

The Return of the God of War [The Protector] Chapter 3538

Not only the base camp, but the entire area was affected and was about to be overturned.

There were even many magicians and secret masters who couldn't bear the shock wave and were injured by the bombardment.

The movement was too loud, too terrifying.

It looks terrifying.

Almost everyone knows the movement of this battle.

Everyone can't imagine how Levi Garrison can win under this kind of attack?

Not to mention that these top ten geniuses took out the four great artifacts of the town pavilion!

That's the real devastating blow.

At this moment, everyone is eager to know, how was the first round against the enemy?

Who has the advantage.

Facing the attack of the top ten talents, Levi Garrison showed a smile on the corner of his mouth, but just waved his right hand.

A shocking force surged out like a tidal wave.

Instantly smashed all the attacks of ten people.

The faces of the ten people changed wildly, and they never thought that Levi Garrison was so strong.

It was too late to escape.

"boom!"

"boom!"

“boom!”

...

I saw ten figures flying out like kites with broken strings.

There were also blood lines along the way.

The body of the top ten Tianjiao flew out hundreds of meters away uncontrollably, and finally hit the ground heavily, making a burst of movement.

It was like ten human-shaped artillery shells smashed to the ground, and there was another wave of shaking.

The whole place was stunned.

Everyone’s faces were incredible.

Who else could these ten figures belong to?

The top ten geniuses of Zhenmo Division!

“this.....”

The whole place was silent.

Both the Demon Suppression Army and the secret masters were silent.

See you soon!

Everyone understands what kind of strength Levi Garrison is!

Still underestimated!

This is obviously above the top ten geniuses!

This is the top strength in Zhen Mosi!

Everyone was shocked.

Gong Qianqiu was also surprised.

This is also the first time she has seen Levi Garrison make a real move.

Can’t see through!

He is so strong!

But the more this is the case, the less able Levi Garrison is to be alive.

His threat is too great.

For anyone present, Levi Garrison is the ultimate threat.

Absolutely cannot live!

If this chance, don't kill him.

There may be no chance in the future.

Gong Qianqiu remembered what Xu Qingya had said.

With Levi Garrison here, he would not be able to get the roots of Levilia anyway.

It now appears that this is the case.

He is too strong.

"That's all ten little brats?"

Levi Garrison sneered.

The eyes of the top ten Tianjiao who fell to the ground were full of incredible.

They raised their heads and looked at Levi Garrison in disbelief.

how come?

How did he do it?

They lost their first fight?

Although Levi Garrison was caught off guard, it was tantamount to an attack.

But they are so embarrassed, after all, Levi Garrison is strong.

They are defeated.

"He is a pure body cultivator!!!"

Bai Xinghe wiped the blood from the corner of his mouth and said coldly.

"What? Pure Body Cultivation?"

The rest of the geniuses were stunned.

Pure body repair is so strong?

Never seen it.

"I don't understand! He's too mysterious! But most likely it's pure body cultivation!"

Bai Xinghe said.

A look of cruelty flashed in Chu Qingshuang's eyes: "If that's the case, let's not let him live! If he wants to live, there will be endless calamities!"

"Yes, we can't underestimate the enemy! We must come up with our own signature skills!"

"It really doesn't work! Just take out the artifact of the town pavilion!"

...

The eyes of the top ten Tianjiao have already revealed the will to kill.

The army of the Demon Suppression Division also understands this fact.

Levi Garrison must die.

Or in that case, it should be dead.

"Kill! Never let Levi Garrison survive!"

The top ten geniuses are no longer arrogant.

Don't care about joining forces to kill Levi Garrison.

Just thinking about how to kill Levi Garrison.

This is the number one priority!

"kill!!!"

Under the leadership of the top ten geniuses, the army of the Town Demon Division began to attack.

The Return of the God of War [The Protector] Chapter 3539

“Kill!!!”

Tens of thousands of masters from the Demon Suppression Division attacked Levi Garrison in unison.

This lineup is much stronger than the one who attacked the North Pavilion at the beginning.

And unparalleled unity.

The gathered power is so terrifying!

There are masters everywhere.

All of them are practicing top-level qi refining techniques, and the terrifying killing moves begin to impact.

It's like tearing Levi Garrison to pieces.

The top ten talents are also among them, ready to wait for the opportunity to give Levi Garrison the strongest blow.

“Good come!”

Levi Garrison laughed wildly.

Suddenly, the fallen leaves scattered all over the place floated up, densely suspended around Levi Garrison.

At least 100,000 fallen leaves!

Like a golden bell, it enveloped Levi Garrison's whole body.

There was a throbbing sound.

“kill!”

Levi Garrison only heard a roar, and suddenly released all the fallen leaves around him.

“Whoosh!”

“Whoosh!”

“Whoosh!”

...

A piece of fallen leaves, like a bullet shot suddenly.

But the speed is many times faster than bullets.

The power is even more earth-shattering.

A single leaf carries terrifying pure power!

The dense fallen leaves flew out and shot in all directions, indiscriminately!

“Boom!”

Looking at the falling leaves.

The first expert looked disdainful.

The long knife in his hand wanted to cut the fallen leaves in half.

“Hey!”

The light of the sword flickered, and he was confident that he could cut it with one stroke.

“Clang!”

The next moment, the lasing leaves collided with the long knife, making the sound of metal clashing.

“Crack!”

This long knife actually had fine cracks.

Finally burst open.

At the same time, a force came from the blade.

“Clap clap clap...”

The man’s arm exploded like a twist.

The whole person also suffered a terrible shock at the same time, and flew out directly.

He let out a shrill scream.

Half of his body has been twisted into a twist, the flesh is blurred, and the bones are dense.

Everyone can't imagine that a fallen leaf can be so terrifying?

Meanwhile, almost everyone else was attacked by fallen leaves.

A small piece of fallen leaves shot up, but it rolled with a force like the sky was falling.

After everyone was attacked by the leaves, their faces changed wildly.

This power is like heaven!

I can't resist!

"puff!"

"puff!"

"puff!"

...

Some people burst into a cloud of blood on the spot;

Some people are torn apart;

Some were pierced by fallen leaves;

Some people's body is half shattered, and half is still preserved;

...

miserable!

The scene is like Shura hell!

A piece of lasing leaves is too terrifying.

There are so many masters in the field that few people say that they can really resist!

Most people are dead.

Only a very small number of masters can stop it!

However, he also suffered a broken arm, and his internal organs were shattered.

This is already a very light consequence.

At least they didn't die on the spot.

"Clang!"

"Clang!"

"Clang!"

...

Pieces of fallen leaves shot up, and the top ten arrogances also showed dignified expressions and resisted them one after another.

As a result, everyone was knocked back dozens of steps.

"puff!"

...

Except for Bai Xinghe and Chu Qingshuang, the other eight great arrogances vomited blood.

I just felt the blood in my chest surging, and there was a buzzing sound from my body.

Their faces changed greatly.

What kind of ultimate power is this?

This is too scary, right?

"Is this the technique of refining Qi?"

Xu Zhetian exclaimed in surprise.

Judging from Levi Garrison's method, it should be to control the air, turning leaves into weapons to attack.

Everyone agrees with that.

Who said that Levi Garrison can't refine the technique of qi?

How can pure body repair be so strong!

This is totally impossible.

It's just that Bai Xinghe said with a cold face: "No, this is pure power! It's just that he controls the power to the extreme!"
