Chapter 3971

Since Levi Garrison had just absorbed ten dragon veins not long ago, using the dragon veins to quench the body at this time consumes quite quickly.

"At this rate, the essence of the dragon's veins will be exhausted in one day at most."

Levi Garrison made an estimate, and his mood subconsciously cheered up.

Especially thinking of the strength of the Sun Moon Divine Fire Academy, he is even more confident to deal with the Taixu Shenzong.

"According to what others have said, the Taixu Shenzong is afraid of the Sun Moon Shenhua Academy, so it must not be stronger."

"No matter how much, let's exhaust the spiritual energy of this dragon vein first."

"Gong Qianqiu, Sanshengzi, let you live a few more days!"

Concentrating his thoughts, Levi Garrison quickly and basic exercises.

The power of the dragon veins poured into Levi Garrison's body at a speed visible to the naked eye, constantly quenching his body and meridians.

the other side.

The people of the Taixu Shenzong withdrew to the outermost periphery of the dragon veins full of depression.

But fortunately, they dug up a lot of heaven and earth treasures, which made everyone's unwillingness get a little comfort.

After all, the scale of this large dragon vein is sufficient. It has absorbed the spiritual energy of heaven and earth for many years, and has catalyzed the surrounding ordinary medicinal herbs into treasures of heaven and earth.

However, Gong Qianqiu was still bitter about not being able to get the dragon vein.

According to what the Seven Holy Sons just said, this dragon vein is stronger than the dragon vein that was given to her later, regardless of its size or the purity of its spiritual energy.

"In the final analysis, the big tree behind it is not strong enough. Facing the strength of the top sects, the Taixu Shenzong will always be a younger brother."

Gong Qianqiu secretly complained in his heart.

"The Xingyue Divine Sect has entered the core range of the Dragon Vein."

"The Seven Stars Religion also entered it."

"Three or four other small sectarian alliances have also entered."

The eyeliner kept coming in with information, which made everyone more and more puzzled.

"The comprehensive strength of the Xingyue Shenzong and the Seven Star Sect is on a par with the Taixu Shenzong. It is impossible to dare to be the enemy of the Sun Moon Shenhua Academy!"

The Great Holy Son spoke out the doubts in his heart.

Because they were afraid that the people from the Sun Moon Shenhua Academy thought that the Taixu Shenzong still had a coveted heart for the dragon veins, the eyeliner they sent did not dare to get too close to the dragon veins.

So they have no way of knowing what happened in the core area of the dragon veins.

"The dragon veins have been occupied by the powerhouses of the Sun Moon Divine Fire Academy, and the Seven Star Sect and the Xingyue Divine Sect will never dare to fight against it."

"But they have been grumbling for a long time, and they must be killing each other and hurting both."

One of the elders speculated.

The Seventh Holy Son said lightly, "Then what happened after the other sects went in and didn't come out?"

"Faced with a sect of the level of Sun Moon Divine Fire Academy, even we have to shy away, those trivial sects will definitely retreat."

"That's a good explanation!"

The Great Holy Son took over the words: "The people of the Sun Moon Divine Fire Academy have always been arrogant and domineering, even more so than the Sun Moon Divine Fire Hall."

"Seeing someone snatch the dragon veins in the past, you can't kill them all directly!"

Everyone heard the words and expressed their agreement. The arrogant attitude of the members of the Sun Moon Divine Fire Academy was vividly seen before, and this situation is likely to happen.

"It's unlucky for them to provoke people they shouldn't provoke."

"It's not wrong, but it's a pity that the Sun Moon Divine Sect is an ally. If it were replaced by other forces, we would never sit idly by."

"Okay, isn't the Seven Star Cult also buried together!"

"Sun Moon Divine Fire Academy is too domineering, so many forces are actually beheaded, I'm really not afraid of offending people!"

The members of the Taixu Shenzong were even a little fortunate that their own personnel were evacuated quickly, otherwise they would probably end up with a tragic ending of the destruction of the entire army.

