

The Return of the God of War [The Protector] Chapter 3741

“Xiao Feng, Xiao Feng, are you still thinking of using this kind of thing to attract my attention?”

“Childish, disgusting!”

Gong Qianqiu asked Xiao Feng to contact her.

Especially at this critical moment when it devours the energy of the Xuanming alien spirit veins.

“It’s just wishful thinking to get the favor of this sect leader just because you are a waste. You don’t even look in the mirror, are you worthy?”

“Don’t say it’s you Xiao Feng, it won’t take long, even if your master Levi Garrison is in front of this sect master, he’s just an ant.”

Gong Qianqiu looked up and laughed.

The communication tool used to communicate with Xiao Feng was thrown away.

Hold your breath.

Gong Qianqiu continued to run the exercises, devouring the spiritual veins of the Xuanming alien race.

The purple-black terrifying energy aura is like a hundred rivers meeting the sea.

It kept pouring into Gong Qianqiu’s body.

Three days later.

Clap!

The communication tool was swept up and attracted by the surrounding forces, and then fell into pieces.

at the same time.

Xiao Feng is still waiting for Gong Qianqiu's response.

He stared at the communication tool in his hand.

As if this was his life.

At first, Xiao Feng was able to stabilize his mind through self-comfort.

But as time passed, Xiao Feng began to get restless again.

"Hurry up and reply to the message! Please."

"Qianqiu, when this matter is clarified, I will introduce you to everyone."

"At that time, we will be able to be together justifiably."

Xiao Feng burst into tears.

He made up his mind that as long as he was sure that Gong Qianqiu did not have the cultivation method of Levilia, he would showdown with his master.

Let everyone know that Gong Qianqiu is his Xiao Feng's woman.

After waiting so hard for three days, Xiao Feng was on the verge of collapse.

He finally couldn't help it, and sent a message to Gong Qianqiu again.

The content is very concise, only one sentence.

"Dear Qianqiu, please give me a reply when you see the message, please!"

hum!

Just as the message was sent out, the communication tool vibrated slightly.

Xiao Feng's spirit instantly cheered up, and his dull eyes were also full of brilliance.

“Qianqiu finally replied to me.”

“She loves me after all.”

“Before, it must have been because I was in retreat and practiced that I didn’t have time to reply to the message.”

Xiao Feng quickly turned his attention to communication tools.

However, the scene in front of him made Xiao Feng completely stunned.

The above even prompts: The message transmission failed!

How can the transmission fail?

Should not be!

Is there something wrong with my communication tool?

Xiao Feng did not dare to neglect, and quickly and carefully checked the communication tools.

The result is all normal!

“Qianqiu, how are you? Are you okay?”

Xiao Feng tried to transmit the information again.

After a while, the message transmission failed again.

Xiao Fengru was struck by lightning, he couldn’t believe everything in front of him.

“I can’t believe I can’t send information!”

Xiao Feng seemed to be stunned, and kept sending information to Gong Qianqiu.

However, what has been waiting is the prompt that the message failed to be sent again and again.

Xiao Feng slumped to the ground, as if the power in his body had been drained.

His eyes were dull and dazed, like a walking corpse.

I don’t know how long it has passed, Xiao Feng suddenly thought of something, and his face changed drastically.

“Oops, something must have happened to Qianqiu, otherwise why wouldn’t I be able to get in touch?”

In Xiao Feng’s view, Gong Qianqiu is very likely to be in danger.

For example, being besieged by the enemy, he had no time to return information before.

As for this moment, Gong Qianqiu should have suffered heavy losses, and even the communication tools have been devastated.

One can imagine the brutality of the battle.

“No, I must go to save Qianqiu.”

“She is my Xiao Feng’s woman, and no one can hurt her.”

Xiao Feng cheered up and swept out of his body very quickly.

“Qianqiu, don’t let anything happen to you! I’m here to save you.”

