying your daughter?"

Someone from the Black Sky Alliance asked.

"Help him? What's wrong?"

Levi Garrison asked in confusion.

Others also cast incomprehensible glances.

"Think about it! You just let the strongest evil gu absorb your daughter's poison! Now the poison is the nourishment of the strongest evil gu. The stronger the evil gu is when it absorbs the venomous poison! The stronger the corresponding evil gu king will be. Stronger!"

"What's more, the poison in your daughter is known as the strongest poison, which is the most powerful nutrient for evil gu! It can even be said that it can directly push this evil gu to the limit! When the time comes, the king of evil gu will rely on This strongest evil Gu, who can be his opponent?"

"Don't say that we are here, even if there are ten times more, it is not an opponent! The gods have no power to parry!"

...

As soon as this person's analysis came out, the audience fell silent.

Even Levi Garrison didn't think of this.

After sucking Levilia's poison, this strongest evil gu will be powerful.

"By the way, I heard that the King of Evil Gu's strongest poisonous gu is about to reach its limit! This poisonous gu that he has refined since childhood is about to be completed!"

"When you detoxify your daughter now, you are giving him an assist! Once his poison is completely perfected! He will be invincible again! Who can destroy him at that time? The whole summer will suffer, everyone will become the food for his poisonous Gu!"

"As long as you take your daughter to detoxify now, you are helping him!"