“Don’t talk nonsense, hurry up and search for the treasures of heaven and earth, there are many good things here.”

The Great Holy Son changed the subject, the people of Sun Moon Fire Seminary made him lose face in public, and it was inevitable that there would be some resentment in his heart.

After searching for a full day, the Taixu Shenzong gained a lot.

Seeing that everyone was holding a lot of heaven and earth treasures in their hands, a smile appeared on the stern face of the Great Saint.

“This trip to Tianying Mountain finally didn’t come back empty-handed.”

The Great Saint sighed with emotion.

The elders of the Holy Sons of the Taixu Shenzong also agreed.

Although they didn’t get the dragon veins they were thinking about, these treasures of heaven and earth were also very rare.

Whether it is directly absorbing the spiritual energy or using it to refine medicine pills, it will greatly benefit its own strength.

Cha Cha Cha Cha Cha Cha Cha Cha Cha!

Just then, there were light footsteps in the deep jungle in the distance.

"Everyone be careful."

The Great Saint said solemnly.

The members of the Taixu Shenzong immediately raised their vigilance and prepared for battle. They instinctively thought that other sects wanted to snatch the treasures of heaven and earth.

However, after a while, a team of dozens of people appeared in everyone's sight.

They were all dressed in black robes with patterns of sun and moon flames embroidered on their chests. The leader was an old man with white hair and beard.

The patterns of the sun and moon flames on the chests of others are all golden, but the pattern of the old man is a gathering of nine colors.

"Luo Yunyang, deputy dean of Sun Moon Shenhua Academy."

The Great Holy Son immediately recognized the identity of the old man, and the shock and doubts coexisted in his heart.

"Junior meets Vice President Luo."

The Great Holy Son hurriedly stepped forward to give a deep salute, and there was even a hint of flattery in his tone.

Luo Yunyang frowned slightly and asked in a deep voice, "Do you know this seat?"

"Vice Dean Luo once visited Qianlong City to recruit students, and this junior is fortunate to have seen the senior from a distance."

The Great Holy Son hurriedly added: "The younger generation is the Great Holy Son of the Taixu Shenzong. I have always wanted to worship at the Sun Moon Divine Fire Academy, but there is no chance."

"It turned out to be the Great Holy Son of the Taixu Shenzong."

Luo Yunyang nodded and continued to ask: "You are also here to find the dragon veins?"

"Yes!"

The Great Holy Son did not dare to conceal the slightest, but quickly explained: "But the powerhouse of Sun Moon Divine Fire Academy suddenly arrived, so the younger generation naturally dare not fight."

Others also expressed their opinions, for fear of being killed by the group of people in front of them as enemies.

Luo Yunyang had a look of surprise on his face, and asked: "So you have seen people from Sun Moon Divine Fire Academy?"

"I saw it yesterday! They have found the dragon vein, congratulations to Vice President Luo."

The Great Saint said truthfully.

"yesterday?"

Luo Yunyang suddenly had a bad premonition in his heart and said, "We lost contact with each other yesterday, take me to the location of the dragon veins."

"As ordered!"

The Great Holy Son did not dare to refuse, and hurriedly led the way in front of him, but he said with some doubts: "Yesterday, many sects went to fight for the dragon veins, but they did not come out again. They must have been killed by the powerhouses of Sun Moon Divine Fire Academy, how could they not? What about the message?"

Next, the Great Holy Son informed Luo Yunyang of all the information from the eyeliner.

The more Luo Yunyang listened, the stronger the ominous premonition in his heart.

"We lost contact a day ago, and that's why the college sent me here to investigate the situation."

Luo Yunyang said in a deep voice.

The members of the Taixu Shenzong were immediately shocked.

Everyone stopped talking and speeding up their progress. After half an hour, the Great Holy Son and Luo Yunyang rushed to the location of the dragon veins.

However, when everyone passed through, they were completely stunned by the scene in front of them.