Xiao Feng was very anxious and rushed to several secret places where Gong Qianqiu might retreat.

The Return of the God of War [The Protector] Chapter 3742

At this moment, Levi Garrison is struggling to find the traces of the two major alien spiritual veins.

However, there is no clear direction, and finding it is like looking for a needle in a haystack.

Even with Levi Garrison’s state of mind, there was a little anxiety.

The mood of others is more predictable.

And as time went by, Levi Garrison’s bad premonition became stronger.

He even felt that the mysterious woman would soon be swallowed up.

If you don't stop it, it will be too late.

Levi Garrison was in a hurry, and his right eyelid kept jumping, indicating something bad.

Fortunately, Zhen Mosi and the aliens are deadly enemies, and they know each other best.

Although various ancient books have no related records of alien spiritual veins.

But there is still a general direction, and soon there will be clues to the spiritual veins.

Shen Tianjian hurriedly informed Levi Garrison of this information.

"Mr. Ye, we have found the spiritual veins of Sen Luo's alien race."

Hearing this news, Levi Garrison was also in high spirits.

Immediately go to the location provided by Shen Tianjian.

After arriving, Senluo's alien spiritual veins were surrounded by the people of Zhenmo Division.

The temporary head of Shentianjian is also among them.

Seeing Levi Garrison, he hurriedly approached and said respectfully, "Mr. Ye, the valley in front of you is where the spiritual veins are."

"All the exits around are already heavily guarded. If the woman is inside, she will definitely be unable to escape."

Levi Garrison frowned slightly, and with the mysterious woman's cultivation base, Zhen Mosi must have noticed the surrounding mountains with such a big fanfare.

Up to now, there is still no movement, nothing more than two situations.

First, the mysterious woman has nothing to fear, and doesn't take everyone in the eye, including herself.

Second, the mysterious woman had already devoured the energy of the spiritual pulse, and there was already a void inside.

Levi Garrison prefers the second.

Although he had no direct contact with the mysterious woman, he could also judge that this person acted very cautiously.

Even being cautious.

Even if she has full confidence in her strength, she will test her own depth first.

“Into the valley.”

Levi Garrison took the lead.

Others followed.

The elites of the Town Demon Division are not aggressive, and to a large extent they are afraid of the strength of the mysterious woman.

Now that Levi Garrison is in charge, they naturally have confidence.

“There used to be the energy of the formation here, it seems that it should be set up by the aliens to cover up the spiritual veins.”

Levi Garrison lowered his voice.

The people of Zhen Mo Division agreed, and at the same time raised their vigilance to prevent the other party from attacking.

Levi Garrison was calm, and his pace continued to accelerate, but the bad premonition in his heart became stronger.

After walking for half an hour, Levi Garrison suddenly stopped.

“We’re late!”

Levi Garrison’s tone was a little dignified.

Although the light is very dim here, there is no visual impairment for these people.

In front of you is a towering spiritual mine that twists and turns, extending to the deepest part of the valley.

One can imagine how terrifying power this spiritual vein once contained.

At this moment, the spiritual veins of this day have been completely exhausted.

Only a trace of power remains.

“It’s still a step behind!”

The temporary head of Shentianjian let out a long sigh.

Almost all of them were ashen-faced.

That mysterious woman successfully devoured the spiritual veins of Sen Luo’s alien race.

How terrifying will the cultivation base be now?

I am afraid that even Duguxiao is unbeatable, right?

Everyone instantly turned their attention to Levi Garrison.

They knew very well that if they wanted to keep the Demon Squad, they had to hold onto this thigh.

“You must find the Xuanming alien spiritual vein before the mysterious woman devours it successfully, otherwise the consequences will be disastrous.”

Levi Garrison said solemnly.

One sentence made everyone’s heart sink to the bottom in an instant.

Levi Garrison is not alarmist.

Before Duguxiao went to the base camp to show off his power, he had already explained a lot of things.