This area seems to have become a purgatory on earth, and there are stumps and broken arms everywhere.

It is not an exaggeration to describe it as rivers of corpses scattered all over the field.

The smell of blood in the air is extremely strong. Although everyone present has seen the big world, they are still shocked by this scene and take a breath of air.

"They seem to be there!"

The Seven Saints said suddenly.

Luo Yunyang looked in the direction of the Seven Saints' fingers and saw your body, a member of the Sun Moon Divine Fire Academy.

In particular, the black-robed leader who was beaten into the stone wall was still dead, and his dark eyes were full of fear and unwillingness.

"Why is the power of this dragon vein so lacking?"

The Great Holy Son swallowed hard.

When everyone shifted their focus to the dragon veins this time, they found that the power of the dragon veins had been exhausted.

Looking at the crisscrossing corpses and the exhausted dragon veins, everyone present was shocked.

“What exactly happened?”

Everyone present was puzzled.

The team of Sun Moon Divine Fire Academy is strong, how could someone be their opponent?

What’s more, they are backed by the Sun Moon Divine Fire Hall, even in the Kunlun Ruins are top sectarian forces, who would dare to provoke such a terrifying existence?

How did they know that after Levi Garrison exhausted the power of the dragon veins to improve his body, he left with the surviving members of the Star Moon Sect and other sects.

And the direction they left was behind the dragon veins, so they were not discovered by the eyeliner of the Taixu Shenzong.

“What’s going on? You should make it clear to this seat!”

Luo Yunyang asked with a cold face.

The hearts of everyone in the Taixu Shenzong instantly raised their throats.

“Vice President Luo, we don’t know either!”

“Yes, Senior Luo, after the powerhouse of Sun Moon Divine Fire Academy announced the ownership of the dragon veins, we left immediately.”

“With the strength of the strong men in the academy, it was impossible for anyone to be their opponent among the sectarian forces present at the time.”

"That's right, no one dared to move when we occupied the dragon vein, let alone the Sun Moon Divine Fire Academy announced to occupy the dragon vein?"

The members of the Taixu Shenzong hurriedly explained that they didn't want to be misunderstood as the real murderer behind the scenes, so that the entire sect would suffer annihilation.

The Great Holy Son said solemnly: "Vice President Luo, our people have seen many sects enter, but after those people entered, they never came out again."

"At that time, we thought that those people wanted to snatch the resources of the dragon veins, and they were all killed by the experts of the Sun Moon Divine Fire Academy!"

Luo Yunyang carefully observed the appearance of everyone in Taixu Shenzong, and could feel that these people were not lying.

Moreover, Luo Yunyang knew very well the comprehensive strength of the team, so it was impossible for the people of the Taixu Shenzong to kill them all.

"You guys confirm the sect background of the corpse at the scene."

Luo Yunyang first issued the order, then turned his attention to the Great Saint Son, and said solemnly: "Remember carefully, the many sects that entered the dragon vein range, this seat will investigate one by one."

"As ordered!"

The Great Saint said respectfully.

After some confirmation, the most powerful forces surfaced.

There are six major sects, including Xingyue Shenzong, Xuanyang Sect, Qingyun Tianzong, and Qixing Sect.

As for those little-known sects, they were completely out of Luo Yunyang's consideration.

"The strength of these sects is similar to that of the Taixu Shenzong. I'm afraid they will not dare to fight against the powerhouses of Sun Moon Shenhua Academy!"

"What's more, in terms of the strength of the personnel in their team, it is impossible to be an opponent of the strong academy."

"It's incredible!"

The Great Holy Son whispered to himself.

This kind of thought also appeared in Luo Yunyang's mind. He still had a better understanding of the strength of many sects.

Because even if the Sun Moon Shenhua Academy recruits students, they will basically not start from medium-sized sects.

"Who actually moved the hand?"

Luo Yunyang was puzzled.

"Could it be that there are hidden powerhouses?"

This idea was abandoned as soon as it appeared, because with such terrifying strength, there is no need to hide at all.

"And such a large-scale dragon vein can be completely exhausted in one day. What kind of terrifying strength is required to do this?"

"Even those old monsters who have been hidden from the world for many years can't do it, right?"

Luo Yunyang was really shocked in his heart. He had to know that no matter what kind of monk, his body had a limit.

And it is conceivable that such a large-scale dragon vein possesses the horror of energy.

Even the suzerains of those top sects will explode and die after being absorbed in a short period of time?

Chapter 3974

Gong Qianqiu was also shocked by such a terrifying ability to absorb spiritual veins.

She felt that after practicing the extreme devouring technique, she should be the one with the fastest absorption of spiritual energy among these people on the scene.

Even the entire Taixu Shenzong could not find anyone who could match her, including the vice sect master Yin Xuejian.

However, even so, it would take at least a month to completely swallow up a dragon vein of this size.

If you take the risk and reach the state of limit swallowing, it will still take twenty days to absorb it to the point in front of you.

"It's terrifying to use up such a scale of dragon veins in just one day."

"As expected of the Kunlun Ruins, which are densely populated by masters, there are still such powerful men."

"I think this person should be the top power of Kunlun Ruins, and the swallowing speed is dozens of times faster than the extreme swallowing technique."

Gong Qianqiu was full of emotion, and felt more and more that his strength was far from enough.

"If you can reach such a terrifying realm of cultivation, can you really stand on the top of Kunlun Ruins?"

Gong Qianqiu is extremely yearning, and even a little disgusted with the Taixu Shenzong.

"I am afraid that such a strong person can make a sect of the level of the Taixu Shenzong to ashes."

"Even a superpower like Sun Moon Shenhua Academy has to be afraid of three points."

"If there is a chance to have a relationship with such a strong person, then I can run amok in the Kunlun Ruins."

The more Gong Qianqiu thought about it, the more excited he became.

At the same time, you, the members of the Sun Moon Divine Fire Academy, are also frightened.

Looking at the exhausted dragon veins, they felt as if they were separated from each other.

"The sect of such a strong person is probably far beyond the Sun Moon Divine Fire Academy."

"Even if there is the Sun Moon Divine Fire Temple as a reliance, I'm afraid I can't afford to offend."

This thought flooded everyone's mind.

Luo Yunyang's face was full of dignified expressions.

After a long time, he slowly said: "There should be survivors of these sects. We must find these people and ask the truth about the matter."

According to the information reported by the eyeliner of Genjun Taixu Shenzong, there are more people entering the location of the dragon veins than the corpses at the scene.

It means that there are still a few survivors in many sects. As long as these people can be found, there will definitely be clues to this super strong man.

the other side.

After Levi Garrison used up the power of the dragon veins, he directly followed Murong Qingxue and the others to the Xingyue Divine Sect.

Of course, this was also Murong Qingxue's active invitation.

Levi Garrison did not refuse. He also wanted to find a temporary foothold now. As for the revenge of Taixu Shenzong, it should be put on the agenda.

On the way back to the Xingyue Divine Sect, he met several elders who came to support him.

Knowing that the dragon veins had been occupied by the Sun Moon Divine Fire Academy, the elders felt that there was no need to go again, after all, they couldn't afford it.

And because Murong Qingxue didn't know what Levi Garrison was thinking, he didn't tell the elders in detail what happened to the Dragon Vessel.

"Saint, this time you are leading the elites of the sect, why are the casualties so serious?"

The third elder of the Star Moon Sect asked in a deep voice.

Murong Qingxue explained absentmindedly, "We were besieged by the Seven Star Sect when we were searching for the Dragon Vein. Their entire army was destroyed, and we suffered heavy casualties."

"I see!"

The elder took over the conversation, and then turned the conversation and pointed the finger at Levi Garrison.

"There are heavy casualties in the sect, why is the saint still in the mood to buy a slave?"

"Elder, like this kind of waste that just came from the secular world, it was bought and sold by us as an object!"

"Little thing, do you have any unique skills to show this room a lively atmosphere?"

Several elders of the Xingyue Shenzong directly ridiculed Levi Garrison.

Murong Qingxue was quite frightened, and kept winking at several elders, for fear of angering Levi Garrison, the terrifying killer.

Although Murong Qingxue kept winking, the elders didn't care at all.

In their opinion, Levi Garrison is just a monkey who just came from the secular world, and making fun of him counts him as lucky in three lifetimes.

"There's a slave-fighting competition that has recently sprung up, and you can let this guy take part in it."

"That's right, it is said that the winner will be rewarded with top spiritual crystals."

"This slave was bought by the Holy Maiden, you have to ask her what she means!"

Several elders looked at Murong Qingxue, but found that the saint, who had always been calm and calm, turned pale at this moment, and even her body was trembling slightly.

"Saint, are you alright?"

Several elders are puzzled, the saint seems to be afraid?

However, before Murong Qingxue could respond, she heard Levi Garrison's voice.

"If you don't shut up, I can help."

Advertisement

This sentence was said lightly, but everyone present felt a biting chill.

Several elders were instantly furious.

Even though they are highly respected in the Xingyue Sect, it is simply unbearable to be warned by a monkey in the world now.

"Trash monkey, do you know what you're talking about?"

The third elder had a hot temper. If it wasn't for the saintess' face, he would have already taught Levi Garrison a lesson.

"Noisy!"

Before he finished speaking, Levi Garrison's figure disappeared instantly.

The three elders were slightly startled, and suddenly felt the deadly breath of death behind him.

"Third, be careful behind you."

Advertisement

The elder hurriedly reminded.

However, Levi Garrison's speed was so fast that it was too late for the third elder to try to hide, and the back of the head was directly slapped with a palm.

Clap!

The head of the three elders is like a broken watermelon, and they all died on the spot before they could say a word.

The other elders were extremely horrified and looked at Levi Garrison in disbelief.

Although the strength of the three elders is not the strongest, it is absolutely impossible to kill them with their strength.

Levi Garrison's strength is too terrifying.

"If you want to avenge him, come together, so as not to waste Lao Tzu's time." Levi Garrison said lightly.

It was as if he did not kill the third elder with one palm just now, but did something trivial.

Gollum!

The other elders of the Star-Moon Sect swallowed hard and kept silent.

Murong Qingxue was afraid that things would continue to worsen, so she quickly said, "Mr. Ye, some elders don't know Mount Tai. I hope you don't blame me."

Several elders were stunned again. When did the Holy Maiden treat others so servilely?

What the hell is this guy doing?

Levi Garrison waved his hand and said, "If it's not too noisy, I don't plan to kill them."

"Can I tell a few elders what happened to the dragon veins?"

Murong Qingxue asked tentatively.

Murong Qingxue was really worried that several elders secretly planned to retaliate against Levi Garrison, and the Xingyue Divine Sect might be implicated by then.

But the matter of the dragon veins is a secret after all, and Murong Qingxue didn't dare to make an assertion and tell others when he was not sure of Levi Garrison's thoughts.

"Whatever, as long as it doesn't interfere with the journey."

Levi Garrison said solemnly.

Murong Qingxue let out a long sigh, and then told everything about the looting of the dragon veins.

Especially when it was mentioned that Levi Garrison single-handedly killed more than a dozen experts from the Sun Moon Shenhua Academy, several elders were scared to death.

It's a pity that they just planned to take advantage of their unpreparedness to attack Levi Garrison to avenge the third elder!

The eyes of everyone looking at Levi Garrison again were full of respect and fear.

"Mr. Ye's magic is unparalleled in the world, and I am afraid that no one in the Kunlun Ruins can surpass him!"

"Yeah, I would also like to thank Mr. Ye for saving the saintess of this sect!"

Several elders suddenly became honest and respected Levi Garrison directly.
